

TRADITIONAL MAY DAY FESTIVAL, MAY 5

Religious Emph. Week of April 29

High Point College Religious Emphasis Week will be combined with the special services planned by the First Methodist Church, of High Point, commemorating the 50th anniversary of that Church. A program of notable messages by some of Methodism's outstanding speakers will be presented, beginning Sunday night, April 29, and continuing through Sunday morning, May 6.

The M. S. M. Council is making plans for the students of the College to have an active part in this special week of services. Youth Night will be observed on Wednesday, May 2, when the students of High Point College along with other youth of the city will be guests at a supper meeting in the dining hall of the First Methodist Church. At this meeting Mrs. Kay Farrell will deliver an address on "The World Mission of the Church." Mrs. Farrell is secretary of the University Y. M. C. A. in Chapel Hill, N. C., and was formerly a Methodist missionary in Japan.

Other outstanding speakers and leaders of the week include the following: Bishop Paul B. Kern, Methodist Bishop of the Nashville, Tennessee, area, will speak Sunday night, April 2; Dr. Frank S. Hickman, Dean of Duke University Chapel, Durham, N. C., will be heard on Monday night; On Tuesday morning, Bishop James H. Straughn, Methodist Bishop of the Pittsburgh area, Pa., will be heard in the college chapel, and again on Tuesday evening, at the Church; Mrs. Kay Farrell will be the guest speaker for Wednesday; Thursday evening's program will feature Dr. Holland Holton, School of Education, Duke University, Durham; and Miss Bettie Brittingham, editor of "The Methodist Woman," New York City, will speak in the Church Auditorium on Friday evening. Dr. Roy H. Short, editor of "The Upper Room," Nashville, Tenn., will bring the series to a close with a service at the First Church, on Sunday, May 6.

The M. S. M. Council urges that the students of High Point College and the faculty participate in all these services. Dr. G. I. Humphreys is a member of the Planning Committee in charge, and the Rev. Wilson O. Weldon, pastor of the First Church, invites the College to share in these privileges.

Summer School Plans Revealed

Dates for the 1945 summer school session of the High Point College have been announced by Dr. C. R. Hinshaw, director of the school, as follows:

First term, June 11, through July 18; second term, July 19 thru August 25. Registration for the first term will be held in Roberts Hall on Monday, June 11. Registration for the second term will be held in Roberts Hall on Wednesday afternoon, July 18th.

Dr. Hinshaw has announced that courses will be offered in Education, English, History, Modern Language, Religious Education, Science, and Sociology. From all indications, a large number of students will be enrolled in the summer school this year. Students interested in attending summer school are urged to confer with Dr. Hinshaw at an early date concerning their requirements.

—Virginia Cohen, Nancy Isenhour, and Mary Ann Coe are the 1945 Senior Candidates for May Queen of High Point College.

Kumar Goshal To Lecture Here Soon

Kumar Goshal, world renowned speaker and authority on the peoples of the East, will lecture in the college auditorium on Wednesday evening, April 25.

Mr. Goshal is not "just another lecturer on India," he is the first man of his race who has given equal thought to the problems of the East and the West, spiritual, economic and historical. He loves his own people and is deeply concerned with their welfare. However, he is a clear thinking, dispassionate analyst and believes that India and her problems are an integral part of the world problem which must and will be settled. He explains the inter-relationship and inter-dependencies in the balance of world power which eventually will bring peace and the answers we all so eagerly seek.

It is indicative that Mr. Goshal titled his book (just published by Sheridan House) "The People of India" for it is to the people that Goshal goes to learn the true facts of each country. He is a specialist in and an amazing analyst of the peoples of the Orient.

Mr. Goshal will be presented in the college auditorium at 8:15 p. m., on April 25, as the third and final program of the spring lecture series. The lecture is open to all students, their friends and townspeople, without charge. Dean Lindley urges that students and faculty alike take advantage of this opportunity.

Born in Calcutta, India, a Hindu of the highest caste, Kumar Goshal, was educated at the University of Calcutta and studied music and theater arts at the Sangit Parishad (Academy of Music.) He has spent half of his life in the United States and speaks English perfectly. Married to an American, he is the proud father of a young daughter.

During his years of orientation, and while he was studying and writing his book, Mr. Goshal supported himself as an actor and technical director in Hollywood, as an actor and director in the theatre, as commentator on the radio, and writing articles for magazines. It was inevitable, however, that his work as a writer take precedence over his theatrical activities.

Mr. Goshal will have as his topic, when he speaks at High Point College, "America's Stake in the Far East." To few people realize the vital economic relationship of America to the Far East. We are dependent upon India for most of our mica, all our jute; upon Ma-

(Continued on Page 3)

The Ministers Hold Three-Day Retreat

The Pre-Theologues of High Point College participated in a rare treat the past week end at "Nanellie Cabin," summer cottage of Dr. N. M. Harrison near Asheboro, N. C. They spent Friday through Sunday, April 20-22, in a Ministerial Students' Retreat.

A well-rounded program of inspiration, information and recreation was presented under the direction of Dr. Harrison, vice president of the college.

Leaving the campus early Friday afternoon, they reached the cabin in time to spend an enjoyable evening of exploration and recreation in the beautiful and picturesque mountain land surrounding the cabin, before getting down to earnest work on Friday night. A number of North Carolina's outstanding ministers were on hand to furnish leadership and guidance for the week end.

On Friday evening a discussion of "The Minister and His Prayer Life" was presented by the Rev. W. Wilbur Hutchins, pastor of the First Baptist Church, High Point, and music was furnished by the college Quartette.

Saturday's program presented four important discussions by outstanding leaders of the church, including: "The Minister and His Bible," by Dr. Howard Powell, pastor of Dilworth Methodist Church, Charlotte; "The Minister and His Friends," by Rev. Herman Duncan, pastor of the First Methodist Church, Asheboro; "The Minister and His Business Life," by Dr. C. E. Rozzelle, pastor of Wesley Memorial Church, High Point; and "The Minister and His Church" by Dr. E. H. Neese, pastor of West Market Street Methodist Church, Greensboro.

On Sunday morning Dr. George R. Brown, retired Methodist minister of High Point, discussed "The Minister and His Time," and on Sunday afternoon, "The Minister and His Education" was discussed by Dr. Harvey Branscomb, Dean of Duke University Divinity School, at Durham.

Through-out the week-end special devotional services were held under the leadership of Dean P. E. Lindley, High Point College, Dr. H. K. Masteller, pastor of the First Baptist Church, Asheboro; Rev. Wilson O. Weldon, pastor of First Methodist Church, High Point; Dr. George R. Brown, and Rev. Frank Jones, pastor of the First Presbyterian Church, High Point. A high spot of each day's activity was the personal retreat

(Continued on Page 3)

Commencement Is Announced at HPC

Dr. G. I. Humphreys has announced that the 1945 college commencement will be held May 24th through May 28th. This annual program will be opened with a Commencement Recital on Thursday evening, May 24, at eight o'clock, in the college auditorium, under the direction of the music department.

Dr. and Mrs. Humphreys will entertain the members of the graduating class with an informal buffet supper at their home on College Drive at six o'clock Friday evening, May 25. The traditional Oratorical and Essayist Contest will take place in the college auditorium at eight o'clock that night.

Saturday, May 26, has been designated as Alumni Day, and on Sunday morning, May 26, President Humphreys will deliver the baccalaureate sermon at the eleven o'clock hour at the First Methodist Church, of High Point.

On Sunday evening at 5 o'clock a vesper service will be held in the college auditorium, dedicated to the memory of our former students who have died in the armed service of our country. The address will be delivered by Rev. Clay Madison, class of '32, pastor of the First Methodist Church of Waynesville, N. C.

The senior graduating exercise will be held in Harrison Gymnasium on Monday morning at ten-thirty. Dr. Paul F. Douglas, president of American University, at Washington, D. C., will deliver the graduation address and Dr. Humphreys will confer degrees upon the thirty-six members of the Class of 1945.

The Hi-Po Staff

Students interested in a position on the HI-PO staff for next school term, 1945-46, are asked to leave their names, and the position they desire to try for, with the present editors or the faculty advisor, Prof. A. S. Withers, during the next two weeks. Names will be presented to the college committee on publications before the date of election for new editors and business staff members.

Semester Exams

Professor N. P. Yarborough, Registrar, announces that final semester exams will be held the week of May 21-26 for juniors, sophomores, and freshmen. Senior exams will begin on Wednesday, May 16 and run through May 22.

Gala Program To Be Presented On Campus at 5 P. M.

High Point College's annual May Day Festival will be held on Saturday, May 5, with the gala program taking place on the spacious front campus of the college. The festivities are scheduled to begin at five o'clock.

This year's festival will have as its theme, "The Land We Love," and will present a program of American dances divided into several parts, with dances representing the four seasons of the year—summer, Fall, Winter and Spring. A bevy of lovely co-eds will present a wide variety of dances, ending with the traditional May Pole Dance. The festival is under the direction of Miss Jo Chapman, director of physical education for women.

As is the custom, the identity of the May Queen will not be revealed until the hour of the festival, when she will be crowned by the president of the student body. Three candidates for May Queen were nominated earlier in the year by members of the student body. The queen, coming from the senior class, will be one of these three, the two runner-ups will serve as maids of honor to the queen. This year's nominated candidates for May Queen are Mary Ann Coe, High Point; Virginia Cohen, Concord; Nancy Isenhour, New London.

The queen will have as her attendants six young ladies, elected from the three remaining classes, and will be escorted to the throne of honor by Lawrence Walker, the student body president. The attendants of the queen will include Maxine Aldridge, Elkin, and Jane Singletary, Clarkton, from the junior class; Betty Sebastian and Helena Upshaw, High Point, from the sophomore class, and Ella Lee Briles, of Trinity, and Brownie Dail, Winterville, from the freshman class. Other members of the May Court will be the young ladies of the senior class and their escorts.

The traditional May Day dance a formal, will be held on Saturday evening in Harrison Gymnasium to bring the day's festivities to a close. As we go to press we have no definite information concerning the May Day Dance, other than that it will be held.

Senior Investiture To Be On May 3rd

Dean P. E. Lindley has announced that the annual Senior Investiture Program will be held in the college auditorium on Thursday, May 3, at the regular chapel hour.

The Investiture is a formal ceremony, at which time the members of the senior class are officially recognized and presented as candidates for degrees at the forthcoming graduation. Each member of the senior class will select a sophomore, or some other student, to assist them with the robing, for the first time, in their cap and gown. President G. I. Humphreys will officially accept them as members of the 1945 graduating class.

For the remainder of the year, at each chapel hour, the seniors will wear their traditional cap and gown and will enter the chapel in formal march. Special senior chapel programs will be planned for the rest of the year.

WHERE ARE OUR LEADERS?

Today we'll approach an old problem from another viewpoint: The old problem is the general spirit of "what the heck do I care" which prevails on the campus, and the angle from which we're attacking this time is the apparent lack of leadership among students.

We have been told time and time again that everyone around here has no school spirit and cares not in the least what becomes of High Point College. However, all of that will be to no avail if no one can be found to lead the others into the right spirit. Most people are followers; everyone knows that. We probably have some very good followers in our midst, and they are, without a doubt, necessary to the social structure. But how can these followers ever have a chance if there is no one to lead them?

The question, then, is: Where are our leaders? Is it that there are simply no students now attending High Point College who have the potentiality of becoming leaders? Or, is it that such people do exist, but are hiding their talents and abilities simply because they are too lazy to exert themselves or because they are selfish? If any such leaders are around, we wish they would come out of their hibernation!

We have a few leaders. Yes, but far too few! We're at a disadvantage; we've been around schools too long. Maybe if we'd forget about how things were a few years ago—even three—we wouldn't mind so much seeing the campus life dying a slow death.

High Point College, as an educational institution, has a great future ahead of it. A number of people are seeing to that. But what good will the efforts of the Administration and of our benefactors do, if none of us here has the stamina to get things moving? Sure, you'll get kicked around in the process, but it's worth it! Hasn't anyone got any fight left in him? After all, college is meant to build leaders. Leaders are what the world is going to need, more than ever, in a very short while. Aren't we going to have any from High Point College?—R. H. H.

WHAT ARE YOU GOING TO DO ABOUT IT?

So you think there shouldn't be a third world war?

So you wouldn't like for instruments of destruction to come winging over the top of the world and make Minneapolis and Mankato into a Cologne and a Coventry?

So you wouldn't like for the babies now crying in their mother's arms to have to go out some day and kill or be killed?

Well, you can do something about it.

Every time you walk into a classroom in geography, history, sociology, political science, or economics, you can do something about it. Only an American which knows the world, its people, and their relations with one another can prevent a third war.

When you walk into a classroom in health or physical education you can do something about it. Only a healthy America can be a straight-thinking America.

In your science classes, you can learn the physical basis and the physical relationships of all life. In your English classes, you can learn to make your mind work better, and can learn the ideals that humanity needs to know if there is to be a peace. In your fine arts classes, you can learn some of the things that make life meaningful and beautiful.

And when you walk into a classroom in education, you can learn how to transmit to another generation the knowledge, the ideals, and the beauty that you have discovered. You can learn how to help create a straight-thinking America that can make impossible a third world war.

So you think there shouldn't be a third world war? Well, it's up to you!—(The College Reporter, Mankato State Teachers College, Mankato, Minn.)

Day Students Doodlings

Here we sit—just three little monkeys in a row. One can't see, one can't hear, and one can't talk. So, it takes all three of us together to record what's happening in the day-student room. The most prominent spectacle is Betty and Donna trying to fly airplanes, if the wind is right, but end up going in the wrong direction. Can you imagine, right now everyone has turned serious and have applied themselves to making beautiful music together. It is pretty. Lois and Billie with their tenor trills add to the harmony. Have you heard about Irene Miller's "Hoi-man" the Lion? Quite a story and quite a gal! "Rickie" still keeps her man in the "straight and narrow." Helena struggles to keep Marjorie and Sarah calm—the Marines are expected to land soon. Miss everybody who couldn't make the big picnic. Boy, we ate and ate—hot dogs, pepsi's and such. You should have seen Jeanne Bales as the great circus manager with a troupe of fat lady, bearded lady, a snake charmer and lion tamer. Even little Black Sambo and the Seven Dwarfs put in a personal appearance. Girls who are trying to study American history in the day student room are reading "Keeping A Sound Mind," as parallel. They'll need the advice! What would we do if Carlene and Helen didn't pass around cookies before lunch? Some of us little 'uns are glad there are a lot of people on diets. Ask Parker about her April Fool letter. Boy, was that a good gag! Everybody is helping Anna Lee and Edna worry about their mothers. We hope they will soon be well. The shortage of the material to be put in this column is due to the little monkey who could not speak. She just won't contribute a thing.

With The Faculty

Dean Lindley spoke April 5, at the Oakview P.-T. A. on "Building We-Feeling."

On April 12th, Dean Lindley spoke at Women's College, Greensboro, on "True Measure of Life." The 16th of April the dean spoke at the Wesley Memorial Women's Society of Christian Service. His subject was "The Church."

Miss Shuman, dean of women, left April 5th to go to the Southern Illinois Normal University at Carbondale, Illinois, to be the Assistant to the President.

The Dorm girls are very fortunate in having Miss Idol to come and be the dean of women for the remaining two months of school.

This Collegiate World

Prof. Daniel Jones, head of the London University College's phonetics department, suggests an international alphabet from which any language could be written.

The alphabet to be based on the Roman alphabet.

The mystery is solved! When Elizabeth Schultz, Michigan State College sophomore engineer, said her greatest ambition was to wear a slide rule on her belt, Shirley Simpson, freshman, exclaimed, "So that's what those are? I always thought they carried knives!"

First it was goldfish—but recently a couple of Alabama Polytechnic Institute students tried something new. In order to win bets of 11 and 40 bucks, respectively, Bob Sherman and Donald Goodwin existed on nothing but buttermilk for a week.

DEADLINE DRIPS

By HIPPS.

The temperature is up — our spunk is down — the campus grass has been mowed — and the co-eds are turning brown! Ah, yes! Spring has really sprung! And our fancies lightly turn to thoughts of final exams, graduation, and summer school (oh yeah!) — but heavily turn to thoughts such as a poet might express in this bit o' Legend (with due apologies to Tennyson.)

In the spring—ah, well, you've heard it:

How the young man's fancy's roused

From its winter hibernation

Where it previously was housed.

How his heart, with all the country Undergoes its yearly thaw,

And his family starts to wonder,

And to gaze at him in awe,

As he begins—for no known reason —

Suddenly to comb his hair,

And to pay his tender homage

To that sex oft called "the fair"

And is stricken with a sickness

Yes, a malady so bad,

That he loses without murmur,

The little bit of sense he had.

Well you know the state of heart

Connected with this time of year.

That is why it's always simple

To perceive that spring is here!

Springtime brings to mind certain romantic incidents of the not too long ago, such as . . .

THIS DRIPPY STORY . . .

The moon had been shining a few minutes ago, but now there was pouring from the heavens cats and dogs, pitchforks and hoes, rakes and Sears Roebuck catalogs—and some rain. Our ardent young lover was caught at his "one and only's" house, without an umbrella (as though an umbrella would be of use against the elements on a night like this.) His sweet young thing heaved and sighed, "Darling, I can't let you go home on a night like this; you'll catch your death of cold. I'll ask mother to fix the guest room." The lad was all thanks as the beauty disappeared into another room in search of her parents.

A few minutes later the young

girl came back to find her lover's favorite chair empty. She called his name several times and, receiving no answer, was about to call out the state militia, for a night like this was enough to frighten anyone, when a timid tapping suddenly sounded on the front door. She cautiously opened it and peered outside to find our young hero here soaking wet and drenched, with a small package under his arm.

"Where have you been?"

"Who, me?" he said. "Oh, I just went home for my pajamas."

AND THIS SUGGESTIVE ONE

They had been sitting in the swing in the moonlight alone. No word broke the silence for half an hour until—

"Suppose you had money," she said, "what would you do?"

He threw out his chest, in all the glory of young manhood. "I'd travel."

He felt her warm, young hand slide into his. When he looked up, she was gone.

In his hand was a nickel.

And, of course, you've heard—of the lovely young thing who was taking a sun bath in her new bathing suit, when the drooling young lad pops forth with, "You look shorter in that bathing suit." "Yeah," replies she, "but it makes the men look longer." . . . and that of the snappy young salesman who began, "I represent the Mountain-Cheap Wool Company. Would you be interested in coarse yarns?"

"Gosh, yeah!" breathed the gal, hopefully, "Tell me a couple." . . . And in the days of Queen Elizabeth, 'tis said, some of the ladies liked to curl up with a good book, while others preferred simply to curl up with one of the pages!

O. K., O. K., I'm going! But don't be like the young chick, who, when he had stolen a hurried kiss, demanded indignantly, "Don't you know any better than that?"

"Sure," he replied, "but they take more time!"

And Remember—You never can tell how a girl will turn out until her folks turn in!

The Musical Note

By EARL RICHARDSON.

Upon the announcement on last Thursday of the death of our beloved President, we found ourselves plunged into a state of almost unbearable grief. At no time have words been adequate to express our feelings. There is no medium of communication adequate, but in this season of bereavement we have felt a sense of gratitude for music. It has been more expressive than words. Yes, music has helped each of us say, "I am sick at heart."

Soon, we may be sure, there will be memorials in stone to our President, but they will be stationary and fixed in expression. Soon another and more practical monument will rise, another *Eroica*.

It will be more practical because in this modern day music has taken wings. This new *Eroica* will be more practical than words, also, for it will be understood by peoples throughout the world, no matter what may be their language. Musicians everywhere will be able to say, "Thank God for Franklin Delano Roosevelt," and the listener will once more thank God for music.

Difficult as it is, we must take up our tasks and start again. The college year is coming to an end. On Tuesday, May 8, Miss Edith

Bailey is to give her piano recital. She will be assisted by Earl Richardson, baritone, and Miss Mary Lou Rainey, accompanist. On Tuesday, May 15, Miss Lena Sale will give her senior song recital. Her accompanist is to be Miss Edith Bailey; and, assisting with the piano numbers, will be Miss Jewel Myers. These two recitals will be in the college auditorium.

Recently, in Greensboro, hundreds of people had an experience which must have been unique for most of them. The performance of "Carmen" was scheduled to begin at 8:30. At 9:30 the people still waited. They were finally relieved—or shall we say dumbfounded?—to learn that the train carrying the scenery had been delayed and that it would be possibly another hour before the beginning of the performance. We may say that the people were relieved in that they either got their money back or went out for refreshments. Relief also came when the producer raised the curtain so the people could see the stage going into operation. It was most interesting to watch. We do not have a list of the cast, but the performance was most enjoyable. It will not be surprising to learn that two High Point College students got to bed at three o'clock next morning.

It's an old tradition at Grinnell College, Iowa, NOT to have a date for the Friday night football game or for the Friday night basketball games. "Basketball games are not for dates—they are for crowds."

Highland University students in the last year borrowed on the average, 13.39 library books, as compared with a national average of 12.

Personality Spotlikes

By MIG KOONTZ.

SENIOR: Joe Taylor

Likes: Play tennis, baseball, preach, good food, good movies, good books.

Dislikes: Rainy days, pessimistic people, trashy books.

Hobby: Talking to strange people.

Ambition: To be a good minister.

Favorite Football Team: Duke.

Top Band Leader: Harry James.

Model Girl: Jennifer Jones.

Comment: "There is a thorn in every bush, but my! Aren't the roses sweet!"

JUNIOR: Peggy Bryant.

Likes: Good times, dances, vacations, men—don't want much.

Dislikes: School, getting up early, sewing machines, house work.

Hobby: Collecting cigarette butts!

Ambition to get married.

Favorite Football Team: Carolina.

Top Band Leader: Charlie Spivak.

Model Man: Tom Drake (even if he married.)

Comment: "It's better to have loved and lost than never at all."

SOPHOMORE: Marjorie Kearns

Likes: Chocolate ice cream, dancing, horses, music, and having a good time.

Dislike: Windy days, studying, "thilly" boys, and Espanol.

Hobby: Horseback riding, swimming, and "chasing butterflies."

Ambition: To "fence in" my navigator.

Favorite Football Team: Carolina.

Top Band Leader: Sammy Kaye.

Model Man: A/C Fred Fiamingo.

Comment: "I'm beginning to see the light."

FRESHMAN: Bill Noell.

Likes: Steak and Onions, Luckies, sleeping.

Dislikes: Silly girls, blind dates, writing term papers.

Hobby: Collecting foreign money.

Ambition: To graduate from college and settle down.

Fraternity: I. T. K.

Favorite Football Team: Duke.

Top Band Leader: Harry James.

Model Girl: Joan Leslie.

Comment: "Women are like socks, you have to change them now and then."

Students Plan Vesper Programs

The Methodist Student Movement Council will present a wide variety of Student Vesper Services from now until the close of school, and all students are urged to have a part in them.

On next Sunday, April 29, the program will begin in the Student Center at seven o'clock. From there, students will go to the First Methodist Church to hear a special message by Bishop Paul B. Kern, of Nashville, Tenn.

On Sunday, May 6, a special program of recreation will be presented under the direction of Chaplain Robert Weaver, O. R. D., Greensboro, and on the following Sunday, May 13, a Mother's Day service will be held under the leadership of Earl Richardson.

The following Sunday, May 20, brings to a close this series of programs, with an outdoor Vespers being presented under the leadership of R. Harold Hipps.

Students are asked to watch the bulletin boards for further announcements concerning these meetings.

Day Student Girls Hold Gay Picnic

Having tried big pills, little pills, red pills and green pills—all supposedly containing vitamin T, R, S, and X—the sophomore day student girls emerged from the maize with a new diagnosis. The chronic campus disease was not a drastically serious physical or mental handicap; it was merely a pent-up feeling brought on at this particular time of year, and generally is called spring fever.

As the March winds blew in and out and the April blossoms burst forth with zest and color, we harassed day-student gals got that old itchy feeling for the great outdoors and trudged from class mumbling "Don't Fence Me In."

The sophomore day student girls, having diagnosed, proceeded to prescribe the one and only remedy—a good old-fashioned picnic at city lake on Tuesday, April 10th, at 5 o'clock. The P. I. S.'s (Physicians in Charge—yak!) firmly included in the prescription that it was to be taken in a care-free manner, while clad in old and comfortable clothes (preferably dungarees, bright sport shirts, dirty saddle shoes and with a sprinkling of pig-tails) and with no less than two Pepsi's, 6 sandwiches, 3 helpings of potato salad, generous helpings of pickles, etc., and goodness only knows how many pieces of cake.

In obedience to the wishes of the sophomore day student wizards, we went, we saw, we consumed! And, on top of all this, we included, with the approval of our hostesses, bushels of laughs, barrels of fun, and gobs of gossip.

Those in charge of the nutritive material were Carleen Kearns, Elsie Cross, Doris Lee, Anna Lee Ferguson, Jewel Meyers and Betty Ellison.

The transportation was arranged by Helena Upshaw and Jeanne Bales.

Those who invited the patients to take the prescribed treatment were Lucretia Elliott, Carleen Kearns, Doris Lee and Wincie Cagle.

The picnic would not have been complete, of course, without our faculty advisor, Miss Vera Idol—but it was complete, and she seemed to enjoy it immensely, too!

Alpha Theta Psi Dinner Party Held

The Alpha Theta Psi opened its spring activities on Wednesday evening, April 11, with a dinner party at the Jefferson Roof in Greensboro. After dinner, the group attended the theater to see the film, "Winged Victory."

Those present for the occasion besides the regular members, were the honorary members: Mrs. Alice Paige White, Miss Ernestine Fields, Mrs. C. R. Hinshaw, and Mrs. S. O. Peebles.

Memorial Service For The President

On Friday morning, April 13, the faculty and student body paused in the midst of a busy schedule to pay honor and tribute to the late President of the United States, Franklin Delano Roosevelt, who died on April 12, at his cottage in Warm Springs, Georgia.

This brief but impressive memorial service was held in the college auditorium under the leadership of Dean P. E. Lindley. Miss Ernestine Fields played a piano prelude, "Abide With Me: Fast Falls the Eventide," (Monk), and Dean Lindley read appropriate Scripture from the Book of Ecclesiasticus.

Miss Mary Lou Rainey sang Tenneyson's immortal "Crossing The Bar," (Barnby), as a solo. Miss Vera Idol paid tribute to the late President with fitting words, reading as a part of her memorial, "O Captain, My Captain," by Walt

What's New?

By Jean Pales

SIGNS OF THE TIMES

Do I smell a delicious aroma wafting through the air? Ah, yes, I recognize that familiar odor now. It's nothing but those steaks prepared in the dining hall. Those wonderful, delicious steaks that we have three times a week.

Do I notice a crowd of hairy creatures wandering around as if in a daze on the exterior portions of the tennis courts? After supplying my bi-focals, I see it's just Bill B.; Bill S., and Jimmy L. looking for those well-placed balls that they use occasionally on the interior portions of the tennis courts!

FLASH!! Results of the 375 degrees applied so sparingly in the solitude of Woman's Hall's backyard: 8 seniors evenly toasted; 6 juniors, well done; 10 sophomores, par-boiled, and 13 freshmen, —cooked!

CAMPUS COMMENTS

"I've never been so insulted in my life. Here it is April 9 and they still expect you to wear your shoes to dinner."

"This kind of weather is good for nothing but loving and loafing."

"I'm hungry."

"How about a snappy game of tennis? O. K. then, we'll just play a game of tennis!"

"Wha-a-at! No Mail! Why, the house! I'm not going to write to him again until tonight."

"Hello-o-o, feller."

"I'm starved."

"Eh, wot you call it, the debit side balances, ain't it?"

"Oh-h-h my poor no-horse, he died last night."

"I'm hungry, I'm sick, I'm tired and I just think I'll go home and end it all."

"Well, we caught a B-29 down to Hudge's last night."

"You don't think Miss I. will give us a test today, do yuh, huh?"

New Practice House Is In Use

The practice house girls are surprised by a historic atmosphere this year. At last they have succeeded in studying in the room where George Washington slept. If you haven't guessed already, the practice house girls are living in Haley Hill, built in 1786, and once visited by George Washington. If you are interested in the history of the place, ask any of the girls and they can spill off paves to you.

Those living in the practice house are Henrietta Bundy, Martha Hamm, Sarah King, Arlene Steelman and Miss Ada Johnson.

All Home Economics majors are required to live under family conditions for six weeks. Menus are planned according to a budget and nutrition. Each girl tries her hand at housekeeping, dishwashing, sewing, cooking and acting as hostess. They also make time studies of their special duties. After six weeks the girls really feel capable of managing a family.

Kumar Goshal

lay for a great quantity of our rubber. What is the safest way to safeguard and insure our supply of these necessary raw materials? You are urged to hear this native of India speak his views.

Do your work and don't talk too much about it. Other people will do plenty of talking.

Whitman.

The entire audience stood for a moment in silent salute and prayer, then Dean Lindley closed the service with a prayer of dedication.

THE GHOST COLUMN

Time has fallen, stumbled, and tripped by and since we have been seeing all and hearing all, we've decided to tell some of it. We've really hit the "gossip corner" of the campus—and that's back of the girl's dorm where we take sun baths. Some of the gossip we heard was good, some bad, and some indifferent. We hope to hit the happy medium!!!

Well, friends, we almost dropped our teeth when we looked out of the girl's dorm the other night and saw a new couple coming up the walk—namely, Ruth Hull and C. O. Pyler. Whatta ya know!!!

Poor Sheek takes a beating when it comes to those four little words L-O-V-E!!! The solution—leave her alone, Sheek!!!

Thanks, Dr. Bartlett for putting us "in the know" about Glenn—we enjoyed the teasing you gave him in class about his letting actions speak louder than words!!!

We like that smart style Jane & "Buster" have—the one of best friends dressing alike. We also like all of these sharp looking sweat shirts everybody's wearing around here. If we weren't broke (per usual) we'd buy some, too!

Our nominee for the friendliest smile: "Gogie" Forest.

"Gosh, he'll be coming home soon, I bet!!!" —That's Janie Grey talking about her Gene—(or is it Mac, Janie?)

We thought the Spring Formal was "most fine!" And let me tell ya'—Clarence was given the rush by 2 girls, Evelyn & Nancy. Now, Clarence, you shouldn't break the hearts of those girls like that. You have simply gotta' make up your mind!! Someone said you must be playing "hard-to-get"!!

Peggy Briles has been seeing "Red" lately!!! And we don't mean just the color.

Theta Phi's Have A House Party

Saturday night, April 7, Miss Miriam McCall, an old member of the Theta Phi sorority, invited the present members to a house party at her home in High Point.

As a special treat, Mrs. McCall fried some good old-fashioned doughnuts for the girls. The evening was spent indulging in the famous High Point College manner—having quite a gab fest. Later in the evening cokes and potato chips were served; and when the wee small hours of the morning were well on their way, the crowd retired. Those lucky enough to have a bed grabbed it with vengeance, while those who didn't, placed themselves neatly on the floor. It was rumored that they had an extra nail in one of the closets for Helena!

What a night!

Home Ec. Girls Visit In Virginia

On Sunday, April 11, three Home Economics majors left High Point College and went to Mary Washington College, in Virginia. The purpose of this trip was to take a course in food inspection. Classes were held for three days and on the fourth day an exam was given. Those girls attending were Martha Hamm, Sarah King and Arlene Steelman. If they passed the examination they will get appointments as federal food inspectors. On being asked about their trip, the weary travelers responded that they enjoyed the beautiful campus of Mary Washington, but High Point College looked better than ever to them.

A jabbering race between two feminine voices was distinguished at first; then the following was heard: "We've got a car, we've got coupons. Furnish the date and we'll furnish the rest."

Walker is getting mighty close to war! We've seen him walking with Isenhour. (And we don't mean Gen. Leonard!)

Kat Leonard is already receiving presents from the Marine she met at the dance. We'd say "the situation is well in hand!" Frankie and Edna were envied at the dance—they had 2 cute Marines (or is that the word to call Marines?) We went stag that night!!!

For Easter "Vicky" Jackson received not only a corsage, but also long-stemmed carnations. She's a lucky girl to get flowers like that from just one soldier.

We hear "Ginny" Sledge has "Possoss" Ray in a daze. We thought it was only a rumor 'till we checked up and found she had been dating him some.

Frank Culbreth's wolf calls are one of the topics of conversation for the girls. We wonder could he be as big a wolf as his wolf calls (from about 10:00 p. m. till 11:00 p. m.) make him sound??? Frank said he only howled at the moon!!! All we gotta' say is, "Whatta' Moon!!!"

Norma Sink and her shadow Lawrence, seem to have it bad. But this wouldn't be H. P. C. without a few really steady couples.

Arlene Steelman is sporting a "I belong to Bill" ring! Fine things to have—just ask Mrs. Lib Granger. She gets both rings.

Enough is enough!!! And since one pen is giving out of ink & its about time for class, anyway, we'll leave this "gossip corner." (We believe we're blistered from this hot sun anyway, and if we aren't, we'll probably be blistered from blushing so much when we hear all the awful things said about all the things in this colyum!!!) See ya'.

Big Eyes, Big Ears, & Big Mouth

WELL, ISN'T IT ODD?

We have a—

Ministers Retreat

time, in which each person found himself alone for private meditation and communion. Members of the High Point College Ministerial Association attending this week end retreat included James Allen, James Auman, Johnny Aycock, Bob Brown, James David Firesheets, Harold Hipps, Glenn Lanier, Earl Richardson, Joe Taylor, R. A. Warlick, and Clarence Warren. Girls, who are majors in Religious Education, were special guests on Sunday.

Dr. Warfield Spoke In the Auditorium

The students of High Point College took advantage of a rare opportunity to hear more about the present war conditions in Europe, on April 11th, when Dr. Gaither P. Warfield spoke in the college auditorium. Dr. Warfield, a Methodist missionary to Poland, spoke to those students who were interested in the Russo-Polish relations of this war. He discussed the part that Poland will probably take in the peace settlement following this war.

The first several minutes of Dr. Warfield's talk was devoted to a review of Polish history, discussing the early tribes, and concluding with a few remarks concerning the various partitions that have butchered Poland in the years past. He then gave a brief discussion of this present war and the ways in which Germany and Russia have treated Poland.

Dr. Warfield reported the situation of Poland's future as looking very dark to him. The personal feelings of the Polish is certainly anti-Bolshevik, and, therefore, relations could certainly be improved a great deal, pointed out the speaker. He reviewed the various works and the weakness of the Lublin Committee, which at present is the exile government in Paris, and which England has refused to recognize.

The speaker pointed out some of the failures of the Yalta Conference, and yet it seems that cooperation went a long, long way beyond any expectations and desires. He also gave the hopes of Poland's future. He said they were to be found in the over all powerful province; an awakened American public; a satisfactory world organization; and the indomitable spirit of the Polish people to be free.

Dr. Warfield was brought to the campus for this discussion by the History Department of the college. He also spoke in the chapel the day before, April 10th, concerning his own experience in war-time Poland.

Students Attend Forensic Tourney

April 5th and 6th found seven members of the Forensic Council in Charlotte, N. C., where they took part in numerous contests sponsored by the Strawberry Leaf Society of Winthrop College, Rock Hill, S. C. Professor A. S. Withers, coach, accompanied the group. Following are names of those who attended together with the contests in which they participated:

Mary Sue Clark and Edna Boone, debate, (negative); Martha Minnis, oratory; Clarence Warren, declamation, poetry and response to occasion; Don Payne, debate, (affirmative), after dinner impromptu, and address reading; Joe Taylor, address reading, debate (affirmative), and impromptu I; James Brown, address reading and declamation.

The affirmative debating team won two rounds out of five. In addition, Don Payne and James Brown won one round each of after dinner and declamation, respectively, rating second place in the finals.

The group returned on Friday night, April 6, after a successful trip in spite of the fact that there were few winnings. This was the first time that High Point College has been represented in the Grand Eastern Forensic Tourney in two years.

As to just what the tournament is, it consists of a series of contests involving a variety of forensic activities, arranged by the "Society of the Strawberry Leaf," of Winthrop College. These contests are held twice each year, the first in December, known as "The Dixie Champions," the other in April, referred to as the "Grand Eastern Tourney."

The recent tournament was concluded in the Selwyn Hotel and the First Baptist Church of Charlotte, N. C. Colleges from seven states were represented, only 3 of which were from North Carolina. Already the Forensic Council is beginning preparations for the rally to be held next December by initiating a program which will add emphasis to forensics here on the campus.

A negro artilleryman just back from Italy was explaining to a group of admiring Harlem elite: "Ah opens the big gun; ah puts in a big shell; ah closes the gun; pulls the trigger, steps back and says, 'Mis't Hitlah, recount your ahmy!'"

Intra-Mural Ball Tournament Held

Although the intra-murals have already been played in basketball, we can still recall with interest the joys of participation and activity. A good time was had by all who took any part in the tournament. It was one in which there was much action and noise; one where everybody could let off the pressure of school work.

The winning team of the tournament was "The Hell Cats," under the management of Arthur Sheek. The other players of the team were Kenneth Tilly, Olson McBride, Joe Waddell, Keith Cranford, Will Kiger and Lawrence Walker. This team really showed the spirit of cooperation and hard work. They had to show a real spirit of teamwork in order to carry a victory away from the other teams of the tournament.

Three other teams participating in the tournament were "The Globe Trotters," managed by Dick Hix; "The Purple Breeze," managed by Mr. Fivexfive, and the "The Senior-Junior," under the management of Herb Jamieson. The tournament proved a real work out contest for all the teams.

The first game played was between "The Globe Trotters" and "The Senior-Junior." This game was played on Monday night, March 26. "The Globe Trotters" were the winners, coming out with of score of 38 points over the 15 points of the "Senior-Junior."

The second game, on Tuesday night, March 27, was played between "The Hell Cats," of Section B, and "The Purple Breezes." The "Hell Cats" were kept on the jump all through the game by the scrappy "Purple Breezes." Both teams played a very close game, ending with a final score of 27 points for the Purple Breezes and 28 points for the kitties.

The finals were played on Wednesday night, March 27, between the Travelers and the kittens. This was another close and scrappy contest, with the final score of 25 to 26 in favor of the Cats. A consolation game was played between the Purple Breezes and the Senior-Junior. These teams were a very near match for each other, with the Breezes winning by a one-point margin over the Senior-Junior.

The high score team of the tournament was the Globe Trotters, with 63 points to their credit. The high scorer of the tournament was Jack Foster, with 31 points to his credit. The high scoring team for any one game was the Trotters, and their 38 point victory over the Senior-Junior. The high scorer for any one game was Samuel Mackie, with 17 points basketed.

The ability to speak several languages is an asset, but to be able to hold your tongue in one language is priceless.

Panther Parade

(By Harry Matthews)

The gymnasium of High Point College looks very deserted these days, now that basketball season is over. But within the walls we may find a young man keeping in shape for next year's season. At any time of the day we may see a tall black-headed boy coming out of the gymnasium with a basketball in his hands—none other than the future star of High Point College, Richard (the brain) Hix, who is developing a mighty fine hook shot. In the late hours of the night, Sheek, Hud or Walker can be found trying some fancy shots, and they're doing pretty good, too. When Foster and Freeman are not busy with the women, they might be keeping in shape. If that's the case, they're out of shape right now.

The 1944-45 basketball team is very well represented in the armed forces of the United States. Malcolm Sullivan was the first to go after the season started. He is now in the infantry at Camp Wheeler, Georgia. We hope that some day he will be a star for High Point College. By now there is a small red-headed sailor roaming around in Memphis, Tenn., not knowing where he is going. This could be Jack (Red) Byerly, who is a Naval air crewman. We know that he will make good, because he has the scrap that it takes. At the Coast Guard Academy in Curtis Bay, Maryland, an "old salt" may be giving a green sailor the works. No doubt this is Bill Gabriel, who left us about a month ago and joined the Coast Guard. For the

last few days we have been seeing (game ball did you Greek) Kiger, who is an apprentice seaman and is awaiting orders to report for active duty. Ray was the assistant manager of the Panther squad this year.

It seems that Jimmy Teachey is dodging the draft, but he really is awaiting call and has been very lucky this far.

Other members of this year's team will be in the armed forces before too long. We hope that this war will soon be over and all of the Panthers can come back to give Coach Virgil Yow the best team in the history of High Point College. It takes scrap, spirit, and good teamwork to win any game—in war or peace.
