Robert Thornton
Graduates in Two
And a Half Years

Robert D. Thornton of Leasunville, N. C., a two and one-half year student, who graduated October 29, 1947, as a freshman, but worked as a drug clerk, machinist, machine operator, roving hunter, shoe salesman, and florist's helper.

'Glomor' to Be Emphasized In Teacher's Job

The high qualities and qualifications most desired in the teacher-of-tomorrow will be evaluated at first time in North Carolina as a state-wide program to "glamorize" the teaching profession gets under way.

The Division of Higher Education and the Department of Higher Education under the University of North Carolina Education Association and the State Department of Education have inaugurated this program in an effort to publicize the positive side of teaching. Dr. Elizabeth Welch of Salemboro, Fisk University, Nashville, Tenn., Detroit Institute Music of Arts, and Eastern Music School, University of Rochester.

Above is a picture of the Executive Committee of the Board of Trustees of High Point College. Reading from left to right—Mr. Horace Haworth, H. F. Hunsucker, A. J. Koonce, L. F. Ross, Dr. Dennis Cooke, F. L. Lagun Porter, G. H. Kearns, Dr. C. L. Gray and C. L. Aman.

10 Steps in Securing a Job

(1) Have at hand a continuous record of all your jobs, with the dates of employment, wages received, work performed, and reasons for leaving each job. (2) Be able to name as reference at least three responsible and reliable persons who know you well. (3) Make sure you are presentable before leaving for the interview. Be neat and clean but not too much or too little. (4) During the interview, speak with confidence, enthusiasm, but not too much or too loud. (5) Try to forget personal problems, domestic or otherwise. (6) Answer all questions fully, truthfully and concisely.

Important Meeting Of Hi-Po Staff

There will be a meeting of the Hi-Po staff next Monday, January 16, in the Hi-Po office at 7:30 p.m. All members are required to be there. There is also a need for more reporters, typists, and business men. Any student who would like to assist this paper is urged to attend and join the staff.

EXAMINATION SCHEDULE

JANUARY 18-14, 1950

All Classes Scheduled for

9:00 Monday, Wednesday, Friday... Wednesday, 9:00 a.m.
9:00 Tuesday, Thursday, Saturday... Wednesday, 11:00 a.m.
11:00 Tuesday, Thursday, Saturday... Wednesday, 2:00 p.m.
8:00 Tuesday, Thursday, Saturday... Thursday, 8:00 a.m.
8:00 Monday, Wednesday, Friday... Thursday, 11:00 a.m.
1:00 Monday, Wednesday, Friday... Friday, 11:00 a.m.
1:00 Monday, Wednesday, Friday... Friday, 2:00 p.m.
11:00 Monday, Wednesday, Friday... Friday, 2:00 p.m.
11:00 Monday, Wednesday, Friday... Saturday, 11:00 a.m.
All Sections of Business 7... Monday, 9:00 a.m.
2:00 Tuesday, Thursday, Saturday... Monday, 11:00 a.m.
2:00 Monday, Wednesday, Friday... Monday, 2:00 p.m.
2:00 Monday, Wednesday, Friday... Tuesday, 2:00 p.m.
2:00 Monday, Wednesday, Friday... Tuesday, 2:00 p.m.
2:00 Monday, Wednesday, Friday... Tuesday, 2:00 p.m.
2:00 Monday, Wednesday, Friday... Tuesday, 2:00 p.m.
2:00 Monday, Wednesday, Friday... Tuesday, 2:00 p.m.

The place of examination will be the regular classroom in which each class meets. In some cases the teacher will have the option of two examination periods according to the above schedule. In such cases the teachers must decide which period is to be observed.

George Matthews
Sings At High
Point College

George Matthews, tenor, presented an enjoyable program before the student assembly at High Point College, Tuesday, January 10. Mr. Matthews had attended A. and T. College, Greensboro, Fisk University, Nashville, Tenn., Detroit Institute Music of Arts, and Eastern Music School, University of Rochester.

Two groups of songs, including one in French, two typical Creole melodies, a Western cowboy number, and Negro spirituals were presented with outstanding ability by this rising tenor. A native of Kernersville, N. C., formerly with the Ford Quartet, Mr. Matthews is on a tour which will take him from Texas to New England by April.

George Matthews

Penney Hall Sold

Penney Hall, located on East Campus of High Point College, has been sold to the Presbyterian Home for the Aged.

Students now living at Penney Hall will continue there until June when the building will be renovated with funds from a trust established in the will of the late Mrs. Mary Bunn.

Before the building was decided to the college, it was used as an orphanage home under the former Methodist Protestant Church.

Band Plays at Game

The College Band under the direction of Mr. Robert Simmons entertained the spectators at the Guilford game during intermission.

The student body hopes that the games will become a regular feature at the games as the music is a help to the student spirit.

Los Angeles, Calif. 
San Francisco

THE официальная газета студентов. В 1947 году экономическая ситуация в Европе была чрезвычайно нервная; производство было остановлено, а издержки резко выросли. Для решения этих проблем, 20 млрд. долларов было выделeno из Североатлантического плана помощи для Европы. В марте 1947 года, Министр Обороны США объявил, что план был принят.

II.

When the Marshall Plan was organized in the fall, he rolled a few things. They were being needed, and they did the thing. When they were rolled, they were ready for the Spring.

Before you break in line ahead of fellow students remember a few things:
1. The student behind you started at the rear where the line forms.
2. The students behind you are breaking a class just as soon as you do.
3. Courtesy pays at school as well as at home.

After this issue the HI-PO will lose the services of a very capable teacher. When the staff was organized in the fall, he volunteered his services, and although he is a ministerial student he proved a man of abilities in dealing with the business world. As in any business organization, this paper has to be self-supporting, and the man responsible for the success or failure of the paper is the advertising manager. He has made the paper self-supporting.

In addition to this paper he has been very active in campus life. But all good men with a worthy goal to attain, he will pass out of the orbit of our campus life. Good luck in your life's work, Chester Brown!

Theta Phi Sorority

The Theta Phi Sorority has big plans for the spring. February 15th they are planning a Gingham Taven in the Student Center. There will be gingham and entertainment, and everyone is invited.

A mountain trip to Boone, N. C. is planned for the spring. As soon as college is out for the summer they will head for the southeast to spend a week in the balmy air.

Plains are under way for the big spring banquet. The date is set for March 15th at the Woman's Club in Thomasville.

Scene in a local restaurant:
"Are you the girl who took my order?"
"Yes, sir."
"Well I'll be darned. You don't look a day older."—The Wall paper.

World Problems
By CHARLES CHILD
EUROPEAN RECOVERY AND THE MARSHALL PLAN

In 1947 the economic conditions of the European nations were extremely serious; production was lagging and showed no signs of improving. In order to aid the economic situation and to increase production and employment, the United States allotted $2,077,000,000 for the Marshall Plan.

The Marshall Plan was to improve these conditions of under-production and unemployment. What effects have the Marshall Plan had upon European production and employment?

One typical example of the effects of the Marshall Plan upon production is the automobile industry in Austria. The Marshall Plan was supposed to have caused an increase in the production of vehicles; however, because 20,000 vehicles have been imported under the Plan, there has been a cut of half of the demand.

"Austrian automobile workers" in former times have reduced. This clearly shows that the Marshall Plan has not added the people of Austria. In addition, "Belgian is experiencing serious unemployment in textiles and shoes.

What do the people who have toured Europe have to say about the Marshall Plan?

Paul Hoffman, head of the Marshall Plan, admitted that "in

NEW career opportunities for you in the U.S. AIR FORCE as an OFFICER AND NAVIGATOR

In this era of long range flights, the role of the navigator has become increasingly important.

The U. S. Air Force now offers to young college men between the ages of 20 and 26 1/2 who are single and can qualify for such training.

If you can meet the high physical and educational standards (at least two years of college), and are selected, you can be among the first to attend the new one-year navigator training course at Ellington Air Force Base near Houston, Texas.

A new class begins each month.

You'll be an Aviation Cadet! And, you'll receive the best available training—including 184 hours in the new T-29 "Flying Classroom." Then, graduation! You'll win your wings as a navigator...and commission as a Second Lieutenant in the U. S. Air Force. After a 30-day leave with pay, you'll be ready for challenging assignments as navigator with one of the famous commands in the U. S. Air Force. Your office will be the "front office" of fighter bombers or long-range transports!

Be among the first to win your wings as a U. S. Air Force navigator under the new navigator training program—be a key man on the Air Force team!
Sporting Around

BY PAUL PRyor

Nine in a row is the aim of our Purple Panthers as they journey to W. C. T.U. tonight.

Didio Cullen has consented to the use of his name and several of the boys around the school plan to play on his all-star squad when the baseball season rolls around.

P. G. Havrava, ex-athlete from Catawba, has been active in organizing basketball games around High Point.

George Eroth is now back in school after a visit to the Chicago Cubs office and he has informed your reporter that he is due to report to Simon Falls in the Northern League.

From what we hear Kirby Joyce has been signed by the Greensboro Patriots. Gene Polko of Catawba will not play basketball around.

Their hearty support at the games.

Catawba has been active in organizing basketball games around High Point.

When the freshman season rolls around.

Bill Waiz and Ace Cartwright were tied for scoring honors with a 12.2 average per game. Hunt has played in eleven games and scored a total of 141 points while Waiz has played in ten games and scored total of 132 points.

Big Ed Sueta is close behind with a 12.5 average per game. Hunt has played in eleven games and scored a total of 132 points. Joyce has a 12 average for 132 games. Hunt has played in eleven games and scored a total of 141 points while Waiz has played in ten games and scored total of 132 points.

The outstanding players of the game were the two reserves, Paul Pryor and Bob Draper who led the fight right up to the steeple of the Quakers.

Catawba was the first Conference to feel the onslaught of the victorious Panthers when the growing Panthers invaded the wigwam of the Indians on January 7. For the first time in four years the Indians lost a game to the Panthers on the Indians' own camping grounds. It was a hard-fought battle from beginning to end that saw three of the first stringers on both sides foul out. Coach James was forced to call three untimed, unreported.

Boylston, the largest credit for the twenty-point margin of victory must go. The Indians lost their scalp to the tune of 79-59. On January 10 the pins Quakers from Galiford attempted to tame the fighting Panthers, but their efforts were in vain as the Panthers chewed them to a 7-3 victory. R. H. Waiz and Ace Cartwright were sidelined with injured ankles.

The outstanding players of the game were the two reserves, Paul Pryor and Bob Draper who led the fight right up to the steeple of the Quakers.

The Return Of the Natives
Same came back limping, some with broken legs, and some just came back.

Yes, we were a sad looking collection of natives who returned to HPC January 2nd.

Some of us flew in from the north, our wings tipped with snow left over from the holidays. According to Art Nicholas it was really cold up north! And according to Jim Perry it was just as cold in Rome, N. C.

If all the diamonds in Woman's Hall were put together, they would rival those of Al Khan. We congratulate the gentlemen.

The examination schedule was the first blow we received after our return. From all reports we will dig in and burn the midnight oil for the next two weeks.

Every cloud must have a silver lining. Big plans are in the air for this spring. To mention a few of the events you will be attending and enjoying: Basket-ball games, Gingham Tavern, Feb. 19th, the spring banquet of the Sororities and fraternities, an's Hall were put together, they were put together, they were put together, they were put together.

"I'll drink a coke." I said with a frown.

"I love Judd!"

"I was the night before exams."

"I'm talking about my spring recitals. May Day processional and morning service."

"I started to worry when all through the dorm."

But the place was really rocking that night! With bloodshot eyes, I closed my book. As I lay there in my hard little bed I thought of history run through my head. Forget it kid—it's all just junk! But yes, you guessed it — I flunked!
Honor System at H. P. College

At a recent meeting composed of faculty heads and the heads of the Student Government, the following plan was agreed upon in regards to an Honor System following plan was agreed upon in meetings as follows:

Dean Lindley then made a brief talk on the reason for concern over an honor system. He stated that the college has been approaching and trying to build an honor system all these years and needs to conserve what has already been achieved. Dean Lindley pointed out the student leadership as being identical with the faculties. Both are struggling for something that is for the highest welfare for all.

He presented three reasons as to why an honor system is needed:

1. Without strict honor on an exam the exam would amount to nothing. An exam is a unit of measure, and if everyone cheated all grades would be faked; therefore, the honor student who had studied would be robbed.
2. It is a law of ethics that in regard to one's conduct one should act as if his conduct should become the law universal.
3. In cheating the person who himself more than anyone else is a question of his own integrity.

Get Acquainted With Your Library

The M. J. Wrenn Memorial Library, erected in 1937, is the library and are always ready to help a student become a better reader on the shelves.

Miss Marcelle Carter and Miss Ruth Bishenham are in charge of the library and are always ready to help a student become a better reader on the shelves.

The library will stay open half-hour longer on Saturday in

(Continued on Page Two)
Polio Drive

We at this school have a job to do and a service to render. As stated on the front page there is going to be a drive in this school to secure funds for the National Foundation for Infantile Paralysis. The staff of the Hi-PO will be in charge of this drive. Our goal is to cover the top of the table in the foyer with dimes. Each member of the school will donate as much as a quarter each it will help to distract your attention. Many students of the college age group were stricken last year and now of course, we have any assurance that this won't be stricken in the near future. If you have already sent the story on the front page then do so, Remember the figures and when we of the Hi-PO staff ask you for your help next week then help or that others may walk.

Student Spirit

Let's face it. We have a great basketball team that is destined to sweep the conference championship this year. There are fourteen on the court at the game; there are five hundred students in the stands. Let's continue to try and make those players know that we are behind them and that we are as anxious to have that championship as they are. Coach James and all the boys were very elated over the winning student spirit at the Lenoir-Rhyne game. Now if we could only get our elected cheer-leaders out there at each game we would be assured of a few hours in the library each day. It is quiet and there is nothing to cultivate the habit of spending a few hours in the library each day. It is quiet and there is nothing to do before I go out of my mind. People who are far from God think they are very near Him, they begin to take a few steps to approach Him. The most polite and most enlightened people have the same stupidity about the peasant who thinks he knows the king. He has seen the king. Never to have seen the truth is better than to have seen it and not to have acted upon it.

New career opportunities for you in the U. S. Air Force as an OFFICER AND NAVIGATOR

In this era of long range flights, the role of the navigator has become increasingly important. The U. S. Air Force now offers new opportunities to young college men between the ages of 20 and 24½ who are single and can qualify for such training. If you can meet the high physical and educational standards (at least two years of college), and are selected, you can be among the first to assume the new one-year navigator training course at Ellington Air Force Base near Houston, Texas. A new class begins each month!

In the non-fiction best sellers...I Remember by Eleanor Roosevelt; The Navigator by Paul H. Smith; A Treasury of Southern Folklore; American Freedom and Catholic Power by Paul Blanshard; The Mass From Nazareth by Harry E. Finlack. These and many other books on the shelves will lead to many hours of delightful reading.

More than are currently leading the fiction list.

For anyone having difficulties in their studies it would be wise to cultivate the habit of spending a few hours in the library each day. It is quiet and there is nothing to distract your attention. Better plan to improve your grades this semester by using the library more.

We must alter our lives in order to alter our heart, for it is impossible to live one way and pray another.

Panthers Are Growling Louder Now

**Thirteenth Straight Victory**

Led by big Ed Sueta, Bill Wells, Jesse Joyce, and a rip-roaring, fighting-mad student body, the mighty Purple Panthers came back in the second half clawing and clawing to dump the around Bears from Lenox-Bryme from their two-point half-time lead in last Saturday night's game before 1,500 jam-packed, sweating fans at Harrison Gym. It was a rough game from start to finish. Lenox-Bryme, last-year conference champion, was determined to knock High Point from their perch just as they had done to Appalachian last year at the tournament. Led by all-conference Tony Sellors and Bill Wells the Bears threw up a defense in the first half that held the Panthers from the inner cir clers.

During the first half the score was tied three times, and the Bears were able to leave the floor leading 33-33.

After five minutes of playing in the second half, the score was knotted at 42-42. At this point the around Panthers, led by Ed Sueta, Pryor and Hunt, took over the backboards and steadily began to increase their lead over the Bears. Late in the game when the Panthers were leading by 13 points, the Bears staged a rally and closed the gap to four points with two minutes remaining in the game. Bob Draper and Ed Sueta with a pair of free throws pushed in a lay-up each, and with 10 seconds remaining the Panthers led 71-67. Each team then scored six points, and the final score was 77-75 with Bob Draper scoring a hard-earned 3-2 victory.

The game marked the sixth North State Conference victory and put High Point in undisputed possession of first place. It was the Panthers' thirteenth straight victory and the four- tenth victory in fifteen starts.

**WITH THE PANTHERS**

**BY PAUL PRYOR**

By GRADY THOMAS

Student spirit! The campus of High Point is loaded with plenty of husky, howling student spirit. To the 1,500 fans present at last Saturday night's game with Lenox-Bryme it was evident to me and all that the students were supporting their team to the hilt. Led by Cheerleader Bill Marley the students brought the roars down when the Panthers needed an extra burst of strength to come from behind.

Last Saturday's win made it thirteen in a row. The Bears were determined to stop the Panthers' winning streak, but they just did not have quite what it takes. The road will be rougher from here on out as every team in the conference will be trying with everything it has to push the Panthers off their perch or at least to put a stop to their winning ways. On the road to station there are ten more rough Conference games on the slate.

Tomorrow night's game with A. C. C. could prove to be tougher than anticipated. The Christians got off to a fast start at the first of the season and dumped their first two conference foes, and one was third-place Appalachian. The Christians then dropped their first-place position. On top of this the Panthers embarrassed them by defeating them before the home crowd last week. Now the question of the hour is: Where does High Point stand in the national ranking after defeating Lenox-Bryme? Kentucky is rated as one of the best teams in the nation; Tennessee defeated Kentucky; Wake Forest defeated Tennessee; Carolina defeated Appalachian.

INTERNATIONAL STUDENT CONFERENCE

"Students as Ambassadors" is to be the theme of an international conference February 11 at the Woman's College of the University of North Carolina. All college students, exchange students, and Americans who are interested are cordially invited to attend.

The plan of the conference will include an afternoon student panel discussion on "How Can We Facilitate International Student Exchange." This will be followed by a dinner in North Dining Hall for all conference participants. The evening session will feature an address delivered by Dr. Henry F. Brundis, Dean of the School of Law at the University of North Carolina, on the topic, "Students As Ambassadors for World Federations." Dr. Brundis is well qualified to speak on this topic as he has been a leader for years of world federalism in North Carolina. His experience with world affairs includes work in Indonesia with Dr. Frank Graham.

Betsy Newman, chairman of the International Student Committee, is in charge of the conference.

The coward never started; The weak died on the way; Only the strong came through.

Complete On-the-Spot Exams Given by Jet Pilots

Young men and women interested in a career as an officer in the United States Air Force will have an opportunity to be interviewed and completely processed by Air Force Jet Pilots here.

Major McLaughin, Vietnam B-29 pilot of the Pacific, from Shaw Air Force Base announced that Captain Burns, jet pilot with a long tour of duty in Southeast Asia, and another jet pilot will be on hand to answer all questions concerning Pilot, Navigator, and OCS Tests, and tell how it feels to fly those fast jet fighters and bombers.

The interviewing board is especially equipped to give a complete and complete physical examination and, along with the written test, can advise immediately whether the applicant is qualified. This enables the applicant to eliminate the unpleasant delay and uncertainty. Young men and women who have the same educational requirement and that are two years of age or older are eligible. The OCS applicant may be a high school graduate and have the ability to pass an equivalent examination.

More than five hundred applications and requirements vary with each of the three programs, the pilot and navigator must meet stringent vision standards that of the officer candidate for men and women.

Generally the three types to be explored and tried out this week are one, Aviation Cadet Training. Young men from those receiving 12 months of academic and flying instruction are awarded the silver wings of cadet commission in the Air Force. Outstanding graduates receive commissions.

The other, reserve commissions, have the ability to compete with commissions in the three years of this flight training, but are attached to the Air Force.

The first aims to be eligible for pilot training, single men must be between the ages of 19 and 30; citizens and pass the qualifying examination, and with physical and moral qualifications.

Classes begin every week.

Two, Aviation Cadet Navigator Training. Young officers trained in the latest technique of radar navigation are in great demand to navigate the bombers of the metropolitan area. To meet this increasing need for navigators, the Air Force has opened an Aviation Cadet Navigation Training at Sheppard, Base, Houston, Texas. Classes begin every month.

Graduates of the month training program receive commission as second lieutenants, with aeronautical rating as navigator. After a 30-day leave with pay, they are assigned to duty with the Strategic Air Command north of Texas, with the continental Air Transport Service.

Opportunities for graduates are the same as for aviation cadets taking pilot training.

Three, Air Force Officer Cadet Training, (Continued on Page Four)

HARRISON GYMNASIUM

INAUGURATION CEREMONY

Mr. Horace S. Haworth, President

A large number of college presidents and approximately 200 delegates from colleges all over the country have accepted the invitation to represent their various colleges and take part in the academic procession of the inaugural ceremonies.

Dr. King, third president of High Point College, the student body and the public are invited to attend the 10:00 a.m. and 2:30 p.m.

Angrily Father: "What do you mean by bringing my daughter at this hour of the morning?"

"I've got an eight o'clock class."

A skeptic is one who knows both too much and too little to be wise.

GEORGE STEFFAN

Business Manager

Home Ec.

Dept. Shows

High Average

In the last nine years there have been 25 graduates in Home Economics from High Point College making an average of over nine years of five graduates per year per teacher. This number is higher than the average per teacher in the large institutions and higher than the average of all the Home Economics departments.

The figures taken from the 1948 issue of U. S. Office of Education, Vocational Education, show that 10 per cent of the Home Ec. graduates complete 2.3 graduates in Home Ec. per teacher per year. The University of Nebraska total 2.7 graduates in Home Ec. per teacher per year.

The George Peabody College total 3.5 graduates in Home Ec. per teacher per year.

The University of Texas total 2.7 graduates in Home Ec. per teacher per year.

Marshall College, Va., total 2.8 graduates in Home Ec. per teacher per year.

In 1948 in the co-ed institutions, the Home Ec. majors number nearer 10 per cent of the total enrolled. High Point College meets this requirement of 10 per cent of girls enrolled and sometimes has exceeded this 10 per cent.

Child development classes on the "Jack and Jill Nursery" in High Point and a practical house is maintained for senior girl majors.

The Home Ec. Department of High Point College is equal to, and in some respects, exceeds the accomplishments of the larger and richer endowed institutions of the nation that give Home Ec. training.

BY HERMAN CORLE, JR.

"You're drunk again, Mark. Well, you're in bed anyway. I guess I better get these empty bottles off the floor. What are you mumbling about, lying there with that airplanes picture in your hand? You're a funny kid. Here, let me get you that blanket off your face. It's sort of warm in here. There you are, old top.

"You didn't say so. Did it tell you your mom? Don't worry, brother. I'll take care of it. But don't you ever wake up to classes again, she's going to hear about you and not from me.

"What's that? You want another drink? Look, you've had enough. Aw, never mind. Here it is, but all that you get to-night. Poor kid. I don't blame you. I think I'd get drunk too if I were in your shoes."

"Funny thing. I remember when we were kids together. One day you'd done something. I don't remember exactly what it was—yelled a hell of a fuss at first, then after a while you got quiet, and your mom went back to sleep. I was—yelled a little too loud or something while your mom was doing something, but she knew she inuld get away with it."

"It's a good thing she broke up with you. I'll never forget that night. You had asked her to ride out to the airport to watch the planes come and go. You always were keen on watching an airplane roll down the runway and soar into the sky. Jane; you wanted to go dancing, though, at some high class place, but you stood your ground for once, thank God. You told her flasty you were going to the airport and she could go dancing with someone else. I was glad to see you stand up to her. Of course, I was the guy who ended up taking her dancing, but I was happy for you.

"Hey, why are you staring at that airplane picture on our? Sure, go ahead and talk about it. Dream about it. You've got to dream about something, poor kid. What are you talking about now? You what? Here, here's some coffee. You're what? Say that again, buddy. You're damned right I'll go down to the recruiting office with you tomorrow!"

Ping-Pong Tournament Begins

Last fall the students of High Point College held a ping-pong tournament to stimulate the college varsity team. The original plan was to stimulate this minor series of games, had to leave the varsity team. The original plan was to stimulate this minor nation. None of your friends ever went to the house to see me. And your mom went back to sleep, I think. She something while your mom was—yelled a little too loud or something while your mom was doing something. But she knew she inuld get away with it.

THE HI-PO

WITH THE PANTHERS

BY G. T.

The mighty Purple Panthers' growl is rumbling louder and louder. The growl is being heard and feared from one end of this state to the other. The Panthers are beginning to receive some related national attention. After all, it is in a way not so very matter where the Panthers are concerned. The Hi-Po went to press before the ECTC game, but if the Panthers win that game then they will have tied State's best consecutive win record under Case. If the Panthers beat ACC, in addition to ECTC, then it will be 20 straight victories and will have broken Cook's record at Wake.

This is no non-letter crew that was given an outside chance to finish somewhere in the second division before the season's firing got under way.

On January 2 the Atlantic Christian Bulldogs came to High Point flexing their muscles from having just damped the Hears. Young ladies and gentlemen from the Atlantic Christian campus are urged to begin down to High Point only to receive the same treatment as every other conference foe that has matched wits against the mighty Panthers.

The final score was 87-59. The Mountaineers picked up their shooting irons and browned the Indians up for the first time in four moons.

The Christians found out to their sorrow that the very cagey Panthers had no intentions of being converted. Led by Joyce and Waiz the sophomore crew.

On February 4 the Catawba Indians in full war dress and paint out it was the Panthers' game and they were able to win 78-69.

If you've seen something roam- ing around the campus this past week that looks like new football recruits, don't get excited. It's only W. A. A. initiation.

The girls initiated were Del Storie, Ann Hendrix, Reba Wright, Betty Burke, Kat Wade and Patricia McCulloch. We welcome you to our organization.

The mighty Purple Panthers' growl is rumbling louder and louder and louder.

The W. A. A. is grateful to the following for furnishing their basketball suits: Middle Grovec, High Point College Bookstore, Quality Clothing Store, Deluxe Dress, Perry's, Storrs' Diner, Redwine Hardware, Jeff's Drug, Dick Callner, Parker-Barr Co., Kopper Kettle and Steward's Automatic Laundry.

On Sunday February 7 the Athletic Council announced that C. Q. Smith had accepted the job as head coach at High Point College to succeed Coach Ralph James whose resignation is effective March 1.

Smith is married and graduated from Southern Methodist University in 1937. He has spent three summers' doing graduate work at S. M. U. After graduation he coached football, basketball and baseball for four years in Texas high schools. Then he entered the Air Force as an athletic director and his team won the Air Force football championship. He was discharged with the rank of captain. After his discharge he assumed the head coaching position at Tennessee Wesleyan Junior College where he compiled a good record. For the last three years Smith has been at Georgetown College at Georgetown, Ky.

Coach Smith runs from the split T, using the race-track-straight brand of ball that the Southwestern Conference is famous for. His father is president of Oklahoma City University.

The girls initiated were Del Storie, Ann Hendrix, Reba Wright, Betty Burke, Kat Wade and Patricia McCulloch. We welcome you to our organization.

Saturday night following the Catawba basketball game, the W. A. A. members journeyed to the home of the president, Anita Cornelson, for a party. Entertainment for the evening consisted of dancing, bridge, ping-pong, miniature basketball, bowling, and, of course, eating.

At the end of the evening the W. A. A. members adjourned for a party. Enter- tainment for the evening consisted of dancing, bridge, ping-pong, miniature basketball, bowling, and, of course, eating.

In Los Angeles, there is always a friendly gathering of University of Southern California students at Ted Owen's. And, as in colleges everywhere, ice-cold Coca-Cola helps make those get-togethers something to remember. At the end of the party, Coca-Cola belongs.
Society News

The biggest sensation of High Point College is of course you, and to it, the basketball teams! From the society page goes all best wishes for continued success for the remainder of the season. . . . The Girl’s Religious Education Club has made favors for the Tuberculosis Sanatorium for the month of February. These favors are small candy cups with red caps and are attached to each other and placed on the trays St. Valentine’s Day. . . . Heart Sister Week is drawing to a close. Each girl has a “sister” to whom she has been especially nice to do helpful and enjoyable little favors. At a Valentine party Monday night each girl will make herself known to her heart sister. By doing this the girls become closer attached to each other and really are “sisters” to each other. . . .

On February 6 the Faculty Woman’s Club was entertained jointly by Mrs. Joyce Ellis, Miss Myrtle Eagen, Miss Joyce Hester and Mrs. Phyllis Collins. A delightful fruit course was served following entertainment. Mrs. Dennis Cooke was the honored guest. . . . The big note in the Theta Phi Sorority plans is the Ging—no other! Owen Fitzgerald

Owen Fitzgerald was recently elected president of the North Carolina Methodist Student Conference at the annual conference in Greensboro, an honor of which to be very proud. Owen is a native of Kinston, N. C., and was graduated from high school there. He was for three years an officer of the North Carolina Methodist Youth Fellowship.

Upon coming to High Point College, Owen was elected treasurer of the Freshman class and later of the Junior class. As honor roll student, he is a member of the DAE fraternity. He is also president of the High Point College Methodist Student Fellowship which is this year sponsoring the adoption of expenses of a 10-year-old Greek girl. Owen has represented High Point College at the United Christian Conference at the University of Kansas and the Methodist Student Conferences at the University of Illinois.

This Summer Owen plans to visit Europe with a Youth Caravan of 12 North Carolina youths to study Stuttgart, Germany. He will be there about six weeks and will spend another two weeks on tour in Europe. Following graduation here, Owen plans to enter Divinity School in Durham, N. C.

Many wishes for your continued success!

Jeff Riley

A Scout was engaged in an argument with a conductor as to whether the fare was 25 or 50 cents. Finally, the disgruntled conductor picked up the Scout’s suitcase and tossed it off the train onto the bridge just as they passed over a bridge.

"Mom," screamed the Scout, “It isn’t enough to try to overcrowd me, but now you try to drown my little bag!”

—Illinois Tech.
Dr. Dennis Cooke to be Inaugurated Third President of High Point College

Outstanding Men in Religion and Education to Speak at Ceremonies

Distinguished and Experienced Educator

Dr. Dennis H. Cooke, B.A., M.Ed., Ph.D., will be inaugurated as the third president of High Point College this afternoon at 2:30 in Harrison Gymnasium.

Dr. Cooke is aged 45, married, a Methodist, has two sons, and was born and reared in Maiden, N. C.

High Point College is honored to have such a distinguished educator for its third president. Dr. Cooke has the following experience:

- Professor of educational administration and educational psychology, Peabody College; two years as associate professor of education administration, Peabody College; eight years as professor of education administration, Peabody College; six years as head department of educational administration, Peabody College; thirteen months as president East Carolina Teachers College, Greenville, N. C.; two years professor of education, head department of education, and director summer session, Woman's College, University of North Carolina; and has been head of High Point College since June 1, 1949.

Dr. Cooke has either served as member of the survey for the following educational surveys, always handling the administrative phases of the surveys on the following:

Dr. Cooke is listed in the following publications: 1. Leaders in Education; 2. Psychological Register; 3. The Southerner; 4. Who's Who In American Education; 5. Who's Who In America; 6. Who's Who Among Educators—And Indiana. He is also a member of the following professional and honorary organizations: (1) Kappa Delta Phi; 2) Phi Delta Kappa; 3) Southern Society for Philosophy, Psychology, and Education; 4) American Psychological Association; 5) American Educational Research Association; 6) National Education Association; 7) North Carolina Education Association; and 8) North Carolina Education Association.

He is the author or co-author of approximately 100 articles in educational journals, mostly of an administrative nature. Also author or co-author of 20 books in education administration, general education, psychology, and elementary school textbooks.

W. L. Terry Makes Personal Appearance

Warren Lee Terry appeared before the student body in assembly Thursday, February 21, and gave a very entertaining program in the gymnasium. The program was an assembly of many fields of work, and the students were delighted.

Ex-Member of Reichstag Speaks At Assembly

Dr. Gerhart Seger, former member of the German Reichstag, and who has lived in the United States for 18 years, is well known to the student body of the institution and to the faculty. He has been of great assistance to the student body in his experiences under the Hitler regime and told of his escape from a concentration camp.

Dr. Dennis H. Cooke

Prominent Visitors On Campus

Dr. Russ McKewen, Director of Public Relations Board of Education, Methodist Church, was on the campus all day Wednesday, February 13, to visit and observe many phases of the college program.

The regular faculty meeting, originally scheduled for Monday, February 13, was set forward to Wednesday so that the members of the faculty and administration might have the opportunity to hear the helpful and inspiring message which Dr. McKewen was known to have.
Some of us still have cars that will still run, and it would be great if we could help the High Point Freshmen students reach their destinations. What we need is an authentic High Point signal.

Too often we have stepped to give a lift to one we thought belonged to us. R. H. Lynch, chairman, Y. M. C. A., Ryal, suggested that a looker, or a reader of gas meters, and at times a plain old bum. Or he might be miles from town, although at the moment—and yet turn out to be a High Point student.

When driving there are a few simple rules to observe on the highway—and especially if you are not from the Thumb. First, if you stop to let a seat—I mean, stop at the roadside so you are, where you are from, and your destination. Third, if you have seen a High Point sticker on it. But if you do not have a bag there is a reason why the person behind the wheel who is in such a hurry the friend of the college may know that you are a college boy. A good sign of where you are, and a bad sign if people may be some distance from you.

That is the national position among the college groups. The driver takes a risk when he picks up a stranger and the stranger may take a risk. If the driver is under the influence of alcohol or drugs then it is not your desire to feel that the college, it is estimated that $60,000 of in any college in the state. When the students finish the association and be able to maintain a close contact with our school and be able to make the college a strong organization, the alumni need to stay in touch with the college.

An important factor has been the weekly assemblies where the public is informed of what is happening on the campus. All attendance checking, repeating the course.

If a student can pass a standard test, in mathematics, his- each individual student. Which plan has been successful. He may want to give you a lift again at a later date, or give your car a lift. He might be an unwilling or perhaps an incompetent that to this group that we the students should be recognized and honored, for our alumni belong to no par to attend more class periods and relearn the course.

High Point College Serves In Peace And in War

During the recent war High Point College donated its facilities to the use of the government in order to do its part to help end the fight and bring victory to the Allied cause.

On April 5, 1948, the army sent its first detachment of aviation students to the college to receive their basic instructions in the fundamentals of English, mathematics, physics, geography and other practical subjects. During the period that the army maintained a unit here at the college 753 men were put through the prescribed program.

Many of these army trainees returned after the war to complete their college education at the institution that they had been introduced to during the war. These students represented the neighboring states as well as the Northern and Western States.

The college gained from the experience of having these services here. The intensive military training tended to spoil up the 247 regular students who were in attendance during the time that the cadets were here. The diversified talents and experiences of the men who had come from so many sections of the country gave a broad base to knowledge to all; and the high spirit and efficiency of the training did much to keep up college morale during a very difficult time.

Graduates of High Point College served in all branches of the armed forces as nurses, doctors, soldiers, sailors and marines. Thirty-two of these graduates paid the supreme sacrifice by giving their life in service for God and Country.

High Point College gives its service to the nation in peace and war. Its function is to train and educate and educational uplifting of the nation.

Faculty Members

Students at High Point College are fortunate to have the inspirational services of the faculty members pictured above. A large majority are from North Carolina and neighboring states.

Of the administration members, Dr. Dennis H. Cook, the president, is a native of North Carolina, received his A.B. and A.M. degrees at Duke University and taught many years in his home state; his Ph.D. degree, however, is from George Peabody College in Tennessee. Dr. Clifford Reginald Hinsawe, Dean of Instruction since 1930 and head of the department of education and psychology, is a graduate of Guilford, and did some of his advanced study at the University of North Carolina and at Duke; his other graduate work was at Columbia, and his LL.D. degree is from Western Maryland. He, too, is a North Carolina and has been at High Point College since 1927. Dr. Percy E. Lindsay, Dean of Students and professor of religious education, graduated from Elon College and has taught at High Point College since its founding in 1925; his advanced studies were at Vanderbilt University and Chicago. His other graduate work was at Columbia, and his Ph.D. degree is from the University of North Carolina.

Miss Ada B. Johnson received her B.S. degree from the University of Minnesota and her M.A. degree at Harvard and the Ph.D. degree at Stanford.

Dr. Stuart C. Deskins, of Virginia, is head of the department of history and received his Ph.D. degree from the University of North Carolina.

Miss Ada B. Johnson received her B.S. degree from the University of Nebraska and her M.A. degree from New York and Columbia Universities, respectively. Miss Johnson is an assistant professor and head of the department of home economics.

The modern languages department is headed by Mr. J. Hobart Allred. Mr. Allred completed his undergraduate work at the University of North Carolina and the University of Mexico.

Mr. Robert W. Wood of Baltimore, took his B.S. and M.A. degrees at Columbia University. He is head of the music department.

Dr. P. E. Lindsey received his B.M. degree from Western Kentucky College and his studies were pursued at Vanderbilt University and Chicago. Dr. Lindsey heads the religious education department.

Director of physical education for men, Mr. Arthur G. Paschal, received his B.S. and M.A. degrees from institutions in Oklahoma.

"Here you ever been pinched for going too fast?" "No, but I've been slapped." — The Tiger.

High Point College Serves as Training Ground for Teachers

Approximately 60 per cent of the High Point graduates have entered the teaching profession. The training of capable teachers has been one of the primary objectives of High Point College since its doors opened in 1925. Eleven of the 13 graduates in the class of 1927 received teachers certificates. For the first few years most of the teachers certificates were issued to women, but in the last few years there has been a noticeable tendency for more men to enter the teaching field. This has been brought about due to the fact that the pay for teachers is practically on a par with the pay in a business and due to more security in the teaching profession than is prevalent in the business field.

The department of education and psychology offers all the professional courses required by the state for the primary, grammar and high school teachers certificate. In addition to the required courses in the school, the pupil, and teaching and practice, a large number of elective courses are offered in education. A variety of courses are offered in psychology.

The college is able to offer such a variety of courses in education and psychology because it has a well-trained and adequate teaching staff.

Of the more than 1,000 graduates who have received teacher certificates, some are teaching in colleges, some are school superintendents, some are high school or elementary school principals. But most of them are classroom teachers located throughout the state and in many other states.

Wherever the teachers produced by High Point College are located they continue to give a good account of themselves that is reflected in the quality of the teaching that they received while students at High Point College.

PANTHERS DOWNED BY E. C. T. C.

After winning 18 straight games the Panthers traveled to Greenville, N. C., to play the Buccaneers of E. C. T. C. It was here that the Panthers met their Waterloo, but Napoleon's defeat was final and the Panthers bounced back to take the next four games to sew up the conference championship. An overall shooting accuracy of only .65 per cent, bad passes, and the pressure of extending their winning streak contributed to the Panther defeat. The Panthers were off in the goal department and the Buccaneers were playing their best ball for this span of the season. The Panthers tried 57 shots from the floor and hit on only 23, while the Buccaneers held a comfortable 23-26 lead, but the scrappy Buccaneers came back in the second half to completely dominate the playing and to snap the High Point winning streak at 18 games by winning 52-23. E. C. T. C. evidently excreted themselves to the limit against the Panthers because the next night they fell to an underdog eighth-rated Greenville, N. C., 64-54.

A. C. C. GAME

After dropping the game to E. C. T. C. on Friday night the Panthers traveled up to Wilson on Saturday night to redeem themselves by trouncing the Bulldogs 74-48. A. C. C. is a hard team to defeat in its own home floor and it was during the two games in three times that the Panthers had managed to do the job.

ELOM GAME

Led by Leonard Hunt who swiped 31 points through the hoops and through the scoring column, E. C. C. advanced to the next level on the way to see Carolina. The way Choo-Choo instead of the students at North Carolina, is rumored that Coach James is definitely wishing him the best in whatever endeavor he undertakes. It certainly is not for many years to come for the great basketball team that he has produced in the last season. The National League has compressed many pleasant nights of winning basketball.

Baseball

All you New York Yankees and Brooklyn Dodger bait should know that something is in the air. The New York Giants are on the prowl for the second straight week to send the world into a mood of excitement about baseball season. The Giants have everyone talking baseball from coast to coast. The Giants are on the prowl and they have won more games than they have lost. We do not know what the Giants will do to the New York sports fans. It is certainly going to be a great baseball year.

OTHER SPORTS

There are more sports that will be getting under way in the near future. There are rumblings about a basketball tournament of church groups and related organizations. We have been hearing about this for many weeks now. If you would like more information about these events, please contact the church groups and related organizations.

Panthers Win Conference Championship

High Point College Purple Panthers were victorious in the league championship by defeating every team in the North State Conference twice with the exception of Eastern Carolina who handed the Panthers one defeat in conference play. This is the third conference championship that Coach James has brought to the college since he became its head coach in 1946.

The Panthers have been unbeatable on their own home court and have suffered only two defeats on the road.

With this win the Panthers go to toe Carolina State All time modern record of winning 18 straight games the Panthers suffered a momentary lull and were defeated by E. C. T. C. for their second and last loss in regular season play. The Panthers handily redeemed themselves four nights later, just as they had done previously against Kansas Huskies, by soundly trouncing E. C. T. C. and to prove that they were the better team, Coach James used nothing but second and third string during the last quarter.

Tonight the Panthers enter the tournament at State Fair to play the game they have already defeated in regular season play to prove that they are the conference champions.

The National League has completed its games. Each team in the American League has one game yet to go.

The tournament will be completed by March 1 when four of the teams in each league will play for the championship and the Block-H trophy. Last two teams in each will play off for the consolation prize.

Hunt and Sueta Nominated for AP All-America

Guard Leonard Hunt and Center Ed Sueta of the High Point College Purple Panthers are among the 116 outstanding basketball players of the nation who have been tapped for All-America honors by the Associated Press Bureau. The final All-America selection will be made by the newspapers and radio stations who are members of the AP. A first and second team will be selected and final results will be announced on March 9.

Hunt and Sueta are among seven North Carolina players who were selected. Others nominated were Dick Dickey, North Carolina State; Dick Great, of Duke; Hugo Kappler, North Carolina; Nemo Newman, North Carolina; Surf Najevay, Wake Forest; Sammy Rainius, North Carolina State; and Creep Youman, Duke.

Hunt is a sophomore and comes to High Point by way of Indiana; Sueta is also a sophomore and comes to High Point by way of Pennsylvania. At the time he tallied he pulled a leg muscle in the A. C. C game he was the highest scorer in the North State Conference. Hunt has displayed All-American abilities all during the season, but reached the peak of his performance in the game against Elon when he scored 31 points.

High Point being one of the smaller schools it is doubtful whether its nominees will make the final All-America team, but Hunt and Sueta are All-Conference and will probably receive high attention in All-Southern Conference listings of their names.

The Panthers, for an average of 75.6 points per game. In 16 conference games the Panthers have scored 1,192 points for an average of 73.7 points per game. In 25 games the Panthers have scored 1,801 points for an average of 72.4 points per game. At the same time the opposition has scored 1,294 points against High Point.

N. State Tourney Gets Underway at Statesville Tonight

High Point Purple Panthers enter the tournament at Statesville as the favorites due to their 15-1 record in conference play. The Panthers drew top seeding for the seventh annual North State Conference tournament.

The Atlantic Christian Bulldoggs, sixth-place club, will face the Panthers tonight at 9 p.m. In regular season play the Panthers have handled the Bulldoggs two decisive defeats.

The opening day's pairings are as follows:

2:30 p.m.—East Carolina (4) vs. Lenoir-Rhyne (5).
4:00 p.m.—Catawba (3) vs. Elon (2).
7:00 p.m.—Appalachian (1) vs. Guilford (7).
9:00 p.m.—High Point (1) vs. Atlantic Christian (6).

Friday night's semi-final pairings will send the High Point-Athletic Christian winner against the Catawba-Elon winner at 9 p.m. The Appalachian-Guilford winner will meet the East Carolina-Lenoir-Rhyne winner at 7:30 p.m.

The two winning teams will meet in the finals on Saturday night at 8:00 p.m.

Hunt and Sueta Nominated for AP All-America

EX-MEMBER . . . (Continued From Page One)

Mr. Seger stated that he knew Hitler personally and that he did not consider Hitler a genius or an educated man. He stated that Hitler possessed the requirements for all leaders and that was the ability to organize the mass in time of distress. Hitler became the seventh member of the National Socialist German Worker's Party in 1920 and shortly thereafter became the leader, but he was unable to make much headway until the depression set in during 1930. At the beginning of 1930 there were only 13 Nazi members in the Parliament of 488, but by the end of the year there were 179 members of the Nazi party. Mr. Seger at that time was a Democratic member of Parliament. Hitler still needed a majority before he could become Chancellor. In order to obtain a legal majority he ordered the arrest and internment of all Democratic members of the house and it is said he could receive a fair vote of confidence.

Hitler's success lay in his control of the Secret State Police, better known as the Gestapo. Its membership included one person out of every 100 persons in Germany. This group could search anywhere, at any time without benefit of a warrant. They could try and convict without a jury. They could arrest anywhere, at any time without a warrant. This group could arrest anyone, anywhere. This group was better known as the Gestapo. Its members were better trained by Hitler's special order.

The following is the final North Carolina State Conference standing in conference games only:

Society News

Welcome to all visitors and Alumnae! We sincerely hope your visit with us is a pleasant one. Mrs. C. B. Hinks, a sponsor of the Alpha Theta Phi Sorority, entertained with a Valentine Dinner at her home. All members of the sorority and the other sponsors, Mrs. Alice P. White, Mrs. Alice Gorman, and Miss Margaret Carter were present for the gala occasion. The E. H. O. Fraternity initiated the following men into the brotherhood: Graydon Dawson, R. C. Sappenfield, Milton Chandler, Leonard Hunt, and Bill Heath. The new members received the informal invitation Monday night, and were made formal members on the following Tuesday night.

The Sigma Alpha Phi Sorority entertained an informally at the Junior Ruth Cabin, Friday, February 17. The chaptermen for the evening were Mr. and Mrs. Judson Ruth and Mr. and Mrs. LeRoy Collison. Others present were members of the sorority and their guests. Religion on High Point College Campus plays a vital and inspirational role in the life of the students. Each and everyone is extended a cordial invitation to attend the Sunday evening vesper services at 6:30 p.m. Interesting and timely programs are planned for each meeting. The following will be presented in the coming weeks:

February 19 — Miss Charmione Rose, Program Chairman March 1 — The Duke Committee on Church Relations March 12 — Religious Drama by H. P. C. Students March 19 — First Program of Religious Emphasis Week

Congratulations to the Ministerial Association for the beautiful execution of the Lindley Chapel. This is another fine exhibition of initiative and co-operation inherent in this organization.

On Monday night, March 18, the Home Economics girls will present a demonstration on table manners. All girls who are interested in attending are asked to see one of the Home Economics majors about signing for the course.

The weekly dances sponsored by the E. P. O. Club have been termed a success by all those who have attended. If you have not yet attended, make plans now to do so. You are assured an evening of enjoyment. Congratulations to you, Dr. Cooke, as you assume your new position!

Adopted Daughter

The Methodist Student Fellowship has taken as its main project this year the adoption of expenses of Vassiliki Donas, a ten-year-old Greek girl made fatherless, hopeless and destitute because of the war. The cost of this project is $180.00 for the year. This gives the child her books, education, food, clothing, and transportation.

Meandering In Music

Have you noticed how many of the old songs are being released now? Tommy Dorsey’s “Well Gain’t It” is back at its same fast pace. “How High the Moon” is like the tricky tune “Cuttin’ Capers” by Perry Como. As a matter of fact she has our vote for most anything. Frankie Laine has hit the jackpot again — he’s off the “Mile Train” and flying now on “Cow Country.” Bill Eckstein has the number one frequent listener recording of “Singin’ By The Window” — another sentimental tear-jerker. He’s running with the intoning “You’ve Changed” displacement, not Bill Eckstein, but surprise?

Ragg Mopp has reached popularity in the same way as “A Baby.” You’re Adorable and some of the other alphabetical tunes have. You can hear them coming any time and place. Our bet is the children will have to see and hear much more musical quality that lasts longer than the pop tunes of today. Be with us on next issue, same page, with more of the same策划 chatter?!
RELIGIOUS EMPHASIS WEEK WILL BEGIN ON MARCH 19TH

Plan for the Challenge Series, a group of programs designed for religious emphasis week, have been announced by the Christian Student Council, it was anounced today by Janie Bartlett, secretary of the Council. These programs, featuring the theme "Courtship and Marriage," will be held Saturday, May 8, from 8:30 p.m. to 11:30 p.m. at the third floor of Roberts Hall, has been selected as the site for these programs. The dance will be sponsored by the campus F. T. A., and will feature a group of programs selected by the students of the National Education Association, president of the N. C. F. T. A., and Religious Education Association. The dance will be held on the campus of the State Normal School, and will feature a group of programs selected by the students of the National Education Association, president of the N. C. F. T. A., and Religious Education Association.

PAGE TWO

"Wha' Happened?"
BY JEAN KEER

By now you all are probably wondering what's happened to "Wha' Happened," but it is a big story, so why waste space when so much time has already been wasted without a gossip column.

In Spring men, alas, it turns to love. Do does a young girl, if you don't believe it just ask Betty Brown and Alec Pappas, who have been seen together frequently on campus lately.

New faces on the H. P. C. campus always give everyone something to notice, and it seems that John Carmack noticed Margie Hartman's. Campus romances are cute, but sometimes there's "the boy back home." Reckon?

Speaking of new faces, there are also a few new boys around giving all the girls a thrill. For instance, there's Frank "Eyes" Smith, who seems to be keeping his eyes on Nancy Lawson, and there's Jack Kerns, who is still looking them over. J. B. joined the gang at H. P. C., too. J. B. is from Pinnacle or Pilot, and from what we hear his presence would be appreciated at Woman's Hall by certain females.

There's still some boys over in the dorm who prefer to give all the girls a hard time. For instance, "Bill" Durham, Tommy Mison, Paul Weddington, and a few other unlucky males have even been practically asked for dates, but they're still staying away from these parts. Wonder why?

Edna Clark has really been getting a rush lately. Among her admirers are David Mckell, Charles Gardner, George Danos and Don Green, but Edna just can't seem to make up her mind.

Come on, Edna, who is it going to be?

Style a while—that's what the girls at H. P. C. go for nowadays. The Plantation seems to be popular on Sunday nights, especially for Lip Lil柏 who we see there every Sunday night with a different male, but haw you see that look in her eyes when John Riggs is mentioned? Hmph!

"Booger" Heath, Powell Jones, Bob Heath and a few other males are seen around Woman's Hall much more frequently lately. The attraction—Betty, "Cookie," Doris and Carleton. "Babe" Lawrence is also back at H. P. C. with sentimental thoughts of Wake Forest College.

"Snakeyes" is giving "Buddy" Welch a little competition with Betty Belcher and with a frat pin. too?

Since this world is upside down, I thought I would dwell over the boys' dorm, and when I got there it seems I was in the last boy, for the lanes in that section were having a big birthday. Some of the local luminaries were already present for the occasion. That's the usual thing, isn't it? The local luminaries are always first in line. The nominator was in a hurry, and there was a good sized audience, but the party was a success. That's about the two peroxide blondes who were having a night out. Oh, how I wanted to see Nurse Myrtle today, too. I'm glad she's out of here.

Margaret Southard appeared bright and early with Bill Pecor's frosted pine cone. Bill is an ITK, or was until he graduated at midsemester.

Well, everybody, looks like it's about time, so until this columnD
domes you face to face again, I'll sign off with the usual—"BYE, SHUG!" (Sentimental Me.)

The Panthers ended their regular season of play against Mc-
Dowell County High School on Saturday, June 17th. The game
was at its best throughout the game with every one of the fellows
fighting and putting up a solid front. Don Ensmbler and Herman
Deaton dominated the game, their final appearance with the
Panthers. Ensmbler and Deaton will bid farewell to H. P. C.
and sports at graduation this spring.

You can keep an eye on towering Bob Draper as baseball sea-
son begins. Rapid Robert was an ace hurler last season for the
Crary Eagles on Tuesday night with a win of 73-59. The full team
with both teams playing hard to win the game. Bob Draper
and his fellow teammates are ready to begin another season.

In the art of music. You can find Big Ed in the music practice
room "J" to see what he is working on. Big Ed was an artist in
his field, I'd say.

There's that sparkling, razza-dazzle, push-shot artist
Leonard "Hairs" Hunt. There is something neat to be admired
about Leonard than his ability to shoot and pass. Resourcefulness
stands out and on the top of the list, as I see it. When things begin
to work against you, he seemed to stand still and those games as
offensive or defensive, "Hairs" never failed to come out with just
the thing he needed. To prove that the tough spot in the lives
and memories of the Yankees and Rebels is almost a matter of
history, "Hairs" and "Ace" Cartwright have become and are the
best friends you ever see. Where we see "Ace" we usually see
"Hairs" right there too making whoopee. The students and follow-
ers during the week in the dressing room, we often heard Eddie croon-
ing "Dreamer's Holiday" or "Hairs" right there too making whoopee. The students and follow-
ers to find out if it was necessary to be awake to play with the
Panthers it was Paul to get spring football practice ready begin to loosen up, and as

In the Mood For Love." Big Ed
is wishful thinking. We'll be looking at you next year in there with
his teammates. Those uneasy shots that
"Goose" makes from the floor will not be forgotten in a while.
It seems that he literally takes off from the foul-shot circle and
slides right on in, in weaving and turning, for a lay-up. However,
he came down so fast that the opposition was continually driven under
his wide experience in baseball makes him known to Ins friends
and we feel certain that in a few
seasons the Purple Panther foot-
ball team is practically com-
pleted and will be announced in
the next issue of the Hi-Po.

A look now at a man certainly not lacking in length of name,
"Goose" Gray Cartwright. "Ace" hails from Old Town, which
is wishful thinking. We'll be looking at you next year in there with
the other great players, "Goose."

In there fighting, hustling, and passing with the top-flight
Panthers was Paul "Snake" Morgan. Paul was an excellent
man on rebounds and good passing. Ask Big Ed or any of
the forwards to find out if it wasn't necessary to be awake to play
with Paul. Paul passed the ball and kept the team sparked while he was in there with the fellows. Another thing about Paul
is that at any place he traveled the Panthers traveled, he had friends to call on. His wide experience in baseball make him known to his friends
as well as his basketball with the Panthers. I think Paul practices
the idea of being there but one must first be a friend. We
can learn from you there, Paul.

Installation service for Sigma Alpha Phi Sorority was held Monday night in the basement clubrooms of Woman's Hall with Barbara B. Jones, Delta Chapter presi- dient, presiding. The traditional installa- tion procedure was carried out. The following girls were initiated into the sisterhood: Tate Foutz, Donna Crompler, Dot Davis, Nancy Greene, Lydia Teer and Nancy Tystong. The initiation was preceded by the ceremony of Toga Kappa Fraternity initiating four new members into its brotherhood. Mrs. Yarborough, J. B. Inman and Vernon Kinloch were the new pledges. The fraternity was en- tertained one afternoon by Bob Robertson's family and their home in Biby. The pledges were given a dinner on the night of initiation after being wished suc- cess in the future by the old mem- bers. After a pajama party, the house of Doris Namey on Saturday night and church on Sunday morning, Theta Phi So- nority held its formal initiation service at Doris name. The new members are Ruth Izee Cooke of Fayetteville, a junior and trans- fer from Appalachian College, and Sara McDougle of Black Mountain, a freshman. The an- nual banquet will be March 18 at the Woman's Club in Thomasville. The theme will be "Heralds of Spring." The banquet will be followed by a cabin party.

The next meeting of the Meth- odist Student Fellowship will be held in the Student Center Thurs- day evening, March 16, at 7:30 p.m. A special movie, "Seeds of Destiny," will be the main feature of the meeting. March 30 will bring to the M.S.F. a program presented by a group of girls from Greensboro College. Harold Hipp, assistant pastor of the West Market Street Meth- odist Church, will direct square- dancing following the program. These meetings are not merely for students who are members of the Methodist Church or ma- jors in religious work, but are for all students. A cordial wel- come is extended to all.

If you are easily bored, why not stay home?

Who ever heard of a woman boasting about how well she washed clothes and mopped floors?

The original pressure group was the family group, and father was its objective.

None are more hopelessly en- slaved than those who falsely believe they are free.—Goethe.

I never could believe that Prov- idence had sent a few men into the world, ready headed and spurred to ride, and millions ready saddled and bridled to be ridden.—Richard Rumold.

It has been said of the world's history hitherto that might makes right. It is for us and for our time to reverse the maxim and to say that right makes might.—Abraham Lincoln.

"My Heart Has
No Home"

By CHARLES GARDNER

I wander sad and weary
In a world dark and dreary.
Never to rest, always to roam,
For my heart has no home.

I wander through paths, over hills,
By running brooks and twisting rills.
Watching life, plodding the town,
For my heart has no home.

I search for love but it's vain;
I search for joy but find pain.
Alone 'neath the world's dome,
For my heart has no home.

My love departed as life began
In this brilliant world of man.
In this world alone I roam,
For my heart has no home.

TOWER OF PISA

Geography books used to show a picture of the famous Leaning Tower of Pisa, where the great scientist Galileo performed some of his early experiments on the force of gravity. The tower is about 180 feet high. Around the year 1550, when it was built, this was far from a sturdy afterthought.

The unusual feature is that the top is 14'/ feet away from a perpendicular line. If it leaned much more it will fall. Underpinning with cement may be nec- essary.

How did it acquire this lean- ing tendency? Simply because it was not built on bedrock or a reasonably firm foundation. The location is at the mouth of the picturesque river Arno. The tower is like a bean in the bottom of a pot. No one but a child could have been more aware of the tower's deep in this insecure rubble. The tower began to lean even before it was completed. It has been come worse with each passing year.

In learning about a foreign country, prospective visitors like to know especially about its diet and morals, which usually is uppermost in their minds. Widows have survived sheriffs in the Southern States. Women usually prefer to know about the weather, clothes, and the man is wearing nine.
Summer School Begins June 7

Miss Vera Idol, director of the Summer School of the college, stated that the 1950 Bulletin for the Summer School is now ready. The bulletin urges any student that plans to enter Summer School to come by his office and pick up a bulletin and registration blank.

The first term will begin on June 17 and will be over July 18. The second term will begin on July 22 and will be over August 25.

In its Summer term High Point College offers a complete supply of courses to help students to increase their educational qualifications. The Summer School is organized with the definite aim upon it being now in college to make up needed credits or to help those students wishing to reduce the time for graduation.

The college will make every effort to offer classes as early as possible. There will be a sufficient number of students requesting a class that is not offered so that it will be possible to start a class in the subject requested.

Election of Student Government Officers

Interest in the forthcoming election of the Student Government Organization has made it necessary to announce regulations regarding nominations to the students.

1. Officers must be elected in time for the June登班 before the end of the regular term.

2. Candidates for each office will be nominated by the Student Government Council. Any student may be nominated from the floor.

3. Candidates for the office of president must have a grade average of C.

4. Candidates for the office of vice-presidents must be a junior.

5. Candidates for the office of secretary-treasurer may be a member of any class.

6. The恿ing is made to secure voting machines such as those used for the first time by the college in the South by High Point College in last year's assembly. An assembly hour for the nomination of candidates has not been held this year as announced by Henry Maddux, rector president in the Student Government Council. Other registering officers are Curved Bennet, director of men's student council, and Ruby Workman, secretary-treasurer.

7. In men whom men commend as ill, find so much of goodness still in them which none perceive.

8. In men whom none perceive to dye the line, between the two, when God has not.

MISS VERA IDOL ADDRESSES ORDER OF THE LIGHTED LAMP

Miss Vera Idol, professor of English, picked as her topic "The Twentieth-Century Renaissance" when she addressed the students who were admitted to The Order of the Lighted Lamp because of their leadership and scholastic attainments, on Tuesday, March 14. The following are Miss Idol's speech follows:

You young men and women have attained the highest honor you can achieve on the campus. This day will take its place as one of the red-letter days in your college career.

At the close of that period, there is a Reinsurrection with the rebirth of learning in Europe during the Middle Ages. A knowledge of the history and cul-

tural and moral developments of the past show how mankind has not risen in the post and how a man may never or men arose to lead the way into a new life.

Milton's famous definition of education is most comprehensive: "An ideal education is that which shall perform justly, skillfully, and magnanimously all the offices of a man's life.*

*From "On Liberty" by John Stuart Mill.

At this very moment in our History and in the world are to survive must come another renaissance, another dominating interest in the moral life. The leaders must come from the same blood that has reared the leaders of the past. This renaissance is to bring about the renaissance if the world is to survive.

The Lighted Lamp you have been given is a job. It is to bring the following:

1. Spring full grows to the world. There will be a spring full to the world. Preparation. Lincoln studied from hour to hour for the glow of a woodspur, and slept to get an education, so was ready when destiny was upon him.

2. No honor comes without its corresponding responsibilities.

3. By accepting membership in The Lighted Lamp you have promised to live up to the high requirements set by the oath you have taken.

4. The Lighted Lamp as a whole must be a record of having further contributed to advance the cause of intelligent men and the love of

5. The Lighted Lamp must process if he is to reach that height of success to which every ambitious man and woman aspired.

6. T—for Trustworthiness; H—for Honor; E—for Efficiency; L—for Loyalty; I—for Integrity; G—for Goodwill; H—for Helpfulness; T—for Tart; E—for Enthusiasm; D—for Dependability; R—for Readiness; A—for Adaptability; M—for Maturity

The Lighted Lamp. If one acquires the characteristics which fair test and letters stand, he can not help attaining the right kind of success. What is the prize-winning definition in a contest sponsored by the Forest Service? The science clear of those who made very low grades in college there were 10 successes and one failure; of those with average grades, there were three successes and one failure; of those who made very low grades, there were four failures and one success. He pointed out that the correlation of high grades and success in life is very high, and conversely the correlation of low grades and failure in life is also very high.

The members elected were Henry Colbo, Joe Ellis, Joe Ingersoll, Fletcher Wemble, Ed Edmund, Owen Fitzgerald, George Thompson and Ruby Workman.

7. Do: I don't see where he gets off—springing a test like that. It was too long and he didn't go on the staff in class; Mary I flunked, too.

8. Life is a lead by the seat of one's pants get out.

T—or Trustworthiness; H—for Honor; E—for Efficiency; L—for Loyalty; I—for Integrity; G—for Goodwill; H—for Helpfulness; T—for Tart; E—for Enthusiasm; D—for Dependability; R—for Readiness; A—for Adaptability; M—for Maturity

EDITORIAL POLICY

Election of school officers for next year will take place some time during the month of April. In order to create no misunderstandings among the students, the following rules are to be observed during the election period and indeed during the school year when a controversial issue arises: We express no opinion on how to come to a conclusion so that everyone may understand just why certain policies are followed.

1—In the election of school officers the editor will take no sides. Each candidate will receive equal space in the paper. The campaign manager for each candidate will furnish all articles to be printed. The editor shall be notified as to how much space every candidate will be allowed. In no case will any member of the HI-PO staff be the author of the material presented for publication.

2—In the event of a controversial issue arising on the campus between faculty and students, or between the Administration and students, or among any group to the campus, the student paper will endeavor to present both sides of the question without prejudice or bias.

3—The final decisions in regard to the editorial policy followed or practiced will be referred to the publication council.

JOURNALISM CLASS

A student newspaper is essential on any college campus. It is a means whereby the students can voice their ideas on the campus and keep up with news items that are interesting to them; the student paper is also a training ground for future writers. Many of the best journalists in this nation received their initial training with their college newspapers. But before a student can become a journalist he must receive the proper training in the proper procedure.

The administration itself has a job to insure the future success of the HI-PO. At the present time there is no one place on the campus whereby a student can learn journalism. On page 73 of the 1950 catalogue it will be found that "Introductory Journalism" was to be offered during the first semester, and that "Advanced Journalism" was to be offered during the second semester. Neither course was offered to the students during the specified time. In my investigations I have received the following answers to the question of:

1—Not enough students interested.
2—Shortage of English instructors.
3—If a student wishes to write there is a composition class open.

To the first answer I know from personal experience and contact that there are enough students interested in learning how to write to fill a class. When the first call was issued for the editors of this paper at the first of the year 20 students responded. All these students were anxious to learn how to write so that the public would enjoy reading.

The second answer carries the weight of a legitimate reason. Without a doubt there are not enough English instructors to teach all the classes that are needed. But correct writing is as important as correct speaking; therefore, it seems that a journalism class should receive equal rating with a speech class.

The third answer as to a composition class being open is correct. But a composition class and a journalism class are entirely different. In their outlook. A composition class teaches a student to write correctly in the form of the essay. When a journalism class teaches a student to write correctly and also, teaches a student to write in such a way that his writing will be interesting for the public to read.

If the student paper is to improve, it is important that something be done about teaching the students the correct procedure in writing and publishing a newspaper.

"Wha' Happened"

By Jean Kerr

Time waits for no one—how true. Seems like only yesterday that I was raking my brain to try to remember what had been happening around H. P. C., and here I am doing the same thing all over again, no harum-scarum—Here’s Wha’ Happened.

Girls, blow them, are always gettingough on males. Now why this can’t be vice-versa, I’ll never know, but anyway, there seemed to be a girl on “2-A” of Woman’s Hall, and also one on third floor who would like to date JACK RIDGE and JIMI BAILEY respectively. Hope these two rakes will respond to this plea.

A certain Ashville girl certainly would be pleased if a boy from Ashville, named JOE HAREELL, would give her more breaks. How’s about it Joe?

Seems like JIMMY FISHER’s name hasn’t been in this column quite often lately. Square dances seem to be his favorite dish, or could be that that “girl” is his favorite dish? I bet I could guess.

BECKY BROWN attended the Fresh-Junior dance at Catawba last week-end. Fine time, no less! Just two weeks from Saturday the D.A.E. fest is planning their annual banquet. The girls that have been invited are simply thrilled to death at the thought of all the excitement and glamour of the night. Of course, there is still time to be invited in case you boys don’t have dates. Let’s it right girls??

BECKY HOOVER and JOE INMAN seem to being quite a bit of each other lately. Sunday nights, week nights, they’re all the same thing. Becky just replied that he always liked to start the day off right—with a “JEAN.”

What was the A-Model doing over behind the girl’s dorm the other night? No, wasn’t a soul in it, until it’s a-wanna-ooh, tricks won’t play.

GARY HENRY likes the dorm that he doesn’t live in so much that he can be seen over “HERE” even early in the morning. When asked why he came over so early Gary just replied that he always liked to start the day off right—with a “JEAN.”

Since space is short, and rainy weather has a bit of making a certain “brood” of “chillens” answered the phone and fly over to the press office where a certain editor is probably having his final feature editor is so very slow, so until next time—

“BETE SHUG!”

She was a gorgeous creature, He was a dashing mate, He admired her figure in English class, but I’m not drunk. For all I know, but me, All’s married and he doesn’t need it.

Bet I could guess!

Well, sportsmen, basketball is still in the air, and our varsity is in action under the sponsorship of various business concerns. The tourney in Greensboro ended only a week ago, and our varsity men went into the finals against strong competition all the way to a group of players composed largely of former McCrory men. The fact that regulation play the score was knotted, and it was necessary to go into overtime play has the McCrory men in reserve and reserve, proving too much for our tied squad. The fellowship of High Point College Grill became runners-up of the tourney. Due to the alertness of the same Josie Joyce who was active coach the game was played under protest since McCrory had illegally signed too many men for the tourney. The protest was upheld and the championship went to the High Point College Grill. The trophy is a beauty, and all the fellows are proud of it. Individual awards were made also. However, the number of our students are not seeing these games, but it is good to know the boys are playing well and winning trophies as they go. At the present time, the varsity is playing in an open tournament at Trinity Sigma Greeks of the Sportsman’s Club, and Friday night, with Wee hitting 30 and Hunt 25, Harper 23, and Cartwright the final score was 100 to 61. Believe you me, that is what I call literally pouring the points in that hoop!

"WITH THE ATHLETES" BY WAYNE SHELTON

Thoughts for Lent

Let justice roll down like waters,
And righteousness like a mighty stream—Amos 5:24.

We belong to God. He owns us, our destiny is to live with Him. All the way with Christ assures victory over death.

"Behold the fear of the Lord, that is wisdom; and to depart from evil is understanding."

"Glorify God in your body, and in your spirit, which are God’s."

"The just shall live by faith."

"Where the spirit of the Lord is, there is liberty."

"Let your light so shine before men that they may see your good works and glorify your Father which is in heaven."

The problems of our horizontal man to man relationships are conquered when the vertical-God to man and to God relationships—are firmly established.

"Who his own self bore our sins in his own body on the tree."

The blood of Jesus Christ His Son cleanseth us from our sin.

"For by grace are ye saved through faith; and that not of yourselves, it is the gift of God."

"The record is written high above, and the Lamb that was slain hath opened the book and is worthy to receive power and riches and honor and glory and blessing."
"Foundation of A Nation"

By CHARLES GARDNER

There are things on the face of a dime,
Things that play the liberty rhyme.
The wings of love that give us life
Shall carry us through all our strife;
The face of Miss Liberty can be seen
To represent the fruits of life we glean;
The letters gracing the edge so well
Do in a single word our motto spell;
The four words, "In God We Trust;"
Are our soul's only earthly must;
The axe of war for freedom's fight
Which can be won with its might;
The olive branch of living peace
That reigns when war does cease.

Henry Maddux

To be a good teacher is the ambition of our personality man,
Henry Townes Maddux, who hails from Raleigh, North Carolina. Henry is a senior and his major is English. Henry's favorite sport is tennis and for his three years of playing he has to his credit 43 wins and two losses. Last year he was the North State Conference singles champion.

As president of the H. P. C. Student Government, Henry has been outstanding in keeping the affairs of the college running smoothly. During his four years in college he has been a member of the N. D. M. Club and at present is the secretary of the organization. He has also been a member of the Block "H" Club, sports editor of the "Zenith," former editor of "The Student's Digest," and was chosen Best All Round in the senior class.

Best wishes for your continued success in years to come!

"Are you troubled with improper thoughts?"
"No, I rather enjoy them."

"We shall have to take the responsibility for world collaboration, or we shall have to bear the responsibility for another world conflict." — Franklin D. Roosevelt, March 1, 1945.

It has been said of the world's history hitherto that might makes right. It is for us and our time to reverse the maxim and to say that right makes might.

—Abraham Lincoln.

Co-operation is spelled with two letters—W.E.

—George M. Verity.

Money is created by trade, not trade by money.

—A. B. Barker.

None are more hopelessly enslaved than those who falsely believe they are free.

—Goethe.

I never could believe that Providence had sent a few men into the world, ready armed and spurred to ride, and millions more saddled and bridled to be ridden.

—Richard Rumbold.

Workman, Auman Elected To Head Zenith Staff

Ruby Workman, a rising senior, has been elected the re- tiring Zenith staff and the public.

tory staff to the editorship of Miss Workman is very active in campus activities and is at the present time a repre- sentative on the student coun-

elcted as the business manager for 1950-51. Miss Workman is also very active in campus activities and is this year a rep- resentative on the student coun-

cus activities and is this year

sociate Editor, and Betty Jane Workman, a rising junior, is associate Editor.

She would like to express her ap-

preciation for the cooperation of all campus and faculty members and prospective employers.

Placement Office Asset to College

Originally planned as a back-

ground in the advisor-y system, the Placement Office headed by Mrs. Alice C. Gorman, counselor, is of great value to students and faculty in planning their careers and securing positions.

The services of Mrs. Gorman are at the disposal of all students in their efforts to obtain information about the fields which they are interested in. A com-
pilation of "jobs for students" of the college, a listing of what of work requirement, remuneration re-

quired, future outlook, and cost of education may be found in the Place-

ment Office. A list of the students of lower class is also available.

Internet and aptitude (general ability) tests are available and offer much as-

sistance in helping the student to locate his best field of interest and ability. The files are confi-

dential and available only to fac-

ulty members and prospective em-

ployers.

A year before gradu-

ation in January and May, letters are mailed to the members of the college and to every high school stu-

dent in North Carolina to encourage the students to locate their best field of interest and ability.

Approximately 300 letters go out each month to all county and city school superintendents an-

nouncing graduates who have met the requirements for admittance to the college.

An additional 36,000 letters are sent out to all county and city school superintendents with the name and address of each student.

The American educational system, addition to the student work pro-

gram, are available to all prospective employers.

Three Dramas to Be Presented

Miss Emma Frances Baber, in addition to her duties as a Business Office, is one of the most outstanding

students in the college.

A well-regarded drama student, Miss Baber is famous for her

ability to produce and direct her own plays. She has directed and produced several plays, including "The Honeymoon," which was presented before the student assem-

by at Winston-Salem on Saturday, April 15.

The electric secretary has made herself available to handle all phone calls.

day's perfect secretary

The telephone operator at the Placement Office is Miss Baber, a rising senior, who has been at the college for three years. Miss Baber is responsible for answering all phone calls and keeping the office well organized.

The telephone operator is responsible for taking messages, answering questions, and directing calls to the appropriate personnel.

Miss Baber is very organized and efficient in her work. She always answers the phone promptly and directs calls to the correct person.

The telephone operator also has the responsibility of keeping the office well-stocked with supplies such as paper, pens, and staplers.

The telephone operator is required to maintain a professional demeanor while answering the phone and interacting with callers.

The telephone operator must also be able to handle difficult situations and provide helpful information to callers.

The telephone operator must be able to work well under pressure and maintain a positive attitude at all times.

The telephone operator is an important member of the Placement Office team.

The telephone operator is responsible for maintaining the smooth operation of the office.

The telephone operator is an integral part of the Placement Office and plays a crucial role in assisting students in their career planning.

Rubinoff Plays At Assembly

David Rubinoff is a well-known violist, performer, and composer. He has been a fixture on the college assembly schedule for several years.

In his most recent appearance, Rubinoff performed a variety of songs and compositions, including a piece he wrote especially for the college assembly.

Rubinoff has also performed with various orchestras and ensembles, including the New York Philharmonic and the Boston Symphony Orchestra.

Rubinoff is known for his virtuosity on the viola, as well as his ability to connect with audiences through his engaging performances.

The Rubinoff performance at the college assembly was well-received by both students and faculty, who enjoyed his music and the opportunity to hear him perform live on campus.

Rubinoff will continue to perform at the college assembly, as well as at other events and venues around the area.

Rubinoff's music is well-suited for the assembly format, as it allows him to demonstrate his technical skill and connect with the audience in a personal way.

The Rubinoff assembly was a memorable event that showcased the college's commitment to bringing diverse cultural experiences to its community.
Editorial

To the students who have not read and to the ones who might have forgotten I would like to quote the following from the Constitution of the Student Government of High Point College, under the heading of the By-Laws and specifically as to the policies.

The numbers refer to the policy number:

1. Profanity, gambling and obscene language in all forms are contrary to the principles of our government. We hereby express our emphatic disapproval and obligate ourselves to take necessary action to eliminate such.

2. The possession or use of alcoholic beverages shall be grounds for a recommendation to the Executive Committee for suspension or expulsion.

3. Social Standards—Total development is the ultimate goal of life at High Point College. There are many phases of this experience and the social life is a part of it. The social standards of High Point College are on a high level in keeping with those of co-educational church institutions. All students by their conduct and the student government work together to maintain this high level of wholesome development.

The above laws were drawn up by and approved by the students. The elected officers are pledged to uphold these laws. These laws do not only pertain to the student while in campus but are also in activities outside the campus. Every organization and club represents High Point College on and off the campus; therefore, all clubs are under this law as long as students of the college are members of such organizations.

THE CHURCH

Continued from Page One

to expect that the young men and women who have been blessed with a college education will have a sense of responsibility to their community, state and nation. The church— if it stands— has a right and a privilege to expect a higher type of citizenship and to help others receive an education and enjoy the same privileges as the church college has made possible for them. There is something wrong with the present system when young people are being turned out who have no sense of responsibility toward their community, state, nation and colleges. In a survey of a middle-class western college, it was found that the graduates contributed on the average of 25 cents a year toward the support of the college.

Leading businessmen of the nation today are beginning to worry over the types of graduates coming out of the colleges. They are asking such questions as: "How many young people made a decision for Christ in that college's last Religious Emphasis Week?" Do the young people have a sense of appreciation for the type of citizenship and American democracy that made this money possible that made possible their education? Are these young people really enthusiastic about their school? Just how Christian is that college? "What did she find?" "What explorers find—material for a lecture."

"Wha' Happened?"

By JEAN KERR

April Fool's Day passed quietly at High Point College with no campuswide being reported, but the DAE frat wasn't feeling so they did they planned a big night at the King Cotton in Greensboro, but without Mr. Williams flowers. Williams flowers were excited before they left for the banquet and dance, and after the evening was a memory, many of them were left more excited for everyone had a wonderful time. Some of those were BILLY SMITH with BETTY VENABLE of Mount Airy; EDNA CLARK with CHARLES CASEY, RICK FOWLER with ZANE TAYLOR; CAROLYN AUTRY with JUDD BETH; LIZ GILBERT with TED JORD; JEANNETTE HAWKINS with BOB MORRISON, and too many others to mention. Of course all of the girls were proud of their Orchids and DAE "babydollies."

The sun must be pretty hot behind the girl's dorm, for the other afternoon when about half of the girls in the dorms were taking sun baths, all of theclose-by grass was up in a blaze. No one could explain it, unless the heat of the sun caused the fire, but all of the girls quickly turned firemen, and put it out. ELENA CHURCH, "ZITTELIT" MALDAR, DORIS AUTRY, BETTY EDWARDS, and many others will receive the "PURPLE HEART" for bravery beyond the call of duty. Lost or damaged in the fire—one shoe—belonging to DOBBY CRUMBLE.

BECKY SOUTHERLAND's "Kipy" was here this week and BETTY GARRETT's nurse came up Sunday. MARIE WAREN was dating BILL ELMORE; COOKIE was dating W. G. and all had a fine week-end.

Why not AUDREY on a happy Thursday night? Why any one could guess that CAROLYN, that cute gal from Lenno-Bryer, was here. She came down for a wedding—no not her's and Ed's—but anyway Ed was sporting a car, so they had much fun.

BETTY BELCHER and RUTH JONES were among those attending the alumni festival in Wilmington this past weekend, and all were at week-end to remember for the future.

JEAN COLSON ROGERS came down from Norfolk, Va., to attend the DAE dance this week-end. Of course, she dated her husband, FRED ROGERS.

OLIVER HAUSER just won't ask any of the girls in the dorm down for a date, but there are several over in these parts who sure would like a long, SLOW ring on the phone—it being Oliver, of course. Of course they are asking them for a date. How about it Oliver?

CLAYTON SNYDER had neglected in this column long enough and since Clayton just won't put me in the know and dance, but after the evening was a mistake, asking them for a date. How about it Oliver?

JANE TAYLOR, FRED ROGERS, and too many others to name.

OLIVER HAUSER just won't ask any of the girls in the dorm down for a date, but there are several over in these parts who sure would like a long, SLOW ring on the phone—it being Oliver, of course. Of course they are asking them for a date. How about it Oliver?

### Intramurals

The slant now in intramurals is volleyball. There have been some good games in this sport so far this season. Nelson in their first game, took on a new look to us that apparently pays little attention to intramurals. He showed signs that trouble for trouble is not uncommon to see four ringers in a single game. It is nearly impossible to see Mr. Paschal.

Oh, you, sportsmen, we do have a number of trackmen among us. Duncan Redditt and his shoes, Track shoes have been at work since the school's opening these three spring days. I might add that this is that of a true champion in track. With those long, muscular legs, he can cover a lot of ground in a minimum of time. I know that in the near future that we here can have a track team that will make the sports pages with cap.

The hairs used in the manufacture of "counsel's hair" bandanas are taken from squirrels.

Marc Anthony made two famous speeches. One was at Caesar's grave when he said: "I came to buy Corin, not to praise him." The other was at Cleopatra's tent at midnight. "I didn't come here to tell," he said.

By Wayne Shelton

I want to give this last bit of information on the basketball scene here before we next Fall will bring us another season on the basketball scene. Here goes. The Sportsmen's Club which was composed of our varsity men went to the finals in the Class A bracket of the Panthe-rettes Tournament a couple of weeks ago. All the way we tell our folks, our team played one of its best games ever. Believe me, it was a thrill to watch them in action. At the final buzzer, our fellows emerged victor of the affair in the Class A bracket. It was a bid for the win at the same time. The Grey Foxes of Catawba imore students the opportunity to furnish in the future when they sit down to tell junior about the big game, or to muse on in for the coming games and go over the things that mean a lot to the individual players. Do you know it was their championship all the more to their unification as a team. The fellows are: "Scoop" Maddox, Neil Maddox, Fayette Glaesner, Jake Steele and Harry "Termite" Cardwell. You can keep an eye on these fellows and Harry "Termite" Cardwell. You can keep an eye on these fellows to their employers what their work out your pitch. It is not uncommon to see that their employers what their characters are by what they do before they are forced by officer's orders to act in a certain prescribed manner. This man says he saves himself much trouble by this method because he lets the men work for themselves. They either win a place or win a discharge. It is foolish to try to build a house on a weak foundation. He cannot afford to waste either time or energy on workers who are not naturally
SOCIETY NEWS

The Delta Alpha Epsilon Fraternity held their annual banquet and dance April 1, at the King Cotton Hotel in Greensboro. Special guests of the evening were three of the charter members. Dr. Glenn G. Faries, Mr. Guy Willard, and Mr. Harvey M. Young. The guest speaker was Mr. Faries, who related the first called the first banquet held by the D.A.E. Fraternity twenty years ago in the same hotel. Other guests of the evening were Professors S. H. Allred and J. H. Mounce, Mrs. Allred and Mr. E. Frances Faries. Dancing to the music of Art Lopez was enjoyed after a delicious dinner.

On Friday evening the E.P.O. held a cabin party with out-of-town guests from Indiana, Virginia, and South Carolina. New members to this organization are: Dan Heath, Walnut Cave, N. C.; Bob Forbes, JoNineville, N. C.; Bob Hughes, Oxford, N. C.; Sandy McDonald, Star, N. C.; Bill Woods, Dublin, N. C.; Bill Collette, Mocksville, N. C.; Gene Dull, Mocksville, N. C.; and Gravy Hardin, Fairmont, N. C. Following the Easter holidays the weekly dances will be resumed.

Thanks are extended to those who have made these dances a success!

The Epsilon Eta Phi annual banquet and dance with honorary members, Prof. and Mrs. H. E. Cabe, Dr. and Mrs. O. H. Hubbard, Prof. and Mrs. N. P. Yarbrough and Mrs. Richard Short, present, was held at the Lexington Country Club, on Saturday, April 1. Music by Jerry Johnson and his orchestra was enjoyed until midnight.

The Religious Education Club filled paper Easter baskets with candy which will be given as favors to the patients at the T. B. Sanitarium. Miss Eugen, "Nurse Myrtle," presented to the club a pair of gold candlesticks which will be used in Lindley Chapel.

The Methodist Student Fellowship was presented an inspiring program by the Fellowship from Greensboro College on Thursday evening, March 30. Following the Easter worship program, revivification was led by Harold Hippo, Assistant Pastor of West Market Church in Greensboro.

Touchstone

By Dr. Lincoln Lorenz

A hundred thousand ears,
Just these, my two,
Before I wrong the eye
By deed I do.

A hundred thousand ears,
Just these, my two,
Before I wrong the car
By word untrace.

A hundred thousand souls
Just one, my soul,
Before I wrong the soul
By thought alone.

SHOO FLY—THEN THE FIRST SALUTE

The salute, which is today a universally accepted part of military decorum, started as a simple gesture of necessity. It originated with the soldier who was detailed to deliver an important communication to the general, the vanguard of the Campanian general. The messenger was expected to be met at the foot of the steps and dismounted before the great leader. The messenger was about to launch into his words of greeting, when suddenly a large fly landed on his nose and proceeded to torment him mercilessly. Unable to break free easily because of the seriousness and formality of the occasion, he suddenly had an inspiration. Raising his hand to his forehead he quickly slapped it against the fly in order to shoo it away. As the messenger had anticipated, Hannibal interpreted the movement as some kind of greeting and replied in kind.

Major Roy Carlson, U. of Iowa, Training Executive, U. S. Air Force!

Roy completed 125 combat missions, landing many of them, supporting the invasion of France. He studied at the University when war changed his mind, then went to work at Consolidated Vultee. His military career was almost launched when he signed his application for Aviation Cadet training. But it wasn’t long until he had put in his three of the charter members: Promoted for Ciiepman, then to Major.

He went to work at Consolidated Vultee in San Diego, building P-47s and B-24s. But it wasn’t long until he had put in his application for Aviation Cadet training.

Cadet Carlson was brought in April, 1943, was assigned to the 47th Thunderbolts” with the 368th Fighter Group in England, to break ground for the Normandy Invasion.

Roy married the lovely Arvy nome from Lowell, Massachusetts, whom he had met at Canaan, France. After the honeymoon, he returned to finish his studies at the University of Iowa.

BACK HOME—He married the lovely Arvy nome from Lowell, Massachusetts, whom he had met at Canaan, France. After the honeymoon, he returned to finish his studies at the University of Iowa.

Buck home, he married the lovely Arvy nome from Lowell, Massachusetts, whom he had met at Canaan, France, and was assigned to the 47th Thunderbolts with the 368th Fighter Group in England, to break ground for the Normandy invasion.

WOMAN'S HALL ELECTS COUNCIL

Woman's Hall elected the Council which will govern the activities of girl dormitory students next year at a meeting Wednesday, April 5, 1950.

Joyce Mills of Ararat, N. C., retiring secretary, was elected to the office of president and assumed her responsibilities upon return from the Easter holidays. Betty Jane Gibbs yielded to Leola Clevenger the office of vice president. Dot Stone was elected treasurer; Telia Williams, secretary, and Charlotte Austin, head proctor. Retiring officers of these three positions were Dot Montgomery, Joyce Mills, and Doris Tutt.

PASCHAL, MORRISON, SNYDER REPRESENT H. P. C. AT DALLAS

Mr. Arthur G. Paschal, director of physical education; Bob Morrison and Clayton Snyder, physical education majors, traveled to Dallas, Texas, this week to represent High Point College at the National Physical Education Convention to discuss the part of the Intramural Program in the College. All college representatives in the nation are represented at this convention and speakers from several different colleges spoke on how to improve and strengthen the Intramural program.

Mr. Paschal spoke to the gathering of Texas Methods for the Future in American Colleges, and also actively participated in the panel discussions.

IMPORTANT ANNOUNCEMENT

All seniors who are planning to receive a state teacher's certificate are urged to go by the Registrar's office immediately and make an appointment blank as all applications will be mailed to the Raleigh office.

Summer school begins on June 7. All students who plan to attend should file their application at Dr. Hinshaw's office immediately as students over whom he has no information may know what classes are needed and which classes are not needed.

All students who plan to receive a certificate are urged by Mr. Yarbrough to drop by his office and tell him of any application forms in order that a place will be reserved for them in next fall's classes.

Remember the elections for the student officers for next year will be on Monday from 9-3, so do your part and vote in a democracy election.

The fortunate two

Gushing Friend: "Why I'd have thought that you'd be the last person in the world to marry him!"

Bride: "I hope I am."
**Unfinished Accomplishments**

By G. T. S.

Brer-ee, the clock runs down and George slowly opens one eye. As he does, the old man looks around in apparent lack of sleep. Aw shucks, it is only Saturday afternoon. Then George doesn't start till 8:20 so I will just lay here a few minutes longer. George, mooie to himself, as he softly dozes back into the world that he just left before being so rudely jarred by a clock. Better Gradle and Grable have to work through his mind. Now George is the here at the beach the girl's always around him. As he emerges from his dream, he finds a fly on the windshield of his car. So he makes a landing strip for the fly on the windshield of his car. The fly then takes off and lands on the steering wheel. George, mooie to himself, and the election is over.

The same principles are described in our elections? The nation loses its voting privilege then it has the right to change its government. When a nation loses its voting privilege then it has the right to change its government.

Thomas Weaver is really a busy man, and says he can't stop his interfering with his education. Couldn't find out his name, nor could I find out about Dax Whittington. Maybe he'll meet me in the know.

There has been no time for politics in this present election. The nation loses its voting privilege then it has the right to change its government.

The vote will be a choice of personalities and not a vote because some candidate stands to help the student body in some way. This learned vote of personality is carried on into the student's actual political life when he will continue to vote one party or one man regardless of the damage that can be done by voting one way.

Dr. Joseph Martin made the remark that business men today are asking whether the present-day student is aware of our democratic government and its principles. This election business is one of the biggest principles of our system of government.

When a nation loses its voting privilege then it has the right to change its government. When a nation loses its voting privilege then it has the right to change its government. When a nation loses its voting privilege then it has the right to change its government.

And now we take you back to the garden at the State of Oklahoma where the gardeners are mapping their strategy to make sure the best possible thing happens.

The G P O's idea of how democracy works but how can a student make the best possible thing happen? It is not the fault of the candidates that they have not had a wonderful time at the junior-senior prom. Other newly elected officers also had a wonderful time at the senior-senior prom.

Have you noticed that Al Conner gives a call every time he sees a certain girl. This may develop into something better—or is Al just a wolf at heart. I really couldn't say.

The mess is that Marion Warren has been in the halls so frequently lately. Just ask Marion for all the details. He found today that Clifton Snyder and Bob Morris and Mr. Paschal whipped it up to Texas. No further details at this time.

The women are among the girls who are interested in dates for the junior-senior prom. A glamorous occasion so they say.

Joyce Mills has taken over duties as dorm president, taking the place of Carolyn Rouse. Other newly elected officers also overtook their new jobs Monday night.

WHAT HAPPENED

BY JEAN KERR

Surprised to see this column again so soon? Well, to tell the truth, I too, but orders pre orders.

Do you listen to Skyline Patrol? Well, it seems that a certain someone was accused of "fogging the program" the other night with requests for EDNA CLARK and JIMMY JOHNSON, and for a few others who we will not mention now.

Just what happened to CHARLES LONG CASEY ("Casey," or "Casey," over the Easter holidays? Didn't you say that he last Rock Hill, S. C. "Casey." "I Almost Lost My Mind" is dedicated to "Casey" at the party.

The ITK frat banquet is tomorrow night at the Lexington Country Club. DORIS AUTRY will be acting President BILL GILMORE, DOAN "COOKIE" COOK will be with LONNIE, of course, and many others, Everyone is counting on a marvellous time.

RED MASHBURN is a frequent visitor to the "BAR'S LAW-"

But yes, you guessed it — there is no privacy on the front steps of the dorms is there??

Seen quite often around the campus is TRUMAN FARRFELD and HELEN STANLEY.

Betty Belcher dated OWEN FITZGERALD to the junior-senior prom. A glamorous occasion so they say.

Have you noticed that Al Conner gives a call every time he sees a certain girl. This may develop into something better—or is Al just a wolf at heart. I really couldn't say.

Who is it that Marion Warren has been in the halls so frequently lately? Just ask Marion for all the details. He found today that Clifton Snyder and Bob Morris and Mr. Paschal whipped it up to Texas. No further details at this time.

The women are among the girls who are interested in dates for the junior-senior prom. A glamorous occasion so they say.

Joyce Mills has taken over duties as dorm president, taking the place of Carolyn Rouse. Other newly elected officers also overtook their new jobs Monday night.
Intramurals

Well, the volley ball games are going to be played with interest and participation mounting as the season progresses. The Panama team did well with the D. A. E. in one of the most exciting games, possibly, that has yet been played in these games. Some words taste badly in the mouth, especially those that you have said to yourself. It so happens that the D. A. E. and Persons are quite well represented in one of the sections in Men's hall, and there was a pre-game conversation concerning the outcome of the game that night. It seems that the Persons were going to give D. A. E. the once over lightly or that the game would be a crap. It also seems that the D. A. E. entered themselves knowing all this. It added to the already promising game. The first game was taken by the Persons with the apparent need and D. A. E. wondered about the third game until the score stood 16-14 favor of D. A. E. The Persons went entirely contrary to both sides that had speculated, and this caused much greater interest in the results. So you can readily see which side had some of their own words to consume. It is true that the whole game was all right until we attempt to give D. A. E. their first consecutive wins have now reached thirty-two. With errors and strong determination of the foe, the final score was a pre-game conversation conducted by Mr. Dennis H. Stanton, President of High Point College of Pacific. Stockton, California, will speak on May 16.

The human heart has chords of music. It is true that the arts are rapidly declining as the sciences have taken their place, but don't you agree that it is increasingly indispensable. My friends did everything possible to make her contented. When you have to eat them, especially. The one Saturday afternoon she failed to return to work—nor was she back work—nor Monday. And then a friend stopped by to get Hazel's few possessions.

"Why did Hazel stop?" Bob's wife asked, looking the girl straight in the eye. "Weren't we in favor of D. A. E. That strange girl, whose home was in the home of the Alcoa plant, Nice to meet her. It so happens that the other year of experience behind her and a new determination to further next year they did this game. "Then, why?""

"Of course you can tell it," she said. "But I heard her say—well, I guess I ought to tell it—""

"Meble this wasn't it, but she said 'Starkle, starkle, little twink. She said she just had to go back home where she could hear 'hell' and 'devil' and mebbe 'damn.'"

"And Dr. T. C. Koons, President, College of Pacific, Stockton, California, will speak on May 16.

"My friend and her folks, but one Saturday afternoon she failed to return to work—nor was she back work—nor Monday. And then a friend stopped by to get Hazel's few possessions."

**A Sock Story For Men**

*By JIMMIE KEST*

Since the following article is directed mainly to the men readers, the women may read it but please keep silent. Only the opinions of the not-so-fair sex on this article are acceptable.

After consulting the experts in London and Paris, the fashion centers of the world, it was found that the reason why men's shoes are so much more comfortable is that they are specially designed. Women's shoes are far inferior because they are designed by men without the most minute consideration of the comfort of the wearer.

It is interesting that the experts recommended a pair of pants in addition to the shoes. This is because the pants are often made of materials that are not suitable for the feet. The experts recommended that the pants be made of a material that is not only comfortable but also durable. They also recommended that the pants be designed to fit the body comfortably.

THE Hi-PO

**Alterative**

*By Dr. LINCOLN LORENZ*

In some cases beyond our farthest ken
When a new race of beings has
Or flies from other planets to the earth
By rocket planes like comets, its
Of strange primates hidden in their caves
Mid air and nestled stretching endlessly.
As if Vanscorn with a Portland Globe-wide, made them revert to covering known.
Mint spirit now must master gruesome war
Since science has outraced its human link.
And earth prepares to totter in.
Its civilization is the slimy shore.
Peace shall reign at this climactic turn.
The alternate is mankind's dest-

**BONERS IN HISTORY**

*Abraham Lincoln wrote the Gettysburg Address while traveling from Washington to Gettysburg on the back of an envelope.*

Many of the Indian heroes wore beards, which proved very fatal to them.

Martin Luther died a horrible death. He was executed by a bull.

They gave William IV a lovely funeral. It took six men to carry the bear.

What did Paul Revere say at the end of his famous ride? "Woo!"

Milton wrote "Paradise Lost"; then his wife died and he wrote "Paradise Regained."

A psychology footnote: The class instructor had finished a short discussion on illusions, delusions, and allusions when a thoughtful student inquired, "What is a mirage?" It was at that point that a student of the class offered the answer: "A mirage is where the little man who wasn't there keeps his car."

**SLOW DOWN . . .**

*(Continued From Page One)*

(a) police work, the man behind the wheel can still exceed the limit if he wishes to or if he isn't thinking.

Keep this in mind when you drive. Stay within speed limits and you'll be doing your full part in a crusade to reduce automobile accidents by one third.

It may surprise you to learn that experience can be dangerous—even deadly.

Statistics compiled by the Travelers Insurance Companies show that 97 per cent of last year's traffic accidents were caused by drivers with at least one year experience.

Learning how to drive is relatively easy. The mechanics of stopping become second nature soon after a student "solo." At this critical point, attitude begins to take over. The super caution that the beginner is diluted by an attitude of indifference. Carelessness.

The skill of experience can sometimes get you into the trouble in the first place.

The moral is clear and urgent.

The Thomasville Women's Club will be the scene Saturday night of the annual banquet of the Alpha Theta Pi Sorority. Mrs. Wilson Weltborn will be the guest speaker for the colorful occasion. Returning alumni and guests expected are Fran and Harry Jordan, Cory and Jane Teachey, Donna Burns, Louise Tillman, and Mrs. Dean Harp. Clyde Watson and his orchestra will furnish music for dancing. The officers of the society are Betty Amann, presi-
dent; Bertha Lowe, vice-presi-
dent; Anne Stuart, secretary; and Bonomia Rhodes, treasurer.

The annual D.B.A. Fraternity Banquet will be held at the Elks Restaurant in Greensboro April 22. The theme "Spring" will highlight the occasion with approp-
rate decorations of spring flowers. Music will be provided by Milton Crotzer and band. The invocation will be given by Fre-
rest Brown and the welcome ex-
tended by Bill Black, president, to the guests and returning alumni.

Robert Greene, Glenn Burtis, Hubert Whitaker, Bob White, Darrell Parrish, Bill Marion, and "Red" Ennis.

A delegation from the Duke Divinity School, consisting of a choir and those who will present the program, will be the guests at Vesper Sunday night, April 23, at 6:30 p.m. The Church Relations Com-
mitee is bringing the group to H. P. C. campus and is invited to attend. This promises to be one of the most interesting and enjoyable meetings of the year.

Dr. C. R. Hinshaw, Dean Of Instruction, Director Of the Summer School

Message from the President

"I think we have had a good year. It has been a year of change and adjustment. I want to thank the Board of Trustees, faculty, students, and the Alumni for your support, operation, and hard work. With continued co-operation of this kind the possibilities at High Point College are really great."

Sincerely,
Dr. Dennis H. Cooke.

New Faculty Members

Dr. Dennis Cooke announces the following new additions to the faculty for this fall semester:

Dr. E. J. Coltrane, A.B., M.A., D.D., will come to High Point College on June 1 to assume the job as financial representative of the college. Mr. Coltrane is at the present time president of Elkin High School and is retiring from the position on June 1. He received his A.B. at Guilford College, his M.A. at Columbia University, and his D.D. from High Point College in 1916; earning his degree of Doctor of Literature in Nashville, Tenn., in 1919.

Dr. W. R. Locke will come here as Associate Professor of Religious Education. Dr. Locke was professor of religious education at the University of North Carolina. At the present time he is pastor of a Methodist Church in Spring Hill, Tenn., and also director of religious education in Latin at Lake Erie College, Lake Erie, Ohio. He will begin here at the second term of Summer school.

Mr. Philip Angius, B.A., M.A., P.D.D., a graduate of the National University, will come here in September to assume the head of the Department of Latin.

Mr. J. M. High, B.A., M.A., P.D.D., who has been on the Summer school as an instructor in English, will come here in September to assume the position of an instructor for the fall semester. He received his A.B. at Maryville College and his M.A. at the University of Chicago.

Dr. Joseph M. Wilson, B.S., M.A., Dr. of Ed.D. in Music, will come here as head of the music department. He is a graduate of Milwaukee State Teachers College and Columbia University.

Mr. Woods, the present head of the music department, is returning to graduate school this fall for more advanced study.

Mrs. C. Q. Smith, A.B., and graduate assistant in library service, the wife of the coach, will work as assistant librarian.

Miss Betty Ann and Miss Lorraine Kivett, graduates of the class of 1948, who taught at High Point, will work in the business office.

John Bohm, who at the present time is attending the University of Wisconsin, is transferring this fall to High Point College next fall to become the sports public relations director.

Dr. Cooke stated that "efforts are being made to invite Mr. C. Q. Smith to become a part of the staff in the Department of History in the future."

More Rooms

High Point College is going in for the new look by increasing the size of the accommodations for the students. The building was completed in barracks style and the work was too heavy to allow any room for more rooms to accommodate the boys.

Dr. T. C. Knolles Speaks To HPC Assembly

Dr. Tully C. Knolles, chancellor of the College of the Pacific, spoke to the student assembly on Tuesday, May 10. Dr. Knolles is a graduate of Southern California. For ten years he was head of the department of history in the University of California. He was appointed to the presidency of the College of the Pacific in 1918 and served in that capacity until last year, when he retired and was elected chancellor. Dr. Knolles came to High Point College as a part of an extensive itinerary through the South, with the University of Minnesota in the Division of Educational Institutions of the Methodist Extension Board of Education in Nashville.

Dr. Knolles spoke to the assembly on the subject of the possibilities at High Point College. He said: "I hope that you are finding a very serious situation in which we are facing." (Continued on Page Five)

Professor J. Hobart Albert To Succeed Dr. Lindley As Dean of Students

Mr. J. Hobart Albert, professor of educational philosophy and a member of the faculty since 1924, has been named by Dr. Cooke to succeed Dr. Lindley as dean of students.

Dean Lindley, as he affectionately is called by students, has been the dean of students since 1926; he has been relieved of the position at his request in order that he might devote more time to teaching and writing. He will continue as a member of the faculty as professor of religious education.

Mr. Albert is a native of Asheboro and received his A.B. and M.A. degrees from the University of North Carolina. He has been with the college since 1924. He is an advisor to the day student body; an honorary member of the D.A.E. fraternity; advisor to the Spanish Club; a member of the executive committee of the college; and for many years he has been a member of the Athletic Council and the Pan-Hellenic Council.

Mr. Albert is a native of Asheboro and received his A.B. and M.A. degrees from the University of North Carolina. He has been with the college since 1924. He is an advisor to the day student body; an honorary member of the D.A.E. fraternity; advisor to the Spanish Club; a member of the executive committee of the college; and for many years he has been a member of the Athletic Council and the Pan-Hellenic Council.

He and Mrs. Lindley spent last Summer and the Summer of 1939 traveling over Mexico refreshing his knowledge of Spanish and his learning more about the customs of the Mexican people.

In announcing Mr. Albert's new assignment, Dr. Cooke said: "Mr. Albert's duties as dean of the students will be to assume the responsibility for the student's life and the student's conduct, to receive the report and recommendations from the head counselors and from the student counselors, and to make such decisions as his judgment may indicate. He will continue to teach classes in the Modern Language department of the college."

**EDITORIAL**

Last issue and the issue I have been looking forward to for many months so that the shouts of glee could be heard from one end of the campus to the other. But as the present slowly grinds to a stop on this the last issue of the Hi-Po for the school year 1949-1950 my thoughts turn instead to the many pleasant hours of work spent on the paper. Then I think toward the end of my part as a student and the cordial relations that I have enjoyed with the faculty members and the student body. To look back on these fond remembrances is like the President of the U. S. remembering his pleasant days in office as he hands the keys over to his successor. Some times the going was stormy and the critics were harsh but you remember at this time that underneath their breast only thought was to keep the paper going. To the staff I am deeply inebuluted for their constant help and their cheerful disposition just as I am in the opinion. Keeping the paper going and meeting all deadlines would have been impossible without a capable staff. My successor will indeed have a capable core of workers that he can call on.

Writing an editorial for the last issue is a hard job for no one is interested in reform movements and at this time the only thing that everyone is interested in is passing their finals. This is not the time to take just a minute to say good-bye. Say good-bye to the class deadlines that we have been rushing to meet all year. Good-bye to our 1-438, chapel, football games, basketball games, home-coming, final examinations, and the book store, May Court, and the beauties of High Point.

The new editor has stated that "he has proved the standards of the paper. The pleasant thoughts of trying to do my part for the school year to a stop on this the last issue of the Hi-Po for the year 1949-1950. It will mean saving pleasant days in office as he hands the keys over to his successor. Remembrances is like the President of the C. S. remembering his faculty members and the student body. To look back on these fond remembrances is like the President of the U. S. remembering his pleasant days in office as he hands the keys over to his successor. Some times the going was stormy and the critics were harsh but you remember at this time that underneath their breast only thought was to keep the paper going. This is not the time to take just a minute to say good-bye. Say good-bye to the class deadlines that we have been rushing to meet all year. Good-bye to our 1-438, chapel, football games, basketball games, home-coming, final examinations, and the book store, May Court, and the beauties of High Point.

The freshmen can say good-bye to their first year in college. You have come a long way since last Fall. You are probably anxious to take on the airs of a big sophomore. You have made some lasting friends. You have had the first of college life and probably just how you are going to look next year in your cap and gown. As you find out, you are certain that nothing can stop you now for you are over the hump of the entrance to the backbone of the campus because it was your year for your big fling; because next year as a dignified senior you will have to be serious and also study harder to pull up that average.

The seniors find it the hardest to say good-bye. They can't seem to reason that the years have passed by so swiftly. Last Fall you looked at the freshman in amazement and wondered if they really would do it. This year has been routine with you except for all that parallel rowdiness and all that you thought you never knew existed before. You have settled down with your steady until next year and then cute freshman will enroll. Two more wonderful years to look forward to.

You juniors will watch the graduation ceremony with joyful looking glances in your eyes because you will be picking just how you are going to look next year in your cap and gown. As you find out, you are certain that nothing can stop you now for you are over the hump of the entrance to the backbone of the campus because it was your year for your big fling; because next year as a dignified senior you will have to be serious and also study harder to pull up that average.

You have settled down with your steady until next year and then cute freshman will enroll. Two more wonderful years to look forward to.

You seniors are probably anxious to say good-bye to your second year and see next Fall term begin because then you will be getting close to the time that you will be marrying or becoming a big sophomore. You have made some lasting friends. You have had the first of college life and probably just how you are going to look next year in your cap and gown. The Voice of Thunder

E. Clifford Shaw

How severely the dusty cloud puffs fly,
Floating so black across the fading sky.
Like the darkness of the night they grow.
Until over all the earth their shadows flee.

O, Thou in Heaven, hast Thou hid Thy face
From this Thy earth, with all its evil race?
From thence does not man manifest his power known?
So in this wicked hour would'st Thou deceive
Mankind in his greater-to be like
That Heaven shall be here.
But wait, for now the galling wind has dared
To search the heaven's sky for One who cured.
When suddenly there flashed across the sky
A jagged light elimated from on high.
Then rattling thunder shook the nightly dews.
From its resonating tones the earth did recap-
Such a warning to son God forever spoke.

As above, so below
Awake, awake

"Well, my b'oy, said the minister to the three-year-old, "what did you get for your birthday?"
"Aw, I got a little red chair," said the kid, "That's no good. It has a hole in the bottom."

Father: "Where Abe Lincoln was your age, he was showing his own living.

Mother: "Yes, and when he was your age, he was president."

What's the difference between an elephant and a piddlybaby? What's a variably? Ain't nothing ill mates with one baby, what he mates with you?

"Windy Thoughts"
By Charles Gardner

I sat and pined by the roaring fire
In the childish stove.
And the night winds sang a melancholy song of forgotten men.

Men who perhaps are wandering their ways over lonely trails.

Toads leading to nowhere from nowhere and for no reason.

For these men I have built a haven in the recesses of my mind.

Although I am not of their brotherhood, or am I their kind.

For I too am a lost soul without the fire of human kindness.

Yet listen again friend and hear what the wind will tell you.

Do you not hear the screams of a man in mortal agony rising
As it was gaining strength and volume from your lips?

Does it not give forth great bigotry sniffs from its soul.

Shall reach deep into you and bring forth compassion
Chase a man until he catches her.

Major Nathan Adams, Auburn '40 Personnel Manager, U.S. Air Force

A top scholar and ROTC Honors Graduate, Capt. C. L. Culbertson Adams entered his final military ball in 1940, soon left for Fort Bliss' Field Artillery School.

Facilitating a three month course, Lt. Culbertson Adams managed to marry his college sweetheart.

Within months Adams was overseas, flying "razorbacks" missions against enemy targets all over the world in P-51 missions within seven months, returned to the States late in 1944 for rest and recuperation.

V—The came, and Adams decided to make the service a career. He choose personnel work as his career field, was assigned for training in the Adjutant General's School at Fort Oglesby, Georgia.

He won his wings and reported to the 36th Fighter Group in Puerto Rico. The group was inactivated, and Adams was given a chance to marry his college sweetheart.

Within a few days Adams was overseas, flying "razorbacks" missions against enemy targets all over the world in P-51 missions within seven months, returned to the States late in 1944 for rest and recuperation.

You think you have troubles but life is a may dream. That you must enjoy for it lasts for but a short time.

Think not of my friends things you have lost in the past but of that which you will gain from living in the future.

Time is something we have not learned to know and control but we must grasp each moment without no reason.

Letting those who come behind get the moments we missed.

Live in the best of your ability and do not regret

It is so much in life you have not met.

A girl was talking to her grandfather: "Grandfather, how old does a girl have to be to get married?"

Grandfather: "She must be old enough, yet young enough; big enough, yet dumb enough; weak enough, yet strong enough, to chase a man until he catches her."
Two Courses in Science Offered This Summer

The chemistry department of High Point College will offer during the 12-week Summer session, which begins June 1, two classes in science.

One of these will be a six-week elementary survey course in general physics. The course deals with the application of the laws of physics to the everyday things about us, with an attempt to explain why inanimate objects behave as they do, and with some special rules given to the application of physics to the objects found in the home.

The course is non-mathematical and has no laboratory. As no previous knowledge of any science is required, the course is open to anyone desiring some general information in general physics. The course will count in college credit as an elective only.

The other course will be general chemistry of college level. Sufficient class meetings and laboratory periods will be met to equal the meetings of the course during a college year. By very intensive study and concentrated study, it is possible for a college student to complete the science requirement for the last quarter in 12 weeks Summer session.

The course will count for four college credits. Each student may begin his course of work during the Summer term and will be allowed to work during the Fall college term, or will shorten the time for graduation.

J. H. Mauro, professor of chemistry at High Point College, will teach the courses.

With the Athletes
BY WAYNE SHELTON

On May 4th and 5th High Point College tennis courts, students, and campus had the distinct honor of welcoming the championship tennis team of the North State Conference to visit High Point College. The reason for this visit was the tournament of champions feature. These two days we were privileged to see sun-sunned arms and faces glowing white tennis uniforms frequently chasing their windshield wipers and slaps to make accurate returns. For High Point College, Jake Steele and Chick Glasgow under application in the Singles division of the tourney, and Henry and Bill Maddox entered the doubles division. "Chick," after a very fine performance lost in his match. Nice going, anyway. Henry Akers lost not proud of you. Jake Steele made his way fighting hard into the finals against Winstead of Elon. It was a hard-fought match, but Jake made a set between Jake and Bill Maddox. In the first set, the games read 14-16 in Winstead's favor. It was then that Winstead came back in the second set with the final score of 6-2 over Jake. Great going out there, Jake. In taking the second place for Conference singles. By defeating Jake, the Conference championship in singles went to Winstead. Winstead succeeds our own Henry Maddox as Conference champion.

Again, I would like to extend to the tennis team of this past season congratulations and appreciation for their brilliant record of net this year, but in the years in which they have represented H. P. C. You fellows, "Raver," "Mr. Thunder," and, yes, Harry, too, can count on fellows next year who will be trying to meet your records in years to come. Thanks a million!

Elon College brought their netmen here for the final match of the season which was played on May 8. At the end of the match the Panther netmen had gone down to the count of 0-3, with Jake, Kay, and Harry taking singles to account for the three wins. Winstead dropped Henry Maddox in this match to make Harry's record of consecutive wins this year.

Let's go out on the grounds of the golf course for a bit here. Now we saw JOHN KUPICZE slam out a second place in the North State Golf Tournament against a field representing the respective Conference fees. Very nice, John!

At Guilford College on May 3rd, the North State Conference Track Meet was held, in which High Point, Lees-McRae, Guilford, and Campbell College were represented. The entire field with 56 points against a close second of Elon with 56. WILLIAM YARBOROUGH of Hardin-Roach took second place in the javelin throw and in the high jump. Elon took first place in the high jump with the height at 5 feet, 11 inches. JACK KLEIN of Elon placed third in the 100-yard dash with a time of 10.2 seconds.

That was some fast and high stepping, believe me you. "Call, dark and handsome DUNCAN RIDDLE" took second place in the shotput event, throwing the 12-pound put some 33 feet.

The softball season has been in full way on the practice field each night after dinner, or from 7 to 9 o'clock. There were ten teams entered at the beginning of the season, and on the win- ner's side there remain four teams to battle it out for the championship. The quarter-finals in the tour- nament are NDM and Penny Hall, EHO and W. S. Travelers. These teams should reach the finals the last of this week. In this double elimination tournament there remains ITP, EPO and HAE on the bracket's side of the bracket.

The attendance to these games has given Coach Smith a big thrill. The spirit re- sembles that of a crowd who fol- lows the leagues of your home town. For instance, the night that the Parsons played ITP, in the sixth inning leading by eight or nine runs, the ITK fraternity followed the Parsons to cheer and help cheer. Their manner of doing this was quite a show and proved to be exciting to those who were there to watch the game. There was Clayton Snyder and Lyndwood Grisom of the mound with their spectacular pitching that surprised even the best of the observers. If you happen to be coming up and paying more for the games, and if you should be at the court when ITP is playing, you can hear the shouts and cheering clearly from your position. In the horseshoe tourney there were more than 20 entries in the singles division and eight in the doubles. The field is open to anyone who enters now, and each evening that the weather permits the fellows will be over at the court. Herman Deaton and Jesse E. Byars have done well in their games, and both of them have a chance of winning. Here's a look to the entire field of con- testants.

A French undersecretary was visiting an American college town. The Frenchman was good, the boys worked on the fundamentals and at this time there is only one team that knows how to do it right. The fundamentals will even be enough to put you to work. We will keep week in depth but the boys are full of spirit and have that winning spirit with them. Coach Smith is out to teach the boys discipline.

The English Tutorship is about over here on the practice field. We are going to try to keep the boys on schedule. We are going to try and schedule as many teams as we can. There will be more playing of professional teams; High Point team will stick to college teams.

There should be enough to show an improvement over the last year in the feeling for us and it will be our duty as students to play ball with him and show him just how we feel about the way. See you next Fall with a loud roarer at the center.

“Two for a Nickel”

Jerry Byars raised more hogs than any man in our section and naturally had the equipment for butchering and marketing. As a special accommodation to his neighbors, he agreed to sell his hogs at the rate of ten cents per pound. Many a person living in an apartment will turn off the radio and find that he has been listening to the neighbor's.

Many a person living in an apartment will turn off the radio and find that he has been listening to the neighbor's.
By G. S. T.

This is the story of a Yankee who has been converted to a Rebel. A man who loves the students, a man who the students love. It took President Roosevelt thirteen years to leave his mark in this nation but it has only taken this man one year to leave his enduring mark on the students of High Point College.

Born and raised in Lancaster, Pennsylvania he migrated South in 1938 and every since then he has been one of us. From the mountain foothills of Pennsylvania he brought to this section of the human heritage of a people that have made it a practice to love their fellow men and to follow the teachings of the great King. North Carolina's gain is a definite loss for Pennsylvania.

This man always has an attractive car to hear any problem from any student and tries to help the student reach a solution to that problem. Many have been drawn of the professor putting his pupils to sleep in class but this cartoon is not shared by the students of his classes. The students are ever attentive in order not to miss any word that this great doctor might say. No books are in his way as he takes the rostrum to lecture to his pupils. With thundering voice and directional movements of the hands that have been cut off at the wrists, he moves across from like an old Methodist circuit rider on the stump to lecturing to a group of backwoods men.

In an exclusive interview with his wife, she stated: "He is the greatest man I have ever known. I am grateful for having him as a perpetual toy.

He will be with us for the first time in his 25 years at High Point College in 1928 when many Saints will bid him good-bye as he wings his way down to Eastern Carolina at Greenville.

In an interview he stated that he "had fallen in love with High Point College, and High Point College in turn, before he even met other people when he had met." But we believe that he will fall in love with the people down there and the people will fall in love with him and just sit there. This statement reminds me of the old story of the stranger who moved to a strange town and asked an old Quaker resident what kind of people he could expect to live in the town. The old Quaker then asked him what kind of people he expected to find in the last town that he lived in and the man replied, "good, kind, pleasant people. So, to which the Quaker replied, you will find his type people here."

It's the old adage that whatever you are will rub off of you wherever you go. A man such as this who carries all that he has in his heart will find love wherever he goes.

There is no use to mention his name as everyone knows who it is by now, but on his birth certificate will be found the name Richard C. Todd.

He attended the public schools at Lancaster and then entered Millikinville College Teache[r College at Lancaster where he received his A.B. degree. After this, Dr Todd began teaching school in Lancaster and in the summer he attended the Universal School of Language and Franklin and Marshall College at Lancaster. He took his masters at Penn State. In the summer of 1948 Dr Todd paid his first visit to the South when he came to Duke to begin work on his doctor's degree. The pull of the South was strong enough to return him to Duke in the early forties and he received a fellowship in history which gave him an opportunity to complete his doctor's degree. The title of this degree was added to his name. For his thesis he wrote: "History of Confederate Finance." This work is so good that it is now being considered for a Rhodes Scholarship for Daughters of the Confederacy. The thesis is a return to a book and will come off the presses in some time in the latter part of this year.

A friend noticed Adrian riding along the street on a woman's bicycle. "How come you by that?" he asked.

Well, it was like this, said Adrian: "I was out walking with Lucy. Suddenly she pointed out a man when we came to the darkest part of the campus she said: 'I love you as much as I love my life. I'll give you anything you want.'" When Coble had thought about it a bit, he took her bicycle.

"I want an explanation and I want the truth," stated the wife of a professor. "I was out walking with Adrian. Suddenly he pointed out a man when we came to the darkest part of the campus she said: 'I love you as much as I love my life. I'll give you anything you want.'" When Coble had thought about it a bit, he took her bicycle.

Professor Coble has been a member of the faculty since 1945 when he came here as Associate Professor of Education.

In 1947 when the first students of High Point College reported to register one of the first was Herman E. Coble. In 1927 when the first class went graduating forward to receive their degrees Herman E. Coble was the first one to step upon the stage to receive his A.B. and therefore, led the way that around 2,000 students have followed since that memorable date.

In 1946 Miss Amelia Wagoner stepped upon the stage to receive her degree and a little later came Mrs. Coble. In the graduating class of 1950 Herman Coble, Jr., will receive his degree. This is the first time in the history of the school that a student of two alumni has graduated from the college. Although in other cases three members of the same family have graduated from the school. But the mother took her degree at the same time that the degree of her son was conferred.

After graduating from here, Coble went to Louisville State-Sprayer schools. In a few years he went to Carolina and get his M.A. degree. Then he returned to Sprayer and assured himself of his scholarship where he remained till 1945 at which time he was allowed to accept his scholarship back from the university. Professor Coble can always be seen around the bookstore trying to beat the salesmen off or trying to get an article that the students would enjoy having. He is always willing to try and help students with a book or an article that they need.

definition of South Carolina, he felt more like a Tarheel.

In addition to his job as registrar, Mr. Yarborough also teaches German and French. His courses are popular and he has to come back with more than usual amount of cuts. His biggest problem is to get the students to start their translation more than ten minutes before coming to class. He always enters his classes with cherry bibles and strange as it sounds, he always leaves with the same smile and cheerful disposition.

If things become a little dull during a staff translation, he usually will pay the class up with a little joke, such as: "Wer war die Dame mit der Dick garten Abend gessen habe?" Dar war meine Frau.

Christopher Morley invented this slogan for an antique dealer in his bookshop window: "If you don't know what you want, we have it!"
