

Over 600 Students Enroll During First Week

Dr. Cooke Speaks To Students

Dr. Dennis H. Cooke, president of the college, spoke to students at the first chapel period of the new school year, according to a custom begun several years ago.

He began by voicing a welcome to all new students, along with returning students and faculty. He introduced Mr. Stanford R. Brookshire, of Charlotte, a member of the Board of Trustees. Mr. Brookshire spoke briefly.

Dr. Cooke's speech to the assembly was based on Ernest Haveman's book, *They Went to College*, and was designed to point out the advantages of college graduates compared to non-graduates. In speaking of the value of a college education, Dr. Cooke remarked, "It pays in dollars and cents if you must measure it in dollars and cents."

Bringing his speech to an economic level, he pointed out the great difference in the salaries earned by college graduates and the salaries earned by non-graduates. In this connection, he also showed the wide range in the salaries earned by professional

Methodist Students Begin New Year

By NORMA BOGLE

One of the most active religious organizations on the campus is the Methodist Student Fellowship which was organized as a part of the State Methodist Student Movement. This Fellowship is similar to the local Youth Fellowship in that it emphasizes the spiritual, recreational, and social phases of a student's life. All students are welcome to the meetings which are held bi-monthly on Thursday evenings.

The first meeting of the year was held on Thursday, September 25. After a period of singing and recreation, Dr. Lindley, Director of Religious Activities on the campus, spoke to us about the M. S. F. . . . what it is and what it is accomplishing on the campus. Dr. Lindley emphasized the name METHODIST by telling of the church doctrine and past his-

(Continued on Page 3)

Bothered and Bewildered - - - the usual amount of confusion, despair, and even more impatience played their part in registration. Long lines are just a minor evil that comes to HPC twice each year, but the men "sitting on the throne," causing most of our woes, are really swell fellows.

Freshmen Take Adjustment Course

Freshmen are rapidly realizing that many of those little problems that have been popping up since the first day of school are being solved in a new course required of all freshmen, "Successful Adjustment in College."

The course, offered this year for the first time, will be taught on Mondays at 10:20 a. m. throughout the semester. Instructors will be eight persons familiar with problems common to college students: Dean J. H. Allred, Miss Ruth Steelman, Dr. S. C. Deskins, Miss Vera Idol, Dr. C. R. Hinshaw, Dr. W. R. Locke, Dr. G. H. Hobart, and Dr. P. E. Lindley. The purpose of the series, as pointed out by Dean Allred, initial instructor in the course, is to present realistic situations and problems common to most freshmen and to help solve them. The course is designed to lead students to better citizenship, more friends, and better marriages.

Our Faculty Has New Faces

By KIPPY OVERFELT

(Editor's Note: The following article is the first in a series of articles concerning student and faculty personalities, campus situations, and problems. We feel that this personal point of view will make interesting reading.)

I have enjoyed playing the role of a roving reporter to meet the new personalities we have on our faculty. Most of you will not have the privilege which has been mine and, therefore I would like to pass my information along to you.

In the English Department I found Miss Lillian Smith who is filling the position of Instructor in Speech and Dramatics. Miss Smith, was born in Marietta, Ohio; however, her career has taken her into many other places. She is an A. B. graduate of Brenau College, Gainesville, Georgia; her M. A. degree comes from Emerson College, Boston, Massachusetts. Miss Smith has had eleven years of teaching experience and has, also, done work with producing agencies.

We will enjoy Miss Smith's work here on the campus as much as she, for she will be directing and presenting the plays given by the Tower Players.

Miss Smith is making her home in the boys dormitory along with other faculty members, veterans and their wives.

The second new face I came in contact with was that of Dr. Lew J. Lewis, new Head of the Music Department. Dr. Lewis was born in Patterson, New Jersey.

Dr. Lewis attended Ithaca Conservatory of Music, Ithaca, New York, where he received his professional Diploma; at Oberlin College, Oberlin, Ohio, he received his Sch. Mus. B.; he took his M. A. degree in Music Education at Ohio State University, Columbus, Ohio; he attended Stanford University, California and received his Ed. D. degree there in September 1951.

Dr. Lewis served with the Army in the Pacific area during World War II. During this time he was able to utilize his music ability doing entertainment on various islands.

Dr. Lewis comes to us from Arizona. He and Mrs. Lewis along with a two-year-old son reside at 821 Circle Drive, High Point.

Filling one of the biggest jobs on campus is Mrs. Henrietta Stone. Dietitian and teacher of Foods in the Home Economics Department. Mrs. Stone received her A. B. degree at Texas State College.

(Cont. on page 5)

The New Look

I am sure that most of the upperclassmen noticed when they returned to campus we have a new look about us. The work crew did not let grass grow under their feet this summer nor trees over their head. You will notice if you haven't, that certain spots on the campus have been landscaped.

With the new floor covering, new lighting, new draperies, and newly painted walls in the cafeteria we have a very wholesome atmosphere for eating and an improvement to be proud of.

The addition of new screens to both girls and boys dormitories was appreciated by those of us who remained during the summer months. Woman's Hall, McCulloch Hall and Robert's Hall each have a new coat of paint on the outside of the building.

We are proud of these improvements and look forward to even greater progress and improvements in the future here at High Point College.

OFFICIALS EXPECT GOOD YEAR

College officials have expressed satisfaction with the enrollment of more than six hundred students as the first week of classes ended. It is expected the enrollment will top last year's total of 623 by October 4. Officials were especially pleased with largest freshman enrollment in the history of the college.

New Attitude

Campus circles are buzzing with talk about the new attitude evidenced among the students, with particular regard to the freshman class. The faculty is experiencing a new thrill over the enthusiasm of their students, and upper-classmen express frank amazement. One professor was heard to say, "These people have come to study!" College skeptics, on the other hand, are saying, "The final results will be the test." Regardless of the mixed emotions of both faculty and upper-classmen, there is definitely a new attitude squirming its way into student ranks.

Usual Confusion

Freshman Orientation and registration was accompanied by the usual amount of confusion. As the orientation program went into its second day the I'm-new-here look became one of dismay, then utter exhaustion, and finally one of complete disgust as registration produced problems of schedule arrangement, re-arrangement, and more re-arrangement. The old adage "try and try again" brought results as freshmen completed registration and chaos, hand-in-hand with the upper-classmen, took charge of affairs. Professors

B. S. U. Begins Very Busy Year

The Baptist Student Union, one of the active organizations in the overall Church-motivated program on the campus, has begun a busy year of programs and projects. Two days before the opening of school, the B. S. U. council held a retreat to make plans for the year. Part of the plans which were formulated at this meeting were evidenced during freshman registration. Lemonade was furnished for all students as a compliment of the B. S. U.

One of the most important of the B. S. U. projects for the year is a Join-the-Church-Day, scheduled for October 5. Preliminaries to this event have included fellowship suppers for college students at the Green Street and First Baptist Churches. Families from these churches have adopted students for the school year period, and plans for the students include visits into their "foster-homes" during the year.

A peek into the B. S. U. future reveals these highlights: Dedicated Vocations Week, On-My-Honor Commitment, State B. S. U. Convention, Morning Watch, and a group social.

It has been announced that the

FROM YOUR PRESIDENT

Hello Everybody,

Well it's back to school at H. P. C. It's a genuine pleasure to see old friends again and to meet such a large and promising freshman class. On behalf of your student government, I'd like to welcome each of you returning to another school year.

Your student government will meet once every two weeks as has been customary. We have many plans for the year which we will relay to you at the soonest possible time. If, in the meantime, you have constructive ideas please consider it your duty to bring them to us. It is our desire that the student body take part in student affairs 100%.

Please don't consider me presumptuous when I offer a few suggestions for a more profitable year. First of all, attend every class and assembly unless you have a real reason for absence. Add to regularity, promptness, which is also important. Second, set aside a regular study time each day and stick to it, for, as you know, preparation for final exams begins now. A third suggestion is to take part in all your class activities. Fourth, try to learn to know all your fellow students and become friends. Last, and this is especially for new students, read the bulletin board at least once every day.

Looking forward to a great year for everyone.

Yours very sincerely,
STUDENT GOVERNMENT
Dave Auman, President

THE HI-PO

"VOICE OF
THE STUDENTS"

The official newspaper of the students, High Point College, High Point, N. C. The Hi-Po is published bi-weekly except during the holiday periods. Subscription and advertising rates upon request.

Entered as third class matter on October 19, 1950, at the post office at High Point, N. C., under Act of Congress of March 3, 1879.

COLLEGE TRADITION

Have you ever stopped to think about the things for which High Point College stands? I dare say that most of our students have a general idea of the ideals and goals of H. P. C., and most of our students have been loyal to those ideals and goals. But can any one of us point to the traditions of our school, stating clearly what they are?

Our college is a young school, and during these busy and important years, little time has been left to develop a recognizable tradition. We cannot and must not be too critical of High Point College's tradition when we compare her with ivy-covered schools founded in another century. On the other hand, it is time that we began emphasizing the intangible gifts of our school, meanwhile retaining the emphasis on the tangible.

The college catalogue reminds us of the college's purpose to provide religious, social, scholastic, and cultural development. College tradition includes this, but much more. I wonder if *The Panther* means to us what the *Blue Devil* means to Duke, or the fearful *Ram* means to Carolina. I wonder if we appreciate the campus that was woodland such a short time ago. I wonder if we appreciate the Christian heritage of our school. College tradition includes these things as well as loyalty to our teams and other school activities, a deep-set satisfaction in singing the school song, a tremendous thrill at the ring of the victory bell, and a love for all that which is symbolized by those three little letters - - HPC.

HPC can represent for you the happiness of these days - - the work, the play, the romance of college life. HPC symbolizes the tangible and the intangible which you can take with you - - throughout life. But college tradition begins in the minds and hearts of students and faculty. YOU are the tradition, yes, the very spirit of High Point College!

Local Methodists Entertain Freshmen

On Monday night, September 22, the College Class of the First Methodist Church entertained the freshmen of High Point College. A luncheon was served at the Church at 6:30, followed by an hour of entertainment, including talent from the college and a number of stunts presented by Mr. J. W. Sotherly. After the entertainment, Dr. Kenneth Goodson showed the freshmen and all new members of the College Class through the church, visiting the lovely Burgess Memorial Chapel and the beautiful sanctuary in which they will be worshipping during their stay at High Point College. Rev. Kenneth Goodson, affectionately known as "Ken," cordially invited our attendance at all of the worship services of the church, and wants the college students to feel that it is a part of their college life. The College Class president, David Auman, also gave a warm welcome to all freshmen and new students to attend the College Class each Sunday morning at 9:45.

Future Teachers Plan Meeting

Future Teachers Plan Meeting

Bobbie Shumaker, local president of the Future Teachers Association, has announced plans for two members of the local group to attend the State F. T. A. Convention which will be held at Duke University on October 17-

It's Not Practicable

It has been insinuated by both faculty and some students that an Honor System would not be practicable . . . workable . . . worth the effort here at High Point College. The insult of the year!! It is an insult to the great Christian heritage of H. P. C., to say nothing of the enthusiastic student body and faculty. If an Honor System has been tried—try it again. Where there are Christian students and Christian faculty members, the editor asserts that an Honor System is practicable . . . workable . . . worth the effort. Editor

Freshmen Will

(Cont. from page 1)

Upperclassmen as well as freshman profit by some of the first rules given to the group. Some of these are: (1) Be calm. (2) Learn to like what you don't like. (3) Try to see what is right instead of what is wrong. (4) Go to church. (5) Never get too emotional about anything.

Additional topics to be studied are "How to Study," "Improving Your Personality," "Finding Your Place in College Social Life," and "Choosing a Vocation."

18. She also urged local members to watch the bulletin boards for important news.

Robert Barrett, a member of the local group, is president of the district F. T. A. group.

R. E. Club Holds First Meeting

By PAT KENDRICK

The first meeting of the Religious Education Club was held on Tuesday night, September 23, in Lindley Chapel with approximately sixty girls present. After a brief business meeting, a very inspiring program was given using the theme, "My Task." Each girl was challenged by the task which is hers as the Religious Education Club begins this year's work.

The Religious Education Club is one of the religious organizations on our college campus. It is made up of young women of the college who are interested in religious work, and the club is a means of helping to develop in students a Christian philosophy of life. Meetings are held each Tuesday night at 7:30 o'clock.

The Reception

On Saturday night, September 20, in an atmosphere of friendliness and beauty, the faculty and staff entertained the students at a semi-formal reception in the Student Center. The main purpose of this event was to help the students and faculty to become better acquainted on a social plane.

The decorations for the occasion consisted of enormous and attractive assortments of fall flowers, which were arranged by Mrs. Lindley, Miss Carter, and Mrs. Berry. Five students, Carolyn Featherston, Betty Lee Jordan, June Rogers, Jo Tilley, and Betty Lou Wofford, assisted Miss Matthews and Mrs. Fearing in serving punch and cookies to those present.

All those who attended agree that the reception afforded a most enjoyable evening, and was a great success in every way.

H. P. C. Dinner At Methodist Conference

While the Western North Carolina Conference of the Methodist Church was in session in Charlotte last week, High Point College sponsored a dinner on Friday evening at 5:30 in the Myers Park Methodist Church. Dr. P. E. Lindley, Professor of Religious Education, served as master of ceremonies and the college choir under the direction of Professor W. W. Collins supplied special music. Miss Willie Davis, mezzo-soprano and Mr. Howard Coleman, tenor sang a scene from "Carmen." Miss Louise Adams gave a brief report concerning the alumni and President Dennis H. Cooke brought the main message, which was about the present state of the College. Judge D. E. Henderson and Mr. Stanford R. Brookshire, two prominent Charlotte men, also spoke at the meeting.

The graduates are in the conference, alumni of the vicinity, and many invited guests were present. Bishop Costen J. Harrell, The Board of Trustees of the College, district superintendents, members of the church boards of Education and Finance, and all in the conference who have honorary degrees from the College were there as special invited guests.

B. S. U. Begins Very Busy Year

(Cont. from page 1)

theme for the State Convention, which will be held in Raleigh on November 7-9, will be "Christ Must Reign."

Plans for the Morning Watch program have been completed. These guided moments of meditation will be held each Wednesday morning at 7:15 o'clock, in Lindley Chapel.

MUSIC NOTES—Louie Eargle

A new year has begun, as most of you know if you have been in the vicinity of the music building. No spot on the campus comes to life with more vigor and enthusiasm than the music house where many laborious hours are spent in practice and preparation. This year we have a new head of the department of music, Dr. Lew Lewis. Before coming to High Point College Dr. Lewis was director of music at Eastern Arizona Junior College in Thatcher, Ariz. He is married and has a two-year-old son of whom he is unusually proud. Among numerous other duties, Dr. Lewis will conduct the college band, trying this year to produce more outstanding work. No marching has been planned this year and all work will be in concerts.

Mr. Collins has big plans for the choir this year. After hearing them sing at our first assembly I think we all agree that he has a group that blends well and harmonizes beautifully. Their first public appearance was at Green Street Baptist Church on Tuesday, September

23. The choir, as well as the band, is one of the most important organizations on the campus. We should give both of them our best support. Incidentally, the choir elected its officers at the first rehearsal. Willie Davis was elected president for her second term, Norma Bogle, secretary, Helen Swearingen, librarian, and Howard Coleman, business manager.

High Point College certainly has reason to look forward to a good year, musically speaking. We have a number of talented students on campus. Miss Fields, Dr. Lewis, and Mr. Collins expressed their desire for a year of outstanding musical achievement at a meeting held after the first assembly program. Let's make it the best year we have ever had!

If any of you have been to the music house you have noticed how nice and clean everything looks. It really doesn't look like the same place inside, and all the music students (especially those who spend most of the time there) are certainly grateful for the changes. Our thanks for a much-needed job.

CAMPUS CAPERS

By SHELDON MANEKIN

Here for you are bits of humor clipped from exchanges and gathered from other publications, with an occasional original funny-bone tickler added.

A panhandler approached a prosperous-looking man and asked for a dime for a cup of coffee. "Is that all you have to do?" replied the prospect, reprovingly. "Look at you—you sleep on park benches, your clothes are tattered, and you're hungry. Why don't you get a grip on yourself and go to work?" Go to work!" growled the bum in disgust. "What for—to support a bum like me?"

I was spending the night with a Tar Heel mountaineer and his son. They sat silently in front of the fire, smoking their pipes, crossing and uncrossing their legs. After a long period of silence, the father said, "Son, step outside and see if it's raining." Without looking up, the son answered, "Aw, Pop, why don't you jest call in the dog and see if he's wet?"

During a Shriners' convention in Los Angeles one of the downtown boulevards was roped off for a parade. Only official cars with

large signs such as "Potentate" and "Past Potentate" were allowed there; all other traffic was halted or re-routed. But one ingenious Californian got by the police blockade and drove nonchalantly down the street. His placard read, "Past Participle."

A vivacious blonde of about 40 was standing on the boardwalk at Virginia Beach when she heard an admiring whistle from a very young sailor. He ambled up purposefully with his cap pushed jauntily over one eye.

"Son," she reproved him gently, amused and flattered, "don't you flirt with me! I'm a grandmother." "But, grandmother," replied the undismayed sailor, "what big eyes you have!"

SMALL QUIPS:

Radio Announcer: "And now, a word from our sponsor, who has made this program impossible."

Bank Teller to man at window: "Sorry Mr. Jones. Your wife beat you to the draw."

This is The End and I do mean THE END.

THE PANTHER PROWLs

Welcome to the Class of '56, and to the old friends who have returned may I extend greetings. It has been proven that this will be one of the most successful years at H. P. C., and I shall prowl around and let you in on some of the latest dope.

The dormitories have been buzzing since the beginning of school with important happenings such as house meetings, making acquaintances, and renewing old acquaintances. It seems that some of the boys and girls have proceeded to revive more than acquaintances.

There are always those lucky girls who return to school wearing beautiful rings. How about it, Betty Jordan and Anne Lewis? The secret of the rings is the fact that both romances were created here on campus.

Bobby Gandy started the year

off with a bang by acquainting himself with Beverly Heavner from Lincolnton.

Why is it that Duane Starnes is a frequent visitor to the girls' dormitory? Could it be to see a certain girl named Sue Boggs?

It seems that many of the frequently seen couples of last year are not as active this year. Why don't you get into the swing of things, Robert, Norma, Howard, and Ann? Frank Wiggs and Audrey Stutts are good examples and it gives the panther a wonderful feeling when everything runs smoothly!!! More gossip, shall we say?

Some of the boys are more interested in girls who aren't on campus. What about the girl in Asheboro, Bobby Joe? Oh yeah, it is rumored that Percy Rogers is

(Cont. on page 5)

Search Begun For Maid of Cotton

Where is the 1953 Maid of Cotton? She may be on this campus.

In opening the 1953 Maid of Cotton contest, the National Cotton Council predicted that the next fashion and good will ambassador for the American cotton industry probably will be a college student.

Of the past 14 Maids, 13 were still in school or had just been graduated at the time of their selection. The 1952 Maid of Cotton, blue-eyed Patricia Ann Mullarky, 21, Dallas, Texas, was a senior student at Southern Methodist University.

Requirements for entering the contest are few. Contestants must be between the ages of 19 and 25 years, must have been born in a cotton-producing state, never have been married, and be at least five feet five inches tall.

Entry blanks may be obtained from the National Cotton Council, P. O. Box 18, Memphis 1, Tenn. Other sponsors of the annual competition are the Memphis Cotton Carnival Association, and cotton exchanges of Memphis, New York, and New Orleans.

All entry blanks must be postmarked before midnight December 1, for the contestant to be eligible. A board of judges selects approximately 20 entrants to compete as finalists in Memphis, December 29-30. From this group the 1953 Maid of Cotton and two alternates will be chosen on the basis of personality, intelligence, poise, background, and appearance.

LIBRARY NEWS

By JEAN LEWIS

Some new faces have been added to our college staff. Among them is Mrs. M. L. Patrick, who is assisting Miss Marcella Carter with the duties of the library. Mrs. Patrick received the degree in Library Science at William & Mary College, Williamsburg, Va. She is not a stranger to High Point College campus, as she was Alumni Secretary for two years. We are glad to have Mrs. Patrick join our college family and hope she will enjoy her work with us.

Let us start off this new year by adding to our knowledge and by making the most of our leisure time. There are many new books in our library to aid in your reading.

Get the inside story of the Alger Hiss case from the man who went through it step by step and became the chief witness against Hiss. Read *Witness* by Whittaker Chambers.

"What happened to me and what has happened to William Oatis could happen to any American in any Russian-dominated country." So writes Robert Vogeler as he tells his story in *I Was Stalin's Prisoner*.

Lydia Kirk gives us an American woman's view of day-to-day living in Russia as seen by the wife of the ambassador to the USSR in her newly released book, *Postmarked Moscow*.

Kitty Unfolded, by Anson Campbell, truly gives us "an informal portrait of the American secretary." This book should prove helpful to the secretary, the boss, and the young woman who may be planning a business career.

For excitement and adventure, read *The Elegant Witch* by Robert Neill. With a wealth of historical detail and vivid description, this book recreates one of England's greatest witch hunts.

Acquaint yourself with these and the host of other new books in our library.

Dr. Lindley Fills New Position

A new office has been created at High Point College—Director of Religious Activities. Dr. P. E. Lindley, professor of Religious Education, has been appointed by President Cooke to the new position.

As director of the religious life of the campus, Dr. Lindley will serve in an advisory capacity with all religious organizations of the college. His academic training, years of teaching, and personal interest in the religious programs of the institution qualify Dr. Lindley to be most helpful in the newly-created post. He has, in fact, already served in virtually the same line of duty ever since he has been associated with the college.

Dr. Lindley holds an A. B. degree from Elon College, the M. A. degree from Vanderbilt University, and he has also done further graduate work at both the University of Chicago and at Columbia University. He has taught religious education here since the opening of the college in 1924. During this time he has also carried a heavy schedule of public speaking in clubs, schools, and churches of the area. Besides, he has in addition published two books in the field of religious thought. They are *Human Nature and the Church*, released by Macmillan, and *Rise Up and Walk*, published more recently by Chapman & Grimes, of Boston.

The new Director of Religious Activities will bring to the position the advantages of his professional training and rich experience gained by actual counselling of college youth.

Trophy Case Is Placed In Foyer

A handsome new addition to the foyer of Roberts Hall this year is a five-by-seven-foot trophy case, gift of the class of 1952 to High Point College.

The case was originally scheduled to be presented at the 1952 graduation exercises, but unusual circumstances delayed the delivery of the gift. Howard C. Allen, of the Allen Cabinet Works, had completed the carpentry and had sent the piece to another Greensboro plant for finishing touches. Two days later lightning struck this plant, completely demolishing the case, and Mr. Allen had to construct a duplicate. Bill Hunter, of Greensboro, N. C., president of last year's graduating class, was on the High Point College campus to receive the trophy when it was delivered on August 19.

Hunter supervised the placing of all HPC trophies on the shelves of the case. Since the college has received more basketball trophies than any other kind, they predominate. Other awards include: the Most Valuable Player award in football, carrying the name of Glenn Painter in 1946, and that of

(Cont. on page 6)

Jewish Women To Sponsor Essay Contest

Members of the senior class are urged to compete for the \$5,000 in cash prizes offered by the National Council of Jewish Women for the best essays by fourth-year college students on the timely subject, "The Meaning of Academic Freedom." The contest opened September 15.

While entries will be accepted until December 31, 1952, contestants are requested to submit their efforts as early as possible. Essays of 2,500 words maximum, should be mailed to Essay Contest, National Council of Jewish Women, 1 West 47th Street, New York 36, N. Y. First prize will be \$2,500; second, \$1,000; and third, fourth, and fifth, \$500 each.

Interested seniors are asked to obtain the rules of the contest, as well as printed certificates of authorship which must accompany essays, from the college administrative offices, which have been furnished with a supply; or from the National Council of Jewish Women's contest headquarters in New York. Only class of '53 students are eligible.

Dr. Locke Is Vesper Speaker

Dr. William Locke, head of the Department of Religion, was the speaker for the first vesper service of the year, according to the custom of the past few years. He spoke on the subject, "Make God the Beginning." He reminded his audience that "as we think of the beginning, we must, logically, think of God . . . the beginning of all things."

Sunday night vespers are sponsored by the Student Christian Association, giving the campus students the benefit of Sunday evening church services. Programs are planned in such a way that faculty members, students, and guest speakers will provide a variety in the types of programs throughout the year.

James Minnis Has Interesting Story

James Minnis, sophomore, formerly of Poona, India, and more recently of Duke University, has an interesting story to tell any who care to listen. Jim, as he prefers to be called, shyly admits a vast and varied experience as the son of a Methodist missionary family. Speaking enthusiastically, Jim said, "I like being back in the good old United States among other things."

As Jim told his story, he unconsciously revealed something of the inconveniences and sacrifices of life in other countries. He described the food in India as "horrible," and added that people living in India were seldom afforded the luxury of bread at meal time because of its scarcity.

He described the country as being mountainous, and remarked that most of the natives liked the "outsiders," adding that natives of the upper class do not approve of foreigners.

It is interesting to note that Jim hopes to return to India sometime, maybe as a member of the Diplomatic Service. He is an English major. With a spark of humor, he stated that one chief reason for wanting to go back to India was to get a chance at a tiger.

When asked about his love life, he again smiled shyly and told of a very special girl who is now attending Southern Methodist University.

ABBEY'S AMBLINGS

I have a malady. Cute freshmanitis, a condition of constant emotion of the heart. Last week, when all the cute girls moved in, my condition was decidedly affected. It all began when I saw a short, brown-haired, brown-eyed specimen of femininity under a freshman cap. She was (still is) really a peach—a combination of all the characteristics of all the girls I ever dated. Naturally, the only cure for my condition is to get acquainted, all of which led to my meeting one of the cutest girls I've seen in a long time. What's her name? I'll never tell! I notice Charles Caudill likes the looks of the freshmen, too. I'm glad the Local Lover decided to give the girls a thrill.

Talk about size, that Howard Alexander would make three of me without bending his back. He has fat in places most people don't even have places. He and the rest of the boys will look as skinny as Sonny Thornton when Coach gets them in shape, or maybe I should say form. Coach had the boys exercising the other day, doing everything from running backwards to playing ping-pong without paddles. I'm glad I'm a spectator.

Over at the student center, Mrs. Paschal seems to have done something to get everybody interested in the co-educational aspects (or assets). I went down one evening and so many people were there that I thought the DBA was charging admission. Maybe Mrs. Paschal believes in American free enterprise.

The bookstore ought to make some money this year, too. They do enough business to run the college. They can't even reserve 9:30 seats any more. I even wish I were taller so I could see how to get out of the place. The jitterbugging is really terrific—Conrad West was "going" so fast one night that he bumped into me, knocked my glasses off, and before I could say "Which way did he go?" I was dancing with the garbage can. It pays to have 20-20 vision.

When I first got on campus, I heard one freshman tell another, "That's Roberts Hall." He knew his way around, already. When I was a frosh it was two weeks before I knew there were any buildings on campus other than the girls' dorm. I notice the "arbor" on the path from the bookstore was cut down last summer. I'll bet that was because last year the G-Section cat (kitty cat) jumped out at Mrs. Fearing, grabbed her leg in Panther form, and scared her nearly to death. She didn't know I was looking, but I was on the other side of the bushes. I guess she didn't see the value of the shrubbery, but from a student's viewpoint, it was worth something. (To keep the sun off, naturally.)

Howard Coleman carries the dietician's little girl around in his arms nearly all the time. What's he trying to do, get an extra serving? He'd be lucky if he did. Speaking of Howard, he and Willie Davis went to Charlotte to sing at the High Point College dinner, and the number they picked out was from a scene from *Carmen*. Howard stood up, shook away the butterflies, cleared his throat, and began to sing, only the sounds that came out were from *Cry*, and he realized he was singing like Johnny Ray. Willie kicked him on the shin to attract his attention, and suddenly he saw what he was doing. After the performance he admitted he had his mind on something he heard at the beach last summer. What a "fox pass." Maybe he's in love.

If there's anything I wrote you don't like, just let me know. You can write instead of me next time. I'm used to getting a salary for my work, not unemployment compensations.

"The Great Invocation"

*From the point of Light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.*

*From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth.*

*From the center where the Will of God is known
Let purpose guide the little will of men - -
The purpose which the Master knows and serves.*

*From the center which we call the race of men
Let the Plan of Love and Light work out.
And may it seal the door where evil dwells.
Let Light and Love and Power restore the Plan on Earth.*

Methodist Students

(Cont. from page 1)

tory. He placed emphasis, also, on Youth, for the M. S. F. is made up primarily of young people. Lindley, in a more humorous vein, stated, "Youth is the first twenty years of any one else's life, but the first forty of your own."

In emphasizing the word Fellowship; Dr. Lindley stated it included four other "ships": Friendship, Churchmanship, Stewardship, and Courtship. The latter of these he said can take place nowhere better and more successfully than in a group such as the M. S. F.

Dr. Lindley stated his concern for keeping attendance up and suggested three ways of doing this: Be enthusiastic, have workable projects, and have good programs.

Many things are being planned for this year which should interest and entertain you. The next meeting will be held on October 9 at 7:30 P. M.

Over 600 Students Enroll During First Week

(Cont. from page 1)

listened patiently to their "I must have this" or "I must have that to graduate." But abruptly the confusion ended; registration was completed; and, almost simultaneously, classes started.

Good Year

Since the college is beginning its first full year as a completely accredited institution, officials have expressed the hope and expectation that this should be the best year in the history of the college. No one can deny that the necessary resources are available, but as such matters go, the whole college organization must realize that on them rests the chances of success or failure.

... SPORTS SPOTLIGHT ...

By KEN FRAZIER

As most of the students of High Point College are listening to the outcome of baseball in the major leagues, or watching football on TV, Coach Bob Davis' forces in basketball are on the hardwood making preparations for the coming season. Coach Davis suffered a hard loss when All-State Ed Sueta and all-conference Jesse Joyce graduated last June. Although the team will be young and green, Davis hopes that hustle and good condition will overcome these problems; we have heard that no position on the squad is taken. Even the starters from last year will find the going rough.

Coach Davis has found two freshmen centers to help out sophomore Bob Popp. From Cambridge City, Ind., we welcome Howard Alexander, who stands 6'6" and weighs 280 pounds. Howard and his team mates won twenty straight games. He had an average of 18 points per contest. Along with him we have Bill Simpson from Durham, N. C. He stands 6'6" and weighs 185 pounds. Bill was co-captain of his team and is expected to come along in good style. Helping out at forward position, we have Paul Wessler and Don Carney. Paul played on the team with Howard Alexander at Cambridge City. He is an excellent rebound man, but unpolished. Don Carney hails from Pittston, Pa. He was picked as the outstanding player in the Greater Pittston Tournament. He was chosen on the all-Wyoming Valley Catholic League, received the Top Scorer Award for 45 points in one game.

These two boys, along with Tony Lisk, Billy Hicks, and Harold Sykes, will round out the forwards. The Panthers are probably stronger at the guard positions, especially after acquiring junior Kent Mosley. Kent, from Leaksville High School, has quite a reputation on the hardwood. In high school he made All-County three years, All-Tournament team two years, most valuable and most outstanding player in the 1948 Tourney. He also participated in the East-West All-Star game. After graduating from high school, he enrolled at N. C. State and played freshman ball, later playing for Hanes Hosiery. He made All-State at Lees-McRae Junior College, and last year he was picked as the outstanding player in the National Y. M. C. A. Tournament when the High Point Y emerged champs. Surely one with this reputation can help out Juniors Bob Davidson, Conrad West, and Sophomore Sonny Thornton and Ken Frazier at the guard positions. These five players, along with many other new faces, should prove worthy to Coach Davis in years to come.

Summing up the resources and judging from last year's record, HPC's Panthers should have a team to thrill every fan.

By the way, the team can be only as good as the students and fans who support it. How will the Panthers do this year?

Davis Begins Second Year As Head Coach

As Bob Davis begins his second year as head coach at High Point College, he is faced with the task of setting up a new starting five for the basketball season.

The loss of Sueta and Joyce left a big hole in the team, but with Liske, Thorton, Hicks, and David-

son returning, Davis should be able to patch up the team. Valuable reserves and bright freshmen would indicate the chances for a "hot" cage season.

W. A. A. Begins Athletic Program For Girls

Officers of the Women's Athletic Association, in setting forth some of their plans for the year, predicated the best year since the Association was organized. It is expected that the freshmen girls and transfer students will swell the membership to an all-time high.

The first of many W. A. A. activities took place on October 1. On that evening, an impressive installation service was held for the new officers; following this service, a lantern parade was staged to Bolling Terrace, where new members were welcomed.

This year the W. A. A. will again sponsor a full schedule of women's intramurals. Plans have already been made for a series of speed-

ball games.

W. A. A. officers for the year include Pat Buzhardt, president; Nancy Clifton, vice-president; Ann

Von Cannon, secretary; Frankie Good, treasurer; Gwen Reddeck, publicity manager; and Eleanor Clapp, intramurals manager.

WHAT'S IN A PICTURE?

The two children pictured above tell a pathetic story of hunger, relief clothing, nagging cold, and a serious need for a "friendly hand from across the sea."

It also tells the story of an earnest group of Methodist students who, two years ago, undertook the job of trying to fill some of the needs of the little girl in the picture.

Already, most "old" students have recognized the picture as that of Vassiliki, the Student Christian Association's foster child, and one of her brothers.

Two years ago, Vassiliki became the adopted daughter of the M. S. F. under the Foster Parents Plan, but the job proved to be too big for this group. The Student Christian Association then accepted the task of providing \$180.00 each school year for Vassiliki's support, thus she became the concern of every student at High Point College.

A new school year has begun; Vassiliki's needs have not decreased. What will we do about Vassiliki?—Editor.

The Panther Prowls

(Cont. from page 2)
very much in love with a girl named Ruth and a wedding is seen in the near future!!

Also, Bill Hipps is a frequent visitor to Lexington. It couldn't be to see a certain graduate of last year, could it?

Sue Gamble, a cute freshman, is anxious to let the boys know that she isn't going steady and would like a date! Come on, boys, don't be bashful!!!

A difficult problem arises when a girl is fortunate enough to have several boy friends and can't decide which one it is going to be. Kippy Overfelt is the girl to ask about this problem!!!

Peggy Gilliam must feel honored to be seen with David Auman, the Student Government president.

As usual, Charles Caudill is still playing the field trying to find that right one. However, Sally Bell has been seen several times with him.

Sophomores Sponsor Help Week

By Sammy Kasias

Something new and different was planned for the freshman class of 1952. Rat Week was cast aside in favor of Help Week, the sophomore orientation program for freshmen. Never before has any freshman class had such a kind and helpful gesture extended by any sophomore class.

All freshman classes of years past had to endure a week of feeling inferior and foolish. True, there was fun involved, but many a lonely and homesick freshman only felt more imposed upon. This year the sophomore class, with some aid from a few juniors and seniors, is giving a helping hand to the freshmen.

It is a new and interesting plan, now employed by many schools throughout the nation. Upper-classmen adopt one or more "brothers" or "sisters" for a week. During this week, the upper-classmen try to help these new friends adjust themselves to college life.

George Armstrong, president of the sophomore class and head of Help Week plans, feels that the program was a great success. He states that it is hoped that the event will become an annual affair.

Help Week ended on Tuesday September 30, with a square dance in Harrison Gymnasium. This dance was given by the sophomores in honor of the freshmen.

Kappa Chi Expects Large Membership

Reginald Cooke, president of the local chapter of Kappa Chi Fellowship, national fraternity for ministerial students, stated that the local group expects their membership to be swelled by freshmen and transfer students. According to regulations, the membership is open to any undergraduate student who plans to enter any phase of full-time Christian work.

The pre-membership period for Pledges will probably last until the last week in November. "All ministerial students who anticipate membership in the local organization must abide by the rules set up for pledges," stated Mr. Cooke.

Officers for the year include Mr. Cooke, president; John Burton, vice-president; (office of secretary is vacant); David Abernathy, treasurer; Neil Smith, S. C. A. representative; and Dr. Locke and Dr. Lindley, co-advisors.

Personality Of The Month

The Personality Spotlight falls, this month, on Dave Auman, a senior from Trinity, N. C. This honor comes to Dave by virtue of his position as president of the student body.

For three years Dave was one of the best known day students coming to this campus. His many abilities afforded him the opportunity to serve in many areas, even as a non-resident student. In his junior year, he served as vice-president of his class and also as a college marshal.

He is a Business major, and he has been an active member of

both the Business Club and the College Chamber of Commerce.

After being made president of the student body, Dave decided to move into the dormitory for men in order to be near the center of student activities.

When asked about plans after graduation next June, Dave spoke of his father's furniture business and voiced the hope that he might find a place in the furniture industry.

Sophomores Honor Freshmen At Dance

On Tuesday night, September 30, at 7:30, the Sophomore class presented an Old Fashioned Barn Dance in honor of the Freshmen. Music was provided by Jack Hedgecock and his Moonlight Melody Makers from High Point, N. C. Mr. Arthur Paschal called the figures. Refreshments were served, and during the intermission there was quiet recorded music for round dancing.

This dance brought to a close Help Week which was sponsored by the Sophomore class this year, for the first time. During this week the sophomores abandoned the role played by the past sophomore classes. Instead of Rat Week which heretofore had been an annual affair, the newest group of upperclassmen adopted Help Week, during which they did their best to help the Freshmen adjust themselves to campus life. This program, a good will gesture on the part of upperclassmen, has been adopted by many other colleges throughout the nation.

groups, pointing out the fact that Doctors head the list of professional salaried people, while the ministry came at the bottom of the list. In between these two were listed Lawyers, Dentists, Engineers, Scientists, and Educators, in the order in which they were placed on the scale. In speaking of the large number which enter the field of teaching, Dr. Cooke remarked that it "not getting rich but the personal satisfaction that counts."

The attention of the students was caught and held as Dr. Cooke mentioned the advantage of college graduates over non-graduates in the field of marital relations. Becoming humorous, he pointed out that more college graduates get married and stay married than any other group.

Dr. Lindley's Death Stuns College And Town

This is the last picture which was taken of Dr. P. E. Lindley before he died on October 9. Pictured with Dean Lindley are Rev. W. G. MacFarland, Dr. Cooke, and Dr. Erskine Spence.

Dean Lindley Gave Student Body His Life To College Expresses Grief

When the doors of High Point College opened in 1924, a quiet and unpretentious, slightly balding man became a part of its faculty; his name was Percy E. Lindley. Since the earliest days of the college, Dean Lindley, as he was lovingly called, represented something of the spirit of the "baby" institution. His keen interest in students and his sincere love for education gave him a respected position which most men find it hard to attain.

In a soft and sincere voice, he sometimes confided, "I feel a peculiar satisfaction in knowing that I had a part in the preparation of a few who now stand to preach the Word." It was while an under-graduate student at Elon College that Lindley first had his dream of working in some small church-related school. His greatest ambition was to help prepare young men and women for Christian service, and he frankly stated that High Point College had been the fulfillment of that dream and ambition.

His years at High Point College were anything but dull ones, and he proved time and time again what a versatile person he was. Along with his teaching schedule, he served as registrar, dean of the college for twenty-five years, dean of students, band director, and he even served on the Board of Trustees one year. His teaching career was just as varied. He taught Education courses, Philosophy, Sociology, Band Music, and dozens of different courses in Religious Education.

But his activities did not end here, for, during his twenty-eight years at High Point College, he was called upon to make hundreds of speeches; he served as pastor of West End Methodist Church in

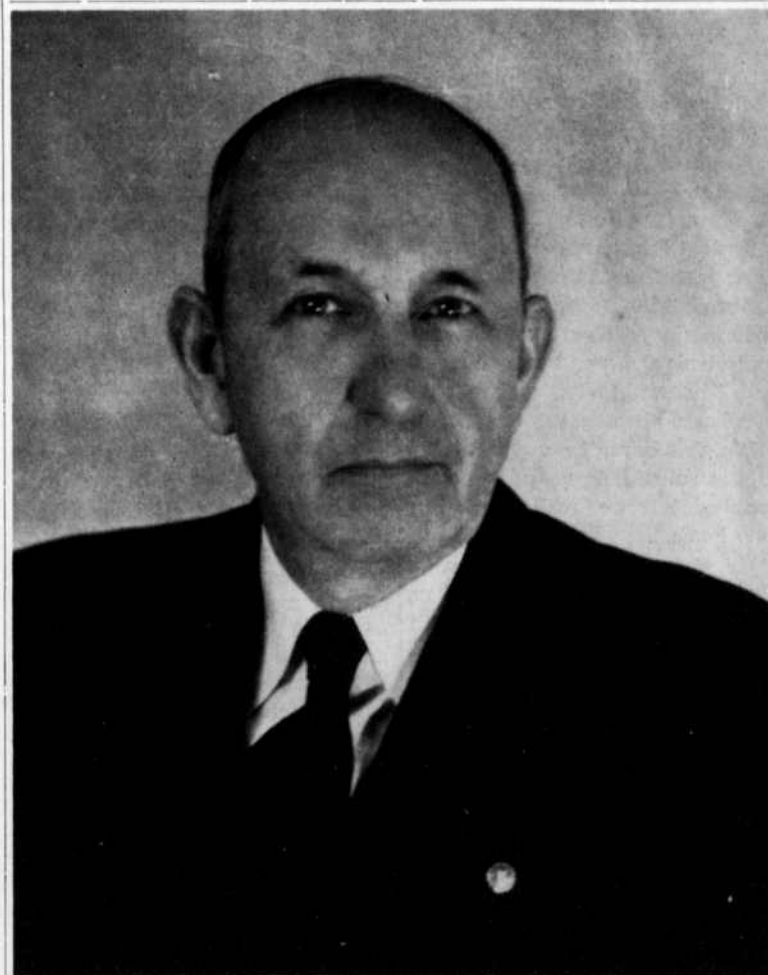

(Cont. on page 6)

Shortly after 2:30 P. M. on Thursday, October 9, word reached the college that Dr. P. E. Lindley, a member of the faculty of High Point College since it was founded in 1924, had died at his home on Circle Drive.

The message rapidly spread across the campus, leaving students and other faculty members stunned. As news of Lindley's death reached friends of the college in High Point, the college switchboard was swamped with telephone calls. A state of shock settled upon the college; dazed students and faculty members seemed to only half believe that the message was true, since Lindley had taught classes on Thursday morning and had been on campus only two hours earlier.

Games were laid aside in the Student Center, a hush descended upon the group around the soda fountain in the Bookstore, and small groups of students gathered at many points on the campus. Boys and girls alike seemed unaware of the tears that streamed down their cheeks. Many students made their way to Lindley Chapel, which was dedicated in honor of Dr. Lindley four years ago, to pray. The machinery of college life ceased to function; only the constant buzz of the switchboard could be heard.

Grief-stricken students began to create a memory, recalling still-warm words and acts; and some were heard to say, "The spirit of High Point College is dead." Mr. High Point College himself had died.

Students Observe Publication Of New Bible

A special chapel service was held, on Wednesday, October 8, to celebrate the publication of the New Revised version of the Holy Bible. This service was a part of a nation-wide program which was held in observance of the recent publication. The late P. E. Lindley, Director of Religious Activities, presided at the service.

Rev. W. G. MacFarland, President of the Methodist Minister's Association of High Point, presented a copy of the new Bible to Dr. Dennis H. Cooke, who accepted the gift in behalf of the Board of Trustees, faculty, alumni, and students.

College Marshals Are Chosen

In a meeting on Monday, October 13, the faculty chose the following students to serve as Marshals for the 1952-53 school year: H. C. Hudgins, Chief, Charles Caudill, Joan Crowder, Bobby Joe Dennis, Betty Lou Floyd, L. C. Ellis, Eleanor Goldston, C. F. Sherman, Betty Lou Rose, Neil Smith, and Audrey Stutts.

Being chosen to serve as a college marshal is one of the highest honors which can be bestowed upon a student at High Point College, since they are chosen from the junior class by the faculty on the basis of campus leadership, academic achievement, and character.

Marshals serve as ushers at chapel programs, at graduation exercises, and at other social functions during the school year.

The marshals will officially accept their newly-acquired responsibility when the retiring marshals present them with the purple and white sashes in a formal ceremony on October 22.

The speaker for the service was Dr. Erskine Spence, who, for 32 years, was a professor at Duke Divinity School prior to his recent retirement. He was the first man to receive an honorary degree from High Point College, thus becoming an honorary alumni of the college.

Dr. Spence based his remarks upon the Bible and its history. He pointed out that many people are unfairly skeptical about versions of the Bible other than the King James Version. He recalled the several translations which were made before the King James Version, which was made in 1611, and the many modern versions which were printed before the New Revised Standard Version came off the press.

Dr. Spence stated that there had been a need for a new translation for many years, since a great number of words in other translations had become obsolete. He also suggested that there had been a need for a Bible which the people of this age would find readable.

Dr. Spence remarked, "The new Bible, if it creates a new interest in its message, will have served its purpose."

In closing his speech, Dr. Spence stated, "The Bible is man's best bet and surest hope, and if we put it into practice, we will find the truth, the way, and the light."

Former Student Gets Army Medal

WITH THE 2D INFANTRY DIV.—Cpl. Robert H. Draper, Jr., whose parents live at 217 Broad St., Martinsville, Va., recently was awarded the Combat Infantryman Badge for excellent performance of duty under enemy fire in Korea.

He attended High Point College before entering the Army in September 1951. He arrived in Korea last April.

Funeral Is Held For Dr. Lindley

Dr. Percy Elliot Lindley, 57, professor of religious education at High Point College, died unexpectedly shortly after 2 P. M., Thursday, October 9, in his home at 833 Circle Drive. He had suffered in recent years from a heart ailment, but after curtailing some of his public activities he seemed to be in the best of health. He taught his classes as usual on the morning of his death.

Dr. Lindley was a native of the Saxapahaw community of Alamance County, a son of the late William F. and Janette Teague Lindley. He was married on June 30, 1924, to Miss Alta Marlette of Alamance County. Survivors include the widow, Mrs. Alta M. Lindley of the home; two brothers, Charles C. Lindley of Chapel Hill and Hoover Lindley of Route 2, Graham; and a sister, Miss Lillian Lindley of Route 2, Graham.

Funeral services were conducted in First Methodist Church at 2 o'clock Saturday afternoon by the pastor, Dr. Kenneth Goodson. Prior to rites at the church, the body was placed in the Faculty Room in the Foyer of Roberts Hall at 10 a. m. and remained there until 12:30 p. m., when it was removed to the church. Burial was in Moore's Chapel Cemetery near Graham.

Active pallbearers were William Bigham, Floyd Bottoms, Donald Bridger, Reginald Cooke, John Sills, Robert Oakley, Charles Caudill, and George Auman, ministerial students at the College. Honorary pallbearers were faculty and staff of High Point College and brother ministers of the Methodist Conference.

All classes and other activities were suspended Saturday in respect for Dr. Lindley.

THE HI-PO "VOICE OF THE STUDENTS"

The official newspaper of the students, High Point College, High Point, N. C. The HI-PO is published bi-weekly except during the holiday periods. Subscription and advertising rates upon request.

Entered as third class matter on October 19, 1950, at the post office at High Point, N. C., under Act of Congress of March 3, 1879.

HE IS JUST AWAY

I cannot say, and I will not say
 That he is dead. He is just away!
 With a cheery smile and a wave of the hand,
 He has wandered into an unknown land.
 And left us dreaming how very fair
 It needs must be, since he lingers there.
 And you—oh you, who the wildest yearn
 For the old time step and the glad return—
 Think of him faring on, as dear
 In the love of There as the love of Here;
 And loyal still, as he gave the blows
 Of his warrior strength to his country's foes—
 Mild and gentle, as he was brave,
 When the sweetest love of his life he gave
 To simple things; where the violets grew
 Pure as the eyes they were likened to,
 The touches of his hands have strayed
 As reverently as his lips have prayed;
 When the little brown thrush that harshly chirred
 Was dear to him as the mocking-bird;
 And he pitied as much as a man in pain
 A writhing honeybee wet with rain.
 Think of him still as the same, I say:
 He is not dead—he is just—away!
 —James Whitcomb Riley.

How aptly the poet has described our beloved "Dean Lindley!" his great courage, his gentleness, his deep compassion.

In silence, that speaks louder than words, we mourn the loss of our teacher and friend. The fact that Dean Lindley was always with us serves only to deepen our sense of loss as classes are resumed.

But as surely as we listened to him in the classroom—were influenced by his wise counseling—and were lifted by his ready smile and invigorating wit, we know that he lives on in our hearts, influencing our actions, and making Religion a vital issue in our daily lives.

His name may never appear on the pages of history books, where "a thousand names are honored or dishonored," instead he is one of the few, of whom it can be said, who live "not for an age, but always."

"I cannot say and I will not say
 That he is dead. He is just away!"

Letters To The Editor

Dear Editor:

My first month at High Point College has been an unforgettable experience, especially regarding the dormitory life.

As a freshman girl, I have found dormitory life very strange, but also very exciting. The types of girls that I have met have proved most interesting. Different types? Naturally, but some can be very entertaining. For example, the second night here, my roommates and I listened to one girl talk for two hours about boys!

We girls haven't yet gotten used to the rules and we miss mom's cooking, but we really love our new home.

Upperclassmen have been a blessing, I'm sure, to those of us who are new. They must have felt sorry for us that first week, because one of them was always around.

The teachers have also been wonderful, and due credit should be given to them for spreading such a friendly atmosphere wherever they are.

BEVERLY COBB.

(Editor's comment: We appreciated the letter, and we hope that

you will continue to find life here at High Point a pleasant experience.)

Dear Editor:

The sophomore class deserves the heartiest congratulations from the administration, faculty and student body for the splendid help and friendship shown to the freshman class. You will remember, last spring the sophomores decided to abolish the custom of "making it rough" on the new students and substituted a policy of help week. With excellent cooperation, their first attempt was a success, and as Dean of Students I hereby present my thanks and congratulations. The work and friendship among so many upperclassmen have started a worthy tradition upon which to build. The spirit of the freshmen this year is the best I have ever observed. I challenge the whole student body to add to what has already been done this fall, so that we may be known everywhere as the most friendly and helpful college in the country.

Yours for better college spirit,
 J. H. Allred

M. S. F. Holds Fall Retreat

BY NORMA BOGLE

The 1952-53 Council of the Methodist Student Fellowship held its fall retreat Thursday afternoon, October 2, at the Ward Street Methodist Church Hut. The purpose was to plan the year's activities for this organization.

The council consists of Jean Lewis, President; George Armstrong, Vice-President; June Rogers, Secretary; Don Kearns, Treasurer; John Burton, S. C. A. Representative; Jewel Jones, Program Chairman; Norma Bogle and Dixon Adams, Program Committee; Pat Kendrick, Publicity Chairman; Mary Williamson and Jimmy Gilland, Publication Chairmen.

Miss Idol and Mr. Coble were selected to serve with Dr. Locke as advisors. The following were also selected: Edith Harper, Spiritual Life Chairman; Betty Lee Jordan and Carolyn Wilkinson, Social Chairmen.

A workable project chosen for this year by the council is a Wednesday evening prayer service in Lindley Chapel to which everyone is invited.

Some program plans which were discussed consisted of a campfire, a deputation team from another college, a "week-end party", and by request "The Sweetest Story Ever Told" will be presented by Dr. Kenneth Goodson.

After an inspiring afternoon of hard work, the group returned to the college eager to see their plans materialize.

Ernest Miller Has Interesting Story

BY HOWARD COLEMAN

Ernest Reinhold Miller, a freshman, arrived in High Point last April. He comes directly from Stuttgart, Germany. Originally from Danzig, the Miller family had to move as the Russians advanced in the East. The Millers traveled for many miles through many towns and finally found a place in Stuttgart. Ernest's mother and father plan to return to their home which still stands in Stuttgart.

Ernest got his chance to come to America through the Lutheran World Federation. This organization sponsors worthy families and brings them to America. A High Point druggist working with a local church elected to sponsor the Miller family and to see Ernest through four years of school. Ernest is now working at a drug store down town and attending High Point College. He is scheduled to enter the School of Pharmacy at the University of North Carolina.

The opinion that Ernest gives of America is very interesting and enjoyable. When he first came the weather did not agree with his family because it was too hot. The chief fault he finds is the shortage of Schwarz-brot (Black bread). The new varieties of sausage is also a disappointing factor. He does not like the idea that stores in America do not carry almost everything.

Ernest is catching on to the college habits very fast and is very interested in all the events taking place on the campus. The choice of subjects was hard for him since in Germany there was a wider field to choose from. Ernest agrees that the subjects here are just as hard as they were in his native land. The German subjects include music, art, English, physical education, physics, dancing, and geography. The favorite sport is Soccer which is also Ernest's choice of a game. Ernest thinks that he is a very lucky boy to have the people of High Point and the College treat him so fine.

MUSIC NOTES—Louie Eargle

A new group has begun work in the music department, the Music Department Organization. The membership of this organization is made up of student representatives chosen by the teacher and students from each music class. These representatives are both music majors, and non-music majors, the prime aim of this organization being to get in touch with more students musically and to discover the likes and dislikes of students concerned with the music program. These representatives along with faculty advisers will make up the executive board of the music department.

The band has elected new officers for the year: business manager, Charles Jarrell; secretary, Marie Essa; librarian, Louie Eargle; student representative, Charles Caudill.

The choir has plans for a trip later this month. It has been invited to sing at the North Carolina Methodist Conference which is to be held in Burlington, Thursday, October 30.

We in the music department are learning things every day about our new department head, Dr. Lewis. I learned just the other day that he is quite a proficient composer. His latest work is an operetta. Dr. Lewis is a very modest person but when I approached

him on the subject of operetta he just couldn't tell me enough about it. I could immediately tell it was one of his favorite subjects. Dr. Lewis got the idea for his operetta from a very popular comic strip, "Gordo", by Gus Arriola. "Gordo" is a particularly popular strip in the southwest, the setting being in Mexico. It is about a little Mexican and his friends, being as comic as the operetta Dr. Lewis wrote about it. In the little village of Chihuahua where Gordo handles all the school funds, "Gordo" goes from public esteem to public disgrace, then back he comes from infamy to a place of honor in the hearts of his fellow townspeople. To add color and excitement to the operetta we find the celebration of one of Mexico's independence days, Cinco de Mayo. The operetta is filled with a host of hilarious characters, Poet Gracia, "who is the epitome of the fine art of living graciously on no income," Amoplo, "widow of the wealthy Senor Dinero," and many others.

Last comes the arrangement and unusually characteristic music found in the operetta. It is filled with many excellent songs, all of them fitting perfectly the character or situations they portray. Dr. Lewis has done an excellent job of composing and an amazing job of story telling.

CAMPUS CAPERS

By SHELDON MANEKIN

Here for you are bits of humor clipped from exchanges and gathered from other publications, with an occasional original funny-bone tickler added:

A worried father hurried to his teen-age son's hospital bedside. The lad had a broken leg and myriad cuts and bruises. "What happened, son?" asked the father. "Did you have an accident coming home from your girl's house?"

"No," the boy groaned.

"Well, how did it happen?" persisted the father.

"We were jitterbugging, the boy explained, "When her old man came in. He's deaf and couldn't hear the music—so he threw me out the window!"

The woman called to the stand was handsome but no longer young. The judge gallantly instructed, "Let the witness state her age, after which she may be sworn."

One kind old fellow gave me this philosophy, so I'll pass it on to you. He stated: I like work, it fascinates me. I can sit and look at it for hours.

A Scotsman leaned against a midtown cocktail lounge holding his stomach and moaning piteously. "Sick?" asked a sympathetic stranger.

"Verra, Verra sick," said the Scotsman. "I'm afraid I've got yooors."

"What's 'yooors'?" asked the stranger.

The Scotsman brightened immediately. "Make it a scotch and soda," he said.

From the Ohio State Lantern: "Just broke with my girl friend. Want someone to finish a pair of Argyle socks."

"Did you get home all right last night, sir?" said the streetcar conductor one morning to one of his regular passengers.

"Of course. Why do you ask?"

"Well, when you got up and gave the lady your seat last night you were the only two people on the car."

I'll end with this one: When they kiss and make up, she gets the kiss and he gets the make-up.

THE PANTHER PROWLs

As the moon appears from behind the trees the panther is on the prowl in order to provide you with the latest developments.

The DBA held its first party of the year on October 4th and from all reports a swell time was had by all. Many of the freshmen girls, including Jane Shelton, Lorraine McCurry, and Julia Tillman returned to the dormitory floating on clouds and starry-eyed!!! Was it the party or your dates, girls?

Why is it that June Orander isn't able to sleep, eat, or write shorthand? Could it be the results of the beautiful sparkler which she is wearing?

Myrtle Brandon certainly did gleam when she received news that a boy friend from home was going to pay a visit to H. P. C.

Abbey didn't prove himself to be a prevaricator when he said that he had fresmanitis. At most any time, you can see him with a different freshman girl. Watch it, you may be the next!!!

Ramona Courie thinks that it must be wonderful to have a boy friend on campus and another elsewhere. She wonders if she will ever be fortunate enough to realize how wonderful it is!!!

Someone asked why Betty Shepherd is always so happy on Wednesday? Well, the panther can give you the correct answer!! It is because the man of her dreams wanders over from Greensboro on that day!

One day, Bill Pittman remarked about going to W. C. to see a

(Cont. on page 6)

Dr. Cooke Honors Dean Lindley

(Statement made by Dr. Dennis H. Cooke, President of High Point College, on October 11, 1952, at the funeral for Dr. P. E. Lindley.)

God came to High Point College Thursday. There was no mistake about that. All of us were witnesses to His presence on the campus. This is why we are here today, because God has claimed one of His own from among us. And we have come to commit his spirit to the eternal and to bid farewell to his earthly body.

We hope and believe that God visits the campus every day; that He goes to class with us; that He helps us teach our classes; that He plays and sings with us; that He visits us in our rooms and offices; and that He lives among us during every day and watches over us every night. We believe that God visits the campus every day.

But God was on a special mission to High Point College Thursday. He needed another assistant, another worker in His heavenly vineyard. He came to choose this worker and to take him to his heavenly home, not made with hands, but eternal in the heavens. For His son told us that "I go to prepare a place for you, and I will come again to receive you unto myself, that where I am there ye may be also."

God was very discriminating on this mission to High Point College; He was quite selective. God did not need just any worker for His vineyard, because all the rest of us were available, and we were not chosen; but He needed a very special assistant. He chose a man who had served High Point College for twenty-eight years, a man who had given over half of his life time and the very best of his earthly years to the College, a man who worked as devotedly and sacrificially during the lean as well as the fat years of the College's history.

Greater love for High Point College had no man than Dr. Lindley. He breathed and lived High Point College every waking moment, and his every thought was for its improvement and betterment. Her sorrows were his sorrows, and her joys were his joys. As was the College; so was Dr. Lindley. Never was he too busy to counsel those who sought his advice which was frequently done by the administration, faculty, and students. He was always speaking about the spirit and the soul of the College, and he did much toward their recognition and development. His imprint will remain upon the College throughout the ages. His going is as if one of the stately pillars of Roberts Hall has crumbled in the dust, food for consuming rust. But his spirit, unfettered by human and earthly chains, will now rise to the eternal heavens where there is no death, but eternal life.

Dr. Lindley's boys were his pride and joy. Not having any children of his own, his students, especially the ministerial students, became his boys. Humble in spirit and manner, he counseled them like a father. They loved him as children love their father. Their hearts are heavy, and their eyes are dimmed in his departure, but they take solace in that many are called, but few are chosen. Their leader has been chosen as one of God's assistants.

Yes, God must have needed this saintly man very badly, because we needed him so very, very much. But the great Architect of the universe has so ordered it. This is His plan. It is not for us to question why, but to do and die.

Speaking for the Board of Trustees, the faculty, staff, students, alumni, and friends of the College we will miss him so very

W. A. A. Selects New President

Patsy Buzhardt, junior from Denton, N. C. was recently installed in the office of presidency of the W. A. A. Pat is a basketball star having played four years in high school, making All-Tournament in her senior year. She was also a member of the Dramatics Club and represented her school in a F. H. A. Convention in Elkin, N. C.

Since coming HPC, Pat has proved herself in her athletic abilities, being on every varsity team she has participated in. She is also secretary of the Theta Phi Sorority, member of the Tower Players. Her hobbies are reading, dancing, swimming, and "just being with people."

S. C. C. Plans Work At Fall Retreat

The Student Christian Council retreated to Dowdy's Cabin Friday, October 3 to make plans concerning the Christian activities of the campus for the first semester.

Sunday evening vesper programs were discussed at length with an agenda set up for each Sunday night. Several very interesting and inspiring programs are being planned, among them panel discussions, movies, exchange programs with different colleges, organizational planned programs, guest speakers and seasonal programs.

Religious Emphasis Week was a major topic for the evening. Plans for this week are still incomplete, but it will probably be observed during the month of November.

The council did not forget High Point College's foster child, Vassiliki. She is still in need of our help and it is the desire of the entire council that this need reach the heart of each student at High Point College, so that our foster child will not go lacking.

Each of you, as a student of the college, is a member of the Student Christian Association. Support its activities and projects to get the most out of your college life.

much. His warm smiles have reassured us, his wit and humor have made many rough spots easier, his sincerity and devotion have been contagious, his love and friendship have been strengthening, and his Christian spirit and faith have been a guiding light.

Twilight and evening star,
And after that the dark.
We hope to meet him face to face,
When we have crossed the Bar.

Tower Players Begin Work

One of the busiest clubs on campus is the Tower Players which held its first meeting September 30. Over fifty interested students were present at this meeting, and the club began its work at once by electing the officers for the fall semester.

Don Kearns, president, and Howard Coleman, business manager, had been elected by last year's members of the club. Other offices which were filled by election at the meeting were: Betty Lou Rose, vice-president; Betty Jane Shepherd, secretary; and Bill Hipps, publicity manager.

After the election of officers, Miss Smith, the new sparkling personality on campus who is the club's advisor, discussed the three one-act plays she had chosen for the Players to present in the coming weeks. Two of the plays are delightful comedies, and the other is a melodrama. All should be great successes under Miss Smith's direction.

Try-outs were held and the casts for the plays are as follows:

"The Twelve Pound Look"
Lady Sims Ann Lewis
Sir Harry Jack Peacock
Tombs Louie Eargie
Kate Betty Lou Rose

"Pink and Patches"
Texie Pat Buzhardt
Rexie Howard Coleman
Ma William Davis
Mrs. Allen-Maxine Swaringen

"Why I am a Bachelor"
Lecturer Conrad West
Algernon Don Kerns
Henrietta Marjorie Brown

The plays will be given at the Tower Players club meetings. Outsiders will be welcomed and specific performance dates will be published later.

Library News

BY JEAN LEWIS

"I read a magazine article several months ago, but can not remember which magazine it was in." How many times have you asked yourself this question? How often have you wanted a magazine article but did not know where to look for it?

The library has provided an answer to your magazine questions through a reference room in the basement of the library building.

Reader's Guides to Periodical Literature give you information as to the author, title, the date, and magazine in which the article may be found. These guides are conveniently located so that with the help of the librarian in charge, you can not but help find the magazine article of your choice — whether it be a month, a year, or five years old.

Make downstairs of the library building your headquarters for knowledge and study.

D. A. E. Has First Party

Lin Carter, president of the Delta Alpha Alpha Epsilon fraternity gave a weiner roast on September 27, 1952, at his home in honor of the old members and the Alumni.

The Alumni included Dave Meekins, Sonny Benfield, Kurt Hammons, and Rick Hornaday. Also Dr. and Mrs. Moffitt, who are faculty advisors, were present. Officers for the year include Lin Carter, President; Kent Brendle, Vice President; L. C. Ellis, Recording Secretary; Pete Canada, Corresponding Secretary; and T. G. Madison, Treasurer.

ABBEY'S AMBLINGS

I was walking by the gym one day last week when I heard some of the most screechifying sounds — they sounded like last year's cowbell after a football game. Naturally, I'm a believer in Woman Suffrage, so I went in to see who was suffering. In the middle of the floor sat Jo Tilley, playing (using the word loosely) a clarinet, but from the wrong end. Was she the one who graduated from Dix Hill?

I was over at the girls' dorm one afternoon, spending several hurried minutes with a friend, when we began to discuss old maids. How we arrived at that I still don't know, but anyway, we considered its aspects, prospects, and precepts. She had only this to say, "I wasn't made to be an old maid." More truth than fiction.

I'm getting married next Tuesday night. I'm inviting all of you to the wedding. Be in Hauser auditorium next Tuesday night at 7:30. Charles Caudill is going to sing for me. No flowers, please.

Down in the book store the other day, I was sipping a two-cent drink (water with ice) sitting in the corner minding everybody's business when I saw Dr. Lorenz come in, stare at the juke-box and start to do the Charleston. He can really kick those heels in the air — like a young jackass after an April shower. Man of versatile talents.

At a dorm meeting the other night Red Stanback asked the Dean if we could have maid (or made) service in our rooms. Only reason was that he can't get to his bed to sleep, his room is so dirty. If energy were water, he couldn't drown a gnat.

This year's freshman talent is really something, especially the girls' talent. You think they were good at the talent show. You should have been around after the show! Some of them know a lot of things already that it took me two years to find out. That's easy to understand, though.

Ever try to write something at four o'clock in the morning and make it sound sensible enough for somebody else to understand? I haven't either.

Now is the time for all sensible writers to stop their nonsense. I just did.

Our Faculty Has New Faces

By KIPPY OVERFELT

In the last issue of our paper I introduced you to three of the new faculty personalities. It is my purpose now to acquaint you with the other professors who have recently become members of the college family.

In the Language Department I found Dr. John A. Hager, who comes to High Point with a life full of experience, not only in the teaching of foreign languages, but also in extensive travel in important military services and in practical matters of the business world.

Dr. Hager's academic training comes from many universities. His A. B. degree is from the University of Wisconsin, he took a teacher's course at Sorbonne University, Paris, France, returned here to take his M. A. degree at the University of Minnesota, and did a year of graduate work at the University of Washington in Seattle. In 1949 he returned to Sorbonne, where he received his Ph. D. degree in 1951.

Dr. Hager's teaching experience began in France and continued in high schools of Illinois, Connecticut, California, Minnesota and Florida. He came to us from the latter state where he has served as teacher and Supervisor of Public Instruction.

Dr. Hager is a native of Chicago. He is married and has two children; John Scott, seven, and Alan Richards, five. The family resides at 900 Fourth Street, High Point.

Serving as Assistant Basketball Coach and Professor in the History Department we have Mr. Abe Palmer. Mr. Palmer's A. B. degree is from Southwestern College, Memphis, Tennessee, his M. A. degree comes from George Peabody College, Nashville, Tennessee. His teaching experience has been in Corpus Christi, Texas and more recently at Trinity High School here in High Point. He has done graduate work at Woman's College, Greensboro, N. C.

Mr. Palmer is a native of Tulsa, Oklahoma. The Palmer's have one daughter, Penny, age five.

They live at 1132 Montlieu Ave., High Point.

I was at last able to find Dr. Reidel when he wasn't eating or lecturing and this is the information he gave me. He was born in Newark, Ohio. His A. B. degree is from Miami University, Oxford, Ohio; his M. A. degree from Columbia University; and his Ph. D. degree also from Columbia. Beyond this he holds a Ph. D. in science from the University of Colorado, acquired in 1941. Dr. Reidel's long period of service in schools and colleges took him to a number of institutions and into a variety of scientific subjects. For a number of years he taught at Morehead State Teachers College, Morehead, Kentucky; he was with the Army University in Europe during 1945-1946; and was Professor of Science at the A. and M. College, Stillwater, Oklahoma beginning January 1947.

Dr. Reidel and Mrs. Reidel are assets to our college campus. They have two grown sons with families. Robert, the older, teaches our military men and other nationals in the art of Aviation Tower Control, he lives in Oklahoma City. James, the younger is Assistant Professor of International Relations at Purdue University, Indiana and in spare time is working off his Ph. D. degree at Chicago University. The Reidels reside in Boy's Dormitory.

As a result of my interviews I can conclude that all of the new faculty members like our campus; they are pleased with the enthusiastic students and the fact that the faculty and students are congenial and cooperative. One of the highest compliments paid the student body was the fact that the students seem so mature, indicating they came here to get an education. The new faculty members commend High Point for its progress and in comparing it with other colleges of its size give it high rating.

... SPORTS SPOTLIGHT ...

BY KEN FRAZIER

"Drive hard, make that shot count, get the rebound" . . . these would be some of the remarks one would hear if he were to enter Harrison Gymnasium in the afternoon. It is only the third week of basketball practice for the Panthers, but one would think the tournament was just around the corner. Coach Davis was not joking when he said, "Our team will be in condition." The spectators this year will witness a much faster brand of ball than last year, at least that is my prediction.

The squad has split up, leaving only thirteen varsity men—five being newcomers and eight lettermen from last year. Although the coming is young and predictions are few, I feel optimistic about the season. The boys on the hardwood want to play, and to have this quality puts them far up the ladder towards a successful season. To know that all positions are open is making them work harder; therefore, those who make the first five will be the very best on the squad.

Last year, if the opponents could stop two Panthers, we were beaten. This year, they will have to stop five players, and if they stop the first five, five more—equally capable—will take over. The Panther team may not equal last year's record, but opponents will have to prove who's best to the 1952-53 Panthers who take to the hardwood.

The schedule this year will be much rougher, in fact, the Panthers are tangling with a Southern Conference foe. Love of the game, determination, scrappiness, good condition — that just about sums it up when one looks at each basketball player. It should prove to be a great year for all the Purple Panthers.

N. D. M. On Top In Intramurals

Intramural play began last week—the only football activity the campus can have. Interest has been low, but competition keen, with the N. D. M. on top holding a 1,000 average. The N. D. M. beat I. T. K. 42-7, beat the E. P. O. 20-0. The E. P. O. beat D. B. A. 12-0 and D. B. A. beat I. T. K. 13-6.

The boys don't seem to mind playing their hearts out to win, but they'd like to have some people come to see them play. They might even stage the games on the regular field and announce at the games if they had some spectators.

Standings are as follows:

	Won	Lost	Pct.
N. D. M.	2	0	1.000
E. P. O.	1	1	.500
D. B. A.	1	1	.500
I. T. K.	0	2	.000

Home Ec Club Elects Officers

The Modern Priscilla Club, an organization sponsored by the Home Economics Department, held its first meeting on Tuesday, October 7. Valma Griggs, retiring vice-president, presided at the meeting.

The officers for 1952-53 were elected: President, Betty Lee Jordan; Vice-president, Janet Snyder; Secretary and Treasurer, Betty Lou Wofford; Publicity Manager, Doris Elliott.

Plans for the year include sending two delegates, a student and a faculty advisor, to the State Home Economics Convention at Boone, N. C., on October 17-18. The club sponsored a dance in Harrison Gymnasium on October 14 to help pay the expenses for these two delegates.

E. P. O. To Present Womanless Wedding

Ever think of a marriage without women? The EPO Fraternity has, and thought so much of the idea that they went to present it to the public. The date has been set on the social calendar for October 21, at 7:30, in the Hauser Auditorium. Admission has been fixed at 35 cents; students under 12 admitted free.

The affair promises to be hilariously entertaining, since all members of the fraternity will participate. It is rumored that Jim Warren will be the blushing bride of David Abernathy, with Sonny Thornton cast as maid-of-honor.

Panthers Get Assistant Coach

One of the new capacities at HPC this year is that of assistant coach—the position is filled this year by Mr. Abe Palmer, who comes from Tulsa, Oklahoma. Although he assists Coach Bob Davis, he has other numerous duties, being a History instructor and instructor of Physical Education.

Mr. Palmer received his B. S. degree from Southwestern University in Memphis, Tennessee, and his M. A. degree in Physical Education from Peabody College, Nashville, Tennessee. At the present time, he is working on his Master's Degree in Education, doing graduate work the past summer at W. C. U. N. C. in Greensboro.

From a standpoint of coaching experience, Mr. Palmer comes well qualified for the job. Coaching at a university and several large high schools gave him the experience he needs. Last year, he helped coach the All-American High School football team, and five years of coaching in the United States Army Air Force adds to his record of experience.

Despite these achievements, he is a modest, unassuming person, with a ready smile and friendly personality. It is by no accident that he is seen talking to members of the opposite sex around the campus, but insists that his wife wants him to remain loyal to her.

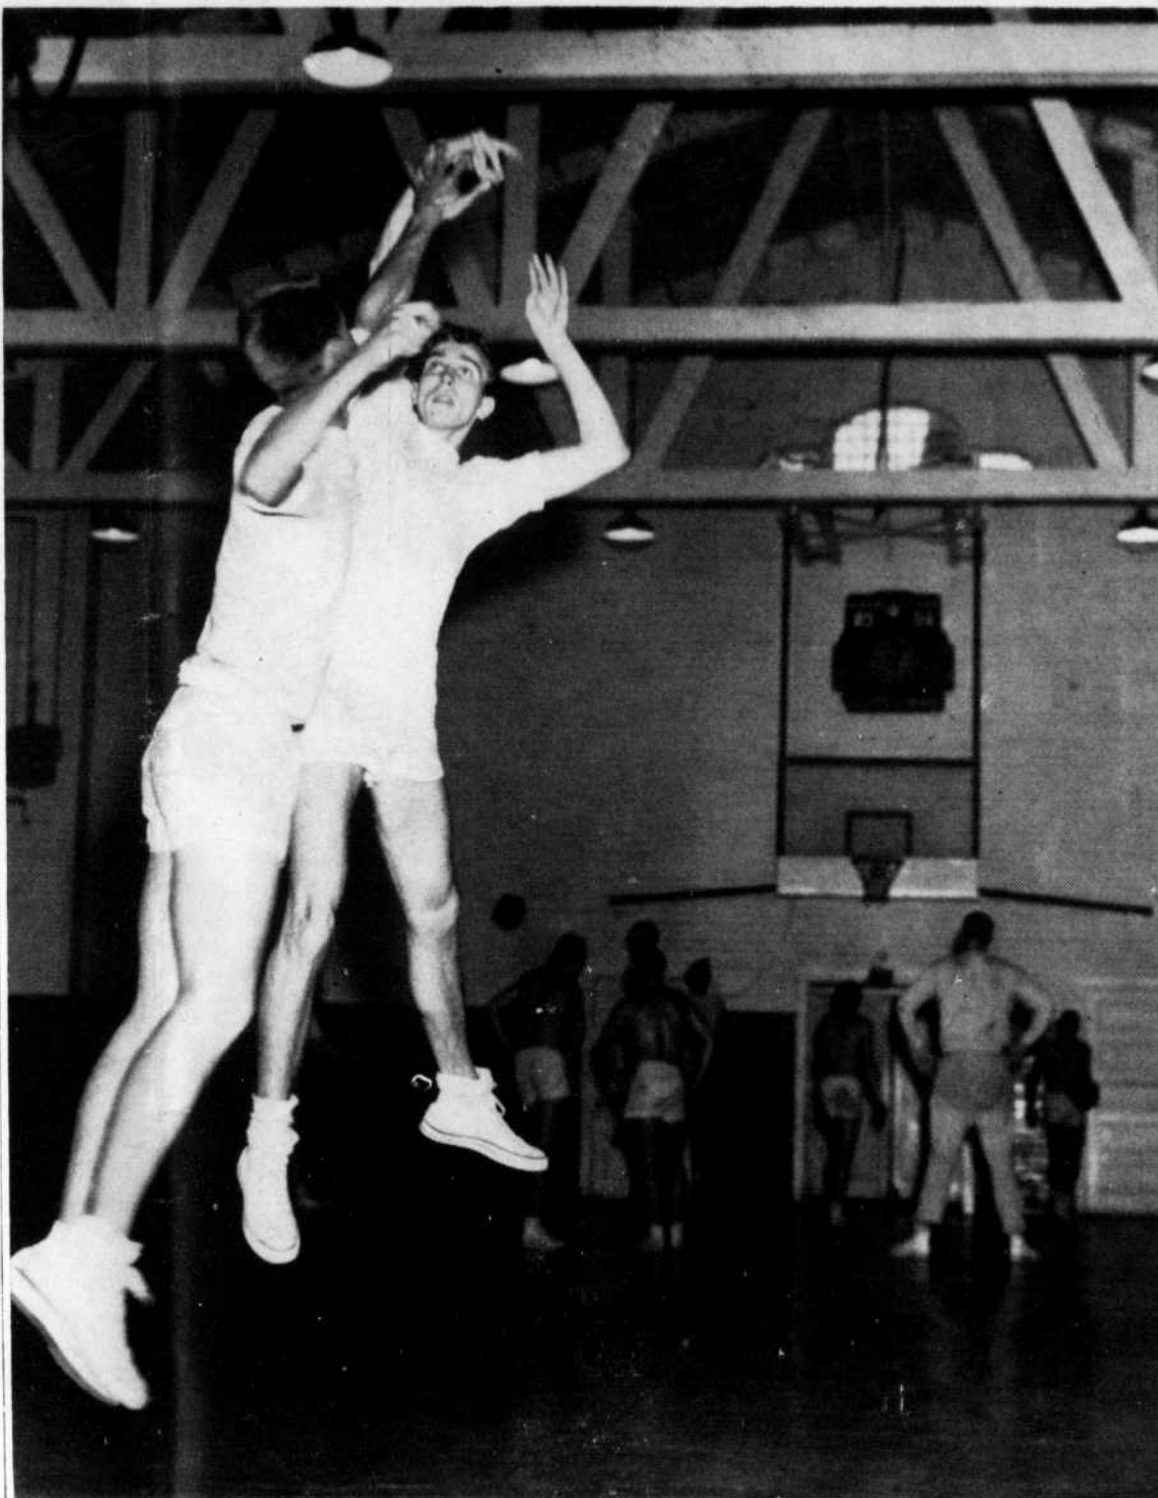

Abe comments very favorably on the active interest the basketball team has shown at its afternoon practice sessions. He tells us to watch out for this year's team. That kind of spirit can't be stopped.

W. A. A. Installs New Officers

The Women's Athletic Association began their new year of work Wednesday evening, October 6 with installation of the 1952 officers. Miss Ellen Philbeck, sponsor of the group, presided over the event, with Maxine Swearingen acting as the Spirit of W. A. A.

Following the service, the girls enjoyed a marshmallow roast over an open fire on Bowling Terrace, where 18 old members and 15 new members joined together in an evening of story-telling and recreation.

Intramural games have begun, with seven teams in the tourney. Play began last Monday, as the organization began a better and more unified program.

It couldn't happen in a real game! Lanky Bill Simpson and "Shirts" West scrap for an imaginary ball. But it could be that these two boys and their team mates, who are in the background, will provide tough competition in conference play.

Panther Lettermen Will Spark Conference Play

The High Point Purple Panthers lost three lettermen last June: All-State Ed Sueta, All-Conference Jesse Joyce, and guard Paul Pryor. This year, the squad carries one senior, letterman Billy Hicks. Billy hails from Mayodan, N. C., where he played four years of high school ball, making the All-Tournament team in his senior year. He spent two years at Oak Ridge Military Academy, adding All-Tournament and All-State to his record. He averaged 18 points a game during his last year at Oak Ridge. He came to High Point in 1951 and started in quite a few games last season. Billy is a fast driver but unpredictable on his shots.

The Panthers boast three juniors: two-year letterman Bob "Skeeter" Davidson, and forwards Tony "Toothless" Lisk and Conrad "Voice" West. Skeeter has been a regular for the past two years. Although he is small in size, he surprises most people when taking a good percentage of the Panther rebounds. Skeeter comes from Cambridge City, Ind., where he made All-Sectional his senior year with a former All-State here at High Point, Leonard Hunt. He entered the army in 1948 and played two years for "Uncle Sam" before entering High Point College. He was a regular his first year when the Panther journeyed to the W. A. I. B. tourney. Last year he helped High Point when they were "runner up" in the North State Conference, he made honorable mention to the All-State team. With his knowledge of basketball surely he will be a big man this year in Coach Davis' system.

"Toothless" Lisk hails from Mt. Gilead, N. C. where he was known as the "Mt. Gilead flash." He played four years at the center position in high school. His last year he averaged 18 points a contest and was chosen as the Outstanding player in the tournament. Last year he shared the right forward position with Hicks and at the close of the season improved tremendously. Tony is an excellent rebound man and has a very good eye for the basket.

Conrad "the voice" West comes from Hanes High in Winston-Salem, where he played three years on the varsity squad, being selected during his senior year to: All-City, All-Conference, All-State, and All-Tournament teams. This year "the voice" has been switched from guard to forward where the Coach hopes he will feel at home. You girls have heard his golden voice, now you will be able to see his golden touch in Basketball.

This year we have four boys with one big year of college basketball behind them: Bob Popp, Harold "Slick" Sykes, Sonny "Flip" Thornton, and Ken "Baby" Frazier. One of the most important positions to be filled is the center spot and Bob will be the one to answer the need. Bob hails from Sellersburg, Ind. where he played three years of high school ball. During his senior year he was selected to the All-Sectional team. Bob was approached by four large colleges, but made a wise decision in entering High Point College. Last year Bob fell right in the groove of college ball as he played second best to Ed Sueta. This year if Bob can make himself a

threat to other centers the team will go a long way in North State Competition.

"Slick" started his basketball career at Durham, N. C. where he played three years of varsity ball, averaging seven, eleven, and fifteen points a game respectively. He was captain at Durham High his senior year and chosen to the All-State team. Last year he was a forward reserve on the varsity, also carrying the JV's to many victories, averaging 21 points per game. "Slick" is a smooth ball handler besides being able to dump the ball through the hoop. If he improves as much this year as he did last year, he is first string bound.

"Flip" from Hugh Morson High made All-Eastern, All-State, All-Tournament teams during his senior year. This Raleigh All-Star came to Coach Davis after having his pick of the colleges. Sonny is an excellent long shot artist and a fast driver. He made first string last year and pleased the spectators with his shots and fakes. With one good year behind him, our opposition will have a hard time holding him down when he gets hold of the ball.

"Baby" Frazier hails from Narrows, Va., where he played four years of varsity ball and was captain his senior year. He was chosen as captain of the All-District team and to the All-State team. His teams won twenty-five of twenty-six games his senior year.

To sum up the total seasoned resources, we can see that from the experience these boys have had in the past, we ought to have a better team than ever before.

DON'T QUIT
When things go wrong, as they sometimes will,
When the road you're trudging seems all up-hill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit,
Rest, if you must—but don't you quit.

Success is failure turned inside out—
The silver tint of the clouds of doubt—
And you never can tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're hardest hit—
It's when things seem worst that you mustn't quit.

Senior Class Has Hamburger Fry

The senior class of High Point College held their first social of the year on October 17, at City Lake. The highlight of the evening was a hamburger supper.

The seniors and their dates then came back to the campus where they danced to recorded music in the Student Center.

During intermission, Bill Bigham, president of the class, announced that a special meeting of the class would be held on Monday, October 20, at 10:20 for the purpose of selecting candidates for the Miss High Point College contest.

F. T. A. Members Attend Convention

Bobbie Shumaker announced yesterday that five members of the local chapter of the Future Teachers of America would attend the State F. T. A. Convention, meeting at Duke University, on October 18.

The local group recently held its first meeting and report the largest membership in the organization's history. Miss Shumaker, president of the group, urged that all students, who plan to enter the teaching profession, affiliate themselves with their own professional organization which is a subsidiary unit of national and state teacher's associations.

Selective Service Exam Will Be Given

The number of students taking the Selective Service College Qualification Test will swell to approximately half a million with completion of the third series of tests to be given December 4, 1952, and April 23, 1953 at 1000 testing centers throughout the country.

In announcing dates of the third series, Major General Lewis B. Hershey said that 413,395 students have already taken the test. He reported that the Educational Testing Service of Princeton, New Jersey again has been designated to prepare and administer the test on the basis of submitted bids and to send each examinee's score to selective local boards.

Students currently deferred on the basis of test scores or class standards number about 190,000.

General Hershey emphasized that increasing manpower demands make it important that each draft-eligible student who has not taken the test do so as soon as possible.

Students whose academic year will end in January 1953 have been urged to take the December 4, 1952 test so they will have a test score in their cover sheets before the end of their academic year, at which time their boards will reopen and reconsider their cases to determine whether they should be deferred as students.

To be eligible to apply for the college deferment test a student must (1) intend to request deferment as a student; (2) be satisfactorily pursuing a full-time course of instruction; and (3) must not previously have taken the Selective Service Qualification Test.

Applicants for the test will mail application blanks for the December 4, 1952 and April 23, 1953 administrations to Educational Testing Service in self-addressed envelopes, which will be given to registrants by local boards. All these cards have not yet been mailed to local boards and it was emphasized that they will not be available after October 6, 1952.

Applications for the December 4, 1952 test must be postmarked not later than November 1, 1952. Applications postmarked after midnight of that date cannot be accepted for the December test.

The present criteria for deferment as an undergraduate student are either a satisfactory score (70) on the Selective Service College Qualification Test or specified rank in class (upper half of the male freshman class, upper two-thirds of the male sophomore class, or upper three-fourths of the male junior class).

Students accepted for admission or attending a graduate school prior to July 1, 1951 satisfy the criteria if their work is satisfactory. Graduate students admitted or attending after July 1, 1951 must have been in the upper half of their classes during their senior year or make a score of 75 or better on the test. It is not mandatory for local boards to follow the criteria.

General Hershey has emphasized many times that the criteria are a flexible yard-stick and that the standards may be raised any time necessity for manpower demands.

The two forthcoming administrations of the College Qualification Test represent the eighth and ninth testing dates of the program. In the first series of tests 64 per cent of the students achieved a score of 70 or better. In the second series 58 per cent of the students made 70 or better. The tests in all three series are equivalent in difficulty.

Use of tests by the Selective Service System, along with class standing, was originally based on recommendations of the six Scientific Advisory Committees appointed in 1948 by General Hershey. The Committees' report, presented by Dr. M. H. Trytten, Chairman, was made in the fall of 1950. After a sub-committee had prepared general specifications for a suitable test of scholastic aptitude, Educational Testing Service was designated as the testing agency to carry out the construction of the test and its nation-wide administration.

CENTER

COUPLE OF THE MONTH

You can't miss them. Audrey Stutts and Frank Wiggs can be seen with friendly smiles by all the students. Audrey took the first round in the bout when she invited Frank to the Leap Year Dance last March. Since that time they have been almost inseparable.

Audrey is a junior this year and comes from Robbins, N. C. Her chief likes are sports with an accent on basketball, dancing, and strawberry short cake. Her plans for the future includes finishing High Point College and becoming a commercial teacher. Frank, a veteran, is a member of the sophomore class and comes from Smithfield. He likes all types of sports especially football with due respect to tennis. His favorite subjects are ice cream, chocolate pie, and AUDREY. His plans at the present time are indefinite, but he plans to finish school with a major in Business.

To one of the finest couples on campus, the student body wishes the very best of luck.

The Panther Prowls

(Continued from Page Two)

girl friend and Joan Smith stated that she thought it ridiculous for our boys to import girls when there are plenty on the H. P. C. campus. How about making a selection from the girls here, boys?

Charles Jarrell seems to be a full-pledged day student since he isn't seen much on the campus. I suppose that it does make a difference when you are pinned to a day student!!!

Did you realize that in our midst there is a composer? Louie Eargle sings all the roles in his compositions and also accompanies himself. Ask him to perform for you, it's really hilarious.

Would you like to know some interesting facts about Goldsboro? Morris Holt, a staunch citizen from that town, can tell you all about the "place which rocks all night". It isn't necessary to ask him about it because he inevitably brings it into the conversation.

At any time during date hours, one can hear "Red" Standback yelling down the hall for Marion to hurry. Don't be so impatient, "Red"!!!!

Sue Gary is losing no time in making herself known on the campus and shows qualities of a good leader.

Jean Lewis has an interest at Randolph-Macon and from all reports it will not be too long before she heads that way to see the one and only Cecil!!

Evidently, Ray Vargas devoted all his time to selling sandwiches for NDM. Are you going to let the frat interfere with your love life, "Pancho"?

Reggie Cooke can't understand why he wasn't publicized by the panther in the last issue. Well, it wasn't because he wasn't seen frequently with a certain girl named Carolyn!!

Dean Lindley

(Continued from Page 1)

Greensboro for two years and Lees Chapel Methodist Church, north of Greensboro for seven years and First Methodist Church of High Point for one year; counseled innumerable students; and he served as advisor in many capacities. He had written two books, *Human Nature and the Church* and *Rise Up and Walk*, and a third one, *Principles of Religious Education*, was nearing completion.

He received his A. B. degree from Elon College, his M. A. degree from Vanderbilt University, and the honorary degree of Doctor of Letters from Western Maryland College. He had done graduate work at the University of Chicago. Many times he proudly remarked, "I have never missed a year of school work, either as a student or teacher, since the age of six, when I entered a little wooden school in Alamance county."
