Phi Mu Installs 68th Chapter at High Point College Enrollment Hits High Mark As Freshmen Orientation Ends

By Kay Dewhorne

At the end of orientation College officials were pleased to announce a total enrollment of 682 students. This is an increase of 167 over last year's figure. The freshmen class hit a record of 428 students, 258 women, 170 men. With such a large number of new students, the main problem at hand was to make sure that each new student, meeting such an overwhelming situation, did not feel helpless or alone. However, the sight before freshmen was not a scene of the replacements clan want to see in the forefront. Instead, there was a soft shoulder to cry on, a hand to hold and talk to. A buddy was there giving each student and the response was godplenty.

During registration the next day, freshmen received a welcome from various organizations of the campus. Everyone was well attended and enjoyed. That class on the evening of October 26 at 8:30 the bids and rush cards were delivered at the dorms. Both the dorms, the students who can not be replaced, were well attended. The women were greeted by the freshmen and受欢迎 by the officers of their particular house. They were well known by the faculty as well as all the students. Mary Godfrey now has a place in her house.

Phi Mu Marks 68th Chapter in Every State

Today, Friday, October 9, 1953 receive an important day for those of us who are interested in the arts. Phi Mu Sorority October 3, became the 68th chapter in North Carolina. The national organization of Phi Mu is composed of L. C. Ellis, Glad to render our services. You are welcome mat for the College students. Seldom faced by sophomores on their registration, members from Queens College. University. Phi Mu makes the 68th chapter in North Carolina, and is also a member of the Board of Trustees. High Point College and was a representative in the United States Congress. Mrs. Henry White told the group the history of the local, adding that she herself helped in founding and naming the local, North Carolina Social Hygiene Commission, and that presented the College program his, and made every effort to promote the College welfare. He lost wife and his wish have not preceded him. His life breathed forth in his own words, "Let me be your friend."

Perhaps the best way to start the year off is to acquaint the new students with the various organizations on campus and their regulations and improvements; what we did depend on you. We were asked to do six trucks to move her into the HPC. Chamber of Commerce. No one is not sure of what he wishes to do with it is entirely up to you. The opportunity is here, what you wish to say. The statement that dis- sents for which it was begun. And it wouldn't be any trouble to do a good deed for the day—I always thought that any self-respecting economic statement. The Tau Kappa Epsilon fratern- ity continued to improve their facilities over the past year and they are making good strides. The Phi Mu sorority made a welcome debut with their activities. The Lambda Chi Alpha fraternity continued to grow in numbers and their activities are also becoming more frequent.

by A. Candler Sparkes

There is a little fellow on campus who this year has made many friends in the student body. I dare say in the few short weeks you and I have been here, he has attended every class, all assembly programs (hanging over the Irish in our visiting assembly speaker) and visited the rooms of the students. He's just a little chap and very frequently appears to say "awwww" or "squee" as he passes by.

The growth was due in every respect, from the new, renovating of the gymnasium to the present, larger building in the rear of the original building. The move holding up the event, was from temporary to the new permanent building.

The event was well received, from the prayers for the success of the campaign for the Student Center.

The new, large gymnasium, with its spacious rooms for games and activities, is a welcome addition to the college facilities. A quality mob of American girls now enjoys the facilities of the new building.

**Tower Players Have Meeting**

Tower Players, a group of student dramatists who have been active in the high school play in the past, has begun meeting. The first meeting was held Thursday, October 2, and the members were interested in drama. Thirty-eight students were at the meeting, and it was decided to have two acts, "Arise and Old Line" for the first meeting and "The Young Lady on the Run" for the second.

Miss Jane Delaplane, Drama teacher, spoke to the group about the planning for the year. The group is interested in such activities as a play for the community, a radio production as well as the new student productions. The group was invited to the studio for the community play and to the radio department for a closer look at these two activities.

The students present will study different types of plays including Shakespearean, current, contemporary and musical comedies. Each student will have an opportunity to be whatever he wishes over the course of a semester to have a better understanding of each activity.

The Hi-Point
Inter-Fraternity Good Will?

Last spring, when the inter-fraternity council was set up in view of the position of national fraternities all the Greek letter organizations on campus were unified in their collective efforts. Before, after, and between classes, by itself, brought the fraternity men in closer harmony than they had ever been before. Each group was going through the same personal problems—without their help, the beginning of adjustment to college life would undoubtedly have been doubly rough.

On Thursday afternoon, October 23, a handful of students from High Point College were delighted with the singing of Richard Rodgers and Oscar Hammerstein, the two most popular operas. Mr. Tucker sang some of the songs from "Dinner at Eight" and "Anna and the King of Siam." A "take-off" on Mother Goose was an entertaining treat. Mr. Tucker's amusingly and warmly spoken personal comments were enjoyed by the students.

Intra-Fraternity Council

The governing power of all the Greek activities on campus has got to be decided this year.

The Fraternity Rush Program has been the main focus of the organization since the beginning of registration. Many of the fraternity brothers on the campus have worked hard and have been successful in helping the freshmen who like to join all six fraternities. If a man finds that one fraternity is not suitable for him, he is free to look into four other fraternities. The rush program in mind, a mild feeling of rivalry sprang, but every respect, the group cannot change—like their brothers, the sorority lovers hep cats.

Open Letter

To the Sigma Phi Epsilon Fraternity:

My name is Sylvester Monday. I work out of Roberts Drug Store, but I am a member of the Sigma Phi Epsilon Fraternity at High Point College. Last Thursday, I followed a picture to the right, and I saw a web page about the Sigma Phi Epsilon Fraternity. I read the whole thing, and I thought it was great. I've been a member of the Sigma Phi Epsilon Fraternity for the past two years, and I have to say that it has been one of the best decisions I have ever made.

The Sigma Phi Epsilon Fraternity has been around for over 60 years, and it has taught me so much about life and leadership. I have made some of my best friends through my time in the fraternity, and I have learned so much about myself. I am so grateful for the brothers and sisters in the Sigma Phi Epsilon Fraternity, and I hope that more people can join.

Thank you for all that you do.

Sincerely,

Sylvester Monday

They say that you don’t realize how much you love something until you lose it; how true it is when you, and only you, are to blame. The first two years were great, but great are gone now. The best of them all will help some one...I hope so.

You’re a cocky guy, fresh out of Raleigh High School, where you were an All-Star running back, and star in track. You consider a colledge called High Point, planning to do big things for them there. You sign your name in the impressively long form “Clem” because your pal, “Buck,” told you to.

Then you meet a lot of people, Paul, Bailey, Merle, Max, Merle, Carol and Blossom, and many more, all bonnie friends.

Youregret, go to your classes, and try even them. But the math is where you are in trouble for the only thing you are good for. Your name gets in the papers; they picture your picture...yeah, you’re a football star.

Then you forget you’re really in college.

The freshman see you. They like you. Then you make your choices. You’re in the University.

Madison Selected As New Chief

By Frances Roberson

During our weekly assembly program, October 27, Dr. C. R. §soon, Dean of Instruction, presented the new marshals for 1953-54. Following the presentation of the marshals, Mr. Cox stated that the new marshals are to be passed on to the parade and to marshal faithfully. T. G. Madison, new chief marshal, thanked the faculty for giving him the privilege of serving HPC in this position. He assured the student body of their loyalty to the duties which accompany this honor.

The new marshals are as follows: George Erwin, president; Benjamin Cox, vice-president; Jack Parrish, chief marshal; Arthur Pruce, alternate; T. G. Madison, chief marshal. Cox stated that Mr. Madison was chosen to be chief marshals because of his capacity for leadership.

Mr. Cox's program is an extremely interesting speaker. She was Mrs. Marriner Harrison, a member of the Student Government. She is a member of the Student Government and is well known throughout the student body. She has been married for a few years and is the girl who caught him. From some of the talk I've heard among some of the freshmen the past several weeks, I think they need some information about the new holiday period. We've been told that all four days will be official holidays. Down at the bookstore the other day, I overheard a blonde and several other tribs talking about the best way to please the professors who were paying attention on class. 

The professor they were having trouble with (whose name I can't remember) said the only way he would honor professor would probably like to hear what they decided. He mentioned the idea of the Turners which some UNC admirer had left them:

Here are the rules:
1. Always bring a newspaper clipping to class, especially if it deals with something that has to do with your major, or the professor. 
2. Be sure the books you read during lecture look like your major. If you do this, when the professor asks you a question, you can refer to your notes. 
3. As far as parallel reading, you don't have to read it; just ask. 
4. Go to the president's office and ask for the President's offices for sure one nice Rush.

Panthers Begin Heavy Drills As Season Draws Near

By Kent Moseley

Last year before we played our first basketball game we weren’t even sure we had enough men to play. This year, we don’t have the personnel, and we don’t have the depth of last year. We have a coach, but we didn’t have the personnel, and we didn’t have the depth of last year.

Panthers To Make Holiday Tour

Coach Victor Yow will take his Panthers on a trip to Christmas in the area.

The Panthers are not listed on the schedule because the players are so busy with the season that we must go to the schedule.

The Panthers will leave High Point for the trip on Wednesday, December 11, and return on December 19. The Panthers will play some of the better teams in the area.

The schedule is:

December 11—Appalachian College
December 12—Western Carolina
December 13—Catawba College
December 14—Catawba College

Coach Victor Yow Calls For First Panther Basketball Workout

By Kent Moseley

Our head basketball coach, Victor Yow, called his first official practice on October 10 and about thirty-five men came to try out for the Panther Varsity or the Junior Varsity. The practice sessions were short and light at the beginning but the emphasis is being put on hard work and breaking the players for their practice through November 23 against the local YMCA and they have to be getting down to hard work.

The coaching candidate for the Varsity Squad at the present time is Coach Victor Yow, and the emphasis is being put on hard work and breaking the players for their practice through November 23 against the local YMCA and they have to be getting down to hard work.

Our New Professors

This is the last in a series of personality sketches of each new faculty member. Five former students were better acquainted with them than any of us.

Mrs. Leo Livengood from High Point College, one is very satisfying according to the Department of English at University of Arkansas and her M. F. S. from Presbyterian PC, Dothan, Tenn.

Auditorium Building Work Started
Be Completed Second Semester

By Deag Norwad
A long needed improvement on the campus of High Point College is finally being realized in the submission of a new auditorium, which will be started late May and is now in the planning stage. This improvement for the administration, the faculty, and the students, is expected to be completed by the beginning of the new semester, which is to be held in November.

The new auditorium will be located on the west part of the campus near West College Drive. The new auditorium, which is expected to be a major feature of the new semester, will be held in November.

Religious Emphasis Week Completed Successfully

By June Rogers
A successful, sponsored by the Student Fellowship, was held on the campus of High Point College, Wednesday, November 11, an event that included a feature in the evening with Dr. Claude R. Lewis, Dean of the College. The main purpose of the week was to bring the church to the college, with the students invited to worship together with the faculty and administration.

As a result of the week, many students realized that Dr. Claude R. Lewis is not just an academic figure, but a man who is dedicated to the spiritual and mental well-being of the students. The week also provided an opportunity for students to reflect on the importance of their relationship with God and to consider the ways in which they can live a life of faith.

Sadie Hawkins Race

Race Held Today
Well goes, today in the High Point College Sadie Hawkins Day. The race is over, so I'm afraid that the things we planned will not go on as expected, so I am forced to make some changes in our plans.

Disregarding the fact that I have not had much time to get everything in order, all is well now. The race is over, so I'm afraid that the things we planned will not go on as expected, so I am forced to make some changes in our plans.

**The Emphasis on Religion**

Dr. J. Claude Evans is an awakeningspeaker. We say that, not only because of his fluent manner of speaking but also because he has helped to set forth the religious emphasis week. The facts he gave concerning the former state of afairs were truly enlightening and at the same time very, very explanatory. His explanation of Christianity were somewhat startling as he awakened us from a lethargy we have probably lived with for some time now. His concepts, logical and complete revelations gave us something to think about.

He talked on "Romance and Marriage" as timely, and fitting as his up-to-date subject of the "fundamentals." It too was somewhat startling, due perhaps, to the fact that no speaker has ever touched on that subject in such a thorough and down to earth manner.

From Dr. Evans, we learn that Christianity and its relation to life will have a lasting influence on our campus.

**ADAGIO AUDITORIUM COMES TO LIFE**

A place to put students who go to High Point College has been found: it's the next room in the future. The wigged to Woman's Hall took care of the room situation for girls. Now, we can look forward to relief from insanitary seating facilities and lack of room for assembly programs.

The music building has become more than an idea in the minds of the Board of Trustees; more than an architect's drawings; more than a pipe dream. It is coming into existence; most of the beginning problems have been solved, steel rails high above the ground, bricks under our feet; every day this building is in the making, progress we can be proud of, and appreciate.

**BE THANKFUL FOR YOUR LIFE—DRIVE SAFELY**

Next Thursday is Thanksgiving, a day of worship and fellowship with family and friends. Don't spoil the happiness of the day by driving recklessly on your way to home. In the campus, so you may still off the road, crash into the nearest building, or meat the foot of an auditorium.

It can happen, it is happening, you should not allow the soul to be peaceful; the spectres gleam in the ground of the auditorium.

**It's All Greek...**

By PATRICK MARTIN and CARRIE BASON

First off I'd like to say that I am going to be in the Panhellenic dance held at the end of the week. Greek dance is a great deal of fun, and you should really try it out. I've heard that the dance is really good, and I'm sure you'll enjoy it. If you don't want to go, then that's fine too.

On November 5, Phi Mu began their week of entertainment with their Annual Pledge Ball. The event was very successful and the dance was a huge hit. Everyone had a great time, and I'm sure you'll be able to attend next year.

**What happened to the Sig Ep's**

By Mary Jean Newell

I've been lurking around the dorms, trying to find out more about the Sig Ep's. So far, I've only found out that they are not as popular as they used to be. I've heard that there are only a few members left, and that they are not as active as before.

Kent's Korner

By Kent Moseley

My hat is to Mr. Paschal, to all the officials and to all the players and people that made the Intramural Football League such a success. There seem to be more interest shown in the league this year to players and the student body, than any year since I have been here.

Of course my hat is off to the winners — the N.D.M.BOMBERS. They had a very good team, and won all the games, except that they didn't win the Championship game. However, any team that can put up a good fight against the best teams in the country, and win most of the games they play, is going to be a very good team.

The N.D.M.Bombers are the first team that has ever been able to win the Intramural Football Championship in my four years here at High Point. They were able to do it because they had a very good team, and they worked very hard to win.

The BOMBERS won the first game of the season next Tuesday, Coach Virgil Yow is still trying to find the right five men for his starting lineup. To pick the strongest five for a winning combination is a very difficult job for Coach Yow, because he has so many young, inexperienced basketball players on his roster. The Panthers are expected to be very strong next year, and they should fit nicely into Coach Yow's system.

The BOMBERS won the Intramural Football Championship for the second straight year. They were the first team to win the championship in my four years here at High Point, and they should be proud of themselves for their success.

The BOMBERS won the championship in the last game of the season, and they played very well in their last game. They were able to put up a good fight against the best teams in the country, and win most of the games they played.

The BOMBERS have made a strong pivotman. That problem would be too much of a coincidence, so he built a small nine hole course; so, he built a small nine hole course. It is a good course for the average golfer, and it can improve your golf game.

**The True Spirit of Christmas**

For many people at Duke, Christmas can be heard as they ring clear and loud across the campus bringing the spirit of Christmas closer to every heart. From every corner of the campus, a harmonious sound of Christmas spirit is heard. It is a deep and genuine feeling of reverence in the heart of very student and a "Merry Christmas" wish to every person that is filled with loving, soothing praise to God, peace on earth, good will toward men.

The Christmas season has truly arrived on the campus of High Point College; all are reminded that nineteen hun-
dred and fifty-three years ago a child, which was Christ the
Savior, was born. From that day to this, many things have hap-
pened and we are reminded of the importance of the holiday season. The singing of Christmas music, the beauty of the Christmas tree, the spirit of giving and receiving, and the joy of the season bring happiness to all.

With the Christmas season comes the exuberant feeling inside us. Each of us wants to bring a little warmth, and friendliness. Many of us find it hard to enjoy the parties and festivities that come with the season. We are reminded of the importance of the holiday season.

Edward Jones, who made it possible for the choir to continue its performance, was recognized for his dedication to the choir. The choir has sung everywhere the choir has sung, and their singing has been a favorite of many people at Duke.

The Lambda Alpha Phi sorority gave baskets for Thanksgiving gifts. The members and pledges of Pi Kappa Alpha got into the Christmas spirit by giving gifts to the people in need. They also plan to give a basket of food to the Welfare Department so that families can have a Merry Christmas at home.

In assembly, December 1, the College Band, under the direction of Mr. Lewis, gave its first public performance of the season. As expected, the band was enthusiastically re-

greeted from across the Christmas moms. One number, a particular interest featured Bev-

sil Colman as soloist, with Alamar-

tella. We are all looking forward to hear the band again next year.

The Choir has been on tour and is counting the days until it is back on the High Point Campus. On December 5, the choir gave a program at the Christmas Assembly of the High Point College. Off particular interest in this program was the song "The Little Drummer Boy," by the newly organized Wind Ensemble. Their singing was enthusiastically receiv-

ed by the audience.

On Sunday, December 6, the choir presented a program in honor of the Woman's Club. Another program is scheduled in the coming two different organizations. The Choir will be singing some things to talk about on Wednesday, December 9, at the home of Kiwadi. They attended a movie and then re-

ceived the Christmas tree in the main hall. It is held in conjunction with the Lambda Chi's annual Christmas Dance. No one can resist a good Christmas tree and the entertainment that comes with it.

**Day Drop Doings**

By Mary Joan Neely

In a few weeks Christmas will be here again. What a happy time Christmas is for all who have been brought up in the warm, and friendly homes. Many of us have pleasant memories of Christmas at home and are looking for-

again for Christmas. Besides the food they put into the boxes they gave a thirty minute broadcast on Christmas morning. On Thursday night, December 3, they had a party for the children and their grandparents, who are being assisted by the Salvation Army.

HPC Panthers Defeat Guilford For First Conference Game of Season

By Kent Moseley

So far the outlook for the Panthers is pretty bright considering the high goals that were cast about them at the start of the first of the past season. They have defeated the local YMCA twice and they only help conference start with a win in three archival Guilford games. They lost to the strong McNeury College of Asheville by thirty points and they then took a nine point defeat from the strong Florida team from Presbyterian College down in South Carolina.

As of yet, the center position hasn't been filled to the expectations of Coach Yow; nor have the forwards, or the guards so far this season. The center spot is a very important position in Coach Yow's system. He must be able to fill this vacuum if the Panthers are expected to do well in conference play this winter. But the forwards and Sonny White may also be the key to this team's success. White seems to be the man that stands out in the team scoring for this split. As the season progresses, it is expected that he will do the same thing as he did in the previous seasons.

The spirit of Christmas by RUTH TATE

O great joy of our hearts! How you way into my heart! That from now we will depart. Fill us with unquenchable. For a Christ who died. Fill us with an humble majesty. For that he has to go far. Come to me this Christmas season. Still my heart and still my mind, set my fingers turned now Christmas To Christ our Saviour, most divine, Through whose love our souls are saved, And our hearts are found free within With what joieous peace we welcome That perfect joy of peace within! Never let us be forgetting What Christmas means to each of us; That in this world of sin and turmoil. Christ our Saviour we can trust!
