880 Students Enrolled At End of Registration Period

Eleven New Professors Added To HPC Faculty

Dr. Conrad Assumes New Duty As Dean

Dr. Harold Conrad, yankee-born educator, recently assumed his duties as dean of instruction of High Point College.

A native of Woodstock, New Hampshire, Dr. Conrad has been authentically impressed with the friendly atmosphere he has noted in the South, particularly in High Point.

As dean of instructions, he has many of the problems of the administration, other than finance and employment, on his shoulders. In addition to being responsible for all curriculum changes, Dr. Conrad will supervise summer school, and co-edit the catalogue. Over all this, he will teach several history classes; history is his "first love."

Dr. Conrad holds three degrees, A. B., M. A., and Ph. D. The latter was received from the University of Toronto.

HISTORY AUTHORITY

Considered an authority in history by many outstanding historians, Dr. Conrad has published many articles in periodicals such as "Current History," "International Relations," "Kiwanians Magazine," and the "Star."

In a significant statement, Dr. Conrad stated "I believe church related schools produce graduates who are able to assume full responsibility in the community and blend well with graduates from other colleges and universities."

A total of eleven new members have been added to the instruction staff of High Point College. These educators began their duties with the opening of the fall semester.

The new members are: Ralph Anderson, Charles P. Daniels, Cecil Eby, Wayne Hoover, Ruth Worthington, Harold Conrad, Foy Annas, Thomas Dodamead, Wesley Gaynor, R. A. Lineberry, Elizabeth Stillman.

Mr. Anderson, assistant professor of business administration is a native of Michigan. He received his A. B. degree from Ferris Institute and his M. S. degree from the University of Tennessee.

Mr. Annas, instructor in Spanish and English received his A. B. degree from Lenoir Rhyne College and his M. A. from the University of North Carolina. He is a native of Lenoir, N. C.

Assistant professor, Thomas Dodamead is a High Point native and graduated from High Point College with his A. B. degree. He received his M. A. from Miami University. Mr. Dodamead teaches psychology.

Wesley Gaynor, executive alumni secretary, is also a graduate of High Point College. He holds the B. S. degree and is a native of Davisworth, Virginia.

R. A. Lineberry, a Graham native, is assistant professor in physics. Dr. Lineberry was educated at Guilford College and the University of North Carolina. He received his M. S. and Ph. D. from the latter.

Miss Stillman is from Home (Continued On Page Four)

FRESHMEN WELCOMED—Members of the dormitory council were on hand to welcome the freshmen as they arrived last September 13. Here, Koy Dawkins, president of the dormitory council is greeting the newcomers after their long drives. Freshmen were assisted with their luggage as they officially became college students. Such scenes were typical as HPC went all out to aid the new students.

HPC Freshman Injured In Wreck

Sidney Solomon, a freshman pre-medical student at HPC, was involved in an automobile accident Friday night, September 16, on the Mooresville-Kannapolis highway.

It is said that Solomon was returning from the Statesville-Kannapolis football game. As Solomon's car rounded a curve, the car he was meeting allegedly crossed the yellow line in the highway with the bright lights in Solomon's eyes, blinding him. The right front tire of Solomon's car skidded on the

pavement shoulder and overturned five times before it came to a halt. It was reported that there were four other occupants in Solomon's car. It is not known if the others were hurt.

Solomon attended Jackson Park Elementary school and was graduated from A. L. Brown High School of Kannapolis in 1955. He is a Freshman at HPC and plans to attend the University of North Carolina Medical School after graduation. He makes his home in Kannapolis.

Hi-Po Staff Members Are Announced

New staff members on the Hi-Po, High Point College's official newspaper, have been announced by Jimmy Reavis, editor-in-chief.

Johnny Mann, a native of Asheville, will serve as managing editor for the school year. Mann, well acquainted with journalistic principles, will supervise both the news and feature departments.

Stanley Broadway, sophomore from Kinston, North Carolina, will be acting associate editor, Reavis announced.

Other staff members include: Shelby Moseley, news editor; Jane Lucas, feature editor; Marty Neustadt, sports editor; Bob Gatling, fraternity editor; Harriett Rutherford, sorority editor; Helena Smith, music editor.

Special staff writers include Janice Solomon and Koy Dawkins.

John Perry, business manager, announces that Barbara Wilson will assist him as associate business manager.

Both Reavis and Perry emphasized that positions are open for interested persons. "Anyone interested," Perry stated, "is invited to attend the first Hi-Po meeting in the Hi-Po office Monday, September 26." The meeting time is 10:20 A. M.

Total Number Surpasses All Previous Records

A total of 880 students have been registered for the fall semester of the 1955-56 year, N. P. Yarborough, registrar announced yesterday.

Of this total about 465 are day students.

There are about 190 women and approximately 225 men living in the dormitories, making the total boarding students 315.

FRESHMAN CLASS

The largest class on campus, the freshman class, boast a tremendous total of 310 students. Of this number, there are 220 men and ninety women.

Yarborough said that registration is now complete, and that no further registration is anticipated. He added that there is a long waiting list for spring term.

In an effort to compensate for the increased enrollment, eleven new members have been added to the faculty. They are: Mr. Ralph Anderson, Foy Annas, Harold Conrad, Charles Daniels, Thomas Dodamead, Cecil Eby, Wesley Gaynor, R. A. Lineberry, Miss Elizabeth Stillman, and Miss Ruth Worthington, Wayne Hoover.

FOREIGN STUDENTS

Foreign students enrolled at High Point College this semester are: Tony Wen, Indonesia; Choong-ky Kim, South Korea; Pedro Montes, Cuba; Lucilla Garcia, Cuba; Benjamin Zambrana, Bolivia; Ernest Albert, Pakistan; Alfredo Julian, Cuba.

Zenith Pictures Are Being Taken

Individual pictures for the Zenith, High Point College's annual, began being taken Wednesday, September 21, with Mr. L. G. Golden of the Rappaport Studio of New York as the photographer. Pictures are made from 9:00 a.m. to 5:00 p.m. in the basement of the women's dormitory.

In order to have your picture made, an appointment is necessary. A representative of the Zenith is in the foyer of Roberts Hall to give these appointments.

All senior men are requested to wear white dress shirts; coats and ties will be furnished. Senior girls will have attire provided. All other men students should wear dark coats and ties; girls, dark sweaters.

All students are urged to make appointments and be photographed, so the annual can have a complete record of students.

PROPOSED QUADRANGLE FOR WEST CAMPUS

Many Outstanding Buildings Are On HPC Campus; Plans Being Made For Expansion

BY JOHN PERRY

Outstanding features dominate the campus at High Point College.

Looking briefly at the scholastic side of the picture, you will readily note and truly appreciate, not only the beauty, but the efficiency of every aspect of the new Science and Home Economics Building, located on West College Drive.

The building, occupied for the first time last fall, houses three chemistry, a physics and two biology laboratories. It is interesting to note that the home economics lecture room can seat sixty-five students.

MEMORIAL AUDITORIUM

Memorial Auditorium, built at a cost of \$260,000.00, has a seating capacity of 1,200.

Perhaps the most impressive part of the building is the exten-

sive foyer, with terrazzo flooring and plate glass front. The foyer is complete with a kitchenette, an adequate cloakroom, ticket booth, and two rest rooms.

The music department and dramatics classes are in the rear of the auditorium. Both departments are equipped with the best facilities.

SUSAN WESLEY HALL

Susan Wesley Hall, women's dormitory, was built in an effort to alleviate crowded conditions prevailing in the women's dormitory.

Many words of praise have been given the administration for this particular decision and credit is definitely due them.

In summary, High Point College, of which the buildings are an invaluable constituent, stands to become one of the greatest cultural institutions in the world.

Dr. Cooke's Welcome

We deeply regret that we could not admit all those who applied for admission. To the hundreds who could not be admitted we offer our best wishes. Many groups of students will be welcomed to the campuses of American colleges and universities this fall, but my welcome to you is a very special one.

You have been selected for admission to High Point College from among a very large number of applicants. You were selected because High Point College felt that you are the type and quality of student because we feel that you can and will profit from the instruction which we wish to have at the college. You have been selected also because we feel that you can and will profit from the instruction which you receive here. You are to be congratulated, therefore, on two counts. First, because you chose High Point College as your college and second, because High Point College chose you to be among the students whom it will instruct during the coming year.

Let me urge you to make the best possible use of your time while you are in college this year. "Lost somewhere between sunrise and sunset sixty golden minutes, each studded with sixty diamond seconds." Minutes and seconds lost are never regained.

Wishing for you a most successful and happy year of work, study, and play, I am

Yours very sincerely,

Dennis H. Cooke

President, High Point College

Welcome From SGA

The Student Government of High Point College extends a hearty welcome to the class of '59 and all returning students. We earnestly hope that each of you will feel that our campus is your home.

Your Student Government has its purpose, the representation and assistance of you, the students, in college activities. Each week the legislature will hold a meeting to conduct business and solve problems which occur throughout the year. We will be happy for any student to meet with us to discuss his or her individual problem. Your utmost cooperation and support are urged in all Student Government matters.

May this year be one of growth and expansion for us all. Let us work hard and painstakingly, so that we may all look back to this year with the reassuring knowledge that it was a successful one.

Sincerely,

Hardy Tew

President, Student Government

Hi-Po Dedicated To Freshmen

Traditionally, the *Hi-Po* is dedicated to the freshman class; this year, the recipient of the honor is the class of 1959.

We do not dedicate this edition to the largest class on campus because it is simply a tradition, but rather, because we would like to give recognition where recognition is due.

The professors and upperclassmen alike will agree that the cooperative spirit displayed thus far will be a decided asset in the future years for the freshmen, regardless whether in college or on the broad highway of life.

It would be virtually impossible to think of the freshman class without thinking of the friendly atmosphere which has been prevalent in all undertakings these two short weeks.

The troublesome hours of registration are almost a memory now and we take this means of challenging the freshman class to maintain the fine reputation they have so firmly established this year.

From Last Year's Hi-Po

Beware of College Tradition

High Point College, founded in 1924, is beginning its thirtieth year of instruction to students. Some schools, founded in 1900's are not nearly so fortunate as we. Yes, they have large student bodies, better and more complete classrooms. They even have many, many buildings, built at a considerably higher cost than anything we have here. But they are shackled by an inherited attitude and culture; they have received oral and printed transmissions of information, beliefs and customs with which they must comply. In other words, they are bound by tradition.

Let us assume that our college is but a piece of fresh clay. In the hands of a master craftsman this clay can be moulded into any given pattern or design. The gravel, which hinders the progress of the product, can be removed. That is to say: we can carve our own patterns, set our own examples, and build our own great and inspiring tradition. The hindrances to progress, while still young, may be removed with a minimum of labor; on the other hand, obstacles which are rooted in a firm foundation are apt to be permanent.

We have a tremendous responsibility; we have a tradition to set, a goal to reach, and impediments to conquer.

We need only remember one thing—the reputation that our institution will have in the future depends entirely on us, the simple students.

Sidewalk Symposium

Shelby Moseley

Question of the week: (As asked of freshmen)

What is your impression of High Point College?

Day student Larry Swiggett insists, "It's too early to make any impression, but I think I'm going to like it here." Here's a boy who will not be rushed into anything. We all hope you have a slow pleasant reaction to our campus, Larry.

In contrast to Larry, Shelby York liked HPC right off. Ac-friently—real friendly." Especially the boys, right?

"It's a good place to set your trap if you're looking for man-bait," confesses Peggy Moore. Did you get that, girls?

T. R. Alexander remarked on the friendly atmosphere marred only by one flaw—"There are more boys than girls." That's a flaw ?? Best trouble I ever heard of!

"A place where you can cultivate a lot of unforgettable friends while you're planning your life's work," is Sue Beeson's view of HPC. And you'll acquire numerous friends, Sue, I'm sure.

"The warmth and helpfulness of the upperclassmen" is praised by David Gordon who is impressed also by the friendly spirit of the school. On your toes, upperclassmen, keep up that work.

Gregg Hughes merely states, "It's better than the army." I trust you were treated well in the army . . .

From the eyes of Charlie Davis High Point College is "a very nice school." And sometimes those simple words do say it well.

Adding her name to those praising helpfulness is Nancy Rice. She thinks HPC is "really great."

A Freshman's Nightmare

The time had arrived. Those long endless hours of waiting were over. No more listening to the monotonous tick-ticking of the clock, (O.K., so it's electric and it buzzes instead—whade-awanta make sometin' of it?); no more watching those relentless hands of time move closer and closer to the hour; no more waiting for the sickening feeling to hit the pit of your stomach each time you awoke from a fitful doze. This was the hour.

A tearful parting from the family and the train rolls out of the station carrying you and your trunks to who knows what untold horrors. The horrors do not remain untold for long. Suddenly, out of nowhere, the long brick building with its rows of tiny windows looms before you. You are ushered inside to your "new home." There are many others there, also, who are uncertain as to what will become of them. You stand around in little groups talking in hushed whispers. The low buzz of voices stops as one of those upper classmen passes, and all eyes and heads turn to follow that person who seems to know what he is doing.

Then you are all shown onto a huge hall where various surly looking fellows lay down the law on what you can and can't do and the one thing you must do—register.

A mad rush for the door seems to be the natural reflex at mention of this word. The mad crowd stampedes in the direction of another large room with high barred windows. There you stand in loonnnggg lines and each one is assigned to a different torture chamber at various periods of the day. In the last and loonnnggg valuables and then you are regest line you are stripped of all leased.

But don't let it get you down, Freshmen. It really isn't so bad; and after a while the place kinda grows on you (in a malignant sort of way). No foolin' though sort of way). No fooling though, you do get right attached to ye olde H. P. C., and pretty soon you'll be singing, "Mem'ries of you we will cherish—H. P. C.!" That's the school song in case you don't know it.

To save addressing 850 envelopes and liking that many stamps, consider this a birth announcement. It's three weeks old but so is our daughter.

"Our" is my wife, Marthelaine and I. We, to employ a cliché, are very proud. I have heard of people who wouldn't be because babies cost money. Not our baby.

She has over 100 sorority aunts and fraternity uncles to hand out the nickels when she starts talking. You can bet your last buck that the first thing I will teach her to say is "nickel."

If you see me with a bundle of laundry, it isn't laundry at all; it's the eight and half pound daughter. We don't have laundry anyway; we use diaper service.

Her very proud grandfather has built a rumble-seat to his fifty-five-an-hour speed boat and her grandmother is making a miniature life-jacket. Anything for the little one!

One thing college does to prepare you for family life is to keep you up at all hours. Strange, when she gets hungry.

I have no doubt that she will be one of the prime specimens in my child psychology class. Believe me, she is a prime specimen.

By the way, her name is Jaime-lyn Lu.

TYPICAL FRESHMAN upperclassman's view

The above is not what it looks like; it is what a freshman looks like—to an upperclassman.

The pigeon-toed youngster from Cook's Creek, East Alabama, seems to be having trouble with her sticker-equipped luggage (genuine Florida alligator hide).

She even has the bag to go under her eye (she only has one eye; that's what the dark glasses are for.)

She is really not knock-kneed; her knees are knocking because some ugly yankee just made a face at her.

To avoid a law suit for slander, it might be wise to add that any similarity between our model and a real live freshman is purely coincidental.

Freshman Views Of HPC

I am a freshman at High Point College and I have been on the overwhelmingly lovely campus almost two weeks.

Many characteristics deserve praise from our class as a whole and I take this unofficial means of expressing a deep sense of pride and appreciation for many manifestations of sincere and authentic interest.

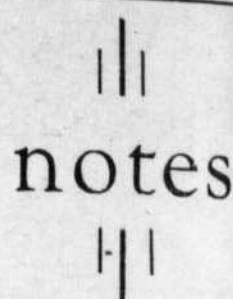

When being told of High Point College, I justifiably assumed that the campus would have an atmosphere unparalleled by any other institution of learning, disregarding size and location of those institutions.

First and foremost, the true spirit of a Christian college is easily recognized and felt within. This was the first impression I noticed.

Obstacles in life's road would be unbearable without friends to turn to for reassurance. How fitting, then that as we, the class of 1959, begin our trek on that road with consideration and genuine interest from the students, faculty and administration.

Helena Smith

Enrollment in each music group is very encouraging this year. The Music Department offers varied majors which are designed for students who wish to spend the major part of their time in the study of music with emphasis on voice, piano, organ, band, orchestral instruments or public school music. It also offers courses which may serve as electives for the student who wishes to study music for its cultural benefit. The Memorial Building, occupied in the spring of 1954, houses a reception room, a combination auditorium-chapel and adequate facilities for all of the work in music and dramatics. It is equipped with Steinway grand pianos for all of the work in music.

RECORD COLLECTION
The Music Department has an extensive collection of records which may be checked out for use in or outside the music building. The record collection represents all types of music from medieval church music to contemporary composers. Vocal records include some operas and operatic excerpts including a complete Carmen; a number of oratorios including Messiah and Elijah; and a large number of the Beethoven symphonies, and a number of his other works; all the Brahms symphonies; and works by such modern composers as Ravel, Stravinsky, Bartok, and Gershwin. Students are encouraged to use the record collection and may check them out for use outside the building by seeing Miss Fields.

The Wrenn Memorial Library has an excellent selection of books on music. Additional scholarly books on music are constantly being added to those already in the library. High Point now has one of the most complete sections of such books to be found in any college of its size.

ENSEMBLE GROUPS
The concert band, under the direction of Dr. Lewis, occupies an important place in the life of the college, providing music for many events throughout the school year. Formal concerts are given from time to time. Dr. Lewis urges those, who are interested in playing in the band and haven't signed up yet, to watch the bulletin board for news as to what instruments are needed.

The High Point Symphony Orchestra holds its rehearsals at the college and is directed by Dr. Lewis. College students who can qualify for admission to the orchestra may receive regular college credit. The orchestra gives formal concerts from time to time.

The A Cappella Choir, under the direction of Mr. Cox, is an important part of the total college program. Besides singing every week in college chapel programs the choir is in demand by Methodist churches for Sunday services and other functions. It makes numerous appearances at church conferences and takes an extended tour each spring. Garland Gammon, Business Manager of the choir, announces that the choir has a busy schedule this year. The first two performances of this semester will be the annual Western North Carolina Conference Board of Education on September 28. On October 1, the choir will sing for the annual Conference Youth Night program in the new Charlotte Coliseum.

WOMEN'S GLEE CLUB
The Women's Glee Club is a non-credit organization which meets every Thursday at 2:30. This club is on call for local performances for churches and civic groups. Those who are interested in joining this club are urged to see Mr. Cox, the director.

Bob Gattling

It's All Greek

Harriett Shelton

LAMDA CHI ALPHA
Three of the brothers became married men during summer. They are Joe Widenhouse, Bob Phillips, and Sid Proctor. The brotherhood is happy to welcome Pete Canada back into the fold after a tour with Uncle Sam. Tom Pendergash, a traveling secretary, will visit the chapter from Tuesday until Friday. Brothers Ernie Ball and Craig Kester went to a training seminar on August 20-26, and the men are looking forward to much help from these men. The knowledge that they gained of the fraternity while there should be a great asset to the local chapter.

THETA CHI
The club officers for the coming year are, President, Herbert Dixon; vice president, Bill Andrews; secretary, Otos Gardner; treasurer, Sidney Lanier.

PI KAPPA ALPHA
The brothers and pledges of the Delta-Omega chapter of the Pi Kappa Alpha Fraternity had a very enjoyable summer. It was also an unusual one by the fact that no less than 8 brothers and pledges strode to the altar. They include the marriages of Libby Hutchins to Max Lanning; Ray King to Dick Hensdale; Marilyn Lauder milk to Al Finley; Peggy Leonard to Kerlee Lithell; Faye Kendall to Bill Wrtght; Douglas Warren to Hebert Masten; Jean Griffith to Arlen Pons and Celia Sherrill to Bill Eller. Another happy couple, Carol and Tommy Murray are expecting a little "pika" around October 26.

SIGMA PHI EPSILON
The Sig Eps are planning to initiate five boys on Monday night, September 26. These boys are John Rierson, Stan Broadway, Braxton Warner, Bill Tyson,

Dennis Pruitt, and W. H. Needham.

At the Ohio Valley Conclave held in Cincinnati Aug. 31, Sept. 1 & 2 District Governor Bedford Black was elected Grand Junior Marshall Elect. The Conclave meets every 2 years. Koy Dawkins and John Perry were delegates from N. C. Eta. Bill Ward also attended the affair.

N. D. M.
The NDM club starts the new year off with the return of twenty active members. We regret that several of their boys were caught by the registrar's long waiting list. Nevertheless, they intend to make this year one of our best.

The club officers for the coming year are, President, Herbert Dixon; vice president, Bill Andrews; secretary, Otos Gardner; treasurer, Sidney Lanier.

PI KAPPA ALPHA
The brothers and pledges of the Delta-Omega chapter of the Pi Kappa Alpha Fraternity had a very enjoyable summer. It was also an unusual one by the fact that no less than 8 brothers and pledges strode to the altar. They include the marriages of Libby Hutchins to Max Lanning; Ray King to Dick Hensdale; Marilyn Lauder milk to Al Finley; Peggy Leonard to Kerlee Lithell; Faye Kendall to Bill Wrtght; Douglas Warren to Hebert Masten; Jean Griffith to Arlen Pons and Celia Sherrill to Bill Eller. Another happy couple, Carol and Tommy Murray are expecting a little "pika" around October 26.

The PiKas have planned many new year. As for sports, well, PiKa is planning to put a very good football team on the field to start the HPC intramural league.

YANKEE doodlings

Marty Neustadt

THE PRICE OF GREATNESS IS HIGH

The price of greatness is high. There are only a few athletes who have had it. Babe Ruth had it, Ty Cobb had it; Ted Williams has it. So many more died without it.

Ruth had that extra "class" and "color" that put him high above the rest of the masses. The spondee-legged giant with the big chest and rash personality was a tremendous athlete. His 60 home runs in one season still stands as a record through 28 pennant races passed. Many have come close, but not close enough, and no one has equaled the great slugger's record. I hope no one does.

The price of greatness is high, and those that make it deserve the luxuries it affords. The pimps and perverts who hang around small dives never make it, the ignorant and the illiterate never even come close; the weak and the sick fade away into oblivion, and you and I can only hope, but hope is what everyone has. The ones that are great have something more than hope, but God has picked only a chosen few.

And sometimes fate plays a dirty trick in life and covers up greatness until it is obscure, and no one knows this more than Satchel Paige. I picked up a paper recently and read where the once great pitcher had signed with Greensboro in the class "B" league. It made me sick to think about it. People that saw him at his peak say he was Johnson, Grove, and Hubbell all combined into one. In 1948 I saw him give the powerful Yankees a fit, but that was after he had been used up in every little hamlet in the U. S. A. His effectiveness was gone, but his new Caddy still stood on the parking lot. The price of greatness is high, and Old Satch could have paid for it, but he couldn't find a buyer.

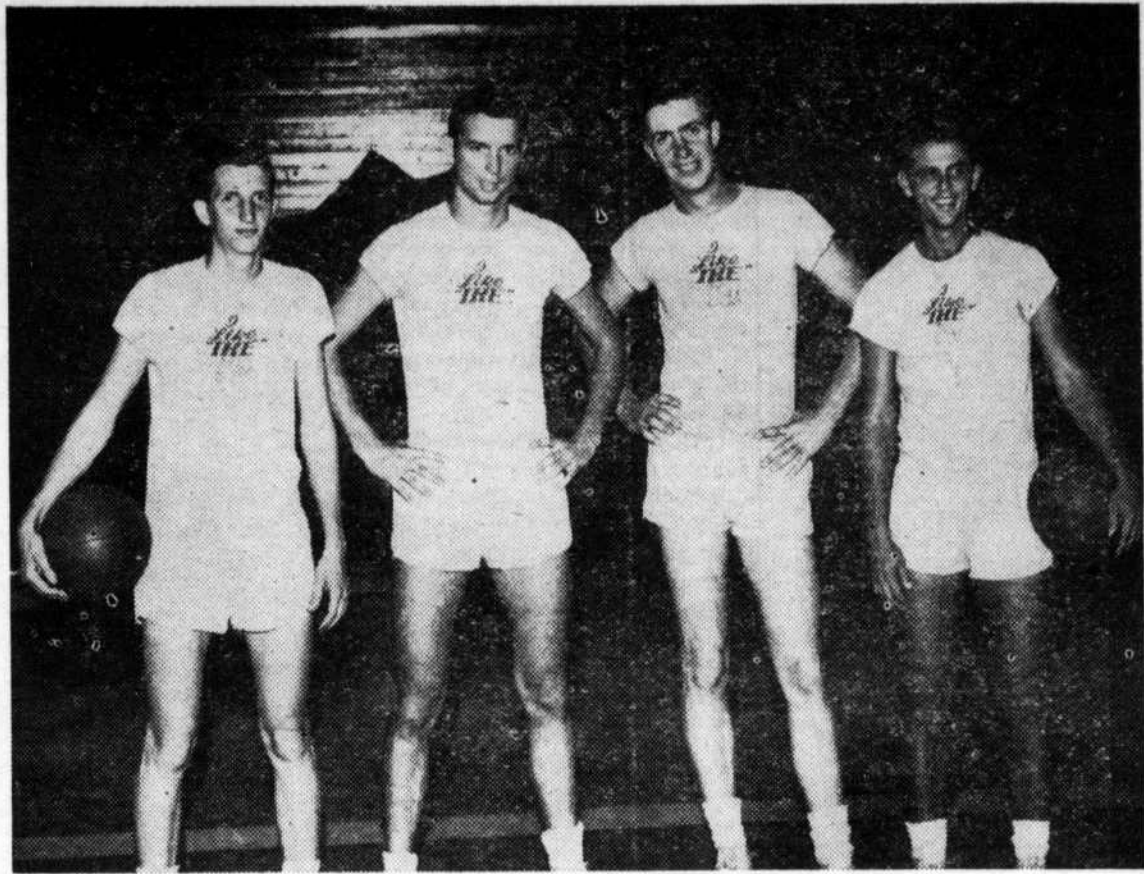

They plucked a kid out of Commerce, Oklahoma. His name is Mantle, and the Yankees think he'll fill Dimaggio's shoes. He is young and has great potential, but the fans expect too much. They get on him when he fails to hit, they boo him when he strikes out, and they cheer him when he belts one. He has trouble understanding this fickle crowd, and they the same towards him. They are waiting for his greatness, and I doubt if they will ever see much of it.

There are those that have one moment of greatness and then are shunted back into the sidelines. They live for that moment and then are forgotten. How many baseball pitchers tossed no-hitters and then come up with a sore arm? Who can forget the great catch Al Gionfrido made of Joe Dimaggio's long blast in the '47 worlds series? Where is he now? I don't want to know.

Some people work for a pat on the back and a big handshake. It is these people we have to admire and applaud and that is why Kemp Bennett is tops in my book. He managed the J. V. basketball team last year, and he worked hard. The Varsity manager (I forgot his name) had it soft because of Kemp. The kid worked without pay, and how many more would do the same? I can't think of any.

The price of greatness is high, and very few can afford it. Some don't think its' worth the price.

Panthers Prepare For Regular Season

PANTHER STRENGTH—Four men who will be contributing factors to the future success of the HPC cagers are (left to right) Bobby Pharr, Paul Stanton, J. C. Bledsoe, and Bill Huegle. All these men are veteran cagers and will see plenty of action during the forthcoming season. The entire Panther squad has been working out in preparation for the season and, with the aid of some much-needed height, performances look impressive

Nine Lettermen Return To Boost Cager's Power

Marty Neustadt
Hi-Po Sports Editor

For the third straight year, coach Virgil Yow is ready to lead his forces into battle. The Panther mentor has big hopes about this year chances in North State Conference basketball play. Due to some impressive looking newcomers, coupled with the fact that nine of last year's lettermen have returned, the popular pilot is preparing for one of his best seasons since he returned to his old Alma Mater just three years ago.

With his able assistant Stanley Gene Duke and the addition of a new J. V. coach, (Wayne Hoover) the congenial gentleman believes he can give rival North State coaches many a sleepless night. This observer feels the same way.

Right now, the Panthers have already started light practice, but within a few days, the lights in Harrison Gymnasium will be burning late. Coach Yow is looking for six or seven men who can really "go" for the full forty minutes. In these early workouts Yow has stressed teamwork as a big factor in any winning teams success.

Returning from last year's team will be Bill Huegle, Phil (Hoss) Crockett, Bobby Dunbar, Paul (Smiley) Stanton, Bobby Pharr, Jack (Stilts) Powell, Harold Grump, Tom (PogoStock) Payne, and J. C. Bledsoe. Colorful Sonny Thornton, who is just out of the U. S. Army is also expected to be a big help. If Sonny can regain (Continued On Page Four)

The Director Of Intramurals Predicts Successful Program

With the coming school year, Mr. Paschal, our director of intramurals, is again looking to another fine year. The amiable director is hoping that High Point college will again be able to participate in the North State Conference intra-mural basketball tournament which was inaugurated for the first time last year. The chairman of the conference this year will be Dr. Boyd Scott of rival Elon College. As yet, the site of the tournament has not been determined, but in all probability it will be held at either High Point or Elon College. High Point College will be represented by the winner of the regular intra-mural season in basketball.

Last year, four teams competed in the tournament which was held at High Point College. Besides HPC, there was Elon, Catawba, and Guilford Colleges. A strong Teke team representing High Point College was returned home the victor.

This year, the conference is hoping that at least six schools will be represented. If enough schools participate, the tournament will have to be played on two days instead of one day. As for HPC's own intra-mural program, Mr. Paschal has again set up another fine schedule for this year. The rules and regulations for the intra-mural program are made up by the intra-mural class (phys. ed. 8) and are approved by the Dean of Instruction and the President of the college. Changes in the rules must be made the preceding April and then they will remain uniform throughout the year. This very same procedure (Continued On Page Four)

THE PRICE OF GREATNESS IS HIGH

The price of greatness is high. There are only a few athletes who have had it. Babe Ruth had it, Ty Cobb had it; Ted Williams has it. So many more died without it.

Ruth had that extra "class" and "color" that put him high above the rest of the masses. The spindly-legged giant with the big chest and rash personality was a tremendous athlete. His 60 home runs in one season still stands as a record through 28 pennant races passed. Many have come close, but not close enough, and no one has equaled the great slugger's record. I hope no one does.

The price of greatness is high, and those that make it deserve the luxuries it affords. The pimps and perverts who hang around small dives never make it, the ignorant and the illiterate never even come close; the weak and the sick fade away into oblivion, and you and I can only hope, but hope is what everyone has. The ones that are great have something more than hope, but God has picked only a chosen few.

And sometimes fate plays a dirty trick in life and covers up greatness until it is obscure, and no one knows this more than Satchel Paige. I picked up a paper recently and read where the once great pitcher had signed with Greensboro in the class "B" league. It made me sick to think about it. People that saw him at his peak say he was Johnson, Grove, and Hubbell all combined into one. In 1948 I saw him give the powerful Yankees a fit, but that was after he had been used up in every little hamlet in the U. S. A. His effectiveness was gone, but his new Caddy still stood on the parking lot. The price of greatness is high, and Old Satch could have paid for it, but he couldn't find a buyer.

They plucked a kid out of Commerce, Oklahoma. His name is Mantle, and the Yankees think he'll fill Dimaggio's shoes. He is young and has great potential, but the fans expect too much. They get on him when he fails to hit, they boo him when he strikes out, and they cheer him when he belts one. He has trouble understanding this fickle crowd and they the same towards him. They are waiting for his greatness, and I doubt if they will ever see much of it.

There are those that have one moment of greatness and then are shunted back into the sidelines. They live for that moment and then are forgotten. How many baseball pitchers tossed no-hitters and then come up with a sore arm? Who can forget the great catch Al Gionfrido made of Joe Dimaggio's long blast in the '47 worlds series? Where is he now? I don't want to know.

Some people work for a pat on the back and a big handshake. It is these people we have to admire and applaud and that is why Kemp Bennett is tops in my book. He managed the J. V. basketball team last year, and he worked hard. The Varsity manager (I forgot his name) had it soft because of Kemp. The kid worked without pay, and how many more would do the same? I can't think of any.

The price of greatness is high, and very few can afford it. Some don't think it's worth the price.

Panthers Prepare For Regular Season

PANTHER STRENGTH—Four men who will be contributing factors to the future success of the HPC cagers are (left to right) Bobby Pharr, Paul Stanton, J. C. Bledsoe, and Bill Huegle. All these men are veteran cagers and will see plenty of action during the forthcoming season. The entire Panther squad has been working out in preparation for the season and, with the aid of some much-needed height, performances look impressive

Nine Lettermen Return To Boost Cager's Power

Marty Neustadt
Hi-Po Sports Editor

For the third straight year, coach Virgil Yow is ready to lead his forces into battle. The Panther mentor has big hopes about this year chances in North State Conference basketball play. Due to some impressive looking newcomers, coupled with the fact that nine of last year's lettermen have returned, the popular pilot is preparing for one of his best seasons since he returned to his old Alma Mater just three years ago.

With his able assistant Stanley Gene Duke and the addition of a new J. V. coach, (Wayne Hoover) the congenial gentleman believes he can give rival North State coaches many a sleepless night. This observer feels the same way.

Right now, the Panthers have already started light practice, but within a few days, the lights in Harrison Gymnasium will be burning late. Coach Yow is looking for six or seven men who can really "go" for the full forty minutes. In these early workouts Yow has stressed teamwork as a big factor in any winning teams success.

Returning from last year's team will be Bill Huegle, Phil (Hoss) Crockett, Bobby Dunbar, Paul (Smiley) Stanton, Bobby Pharr, Jack (Stilts) Powell, Harold Grump, Tom (PogoStock) Payne, and J. C. Bledsoe. Colorful Sonny Thornton, who is just out of the U. S. Army is also expected to be a big help. If Sonny can regain (Continued On Page Four)

The Director Of Intramurals Predicts Successful Program

With the coming school year, Mr. Paschal, our director of intramurals, is again looking to another fine year. The amiable director is hoping that High Point college will again be able to participate in the North State Conference intra-mural basketball tournament which was inaugurated for the first time last year. The chairman of the conference this year will be Dr. Boyd Scott of rival Elon College. As yet, the site of the tournament has not been determined, but in all probability it will be held at either High Point or Elon College. High Point College will be represented by the winner of the regular intra-mural season in basketball.

Last year, four teams competed in the tournament which was held at High Point College. Besides HPC, there was Elon, Catawba, and Guilford Colleges. A strong Teke team representing High Point College was returned home the victor.

This year, the conference is hoping that at least six schools will be represented. If enough schools participate, the tournament will have to be played on two days instead of one day. As for HPC's own intra-mural program, Mr. Paschal has again set up another fine schedule for this year. The rules and regulations for the intra-mural program are made up by the intra-mural class (phys. ed. 8) and are approved by the Dean of Instruction and the President of the college. Changes in the rules must be made the preceding April and then they will remain uniform throughout the year. This very same procedure (Continued On Page Four)

Thirteen Co-eds Pledge Alpha Gamma Delta, New National Sorority

Sigma Alpha Phi's To Become Sisters November 4-6

Thirteen students of High Point College pledged Alpha Gamma Delta, international fraternity, Saturday, September 17, in secret afternoon ceremonies which took place at the Sheraton Hotel.

These students, members of the local group of Sigma Alpha Phi, established at High Point College in 1928, were pledged following the invitation of Alpha Gamma Delta to join the international society.

Guests of honor at the events were Miss Ruth Williams, president of the chapter at Queen's College, Charlotte; Miss Trudy Deems Fefler, vice president of the chapter at the University of North Carolina at Chapel Hill; Mrs. Alec Heath of Charlotte, president of Gamma Province of Alpha Gamma Delta; and Mrs. A. H. Houghton of Chicago, president of the Beta Province East.

New pledges of the Gamma Eta Chapter of Alpha Gamma Delta are Vicki Washburn of Madison (president); Sylvia Craddock, Mebane; Jean Griffith Pons, Leaksville; Anne Sherrille, Statesville; Toby Barrier, Independence, Va.; Betsy Rouse, Walstonburg; Jahala Eudy, Charlotte; Betty Rose Templeton, Charlotte; Helen Rakestraw, Stoneville; Pat Moser, Lenoir; and Barbara Huntley, Charlotte.

Installation of the chapter will take place on November 4-6.

Hoover Added To Staff; To Coach JV's

By Marty Neustadt

Coach Wayne (Trees) Hoover has returned to his old Alma Mater as Junior Varsity basketball coach after an absence of six years.

Wayne (Trees) Hoover

He graduated from HPC in 1949, and from there he went on to Peabody College to obtain his M. A. While at High Point College, the diminutive man with the twinkling smile played four years of varsity baseball at third base. After leaving Peabody, he then coached basketball for four years at Pilot High School in Thomasville, N. C. while at Pilot, his team won the county championship for 3 years and went to the state finals once.

Hoover expects to carry 15 men on his road squad and possibly more at home. The Junior Varsity schedule calls for over 30 games with all the major junior college teams in North Carolina and Virginia.

(Continued on Page Four)

Sororities and Fraternities Announce Rushing Periods

Pictured above are the pledge initiates of Alpha Gamma Delta Sorority at the installation of their new chapter. Reading left to right are Helen Rakestraw, Sylvia Craddock, Jean Pons, Betty Rose Templeton, Babs Huntley, Toby Barrier, Jahala Eudy, Vicki Washburn, Jane Thornhill, Betsy Rouse, Sue Freshwater, June Rogers, and Anne Sherrill. Not pictured is Margaret Black.

ZENITH REPORTS PICTURES NEAR COMPLETION

by Jane Lucas

Faye Peedin, editor-in-chief of the Zenith, announced that, due to the cooperation of the student body and faculty, one of the most difficult tasks of the annual staff has almost been completed—that of getting individual pictures made.

This year's photography is being done by Mr. J. W. Golden of Rapoport Studios, New York City.

Assisting Faye Peedin in editorial duties is Mary Alice Milbury; business manager is Elton Cooke, assisted by Jack McCaslin.

Other members of this year's staff include Mary Ruth Smiley, picture editor with special help from Barbara Edwards, Dolores Stevens, and Garland Young; the copy editor is Sara Coltrane with working staff of Patsy Hobbs, Helen Gobble, Jean Ruffy, and Jean Eller; art editor, John Ruffy; feature editor, Jane Lucas; fraternity editor, Bob Gattling and sorority editor, Mary Lou Lanier; sports editor, C. W. Faulkner; senior editor, Dorothy Bunn; faculty editor, Phyllis Singleton; class editor, Jim Smith.

The Zenith staff wishes to express a note of thanks to Shirley Lytle, Patsy Jo Hunter, and Camilla Isley for their voluntary help with the picture appointments.

Students Invited To Enter Their Writings

All college students are cordially invited by National Poetry Association to submit original verse to be considered for possible publication in the Annual Anthology of College Poetry.

This is the thirteenth annual college competition. The recognition afforded by publication will reflect definite credit on the author, as well as our school. Over one thousand manuscripts have been submitted to the National Poetry Association in the past ten years. Of these, about 500 have been accepted for publication.

Rules are simple as follows: Manuscript must be typed or written in ink on one side of a sheet. Student's home address, name of college and college address must appear on each manuscript.

Students may submit as many manuscripts as is desired. Theme and form may be in accordance with the wish of the student contributor. In order to give as many students as possible an opportunity for recognition, and because of space limitations, shorter efforts are preferred.

Send all manuscripts to: National Poetry Association, 3210 Selby Avenue, Los Angeles 34, Calif., no later than November 5.

Student Legislature Holds First Meeting Of Year

HARDY TEW SPEAKS TO ASSEMBLY

key dawns

On September 29, the Student Legislature of High Point College held its first meeting. The meeting was called to order with Ernie Ball, vice-president in the speaker's chair. A majority was present.

Hardy Tew, president of SGA, opened the meeting with a few comments relative to some proposed activity for the coming year, including the continuation of the Spring Frolics, increasing funds for SGA activities, and increasing Thanksgiving holidays. Tew urged that students go to meetings of organizations of which they are members, for only by their support can these organizations continue to remain strong.

The legislature heard reports from several delegates concerning the obvious lack of support by the freshmen in regard to the Beanie Law. The legislature is resolved to carry out this law, and several suggestions were made which will be carried before the Judiciary Council. The law-making group expressed hope that drastic measures will not be necessary.

The meeting time for the next session will be 7:30 P. M., Oct. 6.

Sickness and Injuries Leave

Three Students Recovering In The Hospitals

Three High Point College students are known to be hospitalized for either sickness or injuries.

Mary Ruth Smiley, Johnny Mann, and Mark Rose are reportedly under doctor's care in hospitals.

JOHNNY MANN

Johnny Mann, junior from Ashboro, was involved in a wreck near Chapel Hill last Sunday night. It has been reported that Mann received injuries to his throat and may have to undergo surgery.

MARY SMILEY

Mary Ruth Smiley, a native of Lynchburg, Virginia, is in the city hospital and is being treated for intestinal influenza. Doctors describe her condition as being "good."

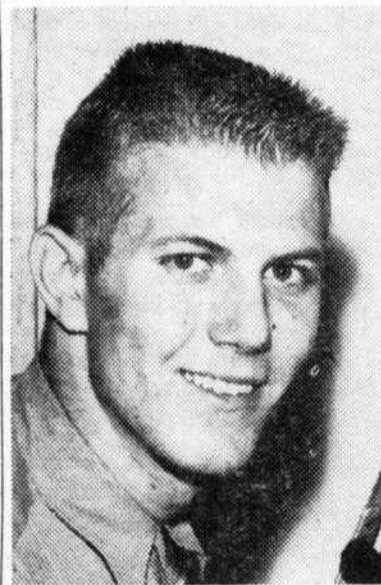

MARK ROSE

Mark Rose, a football player for Kappa Chi, reportedly received internal injuries during the intramural game played with the Tekes. Rose is in the High Point Memorial Hospital and is reported to be doing nicely.

Benny Phillips Is Outstanding Personality

By Ann Kerr

From the tip of his blond crew-cut head to the toe of his argyle socks, Benny Phillips is the very personification of friendliness and

Benny Phillips

determination. Even though Benny has only been on campus for a month, he has won his way into the heart of every student at High Point College.

Benny was born in Booneville, North Carolina, March 8, 1936, and was very active in football, basketball, high jumping, and boxing until he was stricken with polio August 14, 1952. Benny remained in the Central Convalescent Hospital until March 14, 1953 when he returned home to complete his high school education. While a student at Booneville High School, Benny participated in such organizations as the student government, glee club, annual staff, and weight lifting team.

An aspirant for the role of a lawyer or a journalist, Benny has proved his ability as a writer. He placed third in the North Carolina amateur human interest contest and worked with the staff of the Elkin Tribune this summer, doing everything from writing top-notch news stories to managing the janitorial staff.

Benny is a true-blue to his girl friend, a petite little brunette, at Mitchell College.

It is inspiring to meet a boy such as Benny Phillips, who is such an outstanding personality on High Point College's campus.

Six Organizations Ready Plans For October 26

by Stan Broadway

Greek men will throw out the welcome mat to rushees on October 26, as the official rushing season of 1955 gets underway. Smokers, greetings, and good times will be afforded those who receive invitations from the six rushing fraternities.

"This should be one of our best years," one fraternity member cited. "We (meaning all of the six fraternities on campus) have a very good selection from which to choose." High Point College has the largest freshman class in its entire history, therefore, the fraternities will have a larger and a better field with which to work.

The official rushing period opens October 26 and closes November 5. The silent period, a period in which all fraternity brothers must remain silent about fraternities and rushing, will go into effect November 5 and close November 9. The silent period is in effect now, however. No matter of rushing should precede the official rushing period.

The IFC urges all men to observe the silent period.

HPC Graduate Joins Faculty

Scene: (General Psychology class, 8:20 in the morning). Mr. Dodamead: "What is an abnormal person?"

Thomas Dodamead

Member of class: "Why, its a person that's not average"

Mr. Dodamead: "Is an average person and a normal person one and the same? Define average and normal."

If you are taking psychology, you have heard and will be hearing a lot of discussions like the one cited above. These are the things Mr. Thomas Dodamead loves to teach and talk about. He has an amazing and undefinable way of arousing class response.

Mr. Dodamead was born in Knoxville, Tennessee. Later his family moved to High Point and he has lived here most of his life. He attended High Point College and received his A.B. degree in 1949. He received his M.A. from the University of Miami. At present, he is working toward a doctorate from the same university.

He is married to the former Doris Blanchard and has two children, Laura, 4, and Tommy, 1. He served his term in the service as a flight instructor of the Air Force and was stationed mostly in Texas.

In addition to teaching psychology at HPC, he is working with the newly formed dance band. As a student at HPC he played

(Continued on Page Four)

Sororities Open Rush Week October 12

by Norma Jean Kearns

Wednesday, October 12, at 7:30 P. M. in the student center, there will be an informal party for all girls interested in sororities. The Panhellenic Council-sponsored party will give the sororities a chance to explain to the guests what each sorority represents and what the sisterhoods can mean to the college.

On October 16, the Panhellenic Council will entertain at a tea for the rushees.

The tea will officially begin this semester's rush period which has been planned under the supervision of the inter-sorority council.

Open house will be held in the club rooms of the women's dormitory on Friday, October 21 between 7:00 and 8:30 P. M. Each sorority will be designated a club room.

Many sisters in various sororities have expressed appreciation of the work done by the Panhellenic Council. Officers of the council are: Toby Barrier, president; Avie Gunn, vice-president; Mary Lou Lanier, secretary; Bobbie Turner, treasurer.

Representatives are Camilla Isley, Ellen Torrence Elgin, Vickie Washburn and Betty Ann Tysinger.

Methodist Youth Held Conference

The Western North Carolina Methodist Youth Fellowships had its annual Youth Night Conference on Saturday, October 1, at the Charlotte Coliseum, Charlotte, N. C., with between 7,000 and 8,000 people attending.

The afternoon session, which started at 4:30 P. M., consisted of fellowship singing, a report by the Conference Caravan on their summer in Scandinavia, and business.

The evening session was devoted to worship with congregational hymn singing and the message by Dr. Hoyer Rupert.

Dr. Rupert is the pastor of the First Methodist Church of Jackson, Michigan. From 1945 to 1950, he served as Director of the Youth Department of the General Board of Education of the Methodist Church. His message was "Concepts of the Mighty Dream."

The program also consisted of music provided by the High Point College A Capella Choir, Greensboro College Glee Club, and the Brevard College Choir.

Garland Young, president of the Western North Carolina Conference, presided.

Freshmen To Present Annual Talent Show

The annual Freshman talent show will be presented October 20 at 7:00 in the auditorium. This show is sponsored by the student government of High Point College.

Acting as master of ceremonies will be "Shrimp" Flint.

Last year's winner was Ellen Torrence, who sang a semi-classical number.

Sympathy

The student body and faculty of High Point College extend their sympathy to Dr. and Mrs. Dennis H. Cooke in the death of Dr. Cooke's mother.

ACROSS THE
Editor's

DESK

Hodges Hedges

Governor Hodges, in a speech to a North Carolina radio audience, attempted to establish clearly his interpretation of the Supreme Court decision and that he intends to do nothing to carry out the constitutional decree handed down last May.

North Carolina has taken this position toward the Supreme Court decision: "The decision did not forbid a dual system of schools in which the children of each race voluntarily attend separate schools and . . . the court has never said that any state must set up a single school system," stated Hodges.

The Governor's underlying opinion seems to be that the Negroes will only hurt themselves by agitating for entrance in white schools.

However, in spite of this official attitude which is prevalent throughout the state, and south, it is gratifying to see that the action of the Federal Court in Greensboro last month has been a long step toward the breaking down the barriers of segregation in the state—at least, on the college level.

College "do-nothing" attitude leaves them in the middle of the road—they will probably be run over.

Ballad Of HPC

(With my deepest apologies to all the Davy Crockett fans!)

Ann Kerr

Again we're the students of HPC,
The greatest school in the land of the free.
This year will be as good as the last,
And twice as successful as those in the past.
High Point, High Point College, the only place for me!

They sent us off to college to study a spell,
To make good grades and we better not fail.
So, we'll study hard and learn a lot—
And begin our day at seven on the dot!
High Point, High Point College, the only place for me!

Then at 8:20 the classes begin.
To fall asleep is really a sin.
My advise is take a "no-doz" pill
And sit in class nicely still.
High Point, High Point College, the only place for me!

Right about noon we go to eat,
Feeling mighty hungry after a 4-hour sleep.
The meal is good and we shouldn't fuss
Since no one could please all of us.
High Point, High Point College, the only place for me!

We rush to the bookstore in mid afternoon,
Or go up stairs to the student room.
But at 4:00 we're asked to scram,
So we lay down the paddle and say, "Yes mam!"
High Point, High Point College, the only place for me!

At 6:00 we drag to the dining hall,
So hungry that we are about to fall.
We inhale every bite on our plate
And maybe bum some seconds from a classmate.
High Point, High Point College, the only place for me!

We study in our rooms from 7 to 9,
If we weren't interrupted, it would be fine.
But girls run in to chatter and chat
About their boy friends and about getting fat.
High Point, High Point College, the only place for me!

Sidewalk
SymposiumShelby
Moseley

Question of the week: What qualities are you looking for in a husband (or wife)?

Almost vehemently Lane Greene insists, "Just make sure it's quality and not quantity." What is the matter, Lane? somebody trying to heave a fat one on you?

Personality is the first asset Mary Katherine Page looks for in a mate. According to her, "he must be able to get along with people. Also, we should like the same things, such as flying."

Martha Ellington admits she could be content with "somebody to keep my feet warm on cold winter nights." And what happens to him during the summer?

"A basketball player from Guilford" is Jackie Hoover's idea of an ideal husband. That's a quality?

Far the perfect "man's girl" Phil Crockett desires a girl with the "face of Dorothy Malone, the figure of Debra Paget, the class of Grace Kelly, and the personality of June Allyson." Here's a boy looking for a dream, not a human.

"All that's important is that he be a man—I don't mean a puny squirt, but a MAN," alleges Jane Lucas. Hear ye, hear ye, all you Samsons.

To be Max Loflin's dream girl one must be "good looking, do good cooking and good loving, and not want to be married." You want to turn on that old irresistible charm, eh?

Literary-minded Tommy McMahon contends, "I think Wordsworth summoned up my requirements pretty well when he wrote *She Was a Phantom of Delight*. Walk, boys, don't run, to the nearest English literature book.

"I've found what I'm looking for," relates Shirley Caudill. "He's a State College man, 6'3" tall, and has blue eyes, blonde hair, and a 1955 Ford (immaterial, of course)." "However," confesses Shirley, "I look for somebody who is looking for me." And that two-way system does work best.

Barbara Morrison declares she is just looking for now. "But," says she, "when I ever find him, he'll have what I want or whatever he has will be what I want." And this week's prize for ambiguity goes to you.

Campus
Capers

Ann Kerr

Autumn, which arrived this past week, is something more than just a season. It is the season when all the football fans bring out "that old silver gablet" and attend their favorite gridiron game. Autumn is the time of the year which we commonly call "Sweater weather." But most important to us, it is the season all HPCers return for another year of higher education (?)

One of the first events to put the social calendar into a whirl was the Sig Ep Plantation party. Couples present were Leguita Hartsell and Walt Moore, Betty Tysinger and Koy Dawkins, Hazel Shore and Buck Willeford, and Shirley Jones with Stan Broadway. Several of the Sig Eps and their dates attended the State-Carolina game as guest of the State Sig Eps.

As usual, many new couples are being seen around the campus; I honestly can't believe it's "snowing" so soon. June Elder and Ken Tew, Elaine Mills and Charles Watson, Pat Beam and Ray Wicker, and Martha Shelton and Paul Stanton are a few of the new couples we've particularly noticed.

Welcome home! Yep, we all want to welcome Sonny Thornton back to HPC. I'm sure he won't need much introduction, so we'll just say we are mighty glad to have Sonny back.

The radio production class has a program over WHPE every Wednesday at 5:00. Be sure and tune in.

The Lambda Alpha Phi sorority is having a harvest dance tonight. We will expect to meet YOU there, so get ya'self a date and let's go one time.

Try-outs for cheerleaders will be sometime this month. Be sure to start exercising your vocal chords, and come on out with us.

Steve Afendis wishes to correct the rumor that he is married, but don't get your hopes up—he's engaged and is being a "true blue." Tough break, girls!

Congratulations to Alpha Gamma Delta! We truly wish the best of luck to your new chapter in the coming years.

We would like to welcome all freshmen to our campus and tell the upperclassmen that we're glad you're back. Please let me know what YOU are doing—that's the only way we can keep this column. Is it a deal?

STANLEY

around the campus

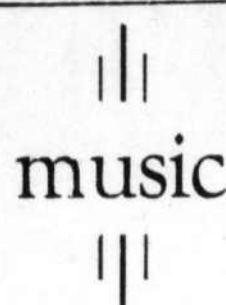

BROADWAY

Fraternities make ready for big rush season . . . Intramural football gets underway with a big bang . . . Dining hall adds new steam table and facilities . . . Students wonder if fountain on front campus will ever be in operation . . . Student Government President, Hardy Tew, says that students of HPC will soon get ID cards . . . College choir sings in Charlotte before 10,000 people at Methodist Conference . . . Student Legislature has first meeting Oct. 29 . . . Many mistakes in first edition of Hi-Po . . . 525 cars now registered on HPC campus . . . Wise saying of today, "If love is a dream, marriage must be an alarm clock."

Nine finally comes and we get a break;
We go to the bookstore to meet our date.
He walks us to the dorm and says goodnight.
Just then Mrs. Perry blinks the light.
High Point, High Point College, the only place for me!

We mess and talk until time for bed.
Then turn back the covers and lay down our head.
Another day has been so much fun,
We look forward to another rising sun.
High Point, High Point College, the only place for me!

Now High Point is not the biggest, but High Point is the best.
It's dearer to us than all the rest.
We'll always love her best of all
And return here again next fall.
High Point, High Point College, the only place for me!

Helena Smith

music

notes

Freshmen who entered the High Point College music department in the year 1952 and 1953 can well remember the walks through the woods to the nine-room, two-story music house. The house had only one large class room, which at times was not large enough to accommodate the amount of music students which filled it. There were only three practice rooms, which were almost always filled. Sometimes students would wait for the voice, piano, or instrumental teacher to leave his room, in order to get to practice.

The band shared its practice period with basketball players in Harrison Gymnasium. Twice a week band players would pull out unfolded chairs from a curtained-off room and set them up for practice.

The choir used the Hauser Auditorium for rehearsal and concerts. The Hauser Auditorium, which has been turned in to class rooms, was located on the second floor of Roberts Hall.

Although the long walk from the Music House to the auditorium and gym was healthy one, it also shortened rehearsal time.

The year of 1953 gave the music department something to look forward to. Passing by the new music building under construction, you could hear students remark, "We're going to

have practice rooms," or "I can hardly wait until next year."

Yes, in the fall of 1954 the music students of High Point College went into the brand new Memorial Building. The building houses a reception room, a combination auditorium-chapel and adequate facilities for all of the work in music and dramatics. It is equipped with twelve pianos including three Steinway Grands. The music department also has sufficient practice room for voice and piano and a rehearsal room for choir and band.

Since the year of 1953 the number of students registered in band, choir and orchestra has almost doubled. In addition the women's glee club and the men's double quartet were organized. We believe that the quality of these various groups has improved as numbers have increased.

With these new facilities, the music department is able to do many things that were impossible before. We are able and do have student recitals; we are proud that we can bring high school groups here for events; and we, who are majoring in music, have better opportunities for practice.

Seniors who are majoring in music include: Libby Murray, Frank McCulloch, Virginia Walker and Helena Smith.

It's Funny How People Are Funny

Jane Lucas

Isn't it funny how people are funny? That might not sound like such a profound statement, or one that has been steeped in a century of wisdom, but it does have twenty years of living by an average person behind it. And that takes a lot of doing.

Nowadays, it isn't hard to be abnormal. Just look at all the neurotics and psychos floating around all over the place. Now think hard and see how many people you know who do not have complexes, who do not suffer from some deep, dark, long-past experience which has marred forever the smooth surface of their lives and made them develop a sudden passionate hate for their pet dogs? How many people do you know who are just average people?

A mother is cautioned against spanking her child when he has disobeyed rules. This might cause a deep-seated sense of anger

against her and result in his beating his wife to get revenge on his mother who started the whole mess in the first place.

If a child proudly brings home some undecipherable scribbles on a piece of art paper, for goodness sake don't gasp and yell, "What is it?" But say as calmly and as sincerely as possible, "Why, dear, it's beautiful." Who knows, he might grow up to be the world's most famous modern art critic. If so, then he can develop all the complexes he wants to and have no one to blame but himself.

But, Shux, why go to all the trouble that it takes to be abnormal. If you get mad, yell at the person or object that caused you to be mad.

Waah! I don't wanta be normal 'cause then I'm abnormal 'cause it takes an abnormal to be normal and Bbbbbbbl. (This effect to be achieved by placing forefinger on lips and blowing.)

LAMBDA ALPHA PHI

The Lambdas had a very interesting summer although they admit that they are glad to be back together at good ole' HPC.

Congratulations are in order for Ellen Torrence Elgin. Say, Ellen, you surely surprised us! We will miss Barbara Scott who is getting married in November.

Lambda was well represented at the National Methodist Youth Convention which was in Purdue, Indiana, this summer.

Sara Hamilton, who graduated in June, went with a youth caravan to Europe. Other members of the sorority went caravanning out west.

All the Lambdas enjoyed keeping in touch with each other by means of a "round robin."

KAPPA DELTA

Treasurer Sylvia Fox served the chapter's delegate to the biannual Kappa Delta national convention at Bedford Springs, Pennsylvania, this summer. She brought back news and ideas from chapters all over the country.

Gamma Gamma will serve as hostess to State Day on October 22. KD's and alumnae from throughout North Carolina will

meet for luncheon at the Shrine Club. Julia Ober, former national president, will be the guest speaker.

Several of our sisters received their Mrs. degree during the summer. They are: Barbara Ripley, Mary Ann Rhine, and Harriett Shelton. Vivian Jennings is getting married this month.

ALPHA GAMMA DELTA
The Alpha Gams sponsored a dine-a-dance in the student center. They hope that the guests enjoyed the dance as much as they did.

The chapter welcomes Mary Beach who is an Alpha Gam and a transfer student from West Virginia Welegan.

PHI MU
Carter Snow, field representative of Phi Mu, will visit the campus during the next couple of weeks. The chapter is busy making plans for October Rush Period. Shirley Caudill has been elected pledge director.

Anyone who gets hungry between meals should look up a Phi Mu. They are selling candy and vanilla flavoring which really tastes good in fudge. They have Christmas cards for sale too.

Varsity Positions Open

High Point Cagers Prepare For Regular Season Action

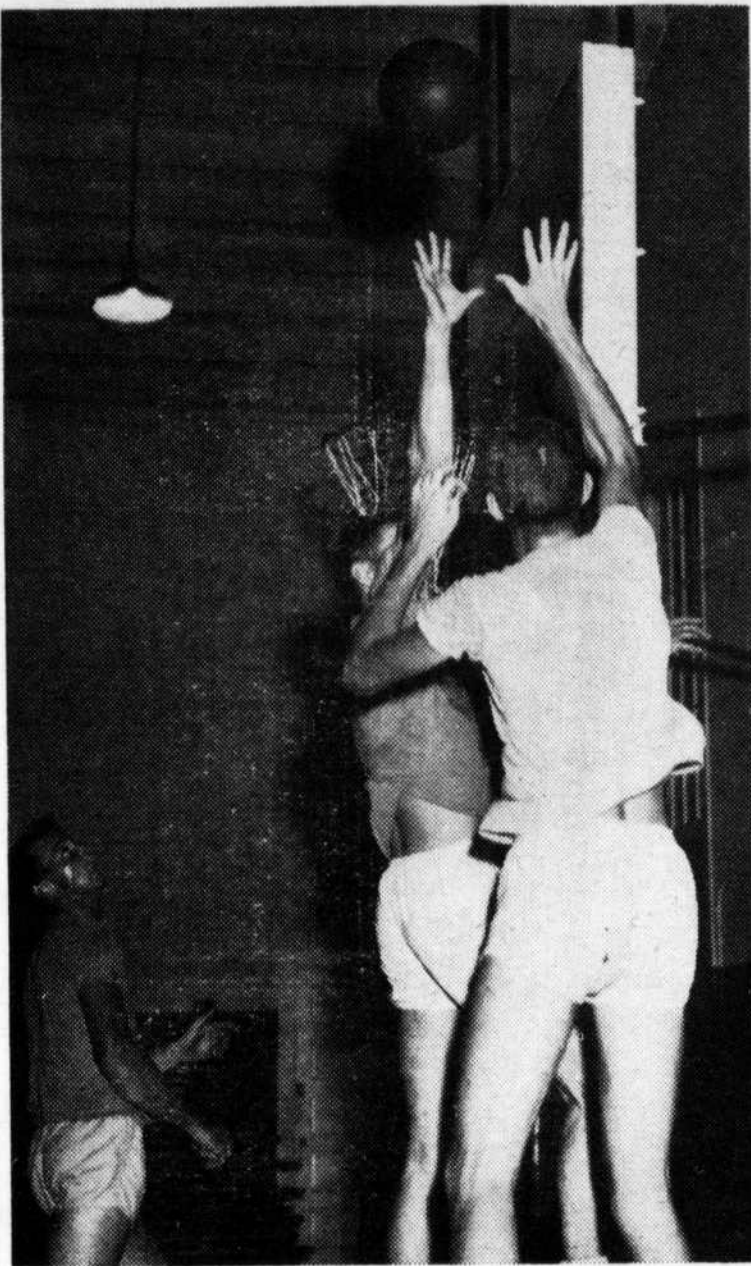

by Marty Neustadt

After two weeks of tryouts, Coaches Virgil Yow and Wayne Hoover will pick from over 30 new faces for vacant positions on the junior varsity and varsity basketball teams.

The new players have been divided into six teams with five or six men on each team. There are four teams playing each night with the other two teams drawing a bye for that night. The league is set up so that two teams play each other for 10 minutes and then rest for 10 minutes, while the other two teams play. Then the first two teams come back on the floor and the process is repeated again until six quarters have been completed.

The league has been running very smoothly, and most of the men have been showing lots of hustle and determination. Coach Yow has ruled all of last year's varsity team ineligible to participate in these nightly tryouts. Official practice for the varsity and junior varsity does not begin until October 10.

Panthers Drill Daily In Gymnasium

Some of the tryouts for High Point's Purple Panthers are shown as practice continues nightly in Harrison Gymnasium.

YANKEE doodlings

Neustadt

I'm a sucker for movies, but it's hard to find a good one lately. The sorry ones are in abundance. My favorites are Jimmy Stewart and Grace Kelly. They go good in any kind of a script. I'm tired of seeing westerns with Randolph Scott and Red Skelton doesn't seem funny any more, but take me to a sob story with lots of spice and the tears start to roll.

I'm a sucker for movies, but the pop corn never tastes right and the soft drinks could be better. Newsreels bore me and very few cartoons ever amuse me. As far as I'm concerned, the coming attractions are waste of time but I'm a sucker for movies and I think they know it.

The age of cinemascope with stereophonic sound is here. If they made the screens any larger the theatre would have to be moved outdoors. They have bid productions, but the actors are the same and the plot has been seen countless times before.

Grace Kelly

Many rebel at seeing the same things over and over again. They are tired of seeing the same script with a new twist. The endings need to be remodeled, the characters need to be changed, they need a new ending, and no one knows this more than the Brooklyn Dodgers.

I watched the World Series on television. I saw the mighty Dodgers beat back the powerful and confident Yankees. They made it look easy. Maybe it was. My pride is hurt.

The Yankees shelled that big colored boy from the mound in the first game. He never came out again. I don't blame him. Big Don was 20-8 on the year, but he never had to face the likes of the Yankees. I wonder how peaceful his winter will be? I have no feelings for him. He'll get his series money anyway.

I saw the Bronx Bombers take the second game as well, and I figured they were in, but anything can happen in Brooklyn. You saw for yourself.

The "Bums" found a kid far down on the bench, and he started the third game. His name is Podras and he doesn't look like much but how he can fire that apple.

The men of Flatbush went on to take the next three in Brooklyn. How they did it I'll never know, but the score says they outplayed the yanks.

Back in the Bronx ball yard the Yanks took the sixth game, and this evened the series 3-3. The stage was now set for the seventh game, and for Brooklyn that 23 year old skinny kid was again on the mound. The Yanks chose Byrne, but it didn't matter who they picked because this time Podras shut them out, and Brooklyn had won their first World Series.

I don't like to alibi for losers, but I can't help but feel that it would have one the other way if Mantle, Bauer, and Noren had been in sound playing condition. I give no excuses for the Yanks losing this one. The "Bums" outplayed and outthrust them. They waited a long time for this one. Let them enjoy it this year. Who knows when the same will happen again?

Sure I'm from Brooklyn, and so what if the Yankees are my team. Maybe that's why they won't let me back.

I'm a sucker for movies and I wish the script had stayed the same.

Why do more college men and women smoke

VICEROYS

than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance found in delicious fruits and other edibles!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
3. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich; satisfying, yet pleasantly mild.
4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip... and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!

Personality of the Month

Sonny Thornton Unique Personality

He's back!

Yes, Sonny Thornton, known in fable and story about the campus is back from a visit with his Uncle Sam.

To you folks who are new to the campus, it's kinda hard to know exactly where to begin. How can you describe a personality that's so unusual?

Sonny, alias "Flip", Jerry, etc. (nobody who knows him ever calls him Gerald) is a native of Raleigh, and played some fine basketball there besides being a cheerleader. Sonny is one of the few people who is funny; yet, he never tries to make people laugh. He just makes them laugh when he's acting natural (that is, if he ever does anything that can be considered natural!). When he is on the basketball court, people go crazy watching him perform. You should see him fake everybody, including the referee, right out of their laundry. I can't describe it, you have to see it to believe it.

There is another side to Sonny that few people know about. He is an artist in everything he does. Writer, producer and star in stage work, frustrated sax player, and . . . well, I think he's tried about everything. Surprisingly, he succeeds in doing most everything he tries. He is the master story teller of all time. If you are trying to understand English lit, and can't quite dig it, get Sonny to tell you all about "Sir Gawain and the Green Knight." You'll get it then!

Sonny is a brother in Sigma Phi Epsilon, and his sidekick of all time is Slick Sikes. As long as I live, I'll never forget that face stuck in the door, and the lisping voice asking, "Dawkins, you seen Slick?"

Intramurals Are Well Underway

Ray Wicker

Wayne Hoover, director of intramurals, was all smiles as the 1955-56 High Point College intramural program got underway on Sept. 27. After the first week of football activity, everything was running smoothly under Hoover, who is in his first year as football intramural director.

Lambda Chi Alpha, Sig Eps, and Pi Kappa Alpha all recorded wins during the first week. Led by quarterback Dale Swairingen, a strong Pika team upended the Tekes, who are defending champions of last year. The score of that upset was 7-0.

Sigma Phi Epsilon romped to an easy 19-0 win over willing, but out manned and out-weighted Kappa Chi team.

Lambda Chi Alpha scored an impressive win over the NDM Bombers. Although the score was tied at 7-7 at half time, the stubborn Bombers finally submitted to a 14-7 score.

There is a full slate of games scheduled for the second week with all eight teams expecting to see action.

DODAMEAD

(Continued from Page One)
trombone in the college band. At first his major was music but he became interested in psychology and after receiving a double major in music and psychology, he began his graduate work in psychology at the University of Miami. Mr. Dodamead mentions that a great many changes have swept over High Point College since he left. Especially in the physical plant.

Mr. and Mrs. Dodamead make their home at 416 Gatewood Avenue, High Point.

HOOVER

(Continued from Page One)
gina, most of the North State Conference JV's, and the rough and ready UNC freshmen.

Trees, as he is affectionately called by close friends, is happily married and has two children, a boy and a girl. As yet, no plans are being made for either to follow into the coaching field.

This will be the seventh year of coaching basketball for the High Point native. He will also assume the duties of director of football intramurals.

Sixteen Seniors Chosen To "Who's Who"

November 6-9 To Be Observed As Religious Emphasis Week

Mr. McLarty To Lead Services

The Reverend E. K. McLarty will preside as principal speaker during Religious Emphasis Week to be observed from November 6 through 9.

"These Things Matter" will be the theme of several morning and evening programs.

Reverend McLarty is the pastor of the Methodist Church in Greensboro, and served as pastor of the First Methodist Church in Morganton. For the past ten years he has served as secretary of the Methodist Board of Education, and for the past four years he has taught at the Duke summer school for ministerial students.

Reverend McLarty studied at Duke University, and while there he was a member of the Glee Club, taking several leading roles in the operettas performed by them. His interest in music has continued on into his life as a minister and he has become an authority on church music.

"Religious Emphasis Week" has become an integral part of the tradition of High Point College in the past few years and is sponsored annually by the religious department.

Methodist Men Visit Campus

Five members of the visiting Committee of the two Methodist Church Conferences of North Carolina were guests of High Point College on Wednesday, Oct. 19. The group was introduced to the student body during morning assembly by Dr. Dennis Cooke, president of High Point College.

Members visiting the college were the following: Rev. Robert Bradshaw, Wilson; Rev. James Huggin, Jr., Shelby; Rev. Henry Ruard, Laurinburg; Judge A. R. Wilson, Durham, and Rev. Jack Page, Raleigh.

Following the address of Rev. Page at assembly, the committee spent the remainder of the morning with the executive committee of High Point College and in the afternoon had informal discussions with the students.

The purpose of the committee is to visit each of the Methodist colleges in the state at appointed times during the year in order to determine each institution's needs.

Dr. Lorenz's Book To Be Considered For State's Best

"The Admiral and the Empress," a non-fiction book by Dr. Lincoln Lorenz, head of the English department, has been chosen as one of thirty-one books to be considered for the Mayflower Cup.

This award is given annually to the author of the best work of non-fiction by a resident of North Carolina.

"The Admiral and the Empress" covers the period in which Admiral John Paul Jones served in the Russian Navy under Catherine the Great.

Dr. Lorenz is also the author of a biography entitled "John Paul Jones, Fighter for Freedom and Glory" published by the U. S. Naval Institute, and a biography of the Southern poet, Sidney Lanier.

Outstanding Juniors Are Named As Marshals

IFC Announces Fraternity Averages

The Inter-Fraternity Council of High Point College recently computed the scholastic averages of all fraternities for the previous year. The standings are:

Lambda Chi Alpha	1.338
NDM	1.292
Sigma Phi Epsilon	1.292
Theta Chi	1.227
Tau Kappa Epsilon	1.215
Pi Kappa Alpha	1.182

N. D. M., the previous leader, fell to tie for second place and Lambda Chi Alpha moved from third place to the top position. NDM and Sigma Phi Epsilon are currently tied for second place. The TKE showed improvement and moved from last place into fifth. Pi Kappa Alpha is in sixth, place, but only a few points separate the positions.

Scholarship is a very important and necessary part of every fraternity, and careful planning is needed to improve this phase of fraternity life. All fraternity members must maintain a "C" average in order to stay in good standing in the fraternity, and pledges must have "C" averages to be initiated.

These averages are compiled each year by the Inter-Fraternity Council. Officers of the IFC for this year are: Jerry Kennerly, president; Jack Parks, vice-president; Rob Ross, secretary; Bill Andrews, treasurer.

P. E. M. M. Club Has Been Formed

The organizational meeting for a physical education club open to both majors and minors in physical education was held Monday at 10:20 a. m. in the gymnasium. The aims and objectives of the club were outlined by Gene Duke with discussion following. It was emphasized that the club should be interested in professional preparation as well as social activity. Twenty-eight students attended this first meeting.

The officers elected for the coming year are: president, Gerald Thornton; vice president, Gene Duke; secretary, Hazel Phillips; and treasurer, Vicki Washburn.

All physical education majors and minors are urged to attend the next P. E. M. M. club meeting which will be held on October 31, at 10:20 a. m. in the gymnasium.

Important Hi-Po Meeting Monday

The Hi-Po staff will have a very important meeting this coming Monday, October 30, in the Hi-Po office in the tower of Roberts Hall, Jimmy Reavis, editor-in-chief announced today.

All members who are not present without permission will be considered not interested and, consequently, dropped from the mast head.

Dr. Harold Conrad Announces Names

Thirteen members of the junior class have been chosen to act as marshals for the remainder of this year and for the coming year. They are selected by the faculty on the basis of their scholastic ability and their all-round participation in college activities.

Marshals selected were: Garland Young, chief, Charlotte; Shelby Mosley, High Point; Fred Perdue, Thomasville; Vasso Cavas, High Point; Gelene Hutchins, Kannapolis; Delbert Kirkman, Greensboro; Otis Gardner, Greensboro; Billy Stutts, High Point; Margaret Whitesell, Columbia, S. S.; Christine Barber, Linwood; Bobbie Barrett, King's Mountain; Ronald Everett, Terawa Terrace, N. C.; and Don Smith, High Point.

These students will be formally installed in a future assembly program.

Young Drivers Account For Most Traffic Death Accidents

Here is the substance of three separate reports recently released which come to the same conclusion—young drivers are responsible for far more than their proportional share of accidents. Because statistics on this subject are so difficult to obtain they are presented here for your information.

A recent study by two University of Nebraska Professors, in which they clocked cars by radar, found that drivers in the 16-25 age group have the least regard for speed laws.

Drivers 25 and under held only 17.5 per cent of the licenses among the drivers checked, but they were responsible for 36 per cent of the speed law violations.

The survey also shows that 50 per cent of the total violators were under 30 years of age.

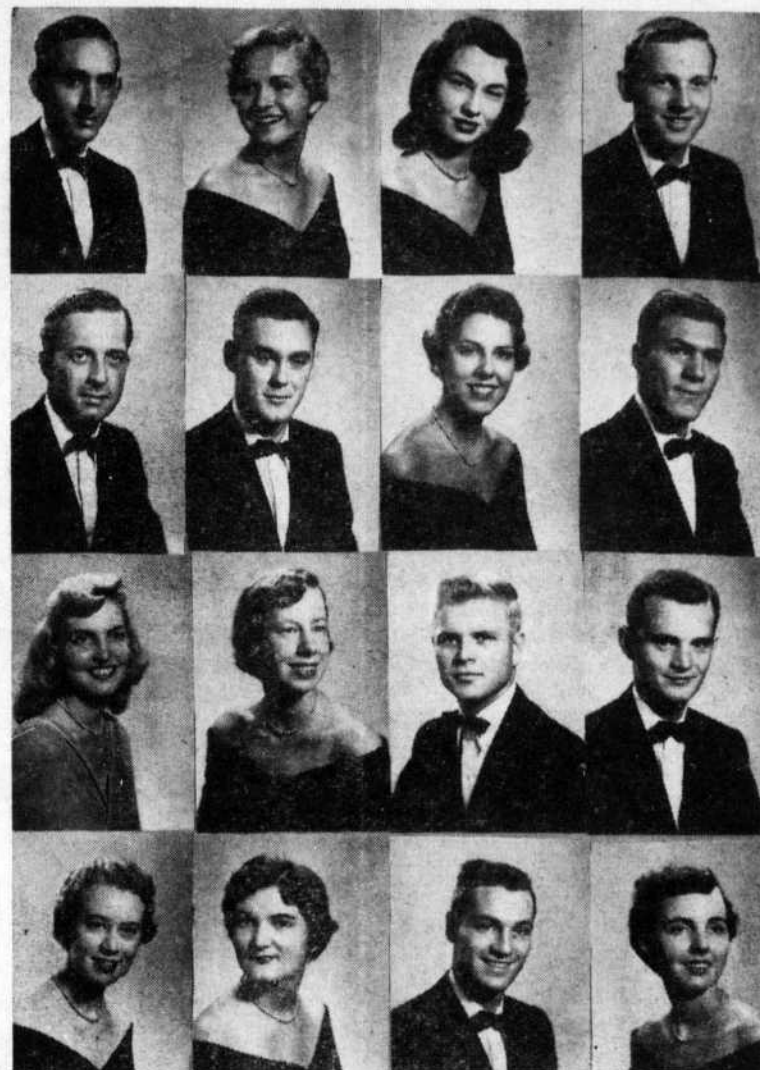

A recent report from the Province of Ontario shows that drivers in the 18-24 age group were involved in almost twice as many accidents as the average of other groups. The American scene is somewhat better, however, but even at that of the 36,000 who were killed in traffic accidents last year, 7,800 young people between the ages of 17 and 25.

A recent report from the state of Minnesota shows that the 15-24 age group has 17.6 per cent of the drivers in that state, but they account for 23.7 per cent of all accidents.

Anne Sherrill Wins Playday Tennis Singles

Anne Sherrill, a sophomore from Statesville, N. C. won the tennis singles competition at the inter-collegiate playday, held Saturday, October 22, at Greensboro College.

Thirteen girls participated and reached semi-finals in volleyball and tennis doubles. These girls were tennis doubles. These girls were Janice Butner, Foy Culp, Martha Ellington, Page Gaddy, Pat Hester, Sara Owens, Gaynell Pennell, Peggy Shook, Vicki Washburn, Connie Young, Barbara Edwards, and Jane Thornhill. The girls are coached by Elizabeth Stillman, assistant professor of Physical education.

WHO'S WHO—The sixteen seniors recently selected to "Who's Who" are, left to right, Bill Bost, Sylvia Craddock, Pat Cranford, Koy Dawkins, Herbert Dixon, Jerry Kennerly, Pat Lineburger, Jack McCaslin, Lorrain McCurry, Mary Alice Milbury, David Moore, Phil Mowery, Faye Peedin, Helena Smith, Hardy Tew, Laverne Wright.

Fraternity Rush Ends; Sorority Rushing Begins

FRATERNITIES

The gun sounded the 26th of October announcing the official opening of fraternity rush week. Informal smokers, dance parties, and the like started the ball rolling to the pleasure of freshmen. The week of festivities will end November 5 at midnight. Silent period will be observed from mid night November 5 'till Tuesday noon, November 8. The IFC urges that all the rules and regulations of its constitution be observed.

SORORITIES

Sorority Rush Week began October 16 and continued throughout a round of parties and activities which ended October 28.

The opening event was a tea held in the Student Center for all of those girls interested in being in a sorority. In order to be eligible for rushing each girl was required to pay \$1.00. Then began a series of parties for general rushes, later an elimination process took place as each girl narrowed her choice to one sorority.

Today marks a period of silence for sorority members and rushes. No member of a sorority will be allowed to speak to any rushee during this silent rush.

By 9:00 Saturday morning the sororities and rushes will have their preferential bids in the office of Miss Worthington, Dean of Women, who is acting as chairman of the committee which will match preferential bids. Bids will then be distributed and by twelve, noon Saturday, October 29, the girls will know whether they have made it or not.

Those girls elected to offices on the Panhellenic Council are: president, Toby Barrier; vice president, Avie Gunn; secretary, Mary Lou Lanier; treasurer, Bobby Turner. Representatives from the sororities are: Vicki Washburn, Alpha Gamma Delta; Camilla Isley, Lambda Alpha Phi; Ellen Elgin, Lambda Alpha Phi; and Betty Ann Tysinger, Phi Mu.

John Begg's Ballet Carnival Presented Last Wednesday

John Begg's Ballet Carnival presented a program of classical ballet and an interpretation of a modern "swing" number at the regular chapel session on October 26.

The program consisted of three numbers: the "Pas de Trois Classique," with music by Glazounov, choreography by John Begg, and dancers Betsy Drew, Carol Kelly, and John Begg. Next came "The Swingin'est," danced to jazz by Duke Ellington with choreography by Gene Neal, and performed by Mavis Walters and Gene Neal. The final number was "Les Precieuses Ridicules," and was based on the comedy by Moliere with music by Mozart. Choreography was done by John Begg, and the dancers were John Begg and Tibb Durnett in the role of the suitors; Gene Neal as Mascarille, their valet, and later in disguise as the Marquis de Mascarille; Betsy Drew as Madame Gorgibus; Carol Kelly and Mavis Walters as Les Precieuses.

Director of the Ballet Carnival, John Begg has been guest choreographer for Mia Slavenska Ballet, and has also appeared with the Metropolitan Opera Ballet and the Ballet Russe. In addition he has danced in many Broadway musicals with such notables as Agnes de Mille, Jerome Robbins, and Helen Tamiris.

S G A To Sponsor Halloween Event

Hardy Tew, S. G. A. president, has announced a forthcoming Halloween carnival. Due to fraternity rush party conflicts, no date has been set as yet for the carnival. All fraternities and sororities are invited to enter booths. Floor space will be allotted on a "first come, first served" basis. An announcement will be made as soon as the date is known.

Students Show Leadership, Service

Sixteen members of the senior class of High Point College have been selected by the Executive Committee of the faculty for membership in national Who's Who in American Colleges and Universities. Students were nominated by three members of the faculty Executive Committee, the president of the senior class, the president of the Student Government, and were elected by the Executive Committee on the basis of general character and reputation, scholastic standing, honors and activities in college, and probable future usefulness to society. They are as follows:

Bill Bost has served as marshal and is secretary of Theta Chi Fraternity.

Sylvia Craddock from Mebane, N. C. is a member of Sigma Alpha Phi sorority (now Alpha Gamma Delta) serving as secretary, and is the senior class representative to the Student Legislature.

Patsy Cranford from Denton, N. C. served as marshal in her junior year, is a member of the Student Christian Council, was a May Day attendant in the court of 1955, and was among the ten outstanding seniors.

Koy Dawkins from Rockingham, N. C. served as president of his junior class, and was elected cheerleader.

Herbert Dixon attended Brevard Junior College for two years, is the president of the N. D. M. club, I. F. C. representative as a junior, and now serves as Chief Justice of the Judiciary Council of the Student Government Association.

Jerry Kennerly from Concord, N. C. is president of the Inter-Fraternity Council, vice-president of the Men's Dormitory Council, served as marshal in his junior year, and is a member of the future Business Leaders of America.

Pat Lineburger is a member of Kappa Delta Sorority, and has served as president and vice-president of the girls Dormitory Council, Student Fellowship, and the Future Teachers of America.

Jack McCaslin from Maiden, N. C. was selected as a member of the Order of the Lighted Lamp, served as junior marshal, has been on the Dean's list for four years, and is the associate business manager. (Continued on Page Four)

Miss HPC Contest To Be Next Week

Art Sereque, Jr.

The annual Miss High Point College Contest will soon be held in the college auditorium next Tuesday, it has been announced by Bob Gatling, Zenith Staff member. Two girls from each of the classes and any candidates from other bona fide organizations may compete.

Selection of Miss High Point College will be through three methods. There will be an evening gown division, in which the contestants doll themselves up and look their prettiest. Next come the bathing suit round. Here the girls parade before the judges wearing bathing suits. They may wear one piece, two piece, or (if they dare) bikini bathing suits. Finally, the girls will be judged according to their personalities. All three rounds are of equal value.

Among the judges will be Miss Faye Arnold, Miss North Carolina of this year.

The contest this year sets two precedents. First, no other contest has had a bathing suit division. Also, other organizations besides the classes will be represented. Thus, we can foresee a successful contest this year.

ACROSS THE Editor's DESK

Contingency Fund

It is no secret that the contingency fund of High Point College has been the prime topic of discussion among students for some time.

Many feelings, which apparently amount to mere misunderstandings, have been voiced by the students. It seems that no one knows exactly where and why the fund has been spent. Consequently, the opinion is that the students should know where their monies are going.

The purpose of this writing is (1) to inform new students what the contingency fund is, and (2) to enlighten old students as to the fund's origin, purpose, control, etc.

SOURCE OF INFORMATION

With the above in mind, the HI-PO called on Mr. A. B. Williams, bursar of High Point College, and requested desirable information relative to the matter.

In a very cooperative attitude, Mr. Williams furnished the paper, not only with four formal statements, but also with vital facts which will, undoubtedly, clarify misconceptions which may be prevalent at this time.

ORIGIN OF FUND

The fund was established approximately fifteen years ago for an emergency which could conceivably arise from some student organization. For instance, say the Hi-Po were to go "in the red" after one year of operation. The contingency fund would pay the deficit and the Hi-Po could begin operations the next year with no debts. Incidentally, this happened year before last.

The fund is for the sole use of student organizations, PROVIDED that there is ample reason for the withdrawing of funds. Obviously, the money cannot be spent for some improvement which is not absolutely necessary. Such unnecessary spending would leave the fund depleted and its true purpose would be foiled.

SOURCE OF MONEY

At the end of each fiscal year, May 31, all funds in student organizations are reverted to the contingency fund except as noted below. This is stated clearly in the student handbook. Naturally, the present balance of about \$1600.00 has accumulated over many years; it could however be wiped out with one big failure of business by one of the student organizations.

Mr. Williams statements are:

1. "No student activity money ever goes into a college account. If this ever happened, the auditors would pick it up and transfer it back to the student activity account. All of it goes into the several student activity accounts.
2. "Student activity bills are paid by the bursar from funds in these student activity accounts upon approval by the proper person.
3. "All current funds in each of these student activity accounts not spent by the end of the fiscal year revert to the contingency fund with the following exceptions: Hi-Po, Zenith, Dramatics, medical service, and class funds which are continuous funds.
4. "The real purpose of the contingency fund is to meet any unforeseen emergency by a student organization and to pay bills if and when a student organization overspends its budget unavoidably."

It is interesting to note how some of the money was spent last year:

\$70.00 was paid to take Hi-Po out of debt as a result of overspending in the school year 1953-1954.

\$436.00 was spent for the new student handbook. This expense is usually met by the student government funds.

\$363.71 was spent to complement funds left by the class of 1956 on the new fountain in front of Roberts Hall.

\$40.67 went toward the new TV set in McCullough Hall.

Several years ago, the new chairs purchased for the student center were purchased with contingency funds.

It might be well to emphasize that the fund cannot be spent unless there is an emergency as noted several times in this writing.

If any other information relative to this matter is desired, please write to the editor of this paper.

All letters must be signed by the writer.

Letters To The Editor

(Letters to the editor must be signed by the writer. Name will be withheld upon request. Opinions expressed are not necessarily the policy of the Hi-Po or opinions of the editors.)

Dear Editor:

My one ambition since enrolling at HPC has been directed toward creating an atmosphere conducive to learning through a harmonious relationship between student body, faculty, and school administration. Last week I expected to see my ambition partially realized when the committee representing the Eastern & Western N. C. Conferences met with select representatives of the student body for the purpose of familiarizing themselves with existing conditions here at HPC.

Since we are a church-supported school, they have every right to know how we make use of the support they give us. Most of us entered the conference with expectations of a frank discussion of the school; that is, to praise that which merits praise and to criticize that which deserves criticism. Unfortunately, our good intentions were not matched by those of the committee; the result was not only a farce but, in my opinion, cast a wholly unwarranted and undeserved reflection on the school. What should have been a praiseworthy

effort to bolster school harmony degenerated rapidly into a gripe session that could not possibly have achieved anything worthwhile.

The obvious lack of sincerity on the part of the committee members (after a thirty minute delay in arriving for the conference) set the tempo of the meeting on a note of frustration and resentment. Insincerity is never to be condoned particularly so in a supposedly Christian college where its existence is tantamount to hypocrisy.

It is now quite evident that nothing constructive was really expected of the conference; its purpose was merely one of appeasement. There are no differences that cannot be resolved in an honest, straight-forward manner; why, then, the attempt at pacification through the use of an intermediary? Must we proclaim to the world our inability to manage our own affairs?

Last week's conference was certainly no feather in the cap of the one responsible for it. So long as differences do exist, let us make an honest, sincere effort to settle them ourselves. Let us not air our dirty linen publicly!

Sincerely,

Mike Janis

Shelby Moseley

Question of the week: What is the best movie you have ever seen? Why was it the best?

Martin Neustadt—The Human Comedy

"It was a very human and realistic movie, even if Grace Kelly wasn't in it."

Jeanene Fowler—Gone With the Wind

"I like emotional movies and this one really moved me."

Charles Holcombe—The Glenn Miller Story

"I liked it because it was a true to life musical."

Freddy Perdue—Houdini

"This movie was one of the best with Tony Curtis and Janet Leigh. Those two make a good pair in any movie (or real life)."

Don Smith—Mister Roberts

"It was funny from the start to the finish. James Cagney played a very good part."

Jane Lucas—The Glass Slipper

"It was delightfully refreshing. One came out believing all stories should end happily."

Elmer Beeson—A Man Called Peter

"For just a naturally excellent movie, this was tops."

It's All Greek

Pat
Jordan

Bob
Gatling

N. D. M.

The N. D. M. enjoyed a party at Jack Beck's cabin at High Rock Lake Saturday, October 15. Hot dogs were the chief eats. Everyone stayed for the night and returned to the campus Sunday morning. It was the first real party that the N. D. M. has had this year.

The entrance to the section will soon be decorated by a symbolic electric lantern. The lantern is painted white and green, with the letters N. D. M. on each of its four sides.

With the coming of intramural sports, the N. D. M. plans to enter into all recreational activities with an enthusiastic attitude and a oneness of mind.

SIGMA PHI EPSILON

The N. C. Eta Chapter of Sigma Phi Epsilon initiated, on September 26, five new brothers. They are John Rierison, Bill Tyson, Braxton Warner, Dennis Pruitt, and Stan Broadway.

Dr. James Moffit has been selected as an advisor along with Mr. Richard Cox, who was selected and initiated last Feb.

THETA CHI

Theta Chi fraternity had hayride Saturday before last at brother Tom Noller's, and everyone had a wonderful time. Their rush parties have been assigned; a stag on Oct. 27, and a drag on Nov. 5. They are looking forward to these parties with anticipation.

PI KAPPA ALPHA

Delta Omega of Pi Kappa Alpha recently held its annual "back to school" party at the Jamestown American legion hut. Brothers and their dates danced to the fine recorded music of Tony Martin, Jimmy Dorsey, and many others. Two more Pika's have

joined the ranks of the pinned. They are Larry Strange to Jo Lutz, and Fred Noble to June McDuffy.

A hearty welcome to Buddy Sink and Maurice, "Cookie" Parrish and our congratulations to the football team for their 7-2-1 record.

TAU KAPPA EPSILON

The Tekes recently had a stag party at the Woodmen's Club House. Homie Keene, who graduated last summer, was the guest of honor.

At the last regular meeting, Jack Jones and Fred Peters were elected representatives to the Inter-Fraternity Council.

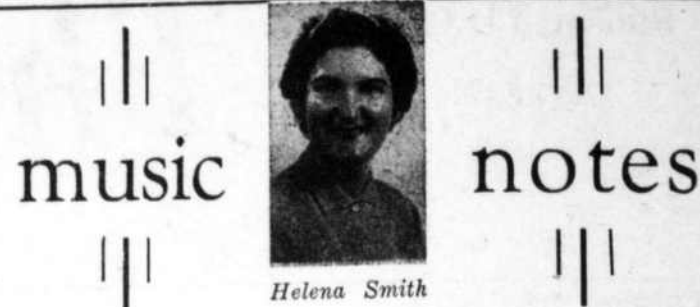

All the brothers of the TKE had an enjoyable summer, but tragedy struck during the last weeks of vacation. Gerald Rowe was killed in an automobile accident. Gerald will be long remembered by his brothers and many friends for his friendly manner and willingness to help others.

PHI MU

Phi Mu is very happy to have Cater Snow, the field secretary, visiting on the campus this week until the end of rush period. Cater, whose home is in Macon, Georgia, was president of the Duke Chapter while she was in college.

KAPPA DELTA

Julia Ober, past national president of Kappa Delta, visited the Gamma Gamma Chapter for a week during rush period. The sisters enjoyed her visit very much, and appreciated her help in planning rush parties. Kappa Delta honored her at a party in the Women's Dormitory on Friday, October 21.

Helena Smith

About every third Sunday and sometimes even more frequently than that, you can see choir members anxiously running to the music building to take one of their long trips to Charlotte, Concord, Kannapolis or any other city in North Carolina. It is a long trip for most of the members because usually the only place they get to go is to town, or maybe home once every three months.

To the music building for fifteen minutes of vocalizing and singing and then they are on their way. Very happy and anxious to have another good performance. The choir is one organization on the campus in which everyone knows each other. There is no one by the name of "What You Call it" or "Do Lolly." In most choirs you will see an excitable, hysterical director running around trying to scout up his members, but not Mr. Cox. Most of the singers are dependable and are ready to leave at the given time. When the choir is well on its way, someone may start singing but when reminded of the performance the singing is stopped.

Arriving at its destiny, the choir rushes into the given room and hurriedly puts on purple robes. After practicing in the choir loft everyone files out ready to come in again when the service begins. After the service, the people of the church usually feed the choir lunch in the dining hall of the church. There is usually enough and more ham for everyone. After a nice lunch and a happy birthday song to Mr. Cox (he had had about twenty in three years) the choir heads for home. On the purple bus gain the group immediately starts harmonizing on songs such as "Down By the Old Mill Stream," "Carry Me Back to Old Virginia" and oh yes, the school Alma Mater. This continues until the bus pulls into the High Point College Campus and then the singing turns to "Starvation" and the group rushes off to the cafeteria to get more "ham." Yes, the tired flocks have come home but they have had a wonderful day. All are satisfied with the performance and looking forward to the next trip.

Music Majors

Two of the most outstanding students in the Music Department are Angi Gaskins and Betty

Mullinix. Both girl coming to High Point College to major in other subjects decided that their major should be music since most of their time was spent in that field anyway.

Angie Gaskins graduated from New Bern High School where she was very active in the choir as mezzo soprano soloist. She was also a member of the French Club and FTA Club.

At High Point College, Angie is a most outstanding student serving as secretary of the Music Department, secretary of the A Cappella Choir, president of the Women's Glee Club and director of the Vesper Choir. For two years she was a member of the Community Chorus of High Point. This past summer Angie took the position of Minister of Music at the First Methodist Church in Lincolnton. At the end of her sophomore year, Angie won the May L. Tomlinson Voice Award, given to the student showing the most vocal progress for one year. At present Angie is singing in the First Methodist Church Choir where she was presented with a Music Scholarship. She is constantly being asked to sing in small ensembles as well as solos.

Betty Mullinix, a graduate of Troy High School, was a member of the Glee Club, in which she won a medal as the most outstanding student and the Dramatics Club, winning a key. She was a member of the Band, Beta Club, FAA Club, winning a key. She was a member of the band, Beta Club, FTA Club and Secretarial Club.

At HPC Betty is a member of the A Cappella Choir. She has just recently been elected president of the Women's Glee Club. She has been a member of the Community Chorus of High Point for two years and at present she is singing in the First Methodist Choir. Not only is Betty outstanding in the Music Department, but she is to be commended for her acting ability as well. Those of us who know this determined person, know that she has a wonderful future ahead of her.

Band

Dr. Lewis has announced that there is one flute player and two or three clarinet players needed. Those who are interested please see Dr. Lewis as soon as possible. New costumes for the band are being considered.

STANLEY

around the campus

BROADWAY

The Piedmont Community Concert Association presented the first in a series of concerts in Memorial Auditorium; Van Cliburn, famous pianist, rendered the first concert . . . Fountain on front campus now in operation, and I might add that it looks good . . . A better method of tray removal in the dining hall should be devised . . . Students appreciate the new Library hours . . . All students are urged to get their I-D cards from the Dean of Students office. These cards were provided for your convenience, please go by and pick them up . . . Sorority rush week ends as Fraternity rush week begins . . . Methodist Church Committee visits campus to determine colleges further needs . . . College now has dance band that shows promise of being very good . . . Tryouts are now being held for Tower players production, "The Arms and The Man" . . . This writer thinks that the American Flag should be carried with more respect than has been witnessed on this campus.

Athlete Of The Month

Murphy Osborne has been selected as the first athlete of the month, by the Hi-Po sports department.

Osborne, who hails from Elkin, N. C., participated in both varsity baseball and basketball last year. Due to a chronic knee ailment, he will not be able to engage in any varsity sports this year.

Murphy is the backbone of a strong Lambda Chi football team. The tricky sophomore with the clown-like smile, has virtually kept his team in contention all season with his fine running and accurate passing. He is also very fast on defense and has saved many a game with his timely interceptions of enemy passes. Osborne is the type of player that any team would like to have on their side. Hustle is his middle name.

Football Intramural Program Nears Completion; Top Berth Uncertain

Ray Wicker

As the football program enters the final week of play, there are four teams fighting it out for the top berth. Here is the way they stand:

TEAM	WON	LOSS	TIE
TKE	8	1	2
Lambda Chi	8	2	0
Pika	8	2	1
Sig Eps	7	3	0

This is the final week of the season and it looks like the first four will battle it out for the championship until the last day. The Tekes are the defending champions of last year and are tied with Lambda Chi for first place.

The bulk of the Teke line coupled with the alert quarterbacking of Bunny Cochran has kept the Tekes in first place.

The excellent passing of Murphy Osborne and the impregnable defense set up by the Lambda Chi's have enabled them to stay abreast of the Tekes.

Led by fleet quarterback, Dale Swearingen, the Pikas have been able to keep up with the rest of the pack. The Pikas have one of the outstanding linemen in hardy Jack Lucas. Jack is a bulwark on defense and is the mainstay of the team.

The Sig Eps, with their one-two punch of Bill Tyson and Kenny Jones, have greatly helped the team over some rough spots. Jones and C. W. Faulkner are probably the most outstanding kickers in

Thirteen Girls Attend Playday

On October 22, thirteen High Point College girls attended a Playday at Greensboro College in volleyball and tennis.

The volleyball team won their first game, 25-22 against Guilford College and were defeated 21-27 by Women's College in the semi-finals.

The doubles tennis team defeated Guilford College 8-6 and Greensboro College 6-1. They were defeated in the finals 2-6 by Women's College.

Anne Sherill won the tennis singles by defeating Women's College 6-2, Guilford, 6-1, and Eastern Carolina 6-4.

Those girls playing on the volleyball team were: Janice Butner, ner, Foy Culp, Martha Ellington, Page Gaddy, Pat Hester, Sara Owens, Gaynell Pennell, Peggy Shook, Vicki Washburn, and Connie Young.

Barbara Edwards and Jane Thornhill made up the doubles tennis team.

the league.

All of the games have been close and hard fought. The students have showed excellent interest in attending the major portion of the games.

Volleyball anyone?

YANKEE doodlings

Neustadt

You're Sonny Thornton and you've come home to roost. The army had you for two years but you're back where you belong. You've always liked High Point College and don't mind letting anyone know it.

You're Sonny Thornton and you played for old HPC for two years. You were deceptive, fast, and your set shot accurate. You're back now and you wonder how much the service has dulled your reflexes. You hope you are the same colorful Sonny. You'll know soon enough.

SONNY THORNTON

Home to roost after two years with Uncle Sam is Sonny Thornton. Will he be the same colorful Sonny as he was with the Davis regime?

troubles, but who knows the score more than you? You've been around and you saw things happen, but the quick wit is still there and the personality has remained the same.

You're Sonny Thornton and the records in Raleigh say 23 is your age. The birth certificate reveals Gerald M. as your square monicker, but you picked a name to fit your personality and you couldn't have found a better one than "Sonny." you room with a guy from Greensboro and it's no secret that he's your buddy. It's too bad he doesn't look as good as you with blonde hair.

Time waits for no man and it certainly didn't wait for you (only Jack Benny stays 39). The place has changed and you noticed it quick. New buildings have sprung up and different faces have slipped in. Your old buddies have left the scene. Gone are Moseleys, the Slicks, and Davidson. They were the boys you hung around with and the good times were many. The old guard has disappeared, and you Sonny Thornton, are the last of the Davis regime. It was a good regime, but now you hope you can play for Yow. You don't want to see the game from the bench.

You're Sonny Thornton, clown and ballplayer. You do both because it comes naturally to you. You like to make the crowd laugh and you appreciate their applause, but can you do both now? The conference has gotten tougher, the big men have become bigger and the small men better and smarter. The competition is keen and they all play to win. Its tough to make the grade, bu you're Sonny Thornton and you know you have the ability to make it.

You were no purple heart winner and you didn't even go overseas. You did your fighting while on maneuvers and they didn't play for keeps in those games. The boots were shined and your M1 polished but the weekends were yours. It was easy staying in Washington, but you had rather been in High Point. Going to class beats standing guard duty and you don't have to report for inspection before breakfast. You can do what you want in the afternoons and Mr. Coble still runs the bookstore. The juke box plays for a nickel and the coffee is a dime, but the laughs are still there. "The Yellow Rose of Texas" is number one on the Hit Parade and Johnny Desmond sings it the best.

You're Sonny Thornton and you've come back. The welcome sign is easy to see.

Why do more college men and women smoke
VICEROYS
than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance—cellulose—found in delicious fruits and other edibles!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
3. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip... and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!

Mark Eby Joins Faculty

Mark Eby News Bureau Director
Jane Lucas

Mark Eby, one of the newest additions to the staff of High Point College, comes to the campus from the University of Pennsylvania where he held an assistantship in the English department.

Born in the Shenandoah Valley at Charlestown, Mr. Eby confides that he feels "at ease in the South" and enjoys it very much. Adding to this feeling of familiarity is the fact that he finds in Dr. Lincoln Lorenz, head of the English department at HPC, a former teacher and friend.

Aside from his duties as instructor of English, Mr. Eby serves as director of the News Bureau, responsible for releases to various state papers concerning news of HPC, its faculty and students.

Having received his M. A. degree from Northwestern University, Mr. Eby is at present a candidate for the Ph. D. degree at the University of Pennsylvania.

After studying in London, Mr. Eby spent a year traveling in Europe from Scandinavia to Yugoslavia. He observes that European standards of education are "better and higher" than those of the United States, attributing this to the fact that education in the U. S. is not "taken as seriously" as in Europe.

In regard to High Point College, Mr. Eby states that it is a "fine school whose standards are becoming higher every year."

Religious Emphasis Week Termed Success By SCA

Reverend Emmett K. McLarty, Jr., pastor of the First Methodist Church in Salisbury, led the students and faculty of High Point College in its annual observance of Religious Week. The week began November 6 with the regular vesper service in Memorial Auditorium and ended November 9 with a consecration service in the band room.

The emphasis week, an annual affair at High Point College, is sponsored by the Student Christian Association. Johnny Mann, president of the organization, expressed the opinion that the week had been very stimulating to the students and faculty. He praised Mr. McLarty and emphasized that his choice of topics for discussion were very appropriate.

On Sunday, November 9, the speaker chose "Your Growth as an Individual." The following topics were: "Your Quest for Reality," "In Case You Need a Fresh Start," "Your Belief in God," "Your Decision For Christ," "Your Part in Becoming A Real Person." Mr. McLarty spoke, in addition to the vesper service, on Monday morning at 10:20, Monday night at 7:30, Tuesday morning, Tuesday night, Wednesday morning and concluded Wednesday night at 7:30 with a consecration service in the band room.

Student leaders were: Hardy Tew, Garland Young, Vonzyle Linthicum, Bob Gatling, Johnny Mann, Mary Alice Milbury, LaVerne Wright, Koy Dawkins and Pat Lineberger were student leaders in discussions in McCullough Hall and Womans Hall, respectively.

Officers for the Student Christian Association are: Johnny Mann, president; Libby Broome, vice-president; Jahala Eudy, Secretary-Treasurer; Jackie Pugh, social chairman; and Dewey Yarborough, publicity chairman.

"Arms and the Man" To be Given By Tower Players

"Arms and the Man," by George Bernard Shaw will be presented by the High Point College Tower Players on December 1 and 2 in Memorial Auditorium.

The cast line-up as follows: Betty Mullinix, Raina; Kyle Stirling, Bluntschli; Selena Hoyle, Catherine (the mother of Raina); Aubrey Flint, Major Perko (her father); Patsy Hobbs, Louka (a peasant girl); Leon Lee, Sergius Saranoff (to whom Raina is engaged); Fred Barber, Nicola; Bob Weaver, a Russian officer.

Based upon a war between Serbia and Bulgaria, the action takes place in Bulgaria about 1885. The play, called by Shaw "a pleasant play" is a comedy with a satirical edge to it concerning the romantic outlook some people have of war and its incidents. Raina, a young girl, is engaged to a soldier in the Bulgarian army and naturally maintains some very romantic notions about the glory and honor of war. A Serbian soldier, Bluntschli, takes refuge in the home of Raina and with his realistic philosophy of warfare shatters some of the illusions which she holds.

From the character of Bluntschli, the chocolate soldier, came the popular interpretation of this play which is called "The Chocolate Soldier."

Rehearsals for the play are already underway under the direction of Miss Jane DeSpain, head of the dramatic productions of HPC.

Special sound effects are being handled by John Rierson and Willis Stevens; lighting, by John Abernathy and Lawrence Currie.

1956 May Queen Chosen; Miss H. P. C. Elected

Arlene Hobbs Wins Over Field Of Seventeen Choice Beauties

Arlene Hobbs, a junior from Walstonburg, was crowned "Miss High Point College" in the November 1 contest sponsored by the Zenith, the College yearbook. A transfer from Woman's College and a physical education major, Arlene has the distinct honor of also being "Miss High Point" of 1956. Sponsored by Lambda Chi Alpha, the lovely winner was selected from a field of seventeen contestants by Miss Faye Arnold, "Miss North Carolina" of 1956; Miss Ann Strickland, fashion head of Tobias; and Mr. Holt McPherson, editor of the *Enterprise*.

The four finalists were Jewel Smith, sponsored by the sophomore class, Lorraine McCurry, senior class; Betsy Rouse, Alpha Gamma Delta; and Betty Tysinger, Phi Mu. Other contestants and their sponsors were Patsy Cranford, senior class; Jackie Hoover, junior class; Sharon Ingram, Theta Chi; Connie Jawett, freshman class; Patricia Jordan, Kappa Delta; Carolyn Kooztz, Sigma Phi Epsilon; Ann Kurfess, NDM; Joetta Lanier, sophomore class; Jane Martin, freshman class; Faye Peedin, Lambda Alpha Phi; Delores Stephens, junior class; and Sylvia Hill, E. S. O.

The program included talent from the Adams Dance Studios and the College Music Department, climaxed by a dramatic skit from *Sabrina* rendered by "Miss North Carolina." Diamond Carter, local radio announcer, served as master of ceremonies.

(Staff Photo by Kyle Sterling)

MISS HPC — Arlene Hobbs, junior from Walstonburg, was selected by local judges and Miss North Carolina of 1956 to be Miss HPC of 1955-56. Douglas Warren Masten, Miss HPC of 1954-55, crowned the new beauty queen.

Betty Ann Tysinger Elected By Ballots Cast By Students

(Staff Photo by Kyle Sterling)

MAY QUEEN — Betty Ann Tysinger, senior from Thomasville, was elected May Queen by the students of High Point College recently. The attractive blonde was elected from the women of the senior class. Voting was by secret ballot.

Betty Ann Tysinger, attractive blonde from Thomasville, will reign over the High Point College May Court next spring.

Betty Ann was elected by secret ballot of the student body. She was selected from ladies of the entire senior class.

Miss Tysinger is the daughter of Mr. and Mrs. L. R. Tysinger of Thomasville, a graduate of Thomasville High, Miss Tysinger enrolled in Greensboro College her freshman year and transferred to High Point College her sophomore year.

She has been active in extra-curricular activities. She is president of the Phi Mu Sorority and head cheerleader. She held the latter position last year also.

The new May Queen is majoring in English and she plans to teach in the secondary schools next fall.

Sue Gamble, Waxhaw beauty, was last year's May Queen.

A Capella Choir To Make Out Of State Tour Soon

Helena Smith

The A Capella Choir of High Point College will take the first out-of-state tour, Garland Gammon, business manager, announced.

The tour which will begin Wednesday, December 7 and will end December 11. The first concert is in Roanoke, Virginia at the Raleigh Court Methodist Church. This program will be followed by evening programs in Westminster, Maryland on December 8 and 9.

On December 11, the choir will travel to Hyattsville, Maryland where it will sing for the morning service on December 11.

Plans for the choir's North Carolina tour in April are almost complete. Programs having been scheduled are in Raleigh, Greenville, New Bern and Wilmington.

Garland Gammon expressed appreciation to the many who have made the forthcoming tour a reality. "On behalf of the A Capella Choir, I wish to express publicly that we sincerely appreciate the efforts of Miss De Spain, Dr. Locke and Dr. Hayes as well as the many others on the faculty and in the student body who have assisted in procuring these engagements," he said.

HPC Cheerleaders

(Staff Photo by Kyle Sterling)

CHEERLEADERS — Two new cheerleaders were recently elected to fill vacancies on the squad. The new cheerleaders are Charles Holcomb and Braxton Warner. They are, left to right, Ann Kerr, Braxton Warner, Nancy Crews, Betty Ann Tysinger, chief; Charles Holcomb, Marcia Bailey. Second row: Shrimp Flynt and Koy Dawkins.

Braxton and Holcombe Are Elected Cheerleaders

Ann Kerr

Braxton Warner and Charles Holcombe were elected to the position of cheerleader in a student body election last November 3. Braxton and Holcombe were victorious over thirteen other contestants who vied for the coveted position.

Braxton and Holcombe complete the staff of eight members; four are women and four are men. Betty Ann Tysinger, chief; Anne Kerr, Marsha Bailey, Nancy Crews, Abrey "Shrimp" Flynt, Koy Dawkins are the other six members.

Johnny Rierson is serving as alternate, having been elected in the same election.

Warner is a sophomore from High Point and Holcombe, a transfer student from Duke University, is in his junior year. His home is in Asheville. Alternates Rierson and Warner are both active brothers in Sigma Phi

Epsilon Fraternity and Holcombe is a pledge in the same organization.

This year the cheerleaders will be donned in complete new outfits, and have outlined a program that proposes to add to the school spirit that was somewhat weak last year.

Pep rallies, parades and similar activities are anticipated in the program for the coming year.

"We urge all members of the student body to support the activities of our athletic department by attending all functions and supporting your teams," Betty Ann Tysinger stated.

Hallman and Cook To Lead Freshman

Janice Solomon
Martha Shelton

Richard Hallman and George Cook have been elected president and vice-president, respectively, of the freshman class.

Other officers include: Carolyn Kooztz, secretary; Jack Benfield, treasurer; Bob Harris, Judiciary Council representative; Chip Anderson and Benny Phillips, Student Government representatives.

Richard, the new President, is from High Point. In high school he had the honor of being president of his senior class, of the Honor Society, of Key Club, and of the A Capella Choir. He was also a member of the football team. His major at H.P.C. is Business Administration.

George, Vice President, is also from High Point. He was president of his homeroom during all four years of high school. He was a member of the Student Council, Upper and Lower House in Student Government, secretary of Hi-Y, secretary of Monogram Club, and treasurer of Key Club. He was on the high school football and baseball teams. He is majoring in Business Administration.

Carolyn, freshman Secretary, is a local girl. In high school she was a member of F.H.A., A Capella Choir, J. C. L. club, Y teams, and dance club. She also worked on the business staff of the high school paper. Her major is Primary Education.

Jack, Treasurer from Newton-Conover, is a pre-ministerial student. Some of his high school activities were: president of Beta Club, treasurer of Key Club, Student Council member, cheerleader, member of Hi-Y. His sports include: basketball, tennis, and track. He was a representative to Boys' State. He worked on the school newspaper and annual staff.

Bob Harris, Judiciary Council representative, is from Aiden, N. C. He, too, is a pre-ministerial student. He is a former president of his local M. Y. F. and Sub District. He was also a Sub District vice president. In high school

ALPHA GAMMA DELTA:

Linda Briggs, Ramona Leonard, Janice Butner, Sara Yost, Delores Stephens, Mary Ruth Smiley, Jackie Holden, Patsy Hobbs, Phyllis Singleton, Shelby Mosley, Linda Sechrest, and Ann Noe.

KAPPA DELTA:

Sharon Ingram, Arlene Hobbs, Sylvia Hill, Pat Cooke, Barbara Harris, Jackie McCulloch, Betty Mullis, Martha Shelton, Donna Smith, Rita McInnis, and Pat Beam.

LAMBDA ALPHA PHI:

Ann Wofford, Barbara Morrison, Barbara Harper, Louise Pugh, Jewel Smith, Peggy Hayworth, Barbara Edwards, Angie Gaskins, Betty Mullinix, Hilda Gobble, Jean Eller, and Irma Jean Scruggs.

PHI MU:

Connie Jawett, Sue Beeson, Pat Ballard, Anne Kerr, Edrie Green, Elaine Mills, Lequita Hartsell, Carolyn Kooztz, Nancy Deaton, Libby Hurst, Maggie Adams, Jackie Nesbit, Sylvia Holt, Helen Harris, Pat Hauser, Ann Kurfess, Shirley Yokeley, and Martha Ellington.

he was a member of the Student Council, annual staff, Hi-Y, and N.F.L. He played varsity basketball, football, and baseball.

Chip Anderson, Student Government representative is from Greensboro. Some of his high school activities were: member of Monogram Club, French Club, Civic Music Club, Greensboro Choir, Psychology Club, newspaper staff, student council, and president of his homeroom. He likes golf and swimming. He is majoring in Business Administration.

Benny, also a Student Government representative, is from Booneville, N. C. In high school, he was in the glee club, a member of the annual staff, weight lifting team, and student government. He wants to be a lawyer or a journalist.

These officers were elected at the Freshman Class meeting on October 28.

FRATERNITIES

As fraternity rush drew to a close 105 men had pledged the Greek organizations. Lambda Chi Alpha and Pi Kappa led the list with the largest number of pledges. Both of these organizations received twenty men.

LAMBA CHI ALPHA

John Madison, Charles Faust, John Davenport, Charles Dyson, Bill Place, Farrell Myrick, Wade Montgomery, Kenny Hamey, Charles Watson, Bill Simpson, Gene Motesinger, C. B. Crook, Randy Burgess, Doug Kerr, Bill Konkle, Don Davis, Doug Squires, Benny Phillips, Winpy Jones, and Dick Gilbert.

PI KAPPA ALPHA

Gene Duke, W. C. McGee, Frank Hazzard, Dale Swanger, Jim Allred, Bill Brady, Richard Hallman, Edwin Macintosh, Larry Sechrest, Albert Trevarthen, Max Loffin, Ken Tew, Luke French, George Eanes, Carson Cox, Phil Crockett, Richard Marson, William Formyduval, Ray Proctor, and Luke Livingston.

Jim Harris, Leonard DeLopp, C. C. Freeman, Jr., James D. White, Charles Hines, Bill Honeycutt, Gene Honeycutt, Frank Miller, George Ivey, Ray Hughes, James Greenway, Freddy Purdue, Albert Lane, Don Levina, Don Workman, Roy Taylor, Joe Allred, Rosie G. Gardner, and Jim Parish.

SIGMA PHI EPSILON

Bob Taylor, Lane Green, Ray Green, Paul Hodges, Ralph Wolfe, Jim Johnson, Ed Armstrong, Kenny Jones, Sid Solomon, Bill Lawernson, Pepper Burns, and Charlie Holcombe.

THETA CHI

Glenn Floyd, Bobby Long, Larry Wilson, Gene Watkin, Bob Connell, Hassel Strader, Ken Campbell, Frankie Scott, Charles Williams, Joe Compton, Will Steavens, Bill Parrish, Reggie Smith, Bill Pennewell, Donald Sellers, Tom Loftis, Ronald Chapman, and Will Rogers.

N. D. M.

Norman Wampler, Ben Brantly, Jr., Joe Misenhorner, Max Weavil, Brice Gardner, T. R. Alexander, John Gansman, Gene Ashburn, Bobby Wunberry, Robert Nelson, George Cook, Jack Johnson, Don Shamel, Jim Davis, and C. W. Faulkner.

HPC Students To Observe Holiday

Shelby Mosley

The students of High Point College will observe Thanksgiving with a one day holiday, Thanksgiving Day, Nov. 24. No extension of the holidays has been made as was previously discussed.

Double cuts will be in effect on Wednesday and Friday before and after Thanksgiving.

Dean Allred pointed out that if a student who has been saving his or her cuts until the holidays, misses classes both on Wednesday preceding the holiday and Friday after the holiday, then he will have a total of four cuts. This is, of course, considered over-cutting unless the course is one which carries four semester hours of credit.

The catalogue stipulates that each over-cut will be charged to the student in the amount of one quality point which is deducted from his or her total credit.

The holiday begins at 5:00 P. M. Wednesday, November 23 and ends Friday at 8:20, November 25.

Honor System

High Point College needs an *Honor System*.

The main purpose of an Honor System is to cultivate that seed of honor and integrity which is present in every student. The *Honor Systems* are designed primarily to give more individual freedom with the provision that students accept greater responsibilities—the responsibility of conducting themselves in all respects as mature ladies and gentlemen.

A good honor code usually produces three elements: a favorable attitude from the student body, an intelligent and just honor court, and the good will of the administration. Of these three, none is more badly needed or desired than the other.

The makings of an institution that will affect minds and characters that are yet unborn lie in the students. This responsibility cannot be disregarded or discarded; to the contrary it must be dealt with in all its complexity.

For the sake of justice, an *Honor System* must have the full, undivided cooperation of each individual in obtaining information relative to those cases with which it is required to deal. This information cannot be regarded as less than a closed file to anyone outside the honor court who may desire to use it. Thus, a principal contrary to our American way of life — the accused cannot face his accuser. Nevertheless, High Point needs an *Honor System*.

Many and diverse are the cries that plague the lives of all people of the world. How many of these could be avoided if trust—faith in fellow man existed universally?

Can High Point College profess this faith?

Assembly Attitude

The obvious lack of attention in regular assemblies on the part of the students can be construed to mean little else than students are disposed to treat the seriousness of assembly programs without proper regard to their college life without due respect for the speaker.

Not only does inattentiveness indicate a lack of maturity but it illustrates that an infamous element — discourtesy — is prevalent among HPC students.

It is not the intention of the HI-PO to illustrate its point concerning behaviour; that has been done virtually in every assembly program thus far this school year. The assembly committee has done, on the average, a tremendous job of obtaining a selective variety of programs. If it hadn't, there is no feasible excuse for feet-shuffling, continual coughing and whispers. One annoying thing for a speaker is for everyone to have his undivided attention directed at a text book.

The situation is one you might find in a high school where a large percentage of the population is a discipline problem.

Insulted? Not half as much as the speakers.

Letters To The Editor

(Letters to the editor must be signed by the writer; name will be withheld upon request. Opinions expressed are not necessarily the policy of the Hi-Po or opinions of the editors.)

Dear Editor:

The sorority women and the fraternity men are faced with a perplexing situation; so great is the perplexity that definite and sound procedures should be begun immediately to solve the situation.

It seems, to say the least, a little embarrassing, not to mention the extreme inconvenience, to hold formal

meetings in the classrooms of Roberts Hall. It is true that fraternities have sections in the dormitory but the fact remains that there are no chapter rooms in which to carry out the business and ritual of fraternity life.

This writer suggests that each fraternity and sorority be given a chapter room. This could be accomplished by organization of the groups and meeting with the college administration in an effort to solve the pressing problem.

Obviously, with the administration and the students working in harmony, the solution is inevitable.

Name withheld upon request.

Sidewalk Symposium

Question of the week: What do you think of the freshmen's having to wear the beanies?

Janice Butner—"I think the idea of freshmen's wearing the beanies is good—to allow upperclassmen to distinguish them from the other students. I think it is good for the upperclassmen to help the freshmen during orientation, but I feel that this orientation period doesn't last until Thanksgiving. I definitely feel that wearing the beanies until Thanksgiving is too long."

Mary Anne Hodgkin—"After two weeks everybody knows if you're a freshman or not, and the practice should be stopped. However, I think wearing them for that shorter length of time is an effective method of dividing freshmen and upperclassmen."

Elaine Mills—"If we just didn't have to wear them so long, it would be okay."

Kenneth Black—"I think they should wear them at least a week. It is a good thing that veterans don't have to wear them."

Delores Stephens—"I think they should have to wear beanies with name tags only long enough for all the students to know them. I think it's a very good idea, but they should not have to wear them so long because the freshmen soon resent the idea."

Martha Ellington—"A pin or something to wear on the collar would be more practical than having to wear a hat. Then, too, they shouldn't have to wear them for such a long time."

Phyllis Gantt—"Yes, I think it's quite collegiate for freshmen to wear beanies. However, I don't think the practice should be continued for only a short time. It helps everyone to get to know the freshmen better."

Frances Irwin—"I think it's cute for a couple of weeks. It's a big bother to have to keep up with it."

It's All Greek

Pat
Jordan

Bob
Gattling

THETA CHI

As usual the members of Theta Chi have enjoyed a very successful rush season. Besides having a very good time, and enjoying the fellowship and fun of the week, they increased their ranks.

One of the most outstanding parties for them was the last one; they enjoyed food and frolic and danced to the "Swing Club."

SIGMA PHI EPSILON

On November 6, the chapter went to the First Methodist Church in High Point as a group. After hearing Rev. Tuttle's inspiring sermon, the brothers went to the home of David Myers, where a delicious roast beef dinner was served. A huge cake in the shape of a heart highlighted the occasion.

A rush party was held in the Women's Club in Thomasville featuring the "Club Men." The following Friday at the Emerywood Country Club the Founders' Day Formal was held. Again the Club Men played enjoyable music. At intermission time the Sig Ep "Queen of Hearts" was announced. At this time also the brothers gave their dates favors, which were shorty pajamas and night caps.

A formal pledge service was held for the new pledges: Bill Lawrenson, Ralph Wolfe, Paul Hodges, Sid Solomon, Ed Armstrong, Jim Johnson, Kenny Jones, Ray Greene, Lane Green, Bob Taylor, Charlie Holcombe, and Pepper Burns.

PI KAPPA ALPHA

Delta-Omega of Pi Kappa Alpha has just completed a most successful rush period. A total of 20 men were pledged into the ranks of the "Garnet & Gold." They are as follows: Jim Allred, Bill Brady, Carson Cox, Phil Crockett, Gene Duke, George Eanes, Luke French, Willard Formyduval, Richard Hallman, Frank Hazard, and Luke Livingston.

Other new pledges include Max Lottlin, Elwin Macintosh, W. C. McGee, Richard Mason, Ray Proctor, Larry Sechrest, Dale Swearingen, Kenneth Tew, and Albert Trevarthen. During the rush period PiKa had two parties both with the purpose of meeting prospective rushees — both affairs were enjoyed by all who attended.

A recent visitor to "E" section was Howard Graham, who was Delta Omega's Chapter President when Pi

Kappa Alpha was founded on the High Point College campus.

KAPPA DELTA

Kappa Delta's eleven new pledges took their first step toward sisterhood on Wednesday, November 2, when they received their first degree pledge pins.

Our best wishes go to Sarah Jane Wall, Judy Seward, June Elder, and Vivian Jennings Frazier who were initiated into Kappa Delta on November 15.

Kappa Deltas welcomed their new pledges with an informal party in Winston-Salem on last Friday night. It was strictly a Bermuda and blue jeans affair, with plenty of hot dogs for everybody.

LAMBDA ALPHA PHI

The new Lambda Alpha Phi pledges were given their pledge pins on Monday night, October 31, in an impressive ceremony that was held in Lindley Chapel. There are twelve new pledges.

A banquet honoring the pledges was given at the Plantation Supper Club Friday night, November 11.

ALPHA GAMMA DELTA

Twelve new Alpha Gam's received their pledge pins on October 31 in Lindley Chapel. An installation service for the former members of Sigma Alpha Phi was held at the Sheraton Hotel, at which time they received their sorority pins. A banquet in the hotel dining room was held Saturday night following the installation. The festivities were climaxed by a tea at the Emerywood Country Club on Sunday afternoon.

N. D. M.

The N. D. M. is very happy to report that it has survived another rush week. They take great pride in welcoming the following men into the N. D. M. as pledges: T. R. Alexander, Gene Ashburn, Fred Barles, Bou Broutley, George Cook, Jim Davis, C. W. Faulkner, John Gansman, Brice Gardner, Jack Johnson, Joe Misenheimer, Bob Nelson, Don Shammel, Norman Wampler, Max Wearl, Bobby Wienberry.

We are looking forward to a great year; sharing our brotherhood with these men, and planning to take them in as brothers in the very near future. The new lamp to decorate the doorway to the N. D. M. section is taking shape slowly but surely. We hope it will be in place before Christmas.

music

Helena Smith

notes

CHRISTMAS PROGRAM

The High Point Symphony Orchestra, under the direction of Dr. Lewis, and the A Capella Choir, under the direction of Mr. Cox, will present a Christmas program in the Memorial Auditorium on Dec. 13. The orchestra will play Corelli's "Concerto Grosso No. 8", the Christmas Concerto. The choir will sing several numbers including Randall Thompson's "Alleluiah" and "Hear My Prayer" which will be accompanied by the orchestra and will feature Helena Smith as soloist.

HPC BAND

The High Point College Band played for a special student assembly on Oct. 31, and also on the same day it played over WHPE. On Nov. 16, the band presented in the assembly a delightful program of popular band marches. As a surprise soloist, Jock Smythe, was featured in the middle of the program, appearing in full Scottish uniform playing Scottish music on the Bag Pipe. Dr. Lewis and the members of the band are to be commended for their excellent performance. The band has complete instrumentation for this semester. New concert style uniforms are being purchased.

The Women's Glee Club has elected new officers. They are: Betty Mullin, president; Ruth Reynolds, vice president; Pat Mize, secretary. The Women's Glee Club, under the direction of Mr. Cox, is accepting engagements.

MUSIC MAJORS

Alan Everhart, a sophomore music major, has played the piano professionally since he was eight years old. He has played on radio, stage, and theaters all over North Carolina. Graduating from Pilot High School in Thomasville, N. C., in 1950, he organized his own dance band. In 1953 he went in service and was in the "Special Service Entertainment." In 1954 he entered High Point College to major in music. He is a member of the A Capella Choir. His future plan is to teach music.

Lloyd Stiffler graduated from Hendersonville High School, where he was well known as trombone soloist, playing for contests and clubs in Hendersonville. He was a member of the Glee Club and Band, serving as student band director his senior year. His senior year he won a Service Award, presented to the student showing the most progress in band. In 1950 Lloyd entered Brevard College to major in music. He was a member of the Brevard College band and choir. After finishing a year at Brevard, Lloyd went in service and attended the Navy School of Music in Washington, D. C. He played for four years with dance bands while in the Navy.

At HPC Lloyd is a junior music education major. He is a member of the choir, band and High Point Symphony Orchestra. He is music director of the Archdale Quaker Church. His future plan is to teach high school band and orchestra.

Three Muck-Stuck Trucks

Jimmy Reavis

Paragraph parade: If I had been a headline writer it would have started off this way: Four mired tires, plus ditto twice, equals three muck-stuck trucks. Anyhow, the thing happened during our most recent monsoon season when it looked as if it were going to rain for forty days and forty nights, and it all started as follows . . . Shrimp Flynt's garbage truck got stuck in the muck in an alley near Hoover Street on the west side of town. "Shucks," said Shrimp, as he called for another truck.

The truck they sent after Shrimp's stuck truck got stuck in approximately the same muck, making two muck-stuck trucks. "Shucks," said Shrimp as he sent for still another truck. "What luck," said Shrimp between "shucks."

The truck they sent after the truck they sent after Shrimp's stuck truck also got stuck, whereupon the drivers of all three trucks struck up a veritable chorus of shucks and sent for still another truck.

At this point, the Municipal Garbage department which operates all three trucks (when they're not muck stuck) was on the verge of chucking the whole trucking business. Instead they sent a bulldozer. After almost six hours to the minute after Buck's truck got stuck all were free.

"Whee," said all three.

Jane Lucas

AUTUMN

Mischievous fall has scampered in
With usual flaming show,
And with his lips and fingertips
Has kissed the world aglow.

Along the woodland border touched
With shades of red and gold,
The gentian fringed with blue is tinged,
The downy head nods—quite bold.

And in the sun-browned meadow grass
Cooled by an autumn breeze,
The goldenrod and milkweed pod
Burst their shells with ease.

Down in a hidden thicket where
Darkest grows the wood,
There in a glen the partridge hen
Clucks to her sleeping brood.

In a moon-bathed pumpkin field
The shocks of corn stand tall;
The ripened fruit has changed its suit
Behind the orchard wall.

Thus goes the work of this little nymph
Who knows no scheme or reason;
His only duty, to create the beauty
Of this magical-colored season.

SCHEDULE

Here is the 31 game schedule as announced by head basketball mentor Virgil Yow:

*Nov. 19	Dupont
*Nov. 23	Union College
*Nov. 26	Pikeville College
Nov. 28	Pfeiffer College
*Dec. 3	Atlantic Christian
Dec. 5	Dupont
Dec. 8	Guilford College
*Dec. 10	Elon College
*Dec. 12	Pfeiffer College
*Dec. 15	Naval Air Station
Dec. 16	Newberry College
Dec. 17	
Georgia State Teachers College	
Dec. 19	College of Charleston
Dec. 21-23	
Paris Island Marine Tournament	
Jan. 5	McCrory
Jan. 7	Catawba College
*Jan. 10	East Carolina College
*Jan. 14	Appalachian College
Jan. 16	Atlantic Christian College
*Jan. 28	Lenoir Rhyne College

Volume XXX

High Point, N. C., November 18, 1955

Number 4

Panthers To Be Invaded Here Tomorrow Night By Dupont

Tekes Take Football Crown

The intramural football title was not decided until the very last day of the season this year. With both the Tekes and Lambda Chi deadlocked for the top rung, the title was up for grabs. The teams met on the last day of the season and both were determined to bring the trophy home. The final score of the game was 9-0 in favor of the Tekes.

It was a staunch Teke team that went into this last game. Led by such stalwarts as Don Roberts, Freddy Perdue, Jerry Royals, "Spink" Smith, George Ivey, and "Pappy" Cochran, the husky line seemed to hold throughout the contest. The Steeles Diner employer virtually had all day to toss the pigskin. The only touchdown of the game was scored on a Cochran to Roberts pass in the end zone. A safety at the beginning of the game gave two points to the winners.

This was the second year in a row that the Tekes were crowned winners. Last year, they won the title with comparative ease and not a single point was scored against them. This year it was a different story and anyone of four teams could have taken the title. Hats off to the winners.

Marty Neustadt
Hi-Po Sports Editor

The 1955-56 edition of the High Point College basketball team takes the floor against a strong Dupont Mills team tomorrow, November 19. This will be the first contest for the Panthers this year, who will be coached (as in the past two years) by the amiable skipper, Mr. Virgil Yow. Game time is 8:00 P. M.

There are 10 returnees out of the 15 man squad that will be on hand Saturday night. Among them are: J. C. Bledsoe, Harold Crump, Paul Stanton, Bobby Pharr, Jack Powell, Bill Huegele, Phil Crockett, Bobby Dunbar, Tom Payne, and Sonny Thornton. Thornton has been in service for the last two years, but probably will see plenty of action as the season progresses.

The team has been working hard in daily practice sessions for the last few weeks and are just about ready to give all opponents a run for the money. The majority of the squad is made up of juniors and sophomores which should create a favorable balance of experience and teamwork.

The Panthers play a rugged 31 game schedule this year, and probably will improve as the season gets older. This does not include the North State Conference tournament at the close of the season. Last year, the Panthers fared pretty well in tournament play by upsetting a tough East Carolina team by 21 points, and then bowing to the eventual winners of the tournament (Atlantic Christian) by 11 points.

Here is the probable starting lineup for the Dupont game: Phil Crockett, Harold Crump, Bill Huegele, Jack Powell, and Paul Stanton.

By
Marty

THIS WILL NEVER HAPPEN

Coach Virgil Yow to wear the same necktie two days in a row. Army to re-schedule Notre Dame in football in 1956. Adolph Rupp and his Kentucky five to be friendly with the New York sports writers when he brings his team to Madison Square Garden.

Randolph Scott to play the part of a villain in movie roles. The Brooklyn Dodgers to win another World Series. Coach Wayne Hoover to lose his temper. Yogi Berra to enter Yale law school. Baseball players to stop shaving with Gillette razors. UNC to upset Duke in football in 1955. The Army-Navy game to be a dull affair.

Coach James F. Jones to have as successful a tennis team as when the "Latin Lovers" were roaming the courts for him. Gene Duke to convince Wilt (the Stilt) Chamberlain that HPC is the school for him.

The Dodgers to move out of Flatbush. Bill Stern not getting excited while announcing a football game. Little Orphan Annie to change her dress. Coach "Doc" Mathis of Elon College to lose weight. President Eisenhower to run for another term in 1956. Dr. Ben Hill to miss a Panther basketball game. Marjorie Maine in a sexy movie role.

A non-talkative barber. Another "Happy" Jack Powell. Tom Payne (one of the unsung heroes of the Panther basketball team) arguing with a referee.

The Harlem Globetrotters to hire Sammy Ranzino to play for them.

The audience in a television studio not to wave when they know the cameras are trained on them.

Another T.V. show as funny as the Phil Silvers Tuesday night affair.

The Coke machine in the Boys Dorm. to stay filled on week-ends. Dennis the Menace to become a good boy.

An intelligent shoe shine boy. The judges picking the most beautiful girl in the Miss America contest.

A basketball referee that does not "show off" for the fans.

THE NEW 12 FOOT LANES

The colleges this year are adopting the "pro" rule of widening the basketball foul lanes to 12 feet. The National Basketball Association has proved over the last few years that these new lanes help the game and make for better fan interest. No longer will the seven foot "goons" dominate the game as they have done in the past. True, putting the ball through the hoop the most times wins the game, but the big men will have to move in and out of the lanes faster than they did before. The effectiveness of the new rule will also depend on how close the officials will watch for it. If they should call it close, men such as John Marley of Atlantic Christian, Raeford Wells of Lenoir Rhyne, and Ed Juratic of Elon College will have to be careful in the future.

With these new 12 foot lanes, they have also taken a lot of the dribbling out of the game. A player must not hold the ball more than five seconds at a time. If he fails to shoot or pass the ball in this allotted time, then there is a jump ball. This rule will definitely eliminate some of the stalling tactics at the end of the game, and may also rid the sport of last minute fouling.

The fans this year can expect to see more passing and driving toward the basket. It is the humble opinion of this reporter that the North State Conference can look for one of its best seasons in the coming year. A few cynics may disagree with me, but you bet yer money and you takes yer choice. Hold your stubs until the race is official.

Why do more college men and women smoke
VICEROYS
than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance—cellulose—found in delicious fruits and other edibles!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
3. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip... and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!

WATCH FOR THE RETURN OF SONNY'S JOINT

Personality of the Month

Mrs. Paschal . . . Understanding Personality
koy dawkins

About the best looking "Grannie" around these parts is Mrs. Edna Paschal. "Ma" Paschal, as the boys down at the Book Store call her, is and always has been, the students guide and counselor on any matter that might come up. Somebody is always running up to her with something like: "Mrs. Paschal, what should I get my gal for her birthday", or, "Ma, what should I bid with this hand", or more frequently, "Mrs. Paschal, you got anything to eat down here?"

Mrs. Paschal has a son, Jerry, now in the Army, and a grandson of whom she is justly proud. Such a good looking lady to be having grand youngins!

Mrs. Paschal rates her favorite pastimes as bridge, and spectatin sports (Natcherly, 'cause "Paschal" is Athletic Director at H. P. C.) If you got any problems, go see "Ma" Paschal, and she'll help you out. Don't ask her for a date, though, 'cause "Paschal" is strong as an ox!

Board Gives 1956 Missionary Call To Young People

The board of missions of the Methodist Church announces it will seek 480 young men and women next year to serve in Methodist mission projects in thirty-three foreign countries, the United States, and its territories.

The 1955 missionary call is issued through the office of mission personnel, 150 Fifth Avenue, New York 11, N. Y.

The Board will seek about 100 single men or couples and 250 single women for lifetime service as missionaries to countries of Asia, Africa and North and South America. The first term of regular service is five years and succeeding terms are six or seven years.

For special-term foreign service of three years, the board will need fifty single men and women. Those young persons will form the 1956 fellowship of Christian service of the Methodist church.

For lifetime home mission service, the board will need thirty persons, mostly women, in 1956. For special-term home mission service of two years, the need will be for fifty persons.

OPENINGS

The vocation openings for both men and women run the gamut from the evangelistic ministry to architecture and business management. As listed by the office of missionary personnel, the classification include: evangelistic, educational, agricultural, medical, social, business management, secretarial, clerical, journalistic.

REQUIREMENTS

Requirements for both men and women planning service are the same. They are listed as: age—between 23 and 35; education—college graduation with special professional training required in such fields as ministry and medicine; health—sound physically and mentally.

Persons interested in either regular or special term missionary service, home or foreign, may write to the office of missionary personnel, the board of missions, 150 Fifth Avenue, New York 11, N. Y.

TAKEN FOR A RIDE

How nice!

Reporters from everywhere can now gladly come to University of Texas football games. They won't have to worry about having to walk up those flights of stairs in the stadium and carry their typewriters.

How convenient!

Of course, students will walk up those stairs and professors will walk up those stairs. But not the reporters.

We wouldn't want them to be teed off and not give Texas nice, complimentary publicity.

And if they don't like having to rush their stories in at the last minute and having to spend their evenings reporting because of the night-games-to-come, maybe this will soothe their feelings.

Then, too, it'll only cost \$30,000 to give the boys a ride.

SORRY — WRONG CHUTE!

Lawrence, Kans. — (ACP) — A couple here got an unpleasant surprise one night when two basketfuls of trash came tumbling into their living room. It seems they lived in the basement of a three story house, the top floor of which was occupied by a group of university students.

The students didn't realize that the basement was occupied, the university daily paper reports, and decided to empty their wastepaper basket down an old laundry chute. The chute opened right into the middle of the couple's living room.

The students planned to nail the chute up this week-end.

Honor System Gains Support of Students

THIS STUDENT CAME prepared to pass his test. Posing by Marty Neustadt, this picture is an exaggeration of a reality which can readily be noted at test-time at High Point College. An Honor System would eliminate this unfair discrimination.

Jimmy Reavis
Hi-Po Editor-in-Chief

The proposition that High Point College adopt an Honor System is gaining support; conversely, opposition to the idea is mounting. At least a result—that of bringing the situation of poor standards to mind — has been realized. There seems to be no controversy about that.

The pro-factions of the issue point out emphatically that numerous other institutions of learning have and are using an Honor System with much success, both to students and to the administration. On the other hand, the opposition points out that "what's good for one college is not necessarily good for High Point College."

To say that a person who is opposed to having an Honor System is dishonest is absurd; however, Honor Systems are so construed as to cultivate that seed of personal integrity and responsibility that is present in each student. A person that does not want an Honor System may not be willing to accept the responsibility of a mature young man or lady but he is not necessarily dishonest. The responsibility for students to accept more individual freedom, which supposedly has been the cry, is one that is not readily accepted on this campus.

Actually all the recent discussions about more student freedom is nil without action. The Honor System would be an opportunity to grasp what the students want: more individual freedom.

Administrative backing is necessary for two reasons. The administrations must agree to a hands-off policy; and they must support the findings of an Honor Court.

Necessarily, the administration will be compelled to exhibit the greatest trust because if it is sincere in promoting this progressive good, it must be the constable of our honor court, with no voice in the decision. Of course, it can and must prevent infringements by the court upon school policy.

Some opposition to the proposal have said that innocent people will face expulsion as a result of adopting the Honor Code. Is the purpose of an Honor Code the promotion of honesty? If this is the purpose, no other act than an act of dishonesty will place a person before the Honor Court. Once a student has been summoned to face the judiciary body, he is not necessarily guilty; that is for the court to decide. The accused can demand to see his accuser and he may, in the truest American way, defend himself.

An Honor Code is wonderful means of eliminating the undesirable characteristics of student society.

Annual Christmas Dance To Feature Pott's "Men of Music," IFC Sets Date To Be Dec. 16

Outstanding Social Event To Begin At 8:00 O'clock In Harrison Gym

Jane Lucas
Hi-Po Associate Editor

December 16 is circled on the calendar for the annual Christmas dance being sponsored by the Inter-fraternity Council. The big event of the year will feature Baxter Pott's "Men of Music" and will be held in Harrison Gymnasium from 8:00 until 12:00 o'clock.

Contrary to last year, the forthcoming dance will be opened to all students. Formerly sponsored by the Student Government Association, the occasion is only a recent undertaking of the IFC, and has proved successful these past two years. The spring dance, however, also sponsored by the Inter-fraternity Council, will be closed to fraternity men and their dates.

Council members include: Jerry Kester, Lambda Chi Alpha; Bob Duncan, Pi Kappa Alpha; John Perry, Sigma Phi Epsilon; Bill Gray, Theta Chi; Roger Shelton, N. D. M.; Jack Jones, Tau Kappa Epsilon; Fred Peters, Tau Kappa Epsilon; Briggs Leonard, Theta Chi. The dates of the Inter-fraternity Council members will be the sponsors for the dance and will be the main attraction in a special ceremony to take place during the intermission.

The event will be formal and calls for evening dress for girls, tux for boys. "Positively no flowers" is a stipulation made by the council. Tickets will be on sale shortly for \$1.50.

Sponsors will be announced at a later date.

Special Program For Christmas Is Planned

By Helena Smith
Hi-Po Music Editor

On Tuesday night, December 13, at 8:00 P. M., the A Cappella Choir and the High Point Symphony Orchestra will join together for the annual Christmas program.

The A Cappella Choir, under the direction of Mr. Cox, will sing four groups of numbers. The first group will include "Sleepers Wake" by Bach, "O Magnum Mysterium" by Victorian and "Born Today" by J. P. Sweetlinck. The second group will consist of Kastalsky's "God is With Us", "Warlock's "Bethlehem Down", Holst's "Lullay My Liking" and Randall Thompson's "Alleluia."

For the third part of the program, the choir accompanied by the orchestra will present Felix Mendelssohn's cantata, "Hear My Prayer."

The final group will include "As Lately We Watched", an Austrian folk song, arranged by Charles Black, "Slumber Song of the Infant Jesus" by Gevaert, "Benedicamus Domino" written by Lew J. Lewis especially for the High Point College Choir, "Joyous Bells of Christmas" by Morten J. Lewas and "Masters In This Hall" a French carol arranged by Alice Parker and Robert Shaw. Soloists will include Sylvia Fox, Angie Gaskins, Helena Smith and Joe Compton.

The High Point Symphony Orchestra, under the direction of Dr. Lewis, will play Corelli's "Concerto Grosso No. 8," the Christmas Concerto. Soloists featured in the concerto will be Mrs. Boyd Fouts, Violinist; Mrs. Fritz Van der Steur, Violinist; and Mrs. Elizabeth Ragan, Cello.

The orchestra is made up of students of High Point High School, High Point College and people in the community of High Point.

Frances Irwin Wins Annual Talent Contest

Frances Irwin, talented pianist from High Point won this year's annual freshman talent show, Dec. 17, with her renditions of "Unchained Melody" and "Tommy Dorsey's Boogie Woogie."

Competing for the loving cup award were: Ann Kurfes, who did a ballet and acrobatic dance; Jim Roca, with his reading from "The Valiant"; Richard Hallman, who sang "Suddenly There's a Valley" and "I Apologize"; Katie Thornburg and Braxton Warner, with their Charleston; Mary Cumbee, piano medley; and Emma Smith, a cornet solo.

Shrimp Flynt was master of ceremonies for the program, which was sponsored by the Student Government Association. Judges for the occasion were Mrs. Hobart, George Davis, and Ralph Vance.

FORD THUNDERBIRD — Ten college students will enjoy the luxury of a car similar to the one pictured above by simply naming the amazing Viceroy Filter Tip. Entry blanks will be in the foyer of Roberts Hall next week.

Viceroy Offers \$50,000 In Prizes To College Students

The biggest and most exciting contest ever offered exclusively to college men and women — with 10 new 1956 fully-equipped Ford Thunderbirds as the top prizes — is now underway on this campus under the sponsorship of Viceroy, America's largest selling filter-tip cigarette.

The contest to "Name The Viceroy Filter" is awarding 60 prizes, totaling \$50,000 to college students — and only college students — who write the best names for Viceroy's pure, white, natural filter.

This once-in-a-lifetime opportunity means that 10 college men and women will have as their very own, America's favorite dream car, the dazzling 22-horsepower Thunderbird, in their choice of colors, with automatic transmission, two tops, power steering, radio and white sidewall tires.

What's more, each of the 10 Thunderbird winners will be able to present a college organization of his choice (fraternity, sorority, etc.) with an RCA Victor Big Color TV Set.

As second prizes, Viceroy is awarding 40 students what music lovers everywhere acknowledge as America's finest high fidelity phonograph—the Columbia "3960" K—in beautiful mahogany.

The \$50,000 "Name The Viceroy Filter" contest has been especially planned for busy college students. There are no letters to write, no jingles to complete, no 25-word statements to prepare. All you do is make up a name for the amazing Viceroy Filter and submit it on a special entry blank which will be placed in the foyer next week.

There is no limit to the number of times a student may enter, but he must send a picture of the Viceroy Filter Tip from the backs of two (2) Viceroy packs with each entry.

The rules of the contest are simple and will be given in large-space Viceroy advertisements which will be in the next issue of the Hi-Po.

Early reports from campus organizations here indicate that many groups already are at work to promote the contest among their members in an effort to win one of the RCA Victor Big Color Television sets which Thunderbird winners will be able to award to organizations of their choice. Competition is expected to be keen, with 100% of members entering the contest.

Viceroy Filter Tip Cigarettes, a product of the Brown & Williamson Tobacco Corporation, is the world's largest-selling filter brand, and is known widely among smokers as the cigarette with 20,000 tiny filters in every tip. It is this amazing filter, made exclusively from pure, white cellulose, which is the focal point of the contest, and Viceroy ads in this paper will carry hints on its purity and effectiveness as an aid to contest entrants.

Talented Tower Player's Final Performance Of Shaw's "Arms and the Man" Will Be Tonight

Curtain Time Scheduled For 8:00

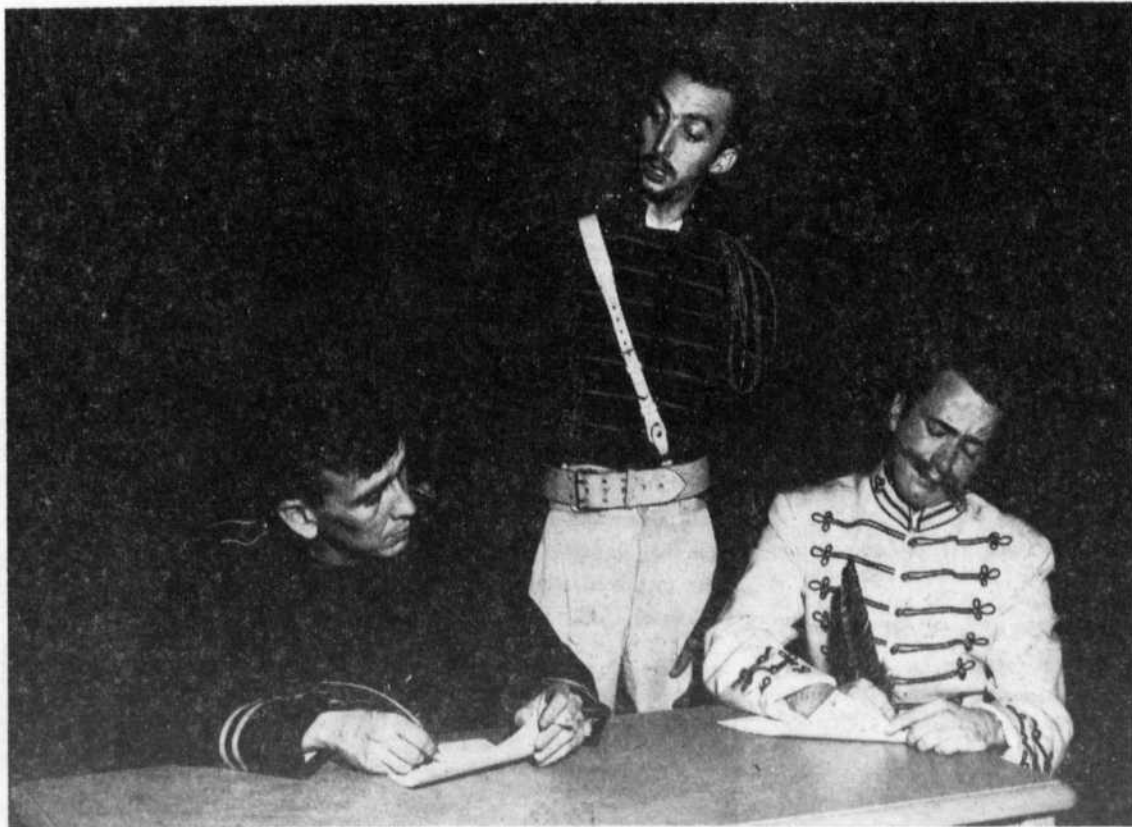

Jane Lucas

The Tower Players' final performance of George Bernard Shaw's "Arms and the Man" will be presented in the Memorial Auditorium of High Point College. The production, under the direction of Miss Jane DeSpain, is the first play to be staged this year by the dramatic group.

As usual, Shaw has taken a peculiar human trait and has held it up to the light where it appears ridiculous. In "Arms and the Man" that trait is the belief of some beings that war is glorious and noble, and that men who fight those wars are brave and courageous (that is, if they are on the right side).

To point this out Shaw has portrayed a beautiful young girl, Raina, of "well-to-do" Bulgarian family, whose fiancé has gone off to the war against Serbia. She prays that he may prove an honorable and valiant soldier.

(Continued on Page 4)

TOWER PLAYERS FINAL PRODUCTION OF "ARMS AND THE MAN" will be tonight in Memorial Auditorium. Curtain time is scheduled for 8:00. This is the first play of the year by the talented group of Tower Players, who are under the direction of Miss Jane DeSpain.

Dr. Cooke And Dean Allred Attend Educational Meetings

Dr. Cooke Goes To Washington

Dr. Dennis Cooke, president of High Point College, attended the White House Conference on Education in Washington, D. C. November 28-December 1. He was one of the 34 persons — the quota for North Carolina — to be invited by President Eisenhower from this state.

Dr. Cooke is participating in the national meeting on schools, the first ever called by a President of the United States, along with some 2,000 other citizens from fifty-three states and territories. The White House conference followed similar meetings called by the governors of the states and territories during the past year, in response to the President's call for "the most thorough, widespread and concerted study the American people have ever made of their educational problems."

J. H. Allred Goes To Florida

J. H. Allred, Dean of Students, will return Sunday, Dec. 4, from a 10-day series of educational conferences in the South Atlantic states. The conferences are in Daytona Beach, Miami Beach, and Atlanta.

A member of the South Atlantic Modern Language Association, Dean Allred attended the 25th annual meeting of that organization in Daytona Beach Nov. 24-26. This conference was represented by Southern authorities and administrators in the fields of English, Spanish, French, Italian, Slavic, German, and folklore.

On Nov. 28 Dean Allred acted as special representative of Dr. Cooke at the 69th annual meeting of the Southern Association of Colleges and Secondary Schools at Miami Beach. This four-day conference continued until Dec. 1.

Dean Allred is now in Atlanta for the 6th annual meeting of the Southern College Personnel Association, of which he is a member.

Letters To The Editor

(Letters to the editor must be signed by the writer; name will be withheld upon request. Opinions expressed are not necessarily the policy of the Hi-Po or opinions of the editors.)

Dear Editor:

One of the most influential organizations on our campus is the Hi-Po. Not only is it a source of information, but it provides enjoyable reading material.

Even with its many good qualities, there are several complaints I have regarding the composition of the paper. I do not refer to the contents but to the make-up on page three and four. There seem to be too many ads.

Page three, the sports page, has very little sports; to the contrary, it is seemingly filled with advertisements which detract a great deal from the atmosphere of the Panthers' activities. To be more specific, there is very little room devoted to sports in the entire paper. To a large extent, the reputation High Point College has in the eyes of the general public is derived from the activities of the athletic department. Yet, when

reading the Hi-Po, an outsider would not know much about intramurals, F. B. L. A., and other athletic programs.

Some of sports are put on page four (thank goodness). With your personality of the month and Dick Bibler's "Little Man on Campus" there are not many column inches that can be devoted to anything other than carry-over stories from page one.

I am not a journalist and, consequently, I am not familiar with the many problems which are common to the editors of the Hi-Po. My opinion, then, is limited to the way I think most students see the situation. Nevertheless, I am of the opinion that you are interested and want to know the feelings of the students of the Hi-Po. I am not entirely competent to speak for the student body but I sincerely believe that an explanation regarding the above mentioned make-up would be in order.

To narrow the situation, down, let me ask: Is it necessary for the Hi-Po to run so many ads?

Sincerely,

(Name withheld upon request)

music

Helena Smith

notes

Student Recital

On Wednesday, November 16, the Music Department gave its first student recital of this year in Miss Fields studio. Students from different fields of music participated in the delightful program. The recital included Eugene Watkins, Alex Mellnik, Roger Shelton, Lloyd Stiffler, Pat Mize, Barbara Payne, Shelby Jean Nelson, Kate Trivette, Betty Mullinix and Libby Murray.

Band

The band played for the first basketball game of the season Saturday night and will play for most of the other games. An order has been placed for band uniforms. They will be concert style consisting of corduroy coats in charcoal grey with light grey skirts for the women and light grey gaberdine slacks for the men. A college shield will be placed

on the coats. Band members will wear white shirts, purple ties and black shoes.

Music Major

Patricia Mize from Daytona Beach, Florida and a graduate of Seabreeze High School is a High Point College sophomore co-major in Religion and Music. Her high school musical activities included the Women's Glee Club in which she served as president, and Mixed Glee Club, serving as a student director.

At High Point College, Pat is a member of the Women's Glee Club holding the office as secretary. She is also a member of the A Cappella Choir. She was a member of the Community Chorus one year and at present she is singing in the First Methodist Church Choir in High Point. After being asked what future plans she had, Pat replied, "My future plans are not complete."

Sidewalk Symposium

Question of the week: What do you think of an honor system here at High Point College?

Sara Yost - "I think the students will cooperate enough for it to work here. The students can trust each other."

Helen Harris - "I don't think we necessarily need it - we are getting along all right without it and are old enough to do right."

Carlton Simpson - "It's good if the pupils would work for it. At Catawba the students cheated and no names were turned in. Up here, I think it has a better chance. I haven't seen much evidence of cheating here."

Voncycle Linthicum - "I think it is a good idea and one that should be worked on in order to raise the standards of the school, a process we are working on."

Leon Newton - "We are behind because we should have had it a long time ago. I see no reason why it shouldn't work here since it has in other such schools."

Julia Garner - "I don't trust people enough, I guess. I don't think it would work too well due to those that you can't put on their honor."

Elise Hasty - "It begins with the teachers. If they trust the students, it will work, but they must show that they have faith in such a system."

Jahala Eudy - "Since HPC is a Christian college, the people here should be willing to abide by the honor system and conduct themselves in accordance with it."

Johnny Mann - "I definitely believe in the honor system and recognize the need that our College has for it. I think, in a way, that it would be a character builder."

Ronald Everett - "I think it would be a good idea. The students would respect it for its value to them individually as well as the value to the school."

Otis Gardner - "I don't think it's a good thing, if the teachers don't grade on the curve."

Barbara Morrison - "I'm for it."

Miscellaneous comments from the anonymous:

"I don't think we need it here. The students are paying for their educations, and they are going to get it one way or another."

"One can feel more at ease taking a test knowing no one is standing over and no one is copying."

"In my opinion, High Point College is not worthy of the honor system."

"It is very hard to take a test and not look up and around. Under the honor system some innocent people have met with expulsion."

Sue Co-ed

Anne Kerr

Once upon a campus, there was a pretty little co-ed right fresh out of high school. She had come to High Point College to learn the finer things in life such as the do's and don'ts of parties, how to meet the right people, and if time permitted, received a little (and just a little) education.

The little co-ed's name was Sue, and it was very evident that she was going to be the queen of the campus. She had long blond hair, a very good physical structure, dainty ways, and two little blue eyes that could see right through you. It seemed to the boys in the book-store who just waited for her appearance between classes that she did the right thing at the right time, said the right thing at the right time, and wore the right clothes at the right time. She was just as near perfect as a girl could be.

Well, there was a certain big bad Lambda Chi that had been eyeing this little green co-ed, and his one ambition was to pull a fast snow job and get right on with it. He had spoken to her, but the co-ed had always acted shy and rather aloof.

One day the big bad wolf, (this frat man I was telling you about) walked up to the co-ed and began to throw passes that even Charlie Justice couldn't have intercepted successfully. He had asked her for several dates without a favorable answer, and he wondered if he were losing his touch or if this doll were just a square.

Finally, one night while the juke box was playing "My One Sin", he said "Sue, how about going to the ball game with me Saturday night?"

"I'm sorry, Jake, but I already have a date with one of the ball players after the game. I just love ball players, don't you?"

"Well, as a matter of fact, I don't, if it means that he is cutting me out with you."

"What about the Plantation Sunday night then? Some of fraternity brothers and their dates are going out there for a few cokes, smokes, and jokes."

"Oh, heavens, I am sorry! I have already promised the Sig Eps that I would tag along with them. Seems like this week-end is gone!"

"We could make it next week-end if you would like."

"Well-I-I", she replied rather shyly. "I nearly forgot but I am having my old flame from U. N. C. come by Friday night."

"Heavens, what do I have to do to get a date with you? I will try one more time, and so help me, Sue, this is the end. What about Saturday night? Some of the brothers may dig up a party, and the Lambda Chi parties are really great."

"Well, you wouldn't try to hold my hand would you?" she said sweetly.

"No, I promise."

"Would you try to kiss me" she said with a smile.

"No, I will keep this kissing business off the agenda too," Jake said rather disgustedly.

"You wouldn't try to get fresh with me, will you?"

"No, darnit, I will be a perfect gentleman," said the big bad wolf.

"Well, you must be a drip! Sorry, buster (I am busy!)"

So, the big bad co-ed turned abruptly and walked away, while the little green wolf just stood there with his mouth hanging open.

Students Do Not Pay for Hi-Po

"Is it necessary for the Hi-Po to run so many ads?" This question was asked of the editors in an open letter which appears on this page.

We note with appreciation that one student has called the situation to our attention and with regret that the students do not realize the gigantic financial responsibility with which the business manager is faced in operating the Hi-Po on an annual basis. The Hi-Po is a \$3,000.00 per year business adventure.

To answer the question brought forward in one word, we simply and emphatically say YES, it is necessary. Why? Statistics can be construed by the writer to mean virtually anything that he so desires but we know of no other way of illustrating our point.

The paper costs, on the whole, approximately \$185.23 per issue or, a total of \$2800.00 per year. This includes the price of pictures, cuts, newsprint and labor at the commercial print shop where the Hi-Po is printed. The average cut will cost anywhere from \$1.50 to \$20.00. An example is the cut of the members of *Who's Who* which appeared in the October 28 issue. That cut, including the photographs, cost in excess of \$25.00.

The students only contribute \$1.70 per year, or a total of approximately \$1368.00. Obviously, this leaves a deficit of \$1,432 which can be accounted for only by advertisements as they are subscribed to by local merchants. Mathematically, the student contribution meets only 49% of the actual costs. The other 51%, as pointed out above, comes from advertisements.

Any suggestions?

Want A Thunderbird?

Could you, a student at High Point College, use a fully-equipped 1956 Ford Thunderbird?

Who couldn't? The Brown & Williamson Tobacco Corporation, makers of Viceroy cigarettes, is sponsoring one of the most colorful of contests so far as prizes are concerned; yet, it takes relatively no work.

All you have to do is name the Viceroy filter. Simple enough.

The Hi-Po feels that the opportunity is great; consequently, we urge you to enter. We have no obligation to "plug" the contest; we do so from choice. It is true that Viceroy advertises in this paper but the advertising contract does NOT stipulate that we encourage participation on the part of students.

For a very small investment, less than fifty cents, and a little imagination, you could become the owner of the car mentioned above and which is pictured on page one.

What's more, the 10 Thunderbird winners will be able to present a college organization of his choice with an RCA Victor color television set. Is there an organization that would not like to own such an expensive and enjoyable piece of furniture?

The one thing that appeals to the Hi-Po is that there are no jingles to write, no poems to complete; all you have to do is dream up some name for a filter. This contest is open ONLY to college students; consequently, competition is somewhat limited.

Actually, the naming of the Viceroy filter is not too difficult. All the scientific data on the filter will be described in an advertisement which will appear in next week's Hi-Po. Choose, then, a name which represents all the favorable characteristics of the filter. Enter the contest; it is worthwhile!

around the campus

BROADWAY

Did you want to go home for "da Thanks-giving?" Did you, by any chance, want to be at home with your parents, loved ones, grandparents, etc. Some of you are lucky, you live only a few blocks or a few miles away. Others of us, however, have a much greater distance to travel during the ONE DAY HOLIDAY. Why can't we have more than one day? Is there any real reason? Certainly enough people cut their classes to justify looking into the situation. (Also the idea of double cuts before and after the holiday). I feel sure that students would be willing to come a few days earlier in September in order that they might have a few days for Thanksgiving. After all there's no place like home for the holidays.

P. S.

If a student can save his cuts for the holidays, why should he be plagued with double cuts before and after the holidays? After all they're his cuts!

Jane Lucas

Mail Men Or Male Men?

Well, girls, let's face it, knighthood is no longer in flower. As a matter of fact it has withered and died on the stalk. And as another matter of fact, there's not even much of the stalk left. Men just ain't what they used ter wuz.

Can you imagine what it must have been like to live "in days of old, when knights were bold"? Instead of the Saturday football game, the jousting tournament would be the exciting event of the week. There wouldn't be much difference in the appearance of the spectators stands from a distance. There would be the gay crowd in festive spirit, cheering, waving with banners fluttering. On closer inspection, however, the costumes of the people might reveal their being of another era in history.

A fair and noble lady might be scanning the rows of knights for a certain bit of silk fluttering from a certain helmet. Knights fought to do honor to their ladies as well as to bring credit to themselves.

Nowadays it's all we can do to find a man brave enough to kill a bee which has reeled in through an open classroom window. And heaven preserve the poor soul who tries to get waited on in the Book Store at the 10:20 free period.

But I guess after all's said and done, these modern gals might more satisfied with their cats in shiny cadillacs than those monsters in mail. 'Cause it must have been kinda hard to get close to one of those fellows, y'know what I mean?

It's All Greek

Bob Gattling

ALPHA GAMMA DELTA

The pledges of Alpha Gamma Delta sorority honored their big sisters with a mountaineer party on Tuesday, November 29, at the American Legion Hut in Thomasville. Dates were given corn cobs and straw hats as party favors.

KAPPA DELTA

Kappa Delta pledges are selling personalized stationery. Anyone who is interested in purchasing some, may see the samples by contacting Pat Ritchie or any Kappa Delta pledge.

TAU KAPPA EPSILON

The Delta Kappa Chapter of the Tau Kappa Epsilon Fraternity held its monthly formal meeting at the home of James Stanley. The main topic of discussion was the planning of the annual Founders Day Ball, which is to be given during the first two weeks of January. The Tekes are considering a joint banquet and dance with Beta-Beta Chapter of North Carolina State, and Delta Iota Chapter of Lenoir Rhyne.

Jerry Royals and Jack Jones were recently elected members of the Teke Board of Control. Jim Greenway, who was recently appointed Deputy Sheriff of Guilford County, seems to be enjoying his new position. All the Tekes will miss Jim, but it is always handy to have a friend in the law enforcement department.

Jack Lewis of the TKE National Office came down the other week to inspect the Chapter. He was greatly pleased at the Tekes success in winning the football championship for the second year.

IMPORTANT NOTICE

Because of lack of cooperation on the part of different organizations the Hi-Po requests that each organization, including fraternities, elect a reporter to send to the regular Hi-Po meetings on Monday mornings at 10:20.

This reporter will know the deadlines for material to be published and will be, in all respects, responsible to his organization and to the Hi-Po to secure the necessary information before the given deadline.

All organizations are urged to elect their reporter and ask him to come to the meetings in the tower of Roberts Hall.

Number 5

Athlete Of The Week

Sarah (Hoss) Owen has been selected by this department as Athlete of the Week. Sarah hails from Elizabethtown, N. C., and is in her freshman year. She, along with Vicki Washburn, are Co-Captains of the girl's basketball team.

Owen is the backbone of the team and has scored the amazing total of 146 points in four games for a 36 point average! She possesses just about every shot in the book and can move around the court in fair style. Her favorite shot is a driving layup which she executes with the sureness of a "pro". The thing about Sarah that makes her good is that she is always trying to improve her court play. During the Thanksgiving holiday, she was in the gym practicing on her set shot. Most people were home eating turkey.

Sarah Owen; High Point College's answer to Bevo Francis.

Yow Men Take Three, Lose One In Pre-season Play

Pikesville Game

The men of Virgil Yow went after their third victory against Pikeville College of Kentucky, and got it—103-82. The Panthers led throughout the entire contest as the Bears of Pikeville looked a little rugged. The night before, they had lost to Atlantic Christian College by 50 points.

Coach Yow used all 15 of his cagers almost equally as the game wore on. High man for the Panthers was Jack Powell with 16 markers followed by Bill Huegele with 13 points. Ralph Roberts hit for 20 for the Bears.

Here is the story:

Pikeville	G.	Ft.	F.	Pts.
Kerns f.	3	0	1	6
Singleton f.	0	0	0	0
Smallwood f.	6	2	4	14
Meek f.	2	2	0	7
Whitt f.	0	0	3	0

Thornton g.	2	4	0	4
Totals	43	17	17	103

DuPont Game

In their opening contest, the Panthers of High Point College defeated Dupont in a sloppily played game before a good sized crowd. The team from Martinsville, Va., simply did not have the men to run with the speedy Panthers and were behind throughout the contest.

Coach Virgil Yow employed all of his 15 cagers in equal fashion with Harold Crump leading the way with 14 markers. Jack Powell and Paul Stanton each chipped in with 12 points. Sam Belcher was high man for Dupont with 14 points. The score at half time was 42-29 in favor of the Yow men.

Here is the box:

Dupont	G.	Ft.	F.	Pts.
Belcher f.	5	4	2	14
Carter f.	0	0	2	0
Robertson f.	2	2	0	6
Wallace f.	2	1	2	5
Davis c.	2	0	1	4

Panther Squad Opens NSC Play Here Tomorrow Night Against Powerful Atlantic Christian

By Marty Neustadt

The men of Virgil Yow open up their conference schedule against the defending champions of last year, Atlantic Christian, on Saturday, December 3.

After rolling up three straight victories in a row in easy fashion, the Panthers stumbled into a determined Pfeiffer team and came out the losers by the score of 82-71. Pfeiffer was the toughest squad that the Panthers had faced all year, and look for them to give the rest of the North State teams some tough opposition.

Standouts such as Kim Buchanan, John Marley, Billy Widgeon, and the underrated Jerry Williams are again ready to lead the Bulldogs to another fine season. Coach Jack McComas has the needed bench strength also ready with 6' 9" Bill Beacham, Billy Tomlinson, & Co.

The Panthers have been looking forward to this game all week and have gone about their practicing in earnest fashion. As this reporter sees it, you can look for a whale of a ball game on Saturday.

The game on Saturday figures to be a tough and tumble contest. Atlantic Christian has practically their whole team back from last year's squad.

By
Marty

I feel great today. I don't know what it is but once in a while the troubles seem to vanish. Maybe the heart is light and the mind has no sense but I feel great today and I want the world to know it.

I feel so good I can tell you when the world will come to an end, when Satchel Paige will retire from baseball, when the Pittsburgh Pirates will win a pennant, and when we will reach the moon.

I can predict the impossible today because I feel great and that's no crime. I don't use a crystal ball, but I can predict who will win the Rose Bowl game, who will beat Rocky Marciano, who will win the Kentucky Derby next year, and who will coach Notre Dame in 1987.

I don't like to show my intelligence, but today I know what song is Harry Truman's favorite, how Joe DiMaggio likes his Pizza pie, what team will win the Dixie Classic, and what time it is in Chengtu, China.

I feel as good as a seven year old kid with a new bicycle, and that's why I'm not afraid to predict where the Panthers will finish in the North State Conference this year. (This does not include the North State Conference Tournament).

I've watched the Panthers ever since they started practicing this year, and it looks like the fourth rung for them. Only optimists can pick them higher. The men of Virgil Yow have speed, teamwork, and some pretty fair shooting ability, but the one thing they lack is another big man to go with Jack Powell. The amazing "Stilts" can't do it alone and 6' 8" Ken Williams is eager, but needs another year of experience.

Elon and Atlantic Christian have the horses under the backboards combined with loads of reserves and experience. These two will probably fight it out for the first and second spots with Lenoir Rhyne sneaking into the third rung. No matter who "Pappy" Hamilton has brought in this year, he still has Ortmeyer, Wells, and Probst returning.

Getting back to the Panthers, the team will be an exciting club to watch this year, and on any given night, can hand the enemy a few surprises. They play a rugged 32 game schedule, and in all probability will get better as the season gets older.

Only fools go out on a limb and predict the future. They are open for sarcastic remarks and letters of criticism by the bigoted. They are laughed at when their forecasts go astray and you can't be right every time, but I feel great today and I call 'em as I sees 'em. Tea leaves read for a quarter. Step up suckers!

Ten Outstanding Seniors Selected By Class Of '56

Ten outstanding members of the senior class of High Point College have been selected by vote of the entire senior class. They are as follows:

Patsy Cranford, from Denton, served as marshal in her junior year, is a member of the Student Christian Council, was a May Day attendant in the Court of 1955, and is a member of Who's Who.

Koy Dawkins, Rockingham, served as president of his junior class, is a member of Sigma Phi Epsilon Fraternity, a cheerleader, president of McCulloch Hall, and is also a member of Who's Who.

Phil Mowery, High Point, is president of the senior class, a member of Who's Who, Pi Kappa Alpha Fraternity, S. G. A. legislature, and the committee which composed the new HPC government constitution.

Mary Alice Milbury, Dover, Delaware, is senior class representative to the Student Government Association, associate editor of the Zenith, is in the Order of the Lighted Lamp, Tower Players, and Lambda Alpha Phi Sorority, is president of the Future Teachers of America and a member of Who's Who.

Mary Lou Lanier, from Gastonia, is president of Kappa Delta Sorority, and a member of the Pan-hellenic Council.

Faye Feedin transferred to HPC from Atlantic Christian College, and is editor of the Zenith, a member of Who's Who, a member of Lambda Alpha Phi Sorority, and has been on the dean's list every year.

Lorraine McCurry served as marshal, is vice president of the Kappa Delta Sorority, a member of Who's Who, vice president of the FBLA Club, and has served on the staff of the Zenith.

Bill Bost has served as marshal, is a member of Who's Who, and is secretary of the Theta Chi Fraternity.

Hardy Tew, from Haw River, is president of the Student Government Association, a member of the N. D. M. Club, a member of Who's Who, and has served as a marshal.

David Moore, High Point, is a member of Who's Who, Tau Kappa Epsilon, served as president of his junior class, is vice-president of the senior class, and has served as a marshal.

Union Game

The High Point College Panthers rolled on to their second victory in as many games by trouncing the Bulldogs of Union College 100-74. After a close half time score of 38-35 in favor of the Panthers, the High Pointers broke it up in the third quarter with a 32 point barrage.

The big story of the game was the booming set shots of Bill Huegele. The Florida flash had scored only two points in the first half, but then got hot and hit for nine buckets in a little over 10 minutes. Jack Powell was high man of the night with 25 points. Wallace Hutton with 21 and Shannon Sloan with 22 markers were tops for the men of Barbourville, Kentucky.

The box:

Union	G.	Ft.	F.	Pts.
Hutton f.	6	9	3	21
Wooden f.	2	0	1	4
Morris f.	3	1	3	7
Richardson f.	2	1	2	5
Sloan c.	6	1	4	22

Harris g.	0	1	0	1
Moore g.	1	1	1	2
Paige g.	1	0	0	2
Wenderoth g.	0	2	2	2
Wright g.	2	1	1	8
Middleton g.	0	0	0	0
Totals	23	28	17	74

High Point	G.	Ft.	F.	Pts.

Williams c.	3	2	1	8
Huegele g.	10	0	2	20
Beauchot g.	2	0	2	4
Crump g.	3	1	2	7
Thornton g.	1	0	1	2
Pharr g.	2	2	3	6
Totals	42	16	21	100

Pfeiffer Game

The Panthers of High Point College went after their fourth victory in a row, but weren't quite able to take it, as a sharp Pfeiffer club gave them their first setback of the young season.

The Panthers were off their shooting in the first half, while Pfeiffer was blazing hot, and the score at half time found the Panthers down by 15 big points, 46-31. After a brief pep talk in the dressing room, the Yow men came storming out and pulled within one point of the home team midway in the third quarter. But Pfeiffer had too much steam left and then went on to win 82-71.

High man for Pfeiffer was Clyde Bryant with 26 points. Bill Huegele hit 20 for the Panthers.

The scoring:	G.	Ft.	F.	Pts.
Pfeiffer				
Garman f.	3	0	3	6
Thompson f.	0	0	0	0
Nuckles f.	7	0	4	14
Hasbrouck c.	5	7	4	17
Biddy c.	0	0	1	0

Powell c.	5	4	0	14
Huegele g.	10	0	4	20
Beauchot g.	1	0	4	2
Afendis g.	1	2	4	4
Crump g.	4	2	4	10
Thornton g.	0	0	1	0
Pharr g.	1	0	1	2
Totals	28	15	23	71

LITTLE MAN ON CAMPUS

by Dick Bibler

TOWER PLAYERS — (Continued from Page 1)

Running before the murderous onslaught of the Bulgarian army (murderous because the Serbs discovered at the last minute that the ammunition supply had mistakenly been left behind), fugitives rush through the little Bulgarian town at night chased by soldiers. One of the escapees, Bluntschli, climbs up the waterpipe of the Petkoff home and into Raina's room. He forces her at gunpoint to allow him to stay until the soldiers have cleared out of the neighborhood. At first she is frightened, but gradually Raina realizes that he is just as scared as she is. When Bluntschli confesses to Raina that he is afraid, she is contemptuous of such a "soldier" and she can hardly believe her ears when he tells her that he always carries chocolate candy in his munitions belt instead of cartridges.

As Bluntschli begins to show weariness, fatigue, and nervous exhaustion, Raina takes pity on him and agrees to hide him from the Bulgarian soldiers. With his realistic attitude toward war, with his very human fear, and finally with his statement that chocolates are more important than ammunition, Bluntschli shatters Raina's ideas of the glory and honor of war. Poor Sergius, Raina's fiance, comes home from the war tariffed discouraged himself. He spends most of the time trying to figure out which of his six selves he really is — whether he is the noble, courageous hero of Raina's love, or whether he is the plain, down-to-earth lover of Louka, the peasant girl. And pitiable Louka, the servant girl with the noble soul, loves Sergius not because she thinks he is noble and courageous, but because he seems to be her type (which he really is).

It takes the return of the chocolate soldier, Bluntschli, to set everything right by falling in love with Raina and by making Raina be honest with herself for the first time in her life.

The tangled threads of the plot lead to one humorous knot after another until they finally disentangle themselves into an "all's right with the world" ending.

Playing the part of Raina is Betty Mullinix; Bluntschli, Kyle Stirling; Sergius, Leon Lee; Louka, Patsy Hobbs; Major Petkoff, Aubrey Flint; Catherine Petkoff, Selena Hoyle; Nicola, Fred Barber; a Russian officer, Bob Weaver.

Ever important to the success of a production are the committees and stage crews. Heads of various committees were: properties, Emma Hart-sell; stage crew, Elon Cook; publicity, John Rierson; selling advertising and program, John Powell; sound effects, Willis Stevens; lighting, John Abernathy; costumes, Angie Gaskins; curtain, Elon Cook; make-up, Mrs. Lew Lewis; house manager, Larry Strange; prompting, Marcy Lanyon; ticket sale, Pat Mize.

Assisting Miss DeSpain in directing was Phyllis Singleton.

Miss DeSpain is beginning her third year as dramatics coach. The Tower Players have been in existence at High Point College since the early days of the school. Of course the presentations in Memorial Auditorium have been given only for one year. Previous productions were in Hauser Auditorium which was converted into classrooms. Anthony Dexter, Hollywood star, once served as director.

Annual Christmas Dance Will Be Tonight

In Assembly

Dr. Cooke Reports To Students On White House Conference

Dr. Dennis H. Cooke . . .

Attends White House Conference

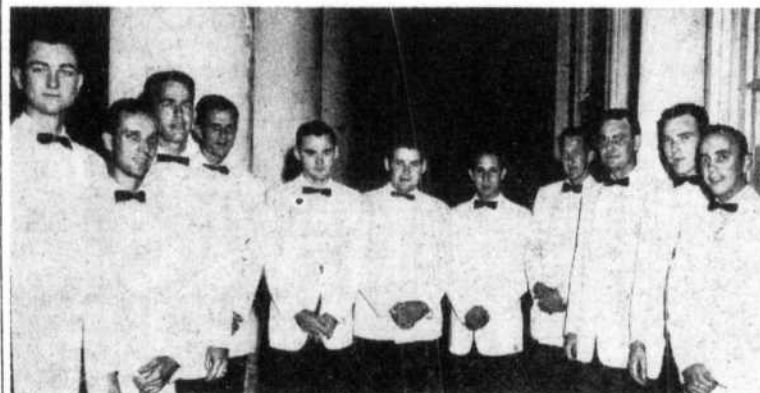

Jane Lucas

Dr. Dennis H. Cooke, recently returned from the White House conference on education, spoke at the regular Wednesday assembly period, December 14, on some of the major topics of discussion at the conference. Official delegates to the assembly numbered 1,400, and represented both laymen and educators. There were 400 official observers from practically every country in the world.

Dr. Cooke summed up President Eisenhower's opening speech, which was telecast to the conference representatives, with this statement: "Education is a responsibility of the state, but some of the states cannot meet this responsibility adequately." This idea constituted the main topic of the conference's discussion.

(Continued on Page 4)

Pott's "Men of Music" Are Being Featured; Music Begins At 8:00

IFC MEMBERS — Above are the men who are largely responsible for the dance which will be held tonight in Harrison Gymnasium. The dance, an annual social affair, will feature Pott's "Men of Music." The program is scheduled to begin at 8:00.

Smooth dancing to the sweet music of Baxter Pott's and his orchestra will be the annual entertainment feature of High Point College campus tonight at the IFC Christmas dance. The dance to be held in Harrison Gymnasium from 8 until 12 this evening is being sponsored by the Interfraternity Council.

"We are planning for this year's dance to be one of the best we have had in a long time," Jerry Kennerly, council president said. He also stated that the dance will be open to all students as being contrary to last year's ruling.

The Christmas dance was formerly sponsored by the Student Government Association; the occasion is only a recent undertaking of the IFC.

Baxter Pott's "Men of Music" will be featured.

Sponsors and their escorts will be the main attraction of the "figure" during the special ceremony at intermission.

Kennerly announced that "positively no flowers" will be the by-word for men.

Council members include: Jerry Kester, Lambda Chi Alpha; Bob Duncan, Pi Kappa Alpha; John Perry, Sigma Phi Epsilon; Bill Gray, Theta Chi; Roger Shelton, N. D. M.; Jack Jones, Tau Kappa Epsilon; Fred Peters, Tau Kappa Epsilon; Briggs Leonard, Theta Chi.

Christmas Holidays Start Tomorrow, End Jan. 3

The beginning of the traditional Christmas holidays and the oncoming of final first semester examinations brings to realization that this semester of the 1954-1955 school year is drawing hastily to an end.

Beginning at 1:30 tomorrow, December 17, HPC students can breathe a long sigh of relief and proceed for the next fifteen days to enjoy a long anticipated Christmas holiday.

The dormitories will close as they are vacated by homeward bound students, eagerly packing and planning every precious moment to be spent at home with loved ones.

Then, according to the school calendar on page 3 of the 1955-1956 catalogue issue of the High Point College Bulletin, classes will resume, beginning with the 8:20 class on January 3, 1956.

Class absences will be considered double cuts both December 17 and January 3, as is outlined in the Student Government Association handbook.

For Consideration

Basic Statement Of Principle Submitted

Jimmy Reavis

To clarify what type honor system the Hi-Po has been advocating, the following is offered for consideration as the basis for an honor code. This statement is based principally on the honor code as adopted by Campbell College and Colby College and is used with the permission of the editor of *Creek Peebles*.

"Because we believe that personal integrity is the foundation on which an effective life is built, we try to establish on our campus a way of living which offers opportunities for developing it. To be completely honorable under all circumstances is the goal which we set for ourselves and for each other.

"We are, in the fullest sense of the word, citizens of our college community. We are all members of the Student Government Association and we are responsible for helping to make many of the regulations by which we live. As good citizens we go beyond the letter of the law in upholding the standards we set.

"How do our standards affect our actions? Academic honesty is the rule, and our choice. In the classroom, all work that we submit is our own. In the dormitory, consideration for the rights of others governs our behavior. In all our social relationships, we conduct ourselves in such a way that we reflect

credit upon ourselves and on our college.

"Each student upholds the Honor Code by living according to his highest ideals. If he violates a regulation, he is responsible to himself and to the college community for voluntarily reporting his infraction to his house president or to some member of the honor court. He will also encourage others to report their mistakes. He realizes any action by the honor court is to help him fulfill the responsibilities of constructive citizenship.

"We come to college seeking knowledge — of ourselves, of others, of our world. To us and to our faculty education means more than facts and formulas. We believe that the truly educated person must learn to maintain his standards and ideals under any circumstances. This moral courage is the result of habit born of practice — a habit we cultivate day by day.

"Because we work together toward the same goal, we help each other as we help ourselves."

The above basic principal deserves considerable consideration from the students and from the student legislature in particular. The student legislature will be the initial body acting on the controversial matter; it is they on whom the responsibility for the system lies.

HPC A Cappella Choir Completes Extensive Out-of-state Tour

A CAPPELLA CHOIR — The first out-of-state tour by the High Point College A Cappella Choir ended last Monday as the travel-weary group returned to the HPC campus. Their appearances were at Roanoke, Va., Westminster, Hyattsville, Md., New Castle, Delaware. The program consisted largely of Christmas music.

The A Cappella Choir of High Point College, directed by Richard Cox, left on Wednesday, December 7, for its first out-of-state tour in recent years. From the mixed group of 72, forty-one members were selected to make the trip, which included stops at Roanoke, Virginia; Westminster, Maryland; New Castle, Delaware; and Hyattsville, Maryland. The group returned to High Point College Sunday (Dec. 11).

The program was devoted largely to Christmas music, opening with a group including the Bach chorale "Sleepers, Wake," Victoria's "O Magnab Mysterium," and "Born Today" by Sweelinck. Next the choir presented a modern group including compositions by Kastalsky, and Holst, and concluding with the Randall Thompson "Alleluia." Featured work on the program was the Mendelssohn cantata *Hear My Prayer*, for soprano solo, chorus, and organ. The solo was sung by Helena Smith, a senior music major at High Point College. The final group on the program included traditional Christmas carols from Austria, Norway, and France. Other solos featured were: Sylva Fox, soprano; Angie Gaskins, mezzo soprano; and Joe Compton, Baritone.

Richard Cox, director of the A Cappella Choir, is in his third year at High Point College, where he is in charge of vocal and choral music. He received his A.B. and his M.A. from

the University of North Carolina and was the recipient of a Fulbright scholarship enabling him to study voice at the Paris Conservatory. During the past summer he held a scholarship to Harvard University, where he studied choral conducting under G. Wallace Woodworth, director of the Harvard Glee Club and Radcliffe Choral Society. Mr. Cox has directed high school groups in Illinois, and church choirs in Chapel Hill and High Point, North Carolina. A versatile musician, he is active as vocal soloist in High Point and serves often as accompanist for his voice students.

The choir, an important part of campus activity, provides music for most of the weekly chapel services and makes frequent off-campus appearances. The latter include Sunday services for Methodist churches in the vicinity of High Point, performances for Methodist conferences and district meetings, and a spring tour in the state. Within the past two years, the choir has sung in schools and churches in Raleigh, Greensboro, Charlotte, Winston-Salem, Durham, and many other North Carolina towns.

Choir members making the tour were the following: Soprano — Shirley Corder, Kernersville; Bronna Deaton, Rt. 5, Asheboro; Sylva Fox, 1731 Dilworth Rd., Charlotte; Betty Jo Harrington, Rowland; Voneyle Linthicum, Randleman; Betty Mullinix, Rt. 1, Troy; Libby Murray, 214 W. Fourth St., Gastonia; Helen Smith, Rt. 5, High

Point; Betty Templeton, Charlotte.

Alto — Bobbie Barrett, Rt. 1, King's Mountain; Ellen Elgin, Rt. 1, Davidson; Jahala Eudy, 1535 W. Trade St., Charlotte; Angie Gaskins, 1509 N. Pasteur St., New Bern; Pat Mize, Daytona Beach, Florida; Sara Owen, King St., Elizabethtown; Ruth Reynolds, 323 Delaware St., New Castle, Delaware; Mary Ruth Smiley, 200 Wadsworth St., Lynchburg; Mariam Stalling, Whittell; Delores Stephens, Rt. 2, Elkin.

Tenor — Paul Atwell, Rt. 2, Morrisville; Charlie Holcombe, Bassett Rd., Asheville; Charles Johnson, 1216 N. Main, High Point; Alex Mellinik, 74 Schiller St., Buffalo, N. Y.; Arnold Pander, 104 Oakland Ave., Kernersville; Lloyd Stiffler, 616 Ray Ave., Hendersonville; Gene Watkins, 3627 S. Main St., Winston-Salem; Robert Williams, 1256 Waughtown St., Winston-Salem.

Bass — Stanley Broadway, 402 E. Kernon Ave., Kinston; Joe Compton, Cedar Grove; Garland Gammon, 116 Edgeworth Ave., High Point; Wilbur Jackson, 810 W. Fourth St., Ayden, N. C.; Harry Long, 708 Home Trail, Gastonia; Frank McCulloch, Jr., South Main St., Lexington; Jim Rose, 75 Park Blvd., Winston-Salem; Edward Smith, Jr., 291 W. Mountain St., Kernersville; James Lemous Smith, Jr., Rt. 6, Charlotte; Dale Swaringer, 1315 Parkway Ave., Charlotte.

Patsy Hooks And Louise Pugh Have Works Published

Patsy Hooks and Louise Pugh, two H. P. C. sophomores, are receiving copies of the *ANNUAL ANTHOLOGY OF COLLEGE POETRY*. The anthology is a compilation of the finest poetry written by the college men and women of America, representing every state in the country. It is published by the National Poetry Association of Los Angeles.

Patsy Hooks, from Matthews, N. C., became especially interested in writing poetry in her high school English class. Her publication, "A Sonnet," is written in the Shakespearean sonnet form. It is an inspirational and meditative poem. Patsy enjoys art and collects various types of poems. She is a nature lover and uses nature as the predominant theme of her poems.

Louise Pugh is from Franklinville, N. C.; her hobbies are art, particularly oil painting, and poetry. Although she

(Continued on Page 4)

Christmas Message

"Behold I bring you good tidings of great joy, which shall be to all people. For unto you is born this day, in the city of David, a Savior, which is Christ the Lord." This glorious event in the City of David will mean more to me this Christmas than ever before, for I was fortunate enough last summer (thanks to an unexpected travel fellowship and our Board of Trustees) to see this City, Shepherds' Field just outside the City, and the actual birth place of our Savior.

What a glorious sunset while we waited on a picturesque hillside just outside Bethlehem for the stars to appear over Shepherds' Field. As the stars appeared over the field where the shepherds watched their sheep and where the angels made the most important announcement of all time I felt as if I were hearing the announcement just like the shepherds nearly two thousand years ago. After singing some Christmas songs we went into Bethlehem and saw the exact spot where our Christ was born. Yes, the birth of our Savior will mean more to me this Christmas than ever before, for I have seen with mine own eyes and touched with mine own hands the place where He was born.

Hoping that all of the students and their families will be as enthusiastic as the shepherds on this first Christmas in glorifying and praising God for the birth of our Savior, I am,

Yours very sincerely,
DENNIS H. COOKE, President

True Spirit of Christmas

From the tower on Roberts Hall comes the sound of the chimes ringing out their Christmas message to all who pause to listen . . . from the heart of each student comes the feeling of good will toward fellow men . . . from many hearts comes the thought of a Christ child, destined to save man from sin and bring redemption into the world . . . it is the spirit of Christmas, the spirit here at High Point College.

It is evidenced by the exchange of greetings as students pass each other in the hall, the prevailing atmosphere in the classrooms, everywhere on campus.

This is the time of year reserved for the Christmas spirit. At no other time in the year does this spirit prevail; it is reserved for the time of year when we celebrate the birth of Christ, a memory of a time two thousand years ago when the entire destiny of mankind was to be changed by the birth of an infant in a simple manger in a small barn. Yes, it is a spirit unsurpassed, a feeling that cannot be compared, an attitude of "peace on earth, and good will toward men."

We have a humble feeling in our hearts, humble because we are different in our living because of Christ's birth and life. Christmas is truly a time to pause and reflect seriously about the blessings we have because Christ was born.

Lindley Chapel remains open, a place for meditation at any hour of the day or night, open to any student of High Point College who would like to go in and meditate; meditate in the blessedness of Christmas, the wondrous power of a Saviour who knows our hearts, and the things that come to us, students at High Point College.

Yes, Christmas time is a time to pause, collect our thoughts and share with God the feeling of "peace on earth, and good will toward men."

AN EDITORIAL

Honor System

The *Pi-Po* is attempting to cultivate the ideology of an Honor System.

The essence of the proposed System would be that a student's word as a member of the college would be accepted without question as the truth, and that any violation of the student's word would be an offense against the entire student body.

A student's pledged word would relieve the administration and faculty of its responsibility to regulate exams.

In order for the System to work, it would be necessary that members of the student body and faculty become educated in the light of the System.

Thus trained, the student of the college would find himself a part of a unified community which respects both his actions and his works.

Students who would enforce the System would not be spying; they would be in their own eyes, and in those of their fellow students, performing a solemn duty. By satisfying themselves when necessary that the Code was being observed, they would have aided in keeping alive a precious heritage.

Thus in return for acceptance and active guardianship of the Honor System, students of the college, would enjoy, to a degree which would otherwise be impossible, faith in themselves and in one another, as well as the confidence of the faculty, the administration, and the public outside the college. Consequently, the System would yield immediate tangible advantages of convenience, examinations would not be supervised, a student's word would be accepted as the truth, and ownership of personal belongings would be respected; it would yield also lasting intangible values of spirit — those who have lived under the Honor System would be forever dissatisfied with less rigorous standards.

With the inevitability of the System creating as it does both the relation of equals in a community of ladies and gentlemen and a pervading atmosphere of personal integrity and freedom achieved through individual and collective responsibility, the Honor System would become the most cherished possession of the college.

J. E. R.

I imagine that practically everyone has their suitcases packed and are ready to leave for the Christmas vacation. When you return to High Point College, 1955 will be history, and we will be living for another year. Would you like to reminisce with me some of the outstanding highlights of this year?

Somewhere about September 15 we returned to High Point College for another year. For the Freshmen, the first week of school meant tests, orientation, parties, and dances. For the upperclassmen, it meant a headache and a million questions. For the professors, it meant a challenge to educate the mass of students.

During the remaining days of September, couples were pairing off, different groups were going to the Plantation every Sunday night, sorority rush was coming up, and the weather was still real nice.

Then October made her grand arrival, and we welcomed her with a bouquet of multi-colored leaves. We honored her arrival with the Harvest Dance at the Student Center, and we remember such couples as Jean and Craig, Elaine and Charles, Kurtees and Tyson, Lequita and Walt, and Sylvia and Bob as being there.

Then sorority rush was completed successfully, and the new pledges put on their pledge pins and the old members' jacket. The girls were proud of these pins, and even prouder of the sorority they were now a part of.

Then the latter part of the month just before October was making her grand exit, Martha Ellington had a half a dozen couples over for dancing and hot dogs. Ernie and Lequita, Mot and Ravenelle, Elaine and Luke, and Jeannine and Ruth and their dates from Washington and Lee remember the fun they had that night.

November made a little more noise as she made her entrance. She was not as quiet as October, but was more of the party-type month. Her first event was the "Miss High Point College" contest, when Arlene Hobbs was crowned by last year's queen, Mrs. Douglas Warren Masten.

Then all of the fabulous fraternity rush parties — the confusion that captured the boys, the novelty of becoming a fraternity man, and the thrill of receiving the bids.

November 11th was the Sig Eps Founder's Day Ball, and a ball it was! The "Club Men" played for the event which was held at the Emerywood Country Club, and John and Barbara, Braxton and Lillian, Stan and Jane, Stanley and Elaine, Bill and Kurtees, Walt and Connie, Nancy Miller and Buck Williford, and Roy and Betty were a few of the couples there.

Then the basketball games began, and the cheerleaders added two members to their squad—Charlie and Braxton and Johnny as alternate. There was good school spirit, and we had a sure winning team. Players such as Huegele, Paul, Crump, Powell, and Phil were back again for another year of success, and their teammates were Sonny, Steve, Dunbar, Marty, Pharr, Ken, J. C., Williams, and of course, Marty was back with his burmudas and smoking jacket.

Then December was here — the last month of the year of 1955. December brought with her some mighty cold weather and hopes of snow. There was the A. C. C. game, and the cheerleaders could never express how much they appreciated the school spirit and attendance at this game. It was a dream come true after the chapel program the Wednesday before.

The Pikas had their variety show and there aren't words to describe just how much the students at H. P. C. enjoyed it. It was strictly rock and roll all the way, and one concert that we will never forget.

Yes, there has been a lot of things happening since the first of school. It has been a great year, and we've all filled a big book full of memories as a result. There were days when nothing seemed to go our way, but the goods out-weighed the bad ones. There have been conflicts, tears, laughs, disappointments, and many joyous moments since the first day at H. P. C. We think that all in all, this has been a very memorable year. Only fate knows what the future holds for us, but I sincerely hope that whatever it is, it will be good.

May I wish each of you a very Merry Christmas and a prosperous, happy, and wonderful New Year! And, for goodness sakes, be good boys and girls, 'cause "Santa Claus" is coming to town.

See you in '56!!

Jane Lucas

It was a cold, dreary, cold, gloomy, cold, cold day of December (two days past the deadline for this article to be in). As I sat huddled over my typewriter, trying to think of something to write about, I grew stiffer and stiffer. My fingers were poised over the home keys, ready and itching to go. Two things prevented them from doing so: in the first place they were frozen stiff, and in the second place, so was my mind.

Suddenly, out of the gray (I couldn't say blue because it was a gray day), inspiration attacked me. Slowly at first my fingers began to move across the keys of the typewriter, then with stiff, convulsive movements I began to type: a;sldkfj a;sldkfj a;sldkfj a;sldkfj a;sldkfj a;sldkfj a;sldkfj a;sldkfj.

After several pages of this I decided that it might be a little boring, and after all it is one of the policies of the *Hi-Po* to bring news of interest to college students.

So I stopped, leaned back in my chair, and listened to the strange sounds drifting up the tower staircase. Humph, nothing there except dead, roaring silence—what's that? just somebody clump clumping up (or down) the stairs. It's really quite interesting sometimes, trying to guess which way the footsteps are going. Suddenly a wild, maniacal scream rents the air and reverberates around the walls of the tower. This time I'm frozen by fear—what on earth was it? it sounded like—no! it couldn't be—but it was—it was ME! Help! Let me out of here!jdkls;3748fjdkal 7 7cmeu37-wfjdk394857fjgkeuxmc.,/z.vw39 (Editor's note: It's really nothing to be alarmed about folks. The last we heard from her she was getting along fine—they had even taken her out of the straight jacket.)

ALPHA GAMMA DELTA

The sisters of Alpha Gam would like to thank the pledges for the party they gave us on November 29, in Jamestown. Decorations and entertainment was based on a mountaineer theme. Favors were coffee mugs with sorority letters painted on them.

Alpha Gams sponsored open hours in the Student Center after the Atlantic Christian basketball game. Hot dogs and cokes were sold, and the students danced to the records of well known dance bands.

The sisters and pledges are having a Christmas Party at the home of Margaret Black. Merry Christmas from Alpha Gamma Delta to all of you.

LAMBDA ALPHA PHI

The Lambdas had a very successful initiation week. At the end of the week the pledges put on a talent show for the old members. The installation service for the pledges was held Decembr 5 at the chapel of Wesley Memorial Methodist Church.

On December 14, a Christmas Party for the members and their dates was held in Winston-Salem. We want to congratulate all sisters who have recently had honors given them. Several sisters have been elected marshals, outstanding seniors, and Who's Who.

PHI MU

The members of Phi Mu sorority gave the new pledges a bermuda party at the Rawleigh's farm. The party took the form of a weiner roast, and afterwards the girls and their dates enjoyed dancing.

Betty Anne Tysinger, president of the sorority, was elected "Jubilee Queen of 1956." Betty competed with twenty-six girls from other colleges and universities all over the state.

The pledge class of Gamma Zeta chapter is making dolls for the children in the North Carolina Convalescent Hospital. After presenting the dolls, the girls will sing Christmas carols at the hospital.

Phi Mu has enjoyed having Miss Cater Snow, field secretary, back for a social visit.

The annual Phi Mu-Lambda Chi Alpha Christmas party was held last Friday night at the Thomasville American Legion Hut. The Christmas theme was carried out in decoration, and a small gift was presented to all who attended. The "Club Men" furnished the music for the dancing.

The big sisters of Phi Mu gave their little sisters a dinner at Waddell's in Greensboro. At the dinner, the girls exchanged gifts, and wishes for a Merry Christmas.

PIKA

On December 14 at 7:15 P. M. in Memorial Auditorium, Delta Omega presented its annual colored Jazz show. The year the program was headed by "Charlie" Morrison and his T. V. all Stars, featuring vocalist Jonnie Whitlock. Included in the night's entertainment was Danny Richmond on the drums and the Billy Bright Trio.

Recently initiated into the brotherhood was James Richard Hoover who was an old Delta Beta Alpha local member. Initiated into the pledge class was Martin Payner. On November 28, 29, 30, the "Pika" pledge enjoyed "help week" which was designed to give the pledges a chance to work and play together. All during the week the men worked hard and each was rewarded for his effort.

A recent and welcome visitor to "E" section was field sec. Dave Collins. The "Pikas" and their dates are looking forward to the I. F. C. dance which will be held Dec. 16 in Harrison Gym.

THETA CHI

"Ho, ho, ho, and what is your name little boy?" This and many expressions of near likeness set the mood for Theta Chi's annual children's Christmas party. The party was held in the Student Center on Friday night, the 9th of December. To be perfectly frank with you, it was hard to determine who had the most fun, the brothers and pledges, or the children. We were very, very pleased at the turnout, for we had around 30 children who came empty handed, and left with their arms and hearts laden. The children first enjoyed a round of conversation with old Saint Nick himself, and after this there followed much fun and laughter on the part of all present, as the kids enjoyed their gifts, and refreshments. One of the highlights of the party, as in years past, was the reading of Dickens "Christmas Carol," by Miss Vera Idol.

Yes, the members of Theta Chi are already looking forward and vigorously planning for the children's Christmas party next year.

For now, let us wish all brothers, pledges, and alumni the most sincere of Yuletide Greetings.

SIGMA PHI EPSILON

The annual Christmas party is being by-passed this year in favor of the IFC Dance. The N. C. Eta Chapter plans to have a New Years' Party instead on Jan. 7.

The pledges have really been on the ball in the past few weeks. Their first project was to clean and scrub the floors of the bookstore and clean the place in general. Next came the section itself. All the doors were painted red and some of the excess ivy was cleaned off the building and around the sign.

For the past 2 weeks, off and on, some pledges and brothers have been going down to the Salvation Army to help repair toys for underprivileged children at Christmas.

Some time next week, we plan to go to the Presbyterian Home for the aged and sing Christmas Carols to the folks.

LAMBDA CHI ALPHA

Nov. 19 the Iota Phi Aeta of Lambda Chi Alpha was privileged to initiate five pledges from the East Tennessee State Colony. Thirteen brothers came along with the five pledges, and helped during the initiation.

Lambda Chi now has 21 pledges. They are, "Chip Anderson, Charles Dyson, Doug Ken, Fairnell Myrick, Randy Burgess, Charles Faust, Bill Konkel, Benny Phillips, C. B. Crook, Dick Gierret, John Madison, Bill Place, Charles Watson, John Davenport, Kenny Haney, Wade Montgomery, Billy Simpson, Dan Davie, Wesley Jones, Gene Motsinger, Doug Squires.

The annual Lambda Chi-Phi Mu Christmas party came off in fine fashion this year. It was held Dec. 9 at the Thomasville Legion Hut. Everyone received a crazy present or a favor.

Lambda Chi Alpha will present the L. C. Ellis Memorial Scholarship award to the PKA fraternity for having the most improved scholarship for the past year among the fraternities.

For our lend-a-hand project we had our pledges clean up the yard at the Home Management House. The yard had not been worked on all year, and it was in such bad shape it took five men three hours to clean it right.

HPC Granted \$135,500 From Ford Foundation

The Ford Foundation announced Monday it was giving away a half billion dollars to the nation's colleges and hospitals, including \$135,500 to High Point College.

The announcement made from New York City explains that this is the largest single appropriation in the history of philanthropy.

The larger grants in North Carolina went to Duke University at Durham, which received \$2,380,300. This was the only one of the North Carolina institutions of higher learning to get more than a million dollars.

Grants to 21 privately-owned colleges and universities in North Carolina amount to more than \$5,200,000. Amounts to be given to two of them—Atlantic Christian College at Wilson and Barber-Scotia College at Concord—have not been decided, pending receipt of further information from the

schools.

The foundation increased grants to Wake Forest, Davidson, Duke and Johnson C. Smith University because these schools have been leaders in raising teachers' salaries.

It is interesting to note that the gigantic Christmas present represents \$3 for every man, woman and child in the United States. The gift was \$150,000,000 more than the foundation had given previously in its 19 years of existence.

Grants to North Carolina colleges were:

Duke University, \$2,370,300; Wake Forest College, \$515,300; Salem College, \$84,200; Belmont Abbey College,

Belmont, \$89,800; Bennett College, Greensboro, \$106,400;

Catawba College, Salisbury, \$121,400; Davidson College, Davidson, \$4,114,000; Elon College, \$125,700; Flora Macdonald College, Red Springs, \$83,500; Greensboro College, Greensboro, \$103,100; Guilford College, Guilford, \$112,100; High Point College, High Point \$135,500; Johnson C. Smith University, Charlotte, \$185,900; Lenoir Rhyne College, Hickory, \$147,700; Livingston College, Salisbury, \$99,400; Meredith College, Raleigh, \$161,200; Queens College, Charlotte, \$124,200; St. Augustine's College Raleigh, \$99,000; Salem College, Winston-Salem, \$84,200; Shaw University, Raleigh, \$117,900; Wake Forest College, \$515,300.

The largest single grant, \$5,000,000,

went to New York University. Other large sums went to Harvard University, \$4,510,000; Yale \$4,000,900; and University of Chicago, \$4,324,200.

Two Types

There are two types of grants to the colleges. All will get a portion of the 210 millions and must use the income from this money to raise faculty salaries for at least 10 years. After 10 years there will be no restriction on the use of either the principal or income.

In addition, 126 institutions, about a fifth of the schools, will get a supplemental grant from the 50 millions appropriated last spring. Allocations of the 50 millions had not heretofore been announced.

The 50 millions may be used either for salary increments or for other pressing needs, the foundation said.

Letters To The Editor

Dear Editor:

I commend you and the other students of High Point College who advocate the inauguration of an Honor System. If state supported colleges and universities have creditable Honor Systems, is it not expected of a church related college to exemplify a greater degree of personal integrity?

The class of 1956 would be performing a valuable service to assume the leadership for overcoming opposition, establish the Honor System, and thereby assure posterity a cherished tradition.

Sincerely,

ALLEN de HART
University of Virginia.

Dear Editor:

After carefully analyzing the advantages of the Honor System I find the disadvantages to be greater as I believe would be found in all undergraduate schools. Along the lines of character building; if we do not have ladies and gentlemen, we cannot expect anything but cheating under any system.

As Nolan B. Hagmon said when he was called to give a lecture to a group of young doctors, "my lecture can be boiled down to two sentences, if you are a gentleman, you will know how to conduct yourself in any situation affecting a Doctor's practice. If you are not, nothing I can say or do here will do you any good." I think that we can very well apply a good portion of this to us here at HPC. If we are Ladies and Gentlemen we will know how to conduct ourselves without the use of any system, and if we do not meet these qualifications HPC would be better off without us, and we would not have put ourselves to the trouble of wasting our time and money, and that of our parents, Government, or sponsors. Even by our very nature this system would not be very practical. Even if a person is doing wrong he would grossly resent anyone reporting him to the authorities. The individual approach is the only approach under any circumstances. By example, try mistreating everyone you come in contact with for a half day, and then for the other half try trusting everyone you meet, and then note the difference in your personal feeling. The statement that it begins with your teacher is the truest statement in your previous article, because having your teacher in the room all during the time of the class session is something that we have been used to from the beginning of our education. Also the statement that HPC is a Christian College is all the more reason that this system is not needed. The reason that we have this evil of cheating is not because of how our professors conduct their examinations but by the very selection and admission of the calibre of some of the students which we have. The question as to this system being a character builder; system will not change original nature, but environment and unique personal experience will have their influence. If we who have high moral standards will live before these individuals as an example of honesty and fair play, then and only then I firmly believe that we shall have combatted the problem of cheating. We are students of varied ages in an undergraduate school, with many variations in our background which will account for many dispositions and attitudes. I am sure that competition here would not be affected by the small amount of cheating which goes on since we are a group of students with varied fields of interest. I realize that we must fit into the social group formulated by college students, but primarily we are going to school to improve our own social standings, and the standards of others. The problem of cheating will be observed by competent instructors not only in the class but by the material which is presented by the student, and one last thought with lasting truths; let us refer to our scriptures for material which never fails. Students who persist upon cheating will find that they will be like the parable in the sower of the seeds; Luke 8-6—"And some fell upon a rock; and as soon as it was sprung up, it withered away, because it lacked moisture; Therefore we shall see this very thing come to pass with the students who cheat. They shall be as the seed falling upon a rock. They shall lack moisture and soon fall away.

FRANK A. JEFFERS.

(Note: The editor appreciates the letter printed above. It was printed in the Hi-Po just as it was received and no alterations have been made.—Ed.)

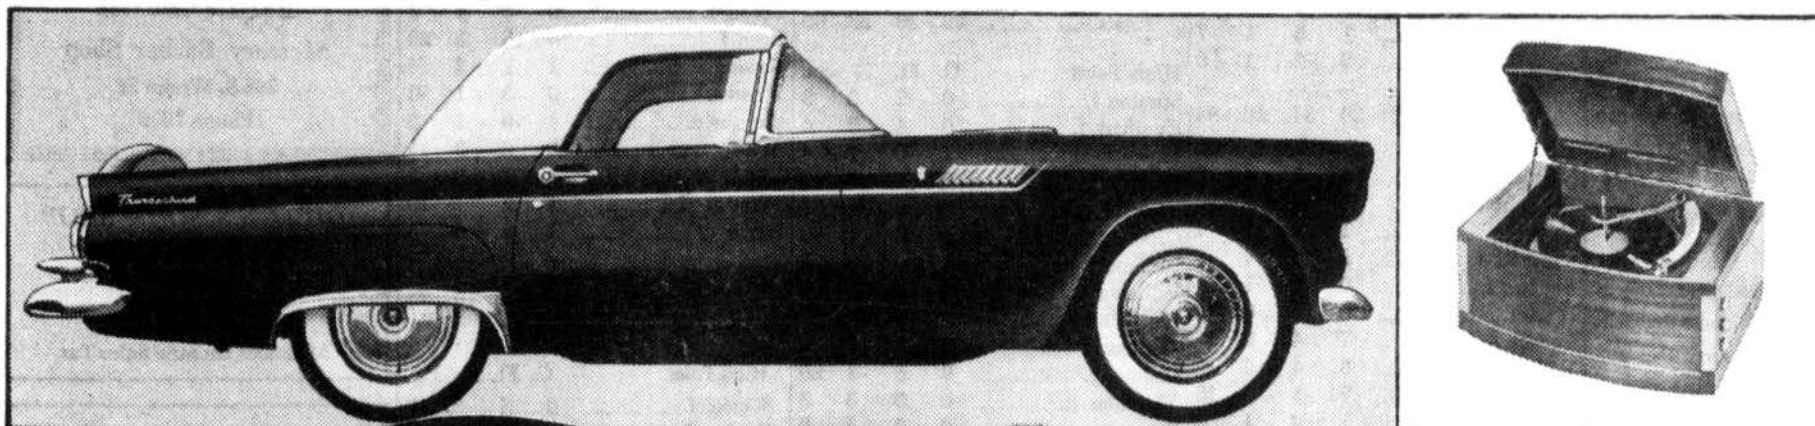

WIN!

\$50,000 IN PRIZES

10 Ford Thunderbirds

PLUS 40 COLUMBIA Hi-Fi Phonographs

FOR THE 50 COLLEGE STUDENTS WHO WRITE THE BEST NAMES FOR VICEROY'S PURE, WHITE, NATURAL FILTER!

10 Winners! 10 Thunderbirds! Win a fully equipped new '56 Thunderbird! In your choice of colors! Automatic transmission, two tops, power steering, radio, white side walls. Act now and win!

40 Winners! 40 Columbia Hi-Fi Sets! Own America's most exciting Hi-Fidelity Phonograph—the Columbia "360"K—in beautiful Mahogany!

Plus 10 RCA Victor Color TV Sets to the college organizations designated by the 10 Thunderbird winners!

JUST NAME THIS AMAZING FILTER! THAT'S ALL YOU DO TO WIN!

20,000 FILTER TRAPS

TWICE AS MANY AS THE NEXT TWO LARGEST-SELLING FILTER BRANDS—FOR THAT REAL TOBACCO TASTE!

HINTS TO HELP YOU WIN!

You'll think of dozens of names when you read these facts: The Viceroy Filter is the most modern in the world today! Perfected through 20 years of research!

It contains no cotton, no paper, no charcoal, no asbestos, no foreign substance of any kind! Instead, it is made from pure cellulose—a soft, snow-white, natural material found in many good foods you eat.

Only the Viceroy Filter has 20,000 filter traps—twice as many filter traps as the next two largest-selling filter brands! No wonder Viceroy gives you that Real Tobacco Taste!

Name this amazing filter and win! It's easy!

NO OTHER FILTER LIKE VICEROY!
No cotton! No paper! No asbestos!
No charcoal! No foreign substance
of any kind! Made from Pure Cellulose—
Soft...Snow-white...Natural!

It's easy to name this amazing Viceroy Filter when you know what it's made of... why it's superior... why Viceroy's give you that real tobacco taste you miss in every other filter brand!

Remember, the Viceroy Filter is made from 100% pure cellulose—a soft, natural material found in many good foods you eat! There are no impurities in the Viceroy Filter. So naturally it lets the real tobacco taste come through!

Name the Viceroy Filter! Enter this \$50,000 contest, today!

JUST FOLLOW THESE EASY RULES!

- On any plain paper, write the name you think most suitable for the pure, white Viceroy Filter described on this page. It's easy! You can think of dozens of names like "Super-Pure," "Filtron," "Naturale," "Flavor Flow," "Cellutrate," "Twice-The-Traps." You can use one, two or three words. Any name may win!
- Mail your entry to Viceroy Thunderbird Contest, P. O. Box 6A, Mount Vernon 10, New York. Write plainly and print your name, the name of your college and your mailing address at college! Submit as many entries as you wish—but with each entry include the picture of the Viceroy Filter Tip torn or cut from the backs of two (2) Viceroy packages.
- Contest open to all students attending colleges and universities in the U.S.A.
- Contest closes midnight, January 31, 1956. Entries judged by The Reuben H. Donnelley Corporation on the basis of aptness of thought, originality and interest.
- Prizes listed elsewhere in this ad. Winners of the ten Thunderbirds will also be permitted to designate the school organizations to which Brown & Williamson Tobacco Corporation will award RCA Victor Color TV Sets! Write the name of the organization you want to receive this award on your entry.

Cagers To Participate In Holiday Tournament

The Panthers are heading South for Christmas with a 7-2 record as of this writing. The Yow men will play 2 games in South Carolina and one in Georgia before heading into the Paris Island Marine Tournament. The Panthers face a rough road ahead of them with such teams as Pfeiffer, Georgetown, East Carolina, Elon, Erskine, the Paris Island team and High Point competing in the Christmas tournament. The tournament starts on December 21 and ends on December 23.

The High Pointers have showed considerable shooting ability in upsetting Atlantic Christian and losing to a good Elon College team by five points. However, the glaring weakness in their attack is the lack of a good rebounder to help Jack Powell. Maybe the boys will find one on their trip, but if they don't, things will get mighty rough for the Panthers.

They hold a 2-1 record in conference play and do not play another conference game until January 7 against scrappy Catawba College. Coach Yow is planning to give some of his men who have not seen much action a chance to play on this present trip.

Gene Duke Becoming Good Coach

Gene Duke

By Marty Neustadt

Gene Duke is becoming known around basketball circles as a guy with plenty of basketball savvy. In other words, he knows the game and can teach it to others. Duke has a great admiration for Frank McGuire and his techniques, and should become quite a coach after his student days at High Point College are over.

The 25 year old Chapel Hill resident not only is a valuable assistant to Coach Virgil Yow but also helps Miss Stillman train her girls' team as well. When there is an important game to scout, Yow sends Duke to see what's up. After Gene comes back, he can tell you how many times Juratic has shot, what size belt Kandle is wearing, and how many times "Doc" Mathis has squinted in ten minutes.

This is Duke's second year here at High Point, and has gained a tremendous amount of respect from the varsity boys. He's stickler for strict training rules and when 1:00 P.M. rolls around, two to one will get you if all his boys aren't in bed.

A classic remark from Duke when asked about one of his boys: "I love 'em all."

The Hi-Po in Sports

... covers the panthers ...

VARSITY SQUAD — The potent varsity squad, victors over the defending North State Conference champions of Atlantic Christian, show signs of a very successful season. Coach Virgil Yow has played his reserves very liberally and with much success as the HPC cagers captured the first six out of seven contests. Five of these games revealed that the men scored over the century mark.

HPC Quintet Upsets ACC

In an upset that wasn't an upset, the High Point College Panthers beat the defending champion Bulldogs of Atlantic Christian 103-94. Led by the fabulous Jack Powell who snared 27 rebounds, the Yow men caught the team from Wilson, N. C., by surprise and were never behind after the start of the second half. But the big story as far as the Panthers were concerned, was the amazing play of 6' 8" Ken Williams. The Leaksville hot shot poured 16 points through the hoops and was particularly effective under the boards where he consistently out jumped Long John Marley. High man for the Bulldogs was Jerry Williams with 25 points. The score at half time found the High Pointers ahead 50-46.

The box:

Panthers Capture Fifth Victory From DuPont

High Point College rolled on to their fifth win in six games by defeating Dupont 108-90. The men of Martinsville, Va., were seeking revenge for the 31 point shellacking the Panthers had handed them the first time they had met, but the outside shooting of Harold Crump and Bill Huegele broke up the tight zone that they had employed. Crump hit 21 of his 26 points in the first half, while Huegele hit 12 buckets good for 24 markers. Sam Belcher hit 20 for the losers. The score at half time was a rather close 59-48 in favor of the Panthers.

Strong Pfeiffer Team Downed By Determined Panthers, 79-77

In a game with a Cinderella finish, the High Point College Purple Panthers beat Pfeiffer College 79-77. This was a revenge game as far as the High Pointers were concerned with Pfeiffer taking the first game at their own court 82-71. Pfeiffer led throughout the game until the final minute of play when Jack Powell tied it up with a jump shot. After getting the ball again, the Panthers froze it, then with 2 seconds left Sonny Thornton let go with one of his old time specials, a half court set shot that flipped the nets as pretty as a pumpkin, and the crowd went wild.

Clyde Bryant hit 27 points for the losers, while Jack Powell ripped 26 for the Panthers.

The box:

Pfeiffer	G.	Ft.	F.	Pts.

Guilford Falls To HPC Cagers By 102-78

For the fifth time in seven games the High Point College Purple Panthers went over the hundred mark in beating Guilford College 102-78. The Panthers were never behind in the contest as Virgil Yow used all 13 of his players sparingly. The Quakers fought hard to keep the game close, but were no match for the speedy Panthers.

This was the second conference win for the High Pointers in as many games. Paul Stanton was high man with 17 points followed by Bill Huegele with 14. All of Huegele's points came in the first half as he saw limited action in the second half. Roger Roan hit 20 for the losers.

The box:

LITTLE MAN ON CAMPUS

by Dick Bibler

"WHADDAYA MEAN MY PAPER AIN'T HANDED IN PROPERLY?"
"YER LUCKY YA EVEN GOT A PAPER."

By
Marty

Beat A. C. C.! Beat A. C. C.! That was the password echoed through the dormitories, in the bookstore, and all around the campus by nearly 900 loyal students of High Point College. This was the game everyone wanted to win so much, they could taste it. Chalk one up for the Panthers.

Cocky Atlantic Christian was the champs of last year and they knew that they were good. You could see it on their faces as they got off the bus. Buchanan was smiling, Widgeon and Tomlinson had the air of smugness in their eyes, and Long John Marley looked like the cat that just ate the mouse. They figured that HPC was easy pickings, but the men of Virgil Yow fooled them. They hustled and they scrambled for loose balls, they scrapped off the backboards for rebounds, and their shooting eyes were accurate all evening. The Panthers hardly made any mistakes, and everyone looked hungry for this win.

Ken Williams, the 6' 8" freshman from Leaksville, N. C., came into his own, much to the amazement of this writer. He poured 16 vital points through the hoops on jump shots near the foul circle. Long John Marley was too slow to come out and stop him and the big boy kept shooting and rebounding like a veteran.

But the big story was the amazing "Stilts." How he does it, I don't know. He snared 27 rebounds and played 38 minutes of fabulous ball. Jack is only a little over 6' 3", but he goes off the boards like a hungry man reaching for bread. He's smart and he uses his head, and I haven't seen him look bad yet. For my money Jack Powell is the most valuable player in the North State Conference. I don't care who says different.

And how about that tremendous student body we have here at High Point College? The school spirit at the basketball games is just great. They came out and they yelled, and cheered, and hollared their lungs off. Cow bells jangled and the drums beat. It put the partial Brooklyn crowd at Ebbets Field to shame. It's things like this that make the Panthers want to win more than ever.

And what about those cheerleaders? Koy, Shrimp, Brax, Betty, the whole bunch of them were terrific. They came to cheer for a winning club and that's what they got. I know they'll keep it up because no one likes to play before a dead audience. I repeat, they were terrific.

And where did we get this great spirit? I may be off base, but the answer is David Abernathy. The freshman doesn't know "Abbey" but almost everyone else does. I respected and admired David for what he was. A natural born leader with an exceedingly keen wit and a sharp mind. I used to love to match wits with him, and was in the clouds when I came out ahead (which wasn't too often). "Abbey" was president of the SGA last year and another one will be hard to find.

He was for the students all the way, and when he did something, he did it right. David worked hard and anything that happened on campus, "Abbey" was part of, because this was his campus, and he instilled the High Point College spirit into

everyone that knew him.

He was also a member of the Sigma Phi Epsilon fraternity, but there isn't a frat on the campus that couldn't call "Abbey" their friend. Mr. High Point College himself, full of life and school spirit, and he left an everlasting trademark on High Point College.

He's now in Yuma, Arizona working for a radio station. He can't help but succeed in whatever he does. "Abbey" is just that good.

Merry Christmas old buddy!

Tekes Lead Volleyball Intramural Competition

By Ray Wicker

The first round of the 1955-56 intramural volleyball competition was completed during the past week. The TKE fraternity, who are the defending volleyball champions, led the rest of the field after the completion of the first round. They moved into first place by defeating the second place team, Lambda Chi Alpha, in a hard fought contest.

All of the teams in the league are vastly improved over last year, and top flight volleyball can be witnessed in all of the contests. Games for the boys are on Monday and Wednesday night, and the girls play on Tuesday and Thursday.

The teams in the league are: TKE, Lambda Chi Alpha, SPE, NDM, Theta Chi, Kappa Chi, and Pika. All of the volleyball program is under the supervision of Mr. Paschal.

WAA Team Posts Outstanding Record

The High Point College Women's Athletic Association basketball team is off to a good start in their twenty-two game season with a six-one record thus far. Their only defeat came at the hands of an effective Wingate Junior College team when the High Point girls journeyed south on November 22.

In an early scrimmage game against Jamestown High, the WAA team racked up an almost unbelievable score of 119-38 with Sara Owen keeping the basket hot as she dumped in some seventy-eight points, the highest accumulation of points in any one game of her five years of play.

The girls won their most outstanding victory of their scheduled season with a 76-43 win over the North Davidson High sextet in Harrison Gymnasium.

The Thomasville High Girl's team, with exceptional speed and shooting power, presented a real challenge to the HPC squad last Friday night when the college girls went on the floor minus the services of Sara Owen. However, Gaynelle Pennell showed real scoring ability as she totaled 39 points to assure the win. Bobby Turner was very effective in bringing out the Thomasville defense as she dunked six long shots from the outside. The final tally showed 71-58.

Thus far the WAA team has averaged 64.5 points per game against their seven opponents. Sara Owen leads in individual scoring with an average of 37 points per game. Next in line comes Gaynelle Pennell with 18 points. Martha Ellington with nine points, Bobby Turner with five, and Vivian Tuttle with a three point aver-

Athlete Of The Week

Jack Powell

The most valuable player on the High Point College cage squad has been selected by the HI-PO as Athlete of the Week number three. The Jack Powells are few and far between, but the Panthers can thank their lucky stars that the tremendous "Stilts" chose HPC. The former UNC freshman sensation is enjoying one of his best seasons in basketball. Besides averaging over 17 points a game, he has grabbed over a hundred rebounds in the first six games!

Jack was instrumental in the upset victory over heavily favored Atlantic Christian. The likeable High Point native is the workhorse of the Panther attack and is one of the reasons for pushing the Yow men into the North State Conference spotlight.

"Stilts" is one of the smartest players in the conference, and no one loves the game more than he. There are probably a few coaches that would give their starting three for Happy Jack.

Jack Powell; all ballplayer.

age. A very effective defense is made up of fast-moving Vicki Washburn, Rebound artist, Joann Spell; and ball-snatcher, Barbara Edwards, supported by Pat Hester, Elsie Oakley, and Ruth Reynolds.

The girls will play six more home games and would like to see the students show their support and enthusiasm by attending these contests. The home game schedule is as follows:

Dec. 14—Thomasville High	4:00
Jan. 6—Washington Mills	7:00
Jan. 18—Pfeiffer College	7:00
Jan. 26—Hasty High	7:00
Feb. 6—Pembroke College	6:30
Feb. 10—Dupont	7:00

Mary Lou Lanier
Pat Jordan

"Sugar and spice and everything nice that's what little girls are made of." The author of this famous little ditty must have had someone in mind just like Mary Lou Lanier in this writing, because to all her friends, "Lulu" is just such a little girl all grown up.

Mary Lou will be graduated in June with a degree in religious education. Because of her interest in working with young people, she has become an advisor to a Y-teen group in town. This work is valuable experience for her and too, she likes it. As President of Kappa Delta Sorority and a member of the Zenith staff, Mary Lou keeps rather busy with extra-curricula activities, but not too busy to do a little socializing in the bookstore now and then. Although she hasn't found "the one" yet, she isn't too worried because one just never can tell when he will come along.

Ma Gracie's Joy

By Kenneth Green

The Christmas candle in Ma Gracie's window flickered gayly as she sat in her favorite rocking chair and knitted a pair of bright red socks. She was humming a medley of old Christmas carols and rocking to the indefinite rhythm. In her mind danced the thoughts of her many previous Christmases. What a wonderful life Gracie had lived — so full of love, kindness, and friendship. With tomorrow being Christmas Eve, Gracie would enjoy herself by baking and cooking the many holiday dishes for which she was well-known.

Gracie remembered last Christmas Eve when she was sitting in the same spot and when she was interrupted by an unusual noise on the front porch. Hurriedly, she walked to the door and asked, "Who's there?" She received no answer. She repeated her question, and still no answer. She opened the door and asked the question again. The answer she received was nothing more than the soft whining of a young dog. She opened the screen, forcing the snow away from the doorway. As soon as she opened the door, her guest came in. She closed the door and reached down and picked up the dog which stood shivering at her feet. She walked to the fireplace and laid the pup on the rug near the fire. The pup responded with a thankful lick to her wrinkled hand. Gracie also remembered getting the pup some warm milk which it lapped up quickly. Gracie could never forget the gratefulness in Jimmy White's voice when he came and found his pet safe and contented; nor did Gracie forget the thanking kiss that Jimmy planted on her forehead. "How happy he was!" Gracie whispered to herself.

Gracie's happy reminiscence was broken when she heard an unexpected knock at the door. She limped hurriedly to the door and asked, "Who's there?"

"It's me, Jimmy White," was the reply. Gracie opened the door and invited him inside. "How have you been, Child?"

"Just fine, and how has Ma Gracie been?"

"Fine and dandy. What brings you here on this cold night?"

"I've something for you, Ma Gracie. It's sort of a Christmas present. I hope you'll like it."

"Come, Jimmy, what on earth is it? I'm overflowing with curiosity."

"Here, Ma Gracie, see for yourself." Jimmy handed her the bundle.

"Jimmy White, I can never thank you enough. What a wonderful present!"

"Ma Gracie, do you remember Cookie, my pup that you rescued for me last Christmas? Well, this is her first pup, and I know that Cookie would rather no one else have it."

"And I would rather have nothing else. God bless you, Jimmy."

"Well, Ma Gracie, I've got to get back home before it gets too late. Merry Christmas."

"Thank you, Jimmy, and a Merry Christmas to you."

Gracie closed the door and said to her new friend, "What shall I name you, you little runt? I know, I'll call you Joy."

Although Gracie was physically blind, she was not blind to the joy and kindness of Jimmy White and all of her other friends. Gracie received "Joy" for giving joy.

The ending of another year brings to mind many things; one is that final examinations are in the not-too-far future. One is that the Christmas holidays will bring much-desired relief from the perfunction of college life.

It is near the time of the year, then, when, by tradition, we are supposed to make a new year's resolution. No doubt the high and noble objective will be broken just as monotonously as it was made. The lack of determination, patience, sincerity and will power render a stated objective as useless as the paper it takes to put it on.

The only successful way to accomplish high goals is to seek with perseverance and diligence the necessary elements to substantiate that goal. No compromising is possible.

In choosing your goal, remember this; if you set a low goal and standard, your accomplishments will likewise be low; if your goal is mediocre, then your success will fall below the height of success. However, if your aspirations and endeavors are eminent and exalted, they, your acquisitions, will be triumphant.

With sincerity and strength of purpose as aids, you cannot fail.

Shining Light

Jane Lucas

A fireplace, a Christmas tree
With colored lights aglow,
A softly burning candle
Casting shadows on the snow,
A child's dancing eyes alight
With untold dreams of joy
Anticipated in that extra
Special Christmas toy—

These modern lights of Christmas
Bring their own kind of cheer
To folk whose hearts are weary
In this season of the year.
These lights are only symbols yet
Their artificial glare
Reminds us of a truer light
With meaning sweet and rare.

Once in a far off desert land
On a night so long ago,
A strange yet glorious light appeared
And set the heavens aglow.
Kings, shepherds, and wisemen
Followed this brilliant star
To the feet of a tiny child of light
Whose teachings spread afar.

How many souls have lived and heard
This story told of Thee,
And have followed Thy shining path of light
Down to eternity.

Patsy Hooks

has been interested in poetry since grammar school, her first real efforts were in the ninth grade. Her published poem, "Mischief," is a simple poem about a Collie dog. Louise now finds herself with a growing collection of poems some of which have been published in the *North Carolina Christian Advocate*. She especially likes to write about the everyday things she observes and inspirational poems. As for technique she prefers modern rhymed poetry.

Dr. Cooke Reports

(Continued from Page 1)

Another big subject was introduced by Vice President Nixon who, in his speech to the assembly, made the eye-opening statement that "The salaries of teachers are a national disgrace."

According to Dr. Cooke the conference delegates voted 2-1 in favor of federal aid to education in the states where it is needed, and almost unanimously they voted to construct buildings where needed. Dr. Cooke stated that he himself is in "favor of federal aid to education in the construction of new buildings," but that he is "opposed to federal operation of schools," because it might lead to the controlling of what to teach in the schools.

Another important conclusion was reached when the delegates voted almost unanimously that public tax money should be restricted to public schools and not used for private and parochial schools.

An outstanding question to be answered was, "How to get and keep enough good teachers in the schools." "Surprisingly," says Dr. Cooke, "higher salaries" was not listed as the first and most important step. The conference delegates listed the first step as "make the prestige of teaching as high as other professions." The second step was to "increase salaries."

"One of the most interesting discoveries made at the conference," states Dr. Cooke, "was the fact that while we were in session, so many babies were born that it will take 1,080 classrooms to house them."

Dr. Cooke feels that there is a great deal of significance in the fact that the number of laymen represented by the official delegates outweighed the number of educators. "This will prove to the rest of the world," points out Dr. Cooke, "that there are more people interested in this problem of education than just those who are directly concerned with it."

HAVING THE WORST TIME OF THEIR LIVES

By all odds, the young years should be the best. By all traffic statistics, they're the worst.

The facts: young people—15 to 25—have, proportionately, more accidents, kill more people, are themselves killed and crippled more than any other age group up to 65.

This is a national tragedy that the youngsters can do most to erase.

How? By matching grown-up activities with grown-up attitudes. By learning early to be expert drivers. By policing their own. By making known to "cowboys" that show-off driving is resented, not admired.

Level-headed young people—the vast majority—are doing just this in many communities.
