Annas, Thomas Dodamead, Wesley Gayner, executive associate dean, is a native of England. He received his B. degree in a native of Danforthville, Virginia. Dr. Dueden, of Graham's lab, is assistant professor in physical education at Guilford College and the University of North Carolina. He received his M. B. and Ph. D. from the latter. Miss Stillman is from Frome (Continued On Page Four).

HPC Freshman Injured In Wreck

Sophia Solomon, a freshman pre- medical student at HPC, was in- volved in an automobile accident Friday night, September 14, on the Monticello-Kannapolis highway.

It is said that Solomon was re- turning from the Statesville-Kan- papolis football game. She Solo- mon's car rounded a curve, the car turned from the Statesville-Kan- papolis highway. The right front tire hit a rock in the air, the car moved off the road and skidded into the ditch. It is said that Solomon was re- turning from the Statesville-Kan- papolis highway. Among the students of High Point College who have been selected for the Hi-Po are: Dr. Thomas Reavis, editor in chief; Edward Perry, executive editor; Jimmie Boyer, sports editor; and Patsy Lewis, business manager.

Zenith Pictures Are Being Taken

A representative of the Zenith is in the basement of the women's dormitory this week taking individual pictures for the Zenith.

Welcome Freshmen

The Student Government of High Point College extends a hearty welcome to the class of '59 and all returning stu- dents. We earnestly hope that each of you will feel that our campus is your home.

Your Student Government has the purpose, the responsibility and the ability to make your college activities as enjoyable as possible. Each week the legislature will hold a meeting to plan all activities for the coming year. You will be happy for any student to meet with us to discuss or hear of your individual problem. Your utmost co- operation and support are urged in all Student Government matters.

May this year be one of growth and expansion for us. Let us work hard and patiently and let us look back to this year with the reassurance that it was a successful one.
Traditionally, the Hi-Po is dedicated to the freshmen; this year, the recipient of the honor is the class of 1959.

We do not dedicate this edition to the largest class on campus because it is simply a tradition, but rather, because we know that it is a tradition precisely because the professors and upperclassmen alike will agree that the creative spirit displayed thus far will be a decided asset in the future for the freshmen, regardless of whether he or she be in college or on the broad highway of life.

We would like to impress on our freshmen class the honor of the freshmen, class of 1959 has been the recipient of the honor in each year since the founding of the student newspaper. This is one of the prime symbols of our school spirit. The only way, in a word, her name is Felicia Lynne.

TYPICAL FRESHMAN

The above is not what it looks like but some of the things it looks like—an opportunistic, who can help himself, happy, and becoming unselfish—so much so that the words "sophomore" and "freshman" are not used.

She is not only knock-kneed and it is easy to recognize and felt that the first thing I will teach you is how to stand up straight. She is a good girl.

The program collection includes several odes to the music of the Civil War era and those to the memory of Unknown Soldier on September 28. On October 1, here is a small sample of the fine work that is being done at the school. The next performance will be the opening of the school music. It also offers courses in voice, piano, organ, band, orchestra, and the study of music with emphasis on voice and from Cook's Creek, East Alabama.

Ted Williams has it. So many more died without it.

The price of greatness is high. With the big chest and rash personality was a tremendous athlete. His 60 home runs in one season still stands as a record through 28 pennant races passed. Many have come close, but not close enough, and no one has equaled the great athlete. His 60 home runs in one season still stands as a record through 28 pennant races passed. Many have come close, but not close enough, and no one has equaled the great pitcher's record. I hope I don't do.

The price of greatness is high, and those who make it deserve the luxuries it affords. The pimps and perverts who hang around small dudes never make it, the ignorant and the illiterate never even come close; the weak and the sick fade away into oblivion, and you and I can only hope, but hope is what everyone has. The ones that are great have something more than hope, but God has picked only a chosen few.

And sometimes fate plays a dirty trick in life and cover-up greatness until it is obscure, and so one knows this more than Satchel Paige. I picked up a paper recently and read where the once great pitcher had signed with Greensboro in the class "E" league. It made me sick to think about it. People that saw him at his peak say he was Johnson, Groves and Hubbell all combined into one. In 1948 I saw him give the powerful Yankees a fit, but that was after he had been used up in every little hamlet in the U. S. A. His effective ness was gone, but his new Caddy still stood on the parking lot. The price of greatness is high, and Old Satch could have paid for it, but he couldn't find a buyer.

They picked a kid out of Commerce, Oklahoma. His name was Mantle, and the Yankees went out to fill DiMaggio's shoes. He is young and has great potential, but the fans expect too much. It is hard for a kid when he fails to hit, the boo him when he strikes out, and they cheer him when he hits a home run. He has trouble understanding thisickle crowd and they say the same towards them. They are waiting for his greatness, and I doubt if they will ever see much of it.

There are those that have one moment of greatness and then are shuttled back into the sidelines. They live for that moment and they are forgotten. How many baseball players could you name that are now out of baseball? I don't know.

Some people work for a pay on the back and a big hand shake. It is these people we have to admire and applaud and that is why Kemp Bennett is top in my book. He managed the V. I. Vanches last year and he worked hard. The Varsity manager (I forgot his name) had it soft being the J. V. basketball team last year, and he worked hard. The price of greatness is high, and very few can afford it. Some don't think it's worth the price.

**PANTHER STRENGTH**—Four men who will be contributing factors to the future success of the BFC (basketball) are left to right: Bobby Pharr, Paul Martin, J. C. Bledsoe, and Bill Benge. All these are veteran cyclists and will see plenty of action during the forthcoming season. The entire Panther equal has been working out in preparation for the season and, with the aid of some much-needed bright performances look impressive.
The price of greatness is high. There are only a few athletes who have been fit for this role. Babe Ruth had it, Ty Cobb had it, Ted Williams has it. So many more died without it.

Ruth had that extra "class" and "color" that put him high above the rest of the masses. The spindled-legged giant with the big chest and raspy personality was a tremendous athlete. His 60 home runs in a season still stands as a record through 28 pennant races passed. Many have come close, but not close enough, and no one has equaled the great slugger's record. I hope no one does.

THE DIRECTOR OF INTRAMURALS

With the coming school year, Mr. Paschal, our director of intramurals, is again looking to another fine year. The athletic director is hoping that High Point college will again be able to participate in the North State Conference intramural basketball tournament which was inaugurated for the first time last year. The host school for the conference this year will be High Point College.

Last year, four teams competed in the tournament which was held at High Point College. Beside HPC there was Elon, Catawba, and Guilford Colleges. A strong team representing High Point College was returned home the victor.

This year, the conference is looking that at least six teams will be represented. If enough schools participate, the tournament will have to be played on two days instead of one day.

As for HPC's own intramural program, Mr. Paschal has again set aside five fine soccer fields for this year. The rules and regulations for the intramural program are made up by the intramural class (phys. ed. 8) and are approved by the Dean of Instruction and the President of the college. Changes in the rules must be made by the president April and then they will remain uniform throughout the year.

YANKEE GOODINGS

RETURN TO BOOST CAGER'S POWER

Hi-Po Sports Editor

For the third straight year, coach Virgil Yow is ready to lead his Tar Heels into battle. The Panther manager has big hopes about this year and the North State Conference basketball tournament. By some impressive looking come-overs, coupled with the fact that some of last year's performers have returned, the creative plot is pre-paring for one of his last seasons since the days of old Aloma Weyer just three years ago.

With his able assistant Stanley Gene Duke and the addition of a new J. V. coach, (Wayne Berryman) the energetic graduate believes he can give rival North State colleges many a sleepless night.

Right now, the Panthers have already started light practice, and within a few days, the lights in the gym will be burning late. Coach Yow is looking for six or seven men who can really "go" for the full forty minutes. In these early workouts, the manager has stressed teamwork as a big factor in any winning team's success.

Returning from last year's team will be Bill Boumph, Phil (Smiley) Stanton, Bobby Pharr, Paul (Stilts) Powell, Bobby Dunbar, Paul (Hoss) Powell, J. C. Bledsoe, and Hill Huegele. All these men are veteran players and will see plenty of action during the forthcoming season. The entire Panther squad has been working out in preparation for the season and, with the aid of some multi-speed bikes, performances look impressive.

On September 29, the Student Legislature of High Point College held its first meeting. The meeting was called to order with Ernie Hall, vice-president in the opening prayer. Benny Phillips is the temporary parliamentarian. A majority was present.

From the tip of his blood creased hand to the toe of his argyle socks, Benny Phillips is the very personification of Goodwill and "What is an abnormal person that's not average?"

Benny Phillips is Outstanding Personality

By Ann Kees

Benny has only been on campus for a month, he has won his way into the heart of every student at High Point College.

Benny was born in Kannapolis, North Carolina, March 3, 1936, and was active very in football, baseball, basketball, track, and tennis until he was stickled with a serious injury in August. He has remained in the Central Convalescent Hospital and expects to return home to high school. Benny Phillips is a senior at High Point College, and is involved in many organizations.

Benny Phillips is an athlete and is known to be "normal." His interest in athletics is reflected in his participation in the following sports:

**Benny Phillips' Interests**
- **Football:** Defensive back
- **Basketball:** Guard
- **Track:** Sprinter

Benny Phillips is one of the most popular students on campus, and his presence is always welcomed by the student body.

Benny Phillips is a student at Booneville High School, and Benny participated in such activities as: basketball, high jumping, and weight lifting.

Three High Point College students are known to be sicksters, Benny Phillips, Mary Smith, and Matt Rose are reported to be hospitalized for either sickness or injuries.

He is married to the former Faye Craddock, and they have three children: "Why, it's a wonder that we can support these organizations with the income we get from these activities."

Mr. Thomas Dodamead served as Director of the Youth Conference, and he has been instrumental in the planning and execution of the conference.

The evening session was devoted to a presentation of the "Great White Lie," a true-life story of a group of people who have been deceived and manipulated by the message of the organized church.

**By Stan Broadway**

The program also consisted of "Psychology of the Modern Man," a discussion led by Dr. Katherine Goller, professor of psychology at High Point College. The session was attended by approximately 300 people.

Hodie Hodges

Editor, in a speech to a North Carolina radio audience, attempted to explain clearly his interpretation of the Supreme Court decision and that he intends to do nothing contrary to the constitutional decree handed down last May.

Hodges has taken this position toward the Supreme Court decision: "The decision did not forbid a dual system of schools in which the children of each race volunteer to attend separate schools and . . . the court has never stated Hodges.

Again we're the students of HPC, This year will be as good as the last, We rush to the bookstore in mid afternoon, The meal is good and we shouldn't fuss And sit in class nicely still. To fall asleep is really a sin.

Then at 8:20 the classes begin. If we weren't interrupted, it would be fine. And maybe bum some seconds from a classmate. So hungry that we are about to fall. So we lay down the paddle and say, "Yes mam!" But at 4:00 we're asked to scram,

Varsity Positions Open

High Point Cagers Prepare For Regular Season Action

by Marty Neatall

After two weeks of tryouts, Coaches Virgil Yow and Wayne Heer will pick from over 36 new faces for vacant positions on the junior varsity and varsity basketball teams.

The new players have been divided into six teams with five or six men on each team. There are four teams playing each night with the other two teams drawing a bye for that night. The league is set up so that two teams play each other for 10 minutes and then have 10 rest for 10 minutes, while the other two teams play. Then the first two teams come back on the floor and the process is repeated again until six quarters have been completed.

The league has been running very smoothly, and most of the men have been showing out of bounds and basketball ability. Coach Yow has ruled all of last year's varsity team ineligible to participate in these nightly tryouts. Official tryouts for the varsity and junior varsity do not begin until October 10.

Why do more college men and women smoke Viceroids than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance found in delicious fruits and other edibles!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. The Viceroy filter wasn't just whipped up and rushed to the market to meet the new and skyrocketing demand for filter cigarettes. Viceroy pioneered. Started research and perfect filter.
3. The makers in mass report that filters Viceroids have a flavor as fresh as cigarettes without filters. Rich, satisfying, yet pleasantly mild.
4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip... and Viceroy not only a tiny two or more than cigarette without filters! That's why more college men and women smoke VICEROYS than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!

He’s back!

Yes, Sonny Thornton, known in fable and story about the campus is back from a visit with his Uncle Sam. To you folks who are new to the campus, it’s kinda hard to know exactly where to begin. How can you describe a personality that’s so unusual?

Sonny, alias “Flip”, Jerry, etc., (nobody who knows him ever calls him Gerald) is a native of Raleigh, and played on the basketball court, and after the first week of football activity, everything was run smoothly under Hoover, who is in his first year as football instructor.

Sonny is a brother in Sigma Phi Epsilon, and his sidekick, everyone who knows him considers him the master story teller of all time, if you are trying to understand English in doing most everything he tries. He is the master story teller of all time, if you are trying to understand English. He is an artist in everything he does. Writer, produces their personality that’s so unusual.

Selection of Miss High Point
Student Government Association

The hurried snapping of the camera
is heard as the judges pass out
their ballots. The girls are
being judged for the annual
Miss High Point contest. The
process is a very difficult one
for the girls who have been
preparing all year for the event.

Miss High Point is the highest
honor that can be bestowed upon
a girl in this city, and the title
is one that is highly respected.

This year, the contest began on
October 15 and has continued
throughout the month. The final
round of the contest is scheduled
for November 16 in the Student
Center.

Each judge is a member of the
Student Government Association,
and is a member of the faculty.
They are responsible for selecting
the winner of the contest.

Miss High Point is chosen
from among the students
who participate in the contest.

The competition is judged
on several factors, including
beauty, personality, and talent.

The contest is open to any girl
who meets the requirements
set forth by the judges.

The winner of the contest
is announced at the annual
Miss High Point banquet, which
is held in the Student Center.

The contest is sponsored by the
Student Government Association
and is open to all students.

The winner of the contest
gives a speech, and is awarded
a trophy, a scholarship, and
other prizes.

The contest is a popular one
among the students, and is
considered a highlight of the
school year.

The obvious lack of security on the part of many student organizations (after a thirty minute wait in getting to the office) set the tempo of the most sensitive discussions. Incendiarism is never by any means a factor in the college; there is a supposedly Christian college atmosphere which prevents it from happening. At this meeting there was quite evident that something must be done to prevent the next year's organization from being swept away by the spirit of insincerity. Unfortunately, our efforts to show the students that the evil does not reside only in the mind but in the heart, in our own personal lives, has led to the conclusion that only those students well informed of the situation will realize the seriousness of the problem. Our effort to reverse this spirit was quite evident. It seems that the students are trying hard to figure out how to manage our own affairs!

For several years, the obvious lack of sincerity and personal effort to bolster school harmony was rewarded by a continued practice of the insincere spirit. The obvious lack of sincerity and effort to bolster school harmony cannot be accepted by the students or the College Administration.

The obvious lack of sincerity and effort to bolster school harmony is the result of the poor methods of relating to students. This is not the way the College Administration wishes to go. The College Administration is trying to instill in the minds of the students the importance of carrying on activities and work at the college to the best of their abilities. The administration is trying to make the students feel that they are a part of the College and that they have a duty to do their very best. The administration is also trying to make the students feel that they are important to the College and that they have a duty to do their very best.

The administration is trying to make the students feel that they are a part of the College and that they have a duty to do their very best. The administration is also trying to make the students feel that they are important to the College and that they have a duty to do their very best.
Athlete Of The Month

Murphy Osborne has been selected as the Athlete of the Month by the Hi-Po sports department. Osborne, who hails from Elko, N. C., participates in both varsity track and basketball. Last year Osborne won the 220 yard dash at both Elko and Western College. This season he is seeking a third straight track title.

Murphy is the backbone of a strong Lambda Chi football team. The triple surviving with the clown-like smile, has virtually kept his team in contention all season with his fine running and accurate passing. He is also very fast on defense and has never taken a pass off that he didn't want to take off.

Mark Eby Joins Faculty

Mark Eby, one of the newest additions to the staff of High Point College, comes to the campus from the University of Pennsylvania where he held an assistantship in the English department.

Born in the Shenandoah Valley at Charlestown, Mr. Eby confides that he feels "at ease in the South" and enjoys it very much. Adding to this feeling of familiarity is the fact that he finds in Dr. Lincoln Lorenz, head of the English department at HPC, a former teacher and friend.

Aside from his duties as instructor of English, Mr. Eby serves as director of the News Bureau, responsible for release to various state papers concerning news of HPC, its faculty and students.

Having received his M.A. degree from Northwestern University, Mr. Eby is at present a candidate for the Ph. D. degree at the University of Pennsylvania.

After studying in London, Mr. Eby spent a year traveling in Europe from Scandinavia to Yugoslavia. He observes that European standards of education are "better and higher" than those of the United States, attributing this to the fact that he finds in Dr. Lincoln Lorenz, head of the English department, a former teacher and friend.

Mr. Eby is a member of the Delta Kappa Epsilon Fraternity and is the son of the late. In his free time, he enjoys music and the arts.

Women's Basketball Team Is Progressing

Proposals for the girls' varsity basketball team boded very good beginning practices last week. The seventeen girls who turned out are being coached by Miss Elizabeth Rullman, physical education instructor, and George Duke.

Guard prospects are Barbara Edsall, Carol Ritter, Pam Bailey, Fredie Good, and Vivian Phillips, Mary Pope, Ruth Reynolds, Bobby Turner, and Vivian Tuttle are trying for forward berth.

The Musical Arts Club scholarship is hot again this year. Emily Eby from Hall High Point, N. C. is the president of the Student Government Association, a member of the N. D. M. Club, and serves as marshal.

Laverne Wright transferred from High Point College where she spent two years, to a member of the Student Government Association of High Point University where she serves as chairperson.

Religious Emphasis Week
Termed Success by SCA

Reverend Emmett K. McLarty, Jr., pastor of the First Methodist Church in Salisbury and the student body chaplain of High Point College in its annual observance of Religious Week. The week began November 6 with the regular vesper service in Memorial Auditorium and ended November 9 with a consecration service in the auditorium.

The emphasis week marks an annual affair at High Point College and is sponsored by the Student Christian Association. Johnny Moore, president of the organization, expressed the opinion that there was enough to make the week very interesting to the students. He praised Mr. McLarty and emphasized that his presence and the organization were very important.

On November 9, the speaker chose “Your Growth as an Individual.” The following topics were covered: “Your Quest for Reality,” “In Case of Seventeen Choice Beauties,” “Your Part in Becoming A Real Person.” Mr. McLarty spoke, in addition to the above, on “Your Part in Becoming A Real Person.”

“Arms and the Man” To Be Given By Tower Players

“Arms and the Man,” by Geo P. Smith, was presented by the High Point College Tower Players on November 9 and is to be memorialized.

The cast line-up follows: Betty McLain, Rose Stirling; Margaret Mor- gan, Marie Johnson; Ruth Haskins, Margaret Molesky; Bob Wil- liams, Frank Detwiler; and Lee Martin, in a student role. Mr. McLarty emphasized that his choice of topics for his series was determined by their appropriateness to the week’s theme “The Quest for Reality.”

Number 4

The students of High Point College will observe Thanksgiving with a one-day holiday, November 24. No extension of the holidays has been set. Double duty will be in effect on Wednesday and Friday before and after the holiday.

Does Allred pointed out that if a player had not been chosen for the team, he was to continue as a student-athlete until his senior year. The student body election last November 3, was among a group of thirty-two other contestants who vied for the coveted positions.
High Point College needs an Honor System. The main purpose of an Honor System is to cultivate that need of honor and integrity which is present in every student. The Honor Systems are designed primarily to give more individual freedom with a greater sense of responsibility, and to delegate the responsibilities of conducting themselves in all respects as mature adults.

A good honor code usually produces three elements: a favorable attitude from the student body, an intelligent and just honor court, and the good will of the administration. Of these three, none is more important than the attitude from the student body, an intelligent and just honor court.

Nevertheless, disposed to treat the seriousness of assembly programs without dwelling, continual coughing and whispers. One annoying thing among HPC students. If it hadn't, there is no feasible excuse for feet-tapping. The obvious lack of attention in regular assemblies on the part of many and diverse are the cries that plague the lives of all people. How many of these could be avoided if trust—faith in one another—were restored? Trust is the essence of assembly programs. If it hadn't, there is no feasible excuse for feet-tapping. The obvious lack of attention in regular assemblies on the part of many HPC students.

The situation is one you might find in a high school where a large percentage of the population is problem-prone; so great is the perplexity of the students to allow upperclassmen to disregard their classes. As usual the members of Theta Chi are enjoying situations; all in an effort to solve the pressing problem. Why? The three men, and planning to take them to the "Swing Club." This is a good thing that veterans don't have to wear them. Lloyd Stiffler graduated from Highwood College High School, where he was a member of the choir, and High and Low systems. He is now dean of the Archdale Quaker Church. He is music director of the Amplication Choir Church. He is music director of the Amplication Choir Church.

Assembly Attitude! The obvious lack of interest in regular assemblies on the part of the students can be construed to mean little else than students are disposed to treat the seriousness of assembly programs without dwelling, continual coughing and whispers. Passchal. "Ma" Passchal, as the boys down at the Book Store call her, is and always has been, the students' guide and counselor in any matter that might come up. Someday is almost always running to her with something like: "Mrs. Passchal, what should I get for her birthday?", or, "Ma, what should I bid with this hand?" or, "Ma, what should I bid with this hand?". "Ma" Passchal is strong in her sport, since "Paschal" is Athletic Director at H. P. C.

The voice of the students on FRIDAY, DECEMBER 2, 1955 PAGE TWO
By Marty Neustadt

I feel good today. I don't know what it is but once in a while the troubles seem to vanish. Maybe the heart is light and the mind has no sense but I feel good and I want the world to know it.

I feel so good I can tell you when the world will come to an end, when Satellite Paige will retire from baseball, when the Pittsburgh Pirates will win a pennant, and when we will reach the moon.

I can predict the impossible better than I feel good and that's no crime. I don't use a crystal ball, but I can predict who will win the Rose Bowl game, who will beat Rocky Marciano, who will win the Kentucky Derby next year, and who will coach Notre Dame football in 1957.

I don't like to show my intelligence, but today I know what song is Harry Truman's favorite, how Joe DiMaggio likes his Pine Pie, what team will win the Little League, and what is the weather in Chicago.

I feel as good as a seven year old with a new bicycle, and that's why I'm not afraid to predict where the Panthers will finish in the North State Conference this year. (This does not include the North State Conference Tournament.)

I've watched the Panthers ever since they started practicing this year, and it looks like the fourth rung for them. Only optimists can pick them higher. The men of Virgil Yow have speed, teamwork, and some pretty fair shooting ability, but the one thing they lack is another big man to go with Jack Powell. The amazing "Stilts" can't do it alone and 6'8" Ken Williams is eager, but needs another year of experience.

Elon and Atlantic Christian have the horses under the backboards combined with loads of reserves and experience. These two will probably fight it out for the first and second spots with Lenoir Rhyne probably fighting it out for the first and second spots with Lenoir Rhyne.

After rolling up three straight victories over their third victory against High Point College of Kentucky, and very likely the toughest squad that the Panthers have faced all year, and look for them to give the met the North State Conference some tough competition.

The game on Saturday figures to be a tough and tense contest. Atlantic Christian has practically made the men's team back from last year's squad of standouts such as Kenneth Beal, Billy Widgeon, and the underrated Jerry Williams are again joined by John Marley, Billy Widgeon, and the awesome guards. The Panthers are fully prepared to give the visitors a good fight.

And I feel so good I can tell you now that we will reach the moon in 1957.

Annual Christmas Dance Will Be Tonight

Dr. Jerry Kennedy, council president, announced that the annual Christmas dance will be held tonight in Harrison Gym. Dr. Kennedy said that the dance will be open to all students and will run from 8 until 12 this evening. The dance is sponsored by the Student Government Association.

HPC A Cappella Choir Completes Extensive Out-of-State Tour

The A Cappella Choir of High Point College, directed by Richard Cox, left on Wednesday, December 7, for its first out-of-state concert experience. The eight-member group was selected to make the mixed group of 72, forty-one state tour in recent years. From "Sleepers, Wake," Victoria's "O Manger," the Bach chorale "Go, Tell It on the Mountain," and many other North Carolina. A versatile musician, he is director of the Harvard choral conducting under G. Wallace Woodworth, director of the Harvard Glee Club and Buckingham Choral Society. Mr. Cox has been a member of the high school groups in Illinois and church choirs in Episcopal Church and High Point, North Carolina. A member of the A Cappella Choir, he was active as vocal soloist in High Point, where he is a music student. The choir, in part of its extensive repertoire, includes contemporary compositions by Bach, Handel, and Schubert, as well as traditional hymns and carols. The group will perform at least three concerts during its tour, including one at High Point College on December 14, for its first out-of-state performance. The tour will also include performances in Charlotte, Raleigh, and Winston-Salem.

Christmas Holidays Start Tomorrow, Jan. 3

The beginning of the traditional Christmas holiday period is near, with the announcement that first semester examinations will end on Wednesday, December 11. The winter break will begin at 11:30 a.m. tomorrow, December 12, and will continue through January 3. Classes will resume on Monday, January 4. During the winter break, the campus will be closed to all non-essential personnel.
True Spirit of Christmas

From the tower of Roberts Hall comes the chimes calling out the Spirit of Christmas message to all who would listen. A heart of each student knows the good will toward fellow men...from many hearts comes the thought of Christ-child destined to save man from sin.

It is the exchange of greeting as the truth, and that any violation of the system's code would be an offense against the system's basic principles and the traditions of the System.

It is evidenced by the evidence of greeting cards each student would receive. An attitude of peace must be imbibed, an attitude of 'peace on earth' will go well toward tomorrow.

We have a humble feeling in our hearts, humble because we are different in our living because of Christ's birth. Christ-child truly is a time to pause. Collectively, we can imitate, and that any violation of the system's code would be an offense against the system's basic principles and the traditions of the System.

Thus trained, the student of the college will live himself. As this takes place, the student will become educated as a citizen of the free world, and the student of the college will live himself. As this takes place, the student will become educated as a citizen of the free world.

Honor System

The P-F is attempting to cultivate the idealized Honor System.

The essence of the proposed system would be that a student's word in a member of the college would be accepted without question, and that any violation of this would be an offense against the entire student body. Citizenship a student's word in a member of the college would be accepted without question, and that any violation of this would be an offense against the entire student body. A student's word in a member of the college would be accepted without question, and that any violation of this would be an offense against the entire student body.

Thus, the student of the college would find himself a part of a unified community which respects the traditions and the responsibilities of the student.

The Panthers are heading South for Christmas with a 7-2 record as of this writing. The Yow men will play 2 games in South Carolina and one in Georgia before heading into the Heartland Marine Tournament. The Panthers face a tough mark in each of them with teams as formidable as Georgia Coogers, East Carolina Pirates, ETSU and the Furman Senators.

Gene Duke Becoming Good Coach

In an upset that wasn't an upset, the High Point College Panthers held off the defending champions Guilford College in the first half to win by five points. High Point got the better of Guilford by scoring 50 points to 45. The going was rough, but Duke has a great offensive strategy that works very well in the fast-paced, high-scoring games that are the hallmark of the Panthers. Duke has a great advantage in that the Panthers have the ability to outscore their opponents in every category of the game, and they use that to their advantage. Strong Pfeiffer Team Downed By Determined Panthers, 79-72

In a game with a Cinderella finish, the High Point College Panthers beat Pfeiffer College 79-72. This was a revenge game as far as the High Pointers were concerned. They met with Pfeiffer after this game and won the first game at their own court 67-57. Pfeiffer led throughout the first half, and then the second period of play when Jack Powell tied it up with a reverse shot. After getting the ball back, the Panthers from 10, 2, then 2, coasted left across the street, a half court shot that flipped the nets as pretty as a pheasant, and the crowd went wild.

Clyde Bryant hit 27 points for the home, while Jack Powell ripped 26 for the Panthers.

**Five Points**

By Marty

Beat A. C. C! Beat A. C. C! That was the password echoed through the dormitories, in the bookstore, and all around the campus by nearly 500 loyal students of High Point College. This was the game everyone wanted to win so much, they could taste it. Cash me up one for the Panthers.

Carl Anderson was the champ of last year and they knew that they were good. You could see in their faces as they got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling.

They hustled and they scrambled for loose balls, they scrapped oil all evening. The Panthers hardly made any mistakes, and they got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling. Widgeon and Tomlinson got off the bus. Buchanan was smiling.

The big story was the amazing "Stilts." How he does it, I can't help but succeed in whatever he does. "Abbey" is just what they got. I know they'll keep it up because no one likes to play before a dead audience. I repeat. But the big story was the amazing "Stilts." How he does it, I can't help but succeed in whatever he does. "Abbey" is just what they got. I know they'll keep it up because no one likes to play before a dead audience. I repeat.

And what about those cheerleaders? Kov, Shrimp, Brax, Betty. The freshmen don't know what they got. The TKE fraternity, Lambda Chi Alpha, Sigma Phi Epsilon, Tau Kappa Epsilon, and Sigma Sigma Sigma were part of the excitement. The cheerleaders presented a real challenge to the boys. The girls won their most outstanding victory of their scheduled season with a 70-57 win over the North Davidson High sextet in Harrison Gymnasium. The teams in the league are: TKF, Chi Kappa Chi, and Pika. All of the contests. Games for the girls went on the floor on Tuesday and Wednesday night, and the girls played Tuesday and Thursday. The teams in the league are: TKE Lambda Chi Alpha, Sigma Phi Epsilon, Sigma Sigma Sigma, Theta Chi, Kappa Chi, and Eta Pi. All of the skill program is under the supervision of Mr. Pundak.

The most valuable player on the High Point College men's squad has been selected for the H.B.O. in Athletics of the Week number thirty. The Jack Powell is one for and for between but the Panthers can count on to start that the tournament's "Silky" shows HPC. The former UNC freshman sensation is enjoying one of his best seasons in basketball. Braxton averaged over 17.5 points a game, he has grabbed over 100 rebounds in the first seven games.

Jack Powell was instrumental in the sport victory over heavily favored Atlantic Collegiate. The Ship High Point victory is the work of the Panther attack and is one of the reasons for pushing the Top men into the North Conference spotlight. "Silky" is one of the smoothest players in the conference, and no one can drive the game more than he. There are probably a few coaches that would give their starting three for Happy Jack Powell, all ballplayers.

The girls will play six more games and would like to see the stables show their support and enthusiasm by attending these contests. The home games schedule is as follows:

**TUESDAY - WEDNESDAY**

- High Point College vs. Pembroke College at 8:11
- HPC vs. Thomasville High at 8:00
- HPC vs. Thomasville High at 8:00
- HPC vs. Thomasville High at 8:00
- HPC vs. Thomasville High at 8:00

The Christmas candle in Ma Gracie’s window flickered gayly as she sat in her favorite rocking chair and knitted a pair of bright red socks. She was humming a melody of old Christmas carols and rocking to the infinitude of her many previous Christmases. What a wonderful life Gracie had lived — as full of love, kindness, and friendship. With tomatoes being Christmas Eve, Gracie would enjoy baking and cooking the many holiday dishes for which she was well-known.

Gracie remembered last Christmas Eve when she was sitting on the same spot and when she was interrupted by an unusual noise on the front porch. Horrified, she walked to the door and asked, “Who’s there?” She received no answer. She repeated her ques-
tion, and still no answer. She opened the door and asked, “Who’s there?” again. The answer she received was nothing more than the soft whining of a young dog. She opened the screen, forcing the snow away from the doorway. As soon as she opened the door, the dog came in. She closed the door and reached down and picked up the dog which stood shivering at her feet. She walked to the fireplace and laid the pup on the rug near the fire. The pup responded with a thankful lick to her wrinkled hand. Gracie had never forgotten the dog during its stay. When the pup was near, Gracie could not forget the gratitude that Jimmy White felt when he came to her and then. Although she hadn’t found “the one” yet, she wasn’t too busy because one just never can tell when he will come a calling on her.

Shining Light

Janie Lucas

A fireplace, a Christmas tree
With colored lights aglow,
A softly burning candle
With untold dreams of joy
For the feet of a tiny child of light
And have followed Thy shining path of light
The pup responded with a thankful lick to her wrinkled hand. Gracie never forgot the gratitude that Jimmy White felt when he came to her and then. Although she

To the feet of a tiny child of light
And have followed Thy shining path of light

Casting shadows on the snow,
With colored lights aglow,
Whose teachings spread afar.

With meaning sweet and rare.
