Student Legislature Proposes Constitutional Changes

Tower Players To Present Broadway Comedy Hit

By Fred Barber

When the TOWER PLAYERS' presentation of the smash Broadway comedy hit called "Harvey" is given at the Memorial Auditorium November fifteenth and sixteenth, Sonny Thornton will be seen in the leading role of Elwood P. Dowd, the mild, sweet character who took up with a large rabbit six feet, one and a half inches tall and named him Harvey.

Betty Mullinix will be playing Elwood's sister, Veta Louise, who is baffled by her brother's insistence that his closest friend is an over-sized rabbit, and Judy Wilson will be seen as his equally distressed niece, Myrtle Mae. It is Veta Louise's decision to have Elwood committed to a high class sanitarium so that she and Myrtle Mae might have a normal social life that sparks the chain of uproarious situations in the comedy.

One of the most hilarious scenes in "HARVEY", from all reports, comes when the doctors at the sanitarium decide that it's Veta Louise who needs committing, partly because she had begun to see Harvey too. Elwood, on the other hand, seems merely pleasant and reasonable — even though he does carry around a man's hat with two holes punched in the top for Harvey's ears!

Others in the Tower Players' production of "Harvey," which is being directed by Miss Jane DeSpain, will

include Wini Stuart as Miss Johnson, Gelene Hutchins as Mrs. Chauvenet, Margaret Black as Ruth Kelley, Aubrey Flint as Wilson, Leon Lee as Dr. Sanderson, Richard Cox as Dr. Chumley, Priscilla Gingrich as Betty

Chumley, Jerry Campbell as Judge Gaffney, and Bob Scott as E. J. Gofgren.

Although Harvey is supposedly never seen during the entire action of

the play, he is said to be so persuasive that he begins to grow on audiences until presently they have little doubt that they will be seeing him themselves.

Sorority Leaders. Representing the four sororities present at the Pan-Hellenic Tea were the following presidents: Barbara Huntley, Alpha Gamma Delta; Gelene Hutchens, Lambda

Alpha Phi; Sylvia Fox, Kappa Delta; and Jackie Hoover, Phi Mu.

Zenith Photo Schedule Announced

The schedule for making the individual class pictures for the 1957 Zenith, the H.P.C. annual, was released by Editor Mary Ruth Smiley.

Mr. Jerome Golden of Brooklyn, New York, for the second consecutive year will handle this major task in laying out and beginning the next year book.

Photos will start October 22 and will continue for at least two weeks or as long as necessary to complete portraits of the entire student body and administrative staff.

Freshman girls are requested to wear light sweaters; freshman boys will wear light coats and ties. Sophomore girls will wear dark sweaters; sophomore boys, dark suits and ties.

Junior girls will be furnished a light-colored blouse with peter pan style collar. Junior boys will wear light coats and ties. Senior girls will be attired in the traditional dark drape. Senior boys will wear tux and bow ties.

Sororities and fraternities will wear drapes and dinner jackets, respectively.

Four poses for regular class pictures will cost \$1.50. An extra charge of 50c will apply to sorority and fraternity pictures with two poses in addition. Appointments for sittings can be made in the foyer of Robert's Hall, and if not already paid, fees may be taken care of at the same time appointment is made.

Group pictures will also begin in the immediate future, and the Zenith staff has requested the presidents or publicity chairmen of all organizations to get in touch with members of the staff at least one week in advance of events, and the staff photographer will be glad to cover them.

Members of the staff to be contacted are Pansy Livengood, Editor Smiley, or Photographer Kyle Stirling.

Reader's Digest \$41,000 Contest Is Announced

The Reader's Digest is offering \$41,000 in cash and scholarships as prizes in an October contest open only to college students and faculty members in the United States.

First prize is \$5,000 in cash with another \$5,000 to the scholarship fund of the winner's college. Second prize is \$1,000 cash with an equal amount to the school's scholarship fund. There are ten \$500 cash prizes with an equal amount to scholarship funds.

There will be 100 prizes of \$10 in book credit from local college book stores. The best entry from each college will receive an additional \$10 in book credit.

On blanks available at college book stores, entrants simply list in order the six articles which they consider the most interesting in the October issue of Reader's Digest. Those with listings closest to the results of a sur-

Richard Cox Gives Voice Recital

The High Point College Department of Music presented Richard Cox, tenor, in a voice recital in Memorial Auditorium, Tuesday evening, October 16, at 8:00 p.m. Mr. Cox was accompanied at the piano by Walter Golde. The program was composed of selections by Haydn, Brahms, Debussy, and the American composer, Charles Griffes.

The songs by Franz Joseph Haydn were: a recitative, "And God created Man," and an aria, "In native worth and honor clad," from The Creation, telling of the creation of Adam and Eve. Also by Haydn were the selections, "A Crystal Pavement Lies the Lake," and "The Traveler Stands Perplexed," from The Seasons, describing the distress of a traveller lost in the snow, and his joy on reaching human dwelling. By Johannes Brahms were the selections: "Die Schuur, die Perl an der Perle," "Blinde Kuh," "Sommerabend," "Mondenschein," "Der Gang zum Liebchen," "Wir wandelten," and "Botschaft."

Claude Debussy takes the texts of his Ariettes oubliées from the works of the French symbolist poet, Paul Verlaine. These renditions included: "C'est L'Extase Langoureuse," "Il Pleure Dans Mon Cœur," "L'Ombre

vey of Digest readers will receive the prizes.

Entries must be postmarked before midnight of October 25 and addressed to the Reader's Digest Contest, Box 4, Great Neck, L. I., New York. Entries will be judged by O. E. McIntyre, Inc.

The October issue of the magazine includes an article by Howard Whitman urging contributions to scholarship funds in lieu of flowers at funerals and an account of the success of the Fund for the Advancement of Education's program for admitting brighter boys and girls to college two years earlier.

des Arbres," "Chevaux de Bois," "Green," and "Spleen." Mr. Cox concluded his recital with four songs showing the varying aspects of Charles Tomlinson Griffes' works. They were: "In a Myrtle Shade," "So-fei Gathering Flowers," "Thy Dark Eyes to Mine," and "We'll to the Woods and Gather May."

Mr. Cox received his Bachelor of Arts and his Masters degrees from the University of North Carolina, where, as a graduate student, he served as an assistant in the voice department. As an undergraduate and a graduate student, he appeared as a soloist in numerous recitals all over the state. In 1951 Mr. Cox was awarded a Fulbright Scholarship and spent a year studying voice with Charles Panzera at the Paris Conservatory. While in Paris he sang with the American Church Choir and the Paris Philharmonic Chorus.

In the summer of 1953 Mr. Cox was in the cast of "Horn in the West," at Boone. There he sang with the Boone Opera Institute and began studying voice with Walter Golde, a voice teacher of New York City, now residing in Chapel Hill. Mr. Cox has been with the High Point College faculty for four years as voice professor.

Sunday afternoon, October 14, the Pan-Hellenic Tea was held in the Student Center from 3:30 p.m. until 5:00 p.m. All girls who were interested in being rushed to join a sorority were required to be present except those who had obtained special permission from the Pan-Hellenic President, Sylvia Fox. These girls had paid their \$1.00 rush fee to the Treasurer of the Pan-Hellenic Council, Jane Thornhill, on Monday, October 8.

The tea climaxed the informal question and answer period which was held in the Student Center September 26 for the benefit of all new girls who were interested in joining a sorority.

Monday, October 15, through Thursday, October 18, were the dates set for the first rush parties. Any girl could attend all of the parties to which she received an invitation.

All invitations to Preferential Parties are to be picked up before 5:20 p.m. today. (Dormitory girls found invitations in their mailboxes, day students, in Miss Worthington's office). By 12:00 noon all girls were required to place their acceptances to not more than two Preferential Parties in the respective boxes in the clubroom of the Girls' Dormitory.

Dates set for the Preferential Parties are today, October 19, through Tuesday, October 23. Tuesday night through 4:00 p.m. Thursday no conversation is to take place between any sorority member and a rushee.

By 12:00 noon Thursday, October 25, each girl must hand in her first and second choices of sororities to Miss Worthington. Each sorority will, at the same time, turn in its preferential list of the rushees to Miss Worthington. These lists are to be computed confidentially. Final sealed bids are to be picked up by the rushees at 4:00 p.m. Each girl will acknowledge her acceptance by her presence at the room designated on her bid.

Panther Club To Aid HPC Sports Program

The Panther Club, a newly formed group of High Point College boosters, has set out to stimulate interest, both moral and financial, in the HPC athletic program.

The club, headed by Wilbur Groome as president, voted to start a membership drive in the Panther Club to solicit interest and money for the purpose of boosting HPC's sports program. Unlike most other "booster" clubs in the South, no set price has been established for membership.

Groome emphasized that the purpose of the club is not to increase the number of athletic scholarships at the college.

"We feel that HPC is already providing enough scholarships for that purpose," he pointed out. He added that the purpose of the program is

Students Consider Four New Bills

At assembly meeting on October 10, C. W. Faulkner, presiding officer of the Student Legislature, presented four bills to the student body for its consideration. These bills, having previously been passed by the legislature, will be voted on by the students on October 24. In order for these proposed amendments to become part of the Constitution, they must be ratified by a two-thirds majority vote of the student body. The bills under consideration are the following:

1. The Constitution shall be amended to read that the Student Legislature shall meet every other week instead of every week. There is not enough business to necessitate a weekly meeting.
2. A new section shall be added to the Constitution prohibiting a person from holding office in more than one of the Student Government Association branches at one time. This concerns the Student Legislature, the Judiciary Council, and the Executive Council.
3. The Constitution shall be amended by striking out the part which states that all appointments made by the Executive Council of the Student Government Association are subject to approval by a two-thirds majority vote of the Student Legislature.
4. There shall be an act establishing a dance fund for the High Point College student body. The act states that since the majority of the students of High Point College desire a dance played by a nationally famous orchestra each year, it is resolved by the Student Government Association that each student of High Point College shall pay fifty cents each semester into a S.G.A. dance fund for the purpose of engaging a nationally famous orchestra for a concert and dance for the student body of High Point College. Each student who has paid this fee both semesters will be given a ticket for the concert that year. This bill will be retroactive to September 1, 1956.

Listen And Learn In Language Lab

By Carole Overby

Learn by listening. This is the principle involved in the latest addition to High Point College; the language laboratory.

The laboratory, located in the basement of McCulloch Hall is under the supervision of Dr. Frances Muldrow and other professors of the language department. By means of tape recordings students gain valuable experience in listening to French, Spanish, and German.

The project represents a pioneer field in teaching modern language, especially in a small college. At present only listening is practiced in the primary and intermediate language sections. However, students majoring in language make their own recordings. These help a great deal in correcting pronunciation and sentence structure.

Four hundred students are now enrolled in foreign languages and the laboratory is in operation 22 hours a week. Each student has a 25 minute period reserved for him twice each week. By means of individual head sets students hear tape recordings of vocabulary and other material which will help him to prepare his current assignment. The laboratory material is especially designed to fit in with lessons being studied in the class room.

Some recordings are made by members of the faculty in the language department. Others are made from discs made by natives. The tapes are changed each week in order to keep pace with class room sessions. Two student assistants, Pansy Livengood and J. L. Peterson change the tapes and operate the recorders in the absence of a language professor.

The lab has two main purposes: to give the student a basic conversational skill in his foreign language and to give him experience in understanding the language actually being spoken. It is also an aid in pronunciation, sentence structure, reading and writing.

Posters of scenes from French, Spanish, and German speaking countries are being added to the lab. In the future it is hoped that a browsing corner can be added. Displays of objects from foreign countries, pictures, and magazines will emphasize the fact that these languages, though strange to us, are not foreign everywhere.

The primary function of the new language laboratory is to help students enrolled in modern language courses. In order to better serve these students, Dr. Muldrow will welcome any suggestion you may have for improving the lab.

Scholarship

How many High Point College students are actually "majoring" in extra-curricular activities? There are students at High Point who are gaining thorough, well-balanced educations, supplemented by valuable experience with associated campus organizations. Others are spreading their capabilities thin over too wide a territory. These are the students who never have time to participate fully in any activity because they are associated with too many other organizations.

Studying is not the only thing you're supposed to do at college, the student will be told. Certainly not — but it is the major thing. Certainly college is the place for forming integrated personalities, making well-balanced adjustments to society, and gaining a better knowledge of how to get along with people. These are things one should be learning all through life, and they cannot be associated only with the college years. The college period is the time for gaining a basic, academic education. Students pay well for the privilege of learning. When a student capable of doing excellent work instead does work that is poor or mediocre, he is not only denying his God-given gift of intelligence but also wasting his money.

A student only defeats his own purposes, of course, by keeping himself so tied to books that he is not able to study to the best advantage. Recreation is a necessity for the healthy mind and body. Furthermore, many campus activities give students valuable training in their chosen fields. Publications, dramatics groups, and various clubs are important not only for people who plan to enter related fields but also are important for the future teachers who will have to take charge of such activities. Inspirational and religious programs are offered for both religious majors and non-majors who desire more fully rounded lives. A discriminating choice of outside activities is wise.

How much more valuable an education a student would gain by narrowing his extra-curricular activities so that he could spend enough time on each without neglecting his studies. College is the place for gaining a broad knowledge of academic subjects. Do not defeat its purposes. Supplement your education with outside activities, but don't deprive yourself and waste your opportunities by "majoring in extra-curricular."

ALPHA GAMMA DELTA

The Alpha Gams are proud to announce two new sisters, Linda Sechrest and Linda Briggs, who were initiated on Monday, October 8, at the home of Mrs. Mabel Hill. A reception to honor the new girls was given by the Alpha Gam alumni in the new clubroom of Womans Hall.

On campus for the Pan-Hellenic tea last Sunday were Janice Butner, of Elkin, and Vicki Washburn, of Madison, two of our Alpha Gams.

A comical rush party in the form of a take-off on the national elections was held for the sorority rushees last night at the Marietta clubhouse.

Congratulations were then the order of the program as members and attending alumni extended a warm welcome and best wishes to the new members.

LAMBDA CHI ALPHA

The Lambda Chi Alpha Fraternity held its National Convention at Glenwood Springs, Colorado. High Point brothers attending were C. B. Crook, Ernest Ball, Harry Gray, Murphy Osborne, and Paul Murphy.

The Lambda Chis had their first party of the year on September 24 at the Marietta Club House in High Point. The first date party was a steak supper at the Holton Farm on Saturday, September 29.

Several of the brothers are planning a trip to Evansville, Indiana on November 16, 17, 18, when a new chapter of Lambda Chi Alpha will be installed at Evansville College.

The fraternity is at present completing plans for the Lambda Chi-Faculty Clown basketball game, which will be held soon. The proceeds will go to Kim, the Korean orphan supported by the College.

Three of our pledges will be initiated into our brotherhood soon. They are Randy Burgess, Billy Hayes Simpson, and Benny Phillips.

PI KAPPA ALPHA

On Sunday, October 14, the brothers and pledges of the Delta-Omega Chapter of Pi Kappa Alpha helped the High Point Junior Chamber of Commerce in its annual waste paper drive. The drive was sponsored in connection with National Fire Prevention Week.

Recently the chapter serenaded Miss Patricia Beam, who is pinned to Brother Don Murray. The affair was held in front of Womans Hall. After the singing a stag party was held at a local establishment.

On October 8 the fraternity initiated into the brotherhood Albert Russell Trevathen of Vineland, N. J. The ceremony was held in the chapel of First Methodist Church.

THETA CHI

The Epsilon Alpha chapter of Theta Chi fraternity began its activities rather successfully this year. We held our regular meetings and set the date for the formal initiation of our pledges into our brotherhood. This was on October 10, 1956. We also are scheduled to have a welcoming party for the Wake Forest chapter which has recently moved to Winston-Salem.

Other news of interest included the reports of brothers James F. Cannon and Jerry W. Stinson upon their trip to Theta Chi's 100th anniversary convention. The convention was held on the Alpha chapter's campus in Northfield, Vermont.

Music Notes

By Pat Moore

The first of the 1956-57 Community Concert Series is to be October 22, in Memorial Auditorium. Gerald Sauzay, a famous French recitalist, will present a vocal concert. Mr. Sauzay is noted in America and abroad, both for his concerts and his recordings. Every college student has contributed a part of his activities fee in order to bring this concert to the campus, and a free ticket will be awaiting him at the Bursar's office prior to the concert. Other Community Concerts for this series include: a ballet company; Leonard Rose, a noted cellist; and the National Symphony Orchestra. All these concerts are to be open to all the students, provided they obtain their tickets beforehand.

The A Capella Choir presented the music at two sessions of the Western North Carolina Methodist Conference at Centenary Church in Winston-Salem barely a week after rehearsals began this year. However, the programs turned out in good order, and we, the choir, thoroughly enjoyed the privilege. The choir is hard at work now on Christmas music, under the able direction of Richard Cox. A new seating arrangement in assembly gives the choir greater convenience in furnishing music for the programs.

Various students of Miss Fields are furnishing organ music for the assembly programs this year; among them are Kate Trivett, Sylvia Fox, Delores Stephens, and Barbara Payne.

Dr. Lewis tells me that this year the High Point College Concert Band has the most complete instrumentation since its establishment; and that this has prospects of being a most outstanding year, musically speaking. The band will make its first public appearance in assembly on November 14. A radio program and various high school appearances are also on schedule. Of course the band will furnish music at the home basketball games.

The Music Department has planned an informal student recital in the near future. Watch your bulletin boards for the date. Why not drop by and see what your friends have been doing in the Music Building?

The High Point Symphony Orchestra and the A Capella Choir shall combine to present the traditional Christmas music program. More about these programs will be in the Hi-Po as time advances, so watch your paper and bulletin boards and don't miss your college music presentations.

around the campus

BROADWAY

Alexander Pope captured this whole thought in a very concise and compact manner. He said, "A little learning is a dangerous thing; drink deep or taste not the Pierian Spring." For a long while I really didn't understand what he was trying to say, but one day it hit me. This guy has really got something. I told myself. He really knows what he's talking about. So many of us go around day after day in a sort of misty, middle-of-the-road existence, not doing anything well, just sort of half-way doing everything. We never gain the satisfaction of a job well done. The old "hit and miss" attitude.

I want to apply this philosophy to college life. It's the only place I can think of in which a person is completely satisfied if he gets only half his money's worth.

I'm writing this mostly for freshmen; most upperclassmen realize what they have missed, and they longingly glance backward and wish that they had absorbed a little in this and that class. If I could only make you see the vision now before it's too late, before you've formed your college habits. College is not a preparation for life — it is LIFE!

My dad has always said that you can never tell a person anything; they must find it out for themselves. He used to put it this way. If you're working for a man, you must put your best foot forward — always keep an aggressive attitude. Now that you're in college, you're working for an even more important person — YOURSELF. Why cheat your own self?

Education is rather like driftwood winding its way down the river; it only passes your way ONCE.

BARBER

Scribblings

By Ray Wicker

Well, the Yankees won the World Series.

FOOTBALL ROUNDUP

Some people are good and some people are great. In my estimation Johnny "Drum" Majors of Tennessee is one of the greatest. This high-stepping, versatile tailback of the Vols literally ran all over Duke Stadium as Tennessee stomped Duke 33-20. He ran around, over, and through Duke tacklers as if they were tackling dummies. Johnny is everything Charlie Justice was, plus an amazing amount of speed. If you ever have the chance to see this man play, don't pass up the opportunity, because if you do you will be missing a truly spectacular show.

Can anyone remember when all the "Big Four" football teams were beaten on one weekend, as was the case on October 6, 1956?

ARE YOU INTERESTED IN INTRAMURALS?

Since the majority of men here at the college do not play varsity sports, there must be some outlet for

their athletic abilities. This is provided by the college intramural program. Approximately one hundred and thirty men take part in intramural football.

High Point College has one of the best intramural programs in the state. Many colleges have copied the set-up High Point uses for their own institutions. There is a lot of work involved in the setting up and the carrying out of an extensive program such as the one High Point uses. A great deal of credit should be given to Mr. Paschal for the fine work he has done in this field.

There is an all-fraternity trophy that goes to the fraternity that has ranked the highest in all of the sports. A point total is used in tabulating the winner. The team that wins, say football, will get five points and the team that comes in second gets three. At the end of the year the points are added up and the winner gets the "All Sports Trophy". Last year the Tau Kappa Epsilon Fraternity won the award.

The Hi-PO in Sports

High Point, N. C., October 19, 1956

Sewell Boosts Panther Squad

Highlighting the freshman basketball hopefuls for this season is Danny Sewell.

Danny is tall, dark, good-looking lad who hails from Kokomo, Indiana. The second youngest of a family of seven, he graduated from Northwestern High School in Kokomo. During his senior year Danny played center for the varsity and averaged twenty-six points per contest. He scores most of his points from a variety of shots, shot close or around the three-second lane.

Danny does not concentrate all his athletic abilities on basketball, but also excels in baseball and track. He played first base for his high school team and high jumped, pole vaulted, and ran the high hurdles for the track team.

Here is HATS OFF to Danny by everyone but the freshman who must wear theirs until Thanksgiving.

Introducing The Panthers

By Murphy Osborne

Many of the freshmen have asked the question, "Who are our basketball players and what kind of players are they?" For this reason, I am going to give you a short introduction of each player that is coming back from last year's team, and I will also try to give you a little information about them as I see it.

First of all, I will try to explain to you that college basketball is nothing like the high school basketball that you saw last year. Then you will have to know what it takes to be a basketball player at High Point College. The reason that college basketball is so different from that in high school is because college players are the best from their respective schools or part of the country. These men do not make basketball a game, but rather a way of life while in college. Each afternoon they practice to sharpen their shooting eyes; they work on their offensive patterns and team play; they study their individual defensive movements because it is a known fact that one mistake will result in two points for the opposing team. They study constantly the offensive and defensive tactics of other teams in order to capitalize on the opponents' weaker points and take advantage of the opportunity given them. Much of this can only come through hard work and sweat on the hardwood.

There is one other thing which is a necessity and can only be obtained as a God-given gift; this is skill. The individual, of course, shall determine to what degree the skill will be perfected; however, without this ability to run like a deer, jump like a kangaroo, guard with the alertness of a fox stalking its prey, and shoot with the accuracy and quickness of an eagle, a person could never be an outstanding basketball player.

Do we have any basketball players at High Point College who fulfill these qualifications? My answer to this is definitely, most assuredly, and positively! We have some of the most outstanding players in our conference.

First, we have Jack Powell who is probably the most outstanding player on the team. Last year he was a unanimous choice for the all-conference team, and certainly deserved the honor. He is our top scorer and, although only 6 ft. 3 in., can out jump, out rebound, and out maneuver any tall man in the conference.

Bill Hugel, a junior from Fort Lauderdale, Florida, is a very dangerous man to any opposing team. He has uncanny accuracy in his shooting ability and can maneuver almost any shot in the book. When Bill gets "hot" in a ball game, there is only one way to stop him; that is to take him off the court.

We find another good player in Maury "Buckshot" Beauchot, a product of Indiana. He is a small but efficient guard who seems to always get his job done. Being an offensive man, as well as a good defensive man, he adds to our scoring punch.

Harold Crump, a senior, has developed himself into a very versatile ball-player. He is very deceptive and has had many of his opponents standing on their ears while trying to guard his shots. He is a good rebounder for his height and has been known to knock the bottom out of the basket with his "set" shot.

Phil Crockett, who usually handles the "tall man" role on the team, is capable of shooting a deadly push shot from the side, as well as a neat "hook shot." He is sometimes handed the difficult assignment of guarding the bigger men on the opposing team and does a fairly good job of it.

Many people have said that the hardest driving man in the conference is none other than Paul Stanton. This is not very hard to believe if you have ever seen Paul start his drive, weave in and out between players, jump from behind the back board, and shot the ball which seems to crawl over the rim and fall through the net. He is a hustler and seems to give it all he has while in the game. When he comes out of a ball game, he sits on the bench and continually gives encouragement to his team mates, which is an example of his attitude.

Bobby Dunbar is a very good offensive player and has the ability to shoot with either hand. He has improved on his defensive tactics since last year and promises to contribute a big share in the scoring department this year.

Ken Black, although only 6 ft. 2 in., has the magical ability of out jumping many men who are much taller than he. Using this to the fullest advantage, he is a good rebounder. His calmness during very tense games, has made him a standout and he shows promise in the coming year.

Next, we have Bobby Pharr who is probably the best ball-handler on the team. His deceptive and timely passes have led to numerous points for the Panthers. He is extremely fast and guards his opponents like a hawk. He will undoubtedly be a mainstay in the hard fought battle for the conference championship.

Ken Williams, the tallest boy on the team, is a sophomore. He has shown spots of greatness in the past year but needed a little more experience. This year he has gained that experience and is expected to be a big help.

In Sonny Thornton, we have the natural comedian of the hardwood. His serious, but seemingly jesting, motions have gained the favor of all High Point College supporters. He has become "bad medicine" for the opposing teams by his deadly set shots, defensive maneuvers, and plain ole hustle.

Tom Payne, a senior, was a great asset to the team last year. His rebounding was something to behold, and in instances was the difference between winning and losing the ball game. He shoots a set shot from the corner but is also very accurate with a "jump" shot.

Last of all, we have Steve Afendis.

You Can Win a Cash Award—
and Scholarship Money for Your College in

Reader's Digest

\$41,000 CONTEST

Open to All College Students (*Faculty, too!*)

Nothing to buy...nothing to write

...and you may find you know more about
people than you think!

How well do you know human nature? Can you tell what subjects interest people most? Here is a chance to test your judgment—show how good an editor you are—and you may win \$5,000 for yourself, plus \$5,000 in scholarship funds for your college.

It's fun to try. Maybe you can top other students in colleges across the country... and you can match wits with the editors of Reader's Digest.

Why do far more college graduates read Reader's Digest than any other magazine? What is it that makes the Digest the most widely read magazine in the world—with 11 million copies bought each month in the United States, plus 9 million abroad? Why is it read each month by at least 60 million people, in 12 languages—Arabic, Danish, English, Finnish, French, German, Italian, Japanese, Norwegian, Portuguese, Spanish and Swedish?

Can you spot in a typical issue of Reader's Digest the universal human values that link scholars, statesmen, scientists, writers, businessmen, housewives? Can you pick out the articles that will be most popular with the average Digest reader?

You may find...you know more about people than you think!

Here's all you do. Study the descriptions (at right) of the articles in the October Reader's Digest—or, better still, read the complete articles in the issue itself. (But you are not required to buy The Reader's Digest to enter the contest.) Then simply list the six articles—in order of preference—that you think readers of the magazine will like best. This will be compared with a nationwide survey conducted among a cross section of Digest subscribers.

Follow the directions given below. Fill in the entry blank, paste it on a post card, and get it into the mail before the deadline. Additional blanks are obtainable at your college bookstore.

All entries must be postmarked not later than midnight, October 25, 1956. Don't delay. In case of ties, the entry with the earliest postmark will win.

Just pick in order the six articles
you think most readers of October
Reader's Digest will like the best.

READER'S DIGEST CONTEST, Box 4, Great Neck, L. I., New York

In the space opposite the word "FIRST" write the number of the article you think will be the most popular of all. Opposite the word "SECOND" write the number of the article you think will rank second in popularity. List in this way the numbers of the six top articles in the order of their popularity. (Note: Use only the numbers of articles you choose. Do not write the title of any article.) Clip and paste this coupon on a Government post card.

Name _____ Address _____

City _____ State _____

Name of college _____

YOU CAN WIN:

\$5000 cash 1st prize

plus \$5000 for the scholarship fund of your college or...

\$1000 cash 2nd prize

plus \$1000 for the scholarship fund of your college or...

Any of TEN \$500 cash prizes

plus \$500 for the scholarship fund of your college or...

Any of 100 \$10 prizes

in book credit from your local college bookstore

And if your entry is the best from your college you will receive an extra award—an additional \$10 in book credit at your college bookstore.

FOLLOW THESE EASY RULES

1. Read the descriptions in this advertisement of the articles that appear in October Reader's Digest. Or better, read the complete articles. Then select the 6 that you think most readers will like best.

2. On the entry blank at left, write the number of each article you select. List them in what you think will be the order of popularity, from first to sixth place. Your selections will be judged by comparison with a national survey which ranks in order of popularity the 6 articles that readers like best. Fill in and mail the coupon. All entries must be postmarked not later than midnight, October 25, 1956.

3. This contest is open only to college students and faculty members in the U. S., excluding employees of The Reader's Digest, its advertising agencies, and their families. It is subject to all federal, state and local laws and regulations.

4. Only one entry per person.

5. In case of ties, entries postmarked earliest will win. Entries will be judged by O. E. McIntyre, Inc., whose decision will be final. All entries become property of The Reader's Digest; none returned.

6. All winners notified by mail. List of cash-prize winners mailed if you enclose self-addressed, stamped envelope.

Reader's Digest

Its popularity and influence are world-wide

Which six articles will readers of the October Digest like best?

1. Norfolk's friend to troubled teen-agers. Story of the arthritic cripple to whom youngsters flock for advice.

2. The great Pittdown hoax. How this famed "missing link" in human evolution has been proved a fraud from the start.

3. How to sharpen your judgment. Famed author Bertrand Russell offers six rules to help you form sounder opinions.

4. My most unforgettable character. Fond memories of Connie Mack—who led the Athletics for 50 years.

5. How to make peace at the Pentagon. Steps to end ruinous rivalry between our Army, Navy and Air Force.

6. Book condensations: "High, Wide and Lonesome." Hal Borland's exciting story of his adventurous boyhood on a Colorado prairie.

7. Medicine's animal pioneers. How medical researchers learn from animals new ways to save human lives.

8. What the mess in Moscow means. Evidence that the Communist system is as unworkable as it is unnatural.

9. Master bridge builder. Introducing David Steinman, world leader in bridge design and construction.

10. College two years sooner. Here's how extensive experiments proved a bright 10th-grader is ready for college.

11. Laughter the best medicine. Amusing experiences from everyday life.

12. What happens when we pray for others? Too often we pray only for ourselves. Here's how we gain true rewards of prayer when we pray for others.

13. European vs. U. S. beauties. Why European women are more glamorous to men.

14. Trading stamps—bonus or bunkum? How much of their cost is included in the price you pay?

15. Living memorials instead of flowers. A way to honor the dead by serving the living.

16. It pays to increase your word power. An entertaining quiz to build your vocabulary.

17. Are we too soft on young criminals? Why the best way to cure juvenile delinquency is to punish first offenders.

18. Medicine man on the Amazon. How two devoted missionaries bring medical aid to jungle natives.

19. Creatures in the night. The fascinating drama of nature that is enacted between dusk and dawn.

20. What your sense of humor tells about you. What the jokes you like, the way you laugh reveal about you.

21. The sub that wouldn't stay down. Stirring saga of the U.S.S. Squalus' rescue from a depth of 40 fathoms.

22. Madame Butterfly in baby's box. How new freedoms have changed life for Japanese women; what the men think.

23. Doctors should tell patients the truth. When the doctor operated, exactly what did he do? Why a written record of your medical history may someday save your life.

24. "How wonderful you are..." Here's why affection and admiration aren't much good unless expressed; why locked-up emotions eventually wither.

25. Harry Holt and a handful of children. Story of a farmer who singlehandedly finds homes for hundreds of Korean war orphans.

26. Our tax laws make us dishonest. How unfair tax laws are causing a serious moral deterioration.

27. Venereal disease now a threat to youth. How V.D. is spreading among teen-agers—and sane advice to victims.

28. Sacy. Benson's faith in the American farmer. Why he feels farmers, left alone, can often solve their own problems better than Washington.

29. Your brain's unrealized powers. Seven new findings to help you use your brain more efficiently.

30. Britain's indestructible "Old Man." What Sir Winston Churchill is doing in retirement.

31. Are juries giving away too much money? Fantastic awards juries hand out because they confuse compassion with common sense.

32. My last best days on earth. In her own words a young mother, learning she had cancer, tells how she decided to make this the "best year of her life."

33. Foreign-aid mania. How the billions we've given have brought mainly disappointment and higher taxes.

34. Out where jet planes are born. Story of Edward Air Force Base, where 10,000 men battle wind, sand and speed barriers to keep us supreme in the sky.

35. Life in these United States. Humorous anecdotes revealing quirks of human nature.

36. Man's most playful friend: the Land Otter. Interesting facts about this amusing animal.

37. Why not a foreign-service career? How our State Department is making foreign service attractive to young men.

38. A new deal in the old firehouse. How one town got lower taxes, greater protection combining fire and police.

39. Crazy men on Crazy Horse. Meet the man whose statue of an Indian will be the largest in history.

40. Their business is dynamite. How the manufacture of this explosive has been made one of the safest industries.

41. His best customers are babies. How a kitchen strainer and a pint of mashed peas became the Gerber Products Co.

42. Smoky Mountain magic. Why this, our most ancient mountain range, has more visitors than any other.

43. Call for Mr. Emergency. Meet the Emergency Police, who get 8 million New Yorkers out of trouble.

44. Beauty by the mile. How landscape engineers prove roadside planting is lifesaving as well as beautiful.

45. Humor in uniform. True stories of the funny side of life in our Armed Forces.

46. Seven economic fallacies. The American Economic Foundation explodes misconceptions about our economy.

47. Admiral of the Greek Oil Fleet. Story of Stavros Niarchos, who has won a fortune betting on—and carrying—oil.

HPC Intramural Football Captures Sports Spotlight

By Benny Phillips

In as much as High Point College does not have a varsity football team, the autumn sports spotlight turns to intramural football as two teams pace the way for the championship as of this date. Two teams remain undefeated in the 1956 High Point College football intramurals. They are the big and hard charging team called the Bulldogs, who are made up of day students, and the Lambda Chi Alpha Fraternity team.

Many of the teams have shown great power, but they have had a few bad breaks. This being only about the middle of the season with every team having to play four or five more games, there could be many changes in the standing before the end of the season.

All students are urged to attend the games and support their favorite teams.

The standings as of October 12, are as follows:

	Won	Lost	Tied
Bulldozers	4	0	0
Lambda Chi	4	0	0
Kappa Chi	2	1	0
Sig Eps	1	1	1
TKE's	1	1	2
Theta Chi	1	2	1
Pika	0	2	1
Delta Sigma Phi	0	3	1
Crusaders	0	3	0

Personality of the Month

Don Kearns... Diversified College Career Man

By Cecil Thomas, Jr.

Our "Personality of the Month" title belongs to handsome, likeable Donald Jackson Kearns of Troy, North Carolina. Don, a senior, is rounding out a diversified college career in which he has participated in many phases of college life.

Don came to High Point College in the fall of 1951. During his sophomore year he was president of the Tower Players and was state treasurer of the Methodist Student Movement. Uncle Sam interrupted his studies in the summer of 1953. After a two year hitch with the U. S. Army occupation forces in Japan and Korea, he returned to the High Point campus.

Last year Don represented H.P.C. in the Model Legislature at Raleigh. He was also a member of the International Relations Club in addition to being a member of the Veterans Club. Kearns has been on the Student Legislature three of his four years at High Point College. This year he is serving as parliamentarian of that organization.

Don is currently president of the Pi Kappa Alpha Fraternity on campus. Kearns is affectionately known to his brothers as "Mr. Pika." In addition to this office he is vice-president of the Senior Class.

Don's hobbies include photography and traveling. Kearns has many color slides to show for his travels in the Orient while with the army. He also has many interesting pictures of Mexico, which he took this summer while at his fraternity's national convention in Mexico City.

Don will graduate from High Point College next May with an A.B. degree in political science and a minor in education. His plans for the future include a trip to Europe and then teaching at one of the state's senior high schools.

More About Scribbings

Everyone who plays in the intramurals thoroughly enjoys it, and the few spectators who come down are fully entertained. The only regret is, that more people do not come down to games. Right now, which is football season, the games are being played every afternoon except for Friday and the week-ends at the baseball field. This field is between the science building and the football stadium. All games are posted on the bulletin board in the front of the bookstore and all games start at 3:30 o'clock. This is a part of your college, which theoretically, does not cost you anything, so why not utilize your opportunities and come down to watch the intramurals.

More About Panthers

He is my choice to be the surprise of the year. Last year, he had the ability, but not the experience. This year he has gained experience as well as "know how." He is a good rebounder for his height, a competent passer, a fairly accurate shooter, as well as being a starward defensive man.

Besides these varsity men, there are several others who played on our Junior Varsity team last year and have shown great possibilities.

These are: Lee Ray Jolly, Art Taylor, Larry Swiggett, Jimmy Parrish, Dick Wilson and Luke Livingston. Any one of these men might be called on by Coach Yow to play a major role on this year's squad.

Now that you have met our High Point Panthers and know a little about each one, why not plan to support them by being at every game possible and cheering them on to what we are all hoping for, the NORTH STATE CHAMPIONSHIP!

Kuhn To Be Speaker During Religious Emphasis Forum

Reverend Donald Kuhn, Director of Communications and Student Work for the General Board of Temperance of the Methodist Church, will be the speaker for the High Point College Fall Forum, November 18-21. The theme will be "College as a Vocation" emphasizing the consideration of our role as students now, not as a preparation for life.

Heretofore called Religious Emphasis Week, the "Fall Forum" was the name selected at a meeting of the Student Christian Council with representatives of campus organizations present. The reason for the change is to place more emphasis on forum and discussion rather than on sermons. This idea will be stressed by Rev. Kuhn's concern for social problems, personal relationships of the Christian in college.

Reverend Kuhn

Invisible Date With A Pooka

by Fred Barber

No matter how cloistered your life, you are undoubtedly aware of that modern social innovation, the "invisible date." But we'll wager you never encountered an "invisible date." Neither had we, until our phone rang the other day, and a voice said:

"This is Harvey, of the comedy hit named after me, coming to the Memorial Auditorium November 15 and 16. Couldn't we get together for cocktails?"

That's how we came to have an "invisible date"—with a pooka. We're not calling Harvey names—wouldn't dream of it—but that's what he is. He's descended from a long proud line of pookas; they've been part of Celtic folklore for centuries. They are imaginary creatures that can be seen only by those folk favored by the spirits. And they always appear as over-sized animals.

Some authorities say that you can see Harvey easier after you've had a couple of drinks. But even after several carrot juice cocktails with Harvey the other day, we'll just have to take Elwood P. Dowd's word for it that Harvey is six feet one and a half inches tall, with his ears down flat, and quite an impressive picture in all his white rabbit dignity.

Elwood P. Dowd, the amiable, tippling hero of "Harvey." One of the happiest passages in the play, we're told, is Dowd's account of his first meeting with Harvey, when he saw him leaning against a lamppost, and asked his name, and Harvey countered with "What name do you like?" Dowd remarked that he always liked the name Harvey, and the rabbit's pleased reply was that his name was Harvey.

We asked Harvey how he liked the role of boon companion and counselor to Dowd.

"I love it. It's a choice part for any actor—many-faceted, most demanding, but extremely worthwhile," he said, adding petulantly, "But what do you think about Sonny Thornton trying to steal my scenes away from me in the second act?"

Now after all Thornton, who is playing Elwood P. Dowd here, is a grand person. We like him. When we talked with him recently, he hadn't criticized Harvey's performance. On the contrary, he thought it one of the finest and most restrained in many

Sixteen Seniors Selected To Represent HPC In 'Who's Who In American Colleges'

Students Display Characteristics Of Leadership

by Pat Jordan

Sixteen High Point College seniors have been selected for membership in "Who's Who in American Colleges and Universities." The students were elected by the faculty Executive Committee on the basis of general character and reputation, scholastic standing, honors and activities in college, and probable future usefulness to society. They are as follows:

Stan Baker from High Point is a pre-ministerial student who plans to continue his training at Duke Divinity school. He is a member of Sigma Phi Epsilon social fraternity and Kappa Chi professional fraternity. He was president of the Junior Class and is at present president of the Day Students. This summer Stan went on the Methodist Caravan to Cuba.

Delbert Kirkman from Greensboro will receive a degree in Business Administration and plans a career in insurance. He has been president of Theta Chi fraternity for two years. He is a member of the Judiciary Council, the Dormitory Council, Veterans Club, Hi-Po Staff, and Zenith Staff. John Abernathy from Raleigh, whose major is Business Administration, plans to go into accounting work. He is treasurer of Pi Kappa Alpha fraternity, past treasurer of the Student Government, a member of Tower Players and FBLA, and Student Legislature representative from the senior class.

Paul Stanton, who is a physical education major from Greensboro, plans to coach and teach social studies. He is a member of Sigma Phi Epsilon fraternity. He plays varsity basketball, tennis, and golf.

Garland Young from Charlotte will receive a degree in English and religion and plans to enter Duke or Boston Divinity School for preparation for the ministry. He was chief junior marshal and president pro-tem of the Student Legislature in his junior year. He is a member of Kappa Chi, the Zenith Business Staff, and is president of the North Carolina Methodist Student Movement.

Christine Barber from Statesville is a French and social studies major who is planning a career in missionary social work. She was a junior marshal, a member of Lambda Alpha Phi social sorority, and is president of Alpha Delta Theta, women's religious organization. She is a member of MSF, women's chorus, and chairman of the Student Legislature Calendar Committee.

Jahala Eudy is a primary education major from Charlotte. She is secretary of Alpha Gamma Delta social sorority and of SCA. She belongs to the Baptist Student Union, Tower Players, A

These sixteen seniors have been selected for membership in "Who's Who in American Colleges and Universities."

They are, first row of girls, left to right, Mary Ruth Smiley, Christine Barber, Voncyne Linthicum, Bobbie Barrett, second row, Jackie Hoover, Jahala Eudy, Sylvia Fox, boys, John Abernathy, John Mann, Paul Stanton, Craig Kester, Ernest Ball, Garland Young, Delbert Kirkman, and Stan Baker.

The week's events will begin with vespers Sunday night at 6:30 when Reverend Kuhn will speak. At the weekly chapel program, which will be held Monday instead of Wednesday, Kuhn will again speak.

On Tuesday and Wednesday mornings at 10:20 attendance will be voluntary for the services. Evening programs will be held each night at 7:30. Also during the week, an informal coke time will be held on Monday afternoon at 3:30, at which time the students will have a chance to gather and meet our speaker. A dormitory discussion will be held in Woman's Hall Monday night at 10:00 and in McCulloch Hall Tuesday night. Conferences and informal groups may be held at any time.

Student leaders who will help with the various sessions are as follows: Sunday vespers, Voncyne Linthicum; Monday morning, Ernie Ball; Monday afternoon, Garland Young and Sylvia Fox; Monday evening, Charles Byson; Tuesday morning, Barbara Huntley; Tuesday evening, Stan Broadway; and Wednesday morning, C. W. Faulkner. Bobbie Barrett will assist with the discussion in the Woman's Hall dormitory Monday night and Bob Duncan will help in the McCulloch Tuesday night.

Music for the week will include one appearance by the college choir on Monday morning and solos by Sylvia Smith, Angie Gaskins, Sylvia Fox, and Joe Crompton on Monday evening, Tuesday morning and evening, and Wednesday morning, respectively.

This week set aside to emphasize religion is an annual affair sponsored by the Student Christian Council of High Point College.

Fourteen Outstanding Juniors Installed As College Marshals For Coming Year

Fourteen outstanding juniors have been selected as marshals.

They are, left to right, first row, C. W. Faulkner, chief marshal; Murphy Osborne, J. L. Peterson, Wilbur Jackson, Jack Barrier, second row, Beverly Deal, Dorothy Lloyd, Patsy Hedgecock, Louise Pugh, Elsie Cavanaugh. Not pictured are Paul Atwell, Fred Macon, and Betty Lord.

Faulkner Selected As New Chief

by Pat Moore

The 1956-57 marshals were installed Wednesday, October 31, in an assembly ceremony conducted by Dean Conrad. Taking highest position as the new chief marshal is C. W. Faulkner. Receiving honors with him were Paul Atwell, Jack Barrier, Wilbur Jackson, Fred Macon, Murphy Osborne, J. L. Peterson, Elsie Cavanaugh, Beverly Deal, Betsy Hedgecock, Patsy Hobbs, Betty Ann Lord, Dorothy Lloyd, and Louise Pugh.

Dean Conrad congratulated the selected juniors upon "one of the outstanding honors that can come to a student during his years here with us." Selection by the faculty is based on scholastic average, leadership quality, and citizenship. The students will serve in the various activities in Memorial Auditorium for the next year.

Garland Young, chief, speaking for the outgoing marshals, expressed their joy of serving and their congratulations to the new marshals.

C. W. Faulkner accepted the honors with a spirit of humbleness, saying, "We have a lot to live up to, and 'We want to do our best.'"

Following are some data on the various activities, studies, and interests of our new marshals:

C. W. Faulkner, chief marshal, is compiling a triple major in math, religion, and English. From Walkertown, C. W. is vice-president of the Student Government; was president of his college freshman class; is in Delta Sigma Phi; plays basketball, football, and tennis; and works with the Junior Hi-Y at the Y.M.C.A. After completing his education, C. W. plans to go

(Continued on Page 4)

Greek Men Hustle As Rush Period Nears Culmination

by Max Loflin

The pack approaches the starting point, a tense moment of silence, then—Bang! They're off! "Rush Week" has begun! HPC rush periods are not races, but the color tension and enjoyment of a race are present during this period, which lasts from 12:01 A.M. Tues. Oct. 30 thru 1:00 A.M. Nov. 11. Parties, handshaking, informal speeches, new friends, and decisions seem to consummate the hectic schedule of the rush period.

Usually, each fraternity has an informal "stag" party during which the rushers and fraternity men become acquainted and "talk fraternity." This "get acquainted" period is highlighted by a dance, usually during the

latter part of the last week of rushing.

The tension reaches its peak during the "silent period" which begins at 1:00 A.M. Sunday, Nov. 11 and lasts until 4:00 P.M. Tues., Nov. 13. It is during this period that a fraternity member is not allowed to speak to a rusher. At the latter part of the "silent period," bids are issued and rushers accepting them become "pledges" and later undergo training for fraternity membership.

The six fraternities represented on the HPC campus are as follows: Delta Sigma Phi, Lambda Chi Alpha, Pi Kappa Alpha, Sigma Phi Epsilon, Tau Kappa Epsilon and Theta Chi.

Kelly Jones Named Winner Of Talent Show

by Patt Olmsted

Kelley Jones, singing "Singing The Blues" and "He's Everywhere," won the annual Freshman Talent Show, presented by the Student Government on October 25. Upon receiving the award, he sang the popular "Green Door."

Kelley, who accompanies himself on the guitar, is a sophomore but was eligible for the show because he is a transfer student. Besides his solo work, he sang in the glee club and in a Gospel Quartet through high school and was a member of a quartet at Appalachian Teachers College last year. As a pre-ministerial student Kelley has no ambitions for a singing career.

The judges, Mr. Jack Kidd, English teacher, and the co-chairmen of the Jaycee's Jollies, Mr. Don Horne and Mr. Charles Weaver, said that they had a hard time choosing a winner and that each participant had done very well. The other participating acts were: Charles Huff and Arnold Lawson, guitarists; Chris Stultz with a monologue; Carolyn and Marilyn Tullock pantomimed a record; Buzzy Routh, Frank Westbrook, Scotty Poin-dexter and Jerry Roberts sang "Love, Love Love"; Scotty Poindexter also sang a solo; Elizabeth Peterson recited an original poem; Wini Stuart sang "I'll Never Stop Loving You"; Elaine Hoover gave a monologue; Doris Tally sang "Que Sera"; Elaine Smith did a tap dance on shoe skates; Diana Bingham played "Deep Purple" on the piano; and a quartet consisting of Linda Lomax, Dot Ridenhour, Anna Rodgers, and Maryette Brown sang "Blue Moon".

Shrimp Flint directed and emceed

"Rides Home" Becomes School Service Project

The Delta Sigma Phi Fraternity presented to the student body and faculty, in chapel Wednesday, a school service project which will be accessible to all people affiliated with High Point College.

This school service project is known as "Rides Home." It works in this way: A person wishing a ride home goes to the board, and selects the zone in which he desires to go. He will take a card from the "Riders" box and fill in the information on the card. There will be ten zones, and hooks on the board for each zone. After the person has selected the zone in which he is going, he will hang the card on the zone number respectively.

If a person is going home and would like to give someone a ride to a point near his destination, he will go to the board and take a card from the "Drivers" box, fill in the information on it and hang the card on the hook that corresponds with the zone number that he is traveling in. A person driving who sees a card hanging on the same zone that he is going will simply fill out a "Drivers" card and place it on the hook with the "Riders" card. The person who would like to have a ride should check this zone number often; if there should be a "Drivers" card on the hook, the "Rider" should get in touch with the person driving. If the "driver" finds a "rider" card on the zone hook in which he is traveling, he should contact the rider.

The "Rides Home" board will be located in the foyer of Roberts Hall the show. Johnny Abernathy was in charge of the lighting, and Ann Kurfes and Sonny Thornton assisted.

Words Or Action?

Is our constitution a working plan for action or a mere piece of paper?

It is the duty of the Judiciary Council to review legislation, to try cases, and to enforce punishment. This body is charged with the backbone of student government. But stand off and look at our Judicial Council. In the present state, no legislation is presented to it for review, no effective system of trial is in existence, and little is being done to enforce punishment.

To be effective regarding judicial matters, the Constitution must specify the procedure for trial, provide for a prosecution, and guarantee competent defense. A weak judicial branch prohibits a strong, stable student government and continuously restrains justice. A demand should be made by every thinking student that the Constitution be brought up-to-date regarding judicial matters, and that present failure to comply with the Constitution be spotlighted so that proper action may be accelerated.

—R. D. K.

Importance Of The Individual

A warm, secure sense of belongingness is a drive of all normal people of any social aggregation. The natural urge to have an individual position of some esteem among men determines, to a great extent, the behavior of everyone. Failure to be recognized adequately by others can be the frustration causing one to be an introvert, who, because he is not sufficiently sought out, crawls deeper and more hopelessly into his shell as a self-conscious, self-pitying individual.

This is an age of conformists, an age in which certain unappointed people are recognized as experts whose patterns we follow. Emily Post keeps us advised as to acceptable table manners; Dale Carnegie informs us about winning friends and influencing people; Christian Dior tells us the style of clothes to wear. To be a carbon copy of someone widely accepted by society is the aim of the majority. To be patterned after the general example set by the society gives one the feeling of being part of a group.

This is not as it should be. The individual should be considered as an important, sturdy leg by which the composite whole is supported. His feelings, capabilities, and desires should be investigated as original and not as to how close they adhere to a model plan. The college of today should strive to ascertain the full potential of each person, allowing him to set to the greatest advantage his ideals and values. The measure of his worth is, in actuality, the extent to which he has developed himself, not the extent to which he has conformed.

—S. J. M.

ALPHA GAMMA DELTA

On Thursday, November 1, Alpha Gamma Delta sorority pledged the following girls: Betty Rose Jarrett, Billie Paisley, Bobbie Schrum, Peggy Davis, Beth Peterson, Anita Seawell, Ruth Ann Macon, Ruth Helen Boone, Margaret Anne Adkins, and Louise Warren. We are extremely proud of our new girls.

Sue Freshwater was serenaded by the Sigma Chi's of Wake Forest on Monday night, October 29. The Alpha Gams sang in answer their sweetheart song.

KAPPA DELTA

Fifteen girls were pledged to Gamma Gamma chapter of Kappa Delta on October 29. They are the following: Carol Arey, Sara Jackson, Edna Rose Duncan, Betty Gray Dorman, Jackie Smith, Onita Canoy, Diane Bingham, Elaine Hoover, Carolyn Miller, Dot Ridenhour, Lutricia Murphy, Pat McKinnon, Martha Bulla, Lynda Lomax, and Betty Jean Brooks. The KD's are very happy to have these new little sisters.

On November 5 Pat Ritchie was initiated into the sisterhood of Kappa Delta sorority. Congratulations, Pat!

LAMBDA ALPHA PHI

The Lambdas enjoyed a weekend house party October 27 and 28 at a cabin near Salisbury. After spending Saturday night at the cabin, the girls went to Kannapolis Sunday where they ate lunch at the home of their president, Gelene Hutchins. The new pledges joined their future sisters for the events.

In an impressive ceremony Monday, October 29, in Lindley Chapel five girls were pledged to Lambda Alpha Phi sisterhood. Those taking the pledge were the following: Martha Buffalo, Barbara Ayers, Shelby Nelson, Carolyn Nelson, and Mary Booe.

PHI MU

Phi Mu proudly boasts the largest pledge class for the second year. The new pledges are Chris Stultz, Fran Avery, Shelby Williams, Beth Hardin, Patsie Poole, Elsie Cavanaugh, Dot Lloyd, Judy Fish, Barbara White, Joyce Young, Carolyn Guyer, Sylvia Deaton, Phyllis Minter, Doris Talley, Winni Stuart, Pati Goldston, Jeanette Small. Welcome into the sisterhood, girls.

The members of Phi Mu entertained the new pledges with a dance at the American Legion Hut in Thomasville October 27. The hut was decorated in pink and white, and The Clubmen played for the gala affair.

The Phi Mu's were Connie Jowett's guests at a slumber party Saturday night. Bridge and refreshments were tops on the agenda.

Anne Kerr was initiated into Phi Mu November 4. — Shirley Yokley and Winni Stuart were elected among the ten finalists for the "Miss High Point College" contest. — Jackie Hoover was selected into "Who's Who". — Dot Lloyd and Elsie Cavanaugh were chosen Junior Marshals.

SIGMA PHI EPSILON

N. C. Eta Chapter of Sigma Phi Epsilon held its first rush party at the American Legion Hut, November 1. Several brothers from Wake Forest, N. C. Beta, attended the party.

The social committee announced to the chapter last week that the Christmas-Founders Dance will be held in early December. On November 11, the brothers will attend a local church together.

Plans have already been completed for the Wake Forest Chapter to unite with us in a choral group to sing for different occasions.

DELTA SIGMA PHI

On Saturday night, October 20, the Delta Sigs had a semi-formal dance at the High Point Y.W.C.A. The building was decorated in green and white

streamers. A night club background was used as a theme.

For several weeks we had been rehearsing for a serenade which finally took place on Wednesday night, October 25. The songs were mostly from the fraternity song book, but the serenade was ended with our version of "True Love".

Plans are being made to present a "Rides Home Board" to the college at an assembly in November. Instructions on the use of the board are given in another part of the paper.

Several of the members visited the Duke Chapter recently to see the Duke-State game and to make plans for a combined Carnation Ball in December.

We welcome three new members who joined us in Delta Sigma Phi. They are Bobby Ayers, Ronald Black, and Jimmy Laine.

THETA CHI

We have admitted into our brotherhood, seven new brothers who are as follows: Will Rogers, Gordon Nifong, Gene Watkins, T. R. Hendrix, Mell Busbin, Pope Thornton, and Hassel Strader. Congratulations to you new men!

TAU KAPPA EPSILON

Delta Kappa chapter of Tau Kappa Epsilon was honored recently with a visit by Mr. Charles Cooke, who is the Field Representative in this locality from the national office in St. Louis, Mo.

Individual interviews were held with each fraternity officer, which included a lengthy discussion with the newly organized board of control, composed of alumni brothers.

In passing comment on the fraternity as a whole Mr. Cooke expressed praise for the high standards and good work of the chapter during the past year, noting that our chapter was among the top ones in his district.

In parting, personal congratulations were in order, which Mr. Cooke gave with much enthusiasm and urged the chapter to "keep up the good work," with assurance that it would, in time, be outstanding in TeKe history.

PI KAPPA ALPHA

The Delta - Omega Chapter of Pi Kappa Alpha opened its rush week activities with a stag party Wednesday night, Nov. 7, at the V.F.W. club in Archdale, N. C. Feasting and fun were in order. On Saturday night, Nov. 10 the chapter will hold its annual drag rush party at the Lexington Country Club to the sweet music of Jim Adcock and his orchestra.

In the near future the "History of Pi Kappa Alpha" by Dr. Freeman Hart of Iota Chapter at Hampden Sydney College in Virginia will be presented to Wrenn Memorial Library and to the High Point City Library.

Two of the fraternity's official songs were presented to Radio Station WHPE recently. They are "Honeymoon" by Kay Starr and "The Dream Girl of Pi Kappa Alpha" by Dick Noel, who is the star of Don McNeil's Breakfast Club program.

The Chapter was recently honored by a visit by two of its alumni. They were Howard Coleman of Concord and Robert Barrett of Greensboro.

LAMBDA CHI ALPHA

On Friday, October 26, at eight o'clock the Lambda Chi Alpha Clowns were defeated in a basketball game by the College All-stars. The final score of the game was 39 to 40. The proceeds from the game, which were more than \$100.00, were donated to the Kim fund.

On Saturday, October 27, three pledges were initiated into the brotherhood of Iota-Phi Zeta of the Lambda Chi Alpha Fraternity. The newly initiated brothers are Colburn Randolph Burgess, John Bennett Phillips, and Billy Hayes Simpson.

The Lambda Chi's entertained about fifty Rushees at

the first party of the Fall Rush Week on Tuesday, October 30, at the Marietta Clubhouse. The evening of entertainment and fellowship was enjoyed by all those present.

The fraternity journeyed in a group to Greensboro on Halloween to give a Halloween party and entertainment for the polio patients of the Carolina Convalescent Hospital.

Also helping with the show were Sonny Thornton, Elaine Hoover, Chris Stultz, Doris Talley, Diane Bingham, Carol Arey, Janice Solomon, Delores Stephens, Wini Stuart, and Carolyn Koontz. The Lambda Chi's greatly appreciate the contributions of these friends. After the show, the polio patients were served refreshments.

Music Notes

by Pat Moore

The Concert Band has charge of the college assembly program next Wednesday. In addition to the band presentations, there will be a piano solo, numbers by the Dance Band, a specialty act by Shrimp Flynt, and publicity skits of "Harvey," by the drama department.

Students of Miss Fields, Mr. Cox, and Dr. Lewis presented a student recital yesterday at 3:30 in Memorial Auditorium. These recitals are given throughout the year and are free to everyone who wishes to attend.

The A Capella Choir, under the direction of Richard Cox, will sing in a Walkertown Church Sunday, November 18.

Mr. Cox issues a special invitation to all students to use the record library downstairs in the Music Building. There are no charges for this service.

The Music Department of High Point College now offers an 18-hour minor in music. This minor can be obtained by combining hours in private instruction, ensemble, and electives. Anyone interested should see Dr. Lewis.

Several members of the choir participated in the Memorial Service for Dr. Moffitt at Green Street Baptist Chapel October 30. The anthem rendered by the group was "The Strife is O're," by Palestrina.

The Counterpoint Class is writing descants or high independent parts for hymns which will be sung in chapel. Students in the class are: Mary Booe, Alex Mellnik, Barbara Payne, Lloyd Stiffler, and Eugene Watkins. Such tests for original writing are considered to be the best method of developing discrimination in counterpoint writing.

Let's meet a music major! Lloyd Stiffler, a sociable redhead from Hendersonville, is a senior majoring in music education. He first became interested in music when he took up the trombone during his freshman year in high school, and by the time he was a high school senior he was student band director. In due time, along came the Navy, and Lloyd attended the Navy School of Music in Washington, where he was in the concert and dance bands for four years. Then came college, and Lloyd went to Brevard his freshman year and from there came to High Point. Now Lloyd has a choir at Oak View Methodist Church which he directs each Sunday morning. After graduation he plans to teach band and instrumental music in high school. Good luck, Lloyd!

From The Top Of The Tower

by Charles Johnson

Shoo! Get out of here! Blasted pigeons!

Whew! It's quite a climb up those steps, but it's worth it, especially at this time of the year. Mr. Daniels and his group of forestry enthusiasts must be having some aesthetically as well scientifically rewarding field trips about now. Just look at the colors in those leaves!

Come to think of it, and it is well worth a few briar scratches and chigger bites to get out of the science building here lately. The smell of formaldehyde and frogs on one side and the smell of formaldehyde and dog fish on the other is enough to drive even the frogs and dog fishes out into the open.

There go Al Bean, Ray Stafford, Harold, Glenn, Don, and all the rest of the coffee-loving veterans down to the "country club" for their daily, morning coffee break. Those vets have a passion for coffee almost equal to Dr. Bartlett's passion for history. When it comes to history the Doctor knows best.

I wonder if Al ever did teach Ann Teague all the intricacies of double seven-up, jokers and everything else wild including the players. Cha-oijhgvexz — You cotton-picking pigeons stay off my typewriter! Scram! Beat it! Now where was I? Oh, yeah. Charlie Holcomb, Miss Etheridge, and Mrs. Paschal witnessed some really weird bridge bidding on my part the other day. Tennis anyone?

Mrs. Paschal made this statement in regards to a certain gentleman (?) who is depicted elsewhere on this page, and I quote, "all we girls go for Elvis." It sounded pretty sarcastic to me.

Bobby "Jean" Whedbee was nominated to represent the freshman class in the Miss High Point College contest, but he declined in favor of "Alice" Bean who declined in favor of Dale Lee. The other week Bobby was mobbed by a swarm of squealing feminine (?) "rock 'n' rollers" as he came out of the biology laboratory. They mistook him for "the pelvis".

Overheard around the campus: "I'm taking three foreign languages, English, German, and biology"; "Sam, Sam, they's a lizard in my creasy salads"; "Don't put off 'til tomorrow what you can put off 'til next week"; "Hush! the others'll want one too".

Here come Tony Wen and Louise Warren from the library. They are starting a new religious youth organization on campus. The new group is working in conjunction with the local Presbyterian church. All you Presbyterians and anyone else who are interested in this activity, ask Louise and Tony all the questions you want. They'll be glad to answer them.

I see that Tony isn't wearing his dark glasses anymore. Those rakes are sneaky things, especially if you step on them in the dark.

Let's see what's going on over at the gym. Nothing but classes right now; however, when I was over there the other afternoon, the basketball team was working. If T. A. Paine's set shots are any indication, the "Purple Panthers" should have a good season. Luke "the drifter" Livingston must have been out on the back steps taking one of his breaks. Quite a few of the players take breaks out there. That might be a good place to pick up some pre-season dope, Ray.

I wish I could see Hungary and the Suez Canal zone from up here, because if things keep up as they have been over there it's possible that quite a few of us guys on the campus will be "hup twoing" again. Suddenly!

Some of the veterans have been complaining about the slowness of the workings of the V. A. It seems that that organization is about 90% veterans and 10% administration. "Ole Checkless" Charlie here is inclined to agree with them.

Oh . . . ! It's nine after. I've got to get down from here before those chimes blast me out. Let's see — my paper, my art gum (can't type without my trusty art gum), my typewr; lkiuygfexz — Shooobeeatit! You'll make me late. — This typewriter is heavy! Bout thirty seconds 'til the bell — Shoo, go 'way! This is no time for me to fool with you pigeons! Hee ha hee ho — those feathers! Stop it I say! BOOIIINNGGG — those chimes — got to get — hee heh heh heh — quit it — down those BOO-IINNGGG steps. . . pigeons! Look out! Hee hee ha ho BOO-IINNGGG — You'll make me miss the step — look out belo — BOWANNGGG!

1956-'57 SCHEDULE

Here is the 27 game schedule as announced by head basketball mentor Virgil Low:

Home Games

Nov. 24—Pfeiffer College
Dec. 8—Atlantic Christian College
Dec. 12—East Carolina College
Dec. 14—Newberry College
Jan. 5—Guilford College
Jan. 8—King College
Jan. 12—Catawba College
Jan. 19—Appalachian College
Jan. 23—Elon College
Jan. 30—McCrory
Feb. 8—West Carolina College
Feb. 23—Lenoir Rhyne College

Away Games

Nov. 20—Pfeiffer College
Nov. 26—Pikeville College
Nov. 27—King College
Nov. 29—High Point YMCA
Dec. 1—Erskine College
Dec. 6—Guilford College
Dec. 15—McCrory
Jan. 10—Elon College
Jan. 26—Atlantic Christian College
Feb. 2—Lenoir Rhyne College
Feb. 9—Catawba College
Feb. 12—Enka Corp.
Feb. 13—West Carolina College
Feb. 16—Appalachian College
Feb. 20—East Carolina College

Game Time: 8:00 P.M.

The Hi-Po in Sports

High Point, N. C., Nov. 9, 1956

Junior Varsity Squad Shapes Up

by Ray Wicker

If you happen to drop by Harrison Gym any night at about 7:30 o'clock, you will see the sweating bodies of the potential basketball greats of High Point College. They will be practicing plays, running drills, rebounding, learning defense, and perfecting their shots. All of this will be under the close supervision of Coach Wayne Hoover, who is in his second year as Junior Varsity basketball coach at High Point College.

High Point has always had a good Junior Varsity and last year was no exception. Last year they won 27 while losing only 12. From last year's team he lost only one man, Charles Watson, but the rest have moved up to the varsity. Coach Hoover has seventeen boys out for this year's team, but he lacks the height needed to play the tough schedule which has been drawn up. There are two games each with the Wake Forest and the University of North Carolina freshman squads. There are also games with all of the Junior Varsity of the schools in the North State Conference. This is

very tough competition, and it is going to take a good team to stay on the court with some of these schools. Last year Coach Hoover started out with a group of inexperienced ball players and by the end of the season he had a top-notch team. It takes teamwork to produce a good team and this comes only through constant practice together. For example, if you put a top grade college basketball player on a team with some men he had never played with before, you would not receive the full output of the player because he would have to make his own shots and play his style of play not knowing the manner in which the other four players played. It would, therefore, make them practically useless to him. When Coach Yow sends Coach Hoover the added height and the experienced ball players he needs from the varsity, he can start molding his team as he did last year. All the ball players who are out for the J. V. team now are really putting a lot of drive and hustle into the practices in hopes that they might make the starting five. The new men out for the team this year are the following:

Randy Greger, John Hunner, Morgan Pope, Danny Fussell, Don Sellers, Bill Bingham, J. V. Roberson, Sam Guilly, Otis Burris, Stamey Cecil, Willard Formyduval, Lee Ray Jolly.

Faculty Trounces Lambda Clowns

by Murphy Osborne

COACH WAYNE HOOVER stepped up to the foul line with only five seconds to play in the final quarter of the Faculty vs. Clown basketball game with one foul shot to shoot. (He received this foul shot when the referees called a technical foul against the Clowns for changing diapers on the court.) With a look of determination in one eye and the other eye completely closed from exhaustion, he aimed toward the goal and shot. The ball hit the rim, rolled completely around it, and finally fell through. This was the end of the game and the stunned audience could hardly believe their eyes. The faculty had beaten the Lambda Chi Clowns by a score of 40 to 39.

This was truly a team victory and every member of the faculty had contributed his share. WESLEY GAYNOR, a seven foot, four inch giant, was a big factor in the victory and he, along with MR. A. B. WILLIAMS, controlled both the offensive and defensive back boards. DR. KEEDY and DR. DODAMEAD were the fast breaking guards who continuously out ran the clowns and drove in for numerous lay ups. MR. WICKER and MR. PORTER amazed the fans by their agility and magical ball handling. MISS ETHERIDGE proved to be a tremendous asset to her team by threatening to give anyone who attempted to interfere with the faculty team a failing grade.

The contest was interrupted many times by various incidents. One of these mishaps took place when WESLEY GAYNOR and "SHRIMP" FLYNT were engaged in a heated argument which could only be decided by a boxing match. Wesley won the fight by a T.K.O. in the second round.

The faculty cheerleaders, MRS. MARGE CASE, MISS JANE DESPAIN, and MR. RICHARD COX did a wonderful job in leading the faculty yells and were supported vigorously by DR. LEWIS and the band. MR. PASCHAL, coach of the faculty, used every strategy move in the book to pull his team through with the victory.

Players for the fraternity team were: "Shrimp" Flynt, Ray Wicker, Murphy Osborne, Charles Watson, Charles Dyson, Harry Gray, "Peck" Nigh, Randy Burgess, Jimmy Starnes, and John Madison. Their coach was Fairrell Myrick and the cheerleaders were Billy Simpson, C. B. Crook, and Bill Place.

The proceeds of the game were given to the KIM FUND.

Phillips To Coach Girls' Basketball

Mrs. Hazel Phillips has been assigned to the duty of player-coach to the High Point College girls' team in this coming season. Hazel played on the Hanes Hosiery basketball team which won three consecutive A.A.U. crowns under the direction of Coach Virgil Yow. In 1951 and again in 1952, she was the free-throw champion and set a record which has yet to be equaled. Hazel, in order to hold her A.A.U. standing, which would be very important to anyone, will be a player-coach under the direction of Miss Etheridge.

Hazel has some of the best material in the state in which to form the team. Sarah Owens was a forward last year and averaged over 40 points per game. She is an exceptionally good rebounder and has an excellent jump shot. This year, Coach Phillips may call on Sarah to alternate her talents between the guard and forward positions. Next, we have Gaynelle Pennell who averaged close to 25 points per game in the past season. Martha Ellington, another hold over from last year, plays forward and is a very good passer. Martha averaged 15 points per game last year. The two guards returning from last years squad are Jo Ann Spell and Barbara Edwards. Both are very efficient and experienced players and will undoubtedly form a good defensive nucleus. Other than these veterans, there are many other very good new prospects who will undoubtedly contribute their share to make this season a successful one.

Last year's team won twenty-seven games and lost only three. They averaged over 70 points a game and won the Class A division of the Gold Metal Tournament, which was held in Thomasville.

Bearing everything in mind, it is my prediction that we again will have the best girls' team in N. C.

and president of the Panhellenic Council. She is secretary of the Student Body and is Assistant Director of the A Cappella Choir. She has served on the Dormitory Council, Judiciary Council, and fellowship teams. She is also a member of the Order of the Lighted Lamp.

Unrequited Love

A Sonnet

by Fred Barber

With sparkling eyes thou closer came to me,
Thy hair in softest locks on shoulders fell.
Thy lips were moist, and in simplicity
Begged for the pleasures that they knew so well.
Unable to reach me from where thou stood'st,
With passionate longing in eye and heart,
Thy fingers would have touched me if they could
And thine arms would have held me lest we part.
Thy hands reached up, but touch me they could not;
The tears of sadness in thine eyes did shine.
Thy love had tied this unseparable knot,
But nothing in thy grasp could make me thine.
The shelf I'm on above thee is too far;
Thou'rt just a girl, and I'm a cookie jar.

LITTLE MAN ON CAMPUS

by Dick Bibler

"AND NOW, DR. CLODDATE, WHO WILL RELATE HIS EXPERIENCES AMONG THE HEAD SHRINKING NATIVES OF CENTRAL AMERICA!"

HPC Tennis Tournament Underway

Although the weather may not be suitable, thirty-two potential High Point College tennis players are out banging the ball across the net. A thirty-two bracket tennis tournament has been set up by Mr. Paschal and tennis coach, Mr. Kidd. This tournament has been set up in hopes that new tennis talent here at the college might be brought to light. The tournament will eventually produce a champion and he will receive a handsome trophy given by the physical education department. The remaining eight finalists will be invited to try out for the tennis team in the spring. All of the tennis class is entered in the tournament and a number of other individuals who are interested in tennis.

Coach Kidd is now starting to work on a schedule for the 1957 High Point College tennis team. He is making plans for the annual Easter tennis tour. If weather permits the tennis team hopes to get an early start with practice this coming season. Maybe from thirty-two tennis players another "Mike" or "Carlos" will appear and gracefully take over the tennis situation at High Point College.

These ten girls were selected by the student body as the ten finalists for "Miss High Point College" of 1956-57. They are, left to right, Jane Martin, Wini Stuart, Babs Huntley, Shirley Yokeley, Kathleen Henson; second row, Martha Shelton, Patricia Ann Beam, Linda Briggs, Betty Mullis, and Dale Lee.

Ten Finalists Compete For Miss HPC Title

The Miss High Point College contest, sponsored annually by the Zenith staff, will be judged November 27 in Memorial Auditorium.

From a bevy of eighteen original entries, ten finalists were selected by the student body at the regular assembly meeting, Wednesday, October 24.

They are Patricia Ann Beam of Cherryville, Kappa Delta Sorority; Linda Briggs of Lexington, Theta Chi Fraternity; Wini Stuart of Mate-

wate, West Virginia, Lambda Chi Alpha Fraternity; Kathleen Henson of Brevard, Senior Class; Babs Huntley of Charlotte, Senior Class.

Jane Martin of Denton, Sophomore Class; Martha Shelton of Kannapolis, Junior Class; Betty Mullis of Advance, Sophomore Class; Shirley Yokeley of High Point, Sigma Phi Epsilon Fraternity; and Dale Lee of Lawndale, Freshman Class.

Contestants will be judged on the basis of poise, talent, and beauty. Let-

ters have been written to Mayor George Covington of High Point, to the Maid of Cotton, and to Miss North Carolina, Joan Melton, asking them to judge the attributes of the competing girls.

During intermission while the judges are selecting the five finalists including Miss High Point College and four runner-ups, entertainment will be provided.

MORE ABOUT MARSHALS

(Continued from Page 1)

into the ministry. Eric Cavanaugh, a social studies major from Richlands, plans to teach after graduation. She takes interest in basketball, volleyball, dancing, piano, and is a Phi Mu pledge.

Paul Atwell, another social studies major, has an ambition to teach in South America someday. A Theta Chi, he hails from Mooresville, plays tennis, is in the college choir, the First Methodist Church Choir, and works at Sam's Drug Store in his spare time.

Everly Deal, Kappa Delta, from Gasman, is a French major. Treasurer of her sorority, she is also in MSF, FTA, Tower Players, and enjoys spectator sports. For the past several summers she has worked in a public library.

Willie Jackson, a pre-ministerial student, is vice-president of Kappa Chi. Chairman of the Fellowship Teams, and is in choir. In the field of sports, he plays basketball, football, and tennis. His major is in history.

Letsy Hobbs, an English and religion major, is from Kannapolis. She is social chairman of Alpha Gamma Delta, secretary of Alpha Delta Theta, and program chairman of M.S.F. After graduation, she plans to teach Bible and English in high school and get married. She enjoys swimming, bowling, dancing, playing the piano, and is mad about miniature golf. Pat is in the cast of "Arms and the Man" last year.

Jack Barrier, originally from Lenoir, is a Kappa Chi English major who plans to go into youth work. He plays drums in the Concert and Dance

Bands. Vice-president of his sophomore class, Jack caters to football, baseball, and golf.

Betsy Hedgecock, a day student from W. Homestead Avenue, High Point, is a primary education major and plans to teach in the first grade. She is program chairman of the Future Teachers of America.

Fred Macon, Kappa Chi, plans to attend seminary at Duke and be a minister. From Greensboro, he is president of MSF and is majoring in social studies.

Dorothy Lloyd, a transfer from East Carolina, is a day student from High Point. She is majoring in elementary education and while at E.C. was on the annual staff and in the choir.

Murphy Osborne, Lambda Chi, from Elkin, is president of the Junior Class and treasurer of the Student Government. He is making his major in physical education.

Louise Pugh, an English and French major from Franklinville, is secretary of Lambda Alpha Phi Sorority, treasurer of Alpha Delta Theta, and assistant editor of the *Zenith*. Other interests include IRC, FTA, and MSF; painting, writing poetry, and playing the piano.

Betty Lord is a day student from Thomasville, and is making her major in primary education.

J. L. Peterson, a French and social studies major, hails from Vanceboro, is president of Wesley Sunday School Class, and business manager of the *Lamp*. He plays the piano and takes part in tennis and basketball. One of his friends describes him as "an all-around good guy."

Veterans Club Elects Officers

The Veterans Club at 10:20 Friday, October 26, met to elect new officers and a new adviser for the year. Mr. Kidd, popular English instructor, was unanimously selected as the new adviser.

Jack Young was elected president; Carl Nance, vice-president; and William Goodman, secretary-treasurer.

Bill Swaim, outgoing president, called the meeting to order and welcomed the large number of new students who are veterans. Plans for the year were discussed.

New Westminster Fellowship Is Organized At HPC

The newest organization on the High Point College campus, the Westminster Fellowship, held its first meeting November 1 at the First Presbyterian Church.

During this meeting officers were elected. They are: Charles Dyson, President; Helen Rakestraw, Vice-president and program chairman; Tony Wen, Secretary; David Pancoast, Assistant Secretary; and Liz Peterson, Treasurer.

The organization is to meet every two weeks on Thursday nights at 7:30 p.m. Plans are being made to hold these meetings at the home of David Pancoast. Dr. and Mrs. Roy Watts of the First Presbyterian Church are the advisers.

This fellowship group is primarily for students of the Presbyterian faith, but all students who are not affiliated with any other such organization here on campus are invited to join.

Cars will be provided for all students who wish transportation (meet at 7:15 in front of Roberts Hall).

The next meeting of the Westminster Fellowship will be November 15.

MORE ABOUT INVISIBLE DATE

(Continued from Page 1)

seasons, and we told Harvey so.

At that point, two ladies nearby registered verbal objections to sitting next to someone obviously talking to himself. The waiter explained Harvey's invisible presence, whereupon one dowager exclaimed:

"Isn't he handsome? Do you suppose he would give us his autograph?" Which he did.

The richness of the moment restored Harvey to fine humor and, we imagine, left him adjusting his polka dot tie, except that he calls it a pooka dot tie. We told him we thought it was a real shame that he couldn't be seen in the play.

"It wouldn't really be right for me to appear," he said, "because every person in the audience has a Harvey in his life. Elwood P. Dowd's Harvey is me — a rabbit six feet one and a half inches tall. Probably few, if any, of the Harveys the spectators know is a rabbit anyway."

At that point Harvey said he had to go over to the auditorium for a rehearsal with the Tower Players, and that ended the interview.

"Come backstage some night and see me," Harvey called back to us as he left. "Or, at least, visit!"

This Guy Elvis

by Benny Phillips

Who is this guy Elvis Presley? Is he something that is here to stay or is he another Johnny Ray who will fade away like summer grass upon a November lawn?

Last year at this time not many people had ever heard the name Elvis Presley. Then all at once out of the clear blue sky in Rock 'n' Roll came Elvis "the Pelvis" Presley.

It all happened when the kid from Tupelo, Mississippi was driving a truck in Memphis, Tennessee where he and his folks were living, and came to a halt at a recording center to test his unknown voice — a voice that was later to become the nations number one best, regardless of national adult opinion. Whether this statement is acceptable to the reader or not, Presley has the most popular following of any vocalist in many years.

Since his first recording he has visited many cities in the United States and given demonstrations of his spasms and songs. So after taking his long walk down Lonely Street to "Heartbreak Hotel," and telling the nation not to step on his "Blue Suede Shoes," one dark night he looked up at the "Blue Moon," and turned his "Hound Dog" loose that has chased many of the other Rock 'n' Roll heroes into the dark corners of the radio stations and jukeboxes. Then he gave the teen-agers a break when he told them, "Don't be Cruel."

The part that amuses me most is the reaction of teen-agers when the Rock 'n' Roll hero starts a show, and takes a few swipes at his guitar, then lurches into one of his scorchers like ("Ah Wa-ha-hunt Wew-who, Ah Nee-hee-heed Wew-who") or something like ("Ahh don't waaa no uthuh luv, Baybee it's jus' yew ah'm thinkin' uuuuuu").

Elvis' birthday is January 8. He weight is 160 pounds before going on stage, about five or ten pounds less after a day's work. He has brown, wavy hair, frequently combed but seldom staying that way. He started growing side burns when he was 16, so that he would look older. His eyes, which are blue, have been described as moody, tortured, sullen and . . . sexy.

Elvis is really living it up. He has three Cads, pink, blue, and yellow.

Elvis is doing exactly what you and I would do if suddenly you received a lot of money over night. And that is buying everything that he always dreamed of.

The record business is having its best year since Thomas A. Edison first captured the human voice on a tinfoil-covered cylinder. Could this have anything to do with Presley? After all he has sold over four million copies of four of his records. RCA Victor announced its alltime high advance sale for a single pressing — more than 1,000,000 copies of Elvis' "Love Me Tender", a surprisingly restrained love ballad that was just released.

Up until I heard this record Presley had never showed me very much, but this record I think is tops in rock 'n' roll today. It is the first record I have heard him sing that I could tell what his voice sounds like.

It has been reported that he has been operating on the theory that if Marilyn Monroe is so irresistible to the men, he can be the same to women.

New Examination Announced By Civil Service

The United States Civil Service Commission has announced a new examination for Student Trainee positions in the following fields: Architecture, Cartography, Chemistry, Engineering, Mathematics, Metallurgy, Meteorology, Oceanography, and Physics. The entrance salaries during the training period vary from \$2,960 to \$3,415 a year.

Student Trainees will participate in special training programs consisting of on-the-job training in a Federal establishment and scholastic training at a college or university. To qualify, applicants must have had appropriate high school or college education and must pass a written test.

Further information and application forms may be obtained at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the Civil Service Commission until further notice.

Delegates Attend Session Of N. C. Student Legislature

The twentieth annual session of the North Carolina Student Legislature met at the Capitol Building in Raleigh November 15-17. Twenty-one colleges and universities in North Carolina were represented. Delegates from High Point College were: Stan Broadway, Charles Dyson, and Pat Jordan in the Senate, and Johnny Abernathy, Fred Handy, Sylvia Fox, and Harold Wright in the House of Representatives.

There were twenty-six bills presented by the participating schools which were considered by the Legislature. The bills which passed in both the House and the Senate were given to Governor Hodges to be considered by the State Legislature of North Carolina at its next session. Some of the most important bills which were passed were: a bill for the repeal of the Pearsol Plan, proposed by the Uni-

versity of North Carolina; a bill to raise the wages paid by the colleges to self-help students to a minimum of seventy-five cents an hour, proposed by Catawba College; a bill to appropriate state funds for the training of retarded children, presented by Greensboro College; a bill to raise the salaries of the teachers of North Carolina by ten per cent, proposed by Guilford College; a bill to abolish all county and city prohibition laws for the sale of alcoholic beverages, presented by North Carolina State College; a bill to give the Supreme Court the power to declare the President of the United States incapable of holding office when it deems it necessary, proposed by East Carolina College.

Trophies were given to the best debator of each house and to the college or university who presented the best bill in each house.

Orchestra and Choir Unite To Give Christmas Program

by Pat Moore

The High Point Symphony Orchestra, made up of college and community musicians, will join with the college A Capella choir in presenting the annual program of Christmas music in Memorial Auditorium on December 4. For the first time adults will be charged admission, although college students will be admitted upon presentation of student tickets.

Bulldozers Cop Title Of Champions

by Benny Phillips

Intramural football ended this season in flying colors with the Bulldozers winning the championship with an undefeated team, racking up eight wins.

Lambda Chi rolled in second with a seven and one record to capture the points toward the Fraternity All-Sports Award that is given annually to the fraternity which at the end of the year has the best record in intramural competition.

In probably the biggest game of the year, the undefeated Bulldozers collided with the undefeated Lambda Chi Alpha team in a game that decided the championship. The first half of the game was scoreless, but right after the whistle had blown for the second half to begin, Lambda Chi was in trouble as they were forced to punt from their own five yard line. When Murphy Osborne attempted to get the kick away, he was swarmed by the entire Bulldozer line that blocked the kick and covered the ball in the end zone to take the lead two to nothing. The only threat Lambda Chi gave was in the last two minutes when they drove from their own ten yard line to the Bulldozer ten before J. L. Roberson intercepted a pass that stopped all hopes of Lambda Chi's winning the championship.

The season ended with the standings as listed below.

	won	lost	tied
Bulldozers	8	0	0
Lambda Chi	7	1	0
Sig Eps	5	2	1
Kappa Chi	5	3	0
Pika	3	4	1
TKE	1	4	2
Theta Chi	1	5	1
Delta Sigma Phi	1	6	1
Crusaders	1	7	0

National Book Week Celebrates 38th Anniversary

"It's Always Book Time" according to the slogan of National Children's Book Week — the oldest of national "weeks" — which entered its 38th year this week. Good reading for boys and girls, not for this week alone but for 52 weeks of the year, will be the emphasis in libraries, classrooms, and bookshops as they celebrate.

The actual factors that influence us in our reading, says Amelia Munson, are "Curiosity, relaxation, necessity . . . Enjoyment? That is implied. Without it, all or any reading languishes. A fourth cause . . . is the mere fact that the book is there, on the shelf, under your hand." This year's crop again offers a broad choice of books which will stimulate and satisfy a youngster's intellectual curiosity, offered a needed escape from the routine about him, or answer his many and ever-changing needs. Adults need to see "that the book is there."

Kathleen Henson Crowned Miss HPC Of '57 Over Field Of Ten Choice Beauties

Miss HPC of '57

Kathleen Henson, wearing a flowing white formal and sponsored by the senior class, was crowned Miss High Point College of 1957 by Arlene Hobbs Burris, the 1956 queen, Tuesday evening, November 27, in Memorial Auditorium.

"I remembered what my speech teacher once told me, and thought of them all sitting out there in their underwear," confessed Kathy shyly in reply to the question, "What were you thinking while you were on stage," by

Jim Capps, master of ceremonies. Miss Henson said she would be "very flattered" if she were chosen queen, and stated that her pet peeve is overloaded ashtrays.

A pantomime to the recording, "Bell Bottom Blues," as sung by Teresa Brewer, was presented by the new queen in the talent division.

Completing the talent review were: a Bach Invention, by Patricia Beam; a Hula dance by Linda Briggs; "My Heart Stood Still," by Wini Stuart; "The Button," a reading by Barbara Huntley; "Someone to Watch Over Me," by Jane Martin; an artistic interpretation of "Ebb Tide," by Martha Shelton; "Over the Rainbow," by Betty Mullis; "St. Peter's Decision," a reading by Shirley Yokeley; and "Deep Purple," by Dale Lee.

Mrs. Betty Metcalf; Miss Ann Jeffries; the North Carolina Maid to Cotton, Miss Bobbie Minogue; Mr. H. H. McPherson; and Mr. J. B. Wilson, serving as judges, selected Miss Henson from five finalists, including Shirley Yokeley, Barbara Huntley, Pat Beam, and Dale Lee.

The theme of the program came from the Broadway production, "My Fair Lady," with the song, "I Could Have Danced All Night," as sung by Angie Gaskins with the Sentimentalists supplying the background music.

Other entertainment numbers were: "With a Little Bit of Luck," sung by Charlie Holcombe and Richard Cox; "On the Street Where You Live," by Richard Hallman, and "I've Grown Accustomed to Her Face," also sung by Mr. Cox.

The Miss High Point College Contest is sponsored each year by the Zenith Staff. Serving on the committee this year were: Braxton Warner, Chairman; Ruby Ragan, Jo Harrington; Peggy Morris; and Elsie Oakley. Ronnie Everette was in charge of lighting.

Miss Ethelridge, Miss Worthington, Miss Idol, and Mr. Cox acted as advisors.

The stage flowers were given by courtesy of Grace Flower Shop.

The college beauty contest is only one of a number of programs and activities sponsored by the yearbook staff.

A Visit From Saint Nicholas

Santa's helpers are all over the campus. In order that no child wake up on Christmas morning without a visit from the old elf, members of Theta Chi Fraternity have just teamed up with Old Saint Nick. They have moved a part of his toy shop into High Point. Dolls and trains of all types are coming off the production lines.

Members of the fraternity visited local stores and homes to ask for toys that could be fixed. These toys are taken to the toy shop and repaired. Here they will wait until December 17th, the night that Santa has promised to come to High Point College. Local merchants and the members of Theta Chi will make every effort to insure the spirit of Christmas. The kiddies will arrive by radio-dispatched taxis. The student center will be well decorated in regular American fashion and under the huge tree, hundreds of toys will be waiting for all the good boys and girls. Around the fire place will be a pair of red socks full of goodies for each child. A program of Christmas entertainment is planned to hold the children's attention until Santa arrives.

In order to make this program more successful, the Fraternity has asked members of the student body and faculty members to look around for toys that can be repaired and drop them by C section of the men's dormitory. If you would like to help repair toys or help entertain the kiddies, let one of the members know.

It should be pointed out that many local merchants are co-operating with this program. All kinds of goodies will fill the kid's socks. Theater tickets will be given to each child. A more complete listing of the sponsors and their services will be announced later.

Campus CALENDAR

- Dec. 4 Choir and Orchestra Concert of Christmas Music
- Dec. 6 Community Concert
- Dec. 7 First Methodist Church party for college students
Phi Mu's Christmas party
- Dec. 9-12 Choir Trip
- Dec. 13 Faculty Wives party for children
- Dec. 15 I.F.C. Christmas Dance
- Dec. 17 Theta Chi Christmas party for underprivileged children

Students Select Cheerleaders Rierson, Yokeley, Dorman

A new policy of High Point College since 1955 — that of pre-registration — was announced by Dean of Instruction, Harold B. Conrad, in assembly Wednesday, November 27. All students are requested to register for second semester classes before Christmas holidays. Freshmen and sophomores should consult with Dean Conrad for guidance in selecting the courses required for majors in various fields and for graduation. Juniors and seniors are asked to schedule conferences with heads of the departments in which they are majoring.

Wednesday, November 14, three new cheerleaders and two alternates were chosen in a general election held in assembly. This election was the climax of about a month's practice on the part of 13 men and women.

John Rierson, a junior from Winston-Salem and an alternate on last year's squad was chosen to fill the one male vacancy. John is a Religion major, is Secretary of the Sigma Phi Epsilon Fraternity, and a member of the band.

Shirley Yokeley and Betty Gray Dorman were the two women chosen to fill the places of Betty Ann Tysinger and Marcia Bailey who left at the end of last year. Shirley is a member of Phi Mu Sorority, and is a sophomore from High Point. Betty Gray is a freshman from Pembroke, and is a KD pledge.

The two alternates chosen were Don Nesbit and Joyce Young.

The remaining members of the chief rooters of HPC are Ann Kerr, Braxton Warner, "Shrimp" Flynt, Nancy Crews, and Charlie Holcombe, who is the head cheerleader.

The Pep rallies, usually scheduled before home games, are instigated by the cheerleaders, and it is hoped that many of the students will attend and take part in learning the yells so that the teams will have strong support at the games.

Tower Players' 'Harvey' Is Successful Production

by Fred Barber

The Tower Players' fall production of the Broadway comedy "Harvey" was more than successful in the eyes of appreciative audiences at Memorial Auditorium November fifteenth and sixteenth. Good crowds gathered for the presentation on both nights, and those who attended were warmly rewarded by the presence of the huge rabbit himself, though not in visual reality, certainly in spirit and in the hearts of an audience absorbed in the light-hearted fantasy written by Mary Chase.

Miss Jane DeSpain, competent director of the hilarious comedy, received for her tireless efforts in producing the play, the satisfaction of an audience that left the Auditorium a part of the warmth and gaiety radiated by the production as a whole.

Sonny Thornton, in his portrayal of the gentle natured El-

wood P. Dowd, bosom-buddy of Harvey and perhaps even more conscious of his presence than those who witnessed the performance, gave added warmth and meaning to the play in his convincing animation and authentic characterization of the feeling intended by Miss Chase in her play.

Equally successful in their performances, and each adding to the success of the production were Betty Mullinix as Veta Louise Simmons, Judy Wilson, Richard Cox, Wini Stuart, Gelene Hutchins, Margaret Black, Bill Swaim, "Shrimp" Flynt, Bob Scott, Priscilla Gingrich, and Jerry Campbell. Responsible for the stylized sets which aided the cast in producing the effect of a true comedy and fantasy by their simplicity, was Mr. Railford Porter, Professor of Art.

Scene from "Harvey"—Mrs. Chauvenet seems a bit dubious about acknowledging the introduction by Elwood P. Dowd to his friend Harvey.

Music Notes

by Pat Moore

The college band presented a program at Allen Jay High School on Friday, November 16. Featured along with the band were Alan Everhart, playing "Ebb Tide," and "Etude in Boogie," and the "Sentimentalists." The latter is a dance band made up of: Lloyd Stiffler, Bob Long, Willis Stevens, Jack Barrier, Glenn Lloyd, Don Nesbitt, and Francis Stuart Taylor III. Dr. Lewis complimented the "Sentimentalists" on their fine performance.

The Music Department had charge of special music during Fall Forum. Those taking part were: Sylvia Smith, Angie Gaskins, Sylvia Fox, Joe Compton, Betty Mullinix, and Mr. Cox, along with the choir.

The college choir will present Christmas music in an assembly program on December fifth.

Let's meet a music major! Barbara Payne, a senior music education major from Rural Hall, plans to teach public school music after graduation. She is completing her college career in three years. In high school she was accompanist to the glee club and won contests sponsored by the State and National Federations of Music. In college she has taken organ, piano, and voice, and has been in the choir all three years. In the classical field, she likes Rachmaninoff's compositions, although she prefers semi-classical music. "Malaguena" is among her favorites. Barbara has great admiration for Carmen Cavallaro, whom she met during his recent appearances in Greensboro. Her most avid interest during her leisure time around the dorm is playing bridge with her friends.

Another senior music education major is Alex Mellnik from Buffalo, New York. Alex, who also plans to graduate in three years, is married and has two little boys. For two years he directed a choir in service, while he served as cook in the Army. Presently, he directs a choir at Brentwood Baptist Church and is business manager of the A Capella college choir. His greatest interest is in sacred choral music, and he plans to attend the Southern Baptist Theological Seminary in Louisville, Kentucky, and become a minister of music.

ALPHA GAMMA DELTA

On December 17 the Alpha Gams had an informal party at the Jamestown American Legion hut. The pledges had their first taste of sorority partying at this time. Among the entertainment acts were the State Junior Championship Magicians.

Margaret Black plans to have the Alpha Gams at her home for a week-end party in the near future.

Jane Thornhill has left school to be married in early December to Hobby Cobb. Another Alpha Gam December bride-to-be is Toby Barrier, who will wed Seviars Wall.

LAMBDA ALPHA PHI

The Lambdas, for a Thanksgiving project, provided groceries for a needy family here in town. Plans are also being made for a program to be presented later at a local nursing institution.

SIGMA PHI EPSILON

When the dust had cleared away from the battlefield of rush week, seventeen men were accepted as pledges of Sigma Phi Epsilon on November 14, 1956. They are as follows: Willis Stevens, Rockingham; Don Morrison, Asheboro; Glenn Lloyd, Sanford; Bill McKechnie, Matthews; Jack Barrier, Chicago; Jack Young, Beauford; Danny Sewell, Kokomo, Ind.; John Cass Jr., Greensboro; Don Nesbitt, Kannapolis; Earl Gray, Asheville; Henry Rapp, Thomasville; Ernest Brewer, Winston-Salem; Lee Groome, High Point; Herbert Davis, Warrenton; Gene Simpson, Kannapolis; Stu Taylor, Woodlawn, Md.; and George Shepherd, Fayetteville.

A Christmas - Founders Day dance is planned for the coming month.

Brother Lane Greene, science major, recently pinned Miss Carolyn Roberts, a student at the University of North Carolina. Congratulations, Lane!

Visitors to the chapter this week were brothers Barry Newsome, Ralph Wolfe, and Buck Williford.

The N. C. Eta chapter of Sigma Phi Epsilon is going to play the Wake Forest chapter in intramural football in the near future. A party will be held after the game.

Brothers Stan Baker and David Myers asked the brotherhood on different occasions to dine at their homes. Nothing like home cooking!

THETA CHI

Theta Chi has just ended another successful rush season. This year we have with us nine new men, who have been through both their formal and informal initiation and are now fully pledged. We would like to congratulate the following men on their success: Bobby Owens, Jimmy Barnes, George Boose, Arnold Lawson, Robert Bieard, Earl Cook, Ted Spencer, and Mack Shoaf.

DELTA SIGMA PHI

The Delta Sigs are moving again, this time the target is Durham, N. C. The scheduled event is our Founder's Day Banquet and Carnation Ball which is to be held December 1. This is a joint affair with chapters at Duke and Wake Forest with Ann Kerr, Betty Mullis, and Mary Lou Lanier representing us in the Dream Girl contest.

Pledge ceremonies took place Monday night at the Beta Lambda Chapter on the campus of Wake Forest Col-

lege. We are happy to have in as pledges Bill Damon, Jim Reeves, Charlie Huff, Glenn Fletcher, Bill Craig, Jim Lain, Kyle Stirling, and Jack Hill.

LAMBDA CHI ALPHA

The Evansville, Indiana, College Colony was installed into Lambda Chi Alpha as Iota-Mu Zeta on November 17, 1956. The presentation of the charter by Grand High Pi Tozier Brown climaxed a thrilling week-end for the new chapter.

Ten brothers and three pledges of Iota-Phi Zeta were present at the Iota-Mu Installation. The brothers and pledges left High Point on Thursday evening and arrived at Evansville the next day. The festivities began with a buffet supper and smoker Friday evening. Initiation and installation ceremonies were held Saturday. A group picture was taken of all the men from High Point at this time. On Saturday evening there was a formal banquet and dance to highlight the week-end.

The following Iota-Phi brothers greatly enjoyed taking the trip and seeing the national officers again: Paul Nash, C. B. Crook, Ray Wicker, Ernie Ball, Murphy Osborne, Carl Night, Jim Starnes, Benny Phillips, Charles Watson, Randy Burgess, S. J. Parker, Frank Kimbro, and Bob Badgett.

At 8 o'clock in the evening on November 10, The Lambda Chi Alpha Fraternity Rush Dance was held at the American Legion Hut in Thomasville, North Carolina. The music for the evening was furnished by Jack Everhart's Combo. Refreshments were served during intermission. It was also at this time when we enjoyed some short comical acts.

On Monday evening, November 19, the Lambda Chi Alpha pledging ceremony was held in the High Point College Student Center. The following men were initiated as pledges: Bobby Badgett, John Davis, Charles Johnson, Paul Jones, Tommy Kerr, Frank Kimbro, Charles Mann, S. J. Parker, Scottie Poindexter, Morgan Pope, Cletus Potts, Phil Rainey, Jerry Roberts, Buzzy Routh, Norman Shronce, William Thompson, and R. C. Watts.

PI KAPPA ALPHA

The Delta Omega Chapter of Pi Kappa Alpha Fraternity was host to their Field Secretary, Mr. Dave Collins, on the 19th, 20th, and 21st of November 1956. Mr. Collins had the opportunity during his visit to review the local chapter thoroughly due to the events which were scheduled to be held during his visit.

On October 13, 1956 the Pika received the following men as pledges to their fraternity: Joe Carrington, Lawrence Currie, Willard Formyduval, Fred Handy, H. T. Hartly Jr., Bob Jessup, Charles Riddle, Clyde Ridgill, Fred Sherrer, Dub Speight, David Stanton, Ed Venable and Jim Willson. On the 19th and 20th of November, these men were initiated as pledges to the local chapter. Afterwards, an informal "smoker" was held at a nearby lodge which has been opened to the local chapter by one of their alumni.

Mr. Don Kearns, president of the local Pika chapter, has urged the brothers of Delta Omega to remember the visit of the Red Cross Bloodmobile, which is to be in High Point the week beginning the 25th of November.

And to Fran . . . "Hound Dog."

Carolyn Koontz and Randy Burgess are going steady and seem to be extraordinary happy. Here's to it!

Margaret Black seemed mighty happy after the play on Friday night. Could it be West Virginia???

The Panther leaves you these thoughts before returning to his den. There is a MILE between the 2 S's in SMILES. Let's bring them closer together.

And enjoy yourself . . . it's later than you think!

ACROSS THE

Editors'

DESK

World War 3?

Although the Suez Canal is thousands of miles across an ocean and a continent, it is still as close as a brother, friend, or any relative who might be of military aid, even yourself.

Already, the catchword has become "See you at the Canal," and girls are wondering if they will be left holding a Purple Heart instead of a heart filled with healthy red blood.

Even though a cease fire has been called, there cannot be an indefinite armed truce in the Middle East. There will continue to be a grave likelihood of war until Israel is recognized as an existing nation and a total peace can be negotiated.

Egypt wants war and admits it, but for the people of Israel, the only issue of this "crisis" is one of survival. Israel's advance was not the result of greed for power, but the desperate move of a tiny island of democracy surrounded by a sea of land-swallowing whales.

Where is the answer to her pitiable plea? Will it come from the United States, the United Nations, or a third World War?

— J. L.

Volkswagen

A machine so perfect that science and art
Make human its steel and tough the heart,
For its engine responds to the hands and feet
With its gas and man's blood in synchronous beat
As the gear shifts rise to the overdrive
And it flies with the zoom of a bee from its hive
And matches the song of the hummingbird
With music too vibrant for syllabled word.

Not less gentle than strong, not less sturdy than gay,
It's an Argus to watch every turn on its way;
Endowed with both conscience and noblesse, a charm
Keeps itself and its driver alert to all harm,
And makes children its care and law its command
As freedom and duty ride hand in hand.
Efficient and trim, but not prideful and vain,
In fuel it is thrift, in speed all that's sane.

Subtle in craft of mechanician,
Exact in logic of mathematician,
Inventive in genius of engineer,
Physicist, chemist, and every peer —
These make the art and science one,
These shape truth with beauty spun,
So all graces of life inhabit steel
And many a man falls in love at his wheel.

— L. Lorenz.

Lindley Chapel

I take the fabric of my troubled day
Into the chapel, and I lay it there
Before the mind of God. With tender care
He smooths the knots of doubt and fear away.
He does not banish problems that are mine
But rather shows me each perplexity
In its place in the pattern, and I see
More clearly than before its whole design.
My tangled threads untwisted and the gray
Blending with the white, the joy with pain,
I find my day whole, shining, without stain.
This miracle he grants me while I pray
— Courage to take the threads and weave again
A fairer pattern on another day.

— B. A. Journalism Class.

From The Top Of The Tower

by Charles Johnson

The other day I was listening to two of my friends discussing bigotry. My friends, Gerald Fitzpatrick and Patric Fitzgerald, both being Irish are very outspoken on any subject let alone one dealing with liberties, freedoms, tyranny, bigotry, and such. Anyway, Gerry said, "Patty, me boy, it's bigotry when a person is made to do something that's agin his principles merely because the others can't see or don't want to see his point of view. What's more it's tyranny to force him to participate in any program that he believes to be wrong or sinful." Well, Pat chuckled a little and then he said, "Gerry, lad, can't you see that that is a double edged sword you're swinging so mightily. You and your group are in the minority. Now you'll admit that in a school like this one, and a fine one it is, that an atheist would be a minority. Well now, if this were the only school that it was possible for an atheist to attend, you wouldn't deny him the right to his education, now would you? And wouldn't he, by coming here, have to partially support some programs that would be against the principles of any atheist? Besides, Gerry, in this great land of freedom, which this college and others like it are helping to keep great and free, one must abide by the rule of the Majority. Now the Majority says that the atheist must pay for something that he doesn't believe in, and it also says that you and your group must pay for something you don't believe in. This is its right. For instance look at the income tax. Now then, Gerry, the Majority doesn't have the right to force you or the atheist to believe in anything. And it isn't trying to. Nor does it have the right to make you or the atheist participate physically or actively in any program, and it is not trying to. So you see, lad, it's all properly democratic."

Pat and Gerry's conversation reminds me of two old axioms: "What's sauce for the goose is sauce for the gander," and "You can lead a horse to water, but you can't make him drink."

I hope that no one gets a wrong impression of either Pat or Gerry; they're both good Irish churchmen. Neither of them is bigoted or atheistic.

Just a few more bits before I leave the top of the tower:

"Shrimp" Flynt told me that he saw the doggonedest thing the other night out on the superhighway between Greensboro and Burlington. He said that he saw a big bunch of boys up on the side of a hill painting a big rock at one o'clock in the morning.

Elvis Presley says "love me tender" and makes a million dollars. I say "love me tender" and make an "F" in English. It must be the guitar and sideburns.

The Panther Prowls Again

For the first time in three years, the Panther prowls again!! Many changes have taken place since we last prowled on the High Point College campus — no football, little dancing in the book store, less "parlor dating" in the girls dorm, little rivalry between Guilford and High Point (remember the scalpings??), no "raids" on the girl's dorm . . . many changes!!! What will this year be for the Panther? Things just "ain't" what they use to be!

We went to the ball game Saturday night and watched our Panthers play Pfeiffer's Panthers. The other team played a good game but they should know they can't fool around with boys like Heug, Danny, Maury, Paul, and Ken. That was really one more good game!

Back down at the book store, we noticed Connie Jowett, out for the Thanksgiving holidays, playing bridge and socializing. We asked Jowett if she was going to be a good nurse or a perfect nurse, but she didn't have too much to say about it. There is a difference, ya' know!

We also noticed the great big Sig Ep who has been spending much of his time as a bridge partner of a certain sorority president.

It always touches the Panther's heart to see a pleasant romance last. Paul and Murphy, with their two lovers are top examples.

We are curious as heck as to why it is necessary for H.P.C. girls to spend dateless Saturday nights. The boy-girl ratio, supposedly is 2 to 1 (boys), but you'd never know it. Boys just have a natural instinct (excuse me, Dr. Keedy) to head for W. C. Frankly, I think it's habit. My answer: "The grass on the other side is always greener."

The six-week grades went out last week and the typical sentiment is "I don't think I did so well." To coin a phrase, "you can't have your B's and Blasts too." Aw, come one — get on the ball and study or we're gonna be missing you!

Fran still likes Elvis!!!

Ann Teague must be a "Presley" fan, too. Or is it that Elvis reminds her of Bob? Well, the Panther won't go so far as to say which way it works, but we dedicate "Love Me Tender" to them.

Panthers Squelch "Bombers" In Boone Scrimmage

High Point roared past the "Bombers" for the second time within a week at the "Bombers" home floor at Boone, N. C.

The Panthers literally ran the "Bombers" off the floor with their torrid fast break and excellent rebounding. Bobby Dunbar led the scoring with 16 points and played one of his best ball games.

Bobby Pharr and Maury Beauchot looked exceptionally good on both offense and defense. Danny Sewell and Tom Payne were "climbing the boards" and pulled down a lot of rebounds. Jack Powell played his usual excellent game, and as has become a habit with him, he was in the right place at the right time.

HPC Purple Panthers Subdue Pfeiffer College Panthers

The Panthers were forced to go down to the last wire to subdue the Pfeiffer College Panthers on November 20. A pair of free throws by Danny Sewell with five seconds to go gave HPC the victory.

EAT

Enriched Bread

PATRONIZE YOUR
ADVERTISERS

Pfeiffer led most of the way through the game and was ahead at half-time 29-30. H.P.C. played a brilliant second half to overtake the six-iron men of Pfeiffer. Strong rebounding by Jack Powell and Danny Sewell was a forceful factor in the success of the Panthers. Together they pulled 29 rebounds. Bobby Pharr and Maury Beauchot played an excellent defensive game, and they held the Pfeiffer big gun Bryant to 18 points. Huegele and Sewell led the Panthers in shooting; Danny getting 18 and Bill swishing 16.

On November 24, with the aid of another brilliant second half, the Panthers pulled their second consecutive game out of the fire against luckless Pfeiffer College. Pfeiffer was leading by 16 points at half-time and at one time in the third quarter were leading by as much as 19 points.

Superb shooting by Jack Powell in the final quarter led HPC to victory. High Point played poorly the first half and Pfeiffer was exceptionally hot; therefore providing the 16 point spread for the Panthers from Pfeiffer. Marty Beauchot looked good on offense and defense and contributed heavily to the winning effort by the Panthers.

Intramural Football Teams End Season with "All-Stars"

The all-intramural football teams have been elected by a representative from each team and a representative from the referees.

The team chosen could possibly be the best all-intramural team ever assembled at High Point College. The backfield is made up of accurate passers and speedy runners while the line is made up of excellent blockers and outstanding defensive men. The end positions are filled with competent, glue-fingered pass receivers.

Only two players were a unanimous choice for the tag football dream team. They were Bill Beasley of the championship Bulldozer Team and Murphy Osborne of Lambda Chi Alpha Team. The Bulldozers paced the mythical squad by placing three men in the first team and two on the second team. The Lambda Chi Team followed the pace by placing two men on the first team and two on the second.

The selections are as follows:

First Team	
Backs—	
Bill Beasley	Bulldozers
Murphy Osborne	Lambda Chi Alpha
J. L. Roberson	Bulldozers
Harold Sykes	Sigma Phi Epsilon
Ends—	
Bill Tyson	Sigma Phi Epsilon
Jimmy Starnes	Lambda Chi Alpha
Line—	
Bob Duncan	Pi Kappa Alpha
George Ivey	Tau Kappa Epsilon
Bob Fulp	Bulldozers
Second Team	
Backs—	
Mark Rose	Kappa Chi
Jimmy Reeves	Crusaders
Harold Watson	Bulldozers
Ernie Ball	Lambda Chi Alpha
Ends—	
John Lewis	Kappa Chi
Harold Davis	Bulldozers
Lines—	
Stan Baker	Sigma Phi Epsilon
Bill Place	Lambda Chi Alpha
Wesley Jones	Crusaders

Winston Bullets Down HPC J.V.'s By 23 Points

by Murphy Osborne

The Winston-Salem Bullets downed the High Point Junior Varsity team by a score of 72-49. However, the score does not tell the complete story since our J.V.'s were only a few points behind until the closing period. The Winston-Salem team had a big advantage in height as well as experience, and they used the accurate shooting of ex-Wake Forest cage star, "Lefty" Davis, to ignite their scoring apparatus. Davis tallied 31 points and was followed by Pittman with 16. Larry Swiggett and Luke Livingston led the J.V.'s with 14 and 13 points, respectively. The good passing of Art Taylor was also very evident throughout the game.

J.V.	49
Parrish	4
Livingston	13
Wilson	4
Swiggett	14
Taylor	4
Bullets	72
Lawrence	7
Davis	31
Morris	6
Pittman	16
Hudspeth	6
Subs. — High Point — Cecil 4, Sellers 1, Gilley, Roberson 2, Fussell 2, Fornyduval 1, Jolly.	
W-S. Bullets — Snyder 4, Young 2, Eller.

THE COMING SEASON

The 1956-'57 basketball season is under way.

High Point College is away at a flying start in pursuit of the championship of the North State Conference. Although a conference game has yet to be played, the Panthers have racked up three straight wins over outside opponents. Although two of these wins were over relatively weak opposition, the Panthers showed potential rebounding and shooting strength.

The North State Conference is really going to be a fast league this year. All of the teams are strengthened over last year and to win constantly in this league, the Panthers are going to have to play pretty sharp basketball. Elon and Atlantic Christian are going to be strong again this year, and Western Carolina will again be trying to out hustle all of the other teams in the conference. A fact which can readily be seen in the Panthers first three games is that they are going to make fewer mistakes than they did last year. It is known around the conference that High Point and East Carolina are especially hot on their own home courts. This factor is going to make them extra hard to beat in Harrison Gym.

IMPROVEMENTS OVER LAST YEAR

Passing has improved about 30% and this one item is going to win quite a few basketball games. The boys are making short, quick passes and giving their man that half-a-step needed over the defense. It seems as if the players are concentrating on their passes more and therefore making fewer bad passes.

Better shooting is in great evidence. I think that Bobby Pharr is the most improved shot on the team. Bobby has already proved himself as a fine defensive player, and this year he looms as an offensive threat. Bobby Dunbar, Steve Afendis, and Tom Payne are much improved in the shooting department also. With these four players vastly improved from last season, High Point will have depth all the way down the line. The team as a whole has improved in its shooting mainly because they are not taking as many bad shots as they did last year. They are working the ball around and getting good shots and therefore are bound to hit a higher percentage. Last year where the team was making one and two passes before they shot this year they are making five and six. When they get the defense out of position they pass the ball over to the man in the clear and he shoots in an easy one.

You can not beat a team unless you can keep them from scoring and to keep them from scoring you have got to play good defense. Last season High Point's main trouble was stopping the other teams from scoring. In a number of games we scored ninety points or even a hundred and were still beaten. This should never happen. As the old saying goes "a team's best offense is its defense." Coach Yow has been placing more emphasis on defense this year and from this stage of the game it looks as if his efforts are fairly successful. If Coach Yow can solve this big problem, High Point is going to be tough to beat, because every one in the Conference knows that we can put that ball through the hoop.

The fewer shots you get at the basket the less chance you have to score. That is the main reason why rebounds are so important. One or two men on a team cannot do all the rebounding no matter how good they are. Jack Powell was just about the only thing we had last year in the way of rebounders, but this year he is getting help from other sources. Ken Williams has shown improvement over last year and is more aggressive on rebounds. Danny Sewell has shown good promise as a rebounder; he goes up there and gets the ball and even more important than that, he hangs on to it after he gets it. With Jack, Ken, and Danny under the boards High Point ought to get their share of rebounds. Two big men in a game at one time can not get all of the balls off the boards. They have got to have help from the other three men. A team has got to have either three or four men under the boards to make sure that they get the ball or it is likely to land in an opponent's hands. With a united team effort High Point could control the boards in most of the games they play, bettering their chances of winning.

One of the biggest improvements over last year is the "team spirit." There is no doubt about it you have got to have "team spirit" and cooperation to win. I predict that "team spirit" and "hustle" will win a lot of ball games for the Panthers this year.

HOW CAN THE STUDENTS HELP?

They can back the team by (1) yelling, (2) attending home as well as away games, and (3) praising instead of giving harmful criticism.

SICK 'UM . . . PANTHERS

Baby Panthers Edged Out By Pfeiffer Juniors

by Murphy Osborne

Coach Wayne Hoover's Junior Varsity squad made a very admirable showing against the Pfeiffer J. V. team but came out on the short end of a 66-64 score. The game was "neck and neck" throughout and with thirty seconds of play left in the game, the score was tied. Then Freeman of the Pfeiffer team scored on a beautiful shot. The H.P.C. Jayvees received the ball, but because of the tight defense used against them, they were unable to maneuver a shot close to the basket. Finally, with time running out, Luke Livingston was forced to shoot a long, desperate shot. The ball went up in the air in its flight toward the goal but was inches short. The ball fell to the floor as the buzzer sounded ending the game.

Russell led the winners with 22 points while Swiggett led the losers with 20. Parish, Livingston, and Wilson grabbed a big majority of the rebounds and proved to be a big asset. Cecil and Fornyduval set up many of the scoring plays and contributed their share by playing a good defense.

Personality of the Month

Jahala Eudy

By Shelby Mosley

A sparkling laugh and a twinkling eye - that's Jahala's trademark. A bubbling personality, diversified talents, and a pleasing appearance make Jahala a popular co-ed here at H.P.C.

Jahala is a primary education major from Charlotte. A senior, she is secretary of Alpha Gamma Delta social sorority and of the Student Christian Association. She belongs to the Baptist Student Union, the Tower Players, the A Capella choir, and the Future Teachers of America. For her outstanding leadership and loyalty she was recently chosen to membership into "Who's Who."

During the afternoons and other free periods Miss Eudy can be found at work in the Registrar's office. She has worked here in the capacity of office clerk since coming to High Point College. Most of her free time after working hours is spent in the company of the college photographer, Kyle Stirling.

To know her is to love her, for even with a name like Jahala Eudy, a rose by any other name smells as sweet.

Christmas Dance To Be Tomorrow Night

Chapter Rooms Declined By Fraternities

by Delbert Kirkman

That fraternity and sorority chapter rooms are no longer desired was the decision in a meeting of organization presidents with the college administration.

Dr. Cooke, realizing the immediate importance of the issue, called together leaders of the college fraternal orders. After reviewing present tentative building plans, Dr. Cooke pointed out that space had been provided for five chapter rooms in the area now occupied by the coaching staff in the old gymnasium. He told the group that room would be found in Woman's Hall for some sorority rooms. The program was discussed, and the opinion was expressed that the plans were much better than that which is presently available. At the same time the discussion brought to light the fact that this plan would not adequately serve future needs. The group reached a unanimous decision to postpone the present building plans and to seek out a project more suited to High Point College's rapid improvement program. It was decided to look into the possibility of lodges such as are now located at Davidson College.

Present at the meeting were Dr. Cooke, Dean Allred, Mr. Williams, the presidents of all the fraternities and sororities, and the president of the I. F. C. Dr. Cooke presided over the meeting.

The college will now have to revise its program to use the new space for other needed organizations and projects; meanwhile the fraternities are studying the problems involved in reducing the new program to the drawing board.

Davidson College, like High Point College, is a church-supported school and is restricted in having fraternity houses. It has a series of lodges wherein each fraternity constructs a building according to college plans. There is spacious area for meetings and stowage. This same building is often used for small dances.

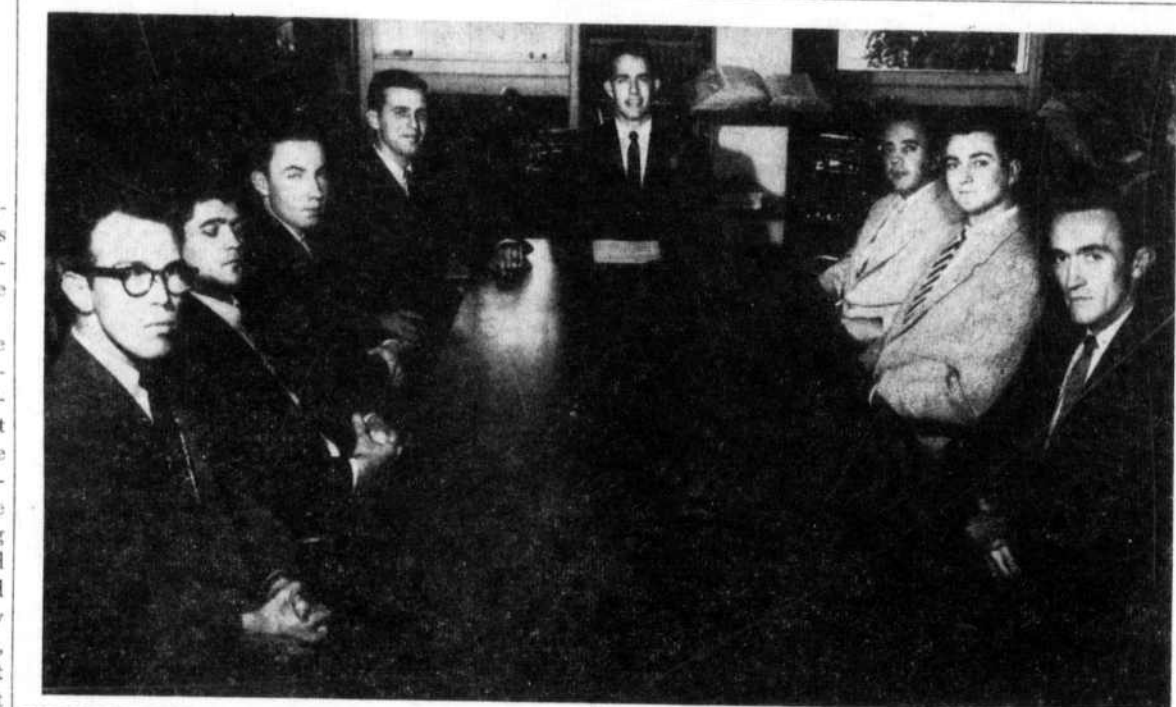

The building contractor was to have picked up the plans for the changes in the present gymnasium the afternoon of the meeting, but the new changes will require new blueprints; therefore, building at present is being halted.

"Berlin, 1956" Presented By Dr. Muldrow

"Berlin, 1956," a program of slides and explanations, was given to the last meeting of the International Relations Club by Dr. Muldrow. The slides were taken last June during a trip to Berlin, now an island in the midst of Russian control. Dr. Muldrow was visiting her brother who is with the U. S. Army in Berlin.

A highlight of the trip was a tour planned by Army Special Services of both East and West Berlin. West Berlin is now governed by the Allied Council of Great Britain, France, and the United States. East Berlin, now under Russian occupation, includes the heart of old Berlin.

Of interest in the tour of East Berlin were a trip to the Russian War Memorial Cemetery and a ride down Unter den Linden. This street was formerly the main street of Berlin and was famous for its linden trees. Another interesting street is the Stalin Allee, a model street constructed by the Russians. It leads past the remains of Hitler's bunker and through

IFC MEMBERS. Pictured above are IFC members Roger Shelton, Delta Sigma Phi; Bill Tyson, Sigma Phi Epsilon; Gordon Nifong, Theta Chi; Craig Kester, Lambda Chi Alpha, Treasurer; Bob Duncan, Pi Kappa Alpha, President; John Perry, Sigma Phi Epsilon, Vice President; Coy B. Homecoming Festivities Set For January 19; Queen To Reign

The annual High Point College Homecoming Day will be Saturday, January 19, when alumni and friends of the college return to renew friendships and pay their respects to their alma mater.

The climax of the day will be the coronation of the homecoming queen, who will be selected by the student body in assembly on January 2. The girls were selected by members of the basketball squad.

Contestants and their sponsors are: Dale Lee, freshman, sponsored by Harold Crump; Pat Jordan, junior, by Tom Payne; Mrs. Pat Paschal, alumna, by Jack Powell; Martha Shelton, junior, by Paul Stanton; Shirley Yokley, sophomore, by Sonny Thornton; Shirley Miller, junior by Ken Black.

Mrs. Jean Davidson, alumna, sponsored by Bobby Dunbar; Sylvia Holt, sophomore, by Bill Huegele; Betty Mullis, sophomore, by Bobby Pharr; Ann Kurfes, sophomore, by Steve Afendis; Janice Solomon, sophomore, by Maury Beachot; Ann Kerr, junior, by Ken Williams; Jackie Hoover, senior, by Danny Sewell; and Pat Bean, sophomore, by Phil Crockett.

Activities will begin at 1:00 p.m. with a luncheon for the executive committee and officers of the Alumni

Association, with Edgar Snider of High Point as president.

The plot concerns a Yankee farmer who sold his soul to the devil and managed to regain it by virtue of his lawyer, Daniel Webster.

The second play, entitled "The Happy Journey from Trenton to Camden," by Thornton Wilder, concerns a family driving to visit a married daughter. It typifies an average American family on an outing.

All alumni, faculty, students, and friends of the college are urged to attend these presentations, which will be given free of charge.

Dr. and Mrs. Cook will be at home to alumni and campus visitors from 3:30 until 5:00 in the afternoon.

At 5:00 p.m. the college band will be on the athletic field adjoining the stadium for the student-alumni pep rally in anticipation of the ball game Saturday night.

The student supper hour has been changed to 5:30 on Saturday, January 19, because of the Homecoming Day schedule.

A barbecue supper in the student center at 5:45 will be free to all alumni and campus visitors, although the college students may pay \$1.00 and join in the feast.

Crowning the day's activities will be a basketball game between Appalachian State Teachers College and the High Point Panthers at 8:00 p.m. The college band will furnish music.

During halftime the coronation of the 1957 HPC Homecoming Queen is to take place.

The day's festivities will be completed for the alumni and basketball players with reception in the student center, and for the students, with a sock hop in the gymnasium.

A special effort is being made to have the Miss HPC's, the majorettes, the cheer leaders, and champion basketball teams of former years on campus for the day.

Over 300 alumni are expected. The Interfraternity Council is co-

operating in the preparations for the event. Sylvia Fox, president of the Panhellenic Council, and Bobbie Barrett, president of the Woman's Dormitory Council, expressed the willingness of their respective organizations to take part in the welcoming.

Christmas Holidays Begin Tuesday, End January 2

The beginning of the traditional Christmas holidays and the oncoming of final first semester examinations brings to realization the fact that this semester of the 1956-1957 school year is drawing hastily to an end.

Beginning at 1:30 Tuesday, December 18, High Point College students can breathe a long sigh of relief and proceed for the next two weeks to enjoy a long-anticipated Christmas holiday.

The dormitories will close as they are vacated by homeward-bound students, eagerly packing and planning

every precious moment to be spent at home with loved ones.

Classes will resume, beginning with the 8:20 class on Jan. 2, 1957.

Class absences will be considered double cuts both on Tuesday, December 18, and Wednesday, January 2.

The officers of the Interfraternity Council are: President, Bob Duncan, Pi Kappa Alpha; Vice President, John Perry, Sigma Phi Epsilon; Secretary, Coy B. Leonard, Theta Chi and Treasurer, Craig Kester, Lambda Chi Alpha. Other Council members include Fred Noble, Pi Kappa Alpha; Bill Tyson, Sigma Phi Epsilon; Thad Hartley, Theta Chi; Bill Huegele and Fred Peters, Tau Kappa Epsilon.

Others are Roger Shelton and Buddy Brawley, Delta Sigma Phi; and John Madison, Lambda Chi Alpha.

The event will be semi-formal, and strictly no flowers will be the byword for men.

The jackets, which are medium gray with white piping and the college emblem engraved, are ordered from Friedman's of High Point. The price of the jackets is \$17.34 plus the cost of the emblem.

School jackets are to be worn by the girls at High Point College. The idea was suggested by Jo Harrington at a relatively recent dorm meeting, and the majority of the girls were in agreement. A committee of Nancy Miller, Jo Harrington, and Bobbie Barrett worked out the details.

Burt Massengale And Band Will Furnish Dance Music

by Cecil Thomas, Jr.

Smooth dancing to the soft and tantalizing music of Burt Massengale and his Orchestra will be the annual winter entertainment feature of the High Point College campus tomorrow night at the Interfraternity Council Christmas dance. The dance, sponsored by the IFC, will be held from 8 to 12 p.m. in Harrison Gymnasium and is open to the entire student body and outsiders. The annual event is expected to be one of the social highlights of the college year.

Three New Courses, One Night Class To Be Offered

New courses are being offered second semester, some for the first time, others being renewed from past years. Most of these courses were announced by Dean Conrad in assemblies and in the various departments concerned, giving the students time to sign up for them. Following is a brief comment on these new courses.

English: #29 under Miss Idol. To cover English and Scottish Ballads. This course is not offered every year. A course called World Literature is going to be offered and next year it will take the place of A Survey of English Literature.

Modern Languages: Anyone interested in beginning Spanish second semester may do so at 8:20 on Tuesdays, Thursdays, and Saturdays under Dr. Smyth.

Religion: Devotional Literature, under Miss Bowman. This course will be an appreciative survey of the major writings from soon after the canonization of the New Testament to present day with special emphasis on devotional classics.

Art: A night class originally planned for outsiders will be open to students on Tuesday nights from 7 o'clock to 10. It will be a painting class, mostly in oils. Other new art courses being offered are Contemporary Art #102, and Painting #206.

every precious moment to be spent at home with loved ones.

School jackets are to be worn by the girls at High Point College. The idea was suggested by Jo Harrington at a relatively recent dorm meeting, and the majority of the girls were in agreement. A committee of Nancy Miller, Jo Harrington, and Bobbie Barrett worked out the details.

The jackets, which are medium gray with white piping and the college emblem engraved, are ordered from Friedman's of High Point. The price of the jackets is \$17.34 plus the cost of the emblem.

School jackets are to be worn by the girls at High Point College. The idea was suggested by Jo Harrington at a relatively recent dorm meeting, and the majority of the girls were in agreement. A committee of Nancy Miller, Jo Harrington, and Bobbie Barrett worked out the details.

Intramural Volleyball Takes Shape

Intramural football is over and volleyball season is shaping up with different teams practicing almost every night in the gymnasium.

This season should be a close one from the time the whistle blows for the first game to begin until the end of the final play. All the teams which have been practicing look extremely good and very closely matched.

The TKE Fraternity won the championship last year and will be strong contenders again this year. Other teams that have been pouring on the drill work and which look excellent are SPE, Pika, and Lambda Chi.

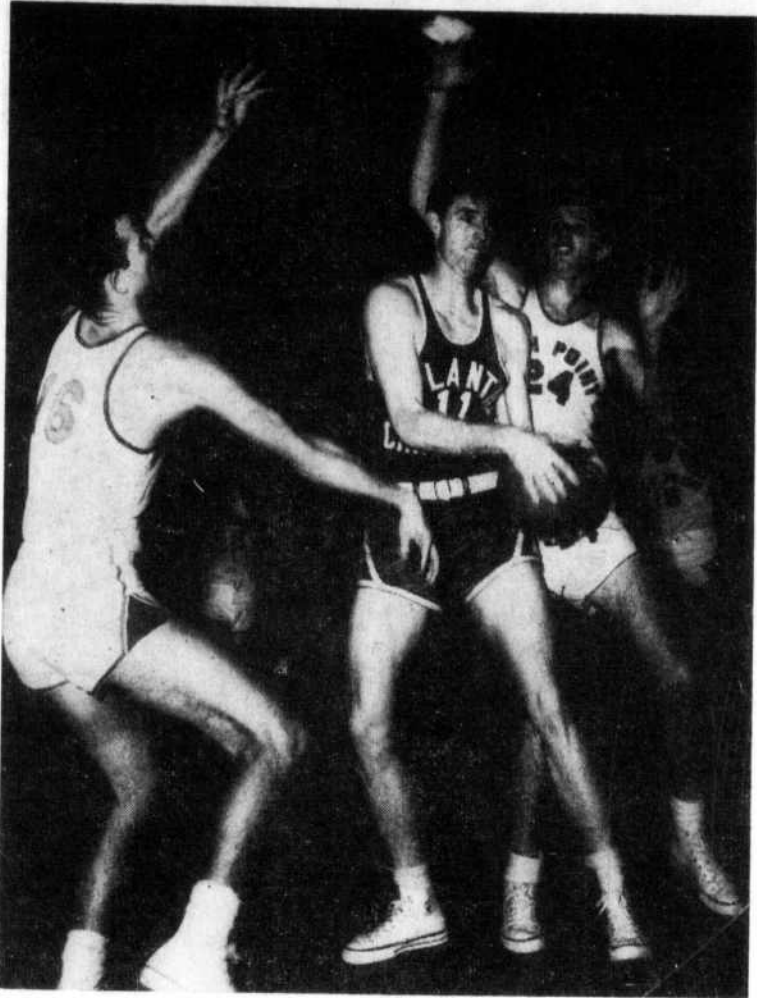

The schedule of games to be played will be posted on the bulletin board at the Bookstore.

Panthers Lose First Conference Game To Atlantic Christian

by Murphy Osborne

The High Point Panthers cut down an 18 point lead by the Atlantic Christians in the first half to one point in the second half, but were unable to subdue the powerful Bulldogs from Wilson. After the first 20 minutes of the game, the Christians had mustered a 36-18 lead; however, with 9:55 remaining in the game, the Panthers had fought themselves within one point of the soaring A. C. team. It was at this time that the big bomb was dropped. John Marley, a 6' 11" center, dropped in two charity shots, Charlie Hester hit for two consecutive field goals, and the weary Panthers fell behind again. When the dust had cleared and the game ending buzzer had sounded, the score stood 91-83 with High Point on the short end.

Jack Powell led the Panthers with 18 well-earned points, while Bill Huegele and Danny Sewell contributed their share with 15 and 14 points, respectively. Powell and Sewell grabbed

Long John Marley, 6' 11" Atlantic Christian star, proves too much for HPC tall boys, Ken Williams and Paul Stanton. He collected 20 points in AC's 91-83 victory in Harrison Gymnasium.

bed many rebounds throughout the game, which contributed tremendously to High Point's comeback. However, it was the masterful shooting of Billy Widgeon that stole the show. He scored 29 points, 20 of them coming in the torrid first half. Marley followed him in the scoring column with 20 points. Shooting percentages saw the Bulldogs hit on 51% of their shots in the first half while High Point hit only on 32%. In the second half, the Panthers found the range and hit an admirable 50%.

by Ray Wicker

Will New Gym Be Finished Next Year?

I don't know the answer to this and I doubt seriously if anyone else does. I do know this, we need a new gym very badly. Besides all of the comfort and the facilities that the new gym will provide, it will benefit Coach Yow considerably in his recruiting. What high school player wants to come to a college that does not have a good gym to play in? After the new gym is finished, we can expect better attendance at our games from the people of High Point. Older people like to watch basketball, but they do not like to be inconvenienced to do this. It would be great to win the North State Conference during the last season that we will probably play in Harrison Gym.

Statistics

After the completion of the first six games, Jack Powell leads the individual scoring for the Purple Panthers. He has scored 101 points in six games for an average of 16.8 points per game. Close on his heels in Bill Ruegele with an average of 14.9 points per contest. Danny Sewell is the only other man over the 10 point mark.

The team has a good shooting average of 43.4% per contest but the foul shooting is only 71.7% per game. Our opponents have an average of 78.3 points per contest. The Panthers have an average of 84 points per game, this in only 6 points a contest higher than our opponents average and gives an indication how close our games have been.

Games Before Holidays

Atlantic Christian, East Carolina, Newberry, are the home games and we have one away encounter with the strong McCrary Eagles.

HPC Cagers Rout Quakers In Opening Conference Tilt

The Purple Panthers under the direction of Coach Yow, ran Guilford off the floor the first half and then fought off a surprising Quaker uprising in the second half to defeat the Quakers by the score of 74-64.

In the first half High Point played peerless ball and racked up about a twenty-five point lead midway in the second quarter. Bill Huegele, Danny Sewell, Jack Powell, and Marty Beauchot led the scoring for High Point.

The first half was one of the finest exhibitions of basketball both on offense and on defense that this reporter has ever witnessed a High Point College team play. The rebounding was excellent and the passing was sharp.

The only thing that kept Guilford in the game was the spectacular play of Don Henric, who collected twenty-one points for the evening.

If the Panthers can continue to play the type of ball they played in the first half, all of the teams in the North State Conference had better watch out.

Growing Up With Christmas

by Barbara Ayres

Who can ever forget the glowing excitement of the Christmas season to a child? There are the weeks of anticipation, filled with teasing reminders of Mother baking fruit-cakes, a sister playing carols on the piano, or an older brother bringing in a Christmas tree. The child happily enumerates to all adults just what Santa Claus is going to bring and writes letters to the jolly old saint who is as real to children as a favorite aunt or uncle. To the adult looking back on his childhood, Christmas was always a special, golden wonderland in which all trees touched the ceiling, and snows were never less than ankle deep. There was the quiet reverence of a Christmas Eve as Mother told the Christmas story, the hushed wonder of Christmas morning, as the children examined the filled stockings, the ear-splitting noise and gaiety of a Christmas afternoon at Grandfather's house when all the grandchildren vied in making the most racket. Christmas — what a merry, merry children's fairyland!

Few people grow older without looking back and faintly regretting the mystery and the excitement of that childish holiday world before they realize that no one ever really loses Christmas. There is a difference, of course, a wonderful, glowing difference, to an adult Christmas can mean comprehension of the first great gift to earth, God's love in the form of His Son. There is a new and vital meaning to the sound of Christmas carols, the chime of church bells on Christmas Eve, the return home for the holidays after a long time away. There is the thrill of getting ready for the holidays, shopping, baking, wrapping presents, making the house festive and beautiful, organizing the church program, reading Christmas stories to a little child, or helping to tuck up a stocking. There is the realization that the one thing better than receiving the gift of Christmas as a child is preparing the gift of Christmas for others whom you love.

Personality of the Month

C. W. Faulkner —
Courtesy plus intelligence plus popularity
by Shelby Mosley

As Emerson said, "Life is not so short that we can't take time to be courteous." C. W. Faulkner, our outstanding personality for the month of December, puts this belief into action in daily life. A very friendly and personable boy, he excels in popularity and intelligence. He is compiling a triple major in mathematics, English, and religion.

From Walkertown, C. W. is vice president of the Student Government, was president of his freshman class, is a member of Delta Sigma Phi fraternity, plays basketball, football, and tennis, and works with the Junior Hi-Y at the Y.M.C.A. For his high scholastic average, leadership qualities, and citizenship he was recently selected as chief marshal for 1956-57.

After completing his education at HPC, C. W. plans to go into the ministry. We who know him are sure he will be successful in leading people spiritually just as he has been successful in leadership here at the College. Since he is only a junior the College will again feel his leadership pulsating on campus next school year.

In Search Of A Star

We have the bells of Christmastide,
A warm and friendly fireside,
And windows shining in the night
With holly wreaths and candlelight,
The children's voices ringing clear
With messages of joy and cheer,
The hurried shoppers, cheeks all wet
With falling snow. All this — and yet
We need a star.

We have so much to do and see
For Christmastime. Could it be we
In midst of bustling festive scenes
Sometimes forget what Christmas means?
In our too busy, troubled days
Sometimes we, fearful, lose our ways
And need a rudder for our souls,
A light to point us to our goals.
We need a star.

Lead us to where a baby lies
On some green hill beneath calm skies.
In hushed and reverent quietude
Cast out our doubting attitude.
Teach us who struggle how to kneel
And find the wondrous Presence real.
Glad-hearted take his gift of love,
And kneeling there, to look above
And find a star.

— Barbara Ayres.
