Captures Sports Spotlight

By Benny Phillips

In as much as High Point College does not have a varsity football team, the athletes who participate are forced to look elsewhere. The Intramural football team is one of the most popular sporting events. Two teams remain undefeated in the Fall Intramural football. They are the Bulldozers, who are made up of students, and the Lambada Chi Alpha Fraternity team.

The bulldozers have shown great power, but they have had a few bad breaks. This being only about the few bad breaks. This being only about the two teams remaining undefeated in the fall season. With every team having to play four or five games, there could be many changes in the standings before the end of the season.

All students are urged to attend the games and support their favorite teams. The standings as of October 12, are as follows:

This season, the games are being played every afternoon except for Friday and the weekends at the baseball field. This field is between the science building and the football stadium. All games are posted on the bulletin board in the front of the book store and all games start at 3:30 o'clock. This is a part of your college which dramatically, does not cost you anything, so why not utilize your opportunities and come down to watch the intramurals.

Everyone who plays in the intramural football thoroughly enjoys it, and the few spectators who come down are always fully entertained. The only regret is, that more people do not come down to games. SHE WALKS IN THE TRUTH

The student body of High Point College witnessed another impressive ceremony and musical performance on November 1, 1956, when the Lambda Chi Alpha fraternity held its Initiation Dance in Memorial Auditorium. The event was highlighted by a serenade from the Kappa Alpha Psi fraternity, which sang a song to the newly initiated members outside the auditorium. This tradition has long been a hallmark of High Point College's social scene, and it continues to be an important part of the student experience.

The music and festivities on this occasion were just the beginning of the weekend's activities. On Saturday, November 4, the Delta Sigs had a semi-formal dance at the American Legion Hall. The event was notable for the enthusiastic attendance and the lively atmosphere that prevailed throughout the night. The following day, October 25, the Lambda Chi Alpha fraternity held its Initiation Dance, which included a serenade from the Kappa Alpha Psi fraternity. These ceremonies are held to celebrate the achievements of the brothers and sisters in the fraternity and sorority organizations.

The weekend's events were not limited to the social gatherings. On Friday, October 30, the Delta Chi Sigma sorority initiated their new members, and on November 1, the Lambda Chi Alpha fraternity held its Initiation Dance, which was attended by members of the Kappa Alpha Psi fraternity, who serenaded the initiates. These events are held to celebrate the achievements of the brothers and sisters in the fraternity and sorority organizations.

The Lambda Chi Alpha fraternity is one of many social organizations on campus, and their initiation ceremonies are an important part of the student experience. These events are held to celebrate the achievements of the brothers and sisters in the fraternity and sorority organizations.

Music Notes

The Concert Band has charged the college assembly program with a more precise piece of paper. It is the duty of the judiciary Council to see regulations by this, and to enforce them. This is a great step, with the backbone of student government. The first was held and look at our judicial Council. If the judiciary is presented to be reviewed, no effective system of trial is practical, and little is being done to enable the fraternity to effect a better judgment on matters of constitutional importance. The procedure for trial, peer is, and public, is presented to be reviewed, no effective system of trial is practical, and little is being done to enable the fraternity to effect a better judgment on matters of constitutional importance. **Junior Varsity Squad Shapes Up**

Mr. Wayne Hoover is shaping up a very strong competition, and it is quite apparent that he has planned for a good season. Last year Coach Hoover started the varsity, and at the end of the season he felt that he had a team that was ready to play against the big boys. This year the coaching team is ready to give his full support to the experienced ball players he needs.

Last year Coach Hoover started out with a group of experienced men who, last year, led the faculty, and the faculty by the end of the season had been dropped. This year they are back, and there are a few other men who have practiced since last year. Mr. Hoover will not release the full lineup of the players until after the first practice. He plans to have his style of play and his style of coaching. He plans to have his men work on the various phases of the game, and it looks as if they will have a very strong team.

Mr. Hoover has added the height of Mr. Bill Schilling, who was a former college player, to his team. He plans to start Mr. Bill Schilling, Miss Sarah Owen, and Mr. Jack Hoover. Last year he started two other boys who had been with the varsity. He is working with two other boys who have practiced since last year. He plans to have his team start strong. Lindley Chapel

I take the fabric of my troubled day into the chapel, and I leave it there. I come to the center of the circle, and I, too, become a circle.

And I come out with a new circle different from the others.

Sohl, a craftsman, creates the object that will hold the messages of the heart. For although the circle is a symbol, it is real. It is the circle of love and purpose that gives to life its meaning. It is the circle of prayer and praise. It is the circle of faith and hope.

The choral director, Mr. Hyatt, stated that the college choir will present Christmas music in an assembly program on December fifth.

Alfred S. Joiner, a music major, has the first taste of sorority partying as a member of Pi Kappa Alpha Fraternity. The pledges had their first initiation ceremony later at a local nursing home.

Pound HPC Purple Panthers Subdue Pfeiffer College Panthers

The Panthers were forced to go down to the last wire to subdue the Pfeiffer College Panthers on November 20. A pair of free throwers by Danny Sewell with five seconds to go secured HPC the victory.

In the first half of the game, Sewell led the first team and two on the second team. Jack Powell played his usual excellent game, and as he has become a habit with him, he was in the right place at the right time.

The Panthers led most of the way through the game and the game was about half-time 25-20. HPC played a brilliant second half to overtake the staunch men of Pfeiffer. Strong rebounding by Jack Powell and Danny Sewell was a forcible factor in the success of the Panthers. Together they pulled 22 rebounds. Bobby Pharr and Marty Beauchot played an excellent center game, and they held the Pfeiffer big gun Bryant to 18 points. Hargrave and Sewell led the Panthers in shooting; Danny getting 18 and Bill Place 10 points.

On November 24, with the aid of another brilliant second half, the Panthers pulled their second consecutive game out of the fire. The first team held Pfeiffer College. Hargrave was leading by as much as 18 points at one time and the third quarter with the Himalaya of 19 and 20 points. Superb shooting by Jack Powell in the final quarter led HPC to victory. High Point played poorly the first half and Pfeiffer was exacting in the second. They were working from the floor and defense and contributed heavily to the winning effort by the Panthers.

By Shelby Mosleh

Jahala, a sparkling laugh and a twinkling eye mark. A bubbly personality and different ways of speaking, she is a daughter of Alys Garcia-Delfosse and the former wife of High Point College. Jahala is a charming young woman from a family of women. She is the mother of Ashley Garcia-Delfosse, a junior at the Student Christian Association. She belongs to the Student Union, the Senior Fraternity, and the Student Council of America.

During the week, Jahala can be found at work as a part-time student at the college. She has worked hard in the area of office clerk since her first year at High Point College. Most of her free time after working hours spent in the company of the college photographer, Kyle Stiffler.

To know her is to love her, for even with a smile, Jahala Eudy is a rose among other names smells a sweeter. Never mind.

Panthers Lose First Conference Game To Atlantic Christian

by Murphie Osborne

The High Point Panthers are shown down 13 points lead by the Atlantic Christian team in the first half on the 21st of December. The Panthers have not kept up their winning ways as of late, however, and they fell behind again. When the dust had Settled, John Marley, a 6'11" Atlantic Christian star, proves too much for UPC's defensive line.

Interruption of the game by the Christmas is the only reason that the Panthers were unable to catch up and win. The Panthers need to work on their defensive strategies to prevent such setbacks in the future.

Will New Gym be Finished Next Year?

I don't know the answer to this and I doubt seriously if anyone else does. I do know that the plan to make the new gym is very badly. Besides all of the comfort and the facilities that the new gym will provide, it will benefit Coach Trench accordingly. (What high school player wants to come to a college that does not have a good gym to play in? After the new gym is finished, we can expect better attendance at our games from the people who don't like to be inconvenienced to do this. It would be great for the North State College students of the last season that we will probably play in Harrison Gym.

Statistics

After the completion of the first six games, Jack Powell leads the individual scoring for the Purple Panthers. He has scored 101 points in six games for an average of 16.8 points per game. Close on his heels in Bill Raggse with an average of 14.9 points per contest. Denver Sewell is the only other man over the 10 point mark.

The team has a good shooting average of 43.4% per cent but the foul shooting is only 71.7% per game. Our opponent have an average of 57.3 points per contest. The Panthers have an average of 84 points per game, this is only 6 points higher than our opponent average and gives an indication how close our games have been.

Growing Up With Christmas
by Barbara Ayres

We all remember our childhood Christmases. We remember the excitement of the season as the days before Christmas approached. It was a time of new toys and the promise of sugar cookies stuffed with colorful sugars. We remember the ritual of opening presents in the dark of the morning, the hushed wonder of the moment. We remember the children's voices ringing clear and windows shining in the night. We need a star.

The children baking fruit-cakes, a family activity that brings everyone together. The children playing carols on the piano, a reminder of the old times. The children decorating the house with lights, the trees touching the ceiling, a real tree to children as a lavendarth, the aunt's house where all the grand-babies liked to make the most racket.

There was the quiet reverence which all the children knew, the hushed wonder, the children examining the gift of Christmas and the children's faces shining with joy. We need a star.

A warm and friendly fireside, the children's voices ringing clear and windows shining in the night. We need a star.

A very friendly and personable boy, he excels in popularity and intelligence. He is compiling a triple major in mathematics, English, and religion.

From Walkertown, C. W. is vice president of the Student Government, was president of his freshman class, is a member of Delta Sigma Phi fraternity, plays basketball, football, and tennis, and works with the Junior Y's of the T.M.C.A. For his high scholastic average, leadership qualities, and citizenship he was recently selected as chief marshal for 1956-57.

After completing his education at HPC, C. W. plans to go into the ministry. We who know him are sure he will be successful in leading people spiritually just as he has been successful in leadership here at the College. Since he is only a junior the College will again feel his leadership pulsating on campus next school year.
