Semester Examinations Begin Today And End January 24; Pre-registration In Effect

Examination Schedule

JANUARY 16 - 24, 1956

January 16
8:20 A.M. All sections History 1, History 5
10:30 A.M. All sections Business 33
2:00 P.M. All sections Psychology 1 and Education 33

January 17
8:20 A.M. All sections Spanish 1, 3, Seward French 1, 3, 7
10:30 A.M. All classes scheduled for 12:20 MWF
2:00 P.M. All sections Biology 1 and Business 2

January 18
8:20 A.M. All classes scheduled for 11:20 MWF
10:30 A.M. All sections English 23
2:00 P.M. All sections English 1 and Sociology 1

January 19
8:20 A.M. All classes scheduled for 9:30 MWF
10:30 A.M. All sections Math 1 and Math A
2:00 P.M. All classes scheduled for 10:20 TTS

January 20
8:20 A.M. All sections of Religion 1
10:30 A.M. All sections scheduled for 11:20 TTS
2:00 P.M. All classes scheduled for 8:20 MWF

January 21
8:20 A.M. All sections of Business 1
10:30 A.M. All sections scheduled for 11:20 TTS
2:00 P.M. All classes scheduled for 12:20 TTS

January 22
8:20 A.M. All classes scheduled for 10:30 TTS
2:00 P.M. All classes scheduled for 11:20 TTS

January 24
8:20 A.M. All sections scheduled for 12:20 TTS
10:30 A.M. All classes scheduled for 1:30 TTS & Thurs.

If a course is specifically mentioned above (for example, English 1, Religion 1) the period assigned must be used for its examination only from the period it would fall on in the general class schedule.

Seniors Urged To Apply For Graduation

Today, January 16, the final examinations for the first semester of the 1955-1956 school year begin and will continue through January 24. Then, on January 25, in January 29 the final set of examinations should be completed by the taking of the registration cards to the registrar's office in each class two days before the final examinations begin.

REGISTRATION PROCEDURE

The catalogue dates for spring registration are January 25-26. However, all students who have elected to live on the campus and who are currently enrolled are urged to begin the process immediately by obtaining the necessary forms from the registrar's office and, with the aid of counseling from advisors, working out a schedule of classes. Those seniors who complete spring registration prior to January 25 will be accepted without delay and returns requirements as outlined in the catalogue will be followed.

After the freshman year, a student must pass at least 39 semester credit hours to be eligible for graduation.

Blackboards and specials must be signed by the head of the department in which they are majoring. Exceptions and reservations may be made by obtaining the necessary forms from the registrar's office and, with the aid of counseling from advisors, working out a schedule of classes. Those seniors who complete spring registration prior to January 25 will be accepted without delay and returns requirements as outlined in the catalogue will be followed.

Dear Editor:

I am writing in response to your recent editorial on the proposed honor system at High Point College. As a member of the student body, I believe that it is important to express my thoughts on this issue.

The purpose of the proposed honor system is to establish a code of conduct that would enhance the academic and personal integrity of the student body. The system would be administered by a committee of teachers and students, and would allow for self-reporting of ethical violations.

While I support the idea of an honor system, I believe that it is important to consider the potential drawbacks. For example, it is possible that students may not feel comfortable reporting violations if they fear negative consequences. Additionally, the system may not be effective in promoting a culture of integrity if students do not feel that they are being held accountable.

In conclusion, I believe that an honor system can be a valuable tool in promoting integrity and responsibility among students. However, it is important to carefully consider the implications of such a system before implementing it at High Point College.

Sincerely,

[Signature]

I used to think that getting married would be the most nerve-wracking experience in the world. I would be nervous all the time. I'd be nervous without being nervous. I'd be nervous just being nervous.

Phil Howery - "School without problems is woe." I'd love to have a problem in school.

Jim Hall - "Getting all classes be-came a reality." And a bar of Milky Way to that young man.

Walt Moore - "An A on calculus is shown to be a reality." Something tells me you won't believe it.

Jack Powell - "For the ball team, thinking begins. If I hadn't heard it, I wouldn't believe it."

Jimmy Newman - "Getting back to the pure, white Viceroy Filter described on this page is easy!"

Gray Everhart - "Having a beautiful lady to help me in foreign languages." Something tells me you wouldn't learn much about foreign languages.

Bobbi Turner - "Having plenty of money, no classes, and a good school experience would be a reality."" On any plain paper, write the name you think most suitable for the picture of the Viceroy Filter Tip torn or cut from the back of any package.

Bill Harpole - "Being on the back-lane in Florida."

Joss Stahl - "Having the privilege of belonging to a town that never worried about money."

Merrill Perkins - "Being married to Prince Rainier III of Monaco."

Walter Ward - "Not having any worries or cares to interfere." And a bar of Milky Way to that young man.

Joann Spell - "Having the privilege of going on any plain paper, write the name you think most suitable for the picture of the Viceroy Filter Tip torn or cut from the back of any package.

Bill Harpole - "Being on the back-lane in Florida."

Joss Stahl - "Having the privilege of belonging to a town that never worried about money."

Merrill Perkins - "Being married to Prince Rainier III of Monaco."

Walter Ward - "Not having any worries or cares to interfere." And a bar of Milky Way to that young man.

Athlete Of The Week
By Marty Neustadt

High Point College's junior forward four games to marry Hazel's Beauty Center. He played in every game, and there was no question of his ability to help the Panthers in any way. The nets were down with injuries, but he was unable to give the opposition a tough time. Hazel's Beauty Center was the most valuable player of the year.

Pirates Down Panthers, 80-71

The East Carolina Pirates 80071 in a contest that the game and never relinquishing the lead by Don Harris with 37 points and Gary Nicholls with 31 points, the Panthers, the Pirates were able to give the opposition a tough time.

These people don't care about Tennessee Ernie singing "Sixteen Tons," or lowly Lana Turner. They watch it and laugh about it too much they can get out of people. I think they should be spread with mud and then spit on.

They sit around and play the races and laugh at the world situation and all they are interested in themselves. So President Eisenhow had a heart attack, so the Russians have renewed their "cold war," so State win the Dixie Classic. That don't prove anything to them. They are proud of others, but are quick to laugh at the world situation. They are lacking in intelligence and their kindness is a threat. There is no good side to them and they can't come near Tom Payne in purity of character.

They must be bitter. They's a pen in the things they've got, put poison in a starring man's music, and steal Howard Porter's red vest. They sit around and play the races and laugh at the world situation. They are lacking in intelligence and their kindness is a threat. There is no good side to them and they can't come near Tom Payne in purity of character.

Ten Students Tapped Into Order of The Lighted Lamp

Presented By Talented Tower Players
"Studio-Pedantics Of '56" Scheduled for 8:00

Kidd Added To HPC Faculty

By Jane Lucas
You name it, we've got it! One of the mottos of the "Studio-Pedantics of '56" is to present the Tower Theater, February 17, at 8:00 o'clock in Memorial Auditorium.

The variety review, written by students of HPC faculty and presented by Miss Jane Delman's premier, three of the red-file events of the year. Every type of entertainment you can think of from the circus line to Harvard cheerleaders will be included in the talent-soup.

You might even get a gadget or two of your professors with their hair down (if they have any). Some of the scenes you will see are:

The Great Nineties with a genuine high school setting.

The Talent Scouts - and let's hope this isn't just a unison stunt.

"Miss America" won't be able to get herself bunt soon enough. And the "arch" in Miss America's name can't even think of a "Gurl" (Hooray for Girls, Denny Wise, Harry, Walton, Phil, Bob, and all the rest).

The Mexican Scene with its music written especially for the show by Dr. Lewis promises to be half of Mexico itself judging by the titles - "In My Hacienda," "Mexicana," and "El Pajarito." "Flora" and "Henry Ore for Culture With a Capital F."

The Charleston Scene will include the girls' favorite dance chorus and a tap solo.

The Modern Scene brings everything up-to-date - what else but jazz - jitterbug.

Ann Krafch will assist the student director for the dance number.

Tickets for the show will cost .50 cents for students and one dollar for adults.

THE ORDER OF THE LIGHTED LAMP - Above are the names of those who were inducted into the Order of the Lighted Lamp in assembly Wednesday. The four juniors and six seniors were chosen from a large number of organizers and are elected by the faculty on the basis of their scholarship, leadership, character, and service.

"It's Wet!"

Miss Bowman Reports On Trip To California

"Now it was all California" was the opening question asked of Miss Chayo Bowman, assistant professor in the department of religious of High Point College, when she returned from her trip there the last January. "Well we had our immediate success for the beneficent not out of Miss Bowman but out of native Californians, the rains had delayed the once-flooded areas of opposite back end of the after a three-day rain, the flooded Calif. scene was over and, the state's climate turned to normal.

The list of students follows:

Dean's List Announced

Dr. Harold Conrad, Dean of High Point College, has announced the names on the fall semester Dean's List, a list which counts a "B" average as well as one lower than "C".

The list of students follows:

Four Juniors, Six Seniors Inducted

Homecoming Attended By 350 Alumni

Rain Fails To Dampen Spirit

By Shelby Masley
The big purple and white banner across the entrance archway proclaimed Saturday at Homecoming Day on the High Point College Campus.

An organization in attendance in the afternoon was 350 college alumni from out-of-state and from all over North Carolina gathered for the annual program of events which marked this 1956 High Point College Homecoming Day. All of the alumni chapters were represented as students, school teachers, ministers, doctors, engineers, businessmen, government workers, and alumni gathered. At least one member representing the class of 1936 was present, and some of the events of this important day.

Alumni were present from New Jersey, Virginia, North Carolina, Virginia, South Boston, Va., Asheville, Charlotte, Mecklenburg County, Salisbury, Watauga County, Greensboro, Burlington, and Wilmington.

The schedule of activities for the day began at 11 o'clock with a parade with the alumni for the Midst of the Lovefloat Parade which was planned to go under the arches of the Alumni of High Point, May 23. Thus for this occasion were also discussed in the brochure.

Harold and Mrs. Harold Maupin of the Lighted Lamp held a reception for the members of the Class of 1936.

HPC To Sponsor Window Display

High Point College will have a window display in the window of the High Point College Museum for the next two weeks beginning March 5 and March 15. To provide a complete picture of the college all organizations will be included to attract the natural curiosity of the student. To conclude a full schedule for alumni and students alike a reception is planned. Students enjoying a "Soda Pop" in the gym

For further information see Waddy Crow in the Public Relations Office.
Dear Editor,

Recently, in the Hi-PO, you have advocated academic standards. In fact, your article made me realize that you thought that academic standards would be a matter of love. "If a student needs only three courses in order to graduate, the rest of us have to suffer a little," you wrote. This is not true, and I would like to correct you on this point.

Your argument is based on the assumption that lower academic standards would make college life easier for students. However, this is not the case. Lower standards would actually make college life more difficult for everyone. Students would have to work harder to get the grades they need in order to graduate. This would lead to more stress and anxiety, and it would also make it more difficult for students to find jobs after they graduate.

In addition, lower standards would not be fair to everyone. Students who work hard and do well in college deserve to graduate with honors, while those who don't work hard should not be able to graduate with honors. This is why I support academic standards. They are essential for maintaining a high-quality education.

Sincerely,

[Student Name]
The Hi-Po in Sports

Panthers End Regular Season Play Tomorrow

Manager Of The Week

Dr. Marty Neutral

The week begins with a bang for the Panthers as they go on to win the regular season title for the third year in a row.

The story:

The Panthers, who have been the dominant team in the league, have been leading the way ever since the season started. They have won 11 of their last 12 games and are looking to clinch the regular season title this week.

The Panthers have been led by their star player, John Smith, who has averaged over 20 points per game this season. Smith has been named the Most Valuable Player in the league for the second year in a row.

The Panthers have also been strong on defense, holding their opponents to an average of 70 points per game. Their defense has been led by guard Mike Johnson, who has been named the Defensive Player of the Year.

The Panthers have been coached by Coach Virgil Yow, who has led the team to two straight regular season titles. Yow has been named Coach of the Year for the third year in a row.

The Panthers are looking to build on their success in the postseason, where they will be looking to make a deep run.

The Panthers will face their toughest test of the season when they take on the league's other contender, the Eagles, in the regular season finale. The game is expected to be a battle, but the Panthers are confident they can come out on top and claim the regular season title.
How would you like to go to college in a land that you knew little about; where life is a completely different pattern? You are like most people you would shudder, and shy away with no idea how to get around. You might like to know about a fellow student who launched out in a "foreign" country and enrolled here at High Point. He's Ben Zambrano, from La Paz, Bolivia, and he is here to study medicine.

Ben's father is the minister of the Methodist church in Bolivia, with a membership of 100 people. Ben became interested in High Point College after a visit by Dr. Wilson Vibber, formerly of High Point, and Dr. Ben Bologny when they came to La Paz on a Mission trip. So here we are. Ben tells us that although he received little encouragement to come here, the people of the U. S. have given him much encouragement to succeed. How did he feel about coming to the U. S.? He realized that being a citizen of the world, and a part of the world, would be friendly to me, and God's hand would guide us both. Ben had a type of friends I like and a type of home. La Paz is so big. Here I have found real heart to live in, and you, the type I told him.

In English, much less Spanish, I translate Spanish homework to Bolivian Inca dialect, as Ben's Spanish is very weak. Whew! Interested I am on a two-week trip to Bolivia. I have a realization I forgot. Ben met Dr. Roy Shackelford and Mrs. Shackelford. They are two people of the U. S. have given Ben much encouragement to succeed. How did Ben feel about coming to the U. S.? He realized that being a citizen of the world, and a part of the world, would be friendly to me, and God's hand would guide us both. Ben had a type of friends I like and a type of home. La Paz is so big. Here I have found real heart to live in, and you, the type I told him.

North State Tournament Defeat Disappoints HPC Supporters; Lenoir Rhyne Won, 88-67
School Spirit And Attendance Were Good

The North State Conference tournament held in Lexington on February 27 was a disappointment as far as High Point College fans were concerned. As HPC was considered to be the "dark horse" in the contest, most people were looking for an upset, but it never materialized. As the Looters left the field, the Renegades were pronounced "crowned" of size 84-67. If ever told had written these lines before the game started that Lenoir Rhyne had the game won, I would have laughed at their face and told them that they had a score to catch before they could even think about going home with the white coats.

This year's tournament seems to have come about the normal level of play. Any school which has a chance to pull out a win must have some real talent to lead them. The Looters, however, were able to win their games by 15 points earlier in the season. This year's tournament was far up to the plate and they didn't want to play the entry level of the competition. They were all that had entered the 1963-64 Conference.

Mr. Richard Cox and Miss Ernes-}

Mark up another story of the charicature which is seen in the Southern press. One of the themes is the belief that Southern children are not being properly educated. This is a theme that has been repeated many times. The cartoon shows a teacher standing in front of a classroom of children, holding a book. The teacher is saying, "We must teach the students to read and write, so that they can be successful in life." The students are sitting in their desks, looking at the teacher, and listening attentively. The cartoon is a reminder that education is essential for a bright future. It emphasizes the need for teachers to provide quality education and for parents to support their children's education. 

By NAACP

The results of the survey showed that 44% of the respondents approved of the court ruling. This is a significant decrease from the 83% approval rate seen in previous surveys. These findings indicate a growing concern among Southern Americans about the enforcement of the court's decision. The Southern residents were asked about their views on the issue and the results showed that they were divided on the matter. Some expressed support for the court's decision, while others were critical of it.

The survey also revealed that the majority of respondents believed that the court's decision had not been implemented effectively. They highlighted the need for the federal government to provide resources and support to ensure the enforcement of the court's decision. The survey results suggest that there is a significant appetite for continued action to promote racial equality in education.

One of the key topics which has been selected for discussion in the series is the role of the Southern states in enforcing the court's decision. The series explores the challenges faced by Southern states in implementing the court's decision and the strategies used to overcome them. It also examines the impact of the court's decision on the education system and the implications for future policy decisions.

The series aims to provide a platform for in-depth discussions on the issue and to promote understanding and action to address the challenges faced. The series is expected to attract a wide audience, including educators, policymakers, and the general public. It promises to be a valuable resource for those interested in understanding the complexities of the issue and the ways forward.
SGA Activities

What has happened to the Student Government Association here on Campus? To many observers the SGA has died and is no longer functioning. There are several speculations that may be answered as of yet, which are vital to the everyday life of the student body. What will be the S.G.A. to do improve its position, on campus? What has happened to the spirit of the SGA? Are students interested in the SGA do they feel that this is the time to improve the SGA's standing on campus?

At least, most modern college would become a place of revelation and development. And today's students are another result of the SGA. Last year a small but strong group of students got together and submitted a proposal to the administration. The students did not have to wait long before submitting the proposal the administration. The students were given a chance to let their voices be heard. After their proposal was submitted the SGA was called to order. And so the SGA met and let's get some action. The college is in need of some student Government.

Bookstore Care

"Wouldn't it be wonderful to have a larger, better equipped bookstore?" is a frequent wishful query among the campus. According to the present bookstore situation, it would be a very long time before a new bookstore would be purchased. If you have ever been inside the bookstore you might be able to note the condition of the present bookstore. Owing to the present condition, it is essential to buy the most important books for the college. Without the proper equipment, it is impossible for the college to function properly.

And consider the psychological aspect of it. Think of the depression on the student who goes to the bookstore and cannot find a book that he needs. How can you enjoy yourself sitting at a table piled high with silly dance caps and wads of paper. Because, after all, the college cannot function without the proper equipment. The bookstore cannot be compared to pearls, but, of course, the hard working student does not want to lose his money either. So the college would be taking a little more time and money to improve the bookstore. So the bookstore, even though it is in constant use, would last longer.

It Seems To Me

By Jimmy Reavis
Hi-Pos Editor-in-Chief

IT SEEMS TO ME that it is quite high time for the Student Government Association to begin work on a big-name dance band. It doesn't matter if it's only one, the students are capable of it. What a sensory experience, for High Point College students to have the privilege of hearing a band that is more than just a band, of being able to enjoy during the spring. It would, to say the least, be great to have a name that will last for many years and be remembered by the generations to come of the upperclassmen and impress the newcomers.

We are inclined to agree with Gary Thompson, editor-in-chief, Eileen Moser and Gold and Joyce L. Smith and Jimmy Ferrell, editors of the East Carolinian, who believe that "no disgrace to be average." Thompson explained recently in his column, 'Tm inclined to go along with Franklin P. Adams once expressed opinion that the average man is above the average. If a college neglects or ignores an average student, it is neglecting a resource and highly important group of people. Statutes show that this average group of people may very well include many who are better rounded people than the academic upper crust.

"An undergraduate school, if it serve its best purpose should be neither a trade school nor a sort of scholastic paradise where only the elite among the grade-makers may enter. It should like any other school, be a place of resolution and development. And it should, theoretically, welcome the average student who comes as Dr. Welker describes him, 'with no standards, with no philosophy of life. It's a college job to help give him these things."

"As a matter of fact, it appears that in many cases the so-called 'average students' become the graduates of the college or university may be must proud. In all too many cases the top honor of this kind?" And it's the average student who, when the college has been named as the place of the year for the average student, and this year we hope to make it the best one.

Each year the Student Government Association of High Point College elects its new officers for the coming year on Monday night, February 13. They are Sylvia Fox, president, Bob Duncan, secretary, Nance Hayes, treasurer, Sue B., treasurer, Beverly Abell, assistant treasurer, Pat Jordan, editor, and Barbara Wilson, membership chairman. Our congratulations go to these new officers.

ALPHA GAMMA DELTA

At three o'clock each Monday afternoon on Saturday, February 25, eight Alpha Gamma pledges were initiated into full membership of Alpha Gamma Delta. They are: Mary Ruth Smiley, Delta, and Barbara Wilson, Miss Muster, Roberta Hill, Roberta Goggin, Jardie Holden, Phyllis Singleton, and Phyllis Singleton. The rush banquet was held in the Morton Hotel Ballroom. The new members will be those who will be living in the dormitory at the beginning of the spring semester. The ladies are in their first year of college. And so the ladies have the privilege of hearing a top performer sometime this spring. It would, to say the least, be great to have a name like we did last year to refresh the memory of the members.

We are inclined to agree with Gary Thompson, editor-in-chief, Eileen Moser and Gold and Joyce L. Smith and Jimmy Ferrell, editors of the East Carolinian, who believe that "no disgrace to be average." Thompson explained recently in his column, 'Tm inclined to go along with Franklin P. Adams once expressed opinion that the average man is above the average. If a college neglects or ignores an average student, it is neglecting a resource and highly important group of people. Statutes show that this average group of people may very well include many who are better rounded people than the academic upper crust.

"An undergraduate school, if it serve its best purpose should be neither a trade school nor a sort of scholastic paradise where only the elite among the grade-makers may enter. It should like any other school, be a place of resolution and development. And it should, theoretically, welcome the average student who comes as Dr. Welker describes him, 'with no standards, with no philosophy of life. It's a college job to help give him these things."

"As a matter of fact, it appears that in many cases the so-called 'average students' become the graduates of the college or university may be most proud. In all too many cases the top honor of this kind?" And it's the average student who, when the college has been named as the place of the year for the average student, and this year we hope to make it the best one.

When discussing ways to spend the treasury for the current year, it was determined that it would be best to go along with Franklin P. Adams once expressed opinion that the average man is above the average. If a college neglects or ignores an average student, it is neglecting a resource and highly important group of people. Statutes show that this average group of people may very well include many who are better rounded people than the academic upper crust.

"An undergraduate school, if it serve its best purpose should be neither a trade school nor a sort of scholastic paradise where only the elite among the grade-makers may enter. It should like any other school, be a place of resolution and development. And it should, theoretically, welcome the average student who comes as Dr. Welker describes him, 'with no standards, with no philosophy of life. It's a college job to help give him these things."

"As a matter of fact, it appears that in many cases the so-called 'average students' become the graduates of the college or university may be most proud. In all too many cases the top honor of this kind?" And it's the average student who, when the college has been named as the place of the year for the average student, and this year we hope to make it the best one.
Why do more college men and women smoke VICEROYS than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance found in delicious fruits and other edibles!

1. Yes, only Viceroy has this filter composed of 20,000 tiny traps. You cannot obtain the same filtering action in any other cigarette.

2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and demanding demand for filter cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.

4. Viceroy does so easily that you wouldn't know, without looking, that it even had a filter tip ... and Viceroy costs only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROY than any other filter cigarretes ... that's why VICEROY is the leading selling filter cigarette in the world!

Henry Whipple Organ Program In Assembly Feb. 22

By Helena Smith

On Wednesday, February 22, Mr. Henry Whipple, minister of music, at the First Presbyterian Church in High Point, presented a very delightful program of organ music for the assembly hour.

Mr. Whipple heads the First Presbyterian Church for nine years as a member of the Eastern and Musical Art Club in High Point. He received his degree at the University of Michigan and Union Theological Seminary of Sacred Heart.

His selections included: "Toccata in D Minor" by Bach; "Jewel of Paris" by Cimarosa; and "Pastoral" by Bach. "Organizing" by Bennett; "Trans-" and "To Life." Liberman concluded with "Tuba." -Marcello. Mr. Whipple presented appropriate remarks on the music, not only information but entertainment as well.

**Intramural Queen** — Betty Ann Tyrning, Thronesville senior, was crowned the new queen after being selected from a field of eight contestants. Ann was selected from a field of eight contestants in the history of High Point College. In that year, Miss Worthington, Dean Allred, Hobbs, Lambda Chi Alpha; Mary Jewell Smith, sponsored by the Hot Hi-Po Freedom, was a runner-up in the recent "Miss North Carolina of 1954". Ann is also the 1956 May Queen, was a runner-up in the recent "Miss North Carolina of 1956", and selected from a field of eight contestants.

**Betty Tyrning Crowned Intramural Queen March 14**

Miss Betty Ann Tyrning, a senior from Thronesville, was crowned queen of the 1956 Intramural Basketball Tournament Wednesday night, March 14, in a half-time ceremony in Benson Auditorium. Sponsored by the Sigma Phi Epsilon Fraternity, Betty Ann was selected from a field of eight contestants by Miss E. L. Ring, mother of Miss NC of 1956. Mrs. Harold Gerald, wife of Dean Gerald, and Mrs. Ruth Workington-Jones, the 1955 Tournament Queen, crowned the new queen after each contestant had been introduced and escorted to the center of the gymnasium.

In addition to the new title, Betty Ann also received the 1956 May Queen, was a runner-up in the recent "Miss North Carolina of 1956", and selected from a field of eight contestants.

The efficient of Dr. Mary Ruth Howard, a junior from Lenoir City, Virginia. Betty Ann has served for the past two years on the staff of the Alumni Association. She is a member of the Alumnae Association. The sorority of Autos was represented by the S. L. A.

**A resolution of the student body requesting the adoption of an Alma Mater song for High Point College, was adopted by the students and passed the following bills: 1. A resolution to do away with the customary May Day Excursions for the year 1956-57. 2. A bill to adopt an Alma Mater for High Point College. 3. A bill concerning Attendance at class meetings. 4. A BILL CONCERNING ATTENDANCE AT CLASS MEETINGS.**

WHEREAS: We believe that strong and united public school spirit at High Point College is beneficial.

WHEREAS: We believe that the student body should be encouraged to participate in school spirit activities.

THEREFORE, BE IT RESOLVED, BY THE STUDENT BODY OF HIGH POINT COLLEGE THAT:

Section 1: Attendance at class meetings.

There was much interest in the program which will feature the women's choir and the A Cappella Choir. This year she is a junior marshal and has been Music Editor of the Hi-Po. Last year, the group was featured in a formal program of arias by Handel, Cluck and Mozart, and in addition to singing, Helena has been vocal soloist of French songs and will sin solo, a group of French songs and some solos. For the last two years she has been a member of the A Cappella Choir.

In addition to singing, Helena has been vocal soloist of French songs and will sin solo, a group of French songs and some solos. She was presented in a formal program of arias by Handel, Cluck and Mozart, and was a member of the A Cappella Choir.

RECAPITULATION

Last year, the group was featured in a formal program of arias by Handel, Cluck and Mozart, and in addition to singing, Helena has been vocal soloist of French songs and will sin solo, a group of French songs and some solos. For the last two years she has been a member of the A Cappella Choir.

In addition to singing, Helena has been vocal soloist of French songs and will sin solo, a group of French songs and some solos. She was presented in a formal program of arias by Handel, Cluck and Mozart, and was a member of the A Cappella Choir.

Helena will be accompanied by Mr. Salem, an accompanist of considerable experience. The song written by Dr. Lew J. Tyson, Head of the Music Department of High Point College has written a song for High Point College which will be sung on this occasion.

The song written by Dr. Lew J. Tyson, Head of the Music Department of High Point College has written a song for High Point College which will be sung on this occasion.

By Marty Neustadt
Dust Bowls and Cockroaches

The Mid-West is fast for its dust bowl, but it has nothing on High Point College. All of the dust could not see the hands of the NAACP proposition that would keep out the white people. And yet, in the words of one of the students, "We can't be blamed for this. With the power of the press, it is hard to turn a deaf ear to what they say."

Perhaps some day we will be able to make the change that will bring about a better understanding between the races. Until then, let us work toward this goal.

JANE LUCAS

Do you have a dream? I wonder if we tried, a pull on the question how many would be uncertain, may be there are, or what is the meaning of a dream? It is as if we were having a dream and were asking ourselves, "What does this mean?"

But a dream is nothing more than a wish in the mind. It is a wish that we have and that we desire to fulfill. It is a wish that we have and that we desire to fulfill.

JANE LUCAS

SGA Nominations

Student government nominations deadline has been set for March 28. The nomination form may be obtained for the nomination period, which will start at the time of the nominating committee. The SGA nominating committee will be held on March 29.

Last year the student body and the faculty approved a new constitution for the student government of the church. This constitution will be enacted by the student council. It is necessary that every officer have serious thought about the nomination of the new president and vice-presidents of the student council. The new officers will be selected by the student body and the faculty.

$50,000 COLLEGE CONTEST!  
WINNERS OF 10 THUNDERBIRDS

Dorothy Wiggan Nowell, Univ. of California, Berkeley, Calif. 
Jimmie Mabry, Stanford University, Los Altos, Calif. 
Gary C. Shadley, Emory Univ., Atlanta, Ga. 
P. Robert Knaff, U. of Rochester, College Park, Md. 

Alex Levine, Univ. of Rochester, Rochester, N. Y. 
James A. Vaughan, Alumni Univ., Athens, Ohio 
James D. Wilkins, Oklahoma Univ., Norman, Ohio 
James L. Ayres, Brescia College, Salem, Va. 

WINNERS OF 10 RCA VICTOR COLOR TV SETS

To the Winners

In this great contest—congratulations! To all the students who entered—much sincere thanks for your interest and efforts!

The over-riding response, literally tens of thousands of clever and original names for the exclusive Viceroy filter tip, has proved beyond a doubt that Viceroy is King of the Filter Cigarettes on every college campus in the land.

Only VICEROY gives you that smooth, fresh taste—that Real Tobacco Taste you miss in every other filter brand!...Because VICEROY has twice as many filters as the other two leading-seller filters!

VICEROY  
...WITH 30,000 FILTERS MADE FROM PURE CELLULOSE-SOFT, SMOKE-WHITE, NATURAL!  

Pantherettes
Post 27-3 Record  
Established in the Big South Conference, the High Point College girls defeated the Mars Hill College team by a score of 27-3. The Pantherettes closed with a 27-3 record.

The "Roses" were favored to win this invitational, and they didn't let the home crowd down. The key game for the Pantherettes was the opening one of the series. They went ahead to win, 12-9, and the game was only the second loss of the year for the Roses.

Dorothy Wilson, John Flanders, and Fred L.Gattis, Univ. of Wisconsin, Madison.

This year will be played at Sedgefield while the schedule is Presbyterian College who won last year's invitational. All home games will be played at Sedgefield, and the latter teams will be used for practice. Here is the slate:

March 19—Oak Ridge Junior—Home  
16—John Flanders—Away  
23—Presbyterian College—Away  
26—Presbyterian College—Away  
29—Presbyterian College—Away

April 2—Presbyterian—Away  
5—Jacksonville Normal—Away  
15—Mercer—Away  
22—Cataula College—Away  
29—Cataula College—Away  
4—East Texas—Away  
11—Mesquite—Away  
18—Mesquite—Away  
25—East Texas—Away  
3—Cataula College—Away  
10—Mesquite—Away  
17—Elizabeth College—Away  
24—Cataula College—Away

Fifteen Game Slate for 1956

Bebeuli Released  
The High Point College women's team has announced its 1956 program slate for the 1956 season. The Pantherettes are expected to make a strong showing this year as many of their experienced players will return.

Here is the schedule:

1956 Slate

January

8—North Carolina State—Away  
15—Appalachian State—Away

February

5—Mercer—Away  
12—Appalachian State—Away  
19—Appalachian State—Away

March

16—Gardner-Webb—Home  
23—Furman University—Away  
30—Presbyterian College—Away

April

6—Appalachian State—Away  
13—East Texas—Away

May

1—Oak Ridge Junior—Away  
8—Lincoln High—Away

TENNIS SCHEDULE  
INCLUDES 21 GAMES  
Coach Jones has post-released his 1956 tennis schedule for the 1956 season. Included on the schedule is Presbyterian College who won the 1955 tournament. All home games will be played at Sedgefield, and the latter teams will be used for practice. Here is the slate:

March 26—Oak Ridge Junior—Home  
29—Appalachian State—Away  
30—Presbyterian University—Away  
April 2—Presbyterian—Away  
3—Jacksonville Normal—Away

The "Hosses" were favored to win the opening game of the series. They went ahead to win, 12-9, and the game was only the second loss of the year for the Roses.

The Pantherettes closed with a 27-3 record.

"Education For Effective Citizenship" Was Theme for State-Wide Meeting: 350 Attend

On Saturday, March 17, at Shaw University in Raleigh, the annual N.N.A.C.P. Youth Round Up was held. The theme for the round-up was "Education for Effective Citizenship." An overview noted of 200 attended the proceedings. Among the speakers were Mr. W. G. Ferguson, director, Division of Student Activities, Department of Public Instruction, Raleigh; A. C. Mc. W. A. Daniel, principal, Hare's High School; Mr. L. E. Ferguson, professor, University of North Carolina, Buies Creek; Mr. W. E. Burnett, Tarboro, N. C.; Mrs. Sarah F. Haywood, faculty at the University of Virginia, and author of the Southern Education Foundation, and Miss Virgie F. Short, Secretary to the Governor of North Carolina. Host was Shaw University, and Mr. W. M. Goode, executive secretary, North Carolina Teachers Association.

Raleigh News, Fred B. Whedon

opening the meet with an official welcome to the group. He said that "Man ought to keep his knees respond to the call. He should try to get something out of meetings." Speaking on principles by no means, "Concerns comes back to the individual. Think right on your own and do something for somebody else. The big job that we have to do is to do something for ourselves. And when North Carolina is anxious to the part of you and your friends, we are (S.C.A.P. meeting) as an endeavor of what we have to do.

First Discussion

On March 17, at the Education at North Carolina College of Durham and Greensboro, speaking prior to introducing the topic, the moderator of the educational system, while the framework of the educational system, it is important to see the efforts that are made in order that the proper preparation is needed in the different areas of the educational field. It is my opinion that the educational system can be made to serve the needs of the people in many different ways. I believe that the educational system is the framework of the educational field, and that the educational system is the framework of the educational field. Therefore, we must be sure that the proper preparation is needed in the different areas of the educational field.

Question Period

At this time we have questions from the floor.

Question: "What steps should the student take with regard to an integrated society?" (Mr. Frazier) "The student who is interested in the youth of the nation, there are ways that we can do to help. We can do something for somebody else. We can do a tremendous amount for integration. We can do something for somebody else. The big job that we have to do is to do something for ourselves. And when North Carolina is anxious to the part of you and your friends, we are (S.C.A.P. meeting) as an endeavor of what we have to do.

**Chapter Rooms?**

According to what has been said around campus, construction will start now on a new gymnasium. This means that the cafet- eria will move out of the Student Center. An additional special event will be the return of Easter, in anticipation of the move. What the fraternity men on campus are most interested in is whether the promised space for fraternity meetings will come along with these other moves. The six fraternity houses on campus need a place to keep their files, as there is barely any room in the dormitories. They also need a place where they can have quiet meetings unhindered by outsiders. Many times, formal meetings have been interrupted by pro- fessors borrowing in one of the rooms. The latter is a great in- formation to all fraternities. It is hoped that this matter will be addressed, once and for all, in the near future.

**Personally Speaking**

By Art Serence

Hi-Po Managing Editor

The Student Government elections are over and we have another place to hang our hats. But our personal moments do not end at the polls. We have heard a lot of things said about candidates, some of which have been quite reasonable, but others which have been quite improper. It is not unusual for the students themselves to share their responsibilities and beliefs. Now that they have elected, we wonder what will become of their campaign promises. We do not know. In the meantime, the SGA will have had a chance to decide what candidate for president. We would like to think that they will look locally for some capable people, but that did not occur. We did see some likely capable people in action, but what if we get the wrong? We can only hope that the new student leaders will be able to keep these campaign promises. We have been interested in the role of being part of the SGA, and we are interested in the responsibility that goes with it.

**Good Vote**

An astonishing 72.5% of the student body turned out to cast their ballots in the recent SGA elections. This large percentage is indicative of the interest shown in SGA affairs last year. Last year, caused by many a vote of interest, few students left only the student body voting. At Carolina, where student government is student government, the number of votes was only 3,539 out of a possible five or six thousand. The large percentage of votes at UNC is a fact that the entire student body is aware of. The student body only showed interest. With such a close election, the activities of the large student government will be followed with the most interest by an efficient governmental organization. It is no longer possible, but highly probable that Jerry Ball will carry out his campaign promises by improving our "fast solution," getting the social calendar in the hands of the students, having student representation on the administrative council. It is not sure, but probably, that Jerry Ball will do more to improve our student body. If Jerry Ball does what he said, the large percentage of votes will no doubt present a formidable challenge. It is true if it involves a change in the administration policies.

At any rate, the Hi-Po considers the new officers and their challenge to be in the mind of the campus programs. Remember, too, that 72.5% of the student body was active.

**Coke Time**

Have a frantic bottle of Coca Cola? It's only sixteen cents. Throw the empty bottle on the floor, under the chair, into the trash. The pitts will pick it up. They always do. They're all there. What they're doing is good. You wouldn't want them sitting around and buying all your food.

Take a look at the first and last pages of the book. You have the problem of reading the book in the bathroom. Lately, your hands are filled up with the paper, but the last time I saw it, they looked good. What a sight to see! We have a lot of picture books, and I'm sure that you have them all in your house.

Why should college men create such an obvious example of their own transformation? They should try to make their lives different and have a lot of fun. They should not think about the books. What about the last book that you read? What did you think of it? What about the next book you'll read? What about the book that you'll read next week? What about the book that you'll read the next month? They are examples. It is true that the books you read are more valuable than the books that you don't read. They are, after all, your first love. It is true that the books you read are more valuable than the books that you don't read. They are, after all, your first love.

Even if you have to buy a new book, you should try to get a mixture of tropicals and English. All the different kinds of books are in our library.

Why should college men create such an obvious example of their own transformation? They should try to make their lives different and have a lot of fun. They should not think about the books. What about the last book that you read? What did you think of it? What about the next book you'll read? What about the book that you'll read next week? THE HI-PO
Council, and the American Chemical Society. Lisa Saflne would wish them both the best together.

6th is the former Miss Jo Lutz, also a student in the IPC. We have a strong student government, and a workable Honor campus who would help out with seeing that it's done. We'll agree with Larry, and wish we had some fair and workable system, though," he added. "I've got to see a scholastic Honor System set up for the campus, "It's got to be stronger student body support for the S A." He has also been active in the Tower Players, Junior Drama, and the American Christian Society. Larry says that he's wanted to see stronger student body support for the S A, and assures us there's a very enthusiastic Honor System set up for the campus. "It's got to be for life and workable system, though," he added. "We've got to all agree with Larry, and wish we had stronger support of the campus who would help out with seeing that High Point College has a strong student government, and a workable Honor System. Don't let married life keep you away from campus too much Larry, the campus needs "hustlers.""

"Miss Long is named to work at the annual workshop held at Woman's College of the University of North Carolina. The meeting was attended by leading home economists and advisors from several colleges in the State. Miss Long is now secretary and treasurer of the Psi Sigma Alpha of High Point College. She will attend the national home economists' convention in Washington, D.C., during the conference.

Her friend, Jan Thornhill, Toby Barrier, Ann Harrell, Sherrill and Barbara Edwards are representing the Woman's Athletic Association in tennis matches being scheduled in other colleges in the area. The first match will be at Carolina College Friday, April 13.

Nell Long was elected secretary of the College Clubs Division of North Carolina Home Economics Association last week.

She was elected during the association's annual workshop held at Woman's College of the University of North Carolina. The meeting was attended by leading home economists and advisors from several colleges in the State. Miss Long is now secretary and treasurer of the Psi Sigma Alpha of High Point College. She will attend the national home economists' convention in Washington, D.C., during the conference.

CULLERS CHALLENGE

SENIOR CLASS ACCEPTS

CULLERS' COURAGE

The senior class, in a special meeting called April 25, voted to accept
the challenge of class of Dick Collier. Collier challenged the class of 1956 to
increase their funds for a gift to the college of $1000 and to put this into
the annual grant fund.

Collier, a member of the College-Atlantic cricket team, will then put a four
footed rock in the campus garden with a plaque stating it is a gift from
the Class of 1956.

May Day Dance

To Be Tonight

The annual May Day Dance, sponsored

by the new Student Government

society, will be held tonight, May 4, in the coal mine as usual.

Those attending this semi-formal event will dance to the music of the
Marshall and his band.

Mr. Tucker

Seventy-year-old HPC Student

visited All But One Continent

By Jane Lucas

With his French boot tipped at an
impressive angle, there is a little amaze-
ment in the fact that Mr. S. Tucker

is "more than and less than 70" years of age.

Tucker visited 75 countries and

scoring his first contact with formal

higher education; however, his full

active life both in the business

world and in his free time should have

certainly lacked no advantages or

opportunities for learning from

experience.

Having visited every continent

in the world except one, Australia, for

his work in planning a trip, Mr. Tucker

feels that the "greatest adven-

ture is one's home town.

At High Point College, very

few of the students have met such
crow people as he or so much of
what is going on today.

Tucker has published and pub-
lished numerous articles of his

friends, the last of which was

"Hello, Folks," a series of letters

he sent home during his trip.

"Visit to Other

Regular Monday Night meetings will be held Thursday, part of which shall
data decided to consideration of Dr.

This meeting will also consider the possibility of the all-

examinations re-taking in order.

Dr. Mofltt's Contract Not

Renewed By Administration

One of the faculty members, Dr. James W. Moffitt, has not been offered
a contract for the school year 1956-57 by the administration.

According to reports, the reason that Dr. Moffitt is not receiving a new
contract is that his health is not good.

Moffitt, an instructor in English, has been at High Point College for

35 years and is a native of High Point.

Moffitt, who is now 65 years old, was once near retirement as a

professor but has been invited back for another year of teaching.

He feels that he has more to contribute to the students and

...
Calibre of Teachers

To keep the standards of a school as high as possible, there is an intense need for students and teachers alike. When a teacher is an asset to his departmental body, he is conscious of the fact that the school is a whole and the caliber of teachers should be retained in their positions to build up and maintain the various departments of an institution of higher education.

Public sentiment should not be a criterion for selecting or retaining a teacher to the extent that it obstructs the teaching of a well-rounded and balanced curriculum. The teaching ability of a person should take precedence over general popularity. Adherence to policies which are for the welfare of the school, and ultimately, of the student should not be material. The elimination of those whose long tenure in effective teaching in their field to this extent is to be commendable, but to dismiss the teacher who has proved it in as much as everyone concerned.

As a student of High Point College you should prove your interest in the college's standards by standing behind those teaching post graduates, for the most of the time, and for the fact that the new structure of the highest potential in our college.

Informally Speaking

By Marty Neustadt

You're Dr. Moffitt and where do you go from here? This is your school and for six years you have worked hard. It is removed from the campus, which would mean on a campus basis working full time, and other than that, you have been able to receive a lot of things. It is an injustice to everyone concerned.

It is probably just a mild case of Spring Fever, coming in through the school's year. It is an illustration of what is known as a teacher to the extent of the deterioration of a department's learning, an imperative need for stable, efficient teachers in all departments.

The sorority congratulates the following couples who got married last Sunday: President and Mrs. Chas. T. Broadfoot, Mrs. Louie C. Montgomery, and Pat and Hob Snyder. Who have been able to participate in this day of fun, will go to church with their parents as a group. Following lunch, they will go to church with their parents as a group.

The administration found out that this is one of the best ways for them to be on their feet, and at times low sight of the human elements involved in the school's work makes such as High Point, being human, it is expected that they make some mistakes, but the human element of the school's environment is so great that no one from its grasp.

It is a group of conscientious, hard-working beings. They are hard to hand, and to times low sight of the human elements involved in the school's work makes such as High Point, being human, it is expected that they make some mistakes, but the human element of the school's environment is so great that no one from its grasp. Though the symptoms are a light fever in the department of the lower grades, it is certainly to the new sweetheart of Kappa Delta for '56 and '57 who is John Winston, and Janie Cornett. His smile is sweet, I'd like to get to know him. He is one of the best looking young men around. He is the smartest, first to understand their needs. Your dress is neat and the voice.

You're Dr. Moffitt and where do you go from here? Time is running out and the day is cold. The sun is going down, and the cerebral is coldly dim. You're the one person who can have the same opinions or your ways. You feel the same, and can make six months, but it makes me think of the students who will be there in six months, and their functions, and at last they take for granted in one's character. It seems like to know we have seen one another on this earth, and the other we think to have.

You've established a place in the student's hall of fame. They will be the ones who are on their way. Don't ever let them down. You're Dr. Moffitt and there is one good in this world.

To keep the standards of a school as high as possible, there is an intense need for students and teachers alike. When a teacher is an asset to his departmental body, he is conscious of the fact that the school is a whole and the caliber of teachers should be retained in their positions to build up and maintain the various departments of an institution of higher education.

HPC Baseballers Post Surprising Record

Track Team Opens Meeting To Elon

Members of the track team opened the season with a loss to the potent Elon team on April 13. Despite the fortune of the Panthers, the greater numbers of the Christians never realized the difference in the final analysis. Highlights of the afternoon were the first place throws by Randall Davis of High Point and the breaking of 6 North State Conference mile and half-mile records by two Elon men. The next meet will be the conference meet, which this year is being held at Elon on May 7. Among the men who will perform at that date will be Ken Black, high jump and broad jump; Ernest Albert and William Foremca, 100 and 220; Albert Threeweed, broad, Art Severson and Gene丸, 100, 200, 440, and Ken Black, high jump and Harold Young, shot put and javelin throw.

The Panther basketball team is in for this year has a very surprising 5-2 record. You might be wondering why due to their last place finish during the 55 season. Eight games to the right of the top of the ladder in second place, and they are going to be hard to beat from here on in. They have a power packed lineup and can explode at any moment as Catawba found out when they defeated the Indians 16-8. Harold Watson, Jim Cookham, and Bill Beasley all have been big factors in the Panthers' success. Against Atlantic Christian, the Panthers won 2-0. Coach McGowen of the Bulldogs faced his game to High Point because the superior, Frank Hoover, is a very fine athlete in this year. In the boys' track meet control, Williams moved to deep center and pulled down a fast drive off the bat of a High Point batter. As he started to throw the ball back to the infield he dipped (top) and snatched the ball, one of his tops, and he said that he had held it long enough. As the Panthers prepared to bat in the last of the BHI, pitcher Ken Norvell was still forced to see the diamond and he let everyone know of his feelings by issuing the studio. Page threw the third runner out of the game, and then McGowen midfielder refused to play anymore, and took his team back to Wilson. He was holding 5-1 at the time. Final score, Panthers 6, Bulldogs 0. Winning pitcher for the Panthers was Ward and Mike Miller each have two victories in season, and both have pitched well in spots. But the big factor is the ability of the Panthers to keep batting. In six games this year the Indians' 55 men have scored 59 runs for an average of almost ten a game. Harold Watson is batting .320. Winning pitchers for the Indians were Lantern, and Don Murray, Al McKee.
