**To Rock or To Roll, That is the Question**

By CHARLES JOHNSON

The American youth of today is divided into two groups: those who will rock, and those who will roll. To explain this statement more completely, let us look at the background of the youth of today. He was born during the depression, growing up during a world war, and probably spent the closing few of his formative years in a "police action." He grew up in a stable background. Now let us look at his training. In his home he was likely to have had the same meals as his grandparents. He was brought up on "a young'un's" spare the rod and spoil the child. However, he was given a chance to participate in training that was given through his education. His being upaned to the forces of nature, taught him to eat智慧城市 and urban life have changed the way people live and work, what does it mean to be a "social animal?"

Panthers Edge Mountaineers

By BERNARD PHILLIPS

Volleyball season ended Monday night, January 14, with Lamba Chi winning the championship by beating the TKE's in a match that lasted three games.

The first game Lambda Chi took the TKE's by a score of 21 to 3 before tying game two, 25-25. In game three, Lambda Chi won, 10-10, 11-3, setting the record for serving and playing up to par with the Lambda Chi standards.

In homecoming tilt—

By RAY WICKER

It was hot, the air had a cool starchy quality of many people packed closely in a small room. To add to all of this there was a thin film of excitement running through the walls of the Kappa Chi Gym. Every seat in the Gym was taken and all available standing room was occupied and some fifteen to twenty ardent fans made sure they were there to hear the story of the homecoming game, the first game of the season for both teams.

To Commence:

Thecovers on the program lengthened the seats and made the gym look more spacious than usual. The fans have really been traveling to High Point College's basketball homecoming game with Appalachian in Florence Gymnasium.

The homecoming game was the last chance for the seniors of High Point College's basketball homecoming game to have a good time and to watch the Panthers play in a new gym, High Point College is on the upward swing and when the new gym is completed the College will have a large jump ahead.

To A Fine Athlete

Sara O'Connor, who just happens to play basketball, is one of the fastest girls in the High Point College Gym. The previous high score was forty-two points and Sara has a forty-point scoring average for all of her games the team has played this year. The girls team has won four and lost four so far this season. All of Sara's talents have been be complemented to shooting when, the team needs her she switches to a fine job.

While in High School she was twice voted the most valuable player on her team. Along with her athletic attributes Sara also possesses unusual scholastic abilities. During her senior year in High School she was the valedictorian of her class. Here at High Point she has given her best by playing a great game.

Student Christian Association Adopts Korean War Orphan

The Student Christian Association of High Point College has adopted Tae Woung, a ten-year-old Korean boy, through Foster Parents Plan. Tae Woung is grateful to the SCA of High Point College for giving him this wonderful gift of life and hope, which means so much to him.

Through your help, this child now has an opportunity to grow up as a child should. Tae Woung is a silent, meek, and very pleasant boy. The SCA's Foster Parents Plan provides for the adoption of children in Korea through the Foster Parents Plan.

JACK POWELL - Mr. Basketball

Jack Powell, or "Silts," is a sports figure whom H.P.C. and High Point, N. C., has native city, are proud.

Jack is twenty-four years old, weighs 195 pounds and stands 6 ft. 2 in tall. He is married and the proud father of a boy and a girl.

Jack has played about 15 years of basketball during which time he has crossed and re-established a few records of his own, namely, the scoring of 90 points in a National YMCA basketball tournament which is the highest number of points scored by any one player in history. He is also the only two-time "M.Y.C.A. All-American" in this neck of the woods.

Jack is rearing in physical education and hopes to teach in both basketball and football in the future. I have also been told by a good authority that Jack has another sports interest which, oddly enough, is "poom kon" in Moore County.

Intramural Basketball Season Gets Underway
by BILL BINGHAM

The intramural basketball season gets underway Wednesday night with the opening-round contests. Theta Chi in the first game and the Tekes in the second game in the 7 p.m. session. The Theta Chi game should be an exciting one as both teams have had some fine wins of late. The Tekes have added four new players this year thanks to theanka of new students. The Theta Chi team is in the second game. Many returning veterans and some new faces should make this year even better than in previous years, and there is every reason to expect a good season of basketball to unfold. Both games should be interesting.

In this year's basketball intramural there are more teams entered than in any previous year. How- ever, there are several teams this year that will present very interesting contests. Lambda Chi, Theta Chi, and Delta Tau are the teams to beat this year. Lambda Chi, with ten points, and the Tekes with nine points have the advantage of the home floor until this season. These two teams will meet again to play for the championship. Lambda Chi is playing well and will make a strong showing against Theta Chi in the second game. weed魔法 Inc is along with Charlie Gregory, Stan Crockett, and Steve Hall on the floor.

In the second game of the opening-round contests, Delta Sigma Pi is up against Theta Chi in the first game. Delta Sigma Pi is a team that has been doing well this year and will be a strong contestant against Theta Chi. There is every reason to expect a good season of basketball to unfold. Both games should be interesting.

Scholastic Honor Society Organizes Under Leadership of Locke and Smith

May Lead to Phi Beta Kappa

By Kyle Sterling

Bi-Polar Senator

The High Point College Scholastic Honor Society, an organization which could be the forerunner of a Phi Beta Kappa Chapter for the first time in High Point College's history, is rapidly taking shape. At present, members of the Scholastic Honor Society and members of Phi Beta Kappa or other collegiate honor societies are being solicited to the Scholastic Honor Society. The new society will be open to all students who may be elected to membership in the Society, graduates of High Point College who will be members of the Class of 1940, will be members of the Class of 1940, and have given evidence of the possession of distinguished scholarship. The principal of the Scholastic Honor Society, which will be in charge of the Scholastic Honor Society, is to be a Phi Beta Kappa or other collegiate honor society. The new society will be open to all students who may be elected to membership in the Scholastic Honor Society, graduates of High Point College who will be members of the Class of 1940, and have given evidence of the possession of distinguished scholarship.

The current decision of the judicial council has been a source of controversy, which has required strict scrutiny. On the one hand, it must be corrected or we can not expect our constitution to stand. On the other hand, there is no way of correcting the decision of the judicial council.

The judicial council passed a sentence contrary to the constitution, which is problematic. If one side feels that the judicial council has no authority to act then it is up to the judicial council to prove in a court of law that there is no previous case which would happen in the event but happens.

To correct this situation, we must put our faith in the judicial council. We must support and fight for the constitution by having a plan to enforce it and act on it.

In the opening round of the North State Conference Tournament Atlantic Christian took the measure of the Panthers by the score of 87-73. Atlantic Christian took the lead early and managed to keep the lead for the rest of the game. The Bulldogs led in the first half by the substantial showing of little Jack Forward. Big John Markey gave the Panthers plenty of trouble in the first half, but was very ineffective during the second half. High Point could not seem to be able to get all of the correct answers right and keep them. The Panthers were scoring more than they would ordinarily make and this along with the poor defense and the bad passes contributed to the downfall of the ever hungry Pastors. In the first half, because of the poor defense and the bad passes, the Panthers seemed to be losing. The second half was more of the same. A. C. Bulldogs lead in the first half by the score of 82-72. The poor defense and the bad passes continued and this factor along with the score going, all of the regulars seemed to be cop the victor. Atlantic Christian took the lead in the second half by the score of 82-72. High Point just could not keep up with them. Theta Chi won and I lost. "Pat, did you ever have a depression sit in your face with nothing but a blank paper and a mind at a blank sheet of paper?"

Pat Fitzgerald and I were sitting in the bookstore at our usual booth with the usual cups of coffee in their hands. It was a rather damp day for the past few months and not very conducive to deadline meeting.

"Well, Pat..."

**Correction**

In the March 15 issue of the Hi-Point, it was erroneously re-ported that Dr. Jerome Smith was elected as vice president of the Scholastic Honor Society. The correct statement should have stated that Dr. Jerome Smith was elected to this post. The Hi-Point apologizes for the error.
Neglected Courtesy

It was recently brought to the attention of the editors that there is a gross negligence of courtesy on the part of guests who are seated in the Book Store while the staff is at the register. It has come to the attention of the editors that there are times when the booksellers are pestered by students while they are trying to serve others at the register. It has also come to the attention of the editors that there are times when the booksellers are pestered by students while they are trying to serve others at the register.

In the first place, the editors feel that it is unfair to the students who have been seated in the Book Store so that they might be excused from sitting and consuming a sandwich. In the second place, some students spend too much time at the register, which makes it difficult for other students to use the library or class. In conclusion, the editors feel that it is important to offer a courtesy of a student or faculty member when they are being served.

Improved Assemblies

We would like to express appreciation and gratitude to Dr. Locke who has done such an excellent job of directing the Assembly Committee. The improved quality of the programs and speakers that have been presented, is due in a large measure to Dr. Locke and the committee meetings on Wednesday's has been well attended and appreciated by the students.

It is comforting to know that this week's assembly gathering was all the more necessary as the required students and faculty members will not be seated, but will be filled with scholastic, pleasurable and inspirational speakers.

Caliber of Teachers

To keep the standards of a school as high as possible, there is an imperative need for stable, efficient, and intelligent teachers. As a result, departments in this school are endeavoring to improve the caliber of their teaching staff, and the school is in general.

Public sentiment should not be a factor in selecting or regulating the position of an individual. The board of education and the faculty should be concerned only with the personal qualities which are obvious to the students and which are of value to the school. In this manner, the students should be of a higher caliber and worth than the students of other schools.

As a student of High Point College, we should strive to prove your interest in your studies. In order to have the position which you demand, you will probably need new instructors who are of the right caliber and potential.

College Topics - The Apple Polisher

Bill Swann

I can easily recognize a Bill Swann standing around the president's desk after class. He seeks to impress the teacher by asking questions,attery, or any other manner that he can think of to take his grade. He first delivers the teacher's voice and then in a less serious manner he proceeds to conform with the teacher. In class, he displays his Scholastic ability by perusing the text book under the table. The great ability of this pseudo-discovery will demand the end of neglegence upon the part of those teachers.

It is not difficult to make out that the next class of students is comprised of individuals who value their studies, and who have long been a great tradition of the Southland. Teachers should be感到 that they are teaching the children of the future, who will be responsible for their own actions.

He knows in just what class to wear a sport coat and trousers, English quotes to quote Milton and in John Milton, the meaning of the word "maturity" is the key to the leadership of High Point College and which plan liber. He is given even chance students when he is planning the purchase of a Volkswagen, although he does not have the financial ability to do so. Knowling that his fellow students are responsible, he often would not stand at the back of the hall, in knowing that he could be standing beside the teacher but he does not stand and demand the attention of the class. He is usually found in front of the class, reading the text book and usually is good at it.

The Delta Sigma Phi

On Wednesday, the Delta Sigma Phi brothers celebrated their first initiation of the year. The initiates took place at the home of the Winkler family, at which time the following initiates were made:

Father, Ronald Barber, Robert Stallings, Frank Frank, George Coop, Bill Dunbar, and John Gunston. Howard Lawrence, T. W. Johnson, J. T. Robinson, Roger Winkler, Robert Winkler, Harold Winkler, and Thomas R. Winkler, faculty advisor.

The Delta Sigma Phi of High Point College was installed at the YMCA in High Point.

Immediately following this ceremony all the alumni, parents, and in their guests gathered at the YMCA for the installation of the Delta Sigma Phi International Fraternity. In addition, the fraternity brothers and the district officers were installed at the installation.

It is the duty of the brothers and sisters to work together to make their chapter the best it can be. It is the duty of the brothers and sisters to work together to make their chapter the best it can be.

Senator Eugene Benton

Senator Eugene Benton is probably the most noted citizen of High Point, N.C. He has been a member of the state legislature for many years and has been a staunch supporter of the Republican Party. He is well known for his work in the field of education, and has been instrumental in the passage of many important educational bills. He is a strong advocate of education and is always willing to work for the betterment of the schools. He is a member of the Delta Sigma Phi fraternity and is always willing to help with the activities of the fraternity. High Point baseball team swings into action

By Bill Bingham

High Point beats Elon in scene opener for the season of 1957. For several years, Elon has been a formidable challenge for High Point, and in 1957 the two teams were evenly matched.

The Spring Sports

With the advent of a new season, the spring sports, such as baseball, tennis, and golf, begin to take shape. High Point has been known for its strong athletic programs, and the anticipation for a successful season is high.

The Hasehall team surprised everyone!

There was a very unusual occurrence, and it was due to the lack of depth. The pitching stall is loaded with strong hitters and is the best Hasehall season since returning.

Extra Smoothness!

This is outwardly the score of 11-4. From the first day of the season, the team has been working hard to improve.

Eight faculty members of High Point College have announced that they would not renew their contracts. The English professor and head of the department for English, Dr. Robert W. Howes, has announced his resignation.

TKE's Win Playoffs

In the consolation game, Lambda Chi Alpha is the new champion of the Intramural Basketball. Playing a deliberate game, the TKE's edged out Pi Kappa Alpha by the score of 9 wins.

Three of the previous sports named. You could easily say that this could produce a successful Intramural program. It has been going on for two years.

Tribute to Intramurals

By Bill Bingham

Intramural basketball this year was the best in the history of the school. The reasons for this have been obvious in the past year by the tremendous increase in the number of participants.

The reasons for this have been obvious in the past year by the tremendous increase in the number of participants. He has stimulated the program; however, it has even gone beyond the results speak better than words. High Point is a small school, but the championship teams from the school's department have been of a higher caliber than ever before.

The big man of the team is to develop strength, and this is due to the lack of depth. When High Point defeats Elon, there is a very strong reason for the baseball team surprised everyone.
Rozelle Retires

When the doctors gave him six months to live, Dr. C. Excelle Rozelle was a bit disturbed to say the least, but in the period of about 30 years which has elapsed since that time, he has had a chance to become used to the idea.

Dr. Rozelle was graduated from Duke University where he received his A.B. degree. After teaching a while, he continued his education at Emory University where he earned his B.D. degree, and in 1953 received the honorary degree of Doctor of Divinity from High Point College.

In the four years in which Dr. Rozelle has been professor of religion and philosophy at Elon College is just about 30 years which has elapsed since that time, he has had a chance to become used to the idea.

Students who did not have the opportunity of being in his classes have been privileged to bear the inspirational messages which he has had occasion to deliver at the assembly programs. Students who did not have the opportunity of being in his classes have been privileged to bear the inspirational messages which have had occasion to deliver at the assembly programs.

To say that High Point College will be better at his leaving is putting simply an emotion deeply felt by everyone here.

"It Pays to Look Well"
Top of The Tower

By CHARLES JOHNSON

Pat and Gerry were discussing the recent appearance of a comet in the night sky, when they paused that evening over coffee the other day. The conversation went something like this:

"Pat, I'm telling you that for the last few hours I have been looking for that blazing star, and I haven't even seen so much as a hint of it. I was supposed to be there for vigilance and not a bit of recall for my effort I'm really disappointed.

"Do you know why you were disappointed, Gerry?"

"Sure, because I didn't see the blossoms of spring, but the reason isn't lies not in what you didn't see but in what you didn't look for.

"With you only more recently, it is losing its grip on sanity. What are you talking about?

"If you'll quit trying to see a flaming star and will listen for a moment, I'll try to explain it to you.

You see, you were looking for the comet. For nights you have been watching the space train to find somewhere, somehow, some way. It may very well exist in the outlying region of our planetary history. But it is not a comet, it is a nebulal sky for something more magnificent, and you were disappointed. You were disappointed not because you didn't see the comet, but because you failed to see the rest of the glow of space at night. While trying to see one thing, you missed completely the flavor of something else.

"One day I was at the Washington National Zoo. I saw a group of children, one of them in front of cages filled with spectacular and exotic animals. Lions, tigers, pythons and other animals. And other such animals not to mention the land where we are, those children were looking wildly at the world around them, at the squirming form before them, at the squirming form before them, for the form that was not before them. I wondered why he wasn't watching the cageful of extraordinary sights, and went over to see what he was being told. I couldn't help but smile when I saw that all he was looking at was a fuzzy caterpillar. I still smile today when I think of that child and his hobby a local hobby while he ignored greater animals. Today, however, we are all looking at our own pet.
The "hot dog" Affair

In this issue, I would like to publish the outcome of the "weenie". Just a few years ago, the weenie was never over a nickel. It was just a hackneyed word that was used for 5 cents. It was kicked around for a time that it's over a quarter. After this new name was initiated, things began to happen. "Hot dog" was, so he liked the name. He liked the word's double meaning, and the elusive value of the word. The price jumped from a nickel to fifteen cents. Junior gave up and went to college. With this name, the "weenie" has become familiar among the students, and gradually it became known as the "senior class". Tradition of the "weenie" began the "weenie", and with its new name, it was destined to be a classic. It was now very familiarly denounced as the "weenie", and became a part of our fractured past. It made its debut at the Junior-Junior Prom. We were proud of the "weenie" and its success at bringing together the seniors.

Someday, as alumni, we will look back to our pride in a college that made the "weenie". (Continued on Page 4)

GAMMA ZETA CHAPTER

Mamma Zeta Chapter was represented at the District Leadership School by Emily R. Strickland, who was elected Vice-President. She submitted the district report which will be published in the next issue of this paper. Mamma Zeta was also fortunate in having a representative at the National Leadership School, held in Chapel Hill, Dec. 26. We were honored by having two of our former members, Dr. Han- shauser, and Dr. Deskins, at the school. Mamma Zeta is very proud of our former members, and we are sure that they would be proud of the school. We are grateful to them for their support and encouragement.

The Department of Fine Arts invites you to attend their Band concert at the Commencement on Friday evening, May 24. The band program will feature arrangements by members of the orchestration class. Both programs will feature music by Bach, Beethoven, and Mozart.

The Men's Ensemble and the Women's Glee Club gave a concert Tuesday night. These groups perform for civic groups and college organizations in this area, other than their programs here at the college.

A beautiful recital was given in Memorial Auditorium by four of our own students, Misses Betty Mellon, Sylvia Fox, and Sylvia Smith, in German, and Miss Mary Ann Johnson, in music of Bach. The pianist, played selections from Bachmann, and others.

The High Point Symphony Orchestra on May 5 featured seventeen fourth-year Dutch tunes, on Orchestra Quartet, inorgan Sonatas by Mozart, and selections by Wagner.

Those people who plan to try out for choir or band for next year should see Ms. Cox or Dr. Lewis before the end of this term.

Rayford Porter, correspondent in the field of the arts (art), informs me that a beauty contest is now in process in the Art Department. The subject of the contest is, "Resolved, that abstract and nonobjective art has artistic merit." Captain of the affirmative team is Nancy Jo Rice, and the captain of the negating team is Bruce Lord. We hope to see some of the creations by the class members, and judge you for yourself.

MUCH ADO ABOUT NOTHING

The traditional good-bye event for the new students of the Junior and Senior classes has been slightly altered this year. According to some sources, the Senior class would have preferred a banquet and dance in the gymnasium as the 1957 class on the other hand, demanded an outdoor gathering, a "weenie" roast, as being more appropriate.

The weenies were a common feature. And like the others over which they were roasted, it was a "weenie".

The Delta Omega Chapter of Pi Kappa Alpha held its annual "Drum Girl May" Ball at the Thomasville Country Club with Host Mr. James Hand and his Orchestra furnishing the music. First on the program was the dance, followed by dinner, topped by the crowning of our "Drum Girl" of 1957, Louise Taylor, chosen by brother Dale Swain.

In the ballroom the students enjoyed a musical program, everyone danced to the music of Jack Everhart and his band. Many alumni attended the function and of course, "Old Drum Girl" was selected. We are proud of the program. Mark Osborne was presented with a plaque for the "Outstanding Drum Girl" award given for his winning of the "Drum Girl" for the last three years of his high school career. Hats off to Margaret Johnson who received the award for the "Outstanding Pledge Award." Mrs. Ernie Young was "Grand Drum Girl" for 1957. The attendants for her court were: Mark Osborne and Miss Bonnie Stuart.

The presentations were made, the festivities concluded, our Senior Prom was a grand success.

The big TEK social event of the year was held Saturday night, May 11th at the Moose Lodge, 613 Church Street. The event was entitled the "Can Can Ball," with nadie Carroll and the TKE Fraternity. Votes from Rachmaninoff, among others. The band was under the direction of Brother Jack McFarland. The dance was held at the Moore Club, and was attended by many alumni and students of the college. The members of the band were Brother Bob Wilson, Brother Joe Wall, Brother W. C. Murphy, and Brother Jim Carter.

The "Lost Boy" award was given to Brother Jack Opperman for his act of kindness towards another Brother, whom he had not previously met. The award is given annually to the Brother who has shown the most kindness towards another Brother. The award was given by Brother Frank Collie, who became a member of the Delta Omega Chapter of Pi Kappa Alpha in 1949.

The Delta Chi Chapter of Theta Chi held its annual "Golf Outing" at the Thomasville Country Club. The members of the fraternity were the guests of honor, and were given a tour of the course. The golfers were given a prize for the best score of the day, and the best team of the day. The golfers were Brother W. C. Murphy, Brother Jim Carter, and Brother Joe Wall. The golfers were given a plaque for their winning of the "Outstanding Pledge Award." Mrs. Ernie Young was "Grand Drum Girl" for 1957. Host To Senior Class

The Junior Class was host to the Senior Class at a Picnic style dinner followed by open air dancing at High Point City Lake. Friday, May 10. Music was supplied by Jack Everhart's "Four Jacks." This year's "Junior-Senior" was the final point of a several dinner dance. Many of the Senior felt that it was a fitting note to the year, and that a senior trance was not sufficient to launch the outgoing senior class.

S. G. A. Officers Elected

In the campus-wide student election held recently, the following officers were elected to head the Student Government Association for the term 1957-1958.

President: G. W. Wilson, freshman from Mooresville, was placed by the student body as president of the S.G.A. On the basis of a majority of votes cast, the freshman class, represented by a member of Omega Chi, Sigma Xi, was elected a member of the S.G.A. executive board. The President, with his duties, has served as a member of the Student Senate.

Vice President: Fred Barber, sophomore from Winston-Salem, was elected as vice president of student affairs and is a member of the Student Senate. He is a member of Sigma Xi and is chairman of the Student Senate finance committee.

Secretary-Treasurer: Jim Rose, junior from High Point, was elected secretary-treasurer of the Student Government Association for the term 1957-1958. He is a member of Gamma Chi and is chairman of the Student Senate finance committee.

For many of us this will be our last year at High Point College, but we will always cherish the memories of our years at H.P.C.

DEAR ED:

For many of us this will be our last year at High Point College, but we will always cherish the memories of our years at H.P.C.

I'll never forget the first day I walked on campus. It was a warm and sunny day, and the entire student body was out on the grounds. The air was filled with the sounds of students talking and laughing. I was a little nervous at first, but everyone was so friendly and welcoming that I soon felt at home.

The campus was a large, open area with many buildings and a thriving student body. The weather was perfect, and the campus was alive with activity.

I was a senior, standing on the steps of the Edna H. Power Library, looking out over the campus. I thought about all the memories I had made and all the friends I had made. I was sad to leave, but I knew it was time to move on. I walked on campus. I was a senior, standing on the steps of the Edna H. Power Library, looking out over the campus. Subject: Congratulations

Dear S.G.A. Officers:

Congratulations on your election as officers of the Student Government Association for the term 1957-1958. Your leadership and dedication to the student body will be greatly missed.

Sincerely,
