Patton Assumes Duties
As Fourth President

Dr. Wendell M. Patton took over the duties of president of High Point College on September 1. Dr. Patton is the fourth president and successor of Dr. Dennis H. Cooke, who asked to be relieved of the presidential responsibilities which he carried for ten years.

A native of Spartanburg, S. C., Dr. Patton attended Wofford College. Following World War II, in which he served as a ground and flight trainer in the armed forces of the United States and her allies, his radio broadcasts were heard in many parts of the world.

Since the war, Dr. Patton has traveled in more than 60 countries, studying current political and economic conditions and meeting with governmental officials, prime ministers, members of parliaments, United Nations experts, educators, businessmen and farmers. He met with American ambassadors in London, Rangoon, Delhi and Baghdad and visited many of the projects sponsored by the U. N. and the Colombo Plan.

From 1948 to 1953, Dr. Priestley spent a year of research at the National University of Mexico. He also holds the post-graduate degree of Master of Social Science from the Graduate Faculty of Political Science, New School for Social Research, New York, N. Y.

Dr. Priestley has taught history at Emory University and at University College, New York University, He has given international affairs at more than 500 colleges in this country and abroad.

Nelson Dean Of Students

James L. Nelson, a former HPC student, is the new Dean of Students. Mr. Nelson is replacing Pro- fessor Allred W. S. E. Gerard Priestley, who served as Dean of Students for the past eight years.

Mr. Nelson is a native of Kermersville, N. C., and graduated from High Point College in 1928. From 1929 until 1936, Mr. Nelson held an M. E. degree in business education by the University of North Carolina. Mr. Nelson has also served as an advanced graduate student at the University of North Carolina.

While he was with the armed services, Mr. Nelson served in India, France, Germany, and England. In addition to his military service, he has also served in the armed services, he has the hope and belief that High Point College will continue in its goal of becoming a stronger, vital and constructive influence.

360 Freshmen Begin Classes

Classes began at High Point Col- lege today, September 1, and officially marked the opening of the college's thirty-sixth year of continuous service in the field of higher education, the campus was quite apparent beginning Sunday, September 13, with the arrival of the freshman class. The largest fresh- man class in the history of the college was admitted on Monday, and registration and the commencement of classes approximating in number 360 freshmen. 280 sophomores, 158 juniors and 135 seniors. Late registration is expected to increase this number to well over the present total of one thousand students.

New additions to the faculty in- clude: Gerald F. Chest, a recent graduate of the University of Georgia, who was admitted as assistant registrar and admissions of- ficer; Dr. William J. Sowder, English; Mr. Robert D. Cross, Business; Dr. James C. Dixon, Rhetorics; Mrs. Janice V. Lowe, Speech; Mr. William J. Bowler, English, and Dr. Albert H. Wullett, Physics.

The Student Senate has since given the green light to the Student Center, the largest construction project in the history of the college, at a cost of approximately $3,500,000. The Student Senate, under the chairmanship of Dr. Wendell M. Patton, president, stated that the project was expected to be completed by November 1.

The Student Senate and House of Representatives have taken a position of wholehearted support of the new building and have agreed to work in harmony with the Student Senate and House of Representatives of the Student Center in the planning and construction of the new building.

The Student Senate has also passed a resolution expressing its appreciation to the Student Senate and House of Representatives of the Student Center for their hearty endorsement of the new building and has stated that the Student Senate and House of Representatives of the Student Center will be open wide to students of the college for the purpose of furthering their educational welfare and interests.

**Death To A Trend**

Let us have a brief moment of silence for the hot current passing of the great American concept—individuality. For all, although they may be a slight hitter or twitch or a mean of protest, and, according to an out-of-case mean tolerance of such a style, should be comforted and interested in HPC's student body.

But our motto should not only be a challenge to the editor. It should also be a challenge to the student body. Here is a publication at your disposal, an organ through which you can tell of your activities, express your views and demonstrate your creative abilities.

If an editor expresses a view you disagree with, write a letter to the editor and give your viewpoint. If an organization is planning something special, let the HI-PO know about it. And if you have some poems or sketches, or any creative work, share them through the HI-PO.

This year let your voice be heard in the HI-PO office, so that the HI-PO may truly be the "Voice of the Students." There's a Name for It

We got all involved in "days," "weeks" and "months," but it seems that the year is loaded with special, most of which we never heard of before. Furthermore, someone in Michigan now makes a business of keeping people informed about the time and do nothing? The alternatives fascinate us.

Every day the routine gets some hand and other side. It's high time we found something to catch us. We may very well be too late already. As a final note of the character, they are about us and just about as beautiful.

Every dog has its day. And when the sun sets over the calendar, the blue whale is a year. Perhaps we should have a brief moment of silence—better make sure that we don't have a brief silence, or we won't have time to finish our book or the "something before the 15th frame thing comes.

**Challenge From Rhee**

In Austin, Texas, a fifth grade teacher had his pupils write letters to war workers, trying to bring friendly messages to all children. A letter from Ralph Rhee, president of the Republic of South Korea, carries additional meaning.

The most thrilling discovery we made is that May is "Mute Your Month." This is one of the deep secrets of calendar makers and day, week and month namers. Never before have we heard who can use them: who keeps track of them.

The, most thrilling discovery we made is that May is "Mute Your Month." This is one of the deep secrets of calendar makers and day, week and month namers. Never before have we heard who can use them: who keeps track of them.

It's too short a day to be selfish. It is the fountain of wisdom. It is the secret of perpetual youth. It is the road to happiness. Take TIME to laugh—It is the music of the soul. Take TIME to be friendly—It is the greatest power on earth. Take TIME to read—It is the price of success.

**Not A Bad Idea**

University of Minnesota DAILY columnist Todd White tells what he did when tuition went up.

I didn't mind it a lot. In fact, I'm delighted that they raised my tuition $25. It solved all my problems in one fell swoop.

You see, I am a University parking lot attendant and most money on a budget of $100 a quarter. With tuition formerly at about $15 a quarter, I was left to struggle along with $5. It was nearly impossible to pay rent, board and something to wear on only $25, and I have found it exceedingly trying.

The biggest idea is solved. The University takes the whole hundred dollars, and I have to work to make sure of a place to live, board and something to wear. This is the so-called "savings"—let us have a brief moment of silence—bet-ter make sure that we don't have a brief silence, or we won't have time to finish our book or the "something before the 15th frame thing comes."

It is the secret of perpetual youth. It is the road to happiness. Take TIME to laugh—It is the music of the soul. Take TIME to be friendly—It is the greatest power on earth. Take TIME to read—It is the price of success.

**Auditions for Musical Held**

The biggest venture ever undertaken by the theatre group, Miss Delphina, will be held the first of next month. The auditions for singing parts will be held by Mr. Ferris in his office. Miss Delphina will be held by Mr. Ferris in his office. Miss Delphina...

Foreign Service
Exams Announced

In response to thousands of inquirers received from all areas of the country concerning a career with the Foreign Service officer corps, the State Department is again announcing that the next written Foreign Service Officer examination will be held on December 5, 1959, to apprise it of entry concerning a career with the Service. The exam offers officers who will specialize in such fields as public and business administration, and economics, as well as in language and area studies, in international labor affairs, and public service.

As to be eligible to take this examination in December, candidates must be at least 21 and under 32 years of age, and the closing date for receipt of applications, Foreign Service officers 20 years of age may apply only if they hold a bachelor’s degree or have seniors in college. Applicants must be American citizens of at least nine years standing, and although a candidate’s spouse need not be a citizen on the date of the examination, citizenship must have been attained prior to the date of appointment.

Wylie Charges Newspapers, Education

However, America’s newspapers are the last bastions against the ever-increasing loss of freedom, Philip Wylie, internationally famous author, commented at an award dinner at Florida State University. Wylie is best known for his “Generation of Vipers” in which he displays his unswerving insight into human behavior.

The objective of too many big city newspapers is not to give the news, but to peddle the most suitable details of daily events. Wylie said. Press associations all over the world are busy sending in stories to fill Space designed to sell more pictures with stories to feed market, shock-lusty readers. Factual news and editorial comment are out-weighted ten to one by intimate and insignificant happenings of questionable value in the entertainment world and sports, he added.

It thus falls to the smaller newspapers to prevent complete loss of freedom’s foundation, which can look as a treadmill line lose its franchise when it’s not needed. Wylie continued. By accurate news reporting and elimination of slanting or coloring, editors of these papers can do the job they monopolize counterparts. Wylie said. Every newspaper can be courageous and free, he said, only if its editor or publisher can take something that enables the publication to exercise its right to free expression and make public opinion through true accounts of actual events.

Emphasis on worth of the classroom over the gymnasium or gridiron is a primary need, Wylie asserted. Newspapers were quick to recognize the needs, have not abandoned the educational institutions with need资金 from our civilization into entertainment centers, rather than local points of learning.

Cheating and dishonesty in class work and sports has been encouraged by the knowledge that all-star teams command more attention and respect than exceptional scholastic achievement. Wylie complained. This accounts for Russia’s present placement, sports and research, in Russia, sports are more respected and research is insignificant in the entertainment world.

Ford Sparked Revolution

A European scholar and priest has written a stirring defense of America’s capitalism in which he credits Henry Ford with having sparked a revolution that makes the Industrial Revolution pale to little more than a changing of the guard.

Writing in the October Reader’s Digest, R. L. Bruckberger, a Dominican priest, says, “I consider 1914 a momentous year to history because it is the year in which Henry Ford, by establishing the assembly line and more than doubling wages at one stroke, finally freed the worker from the ‘petty-bourgeois servitude.’

‘When Ford adopted the eight-hour, five-dollar-a-day in 1914, he made the worker a customer in the market. By putting America on unlimited national market,” says Father Bruckberger. “Because of Ford’s industrial revolution, unlimited growth and increasing prosperity are possible for mankind. Ford’s discovery was nothing less than the discovery of the kind of human organization which makes this expansion possible.”

Auditions For Fall Follies
To Be Tuesday
Auditions for the annual Fall Follies will be held in the auditorium on Tuesday, October 13. Only freshmen and transfer students are eligible to perform in this talent show. Any type of talent is acceptable. Interested students should sign up for an audition time in the office of Roberts Hall before Monday, Octo-
ber 12.

The follies will be held in Memorial Auditorium on October 16 at 8:00 p.m. Judges will be chosen from students and faculty. Prizes will be given to the acts chosen for second and third place honors.

Intermission entertainment will be provided by last year's winners, Zane Donels, first place, and Donald Brown, second place. Last year's third place winner did not return to HPC this year.

The steering committee, Pat Olson, Helen Clay, Faye Jones, and Bill Mauk, have announced that they hope to obtain the services of Shrimp Flats from Wednesday evening. The committee extends an invitation to all new students interested in working with make-up, sets, lighting, or photography to contact them and promised that more new students will take more interest in this year's production of Fall Follies.

This year the SGA has turned the production of the Fall Follies over to the HI-PO staff. This action was taken at the request of the SGA, which was the most recent request entered by the staff, in order to raise more money to publish more HI-PO's.

NEW VIEWS ON COLLEGE GOALS

"In colleges the desirable goals have become 1) to be well-versed, which is to say sufficiently dulled so as not to stand out either offensively or brilliantly, and 2) to be well-liked, which means to be unobtrusively mediocritious."

The above criticism of the social goals of the average college student seems justified. Truly, we are all stuck in the same rut. We are all well-rounded, to know a little about everything. Doesn't this add up to a "jack-of-all-trades-master-of-none?"

This attitude prevails in everyday conversation, heard around campus. No one really knows much about one another, so we all talk about the latest fad or about the weather, the latest record, or the latest date.

These students who are well verse in some particular subject remain silent on expressing this knowledge for fear they will be considered to be "too smart." Dor, this really indicate mediocrity? Perhaps it does. Perhaps it is all we are taught to be mediocrity.

The fraternity system receives a great deal of criticism from all sorts of people. People of all types of colleges, high schools and students. Most of these people believe they are doing the students a favor, but will do themselves a favor.

In the first place, the fraternity system has a tremendous opportunity to improve the college a favor, but will do themselves a favor.

Sororities and fraternities have a tremendous opportunity to improve the social environment of the college. They should contribute something that is constructive, not just something that is fun. They should try to do things that are constructive.

As you enter the library the first thing that catches your eye is the librarian's desk, where you check out the books. On the left you will find a new display of periodicals. On the first floor there are the reference books, current periodicals and special collections.

On the second, third, fourth and fifth floors, there are closed stacks which we are not able to enter without permission. There is a microfilm reader on the second floor which includes the New York Times from 1851 to the present.

Each month a book is sent to the faculty and to both the students and librarians. Each year there are 30 new books each month.

One new pledge joyfully expresses her enthusiasm. "I finally made it." She added, "The parties were really a lot of fun. Everyone knew to talk to them and they would give you a compliment. It's a wonderful experience." She said. "It's a wonderful experience. I wish I knew how to do it again."

In closing, it is hoped that this article will be of benefit to those who are interested in the social environment of the college.

PI KAPPA ALPHA
After having a successful year at Myrtle Beach last summer all the Pi Ks are back in school ready for another great year.

This year started out with two unusual topics...

1) a wedding of brother Harold McDaniel and Jean Thomas, and brother Bob Likeld and Karen Gobin. We would also to congratulate brother Bob Hilliard and wife upon the arrival of their 8th b.b. boy.

The Pi Ks are starting their social season with a kick-off party on October 10, to be followed by a student mountain trip and picnic on October 18.

Wake Forest chapter has invited all the brothers over for their annual rush party on October 13.

As far as sports go we are expecting a good football team this year. See you on the gridiron.

LAMBDA CHI ALPHA
The Lambda Chi Alpha Fraternity started off with its annual steak fry at the house. An informal date swimming and an evening of informal dancing.

Brother "Shing" Foyt was on hand to provide some entertainment for the brothers and their dates. The party was held at a quaint old farm house on the outskirts of Thomasville.

SIGMA PHI EPSILON
The brothers and pledges of the N. C. Eta Chapter of Sigma Phi Epsilon returned to High Point College after being scattered from Berlin to Bogor City. After exchanging "wars" stories they settled down to normal with a party at the Grange Hall and plans for a trip to the mountains.

Congratulations are in store to newly initiated brothers; Venei Davis, Jimmy Edwards, Bill Slope and Larry Wheliss. Also congratulations to Marion Scott who has lost his pet to a very cute and charming girl, "Miss Audie Anderson. Best wishes to Mr. and Mrs. Bill Sledge on their marriage June 8.

Do You Think for Yourself?

(PUT THESE QUESTIONS ON YOUR BRAIN-PAN AND SEE IF THEY SIZZE*)

If you saw a man on his hands and knees in the street, searching for something, what would you do? (A) try to find it before he does? (B) tell him it isn't worth getting down on your knees for? (C) ask him what he's doing down there? (D) offer to buy it from him when he finds it?

If a turkey is kept in the store, and after you have had your dinner, you feel like trying another, what would you do? (A) simply cook it for yourself? (B) send it back to the store? (C) refrigerate it until the next time you have a turkey dinner? (D) offer to buy it from the store?

Why do men and women who think for themselves usually smoke Viceroy? Because they've found out the Viceroy filter is the best of its kind ever developed, for finest tobacco taste. A thinking man's filter.

A thinking man's filter... a smoking man's taste!

Do you believe that "what's good enough for your father is good enough for you"? (A) a remark indicating that Father had things pretty fancy? (B) a parental trick to avoid spending money? (C) a statement, innocuously revealing an ultra-conservative attitude? (D) an admission that you deserve as big an income as Pop?

The Man Who Thinks for Himself Knows—

It's All Greek

by EDNA BOSK DUNCAN and LEN LEWIN

The Alpha Gamma Delta have had an exciting summer. Sylvia Nicholls has returned from Europe where she was Miss Wingate of 1957.

Several of the 1959 graduates are now teaching school in the High Point area. These include Sylvia Hill, Janet Dean, Doris Starchinger who Carl Purvis and Lucia Poyner. During the summer, wedding bells rang for Linda Lemn, Barbara Wilson, Pat Beam, Jackie Smith, Carol Purvis, Nellie Jones and Betty Jean Bridges. Gracie Sprinkle was transferred to Henry Andrews on June 2 and Jonas Morganz received a diamond from Stewart Arnold during the summer.

The biggest highlight of the summer for the Kappa Delta was the National Convention held at Hotel Utah, Salt Lake City, Utah. Representing Gamma Gamma chapter were Edna Bosk Duncan as an official delegate, with Betty Gray Dornan and Eva Dell Smith as alternates. They were welcomed by Mrs. Frances Yow, a national officer of the sorority, and following the convention the group took an extended trip to southern and western states, traveling by car.

PHI MU
Two Phi Mu alumnae have recently been married. Janice Trotterman became Mrs. Garland Carroll on September 11, and Peggy Allen was married to Stuart McPherson September 7. Congratulations.

Many of the Phi Mu alumni attended the parties during the week. Among them were Martha Tumpey who is serving as the Director of Religious Education at Bethlehem Methodist Church in Winston-Salem, and Shirley Yelverton who is doing graduate work at Appalachian State Teachers College.

Lula Graham has been elected as a representative to the House from the junior class, and Atlantic Newman has been elected in her alternate.

ALPHA GAMMA DELTA
The Alpha Gamma Delta have had an exciting summer. Sylvia Nicholls has returned from Europe, Joan Baker was in Europe with three other High Point students. She traveled with them to Methodist College. Sylvia was elected president of the European student group.

Enita Young was elected representative for the junior class to the House. Doris Ann Joyce is her alternate.

Alpha Gamma Delta has learned that there was an average loss of the sorority on their trip.

"Judi" Anderson is plans to marry... her sorority officers will be there during the summer months. They are Betty Black, Betty Phillips, Ramona Leonard to Robert Pughes, and Marie-Lou Chapman to Ralph James.

ZETA TAU ALPHA
A group of Zetas occupied Tarrytown Inn at Myrtle Beach for a week in the beginning of the summer. Following the beach trip, Grace Jensen and Nancy Campbell began summer classes at HPC. Other Zetas attended summer school at Chipola, and North Carolina College.

During the summer, several of the Zetas attended Sigma Phi Epsilon at the 10th Annual Convention in Columbus, Georgia. The convention started Monday, September 7, and ended Thursday, September 10. A joint meeting of underfraternity groups was held on Tuesday, August 21st.

The Lambda Chi Alpha Fraternity started off with its annual steak fry at the house. An informal date swimming and an evening of informal dancing.

You have seen the advertisement for the "36" cigarette...(A) a new brand to try? (B) a cigarette to buy back? (C) a health dodge? (D) a cigarette for smokers who light them in the dark?

Why do men and women who think for themselves usually smoke Viceroy? Because they've found out the Viceroy filter is the best of its kind ever developed, for finest tobacco taste. A thinking man's filter.

A thinking man's filter... a smoking man's taste!

Do you believe that "what's good enough for your father is good enough for you"? (A) a remark indicating that Father had things pretty fancy? (B) a parental trick to avoid spending money? (C) a statement, innocuously revealing an ultra-conservative attitude? (D) an admission that you deserve as big an income as Pop?

Then by the way, if you checked (C) in three out of four of these questions... man, you think for yourself!
The names of 19 seniors selected for publication in Who's Who in American Universities and Colleges were released this week by Dean Nelson. The Dean said that he wished to congratulate these students for receiving this highest honor senior can receive. Selection was based on the following qualities: excellence and sincerity in scholarship, leadership and participation in extracurricular and academic activities, and promise of future usefulness to business and society.

The purpose of this publication is to provide some medium through which the names of deserving students throughout the country can be brought before the business and social world. The High Point College seniors to appear in the 1960 edition are Helena Clay, Peggy Davis, Sylvia Deaton, Betty Gray Dorman, Fadd Olmsted, Sylvia Parker, Liz Peterson.

Marilyn Pickett, Wini Stuart Alice Sweetland, Doris Talley, Kathy Traylor, Gilbert Beeson, Otis Bergmann, John Davis, Charles Johnson, Bay Sheppard, Ronald Wachs, and Harold Wright.

Guys and Dolls, the long-run Broadway musical hit will be presented to the High Point College Campus on the nights of November 19 and 20.

The show has songs by one of America's most popular song writers, Frank Loesser, accompanying a plot by Jo Swerling and Abe Burrows from some Nathan Silverman's stories and Broadway characters. Its record of success includes a New York Drama Critics Circle Citation and a New York run of three years and three days, followed by a 1955 revival that won it greater critical praise than even its first production.

Ed Stafford, Wini Stuart, Don Drapeau, and Libby Graham will be seen in the four major roles of the show, respectively as Sky Masterson, the slick professional betting man; Sarah Brown, the antisemi-stud; Salvation Army last who falls in love with him; Nathan Detroit, the harrum small gambler who makes a generous living from horses and dice; and Miss Adelaide, the night-club singer who has developed a psycho-semantic cold from waiting 14 years for him.

As even those who only occasionally listen to the radio cannot help knowing, Guys and Dolls has a full-throated, an abundance that is all the more remarkable since this show is one of the nuclear kind of musicals in which the songs grow out of the action, and are not merely set-pieces thrown in on cue.

These hits range from the comic "Fugue for Taxis" in which at the beginning the petty gamblers set the skip for the whole show's interest in these little landing-otsen of the Times Square street-corners, to satiric song-hits, an abundance that is all the more remarkable since this show is one of the nuclear kind of musicals in which the songs grow out of the action, and are not merely set-pieces thrown in on cue.

Across The Desk

OF THIS AND THAT...

It seems that the system for keeping the Student Center open isn't working out too well. Unfortunately, when one is in charge of the Center so seldom, apparently their one theme doesn't give the responsible persons the idea to decide on the number needed for efficient performance of the duties involved, and their picking students from the Junior Chos to do this. This method causes a lack of publicity in the cases when a Junior Class does not have the required number of qualified students! If there is no interest in these preliminary games, it would also give the students who form the squad excellent practice toward becoming Varsity Cheerleaders.

It would seem that being a Junior Marshal is no longer the honor it used to be. Nowadays, the idea is to decide on the number needed for efficient performance of the duties involved, and their picking students from the Junior Chos to do this. Another Hour At Library?

On the High Point College students need another hour at the library. They should be opened until 9:00 p.m. instead of 8:00 p.m. They are not doing this to overwork the students. Not the one hour. It is due to the student's own demand and protest. For many of them, the library is the only place to be quiet and read.

There are other reasons for desiring an extra hour at the library. Students need the facilities for studying. They need a place to write papers. They need a place to work on their projects. They need a place to discuss their ideas with others. They need a place to study for exams. They need a place to work on their term papers.

The students request that the library should be opened until 9:00 p.m. instead of 8:00 p.m. This would give them the extra hour to do their work. It would give them the chance to study for exams. It would give them the chance to do their research. It would give them the chance to work on their term papers.

About Life

Every day approximately 500 students go through the "show line" for each meal. How many of them can you name, and how many of them will be your counter? If each one could work with utmost care in their jobs, what experiences a cafeteria worker gives you? They work from 7:00 AM to 5:00 PM. It begins all over again after the dinner service. Here is where the cafeteria workers earn their living. A cafeteria worker is the person who serves food. They are the ones who make the food look good and taste good.

The cafeteria workers are the ones who make sure that the food is prepared just right. They are the ones who make sure that the food is cooked just right. They are the ones who make sure that the food is served just right. They are the ones who make sure that the food is eaten just right.

Life Behind

The Counter

by NINA LAWSON

After serving such delightful people for breakfast, the noon meal comes around. This is the biggest meal of all. Students start to feel a bit tired and hungry. As a worker walks in to serve breakfast, he sees a herd of students coming around the corner. This is the biggest meal of all. Students start to feel a bit tired and hungry. Bishop's Company To Appear

A unique stage production will be presented Nov. 11 at assembly by the Bishop's Company, the only touring repertory company of its kind presenting drama-the-church productions with professional actors and stage settings are used. Both the audience and the performers will experience the various locales in which the scenes of the play are set.

The production to be presented will be the American Student Information Service. A 35-year-old, three-act play, the play will present a two-week period in the life of a U.S. student attending University College, London. The play will be directed by Mrs. Fred Wall Smith, and two daughters of over 300 students in the faculty at Lafayette College, Easton, Pa., for 70 years. He served in the U.S. Navy during World War II and was a member of the First Presbyterian Church.

The purpose of Fellowship Teams is to promote better understanding of different peoples, to provide an opportunity for students to work alongside the local people in their job activities, and to provide an opportunity for students to share in the cultural life of the community.

The election in England is now over and as you know, the Conservative have won, but how many of you know how this came about? The government has some new ministerial duties, and several of the students felt that they were interested in this.

The slogan for the Liberals this year was much the same as last year, to say the least. The campaigning in England is much like ours here in the U.S., but whether or not we will see a "get tough" attitude towards us. These are the reasons why I believe this...
Perry Wins In Fall Follies
Barbara Perry, a freshman from High Point, won first place in the Fall Follies of '59 on Oct. 22. Betty Foshee singing "St. Louis Blues," won second place and Ann Emery won third place doing a monologue, "The Man On Campus." Barbara Perry sang "Love Is A Many Splintered Thing" by the Women's Club of High Point.

The 1959-60 session of the Student Legislature convened Oct. 8 in a meeting of Representatives, SGA president, and Student Officers. President Olson expressed his desire and trust that this year’s meeting will provide a home for the Student Legislature. Don Douglass, president of the Student Council, presented a new constitution over the meeting. During the Senate meeting, the band was accepted back into the House of Representatives and the newly formed Chapel Choir was granted permission to return to the House.

Don Douglass was appointed by Dean Nelson as head of the committee on the operation of the Student Center. Burke Northrup, Speaker of the House, opened the floor for discussion of the omnibus bill. During the discussions, the first bill that five volunteers would make up this committee to work on. Langley, Santesteban, Thelma Mit- chell, and Jackie Chesn volunteered for the job.

At the first meeting of the House, Oct. 15, the election of officers was held with the following results: Those elected were: Speaker Pro Tem, Vern Elkins; Majority Leader, Ronnie Wachen; Reading Clerk, Mark Raber; Business Clerk, Claude Rad- cliffe, and Sergeant-at-Arms, Bill Parrott.

The Senate’s first session as an in- dividual organization was held in the Student Center. Officers elected from the Student Senate were: President, Enid Beene; Secretary, Paul Beene; and Lieutenant, Marjorie McMahon. A bill dealing with the wearing of uniforms by the student body on campus was introduced. It was passed in its initial form as an omnibus bill and was sent to the House for further debate.

**PRESENTING YOW’S PANTHERS**

HPC sports fans got their first formal glimpse of the 1959-60 Panther varsity basketball squad a week ago Tuesday as Head Coach Virgil Yow and Assistant Chuck Hartman unveiled what could be the finest team this school has had in years. At least the potential is there.

If anyone is interested, the whites beat the purples, but I don’t care anyone is. It would be unfair to tear each man down individually since this was only the third time the club had scrimmaged. However, as an observer, several factors were noted. For one thing, Wayne Cheek and Wolfy Unger looked as good as any two men might in one night, both offensively and defensively.

They weren’t the only shining stars by any means. Captain Danny Sewell picked up where he left off last season and made unusual number of layups, twisting lay-ups, several times with two or three men between him and the hoop. Newcomer Dave Coombs played like he had been with the club at least two seasons. He had several passes deflected and missed some hard driving lay-ups, but played a hard, aggressive game.

Both Jackie Short and Zane Daniels showed up well, playing good floor games and hitting on a variety of jump shots. Tommy Combs had his usual steady game and teamed with Cheek and Unger to clear the boards for the whites.

Another newcomer, Larry Nolan, a 105-pounder from Washington, D. C. showed an ability to drive and good scrapping off the key by1/2 ball other that will force a lot of action this winter. Offensively, he had a bad night but showed good hustle and a strong set of legs under the hoop. "Cubby" Formyduval played his usual aggressive game and displayed the kind of fighting spirit that is so much needed.

From first indications, this looks like a club that possesses a great amount of talent, ability, and depth. Coach Yow has three more weeks before the lid-opener at East Carolina on Dec. 1. It should be the opening of a schedule that carries High Point to the Mid-Atlantic Conference by the New York Times.

There is no reason why this club can’t go a long, long way, if every man loses his self confidence and is ready to do the job that Yow’s Panthers are capable of doing.

**COLLEGE FOOTBALL ROUNDUP**

Let’s take a wide swing around this country of ours and see what the potential winners are in each of the major college conferences and leagues at the present time.

On the East Coast, both Army and Navy have been disappointing while Syracuse and Penn State have taken the spotlight. In the Big Ten, it has been anticipated to repeat last season’s dismal record and occupy the cellar position. Instead, they stand undefeated in five tilts, three in conference play, and at the moment the Southeastern Conference has by far the most power this season.

The Southeastern Conference has by far the most power this season with four schools, Louisiana State, Mississippi, Auburn, and Georgia Tech all within the top ten. Billy Cannon and Co. tanged with powerful Mississippi last weekend in a game which could have decided LSU’s bid for a second straight national title.

Closer to home we have the celebrated Atlantic Conference. Here it looks like the Tigers from Clemson have matters about sewed up. Led by junior Norman Snead, Wake Forest has decided LSU’s bid for a second straight national title.

Cheerleaders Elected In Assembly

On Wednesday, October 28, two new regular cheerleaders and three others were elected to the student body. Vicki Smith and Tom Smith are two of the winners, and Anne Jones, Ann Surratt and Frank Phillips were elected to the alternate cheerleaders. Seventeen girls and three boys were picked for the two positions. These students cheered at the women’s basketball game on Tuesday, October 27.

The girls that made out were Nancy McMill, Vicki Smith, Ann Surratt, Karen Molfitt, Karen O’Rear, Alice Jones, Nancy Boone, Rocky Kramer, Ann Eversy, Phyllis Hoos, Ann Burns, Nan Bean, Sue Brady, Dee Ford, Betty Beaumanch, Linda Samuels and Do Do Davis.

The boys that tried out were Tom Dean, Bruce Garabatz, and Frank Phillips.

The two new regulars along with Harold Dines, Betty Eversy, Dave Galloway, Win Scott, Smiley Lloyd, Yvonne Reeves and the members of the cheer squads of the North Carolina-Charlotte and the North Carolina State University cheer leaders were elected to the 70-80 cheerleading squad. Shelby Wilkerson was selected as cheer leader.

The cheerleaders are helping in the campaign to raise money to purchase new uniforms for the cheerleaders. Harold Dines will wear a new uniform. All donations will be appreciated and should be turned in to Shelby William.

**THICKNIS BREAK**

**PENMBROKE RECORD**

The cross-country team of HPC defeated the cross-country teams of Pembroke State College by a score of 26-27. The Panthers were led by Danny Sewell, Combs, Short, Guzinski, Unger, Daniels, and Thompson.

PHI MU
The following Phi Mu's were represented in the Miss High Point College Contest: Libbie Graham, Shelby Williams, Jo Anne Phillips, Wilt Smart, Alice Rayfield, Alice Jones, Jane Lloyd, Jane McCurt and Shylane Newton. The last six were chosen from the fraternity finalists.

Recently elected pledge class of officers are: President, Kay Thompson; Vice-President, Jean Bartlett; Secretary, Alice Jones; Treasurer, Evelyn Hallisey.

Four Phi Mu's have been selected as Junior Marshals. They are: Libbie Graham, Eileen McElroy, Shylane Newton and Peggy Wykoff.

Delta Talley was elected to the Tri-Sigma Epsilon. She also represented the Western North Carolina conference of the Alpha Rho Chi at a Vocations Conference in Nashville, Tennessee.

Karen Combs, who is pinned to Bobby Lloyd, was recently invited by the Phi's. Libbie Graham is pinned to Don Drapeau and Jane Lloyd is pinned to Bill Van Asken. Delta Talley was also engaged to Donald Lucas.

Alpha II has been elected as first alternate checkerboard.

ZETA TAU ALPHA
Henry Edwin Akins is the proud possessor of a sparkling flame that has been given to him by his fellow classmates. The flame was presented on October 16.

"Singin' From a Distance," You Find It" is Zeta's pledge Barbara Perry won the first place award in the fantastic talent show. Nan Beaum was also in the show doing a tap Chisholm. Zeta Lorena Dickson, Pat Wykoff, Sally Lloyd, and Zeta Books have landed parts in the Tower Events production of "Guys and Dolls." Jennifer Skinner represented Zeta in the preliminaries of the Miss High Point contest.

Renee Ruchelle was elected Recording Clerk of the House of Representatives. With the new beginning in college, are: Pat Wykoff, representative of the sophomore class, and Bobby Royer representing Epsilon Sigma Tau, Delta Gamma's chapter advisor.

Delta Gamma chapter initiated two girls into the sisterhood of Zeta Tau Alpha. These new good initiates are Nancy Campbell and Louis Dekosz.

KAPPA DELTA
On Saturday, October 24th, a very belated "homecoming" was held for Kappa Delta. We were treated to an off-campus visit from Miss Florence Terry of Florida, Kappa Delta national sorority advisor. The event included a full day of fun, frolic and fellowship, and was enjoyed by all.

On October 12, the Kappa Delta's experienced the final performance of Alfred Hitler for the "Hit Tallent" talent show. The resident of the home also entertained us with various talent acts. The program was also the initial prom of the Kappa Delta's, but happening in November, weekly work will again be done in the Coltr平台上, the return to Kappa Delta's.

A Sermon by Peter Marshall

Changes are everywhere. Many institutions and customs that we have taken for granted are being called into question. It is easy to feel a little afraid, a little out of control. But history shows that it is not always good to be afraid and out of control. Christianity is more than a set of beliefs and a way of living. It is a way of understanding the world and our place in it. It is a way of making sense of our experience. It is a way of finding hope and purpose in a world that can seem chaotic and confusing.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord. And this shall be the sign unto you: Ye shall find the Babe wrapped in swaddling clothes, and lying in a manger.
**PANSTERS WIN IN OPENING CONFERENCE GAMES**

**NSC RECORD FALLS**

**PANSTERS CRUSH QUAKERS 106-54**

**by BILL DAMON**

High Point College Panthers on Wednesday opened its home cage schedule against Elon College, and the result was a high-scoring, 106-54 victory. The outcome was caused by a 55-38 half-time lead for the Panthers, and it was their best victory in a conference game since by then 1957, due to the offensive threat that our varsity lineup was showing. The Panthers' star, Danny Sewell, had 27 points, followed by Dave Coombs with 18, Wally Unger with 11, and Ike Riddick with 10. The only Guilford player who scored was the center, and one point was Don Lineberry, with 27.

Although the scoring total was as high as 47 points, but the Panthers out-slanted the score by 34-26. When the action resumed, the Panthers increased their lead further, with an indication of an outstanding defense. The Panthers' aggregate over the whole game found High Point minus the services of stellar guard Dave Coombs. If the game continued to the half-time rally, the Panther's lead was narrowed down to 55-46. When the action resumed, the Panthers gave their opponents a lot of trouble, with a low 36% average from the floor, while High Point was faultless team on the floor during all of the second half. Another indication of a great defense was the Panthers' rebounding, as they were held to a meek 30.9% average from the floor, while High Point was 69-60 Win.

The High Point College Purple Panthers officially opened the '59-60 cage season with a quite spectacular victory over the East Carolina Panthers at Greenville on December 6, in the score of 96-60. In a low scoring, drab defensive game, the Panthers gave even further indication of a great defense. East Carolina showed first blood in the game and held the lead until 6-0 in the first period. At this point a 6-0 lead put High Point ahead 11-2, and it was held for the remainder of the half game. During the first five minutes of the game the No. 1 team seemed to be able to buy a basket, but as the game progressed, the Tusks gained in accuracy and it was largely due to the sharp defense of the Panthers that the scoring was held low. East Carolina showed first blood in the game and held the lead until 6-0 in the first period. After this point, the game was not played as a unit, and the rest of the wav, leading at half-time was 34-26. In the second half, the Panthers took the lead at 38-34, and the rest of the game was played as a unit again, with the result being 69-60. With the high-scoring barrage was made evident by the total of 59-38 in the first period. In this period, the Panthers increased their lead to 11-2, and it was held for the remainder of the half game.

Although the scoring total was as high as 47 points, but the Panthers out-slanted the score by 34-26. When the action resumed, the Panthers increased their lead further, with an indication of an outstanding defense. The Panthers' aggregate over the whole game was 28.4% from the floor, while High Point was 69-60 Win.

**QUEAKERS, PIRATES FALL IN NORTH STATE PLAY**

I could not help but feel a little bit sorry for Coach Darrel Sloan and the Guilford College basketball team last Thursday night as Danny Sewell and Company cuddled up close to the State bulletin board to the delight of the home crowd. The new entry in the Greensboro file, which counted a total of three time-outs during the entire contest, realizing early that his Quakers were completely outclassed for the night. Unlike East Carolina, High Point's output, 106-54, was an indication of the victory. Another good season to the Greensboroites, Guilford is headed for another dismal season with Don Lineberry, the only consistent performer.

East Carolina, on the other hand, while inexperienced at the moment, is going to give everyone a rough go of it by the first or second week in January. A freshman ace named Lawrence Carter is going to spell a lot of success for the Pirates over the next few weeks. A. B. Williams is all smiles these days as he anticipates the game receipts from home town bleachers.

**WHERE WAS THE BAND?**

One of the most enthusiastic crowds to ever fill Alumni Gymnasium was on hand to greet the highly-touted Panthers home on December 6, 1959. They, too, were in the midst of the game action and were wild over the high-school boys who are currently preparing for Guilford." The Guilford game as well as the ECC game are true home games. That's when we must support the boys and Coach Virgil Yow to the utmost. Anyone can see that Guilford's club has won the banner of High Point College that we are behind lining the fence. Since this copy goes to press a week after it is written, our plans for the second week in January. A freshman ace named Lawrence (Cot- ton) Clayton is going to spell a lot of success for the Pirates over the next few weeks. A. B. Williams is all smiles these days as he anticipates the game receipts from home town bleachers.

About the only one thing missing last Thursday night was HPC's colorful band which has added a good deal of spirit in past season. However, the appropriation for Guilford's club would have been the playing of "Waterloo.""}

**SCHOOL SPIRIT AT HIGHEST PEAK?**

School spirit rose to its highest peak since I enrolled here in 1957, due of course to the offensive threat that our varsity lineup was showing. The final score was 112-70 for Guilford. TheWidgets were roasting on the sidelines, while Jack Short (HP 12), Brooks Haworth (G 33) and Jon Burwell were out, waiting for the game. The score was 112-70 for Guilford. See Europe On A Budget

A complete digest of Student Tours to Europe, strictly on-a-budget for summer 1960 has been recently issued by Wisconsin, Fortune Inc., World Travel. The program lists 24 departures from New York in June and July of both escorted and independent tours of the Continent including economical trans-Atlantic travel round trip by sea or, in some cases, combination of air-sea arrangements. The completely escorted all-expense tours use Volkswagen bus transportation for most of the travel in Europe. Prices start at $795 for a 41-day tour, for instance, with round trip travel by sea from New York.

The semi-independent tours offer students the round trip travel by sea or one way by sea and one way by air and include a 5-day all-expense introductory tour on arrival and then the completely unlimted use of a self-drive Volkswagen car to go wherever they wish in Europe until the westbound departure date. Prices of these tours which include trans-Atlantic transportation, the introductory tour to Europe, and the car hire on the Continent for 8 weeks start at as low as $800 per person. In these cases, however, the students are responsible for their own hotel accommodations after the 5-day introductory tour.

These later semi-independent tours can also be arranged on request with students going on the 30-day, sailing from New York on any day during the season, trans-Atlantic travel by air both ways.

Frat Rush Ends

Brotherhood, nepotism, traditions, fraternity parties, fraternities' pride; these terms no longer carry the vague connotation that they once did to the new members that accepted bids to join the various fraternities on campus.

The new pledges have embarked on perhaps the most broadening of all collegiate experiences and, in some cases, even the neophyte stage of the first step has been taken on the road to a more complete and rewarding college career. The names of the new pledges are as follows:
