Sig Eps Lose Frat House

Dr. Wendell M. Patton has issued the following statement concerning the moving of Sigma Phi Epsilon Fraternity from College House to the Men’s Dorm and also about the delay in the building of the new Men’s dorm.

It was with sincere regret that we were forced to move the Sigma Phi Epsilon Fraternity back into the dormitory this year. I would like to take this opportunity to make it clear to the students that this was caused by unavoidable circumstances and not due to any misconduct on the part of Sigma Phi Epsilon.

Some of you may remember the controversy between the College and many of the citizens in this community relative to the location of our new men’s dormitory. This involved not only our community but the Student Activities Commission, but required a rewriting of the City Ordinance. The new dormitory could proceed as planned only if the conflict could not occur again.

Up until this time it was our intent and our promise to Sigma Phi Epsilon that they would be given the house now occupied as the Home Economics Demonstration Home. In fact, the arrangement had already been moved into the house and some minor decorating done for them. In order to allay the fears of members of the community and many of the necessary majority of votes of the City Council to change the City Ordinance so that our dormitory could proceed as planned, the Board of Trustees was forced to promise that the College would not change the use of this property and that no men would be housed in the dormitory. Consequently, we were forced to relinquish the house we had rented for the Economics Demonstration Home and move them back into the property previously used. Since the former house had been converted to an office building, the Sig Eps were virtually left “without a home.”

Frost Dies In Wreck

Francis T. Kimball

Francis Kimball, son of Mr. and Mrs. Richard L. Kimball of 646 Roslyn Road, Winston-Salem, North Carolina was killed in an automobile accident outside of Winston-Salem on July 23 of this year.

Dean Controls Student Funds

Dr. Wendell M. Patton, President of High Point College, has announced that all student finances will be under the control of the Dean of the Students for this coming year. This action was taken because of mismanagement of student funds during the past three years.

Welcome Issued By Patton

Dr. Patton issued the following official welcome to all of our new students on campus. I would like to take this opportunity to extend our personal greetings. We hope that you will make yourself at home as a part of High Point College as we are making ourselves at home to you.

I am sure that you have already noticed the warm spirit of friendship that exists on our campus; but I would encourage you to maintain and nurture it. High Point College is an ideal place for friendships to each other. You need never feel any hesitancy in introducing yourself to other students that you may not have met.

You will find that students, as well as faculty and staff, will go out of their way to assist you and help you. As many would like to make your life with us perfect in every way. We respect, in a very real way, the time and care that you give to us. We will help you to make your life at High Point College as pleasant as possible.

Activities Highlight Busy First Week

This year approximately 325 freshmen and transfer students joined the remaining upperclassmen for the 1962-63 school year. This is a far cry from the 152 students who entered the doors of High Point College in 1924.

New Faculty

Four new additions to the faculty for the coming year have been announced by Dr. Wendell M. Patton, President of the College.

Dr. Glenn A. Webb has been named Assistant Professor of Biology. Dr. Webb received his B.S. and M.S. degrees from the University of North Carolina and his Ph.D. degree from the University of Oklahoma. Dr. Webb comes to High Point College from the Florence and Conway branches of the University of South Carolina. He has had experience in research, as well as teaching.

The new Instructor of Psychology and Education is Mr. John D. Martin. Mr. Martin received his A.B. degree from Tennessee Temple College and his M.A. degree from Baylor University. He is currently working on his Ph.D. degree at the University of North Carolina. Mr. Martin has had experience in the fields of teaching and business.

Across The Desk....

On behalf of the Hi-Po staff, I would like to welcome all the freshmen and transfer students to High Point College. By this time, of course, you are probably fairly well set in the routine of campus life. The confusion which you encountered during your first days of orientation should now be like the proverbial nightmare—you will not forget it.

By now, also, you should begin to realize your responsibilities as a college student. Of course, your first and biggest responsibility is academic. None of us will deny the importance of hard work and study—at fact, that should be our main purpose in coming to college.

In the next few weeks and months, however, many other important phases of college life in which there is a chance to develop and show your responsibility will present themselves. You will have the opportunity to join organizations, to attend teas, recitals, lectures, and dances on the campus. There will be Religious Emphasis Week, the first basketball game, the Christmas Dance, Sceney and Fraternity Rush, Homecoming.... One thing after another will demand your attention. You will start choosing your responsibilities.

It is here that we would insert two words of caution. First, don’t be afraid to accept responsibility. This is one point upon which college students have been criticized. Responsibility and the work that goes with it is a part of maturing, and shows you and others that you can handle what is not absolutely the minimum. Don’t be afraid to help on the committees that are needed to make an event successful. In fact, it might be a good idea as they arise. Join those that you feel interested in—and perhaps you will find yourself in the process of developing and show your responsibility. You will present themselves. You as a college student. Of course, your first and biggest responsibility is academic. None of us will deny the importance of hard work and study—in fact, that should be our main purpose in coming to college.

We would urge your consideration of the many opportunities as you arise. Join those that you feel interested in—and perhaps you might help, too, with some which do not appear as interesting at first. These may be the very ones which will open up new ideas and some of the best examples for you.

...and experiences for you.
**Leadership Study Course Offered**

HPC is offering a new type of course in the psychology department this semester. The course, Psychology 306, is an experience in group dynamics. The introduction of this course to the curriculum appears to be the first tangible evidence of the much talked about Education for Leadership Program. The course represents an unusual concept in learning.

Dr. William P. Matthews will teach the course using information he gained from an eight-week National Leadership Training Laboratory in Maine this summer. There is no text book for the course, nor any set procedure for the class. Students will use books purchased for the library under the Leadership Program. The class is expected to be carried out like the leadership conference held at Roaring Gap some time ago.

This course is being offered under the connection of the National Leadership Training Laboratories, with offices in Washington, D. C. Similar programs are being carried out at Harvard and other Ivy League schools.

---

**Tackle Football Intramurals Delayed**

"Football intramurals at High Point College will be played on the same basis as last year," said HPC athletic director Dr. James Hamilton when asked about this year's football program. There had been plans for tackle football in the intramural program but no positive action will be taken this year.

The tentative plans had called for the interested male students of HPC to don uniforms, pads, and other equipment to participate against each other in intramural competition. The athletic department would buy the equipment and the results would tie with the enthusiasm of the student body. If enough interest could be aroused, HPC possibly could go into junior college competition and eventually field a team in the Carolinas Conference.

Dr. Hamilton continued, "We have some equipment ready for tackle intramurals, mostly pants and pads. However, if the school accepts the program, we will need jerseys, helmets, and additional equipment. A very important problem is the condition of the fieldhouse. We will need new lockers and quite a bit of repair work in the fieldhouse. We will need new equipment. A very important problem is the condition of the fieldhouse. We will need new lockers and quite a bit of repair work in the fieldhouse. If the program is executed properly."

**Leadership Study Course Offered**

In 1959 a young man left high school to go to college. High Point to be exact. Now, 12 years later, this same gentleman is leaving the high school scene to return to college, High Point to be exact. But this time he returns as a coach and not as the young freshman basketball star of the past.

Mr. Robert Davidson originally came from Cambridge, Ind., but now makes his home in High Point. He has lived here for the past 12 years.

---

**Davidson Heads Intramurals**

The new intramural director for the year 1962-63 will be Bob Davidson, replacing James Holiman. Mr. Davidson is a new addition to the HPC athletic department and is formerly from Rangeline High School in Jamestown.

Dr. Davidson will be in charge of planning, supervising, and scheduling the High Point College Intramural sports: football, volleyball, baseball, basketball, archery, free throw contest, horse-shoes, tennis, badminton, golf, track, ping pong, and softball. Dr. James Hamilton has this to say about the new director: "We hope to improve our intramural program under the new director. I'm happy to have him on the staff." Mr. Davidson is a showing enthusiasm and incentive toward his new post.

---

**Carlyle**

(Cond. from Page 1 Col. 5) in turn, introduced the students to the Administration, staff, and faculty. Many faculty wives were also in the receiving line.

The reception, first social event in the new school year, was planned by the faculty with the cooperation of a student committee. Following the reception, faculty and students gathered for refreshments and a dance.

**Former Cager To Be Coach**

By Larry Nolan

In 1950 a young man left high school to go to college. High Point to be exact. Now, 12 years later, this same gentleman is leaving the high school scene to return to college, High Point to be exact. But this time he returns as a coach and not as the young freshman basketball star of the past.

Mr. Robert Davidson originally came from Cambridge, Ind., but now makes his home in High Point. He has lived here for the past 12 years. His new position is teaching in the intramural program under the direction of a coach and not a player. His new position is teaching in the physical education department, director of the intramural program, and head coach of the track team. In reference to his new position, Mr. Davidson said, "I am glad to be back at High Point College and I feel this is a great opportunity for me."

He is 25, married, and has two children.

**It's All Greek**

**DELTA SIGMA PHI**

**WELCOME:** The Brothers of Delta Sigma Phi would like to extend a warm welcome to all freshmen and transfer students. May you have a rewarding and successful year at High Point College.

**MARRIED:** Congratulations to the following Alpha Alumni on their recent weddings: Preston Reece to Glenda Williams, September 22, at Ransom Chapel; Judy Fisher, Jim Drum to Miss Dorothy Western, September 22, at Trinity Church in Winston-Salem. Best wishes to each of you personally and to your families.

**GOOD LUCK:** To all the boys, may your past and future years be filled with much success and happiness.

**SIGMA PHI EPSILON**

**ENGAGED:** Brother John Ullman to Miss Becky Boyer, Brother George Wigglesworth to Miss Maggie Hester from High Point.

**MARRIED:** Brother Logan Braswell to Miss Judy Lowder, August 31; Brother Thad Lowery to Miss Mary Runyan, August 31; Brother Bob Skidmore to Miss Susan Brooks, August 31.

**GOOD LUCK:** To all the brothers, may your past and future years be filled with much success and happiness.

**THETA CHI**

**WELCOME:** All of the brothers would like to welcome all freshmen and Transfer Students.

**GRADUATE SCHOOL:** Brother William Treworow is now a graduate student at Wake Forest College where he is studying law.

**KAPPA DELTA**

**WELCOME:** The Kappa Delta Alpha Fraternity extends a formal welcome to all new members. We wish you much success and happiness in your future at High Point College.

**RETURNED STUDENTS:** Brother Greg Morton and Club President, and Brother John Utley are back at High Point College for another year.

**PARTY:** There will be a big rush party on the 26th of September, and a date rush party at 7:30, Massie Legion Hall on September 26. The sisters will furnish the music.

**KAPPA MU**

**ALPHA**

**ENGAGED:** Louise Stokes and Leonium, Miss Kathy Uhlman of Zeta Delta Sigma Phi and grad- uate student, is engaged to be married to John Ullman this fall. Brother Jerry Stinson from University of Idaho and Jim Drum from High Point College.

**ALUMNI WELCOME:** The Alpha Fraternity would like to give a cordial welcome to Miss Betty Martin, Miss Mary Lou Perryman, and Mr. Larry Maxwell.

**TRAVELING:** Chris Pike is traveling to Buenos Aires for several months. Brother John Utley, who graduated on May 10, is traveling to Buenos Aires for his summer vacation. Brother James Watson has been accepted to the University of Idaho for the fall semester.

**ENGAGED:** Louise Stokes and Leonium, Miss Kathy Uhlman of Zeta Delta Sigma Phi and graduate student, is engaged to be married to John Ullman this fall. Brother Jerry Stinson from University of Idaho and Jim Drum from High Point College.

**TRAVELING:** Chris Pike is traveling to Buenos Aires for several months. Brother John Utley, who graduated on May 10, is traveling to Buenos Aires for his summer vacation. Brother James Watson has been accepted to the University of Idaho for the fall semester.

**CONVENTION:** Phi Mu held its national convention at the Fountainbelle Hotel in Miami Beach, Florida. The Gamma Zeta Chapter was given an award for outstanding scholarship, and our chapter covered the honor for Gamma Zeta.

**BEACH:** Twenty Phi Mu's enjoyed fun and relaxation at Ocean Drive Beach the week following graduation.

**TOGETHER AGAIN:** We held a picnic on Saturday night with Mrs. Doug Brackett on the 26th of September. We had a wonderful week at Ocean Drive Beach. We were all in love and enjoyed ourselves to the fullest. We hope to see you all again soon.

**CD'S:** We would like to give a cordial welcome to Miss Betty Martin, Miss Mary Lou Perryman, and Mr. Larry Maxwell.

**RELOCATION:** We are moving to a new location and will be back in two weeks. Please call us at 1-800-555-1234 for more information.

**ALUMNI ASSOCIATION:** Education is a companion which no misfortune can depri — no crime destroy. It is the enemy alienate — no despised companion. — Varro.
Patton Gives Reasons For Home Ec Drop

Reasons for the recent announcement that the Home Economics Department will be discontinued at HPC have been disclosed by Dr. W. N. Patton, President of the college. First among these reasons is the high unit cost of instruction in the department. Dr. Patton pointed out that, based on the number of students enrolled, Home Economics operation is almost double that of the average unit instructional cost.

Second, the Home Management House is entirely inadequate. To remedy this situation would involve a major expenditure, which would only increase the already out of proportion spending in this area. Dr. Patton pointed out that, based on data from private liberal arts institutions, State - supported schools, able to expend large amounts of money to set up these departments effectively, have taken over these majors and can support them adequately.

Recommendations before the State Vocational Department also had some effect on the local decision. If passed, Mr. Hormachea resigned his duties as advisor of the HI-PO and Dr. Lewis, Head of the Fine Arts Department, during the summer. The award was given for services to American Music. Mr. Hormachea was in charge of editing the High Point College campus. He will present the Finch Prizes To Be Given Away at the October 10 meeting.

Larry Shallcross of Arlington, Virginia was recently appointed President of the Freshmen Class. Larry was very active in his home high school, which is Washington and Lee. He was President of his home room; a member of the Student Forum, Treasurer of the Student Council during his senior year, and also a member of the Speakers Bureau, Larry loves tennis, and he also sings and plays the guitar.

Larry's vocational plans are to major in Political Science while at High Point College. After graduating from High Point College, he plans to enter law school.

Larry feels that the Class of 1956 has a great deal of potential and spirit. He hopes that through their cooperation and ideas he can make the Class of 1956 one of the best classes ever presented on the High Point College campus.

Campus Profile

John Kennedy, President of Alpha Phi Omega Fraternity; and Robert Bartelli, Secretary, display the American Flag, which was given to the University by the college. Looking on are Mr. W. N. Patton, President of High Point College, and Mrs. Betty Stuart of the Women's Auxiliary which obtained the flag for the fraternity.

"Amos Wins Award"
The play "Amos" was presented by the National Associates of Mounts Clubs to the Student Association, the Fine Arts Department, and the Religion Department. The award, which was adopted the title "The Amos Award," was sent to Dr. Lewis. Head of the Fine Arts Department, during the summer. The award was given for services to American Music.

Dr. Walter Hodgins of the Religion Department wrote the play, which he adapted from the book of Amos. The muses to the original score was adapted by Dr. Lewis.

Advisors Named
Mr. Carroll Horshenas, Instructor of Bacteriology, has been named as advisor to the students and faculty publications.

Publications

Dr. Charles E. Mounts, Associate Professor in English, has been named as advisor to the Zenith and Mr. Jere Mitchell, Instructor of English, has been named as advisor to the HI-PO.

SCA Outlines

Plans For Year

The Student Christian Association of High Point College is striving to unite all campus religious efforts under the leadership of its 1902-03 officers. They are President, Patice Collier; First Vice President, Pat Peric; Second Vice President, Karen Laue; Secretary, Liz Oudam; and Treasurer, Fred Winthers. The organization plans to continue the same active program this year that it has carried out in previous years.

The most active activities scheduled for the first semester are weekly Vesper Services. Beginning October 1, these services will be held from 6:00 to 6:15 p.m. each Monday through Friday. The Vesper Services will be held in Lindsey Chapel.

On October 24, Memorial Day services will be held in Lindesey Chapel for those who use amputees in the cause of peace. The services will be held at 12 noon to intend to point out to us how empty our concepts of a leader are.

The SCA will also sponsor Bishop Eashey, from Des Moines, Iowa, on November 7. He will present the First Lecture to the Student body.

A Summer Service Opportunities Seminar will be held November 28, for the purpose of informing the college students about summer jobs. Special emphasis will be placed on opportunities in the field of religion.

In addition to these projects, the Association will sponsor their annual Thanksgiving and Christmas Church Services.

The Student Christian Council is looking forward to an especially exciting year. The Council has last year's officers to thank for helping to run the program. The new officers are to be elected by the faculty, and the faculty members are scheduled to meet on October 15 to elect officers to run the programs during the following year.

Dear Mr. Editor:

"The line forms to the rear" has been an expression I have heard many times, and as a student at High Point College, it is a phrase that has been repeated many times.

Anyone who has visited the campus will agree that this expression is true. The majority of the students at High Point College are very patient, and respect for the rights of others is a sign of maturity. HPC students have been very patient for their dorm assignments to be made, for their parking spaces to be available, and for their classes to be held on time. As college students we are mature enough to take on this situation, and to make the best of it. We should all learn to appreciate the value of patience.

Granted, some students have a legitimate excuse to break line, if they have only 12 to 15 minutes between classes to which they have to go to work early. Aside from this, line breaking is inexcusable.

As college students we are mature enough to take on this situation, and to make the best of it. We should all learn to appreciate the value of patience.

Name withheld.

Dear Editor:

I think that it is time for all students on this campus to realize their responsibilities. Most of the students here have come to college with only the thought of getting a diploma. They fail to realize that a college education is much more than a roll of parchment. Many of these students have not learned the value of patience or respect for the rights of others by the time they come to college, then they do not learn it here.

This writer is puzzled by the fact that students constantly gripe about the college's theme of leadership. They fail to realize that leadership is an expression that has been inexcusably absent from their activities.

This writer for one advocates that line breaking in the cafeteria is inexcusable. The Department of Fine Arts is trying to put the school on a challenge. Years from now the students in the Department of Fine Arts will have achieved more. They are fortunate to have many and varied cultural opportunities. For example, the Department of Fine Arts is sponsoring free Open Concerts every Saturday. These concerts are attended by the students of the College and are virtually sparsely attended. For example, the Department of Fine Arts is sponsoring free Open Concerts every Saturday. These concerts are attended by the students of the College and are virtually sparsely attended.

Remember. "Smitty". Ready to offer his resignation.

Dear Mr. Editor:

"The line forms to the rear" has been heard by many people. Why has this expression never been made the majority of the High Point College dormitory students? Anyone who thinks this expression has been heard by many people. Why has this expression never been made the majority of the High Point College dormitory students?

Help Wanted

Mr. Duffy Paul, Director of Placement for the college, has announced that the following employment needs have been received in his office. Mr. Paul requests that any student interested in any of the jobs offered drop by his office, which is located at 961 Montlieu Avenue (former Coble House).

1. Receptionist-Typist (8:30 a.m. to 5:30 p.m.): one woman.
2. Selling and Office Work (afternoons and week ends): one woman.
3. Secretarial Work (mornings or afternoons): one woman.
4. Office and Secretarial (afternoons): one woman.
5. Typist (afternoons): one man.
6. Church Choir Director (part time): one woman.
8. In-plant Messenger (8:00 a.m. to 5:00 p.m.): one man.
9. Insurance Agent (hours to be arranged): three men.

Throughout the year, as announcements are made for placement opportunities of this type, the HI-PO will publish the list.

17 Pledge A. P. O.

Mr. Bill chapter of Alpha Phi Omega Fraternity held its fall alert rush party on September 26 at the First Methodist Church. Attendees included our head advisor, Mr. James Dunn of the History Department, the college's President, Bob Clark.

Evening School

The enrollment in the Evening School has surpassed the fondest expectations. In the fall of 1960, 111 townpeople or non-regular students registered. In the fall of 1962, 274 townpeople or non-regular students have enrolled. That indicates an enrollment this fall of almost two and one-half times as many town and non-regular college students as registered in 1960. The number of regular daytime college students has remained fairly constant since the beginning of the Evening School. So has the enrollment in the daytime.

In the fall of 1960, 12 different courses were taught in the Evening School. This year 25 different courses are being taught. In the fall of 1960, 12 people were teaching in the Evening School. This fall 19 people are teaching in the Evening School. These figures show significantly the rapid growth of the Evening School and confirm the opinion of the organizers of the Evening School that there is a definite need for such a school here at High Point College.

Other courses are added to the Evening School program when a sufficient demand of interest is shown in something new. During the past summer a number of requests were made for a course in library science. That course is now being offered with a splendid enrollment for such a technical course.

Courses are offered in the following departments: art, biology, business, English, geography, history, library science, math, physical education, political science, psychology, sociology, Spanish, speech.

The following people are teaching in the Evening School: Dr. Bartlett, Mr. Cable, Mr. Oram, Mrs. Oram, Dr. Guentel, Mr. Grizken, Dr. Hobart, Mr. Boll, Miss Idol, Mrs. Lewis, Mrs. Morgan, Mr. Nicholson, Mr. Rogers, Mr. Taylor, Mr. Vananda, Mr. Weith, Mr. Whitaker, Miss Doggett, and Mr. Kuhn.

The SGA movies will continue to be presented each Sunday night throughout the semester.

The Student Legislature will meet each first and third Wednesday night in the Student Center.

**Home Ec**

(Continued from Page 1)

the measures would require an additional faculty member to be placed in the HPC Home Economics Department, in order to maintain requirements in accordance with the State Teachers Certification program. Needless to say, this would cause additional expense to the college.

Finally, by State Law, certification for vocational Home Economics Teachers is not possible unless the applicant for certification has spent six semester hours of certified study on the Woman's College, University of North Carolina, campus.

"This situation has been under study for some time," stated Dr. Patton, "by both the Curriculum Committee of the Faculty and by the Board of Trustees. Finally, with Board of Trustees approval, the decision was made to Discontinue the Home Economics major here.

Though the major itself has been discontinued, however, Home Economics courses will still be offered for those who would choose electives in this field.

Those who are now Home Economics majors in their junior year of study will definitely complete the Home Economics major, if they wish. Professor Patton stated that studies are being made now to determine exactly when the major will be finally dropped, but a decision will not be announced until the study is completed.

LAMBDA CHI ALPHA

NEW LOOK: There is a new "look" in front chapter section of Lambda Chi Alpha. The old "Cross and Crescent" that has been gallantly for many years has been replaced by another artistic masterpiece—the Cedar Scroll.

CROSS-COUNTRY TRIP: Brother Dave Gansman to High Point College.

TRANSFERRED: Brother Ed Mitchell has transferred to East Carolina College.

PARties: The Big Epe had a date rush party September 29. The party started with a wien- er roast at City Lake Pavilion, and afterwards there was an informal dance in the same room of the YMCA. There was also a stag get together on Sep- tember 28. The brothers and the rushees enjoyed an even- ning of fun together. There is still a question as to which was enjoyed the most—the food, "Smiley" Joe's mor- row beach trip and the California trip, or Brother Tck's speech!

PI KAPPA ALPHA

CONGRATULATIONS: A. Humbry, Brother Al- dous, Delta Omega will have made inroads in the community, and are enjoying the fruits of their labor.

VISITORS: Several new faces and pleasant ones made trips to other campuses throughout the country. As a result, the community is better inter-chap- ter relations, Bro's Ken and classmates were so delighted to see David Wink, S.M.C., attend the na- tional convention of PI KAPPA ALPHA FRAternity in Louisville, Kentucky this past summer.

AWARDS: Delta Omega chapter received the annual PI KAPPA ALPHA Lynn Award again this year. The Lynn Award was given to chapter in recognition of its finest records during the past school year.

WEDDING BELLS: Brother Dick Holt and Miss Pat Carmon of Ham- ton, Va., are planning their wedding.

BROTHERS: Alumni Brother Bob Lloyd pinned Miss Alice B. Strickler of Ph. Mi., of High Point, during this past summer.

THETA CHI

GAMMA DELTA

HONORS: Mary Lou Trout- man represented Robert Byrd in the Miss North Carolina Page- ant this summer. We're proud of you, Mary Lou!

PHI MU

CONGRATULATIONS: To Sister Ann O'Bryan for being appointed Business Manager of the Phi Mu and to Ann Ringley for being ap- pointed Photographer Official of the chapter.

Good luck! Our new brothers and pledges will enjoy the most—the food, music, and the best of luck to you!}

DEKE TRIP: On October 2 and 4, our chapter traveled to Duke to assist Gamma Epsilon Chapter in their rush.

CONGRATULATIONS: Dee Decenrion and Joy Watkins were selected as their President of the new chapter. We wish you all the best of luck in your endeavors. Congratulations, Joy, and you, and the best of luck to you!
**STUDENT INTRAMURAL SUPPORT DRAGGING**

College football goes into its final two-week-end week-end. Players and coaches alike have been working hard during the week-end. Coaches are off to another Texas, and Lenoir Rhyne is off to another Saturday game. It looks like Lenoir Rhyne will be the big five in the ACC; and Texas will be the big five in the nation this year. Duke, Maryland, and Georgia are the favorites in the ACC, and Lenoir Rhyne is off to another flying start in the Carolinas Conference. The Bears, led by Little American, Richard Rump of High Point, have a 3-0 record.

So what does the High Point College student do? He follows the teams in the sports pages, he watches them on television, he picks the games each week-end along with the sports-writer, who "expects" and he attends as many of the games as he can. But what about this? Is this fine. Just great!!! That's what makes football the number one spectator sport in the college. The more spectators in the stands the better the game; and Clara Jane Neal, to lead the teams in the sports pages, who doesn't like to have one spectator sport in the college. The more spectators in the stands the better the game. The less he can do is to go out for their own version of football. So what does the HPC student do? He follows the games in the sports pages, he watches them on television, he picks the games each week-end along with the sports-writer, who "expects" and he attends as many of the games as he can. But what about this? Is this fine. Just great!!! That's what makes football the number one spectator sport in the college.

**INTRAMURAL BASKETBALL**

New High Point College basketball coach Tom Qolin is in the midst of conditioning procedures as sixteen boys are out for try-outs this year. The squad will consist of six returning letter winners and nine new hopefuls.

Returning letter winners include: Larry Nolan, senior forward who started in reserve roles last season; Bill Fullin, junior forward and pivotman; Phil Garrison, MVP of tournament action two years ago in a dual; Dale Neil, big center who has great potential; Barry Smith, sophomore guard with all observation moves; and Richard Grimsley, a sophomore who saw limited action last year.

Heading the HPC hoplites is Kirk Steward, the YMCA star who has been on all major AAU Teams. Transfer students Al Trimble and Sam Byers are expected to play important roles in the 1962-63 edition of the Purple Panthers. Also out for try-outs are Tracey McCarthy, Sonny Chisholm, Roger Herman, Richard Giuffredo, Richard McCreavy, and Wayne Eton. Danny Lawing will serve as manager this year.

**INTRAMURAL SCHEDULE**

In addition to five intramural games during the coming week, the intramural sports pages of the local papers will be much more lively with the intramural games. The more spectators in the stands the better the game, and Clara Jane Neal, to lead the teams in the sports pages, who doesn't like to have one spectator sport in the college.

**New Cheerleaders**

With the beginning of the fall semester, the Student Council is pleased to announce the election of newly acquired coach, Bob McEwen, to serve as manager this year.

**New Cheerleaders**

Ann Barrett, Head Cheerleader, has announced that the following students were chosen as new cheerleaders on Wednesday, September 26. Regulars are Fran DeFatt, Freshman, from New Jersey; Norma Price, Sophomore, from Martinsville, Virginia; Joyce Nichol, Sophomore, from Fort Freeport, New York; Karen Cofield, Freshman, from Martinsville, Virginia; Gayle Nichols, Sophomore, from Arlington, Virginia, and Dee Byrd, Freshman, from Martinsville, Virginia. Each empty package submitted on Marlboro, Parliament, or Alpine will have a value of five points. Each empty package submitted on Philip Morris Regular or Kent will have a value of ten points. Each empty package submitted on Philip Morris Special will have a value of fifteen points. Each empty package submitted on Philip Morris Medium will have a value of twenty points. Each empty package submitted on Philip Morris Lights will have a value of thirty points. Each empty package submitted on Philip Morris Ultra Light will have a value of forty points. Each empty package submitted on Philip Morris Ultra Light will have a value of the South's.
The annual Student Congress will be held in the bandroom on Tuesday, October 23. The purpose of the Student Congress is to enable the student body to have an opportunity to be heard on important issues, to participate in the planning of student activities, and to have an opportunity to be heard on important issues, to participate in the planning of student activities.

The board also approved an organization plan presented by Dr. Wesley M. Patton, College President, in which several officers were nominated. They are Director of College Relations, Director of the University of Michigan, Academic Administration and Director of Finances and Fiscal Affairs.

Filling these offices are, respectively, Dr. W. Allen Allen, Dean J. E. Taylor, Dean R. B. Edwards, and Arthur B. Williams.

In other action, the board re-elected Mr. McGovern as its chairman for another year. Other officers re-elected were Horses S. Haworth, vice chairman; Elliott S. Wood, treasurer, and Dr. Patton, secretary.

Charles E. Hayworth, chairman of the Student Congress committee, reported on the status of the Senate, the organization, and outlined the work that would be accomplished this year.

The meeting also was addressed by Hayworth as chairman of the faculty committee, and Dr. Patton for the finance committee and the honorary degree committee.

Little Addresses Science Majors

Dr. J. W. Little, Head of the Pharmacology Section of Bowman Gray School of Medicine, spoke to the High Point College science students on "Medical Education in the United States." Monday, October 10. Also on the program, Dr. Frank Farrell, who is currently serving an internship at Bowman Gray School of Medicine, explained the choice of a medical school from the applications for admission.

Dr. Little received his education at Emory University, and the University of South Carolina. He is the chairman of a new Department of Pharmacology at the University of South Carolina. Dr. Little is affiliated with both Philo Pennsylvania and many professional organizations and is currently on the Board of Directors for the North Carolina Association of Physicians and Parents of Men.

CAMPUS COMMENT
By Charles Nesbitt

This year the Student Government Association is functioning very effectively. The new unicameral legislature seems to be working fine. For the first time, we are actively participating in a new form of governing. Surprisingly, the members of the legislature are all doing their jobs efficiently. The attitude that has been required with this new form of government is that members of the legislature submit to report at each session instills within each member the necessity of work; and, being able to meet together allows much to be accomplished. The last meeting showed me that work can be done when absolutely necessary. The meeting I am referring to is the one held two weeks ago when the Penal Code was revised. The legislature met over two hours discussing and extracting the changes to be made. Finally a decision was established which satisfied the majority.

Many decisions will be made this year and many topics discussed. I feel very confident in the SGA and I hope we continue to have good functioning legislature in the future. One way in which the student association can help the SGA is to try to keep the atmosphere on our campus. The Student Government is FOR THE STUDENT. For best results, we, the students, must do as much as possible to improve High Point College—not only for ourselves, but for future college students. What we decide NOW will determine many of the actions of future HPC students. Personally, I am proud of our college, and I want to do my part while I am here. For me, I MUST do something for High Point College. It is much we can do to better the situation on our campus. The Student Government is FOR THE STUDENT. For best results, we, the students, must do as much as possible to improve High Point College—not only for ourselves, but for future college students. What we decide NOW will determine many of the actions of future HPC students. Personally, I am proud of our college, and I want to do my part while I am here. For me, I MUST do something for High Point College. It is much we can do to better the situation on our campus. The Student Government is FOR THE STUDENT. For best results, we, the students, must do as much as possible to improve High Point College—not only for ourselves, but for future college students. What we decide NOW will determine many of the actions of future HPC students.

In conclusion, I would like to say that the name and the ideals of the college are truly on the line. But these ideals and the name will only keep climbing if High Point College keeps producing the best and most qualified students. If this is not accomplished then very little is to be done in the near future will probably write a rebuttal to my article. I leave. For me, I MUST do something for my alma mater. I refuse to be a silent listener of campus failures and successes. Individual responsibility should be meaningful to each of us. Without foundation of purpose and sincerity in action, great endeavor will fail. Without singular endeavor, High Point College would fail.

In conclusion, I am thankful for the organization under which our Student Government Association offers. Much time is spent by some to better our college. The legislature definitely needs encouragement and appreciation. So let's give a big hand to our SGA workers!

Charles Nesbitt.
On Wednesday, October 18, Mr. Glenn Ward, Chairman of the "High Point Citizen Day" sponsored by the Merchants' Association of High Point, presented the gold medal to Mr. Zale Ellis and Mr. Leo Palmer, president and secretary of the Merchants' Association respectively, Miss Betty Madren and Perk Perkinson. Ward Ring got the actual drawing from the box. The names of the winners and the store from which they won the gifts follow:

Gladys Prince, Advance Store; Peggy Whitt, Alexander's; Helen Waxestel, Benson's Hardware; Charles Howard, Belk's; Geraldine Lockman, Beyers Toy & Hobby Shop; Dennis Draper, Buddy Dale Hat Shop; Thomas Page, Diana Shop; Linda Carter, Dick Culler's, Carolyn Sanders, Fashion Shop; Nancy Perry, Firestone Store; Wallace Dunkin, Friedman Fashion; Althea Mallows, Gilbert's, John Williams, Gill's, Nancy Yoeger, Glenn's Sewing Machine; Dell McGinn, B. F. Goodrich.

The grand prize, a portable television set donated by the Merchants' Association, was won by Fletcher Nelson.

Lambda Chi, Phi Mu Win Scholarship Awards

Lambda Chi Alpha fraternity and Phi Mu sorority have received the first scholarship achievement plaques to be awarded by the BPC chapter of the American Association of University Professors.

On Wednesday, October 18, the Lambda Chi Alpha fraternity and Phi Mu sorority were presented the Alice Page White award to Linda Ferrand, president of Phi Mu; and the Clifford Hinshaw award to Dave Waseleski, president of Lambda Chi Alpha, during assembly on Wednesday, October 18.

Because the AAPF feels that it is important to increase achievement among student groups, these awards will be made annually to the sorority and fraternity at BPC with the highest academic standing. Each year the name of the organization receiving the plaque will be engraved upon it, and the group will be allowed to keep the award for one year. If any organization should be awarded the plaque for three consecutive years, it may be kept permanently.

VESPERS SERVICES DAILY

Beginning October 1, vesper services were conducted daily from 6:00 to 6:15 p.m. in Lindsey Chapel. The Student Christian Association will direct the services and they will be conducted by various members of the association. The services will consist of hymns, scripture readings, meditation and prayer, and short spiritual readings.

The program has been coordinated by Miss Pati Colliver, President of the SCA. In addition to her SCA duties, Pati, a junior, has been active on the Fellowship teams and the M.S.F., of which she was president last year. She has also been treasurer of the freshman class, a member of the dorm council, a member of the student NEA, Lazard Editor of the Zenith, a junior marshal, and a member of the Order of the Lighted Lamp. She was also voted Miss Congeniality to the Miss High Point College pageant last year.

News From Sam

The Society for the Advancement of Management held its second meeting on Wednesday, October 10, in the bandroom.

The society was organized to give students some idea of the life of a business executive. Meetings will be held on a weekly basis and will involve discussions on certain phases of management. The program was based on the interview with the personnel manager, when one applies for a job. The duties of a Personnel Manager, as explained by Mr. Ben Perring of the Globe Furniture Company, were outlined.

The program was based on the interview with the personnel manager, when one applies for a job. Serving as Personnel Manager was Mr. Ben Perring, Personnel Manager of the Globe Furniture Company, and President of the High Point Personnel Managers Association, and Mr. Dewey Yow, Personnel Manager of the Marsh Furniture Company. Posing as interviewers were William McKinley and David Ross.

After the interviews, the personnel managers pointed out the following points to the students to remember when applying for a job. First, working your way through school is a great asset when looking for a job, provided that you have worked hard at both employment and your studies. Second, grades are important, but not as important as being able to apply the knowledge which you have gained from your books. Third, both personnel managers stated that they would probably offer a position to a person with a "C" average and extra-curricular activities; rather than to a person with an "A" average and no extra-curricular activities. They stated that this because the person with the "C" average has evidently been with people and would more than likely be a better person to work with than the "A" student. Fourth, they stated that a person should know as much as possible about a firm before they accept a job with them. One should also be prepared to work two or three years with the company and he must remember that they have a large investment in his training.

The next day, several members of the organizations toured the Heritage Furniture Plant.

Fletcher's Fancy

...for a life of pride and purpose

Among the young people being graduated from college, there are some who think and feel—perhaps a little more deeply than the others—that their purpose in life is to serve others. They ask, "How can I make my career really meaningful? More than just personally valued?"

And many of today's most successful young people are finding a fulfilling answer to these questions as officers on the Aerospace Team—the United States Air Force. They can tell you that you can better combine the opportunity for achievement—and the deep inner satisfaction of knowing that they are helping preserve the very future of America—by joining the Air Force.

How can you become an Air Force Officer?

If you are a college senior and not currently enrolled in ROTC, Air Force Officer Training School provides an opportunity to qualify for a wide variety of career fields. The graduate of this three-month course receives a commission as a second lieutenant. As the Air Force contains its technological advances, officers with college training will move into positions of increasing importance.

These include the opportunity to earn graduate degrees at Air Force expense—see the Air Force Selection Team when it visits your college, or write: Air Force Officer Career Information, Dept. SC210, Box 105, New York 1, New York.

U.S. AIR FORCE

FOR AMERICA'S FUTURE AND YOUR OWN...JOIN THE AEROSPACE TEAM.
Hatcher Spotlights Coach Tom Quinn

by BERGEI HATCHER

The new head basketball coach at High Point College, Tom Quinn, was an outstanding coaching record with him as he joins the HPC physical education department. Quinn, who coached last year at Newberry College, will be head tennis coach, physical education instructor, and head basketball coach.

Born and raised in Beckley, West Virginia, Coach Quinn attended high school at New vard, West Virginia, and track. Basketball, however, was his best sport. In the 1948-49 season, he led Shady Springs to a 19-1 record, one of the top teams in the state.

Coach Quinn had winning teams all three years at Newberry. His total coaching record at the school was 64 won and 46 lost. In 1960-61, Newberry was 26 districts and Little Four championships. Quinn was named Coach of the Year in the State of North Carolina in 1966.

Quinn was inducted into the National NAIA championship, losing to top-seeded Westmont College, 79-66. For his outstanding job in coaching, Quinn was named Coach of the Year in the State of North Carolina in 1966.

In addition to his coaching successes, Coach Quinn was named Coach of the Year in the State of North Carolina in 1966.

Coach Quinn has this to say about High Point College, where he spent four years as a basketball coach. "I like the town very much. I'm very happy here. I've been here a short time, I feel right at home. I've already had the virus. I've been warned about jaywalking twice, and received two parking tickets."

Coach Quinn has trained as a basketball coach, head track coach, and football coach. In addition to this, he has taught English at Cocoa High. It was at Cocoa High School that Coach Quinn truly began his coaching career.

In 1958 Coach Quinn took the head basketball coaching and assistant professor of physical education at Newberry College, the school in South Carolina. He inherited a big job; starting a program from scratch.

For the past three years prior to Coach Quinn's appointment, Newberry College had won a total of 11 games. With his arrival, Newberry College was in the national NAIA tourney in Kansas City, Mo.

Men's Basketball

It wasn't until Friday, October 12, when this reporter interviewed intramural director Davidson, that the realization of a great fall season had been reached. Mr. Davidson said, "All the teams participating have shown tremendous enthusiasm and all of the ten games played to date have been hard fought ones."

October 2, marked the start of the fall season at High Point College. Sigma Phi Epsilon defeated Theta Chi, 7-4 on this date and the outstanding players for their respective teams were Steve Howe, Sig Ep, and Bill McKelvey and Rick Benoit, Theta Chi. On this date Lambda Chi beat the Patriots, 22-21. The game was oddity in that Lambda Chi scored all of their points in the first half and the Patriots scored all of their in the second half. Don Casson was the outstanding star in the Lambda Chi line-up and Dave Fancher and Max Litten marked the Pats.

On the next day the Blue Devils defeated Delta Sigma Phi, 15-5. Ron Berrier and Bob Brewer did a fine job of repositioning the Blue Devils and Sigma Digs boasted Jim Wadland and Ken Alton. On this same day the Colts led by Bill Harris and Craven Young upset Kappa Alpha, led by Jerry Kyle and Rex Conner, 13-9.

The Colts were led by Craven Young and Tony Parsons. Coach Quinn has this to say about the Colts, "I believe that the athletes here are as fine as any in the state. They are showing desire and eagerness to have a fine club. I feel that the Carolina Conference is as strong and well-balanced as it has been in the past five years, but that our own Panthers can hold their own with any team in the conference."

New Dorm To Cost $324,738

Senior Class of High Point College recently chose the site for the new dormitory to be built on the basis of their contributions to the college and to the community.

Their choices were: Bob Clark- President of the Student Government Association; Pati Colliver- Student Chris- tian, Virginia; Georgia Hardin- President of the Student Government Association; John Ward- Treasurer of the Student Government Association; and Manuel Surratt- Senator of the Student Government Association, and Mr. Phil Reines- Assistant to the Hi-Po Vice-President.

Gloria Teague and Pat Peere will compete in a run-off for the tenth place.

Teague Announces Plans For Literary Publication

The first student literary publication of the High Point College has announced her plans for the first issue of the magazine, which will be published next spring. The purpose and origin of the publication were given in assembly on Tuesday, October 24. Miss Althea Polk, Student Leader, plans for the magazine to become a reality with financial backing, faculty aid, and student interest.

The purpose of the magazine is to furnish an outlet for creative writing and art work of the High Point College student body. The magazine will be a student publication, written and for the students. The formal content will consist of literature, reviews, news, book, world view, art, fiction, and poetry.

The requirements for entries into the magazine are: Restrictions in the proposed edition in length and length. The interest, however, are variety and selectivity.

First Fine Arts Recital Presented

The first student recital of the year was held on Wednesday, October 24, at 3:30 in Memorial Auditorium. Participants in the recital were students of the fine arts department.

The recital program contained the following selections:

- Organ: Fantasia (Let All Mortal Flesh Keep Silence)
  French Carol arr. Clockey

- Violin: Sonata in A major (Adagio)
  Handel

- Organ: Tabli's Canon (All Praise and Wonder)
  1577 Psalmist arr. Clockey

- Violin: Der Hirt auf dem Felsen (First movement)
  Richard Wagner, clarinet

- Piano: Piano Sonata, Francis Poulenc.
  Bach

- Organ: Concerto, No. 4, in C major
  Bach

- Piano: Sonata, Op. 90, No. 27, in E minor
  (First movement)
  Beethoven

- Piano: Sonata, No. 4, in C major
  Bach

- Piano: Sonata, No. 9, in E minor
  (Chopin's Duet)

- Piano: Sonata, Op. 90, No. 27, in E minor
  (Chopin's Duet)

- Piano: Piano and Flute Duet
  Performance

The Brian and Keys Piano and Flute Duo, a group whose programs have won acclaim on the program to the High Point College student body in Memorial Auditorium at 10:30 A.M. on Wednesday, October 19.

Their program included the following repertoire:
- Sonata in D major, Leonardo Vinci
- Introduction and Variations on "C. Blumen", Franz Schubert
- Chie Blurs, Jackman Dierk, and Sonata, Francis Poulenc.

Constitution To Be Done By Gallimore Construction Co.

Dr. Wendell M. Panten, President of High Point College, has announced that the construction of the new men's dorm will begin on November 1. The Gallimore Construction Company, from Greensboro, North Carolina, is in charge of construction of the new dorm.

The cost of the new dorm is $324,738.00. In order to start the construction, the college obtained a $220,000 loan from the Federal Government. The remaining $104,738.00 is to be done by the fall semester of 1963.

"The Gallimore Construction Company was one of 17 contractors that sent bids on the job," said Dr. Panten. Doing the subcontracting are Thermal Equipment, Greensboro, North Carolina; heating, Powell Plumbing and Heating, Jamestown, North Carolina; and Bracy Electric Construction Company, High Point, North Carolina, electrical.

"This new building is a start on the long-range expansion program for High Point College," explained Dr. Panten.

Callahan Elected State Treasurer

The Young Democrats Clubs held their State Convention in Greensboro on October 11-13. Attending from the High Point College Young Democrats Club were Skip Callahan, Lee Harvey, Larry Harvey, Vera McInnis, Robert Hartsett, and Margaret Smith.

Skip Callahan, president of the High Point College Club, was a candidate for the office of State Treasurer. Callahan's only announced opponent, Woodrow Dillingham, from the east-central region, was defeated in the election before the vote was taken, and Callahan was elected by acclamation.

Across The Desk:”

WORSHIP WHERE?

Once again there has been a movement at HPC to secure a new chapel for our campus. The Student Christian Association has embarked on another venture to try to obtain ample facilities for religious activity on campus.

Our present Lindley Chapel, aside from being outmoded and somewhat deteriorated, is not adequate to meet the religious needs of our school. There are religious organizations such as Alpha Delta Theta which, because of their size, cannot find a meeting place with proper surroundings. There is evidence that interest in religious activity on campus is dwindling, at least partly because there are inadequate facilities for the needs of these groups.

Since HPC is a church-affiliated school, the administration places great emphasis on the moral and religious aspects of our society on campus. The slogan, “A Christian College for Discriminating Students” has been used to advertise HPC as a place where religion is emphasized, and drinking, gambling, and other un-Christian practices are prohibited.

In the light of these facts, it is an enigma to this writer just why a college which, superficially at least, places such emphasis on religious activity does not have a chapel adequate to meet the needs of the student body. When school officials are asked why a new chapel is needed for a new chapel—they extend their sympathy along with a polite reminder whenever we cease to express ourselves truthfully. Whenever we cease to express our opinions, feelings, attitudes, it is a very important and significant part of our life. There is a difference between “existence” and “living." A stress exists, a rock exists, and certainly some of us exist. But what about those who believe that few people really "live." To live takes real effort. To do anything well takes effort. As I have said in another article, without sincerity in action and fixedness of purpose, singular endeavor will fail. Without singular endeavor, you and I will fail. On any college campus, the efforts of ALPHA DeltAs are FAR FROM HILARIOUS. These possibilities are seen everywhere in the college life of today. There are possibilities for innumerable pursuits, pleasurable fantasies, experimental uses of new ideologies, and a whole world of un-obligatory experience leaving the formal world of free thought.

Eventually, we will all experience the realization of the ideal world of education to enter into the world of un-obligatory learning and talents, Where we can be whatever we wish. This means that our future life may determine our present actions. The college years will determine our "existing or living." If I may interpret an opinion, I feel that any college student should be extremely careful in choosing or rejecting new experiences which take place on this campus concerning this type of college. At least, all of the students in this school should be talked about the future or the "party school" thing at one time or another in their discussions. I believe that this person has never had a party of this kind at any High Point College function? There has never been one here to the best of my knowledge. This idea that this is an end to the careless and strict as it is here be other than to become "party school".

This writer feels that if enough pressure is applied, and enough work is done, perhaps HPC can have a suitable chapel in the near future.

TACKLE OR TOUCH?

Many HPC students are probably unaware of the fact that a thousand dollars was taken from the SGA Student Activity Fund by the Administration of the college and placed in an inamountal athletic fund, reportedly for use in a tackle football program. However, no such program has yet begun, and the money is still in the hands of the administration. This action was taken without the permission or authority of either the student body, legislative, or SGA officers.

This writer does not question the power of the administration to so manipulate student funds, but does question the ethics of such action. Granted, the administration does have the authority to do this, but it strongly offends this writer's sense of responsibility to fellow students to see that the funds are appropriated for the purpose for which the administration has authorized for consultation with or permission of the students or their representatives.

I have said in another article that the religious organizations on campus do agree with this opinion, and that students are entitled to know what is happening to their funds.

LETTERS TO THE EDITOR

Referring to the unknown author who called High Point College a "PARTY SCHOOL," this writer would like to add something to the following manner:

In High Point College we are trying to maintain a balance between the quality of our education and the social life of our students. We have found that by maintaining a high standard of academic excellence, we can also provide an enjoyable social atmosphere for our students.

We believe that the "party school" stereotype is a misrepresentation of our college. Our students are serious about their education, and they also enjoy a wide range of social activities. We have a variety of campus organizations, including fraternities and sororities, that offer opportunities for students to express themselves socially.

We encourage our students to be involved in both academic and social activities, and we believe that this balance is essential to a healthy college experience. While we recognize the importance of fun and entertainment, we also believe in maintaining a focus on academic achievement.

We hope that this article will help to dispel the "party school" stereotype and promote a more accurate understanding of what it means to be a student at High Point College.

D.M.O.

WORSHIP? WHERE?

This writer feels that the majority of the student body will agree with this opinion, and that students are unanimous in their desire for a new chapel on campus.

In the light of these facts, it is an enigma to this writer just why a college which, superficially at least, places such emphasis on religious activity does not have a chapel adequate to meet the needs of the student body. When school officials are asked why a new chapel is needed for a new chapel—they extend their sympathy along with a polite reminder whenever we cease to express ourselves truthfully. Whenever we cease to express our opinions, feelings, attitudes, it is a very important and significant part of our life. There is a difference between "existence" and "living." A stress exists, a rock exists, and certainly some of us exist. But what about those who believe that few people really "live." To live takes real effort. To do anything well takes effort. As I have said in another article, without sincerity in action and fixedness of purpose, singular endeavor will fail. Without singular endeavor, you and I will fail. On any college campus, the efforts of ALPHA DeltAs are FAR FROM HILARIOUS. These possibilities are seen everywhere in the college life of today. There are possibilities for innumerable pursuits, pleasurable fantasies, experimental uses of new ideologies, and a whole world of un-obligatory experience leaving the formal world of free thought.

Eventually, we will all experience the realization of the ideal world of education to enter into the world of un-obligatory learning and talents, Where we can be whatever we wish. This means that our future life may determine our present actions. The college years will determine our "existing or living." If I may interpret an opinion, I feel that any college student should be extremely careful in choosing or rejecting new experiences which take place on this campus concerning this type of college. At least, all of the students in this school should be talked about the future or the "party school" thing at one time or another in their discussions. I believe that this person has never had a party of this kind at any High Point College function? There has never been one here to the best of my knowledge. This idea that this is an end to the careless and strict as it is here be other than to become "party school".

---

**Bit 'up, tear 'em up, give 'em hell, Freshmen!** As we heard this startling cheer getting louder and louder, we knew something was going to happen. Then as the whistle blew and as we Sophomores pulled on our end of the rope without our unsurpassable strength, we soon realized that we were being surprised. Hardly had we begun pulling when we sensed we weren't making much ground. In fact, some of us on the front end of the rope soon had the strange sensation of traveling through the air as if dangling from a highwire. We were shocked out of our shock and dragged against the opposite bank and landed in the crystal-clear waters of Ferris Creek. Those of us who were dragged into the opposite bank were fortunate, but "what" who landed in the muddy water barely had time to recover from the shock before another sorry Sophomore would come crashing down on top of us. The tug was over before we knew it. After the victors' showing had ceased, we wet Sophomores felt that our banner was safe, but what others on the opposite bank were missing something. A short free-for-all ensued until the D-S. . . . well, never mind. When the contest was over, everyone, representing both the "dry" and "wet" state of things, seemed happy over the way the tug-of-war had turned out.

That same Friday night, from 7:30 to 11:30, the victorious Freshmen and the subdued Sophomores enjoyed a fine evening of dancing to the music of Juke-box Jones and his waiting stringer. All said the tug-of-war was the ideal way for the Freshmen to face out their "pent-up aggressions" against the Sophomore. But with the initials of D.D. who received an extra dip in the列举的河水 of Ferris Creek after the contest was over, we, the Sophomores, wish to extend our thanks to the entire Freshmen Class for their fine cooperation in wearing the beanies. We are sure that this program had greatly facilitated in luring a few of students into our High Point College community. Congratulations—Freshmen! And best of success in your Bonnie Program of 1963!
Salute To A Cager
By Bierge Hatcher

This week's Panther Profile is no stranger to High Point College basketball court. Larry Nolan is a big HPC senior who is preparing for his favorite and final year in the basketball wars. The Washington, D.C. native has been named co-captain, along with teammate Rob Charleston for this season. Larry, a 6 ft. 9 in. forward, will be a top reserve this year.

Larry is in a rather select group, being the only HPC player to see action in three different sports this year. His junior season, Larry made the trip which sent HPC to the North State Championship. In the first tournament game at the Lexington YMCA, Elon College led High Point 81-80 with 12 seconds remaining. Larry stole the ball and tied the game, giving HPC a chance to advance. This is no stranger to High Point forward. Larry Nolan is a big HPC favorite and final year in the nation's capital is a contentious one for his classmates.

Larry Nolan was born in Washington, D.C. In 1945. He attended Anacostia High, in the District of Columbia, where he was a basketball coach at Anacostia High School, later joining the staff at HPC. Larry has been an assistant coach at Anacostia and is helping recruit D.C. area players for HPC. However, Nolan credits Martin P. Littman, former HPC student and coach, as the major influence on his decision to coach.

Larry played basketball and baseball in three years of high school. In his senior year, the Washington Redskins were the Under-High League his senior year. He was the leading scorer in both his junior and senior years and was co-captain his senior year.

Although Larry has a great sports record in basketball, he has an equal success in baseball. Larry began his career in the Boy's Club, receiving the outstanding baseball player award in 1961. The next year, he was an All-Metropolitan third baseman. Nolan was Anacostia's leading hitter in both his junior and senior years, hitting .300 in his senior year. In addition to baseball, he had success in both American football and in softball.

At HPC, Larry made the team his freshman year as first string shortstop. Nolan didn't play baseball his sophomore year, but had a great season.
CONGRATULATIONS: T'o Brother Tommy Hollingsworth who was elected to serve the re-

CONGRATULATIONS: To Carolyn McAllister, secretary for the sixth annual student con-

INTRAMURALS: The KD's and the Alpha Gams defeated the Devils throughout the nation in the final speedball game of the season.

For the university minded try this three-piece traditionally styled suit. Let's face it, guys, we have your type clothing. By the way, don't miss our Lady's Coed Uniform.

Plans For A Science Club

Ten HPC students, each of whom is majoring in science or math, met Wednesday, Octo-

bcr 24 with the purpose of organizing a science club on this campus. The main purpose of this organization will be to further the students' knowledge in his own field, to broaden his knowledge in related fields; and to provide an avenue of communication in all fields.

Jerry Holden, a day student majoring in science, was elected Chairman of the Organ-

ization Committee. After definite plans are completed, other officers will be elected. The second meeting will be held on Wednesday, November 7 at 3:30 P.M. in Room 3 of the Science Building. All interested science and mathematics majors are urged to come.
Report on Fall Weekend

By Fred Winters

The entertainment committee is now able to lean back and catch a temporary respite after having planned and executed what turned out to be a highly successful fall weekend. The rest is short, however, since plans for Thanksgiving and Christmas festivities are well under way. The Christmas dance, incidentally, will serve a dual purpose in that it will be held to honor the new Miss HPC of 1963 as well as to celebrate the holidays.

Back to the fall weekend—it was high-lighted by the concert of Pat Dorn and his orchestra and "The Lettermen." Dorn very aptly set the mood for the appearance of "The Lettermen" by reading the crowd into a finger-snapping, feet-tapping mood. "The Lettermen" could be described as some other than magnific-ent as they drew a good crowd of approximately 1200 eager students and captivated the crowd's enthusiasm with their terrific display of talent. "Versatility" was obviously the key word to describe the performance.

The other events of the weekend, moreover, proved equally successful as a large portion of the student body appeared at the sock hop Friday night to enjoy Cokes and a great deal of "twisting." Saturday night's dance was even more successful as a terrific number appeared at City-Lake to enjoy the friendly atmosphere; the fall scenery and decorations; the delicious refreshments served and prepared by our smiling social workers.

Co-Rec Plans Announced

During the past month the Physical Education Majors Club, under the leadership of Don Cashen, President, has been making plans for the third annual co-rec night. The majors are now working on various committees to get this event underway. Co-rec night will be held on Thursday, November 15 at 7:00 P.M. It is open to all sorority, fraternity, and independent organizations who wish to enter a team. Letters have been sent out to these organizations explaining what is taking place and how to enter a team.

There will be various activities such as volleyball, ping pong, carnival games, and relays. Two trophies will be given, one to the winning girl organization; and one to the winning boys' organization. There is no admittance charge. Refreshments will be served at the cooperation stand by the club. The refreshments will be sold at the concession stand by the "Refreshments" will be sold at the concession stand by the club.

For their willing assistance in helping to make the weekend a success, the entertainment committee would like to express a great deal of thanks to the administration and the maintenance crew. Thanks is also expressed to Dean Taylor for his great efforts, both in planning and actual physical assistance. Also worthy of praise was the job that was done by several students. Louise Whiteley, Susan Culbrett, and Lenora Shipp were largely responsible for the excellent decorations at the dance. George Beam did an amazing job as the main promoter and ticket handler. The most credit, however, should be given to the student body for its excellent support of the weekend. Do remember, the more you support the SGA activities, the better they will be in the future!

Carol, I believe you've been taking your Block Courses too seriously!
Miss HPC Contestants Narrowed To Twelve

On Wednesday, November 14, twelve girls were nominated as finalists in the Miss HPC pageant to be held on Friday, December 14. Each contestant represented one of the organizations on the High Point College campus. The contestants were: Pat Bowden, Alpha Phi Omega; Suzanne Ballard, Junior Class; Linda Caasimia, Business Student; Verena Margarett Damawood, Senior Class; Linda Ferran, Sigma Baptist Student; Patricia Dain, Kappa Chi, the Order of the Eastern Star; Clara Jane McAllister, Sophomore Class; Linda Ferran, Sigma Phi Omega; Suzanne Bullard, Alpha Fraternity; Barbara Horton, Sigma Delta Sigma Phi; Nancy Perry Neal, Theta Chi; Denise Pregemley, Delta Delta Delta; Judy Raykes, Pi Kappa Alpha; Ann Swindell, Century Conclave; Jo Ann Taylor, Alpha Gamma Delt; Mary Lou Troutman, Lambda Chi Alpha; Jo Hyatt, Phi Mu; and Sue Williamson, SNEA.

The finalists were as follows: Pat Bowden, Margaret Dameley, Mary Lee Lambeth, Janecia Nealy, Mary Jane Nealy, Mary Lee Raykes, Mary Lou Troutman, Judy Raykes, Mary Lee Lambeth, and Jo Hyatt. These girls will compete in the Miss HPC pageant and the winner will be Miss HPC 1962.

Pat Bowden, Margaret Dameley, Mary Perry, Mary Lee Lambeth, Carolyn McCallister, Myra Morris, Chan Neale, Dena Pegram, Judy Raykes, Mary Lee Raykes, and Jo Hyatt.

The first inspection was held on November 6, 1962, at 7:00 p.m. in the Coliseum. The final inspection will be held on December 1, 1962, at 7:00 p.m. in the Coliseum. The final inspection will be held on December 1, 1962, at 7:00 p.m. in the Coliseum.

In this lecture Bishop Bissel said, "There is a limit to our life, and it makes the point, that we are a people, we measure a exercise of freedom in what we do in our lives." He also emphasized that God's control over man is final and absolute. "If a man now good he will reap good; if he now wicked he will reap wickedness," said the Bishop.

"To live every day as if it were your last is the only way to live every day so you have furthered rather than hindered God's purpose. In this way the mysteries of God's purpose of our day will not be fashioned as we see fit. and we shall be able to face them with responsibility," Bishop Bissel concluded.

In this lecture Bishop Bissel held an afternoon seminar, which he described as, "Methodism and the Ecumenical Movement. A study of the history of the religious aspect of the Christian Church, with a special title, "Christian Social Action. An Hour Conquering and Justification and Strategy."

Editorial Comment
By Charles Nesbitt

Again we are approaching a joyous time of year for college and university students across the nation, for Thanksgiving means many things to many. Not only is it a wonderful short vacation that we look forward to, but a time of feasting and celebrating. Possibly we have stepped for a moment to wonder what all of this enthusiasm represents. Why the vacation? Why be happy? Why have a Thanksgiving at all? And possibly we have realized that all of this feasting and rejoicing is an outward expression of our inward feelings of thankfulness for the blessings we have. This, in a sense, is a more complete expression than we can fully realize. Our society has been. molded by many happenings—not by the acts or beliefs, per se, but by the way they have been done. We are enjoying automation and freedom in one nation. Let us continue to be aware of the benefits of this freedom—the good and the bad, while at the same time being fully appreciative of the things we have and will receive.

The Ave's Have It

The officers for the Student Legislature are:

Speaker, Allen Sharpe; Speaker pro tempore, Harry Light; Vice Speaker, Natalie Tusshand; Reading Clerk, Fred Winters; Sergeant-at-arms, Dave Cock, Parliamentarian, Charles Nesbitt; and Chaplain, Ted Brazzell.

The Student Legislature began the year by setting up six standing committees: the budget, the finance, the personnel, the audit, and a seventh one has been added as the year has progressed. We have several committees and their chairmen are:

College-City Relations, Charles Nesbitt; Entertainment, Fred Lupton; College Improvement, Gall Geyer; Dance, Marlyn Fortnum; Publicity, Ellen Johnston; Student I. D. Card, Natalie Tusshand; Student Publication, Carol Alexander and Gloria Teague.

One of the most impressive bills passed thus far has been a bill to set aside for use in a tackle fund and Activity Fund greatly disturbs me. This bill has been sent to the Executive Council approved for its recommendation.

Executive Brief Case

NOTE: This article is the first in a continued series of short articles in which principal business of the S.G.A. Executive Council will be printed.

The Executive Council meets each Tuesday at 4:00 p.m. Since we are representing you, the students, we want to share with you the problems and ideas that are discussed and the decisions that are made in the meetings.

Particular B.G.A. Business of Executive Council is brought up at the meetings of the Student Legislature for further endorsement by a representative student delegation.

On November 6, 1962, the Executive Council approved the recommendation from the Entertainment Committee that $300.00 be allotted for dances for the remainder of the fall semester. The dances planned are as follows: November 18, record hop; December 15, Miss HFC Ball; date to be announced, record hop.

The Council approved the recommendation that the Entertainment Committee submit their finished and found articles will be kept in the mean of Student's office for one semester. The articles that have not been claimed within this period of time will be sold at auction with the proceeds to be deposited into the S.G.A. fund.

Looking into the future plans, the Council has approved the chapel program of February 13 in which the administrative and faculty panel will answer any questions the students may have concerning the present policies of High Point College.

On February 28, the campaign speech for the S.G.S. officers will be held. Also, on March 14, the acceptance speeches of the S.G.S. will be presented.

Remember to look for your S.G.S. news in the HI-PO.

LETTER'S TO THE EDITOR

Dear Sir:

Your editorial concerning the appropriation of a thousand dollars from the Student Activity Fund greatly disturbs me. This money being set aside for use in a tackle fund and Activity Fund greatly disturbs me even more. The setting up of such a program will take a great deal of time and money, and it seems to me that a Christian school that cannot even afford to have a chapel on its campus can hardly be in a position to begin the building up of a new athletic activity.

It seems to me that the administration has been making too many decisions recently without regard for the feelings of the students involved (not only in this particular situation, but in several others also). Perhaps I am speaking out of turn, but there is nothing that can be done about these autocratic mem-

Football

A fine season in football is over and the participation and sportsmanship that the season has to offer can be measured. In Coach Bob Barringer’s view, “if it feel it was a very successful season. Every team in there participated. Comments from the players have indicated a success. I feel we have shown the same kind of cooperation in the upper classes in football and bowling.”

The last games played were on October 30 and November 1, and the playoff game on November 5. On October 30, the Patriots, led by Joel Silver and Bob Seaver, defeated the Delta Sig, led by Mike Lambert and Allan Sharpe, 35-9. Also on that day, Lambda Chi beat Sigma Phi Epsilon, 6-0. Yogi Yarbrough and Tom Slaughter led their team as did Tom Yarborough and Al Trombetta. November 1 marked a clash between the Cots and Theta Chi. It was the Cots over Theta Chi, 31-0. Bob Harris and Bill Dobbins of the Cots and Don Bryant and Roy Greaves of Theta Chi.

On November 5, the playoff game between the Cots and the Delaware Line. The Cots defeated Lambda Chi in a close game, 6-0, thus breaking a two-way tie for first place. Needless to say both teams played great ball, but the outstanding men on the field that day were: John Earnhardt and Bill Harris, Cots; and Barney Burks and Dick McDowell, Lambda Chi. It was a very tight, defensive game and there were very few actual scoring threats. The line score of the game came when Bob Harris made a touchdown pass to Craven Young making the final score 6-0.

Through election by the respective team representatives, the All-South Carolinian football team was picked. Receiving the maximum number of seven votes was Bill Harris of the Cots. He was the co-captain of this year’s Panther team roster and the honorable mentions.

Intramurals Champions, Cots: Front Row: Dave Fairweather, Dick Harrett, Bob Harris, Bruce Weatherly, Tony Parsons, Tony Boogler, Buddy Back Row: Bob Craver, Bob Gowen, Bob Hislop, Bill Harris, Craven Smith

Kirk was insistent last year when he transferred to IPC from Furman University. Kirk was the finest offensive mixer on the team, displaying fine jump shots and hooks. He should lead the team in scoring this year. A sophomore, he is also tough off the boards.

Richard Guiffredo: 6 feet, 175 lbs., Port Chester, New York. Kirk is the center of the freshmen crop and will be a top reserve at the guard position. Guiffredo has a fine shooting touch, especially on his push shot from outside.

Roger Herman: 6 feet 6 inches, 230 lbs., Port Chester, New York. Roger, a freshman, is a fine rebounder who needs work on his offense. He has the size and potential, but lacks the speed. A Panther of the future.

Richard McGreavy: 6 feet 5 inches, 190 lbs., Pequannock, New Jersey. Rich is a fresh rebounder who needs work on his offense and is rejection. He is a hustler and has fine jumping ability.
The time has arrived when men in their late teens, at the beginning of their careers, must decide upon a course of action. Many men are faced with life-changing decisions, such as choosing a college, deciding on a career path, or even just figuring out what they want to do after high school. It is important to make informed decisions and to seek guidance from trusted sources, such as parents, teachers, or mentors. Ultimately, the choices made during this time will shape the rest of one's life.

Miss HPC Contest On Dec. 14

On December 14 the Zenith will present its annual Miss High Point College Pageant. This Pageant is one of the oldest traditional events on this campus.

The contestants for the title of Miss High Point College are students from various organizations on campus. The semi-finalists are the twelve semi-finalists five of whom will be selected by a distinguished panel of judges. The five finalists and the new Miss High Point College will be announced at a dance on December 15. The Pageant will feature Miss Lou Richards Miss HPC 1961, the former Mrs. H. J. Patton, Miss HPC 1961, the Colleens and The Panthenas, and the pageant master.

On Friday evening a dinner will be held at the home of the Hon. and Mrs. H. J. Patton. The dinner is to allow the judges to familiarize themselves with the contestants before the pageant is held Friday evening. Miss High Point College and her court will reign at a dance that evening. The Pageant will feature Mrs. H. J. Patton and other distinguished guests.

The show will feature many types of talent, and students from all classes will participate. In addition to the dance, singing, and other talents, there will be non-competitive entertainment by three singing groups: The Collegians, The Collegians, and The Denmen. The show will be held Friday, December 14, 1962, at 8:00 p.m. Place for the event is in the Memorial Auditorium.

The opera is under the direction of Mr. J. Pyhores and is considered a mixture of townpeople and college students. The costume will be by Broad Loew of St. Mary's Episcopal Church, Loyd's Studio, and the costume will be as was that of the mother. Mrs. Person has been a featured soloist with the Contemporary Group and the North Carolina Symphony. In the last two years, she has sung leading roles in many operas and has sung leading roles for the University of Michigan, last year, she appeared in a scene from Verdi's "Rigoletto" with the New College Opera from the University of Michigan.

The Three Wise Men are among the roles to be filled by the members of the Sings of High Point. They are John Hunter, Publicity Ray Haga, Stage Manager Bob Bradley, Construction Manager and numerous other students.

Patton Returns to HPC in Enthusiastic About Tour

Dr. Wendell M. Patton, President of High Point College, recently returned from a tour through the former Soviet institutions in Europe and Russia. The tour visited schools in England, Poland, Germany, and Austria, where he stated that he felt was the main difference between the American and the European. Dr. Patton stated that in his tour of the former Soviet institutions on academic quality and individually on the part of the students and teachers also respected authority. He also stated that he felt that the universities in Europe were less well paid.

Dr. Patton was of the friendship of the Russians toward Americans, he stated, "that the Russians were generally friendly toward the Americans. After his tour in Russia, Dr. Patton stated, "that his impressions of Soviet culture and habits; there seemed to be no opposition to the people; that the buildings of the Russians were not the most attractive; but was directed and that their housing projects were of a more substantial nature. When he was asked to comment on the possibility of educational systems, he stated, "that his impressions were that the Russians are probably more efficient than ours by efficiency; that there was an extreme dedication shown by the teachers and the students. That the teachers were not controlled; that there was no room for opposition to the teaching; and that labor high school emphasized admissable points of view.

"However," Dr. Patton stated, "that his students working toward a simple goal in education for the Russians, that we would be more efficient than they are." When asked what the Europeans felt about the Russians, he stated, "that he had had this same question asked of an Austrian and that he had re- posed that he felt that in the common academic differences with Russia would be the most important. He stated, "that Austria was becoming increasingly capitalistic and on the other hand, Russia was beginning to try some of the capitalist ideas.

Homecoming Events

 Creedmoor, Homecoming Events.

Mr. Du Pont, High Point College Alumni Secretary, has announced the tentative schedule to be followed at Homecoming, which is February 1 and 2.

"There will be several new features this year," he said. "The Inter-Collegiate Poetry Congress will be held Saturday, February 2. The Poets will be "on the campus." The Inter-Collegiate Poetry Congress will be held Saturday, February 2. The Poets will be "on the campus." The Inter-Collegiate Poetry Congress will be held Saturday, February 2. The Poets will be "on the campus." The Inter-Collegiate Poetry Congress will be held Saturday, February 2. The Poets will be "on the campus." The Inter-Collegiate Poetry Congress will be held Saturday, February 2. The Poets will be "on the campus." The Inter-Collegiate Poetry Congress will be held Saturday, February 2. The Poets will be "on the campus." The Inter-Collegiate Poetry Congress will be held Saturday, February 2. The Poets will be "on the campus." The Poets will be "on the campus." The Inter-Collegiate Poetry Congress will be held Saturday, February 2. The Poets will be "on the campus."

The Inter-Collegiate Poetry Congress has announced that it is now preparing its 1962-63 poetry anthology, to be published and available for purchase from colleges and universities of the nation. It will be held at the Sheraton lobby on Friday evening. The Poetry Contest will be held on Saturday evening. The Poetry Contest will be held for the coming year. The Poetry Contest will be held for the coming year. The Poetry Contest will be held for the coming year.

The Poetry Contest invites any High Point College student to participate. The Poetry Contest will be held for the coming year. The Poetry Contest will be held for the coming year. The Poetry Contest will be held for the coming year.
Across The Desk....

Who's Cutting Whose Throat?

Seniors no longer have unlimited cuts! Why? On September 16, 1962, the Faculty Attendance Committee, with Dean Taylor as chairman, voted on the subject of unlimited cuts for Seniors. All of the members present voted to "recommend to the Faculty that Seniors be allowed unlimited cuts for the 1962-63 year on a trial basis". The Executive Committee of the Faculty proceeded to make such an allowance.

Now on Wednesday, November 14, this privilege was abruptly revoked. The reason? Students allegedly have "abused" their privilege. Since "abused" supposedly means "without limit", we shall not attempt to define the word "abuse". We simply ask how one can abuse or otherwise misuse a privilege to take an unlimited number of cuts. Therefore, we conclude this argument which never really existed.

The real problem in question is this: should students have the responsibility of deciding which classes they should attend? The Faculty has decided not. This writer disagrees. A review of Senate attendance cards and grade averages with Dean Taylor revealed that those who could least afford to cut classes actually cut much more than those who could afford to cut frequently and not be in jeopardy of flunking out. To that end student attendance is now being crowded to force people to remain in school. Even if this were not true, the argument would not be valid simply because if enough students flunk out of classes, the Faculty eventually realize that the same fate will be theirs unless they attend classes at least occasionally. I fact, experience, not authority, should be the final answer.

If professors have to be protected from flunking out? If one is not interested enough in school to attend class often enough to pass, that is his own fault. Our education system is not crowded to force people to remain in school. Even if this were not true, the argument would not be valid simply because if enough students flunk out of classes, the Faculty eventually realize that the same fate will be theirs unless they attend classes at least occasionally. I fact, experience, not authority, should be the final answer.

Dean Taylor and the Attendance Committee recommended unlimited cuts for Seniors. The Executive Committee of the Faculty agreed. This is made even more clear by the Faculty reversing the decision. We feel that this latest action was not justifiable. After all, if a student wants to cut his own throat, why not let him go ahead and make room for someone who will appreciate the opportunity to further his education.

— D. A. L.

Who Is Who?

This year a record number of HPC students were elected to the Who's Who in American Universities and Colleges. To get to the point immediately, we feel that either this number was too great or the students elected were not the "chosen people". If some of the people elected were qualified, we feel that at least fifteen more would have been equally qualified. Obviously it would cheapen the honor to the rest of us to try to argue this petition. With the beautiful campus and the fact that the University is unique, we feel that if we as students lift it up, Cleanliness on a college campus will not be as important in the future as it is today. We feel that those who really deserve such an honor should have it.

— D. A. L.

HPC Streams

Once again the monsoon season has hit HPC. With the rains normally come the floods. Now everyone down in elementary school realizes that water flows down hill and stands in the lowest available areas. What the people at HPC have done this year has been much larger. If some of the people elected were qualified, we feel that at least fifteen more would have been equally qualified. Obviously it would cheapen the honor to the rest of us to try to argue this petition. With the beautiful campus and the fact that the University is unique, we feel that if we as students lift it up, Cleanliness on a college campus will not be as important in the future as it is today. We feel that those who really deserve such an honor should have it.

— D. A. L.

Harvey Elected President Of Dems Club

A new slate of officers for the High Point College YPC was elected in October. In Octo-

er, Norman "Skippy" Shap-

han, past President of the

Dems YPC in Greensboro, reali-

zing the extra work required of him as a state officer, chose to relinquish his local post.

Lee Harvey, the first Vice President, was elected to head the college organization. The other officers are as follows: Robert Hartsell, First Vice President, Vera McGinnis, Secre-

tary, on Joan, Ger玷e Mclellan, Secretary, and Marga-

ret Smith, Treasurer.

Harvey, in assuming the Presidency, pledged to con-

tinue the work started by Callahan, notably the pres-

ervation of our state ruling and national government lea-

ers to the students of HighPoint College and the people of the area and the sur-

rounding area.

Plans For

Junior-Senior

Announced

The Junior Class, under the guidance of Bob Kornegay, is now on its way to making the Junior-Senior prom for 1963, the best prom that High Point College ever had. Com-

mittees have been chosen to begin work on all the different phases that make up a Junior-

Senior. The chairmen and their respective committees are as follows:

Chairman -- Larry Smith; Invitation Commi-

tee Chairman -- Norma Overby; Orchestra Committee Chairman -- Lou Richards;

Chairman -- Harry Smith; Drama Committee Chairman -- Mary Lou Troutt;

Chairman; Food and Decorations Chairman -- Don Miller, Publicity Committee Chairman -- David Johnson, Projects Committee Chairman -- Bob Kornegay; Projects Committee Chairman -- Ralph Fields, Date Negotia-

tions and Chaperone Commit-

tee Chairman -- Lida Ferrara.

Those interested in working on any of these committees are invited to contact the chairman of the committee he wishes to join.

The Junior Class chose two girls to represent the class in the May Court. These girls are Diane Westmoreland and Linda Ferrara.

The Junior Class is planning several projects for this year. Riley Fields has been elected as chairman of the class projects committee. With the en-

tering of its senior year, the students should see some work while projects under way on the High Point campus.

The Gift

It was all there—everything I wanted—the sweater, the brooches, the dress, the glow of crystal, the check for my school ring, the autographed posters that I so longed for. I had been received with joy.

Yet, one minute, rather sharply the picture changed. Why? Surely it would amount to nothing. Such a tiny box could not hold anything. Yet, somehow I knew that the memory of that little box would make my Christmas any more fulfilled.

And I was right. I suppose the giver was even ashamed to include a card saying from whom the gift came. In the little box was only a quote from some book—"I have some that ye may have life, and have it more abundantly!"
Forensic Team Debates In New York This Weekend

Do you want to know about debate? What is it like to be on the team? What must you do?
During this weekend, several RPC academies are representing the school at the National Forensic Team Tournament being held at New York University. Each of them has behind them the necessary experience of several debates.
This brings one of the largest forensic tournaments in the country (it includes forty of the United States's better known colleges such as, Columbia, New York University, Duke University, the University of North Carolina, and Brooklyn College) Mrs. Morgan and Mr. Beines are quite anxious for HPC to make a showing that will be a credit to the institution.
At the beginning of the year, the Forensic Association formulated debate topics from a list of suggestions submitted by various teams throughout the nation. These topics were then voted upon. One was chosen as the topic of discussion by all representing at all forensic contests during this school year—resolved: that the non-Communist nations of the world should establish diplomatic relations with the People's Republic of China.

NEW RECORD SET
The Panthers played a good game of ball control in the season's opener at Buies Creek. The Camels of Campbell College were forced to slow down their running game and play the High Point style of ball. With the score tied at 54-54, Coach Tom Quinn had the Panthers hold the ball and play for the final shot. But with 21 seconds remaining on the clock, the Camels intercepted the ball and called time out. When time was called back in, Campbell held the ball for the final shot. Barry Smith then proceeded to save the day, as he held the ball. Coach Quinn's opening game was a successful one. Barry got possession of the ball with three seconds remaining and laid up the ball for the margin of victory. The final score was 56-54.

The second "Mr. Ugly" Contest is being sponsored by the Student Art League. The contest will last through December 10 and the winner will be announced in tomorrow's edition.

The contestants and the organizations they represent are: Mrs. Richard Porter, Faculty; John Kennedy, Alpha Omega; Betsy Mann, Beth Barron, Bonnie Dennis, George Oxenford, Mike Carrington, Mike Deppell, and George Beam, Jr.; Frank, Bill, and Mike Carrington.

Awards:
"Quinn's Clowns" to the contestants who represented the first team.;
"When the first team fumbles and can't do a thing."
"When Smith and Trombetta hustle and spirit, they will be a credit to the nation."
"When they choke—ah! at the press and run out of bounds."
"When the crowd goes wild as when Byers goal made the score an even 100 points, the Panthers missed the opportunity of victory. The final score was 56-54."

Barry got possession of the ball with three seconds remaining and laid up the ball for the margin of victory. The final score was 56-54.
Parties, pledges, and an ancient art called "pinning" highlight the news from the Greeks.

Delta Sigma Phi will have a party at the Jamestown American Legion on December 18. A Christmas party for the Thomassville Children's Orphanage, December 16, and a dance at the Oak View Grange, December 17, are planned by Sigma Phi Epsilon. The party at Thomassville, incidentally, will be covered by WSBJ-TV of Winston-Salem. The Theta Chi will hold their annual Ox Stamperade at the Oak View Grange, December 8, music will be provided by the "Asians." Zeta Tau Alpha will hold a Christmas dance at the Elks Lodge, December 8.

The Pikas held their annual "Sweater Girl Ball" last November 17; the "Casuals" provided the music. Miss Callie Bailey, Kappa Delta, was crowned "Sweater Girl of Elks Lodge, December 8.

The Zetas will hold a Christmas dance at the Thomasville Children's Orphanage, December 8, and delegates from the Chapter in Greensboro, N. C., will attend the conference on November 29 at the First Methodist Church, at which time Dr. Cole, head of the History Department, spoke. The topic of the evening was, "Citizenship in the Community and National Level."

On December 6, the Mu Xi Chapter initiated 13 pledges into brotherhood. They were: Charles Anglin, Tony Boyles, John Bowers and Robert Medlin. They were never behind. Tony Boyles led the winning quartet with a 179 game. The Lambda Chi's averaged 189. He had good help from Don Bryant and Roy Greenwood. You can bet the Lambda Chi's with a 191 average which after the first week is tops in the league.

In the last contest of the afternoon the independent teams were involved. The Pin Busters led by Bob Brewer and Dave Young defeated the Cornets led by Bertie Hatcher and Winfred Lindsay. Another independent team, the Spartan, did not bowl in competition, but were led by Dave Fancher and Bob Harris as they totaled 188 pins for the afternoon. This was the second highest total pin count of the day.

In the other interfraternity contest the APO's defeated Theta Chi by a margin of 93 pins. Rick Benoit led in bowling Theta Chi's with a two game average of 189. He had good help from Don Bryant and Roy Greenwood, and you can bet your life the Theta Chi's will improve as they progress.

The Theta Chi's with a 191 average which after the first week is tops in the league.

The general opinion is that if Cohen receives good support the APO's will be tough.

DECK THE HALLS

When you think of Christmas gifts you naturally think of Marlboro cigarettes, leading seller in flip-top boxes in all fifty states—and if we mean Wales, in all fifty-one—and if we mean Lapland—in all fifty-two. This talk about amnesiac Wales and Lapland is, incidentally, not just idle speculation. Great Britain wants to trade Wales to the United States for a desert. Great Britain needs a desert desperately on account of the tourist trade. Tourists are always coming up to the Prime Minister or the Lord Privy Seal or that like and saying, "I'm not knocking your country, mind you. It's very quaint and picturesque, etc., etc., what with the Rhinoceros Palace and Herstmonceux and Scotland Yard, etc., etc., but where's your desert?" (Before I forget, let me point out that Scotland Yard, Britain's plain-clothes police liaison, was named after Wally Scotland and Fred Ward who invented plain clothes. The American plain-clothes form is called the 19th after Frank B. Inchcliff, who invented fingerprints. Before Mr. Inchcliff's invention, everybody's fingers were absolutely glassy smooth. This, as you may imagine, played hell with the identification of newborn babies in hospitals. From 17111 until 1904 no American parent ever brought home the right baby from the hospital. This latter became known as the Black Tom Explosion.)

But I digress. We were shaking of Christmas gifts which for something to give a music lover, let me call to your attention a revolutionary new development in phonographs—the Low-fi phonograph. The Low-fi, product of years of patient research, testing, and development, is eighty years old.

But I digress. We were shaking of Christmas gifts which for something to give a music lover, let me call to your attention a revolutionary new development in phonographs—the Low-fi phonograph. To make the night extra exciting each team won at least one first place in an event. The events and the winners of each are as follows:

- Badminton—Zeta-Sig Eps
- Team Tennis—Theta Chi-Independents
- Table Tennis—Theta Chi-Independents
- Volleyball—Kappa Delta-Pika
- Carnage Games—Phi Mu-Lamba Chi
- Broom Relay—Theta Chi-Independents
- Orange Relay—Theta Chi-Independents
- Folding Chairs Relay—Alpha Gamma-Delta Sig
- Tie—Theta Chi-Independents
- Balloon Burst Relay—Alpha Gamma-Delta Sig

There were many highlights of the annual event which could be watched in the gym or received on Channel 12, WRVI TV in Wabunton-Salem, which covered the event. Among these were: the Origami, Relay, Zany Raykes driving nails; and Main Taylor bull-hooping. The Physical Education Majors Club under the leadership of President, Don Cashion and Majors Club under the leadership of President, Don Cashion and Majors Club under the leadership of President, Don Cashion and Majors Club under the leadership of President, Don Cashion and Majors Club under the leadership of President, Don Cashion, would like to thank all the teams that participated for their support which made the night such a success.

The third annual Co-recreational night was held in Alumni Gymnasium on Thursday, November 15. An exciting time was had by all who participated, especially the Theta Chi-Independent team which walked off with top honors.

Merry Christmas to all and to all a good night.
Profile Of A Panther

By Larry Nolan

In 1960 one of the finest all-around high school basketball players in the Washington, D.C., Metropolitan area graduated from Northwest High School, (Wheaton, Md.) Upon concluding his high school career many colleges approached him with scholarship offers, one of which was High Point. But, he chose to attend Furman University in South Carolina on a full scholarship. He instead, no less than a semester, and dropped out of school second semester to work. The following summer he was enrolled in summer school at High Point gaining the necessary credits for admission as a full time student for the coming year. Last year he was "red shirted" in order to gain eligibility for this year. This is how Kirk "High School" Stewart became a Purple Panther.

While at Northwest, Kirk played an outstanding career. He was an All-B.C. County first team selection his senior year. He also was an All-Metropolitan second team choice his junior year. At present he holds two major scoring records of his alma mater. Those being the most points scored in one game—99 points—and most points scored in a three year career—1,098. Probably both are destined to stand for quite some time to come.

In addition to playing basketball, Kirk pitched and played first base for the baseball nation. It may very well be that in addition to securing an outstanding career, the "Panthers" have "snagged" a promising addition to their pitching staff.

Kirk is the 6 foot 9 inch, 260 lbs., sophomore from Wheaton, Md. Last year, while ineligible for college athletics went along with former HPC All-America "Dan" Seabrook as a member of the High Point Y.M.C.A. to the National Amateur Athletic Union Y.M.C.A. Championship. In another past season affair the "Y" went on to win the National College Men's Basketball Championship.

The key to the 1962-63 campaign is the starting five returning from last year. These five include the club's leading scorer and rebounder, Kirk Stewart, 6 foot 9 inch center Tom Lavelle, 6 foot 1 inch guard Danny Thrapp, and 6 foot 6 inch guard Mel Gibson, who was second in conference last year with a 21.1 average. The other players returning have depth in 6 foot 8 inch Bill Gustafson, 6 foot 4 inch South Brace Peterson, and 6 foot 2 inch Bill Borden.

High Point has the five returners back for this season. They are all the team's key post players. The forwards include the big men returning, 6 foot 1 inch Bruce Peterson, in 6 foot 8 inch Bill Gustafson, Danny Thrapp and 6 foot 6 inch guard Mel Gibson, who was second in conference last year with a 21.1 average. The other players returning have depth in 6 foot 8 inch Bill Gustafson, 6 foot 4 inch South Brace Peterson, and 6 foot 2 inch Bill Borden.

The Peach State's of the conference are the Central Piedmont, South Carolina Conference teams. They are 6 foot 5 inch Bill McGeachery, and Jim Byers and freshmen standouts like Bill Deehan on the bench. The Panthers have the advantage in every position. Guards will be Jack Curran is the only player on the starting five returning from last year's 12-4 squad are returning, 6 foot 4 inch center Dewey Andrews and 6 foot 7 inch forward Jesse Brandon. Dewey's younger brother, 6 foot 7 inch Howard Andrews, probably will start at the other forward post over Temple's.

Atlantic Christian has the starting five returning from the 1961-62 season. Those being the most points returning, 6 foot 1 inch Bruce Peterson, in 6 foot 8 inch Bill Gustafson, Danny Thrapp and 6 foot 6 inch guard Mel Gibson, who was second in conference last year with a 21.1 average. The other players returning have depth in 6 foot 8 inch Bill Gustafson, 6 foot 4 inch South Brace Peterson, and 6 foot 2 inch Bill Borden.

The starters. Freshmen Alton Davis and Mike Allred, Paul UndergrafT, and Larry Lenz, but 6 foot 5 inch center Bill McGeachery, and Jim Byers and freshmen standouts like Bill Deehan on the bench. The Panthers have the advantage in every position. Guards will be Jack Curran is the only player on the starting five returning from last year's 12-4 squad are returning, 6 foot 4 inch center Dewey Andrews and 6 foot 7 inch forward Jesse Brandon. Dewey's younger brother, 6 foot 7 inch Howard Andrews, probably will start at the other forward post over Temple's.
