Peter, Paul, and Mary: Four SGA Plans

Free Drama On Tap Tonight

On Friday, January 11, at 8:00 P.M., the Play Production Class of the High Point College Drama Department will present three plays: "Ties Interessant, oui?" and "Let Him Sleep," both in Memorial Auditorium, and "The Godfather," in the contractor feels confident will be presented in Memorial Auditorium and are open to the public. There will be no admission charge.

The students of the class worked closely with the faculty for the production, direction, casting, and practices. The result should prove to be interesting entertainment for faculty and students. Putting their imaginations and capabilities to the test in an infinite production for the students has been their goal. Directors: Mike Carrington, Jeffrey John- son, and Ervin Bachelor.

This reporter interviews the composite plot of Noel Coward's comedy, "Little Shop of Horrors." This play will be presented by the TSTM, and the cast includes the Peter, Paul, and Mary concert as well as for the other concerts.

The replies on the questionnaires that were returned showed three brackets of students who received for publication in the Journal of the Southern Regional Science Association. The first was 1-22, followed by 23-35, 46-61 students, and 62-89 students. Further breakdown of the survey is being concluded, and plans have been made to get responses from all students and faculty. Those few replies that show, also, the students' comments, are used in the individual classes.

This year Homecoming Weekend will be enhanced by a dance and a concert by Maurice Williams and the Zodians. Possibly there will be some Saturday classes that week-end, so it should prove to be a greatly enjoyable weekend. An extra added attraction to the usual entertainment scheduled are theפקי נאום פול ומרלי

Textbook Survey Now Complete

Results of a survey conducted among students in Sociological Research have been received from several institutions in the Hi-Lo. The survey, concerned with the use of textbooks and workbooks, was completed by students in Chapel on November 21st.

In the class of 153 freshmen, 39 received workbooks and 126 Sophomores, 82 Juniors, and 64 Seniors, making a total of 189 who responded. 251 were males and 138 females. Of these, 273 replies, out-numbering the dorm student total of 320. Two replies did not state whether the student concerned was male or female.

The replies on the questionnaires that were returned showed added thought on the part of the students by the additional comments which they included. Many showed improved interest in the course, and some covered a wide variety of suggestions, criticisms, etc., which were thought-provoking.

In reply to the question "How do you feel your instructors in this course feel that textbooks are in advanced classes?" 381 of those questioned (345) felt that these books were either very important or important to the student, while 111 felt that the textbooks used in their courses were not to the best advantage.

HPC vs State of Virginia

According to the law of the commonwealth of Virginia, the only sticker to be placed on the front of the windshield of the car is the inspection sticker. This law means that any other sticker is not allowed on the front windshield.

Thus, as a result of this law, one student from the state of Virginia was forced to remove his High Point College parking permit from his car when he had his car inspected. Yes, when he came back to school and told the school authorities about the law, he was told to get another parking permit and put it back on the front windshield.

The question is, does High Point College have the right to place itself above the law of any state? The answer, of course, is no. If the state of Virginia has a law that does not allow decals or permits to be put on the front windshield of a motor vehicle, except the inspection sticker, then this law should be obeyed. It seems just as easy to put the parking permit on the back windshield and, thus, bring an end to an eventual class.

If the administration is as interested as it claims to be in the welfare of the student of High Point College, then I would like to express my good luck when you next get stopped by a policeman on the front windshield of your ear.

I express my good luck when you next get stopped by a policeman on the front windshield of your car when you had your car inspected. Yet, when the law is not allowed on the front windshield.

If the administration is as interested as it claims to be in the welfare of the student of High Point College, then I would like to express my good luck when you next get stopped by a policeman of Virginia for clattering up the front windshield of your car.

H.A.B.

A Request

Some things around campus have already come to this writer's attention which deserve congratulations rather than criticism. Phi Mu sorority was responsible for decorating the cafeteria for the Christmas dinner. We think they did an excellent job and deserve to be congratulated. Also, the Woman's Dorm Council again this year contributed foodstuffs and other items to a needy family of Phi Mu sorority, in the hope that they might have a more enjoyable Christmas.

It seems just as easy to put the parking permit on the back windshield and, thus, bring an end to an eventual class.

If the administration is as interested as it claims to be in the welfare of the student of High Point College, then I would like to express my good luck when you next get stopped by a policeman of Virginia for clattering up the front windshield of your ear.

One elementary (primary) school in Raritan, New Jersey—Most Mathematics and Science.

One High School Social Studies, One High School English, One High School Biology, One High School Chemistry.

Totals River, New Jersey, has three primary grade openings and one fifth grade opening; and Kenosha, Wisconsin, an opening in most of the secondary areas. Students interested should see the bulletin board in the Education Department in Roberts Hall.

For addresses and further information on these openings, interested students should stop in at Dr. Cook's office.

Teacher Opening Available

Dr. Dennis Cooke, Head of the Education Department, has announced that several schools in many states have sent notices of teaching position openings for the winter/ spring semester, 1963, and for the 1963-64 school year.

The following are the position openings for the spring semester:

- Bedford, Virginia—High School French, Hampton.
- Virginia—Mathematics, Welch.
- West Virginia—Mathematics, Princeton.
- Delaware—Two First Grades.
- One High School Social Studies, One High School English, One High School Biology, One High School Chemistry.
- Maryland—One Elementary School.

All alumni do their part, and try to find service projects without being prodded. Our request is that we are interested students should stop in at Dr. Cooke's office.

Dorm Contracts To Be Signed (Continued from Page 1)

- Dorm Contracts to be signed.
- The fraternities which rentively accepted the offer were sent a letter this week from the Dean of Student Personnel asking them to contact their national headquarters and informing them that they would be asked to sign a contract shortly which included the stipulations under which they could rest their lounges.
- There is an unconfirmed report that a collectively sponsored contract providing for some rights and privileges for the fraternity members in the new dorm might be approved if it was handled through the IFC. This group is expected to work on such an agreement.

Kirtikumar Christian and Lu Yang Seng, relax while looking at the literature available in the bookstore.

Do you know the above? Many of you don’t. These students are, in a way, special students. Special in the fact that they have left their homelands, have come to the United States to study, and out of the countless colleges and universities in our country, have picked High Point as their college home.

College campuses are the most common environment in which one may find a greater number of foreign students than normally found elsewhere. On a campus, one may obtain valuable information regarding other peoples, their cultures, languages, philosophies, etc.—especially through personal contact with various foreign students.

For better understanding amongst nations, let’s think of this closing world as one big neighborhood—strange as it may sound. Thus, let’s not call our visitors, foreign students, but rather “neighboring” students. Following this idea then, we will live better in our neighborhood if we better understand our neighbors’ problems, needs, and they themselves especially. To better understand our neighbors, we must communicate. Here, on our High Point campus, we have a marvelous opportunity to better our neighborhood on a small, but important scale.

Our “neighboring” students would be willing and proud to share with us many of their ideas, customs, backgrounds, politics, and so on. But, we must realize that already many colleges have let down foreign students who have actually been forced—with no other choice—to take back to their countries ill reports concerning the American students and of their non-concern for others and sometimes even of their hatred toward those “foreigners” who have “invaded” their campuses. Could this also happen here at High Point College? You, it could— if we let it. So, get acquainted, will you?

Teacher Applications

For Exams Near

The National Teacher Examinations will be given in North Carolina again on February 16, 1963. These tests are required by all college seniors in the state who will apply for North Carolina Teaching certificates. Application blanks for taking these examinations must be properly filled out and filed by January 15, 1963. These seniors who have not already taken these examinations and expect to teach in the fall of 1963 must take the examinations on February 16, 1963. Please go to the office of Dr. Dennis H. Cooke and get your application blanks as soon as possible.

Rip 'Um Up, Tear 'Um Up High Point
Director of Development, has committee proposals in regard to the new woman's dormitory, a new science building with the responsibility of increasing student enrollment of 20 per cent will be increased. The committee will work in conjunction with the Trustees and the Administration.

Student fees will be increased for the next school year.

The committee recommends that the Board of Trustees approve a Development Council with at least 25 members to work with the Trustees and the Administration on the plans for the new dormitory.

Miss Whitely is the President of the "Collegians;" and former Business Manager of the magazine.:

Miss Whitely will report news of interest to the students.

Editorships will be brought to the attention of students with talent in science, promotion, and advertising.

As a member of the Board, Miss Whitely will report news of the magazine from the editor's office to the students.

The annual College Board Competition is designed for women students with talent in art, writing, public speaking, advertising, promotion, and advertising.

Jeanne Downs, a sophomore as the editor of the magazine, will report on the Harris and Moorhead School, which includes the urban culture.

The question of whether or not the urban culture have a dominant effect on the Church is being discussed in the magazine.

The annual magazine, "The Collegian," is published by the students of High Point College.

The Collegians will be brought to New York for the month of May. The magazine will be published in the city of Goldsboro, North Carolina for the purpose of inquiring and investigating by Sigma Xi Fraternity, Pi Kappa Alpha.

As of this writing, Delta Kappa chapter has five members. As Executive President, Ron McElhannon; Secretary, Steven Beall; Treasurer, George Beaird; Assistant Treasurer, Larry Noll; Pledge Master, and Phi Garvin; Alpha, meeting with the other brothers who recognized the changes in the college at the time they were not a part of the college. The magazine will be published by George Beaird.

For the time being, the Teke fraternity will be of interest to the students. During first semester of the year, there have been inquiries and investigations by Sigma Xi Fraternity, Pi Kappa Alpha.

Across The Desk....

Recently a fraternity organized charged before the Interfraternity Council with "dirty rush." While there was some evidence that the charge was well-founded, action was dropped by the IFC because of a "lack of proof." We feel that the ruling of the IFC on its decision. However, we have carefully scrutinized the Constitution and Bylaws of the IFC, and, to put it mildly, we were not particularly impressed with the result of this document. It is very general and in some cases ambiguous. Its terminology is such that anyone who was not present when it was drawn up would have difficulty understanding it. We are particularly interested in the following one. The word "party" is not defined so that it is clear what constitutes a fraternity party. Also, there is absolutely no definition of what constitutes "prostitutes illegal rush." The latter is only based on hearsay with no concrete foundation. It has always been my understanding that an article of this type is not based on hearsay and not rumors, that are heard around fraternities. If the IFC articles don't seem to be the policy of the IFC, we will question to search out the facts that feel I that these facts should be presented to the student body.

The article stated that fraternities were to be charged $500.00 rent of the lounge each nine month school year. The fact left out was the reason for this charge. The charge of five hundred dollars is a lot of money, but a lot amount the college can charge.

As far as the administration pressuring the fraternities into any of the things we have been discussing, this is not only a false statement, but an unproven one. It is not for the benefit of Dr. Patton, or any of the administration that the fraternities on the campus should finally get a decent place to store their equipment. The fact of the matter is that Dr. Patton has strongly stated that he has more than once in the past two years to help the fraternities acquire adequate housing. Last year, in the fall, the administration charged the fraternities for a dorm and the so-called "party house." As the writer of this article pointed out, the rush periods do not define illegal rush or set up any standards by which rush procedures may be judged.

"It's Time for Political Action"

Hello, Bob Clark! Goodbye, Len Lewin! This was the banner of the HI-PO only a few short months ago. However, it is only a matter of weeks until we will be replacing Bob Clark and the rest of our fine staff of writers. Who will succeed them? At the present time there are only one or two people who have officially announced their candidacy. We certainly hope that there will be a greater number of people interested in the position of editor in chief of the HI-PO. We certainly can't have a strong student government unless we are willing to accept the responsibility and work it takes to make it effective. The single student on campus should become actively involved in the campaign either as a candidate, campaign manager, or voluntary worker. Competition produces quality, and if we have a high-quality group of campus leaders next year, we can have a progressive SGA.

The staff of the HI-PO this year plans to enter into campus politics for a change, and to support a slate of candidates— not on the basis of their popularity, but on the basis of their ability and expression of desire to work.

As a college student body, we must learn to think and work toward these elections now. Your responsibility is greater than merely voting. You must also participate in the nominating process in order to begin to fulfill your responsibility.

Writer Defends Patton's Policy

In the last HI-PO article appeared pertaining to the new devil. It is true that pressure the administration is putting on fraternities to accept a "nice party" is a form of punishing the fraternities. However, if we write this article pointed out, "It is not necessary for the board to accept a statement in the paper with no concrete foundation. This is not only a false statement, but an unproven one. It is not for the benefit of Dr. Patton, or any of the administration that the fraternities on the campus should finally get a decent place to store their equipment. The fact of the matter is that Dr. Patton has strongly stated that he has more than once in the past two years to help the fraternities acquire adequate housing. Last year, in the fall, the administration charged the fraternities for a dorm and the so-called "party house." As the writer of this article pointed out, the rush periods do not define illegal rush or set up any standards by which rush procedures may be judged.

It is the feeling of my fraternity, that we will not accept a rank of standards is needed. We want the facts known and uninterpreted. We are not being forced into accepting anything, but appreciate the efforts that the administration was going to order in order that we might have adequate housing. It is our hope that all fraternities on campus will develop this attitude and join together to help us attain fraternity world at High Point College.

Dave Culler.

Librarian Stresses Life After College

The Library, in cooperation with the English Department, is instigating a new approach to the problem of the "high school graduate." This approach is our method of acquainting the English freshmen with the Library. We are, in effect, adding to the English course, course in library instruction in library use. It goes without saying when we discuss the library, we provide a place in the curriculum for library instruction, the level of course instruction in that field will be raised.

This course in library instruction is to be related to actual library use, and through the assignment by the instructors in Freshman English of a term paper, computer ownership, the student is to search for information on his subject. This, it is believed, will give meaning to the ideas presented in the library instruction and do away with the assign- ment of isolated "problems". It is our sincere wish, teach all freshmen to efficiently and effectively use libraries. "Books are a doorway to knowledge" — we want to make this doorway readily accessible. We believe that this is not only desirable but a must. We are constantly hear- ning from people who have written to the great stress they (the Russians) are placing on books and learning. As far back as 1956, Mr. Frank Glenn, a Kansas City, Missouri, bookseller, made a trip to Russia for the purpose of finding out what they were doing in using books. With what result? Mr. Glenn was convinced that the Russians were making use of the most powerful weapon in the world, the printed book. He saw books everywhere and he saw them being used. Popular books were popular. These books were busy. He went on to say that besides the Lenin Library in Moscow with a building of some 17 million volumes, there are some 206 other libraries in Moscow! From this, one gets an idea of the importance of a book, a Russian attaches to books. Many people have gone to Russia since 1956, including the President of High Point College, and an invariable they have brought back the impression, "Russia considers the mind as a thing more important than the muscles." We would like to see part of the emphasis of the "daily round of problems," more of our effort that the administration, for these facilities are to be charged $500.00 rent of the lounge each nine month school year. The fact left out was the reason for this charge. The charge of five hundred dollars is a lot of money, but a lot amount the college can charge.

As far as the administration pressuring the fraternities into any of the things we have been discussing, this is not only a false statement, but an unproven one. It goes without saying when we discuss the library, we provide a place in the curriculum for library instruction, the level of course instruction in that field will be raised.

This course in library instruction is to be related to actual library use, and through the assignment by the instructors in Freshman English of a term paper, computer ownership, the student is to search for information on his subject. This, it is believed, will give meaning to the ideas presented in the library instruction and do away with the assign- ment of isolated "problems". It is our sincere wish, teach all freshmen to efficiently and effectively use libraries. "Books are a doorway to knowledge" — we want to make this doorway readily accessible. We believe that this is not only desirable but a must. We are constantly hear-
Nine teen Girls Pledge Sororities

On February 2, 19 girls pledged sororities on this campus. Kappa Delta Sorority pledged seven girls; Alpha Gamma Delta Sorority pledged five girls; Phi Mu Sorority pledged four girls; and Zeta Tau Alpha Sorority pledged three girls.

Pledging KD were Fran Freeman, Beverly Berger, Sue Carvel, Feust, Joan Gale, Sterling Banstra, Kenny Bogg, and Sandra Hargrove.

Phi Mu pledged Judy Armington, Mary Ruth Center, Katy Mims, and Myra Morris.

Fran DeSilas, Judy Richardson, and Nan Brown pledged the Zetas.

RUSH is now the big word in Greek circles. Congratulations are in order for all the new sister pledges, and our sympathy goes out to all the freshmen who are trying to choose a fraternity. The indecision and anxiety will soon be over and you will be initiated into the world of Greek letter organizations. The fraternities welcome back into the ranks an old friend and rival. The fraternity system at H.P.C. is now returned to full strength with six national fraternities, and the Tau Kappa Epsilon sign will soon hang with the others on fraternity row.

Three fraternities recently initiated new brothers. Larry Amick, Wayne Burris, Dr. Cole, Riley Fields, Lloyd Harvey, and Bob Jessup were initiated into Delta Sigma Phi; Steve Montague, Jim Stevens, Wayne Webster, Joel Silver, and Jim Kennedy were initiated into Theta Chi; and Jim Bros, Bruce 1601, Ken Lawson, Jerry Frye, Dave Whitlock, Charlie Sellers, and Walt Carricker were initiated into Sigma Phi Epsilon.

Theta Chi announces two new pledges, Brien McIntosh and Jerry Williams, and Sigma Phi Epsilon announces one new pledge, Fred Schrapel.

The ice on the ground isn't the only ice to be seen lately. The following engagements have been recently announced: Marilyn Zellner, Phi Mu, to Jack Mahan, Pi Kappa Alpha; Mary Loe Troutman, Phi Mu, to Harold Moore, Lambda Chi Alpha; Jean Young, Zeta Tau Alpha, to Bill Treverrow, Sigma Phi Epsilon; Geoganna Hardin, Alpha Gamma Delta, to Ron McElihannan, Tau Kappa Epsilon; and Pat Phillips, Zeta Tau Alpha, to Tom Divens, Theta Chi. Other developments in the boy-girl relations on campus are the following: Gayle Nichols, Alpha Gamma Delta, is pinned to Ronny Chisholm, Lambda Chi Alpha; DeeDee DeCuir, Phi Mu, is pinned to Charles Van Hook, Pi Kappa Alpha; and Sue Lynne Riefreick, Phi Mu, is pinned to Don Cushion, Lambda Chi Alpha. Thalia Chi and Alpha Gamma Delta serenaded Tony Taylor and Betty White on February 1.

Phi Mu and Zeta Tau Alpha were recently honored by visitors from their national offices.

Panthers Golden Reserve

By Bezie Hatchett

The onlySoutherner on the High Point College basketball team hails from Concord, North Carolina. Charles Samuel Myers is a golden-haired, 11-year-old transfer student who is Coach Tom Quinn’s choice for top guard reserve for this year’s Panthers. Sam came to the Panthers squad this year after completing two years of college basketball for Wingate Junior College.

Tom Myers: "Coach Quinn is a real fine fellow in addition to being a great basketball coach. Although I found him a bit hard to understand at first, I respect his basketball knowledge of the game to the fullest extent of the degree. He is a real student of the game."

Sam is studying for a B.S. degree in physical education, with a minor in science. After graduation, Sam plans to teach and coach at the high school level. He has a solid "C" average and belongs to the Methodist Church.

In his leisure time, Sam likes to watch the in-laws show, his roommate Al Trombetta. According to Al, "Sam’s the best roommate I ever had."

Panthers Golden Reserve

Homecoming Preview

By Byr Ray Alley

After five weeks of intramural action the Alpha Phi Omega bowling team captured first place by a slim margin over the Lambda Chi’s and Delta Sig’s. While they have bowled their way to the top with fine performances by all members, the A.P.O.’s will probably find the rest of the way rocky. This will be due to the loss of Hal Cohen, who was the top football player with a 177.6 average. Cohen transferred to seminary and left a big score in their ranks. The question now is can they find a man to take his place?

Should the A.P.O.’s falter there are three teams eager to leap into that first place slot. The Spartans are the closest to catching up, but they have very little breathing room themselves. The Lambda Chi’s are an independent team and are led by two fine freshmen bowlers, Dave Fancher and Bob Harris. They have good overall balance and from past games it appears that they will be tough to beat. Hence the Spartans are not challenging alone. In fact, they hold only a half point over two teams that could win it all. Tied for third place are the Lambda Chi’s, led by the Donnell’s, and the Delta Sig’s, led by Ken Deel. Confident in their ability to make it, Deel, who slipped to 173.9, The Lambda Chi’s have been getting good games from Dick Reisman and Rick Grimmley and they could be tough the rest of the way. The Delta Sig’s have bowled well all along and hold the honor of having three men to bowl over 200. They also have the high set of the action with a 853 performance. The Delta Sig’s have already played the top teams in the league, and it appears that they have the inside track of the rest of the way.

THIS WEEK’S ACTION:
January 29.
The Delta Sig’s, led by Howard Narron, defeated the Theta Chi’s 2-1 in an important match. Don Bryant had a 194 game for the Theta Chi’s.

The Spartans picked up 4 big points by beating the Pika’s 4-1. Again it was Fancher and Bob Harris at the helm, while Pete Repler had a 194 game for the Pika’s in a losing cause.

The Lambda Chi’s took the Comets 4-0. It was Gosnell and Grimsley for the Lambda Chi’s, and Lindsey for the Comets.

The Sig乙’s did not bowl in competition and the A.P.O.’s received a forfeit from the Pin Busters.

Panthers play five more games before heading for the tournament at Lexington February 20-23.

College Gymnasium

Fallin, McGreevy, Replace Ned

The current 17-4 record of the High Point College basketball team is one of the best in the school’s history. Despite the fact that the Panthers lost big center Dale Neel because of scholastic difficulties, the present 11-2 Conference mark is good enough for first place honor at this time.

One of the biggest helps to the Panthers win streak has been the fine job of Bill Fallin has done in Neel’s place. Fallin rebounding and defensive play has played such an important role in the Panthers wins over Elon and Atlantic Christian. Credit must also be given to Richard McGreevy, who spels Fallin when he gets in foul trouble. Richard, who didn’t play first semester, is a top-notch rebounder and fine defensive play. He also has an uncanny knack for passing.

The Panthers play five more games before heading for the tournament at Lexington February 20-23.

REMEMBER WHEN?...

When R. M. Andrews was President of HPC (1924-30).

When Dr. Wendell M. Patton was Inaugurated in (1959).

When G. I. Humphreys was President of HPC (1930-1949).

When Rev. C. W. Bowles Received an Honorary Degree at HPC.

When the first basketball game was played in Alumni Gymnasium.

When Dr. Dennis Cooke was President of HPC (1949-1959).

When Carroll Rabon was Business Manager and Sue Gary was Advertising Manager of the Hi-Po.
Six Vie For Campus Offices; Two Unopposed

On March 5 and 6, the student body of High Point Col-
lege will head for the Student Center to elect its Student
The choice of President is
being sought by Charles Nesbitt.
He has been active in the follow- ing activities during his first three years at HPC: Sen-
ate representative from the freshman class, a member of
Kappa Phi Fraternity, a member of Theta Chi Fraternity,
a member of the Methodist Student Fellowship, a member
of Alpha Phi Omega. He is also a member of the President's
Advisory Council, as well as a member of Kappa Chi.

Carolyn McAllister and Gail Nichols are competing for the
office of Secretary of the SGA. Carolyn has been active as
the Student Congress secre-

Secretary and SGA-Chairman of the Student Operations Com-
mittee. Her other activities in-
clude: a member of Alpha Phi
Omega, a member of Mu Sorority, and a mem-
ber of the Alpha Phi Omega. She is
also a chosen First Runner-up in this year's Miss High Point College
Contest.

Gail Nichols is a cheerleader, and a member of Alpha Phi
Omega Delta Delta Sorority. She was
Secretary of her freshman class and has served on various SGA
committees.

Larry Amick is the only student for Treasurer of the SGA. He is a member of Delta Sigma Phi Fraternity, a mem-
ber of Alpha Phi Omega, a member
of the Business Manager of the Sheraton Hotel, a member of the sophomore class, a Co-Chairman of the Don-
and is also a member of the tennis team.

Perhaps waiting is the theme of every generation, we are c
continually waiting for some-thing—a rush of activities to be completed, a
test we can hardly wait to get off, marriage, gradu-
ination, a new opportunity. Waiting, waiting, waiting, this
word waiting... and its
causing us to be the theme of the
Religion-in-Life Days, which are holding March 6, 7, and 8 on the calendar.

The initiation occurs W e d n e s d a y , March 6, during the as-
sembly hour when dancers and sound-producers reveal the content of "The
Clue," a contemporary poem
written by David C. Rich. This precedes a short talk to be executed by
Mr. Harbin, who declares that
This representation of man's
understanding has been chosen to be the symbol of the Religion-in-Life
Days.

This representation of man's
understanding has been chosen to be the symbol of the Religion-in-Life
Days.
Across The Desk...... "No Entrance"

Last week, the Tower Players decided that they would not produce the play, "No Exit," because they could not get "four students" to take the parts in the play.

The reasons for this failure of the students to participate in a play of this type are many and I will try to cover a few of them. In the first place, the play is an extremely difficult one and thus it requires talented actors and actresses, of which there are very few on this campus. Second, the Tower Players have fallen in esteem over since the production of "Guys and Dolls," except for their work in cooperation with the Student Christian Association on the production of "The Ides of March." The students, therefore, were unwilling to put time and effort into a musical, than into a comedy or a serious play. Thirdly, the students who are qualified to put on a play of this type do not have the time to put into a play of this type.

These are some of the many reasons that members of the Tower Players say seen to explain the answer why there is no support for their spring production. This reporter, in talking to one of the members, asked if he had any ideas as to what could be done in the future. He stated, that if the college installed a major or minor in dramatics, that he felt that this situation could be improved. This teacher feels that we of the staff feel that the students and faculty or administration. Just as a mold thrives in darkness, so does rumor and misinformation grow on a lack of knowledge. This is a most challenging society.

Dr. Harold E. Conrad, Dean of Libraries, has announced the beginning of a 3-year self-study program. The purpose of this study was to catalogue and catalogues and catalogues and catalogues of the College and was headed by Dr. Lee Lewis, Head of the Department of Fine Arts. The second phase of the self-study consisted of selecting committees in order to investigate a separate section in the self-evaluation. These committees did to find answers for reports from each department and from each ad- ditional interested. These reports were later read and discussed. The final phase of the study was Dr. S. C. Deskins, Department of Sociology.

The final phase of the study was the editing of the various reports and these reports were to be included in the self-evaluation. The college will go over this study, will analyze the informa- tion of the self-evaluation, will question the various depart- ments and will send an inspection team to the college. They will go over this study, will analyze the informa- tion of the studies, will question the various depart- ments and will send an inspection team to the college.

Hi-Po, Zenith To Work
With Journalism Course

Hi-Po Zenith To Work
With Journalism Course

The assembly program of February 13 in which the admin- istration officials answered students' questions was carried out in an orderly, efficient manner. We of the staff feel that this type of program, which is designed to give the student a chance to ask questions and seek answers, is not only important but necessary. We feel that only do students have the right to know what is going on around the campus, but also that anything which improves com- munications between faculty, administration, and students at HPC is definitely to the advantage of everyone concerned. While we do have some reservations as to the effectiveness of last week's assembly, we feel that it has served a purpose, albeit not as a further faculty-student administration relationship.

The writer has come to the personal conclusion that the lack of communications between the various groups on campus is the heart of the problem. The friction which exists between the students and faculty or administration. Just as a mold thrives in darkness, so does rumor and misinformation grow on a lack of knowledge of the facts.

There have been numerous instances on campus in which a student needs to find out some type of information, but is unable to do so. As each office a student may be told that he can find the information in the student handbook, but it is usually not included. The student then proceeds to the next office where he is told to go on to another one. This often continues until he is sent back to the office at which he started, and still has no information. By this time, he is ready to give up in disgust.

While this is not always the case, it does happen to a greater or lesser extent quite often beneath the shadow of the tower atop Roberts Hall.

We feel that this situation should be remedied. While the recent assembly program made an attempt at bridging the gap between the students and the administration, we feel that it was handicapped by the fact that answers were prepared and not spon- taneous. Actually there was very little said during the program which has not been heard in an assembly or presented in the handbook, catalogue, or the Hi-PO.

At any rate, there is a definite need for better communica- tions between the students, faculty, and administration. We feel that the students should try harder to find out things which they want to know, and that the administration should give the infor- mation more readily. As for question and answer sessions, we feel that the administration should be more willing to answer questions, and to continue these questions in the research completed thus far. The question and answer section will be done later in the year.

Amick Wins $100

In Viceroy Contest

Mr. William Steed, representative of the Brown & Williams Tobacco Company, announced last week the winners of the second Viceroy Basketball Contest.

The winner of the $100 was Larry Amick and Charles Weinsper. The $25 prize. The winners of the $10 prizes were: Bay Area, Mickey Boles, Ted Bronel, Doug Butler, Dick Grimsley; Bregie Hatcher; David Kemp, Robert Medlin, Dick Reumann, Harold Smith, and Roger Watson, who had won the big money in the first contest.

Next week will be the end of these contests and Mr. Steed urged everyone to enter this one because who knows you may be the winner of $100.
**Intramural Basketball**

**By Richard Stinson**

**Intramural Basketball is off to a roaring start and the teams are entered in this season's competition. In the Independent League, we find six teams entered:**

- **Iota Flights, Celts, Colts, Trojans, and Eagles.**

In the Greek circuit, we find definite rivalry between Sigma Phi Epsilon, Delta Sigma Phi, Alpha Phi Omega, Pi kappa Alpha, Lambda Chi Alpha, and Theta Chi fraternities.

As of February 18 the following results have been turned in:

**Greek League**

On February 5 at seven o'clock, Delta Sig defeated Alpha Phi Omega by a score of 46-39. High scorers for the Delta Sigs were Allen Shareo and Ken Deal, with 19 points each. Jack Markle hit 19 for the Alpha Phis. On February 7, it was the Delta Sigs again, this time over Pi Kappa Alpha by a score of 85-49. Riley Field led the Delta Sigs with 17 points and 7 r. field goals. Also on February 7, Theta Chi defeated the Celts by a score of 46-27. Bill McKinnis was high scorer for Theta Chi with 12 points and Dave Baughn for Sig Ep with 9 points.

- **Delta Sigs defeated Theta Chi on February 11 by a score of 53-49. The Delta Sigs led the Celts with 19 points and Joel Silver achieved an even double for Theta Chi. On the same night, the Celts defeated the Colts in a close one to Pi Kappa Alpha by a score of 58-36. Jerry Frye obtained 28 points for the Big Sig and Stan Kinser scored 15 for the Pikas. It was a defeat for Alpha Phi Omega on February 12 by a score of 77-39. High points for the Big Sig's were 69-26. Bob Harris scored 17 points for the Celts and Jesse White scored 13 for the Alpha Phis. The Celts and the Sigs shared the Spartans' honors with 19 each.

**In action two weeks ago the big match was between the Celts and the Sigs. It was a key game for the Celts and the Sigs. The Celts defeated the Sigs by a score of 107-59, led by Dave Baughn with 19. As for the Celts, the high scorer was Roy Rich with 17 points. As for the Sigs, the high scorer was Roy Rich with 17 points.**

- **As of February 18 the following results have been turned in:**

**High Point in **

On February 18, baseball coach, Chuck Hartmann and track coach, Jimmy Lasater, begin their spring training season.

Coach Hartman began with the pitchers and catchers working out, and, of the entire team, will not report until February 23. Return of last year's team are All-Conference Pitcher, Larry Brennen, and basemen Tommy Burton and Daily Cartwright.

- **In order for any organization to be successful, fresh material must constantly come in order to make the ranks.”**

High Point will probably win the tournament, but looks for trouble from game against Rhode Island and New Hampshire.

**Top man**

High Point's coach, Rich McGreevy, attended college in New Jersey. He lettered in both basketball and baseball for three years. He led his team to the Skyline Conference Championship in basketball; in both, he was a junior and a senior yearman. Rich attended high school in Port Chester, N. Y., where he was the student body president. Among his honors were the Con Edison Award, All-League, and All New York Daily News.
Sheraton Hotel. The presentation was made an honorary member of Alpha Phi Omega service club at High Point College.

N. M. Harrison of High Point, former Dean of Men, bursar and vice president of religion, dean of the High Point College chapter.

Dean of Students

Dr. Harrison is a former instructor of religion, dean of men, bursar and vice president at High Point College. He has also been involved in work in behalf of the Cuban refugees in Florida and in High Point. For these and his many other activities, the fraternity felt that Dr. Harrison deserved this honorary membership.

National Secretary

Another highlight of the 3-day conference was the keynote address given by the fraternity's National Executive Secretary, Dr. Wendell M. Patton, President of the Kansas City, Missouri, at the Saturday noon luncheon meeting.

On Saturday afternoon, Williams S. Barrick, a senior and past national president of the fraternity, gave his address. Also at this banquet, the Columbia Boychoir presented a program.

Boychoir Sings Monday Night

Dr. Wendell M. Patton, President of High Point College, has recently announced that Mr. Donald Bryant will be an instructor in Speech and Dramatics next year. Mr. Draper will replace Mr. Phillip Reines, who announced his resignation last fall. Mr. Reines will leave the college with the end of the current semester and will not return to the college in the fall.

Mr. Reines received his aid from the College's Faculty aid Program. Mr. Reines is a member of the Alpha Phi Omega fraternity, who are within six months of completing their Doctor's degree, a level of one year's absence to finish their work.

Mr. Draper graduated from High Point College in 1961 and will graduate from the University of Connecticut this June with a Master's degree in Dramatics. While at High Point College, Mr. Draper was Vice President of the SGA, a member of the Interfraternity Council, and a member of Delta Sigma Phi fraternity.

In Concert

The time for the Peter, Paul and Mary concert is drawing near. Until now, we have said nothing editorially about the fact that this concert had to be rescheduled from 8 P.M. to 6 P.M., because of a conflict with Verdi's REQUIEM, which is being presented by the HPC choir, the Wesley Memorial Methodist choir, and the Singers of Marc della, that we are more than happy to see us, and we might even enjoy it to some minute degree. The Verdi Requiem should prove to be an excellent performance.

D.A.L.

Frosh On The Ball

We have noticed recently that the new frosh class elections are held at the end of the frosh banquet, and we are very pleased to see that the present Frosh class is taking the initiative in putting class elections on a rational basis by requiring petitions to be signed by each candidate with at least 35 names of his classmates.

We definitely feel that this action will be of great help in keeping campus elections from becoming a matter of snap decisions by a few people, but rather a community to take in a little culture and at the same time to help fill out an evening of entertainment without any further expense. After all, tickets for the Requiem are free to students.

Let's face it, students, a really financially moderate ad-

HAIL TO THE DEAN!

Today let us examine that much maligned, widely misunderstood, greatly overworked, wholly dedicated campus figure—the dean.

The dean (from the Latin Decimus—to expel) is, in many ways, the most important a graduate can have. The dean is the father of his students, watching over their health, happiness, and honesty. He is a haven and refuge for the troubled student. The dean thinks, primarily a disciplinary officer. He is a counselor and guide, a haven and refuge for the troubled undergraduates. To illustrate, let us take a typical scenario.

The last game played by the Trojans the previous season was against the Ottafights. The score of that game was 45 to 42. It was the Comets this time. Dave Fancher again led the Trojans with 13 points and the Comets boasted Larry Craver with 17 points. The Gladiators were a close one in the toftscores. The score of that match was 36 to 34. Johnson led the Ottafights with 16 and Walden led the Gladiators with 17 points. It was the Comets over the Trojans on February 26. The score was 39 to 30. Tom Blake led the Comets with 28 points and Paul Smith led the Trojans with 29 points. The Eagles led by Ray Davis (40 points) defeated the Gladiators led by Jesse Walden (16 points) by a score of 71-38.

This was a big game which really clinched the Greek championship for the Delta Chi group and makes them eligible for the overall championship play to determine the campus champions. The re-

Peter, Paul, Mary, Unique Trio

Summarized from a publicity kit on Peter, Paul and Mary published by International Ticket Associates, Inc.

Peter, Paul and Mary are a surprising trio. They are not hillbillies, Scotch, Irish, or representatives of any particular group usually associated with folksinging. In fact, they are all three American city-dwellers.

Their life-long interests in folk music led all three to Greenwich Village where they got together in a trio. They had been previously involved in show business individually.

A unique looking group, they also present a unique performance. Their songs give both a popular and academic tone without seeming to compromise either. Peter Yarrow, of the trio, feels that their urban background is an asset to their renditions of folksongs. "We can present in a modern musical form the feelings of many ethnic groups and do it with integrity," he says.

Peter Yarrow is a twenty-six year old graduate of Cornell University, from New York. He returned to New York after his interest in music and art. Before the trio was organized, he had appeared on TV and toured the country as a folk singer. He returned to Greenwich Village after his tour and there got into the group.

Paul Stookey is a one-time student who emied his way through Michigan State University before he went to Greenwich Village. Paul not only sings and plays, but also writes music. He writes some of the songs the trio does on record and in concert.

Mary Travers is a tall blonde with folksinging. In fact, she was born in Louisville, Kentucky, but she and her parents moved to New York. She has previously sung in Carnegie Hall with another group and has made three records.

Summer Job Contest Begins

A summer editorial job in New York awaits the winner of a book review competition now being conducted by Grosset and Dunlap, Inc., Publishers of New York. The contest is open to all undergraduate students, and will run from March 15 through May 1.

To enter, a student is to submit a book review of no more than 500 words, based on one of the twenty-four Universal Library Paperbacks specified by the published.

The winner of the grand prize will be a regular member of the Grosset and Dunlap editorial staff for nine weeks, from July 1 to August 31, 1963. He will be in a working laboratory of the book publishing field and be paid a salary of $100 per week. The University is cooperating with the project by agreeing to house the student in one of its dormitories.

In addition to the grand prize, there will be awarding of second and third prizes of books.

Rules and information about the competition are available by writing to "Book Review", Grosset and Dunlap, 1107 Broadway, New York, N. Y.

MSF Programs

For the remainder of the semester, the Methodist Student Fellowship will experiment with a new type of programming designed for more universal campus appeal. The programming entails two separate and distinct lectures, films, studies, or discussion on topics of interest to the college students each Sunday night at 6:15 P.M. The purpose of having more than one program is to provide more programs that appeal to more people.

The programs for the remainder of the year are planned as follows:

March 10, Dr. Cole—"Is This Country Reality Based upon Christian Ideals?", DeDe DeCarrion—"Conformity or Non-Conformity".

March 17, Mr. Porter—"Contemporary Religious Art", Dr. Cummings—"Religion and Science".

March 24, Mr. Whicker—"Inter-faith and race marriages".

March 31, Election of new MSF Council.

April 7, Installation of new officers and program.

April 21, Charlie Nesbitt—To be announced.

April 28, Film and discussion—"Worship, the Families Heritage".

May 5, Dean Taylor—Beaver, Karen Lanier and Liz Oldham—Discussion and Interpretation of the poem "Waiting".

May 12, Discussion of the Central Jurisdiction, Carle Whitehurst—"What is really right and wrong?".
Board of Trustees Approves Development Council Study

The Board of Trustees on March 13, 1963, approved the recommendation submitted by the President of the College that a Development Council be established. The council will consist of five members, five from the Board of Trustees, two from the administration-faculty, five, and ten members-at-large. The council has two purposes: the support of High Point College and the long-range plans and to determine which of these long-range plans will receive immediate priority. Second, the council will act as the intermediary for the college and will be freed from administrative responsibilities.

Junior-Senior To Be Held At Sedgefield

The 1963 Junior-Junior Prom will be held at Sedgefield Country Club on Friday evening, March 29. Mr. Lloyd Harbin, who is responsible for entertainment of the 1700 students that will attend the prom, has selected a variety of entertainment for the evening. The Council of Fine Arts at the College will also participate in the activities of the evening.

Senior-Junior Prom

The board of trustees has approved the proposal to hold the 1963 Junior-Junior Prom at Sedgefield Country Club. The prom will be held on Friday, March 29, and is expected to attract a crowded of about 300 people.

High Point College Debating Team Wins At Lenoir Rhein

The High Point College debating team recently traveled to Lenoir Rhein University in Hilory for the 31st Annual Southeastern Intercollegiate Debating Compe- tition. The contest was held at St. Mary's Church on the LR campus.

Spear members of the team, with high points being given to the debate, are as follows: Dean of Students, Philip Emmett, and Mike Pierce were among the winners of the Fine Arts Department, which was held in a debate in which four teams from the tournament were March 7, 8, and 9. The team that won the debate, along with the President of the Junior-Junior Prom, will be held at Sedgefield Country Club. The prom will be held on Friday, March 29, and is expected to attract a crowd of about 300 people.

On-campus activities include a variety of events each year, including the Junior-Junior Prom, which will be held at Sedgefield Country Club on Friday, March 29. The prom is expected to attract a crowd of about 300 people.

THE HI-PO

March 23, 1963

Hi-Ho Silver And Away...

It is now that time of the year when the old regime of the Hi-Po leaves and the new regime must begin to set their wheels in motion.

It has been the policy of this paper to present the news on campus to the best of the students. In some ways we have failed to meet this objective and I hope that in the future the Hi-Po will meet these objectives more fully.

When I took this office I tried to live up to the motto of the paper and that is "The Voice Of The Students". Perhaps, in some places I have failed in fulfilling this motto, but there are some other people who probably feel that I have done it too much without presenting the other viewpoints. On whatever viewpoints you happen to be, I hope that you will give my successor, Don Little, your whole-hearted cooperation in order to rectify some of these mistakes.

As with the SGA, the Hi-Po is effected by student apathy.

There have been quite a few occasions when some people told me that someone was going to write something for the Hi-Po and, as of now, that effort will be better and will cover more of the news and views of the students. This, however, will only come about through your support of this course.

In closing, I would like to say that this experience has been very worthwhile, except for only a few gray hairs and a few sleepless nights wondering what to put in the forth coming issue and also wondering if I could write it at all. At any rate I hope that you will help me to take up more space than is available. But I would officially support of this course.

Howard A. Barnes.

GREEK NEWS

By Charles Nesbitt

Frustration, frustration, frustration! I was recently asked for a truthful expression of student opinion for the new officers of Phi Mu are the following: President, Linda Ferron; Vice President, Betty Treece; Secretary, Suzanne Bullard; Treasurer, Mary J. Owen. Membership Chair-

mum, L iz Odima; Panhellenic Delegate, Sue Lynne Holtrock.

New officers, service projects, parties, and social events highlight the news from the Greeks.

Frye, Jessup

Elected Dorm Presidents

Carolyn "Soother" Frye and Bob Jessup, both rising seniors, were elected to serve as presidents of the women’s and men’s new dormitory councils for the 1963-64 school year. The elections were held in the two dormitories, with women voting on March 20 and the men electing officers on March 19.

Other members of the Women’s Dorm Council are: Eve Jones, Vice President; Pat Hawkins, corresponding secretary; Louise Shenton, recording secretary; Summee Booth, treasurer; Gail Geyer and Pat Lewis, head proctors. Wynne McGregor, Myra Morris, and Ann Talley, freshmen representatives; and Joe Ann Taylor and Diana Teague, Judicial Council representatives.

In the men’s elections, those elected were: Phil Garrison, Vice President; Franklin Gripke, secretary-treasurer; Steve Pearson, head proctor; and Bill Fallin and Bob Kornegay, Judicial Council representatives.

“Soother” is past vice president of the women’s dormitory and is Vice President of Zeta Tau Alpha Sorority. Bob is a member of Delta Sigma Phi fraternity.

We could build a snowman...

the sophomores of Eastern Y, a store in winner and raffia, who was engulfed in a wrathy keen on the turn.

"Why don’t you watch where you’re going, you minor youth?"

"I’m sorry, lady," said Albert Payson and started to move.

"Why don’t you watch where you’re going, you minor youth?"

"Bah!" said Eustacia, grinding her teeth.

"Well," said Albert Payson, "we could build a snowman."

"Like what?" she asked.

"We could build a snowman," said Albert Payson, gesturing with both.

"All right then," said Albert Payson, "we could go down to the pond and catch some frogs."

"Ugh!" said Eustacia, shuddering her entire length.

"Oh, I know you’re miserable," said Albert Payson, "but that doesn’t mean we can’t find lots of things to do together."

"Like what?" she asked.

"Well," said Albert Payson, "we could build a snowman."

"Bah!" said Eustacia, gesturing with both.

"All right then," said Albert Payson, "we could go down to the pond and catch some frogs."

"Fright!" said Eustacia, shuddering her entire length.

"How about some fun-some lawn?" suggested Albert Payson.

"You are silly, green, and immature," said Eustacia, "and I will take you to remove your indulgent pressure from mine eyes."

Sighing, Albert Payson lighted a cigarette and started away.

"Stay!" cried Eustacia.

"What else?" said Albert Payson.

"Then you are not immune," she exclaimed, clutching him to her clavicle. "For to smoke Marlboros is the very essence of wisdom, the height of American know-how, the incontrovertible proof that you can tell good from bad, right from wrong, fine aged tobaccos from pale, pathetic substitutes. Albert Payson, if you will still have me, I am yours."

"I will," he said, and did, and they were married and ran the second biggest wicker and raffia establishment in Duluth, Minnesota.
The night—March 6, 1963, The Event—North Carolina Intramural Basketball Championship Game. The Participant—Alpha Gamma Delta Sisters in Alpha Gamma Delta announces a new pledge, Wayne Moore who recently became a party to the "Phi Mutual" in Charlotte Legion Hut. Team News

Celtics Win All-Campus Crown

By Richard Stinson

Sigs been hotter the first half, the outcome might have been different. Standouts for both teams were Ken Rich and Dave Young of the Celtics, having 14 and 12 points respectively, and Miss Rosemarie and Ken Deal, having 11 and 10 points respectively. Congratulations to both teams for their efforts to be individual champions and to the Celts for winning the campus basketball championship. Credit should also be given to Joel Silver for being their top scorer for their fine job of officiating this game.

Women's Basketball

In the women's intramural basketball Tournament, North and Wesley had a perfect season with five wins. The winning team was coached by Garry Coates, Ean Wright, and Jean Smith, and Kenya Smith, and Jean McCallon.

The committee will study the campus for the following purposes: 1. To determine whether HPC meets the standards of the Association of American Colleges for accreditation; 2. To determine whether HPC meets the standards of the Association of American Colleges for accreditation. This study is a correct evaluation of the school's policy in this manner. It is an attempt to evaluate the school's policy in this manner. It is an attempt to evaluate the school's policy in this manner.

PETERSON RUNS FOR CITY COUNCIL

Dr. Herbert Peterson, Associate Professor of Education at High Point College, has announced his candidacy for the City Council of the city of High Point. Tired by his father's work with the school's policy in this manner, he feels that he is not the right person to do the job. He has no previous record of political races, his qualifications for the position are based upon his wide knowledge of human- It seems to me that one of my duties is to see that the people of North Carolina are doing a good job by those who try to re- Put old wine into new skins. ACROSS THE DESK

A new regime has taken over the HI-PO. With it come new policies and procedures. We will try to produce a paper that is true to the "Voice of the Students," and not the "Voice of the HI-PO staff." We will make drastic extended effort to improve the face of the HI-PO. We are presently working on a new masthead which will give the paper a more modern, progressive look. With the increased use of pictorial journalism, we feel that we can make this newspaper more attractive and more interesting.

However, we realize that looks aren't everything. A college paper should not only look attractive, it should keep its readers well informed on what is happening on campus. It also has an obligation to express the opinions and views of the students. This is what we want to do. To facilitate this undertaking, we are initiating a new policy of student editors. We are offering you the students the privilege of expressing your views editorially, so that you will be able to assess the vocal cords of the "Voice of the students." We will run student editors as a supplement to staff editors and letters to the editor. We encourage you to submit any editorial comments you may have on any subject. Our paper is not limited to events on campus. Guest editors on local or national politics, religion, or any other subject will be welcome.

We will not be without editorial comment from the editor, however. We will maintain a separate column for the editor, so that you will have the privilege of expressing your views editorially, so that you will be able to assess the vocal cords of the "Voice of the students." We will run student editors as a supplement to staff editors and letters to the editor. We encourage you to submit any editorial comments you may have on any subject. GREEK NEWS

By Nancy Yeager

Social events seem to be highlighting the Greek news recently. The freshmen held their first social event with the Delta Delta Delta's annual tea, and the Phi Mu's also held a dinner party.

The Phi Mu's honored their pledges with a Hobo Party at City Lake on March 16. Phi Mu's also held a dinner party on March 26 in the Pi Beta Phi House.

The Pi Beta Phi's made plans for the annual Dream Old Boy Ball which will be held May 11 at the Starmount Country Club (in Greensboro) and are looking forward to the best Dream Old Boy yet.

In addition to social events, there have been several fundraising events. The Phi Mu's will hold their annual student auction on April 8 in the student center. Those taking part in the auction will be pledges and newly initiated sisters.

The Theta Chi Pledge Class and the Phi Mu Pledge Class held a joint fun night on Saturday, March 30.

Congratulations to the Sig Eps who recently celebrated their 10th anniversary as a National Fraternity on March 21!

The Phi Mu's welcomed a new pledge, Marla Wochter of Greensboro, on March 24. I'm sure you'll see her around campus soon.

Ladies and gentlemen, don't forget to keep your promises to be a Phi Mu, and remember to call the Phi Mu Pledge Class if you need a hand.

The Delta Delta Delta's annual tea was held on March 15, and the Phi Mu's also held a dinner party on March 26.

For Every Citizen to Read

Is Title of Hays' New Book

During the Korean War, several of our soldiers, under pressure from their Chinese Communist captors, renounced the United States rather than face the torment that patriotism would bring. The reason why these soldiers gave up allegiance to their country was one of the things which prompted Dr. Leopold M. Hays to write his book For Every Citizen to Read. Other reasons developed from Dr. Hays' experiences in his military service work, from his work with large urban centers, and from his work as a minister and counselor in several states.

The purpose of For Every Citizen to Read is to call the attention of the general public to the necessity and responsibility for guiding children and youth into becoming good citizens of our nation. Why is patriotism important? Dr. Hays answers these questions and many similar ones with one word: environment. Creating an environment which will produce better citizens is the theme of Dr. Hays' book. Every person interested in the future of his country should read this book.

Dr. Hays, Associate Professor of Botany and Chairman of the Department of Botany, has been a member of the High Point College Faculty since 1955. He received his A.B. degree from Duke University and his S.T.B. and Ph.D. from Boston University.

Dr. Hays' book is on sale in the college bookstore and is also available in the library.
National Library Week, 1963, in April 21-27. Launched in the spring of 1958, National Library Week was created to bring public interest in books and reading to the attention of the general public. The National Book Committee, Inc. (formed in 1944 of outstanding educators, librarians, and citizens from all fields of education) sponsored the first National Library Week. The purpose of the campaign was to encourage people to read books and to encourage people to read them.

The week-long national campaign is now an established, continuing, year-round effort to inform the reading nation: as well as to strengthen the use and improve the effectiveness of libraries of all types. Your HPC Library joins in this literary emphasis week and hopes that you will join us in this effort to spur the use and improvement of libraries throughout the nation.

College and in no way implies the support of the college. It is not an endorsement of the candidate nor of the party. The goal is to help to develop an individual candidate and to contribute to the growth and advancement of the school.

The winner will receive a trip to Europe, a "Triumph Spitfire" sports car, and a trip to the United Nations. Young or she may be recommended by her friends or she may be recommended by the chairmanship of Phyllis Foy. Elaine Roux and George DeCarion are eligible to enter the competition. The state of New York 36, New York. The highways will be crowded with college students headed toward beaches, mountains, lakes, and home (probably in that order).

When asked, "Where would you be spending your Easter vacation?" HPC students gave a wide variety of replies. Of course many students will be going home, some for the first time before the Christmas holidays. But there will also be a mass exodus toward the ocean, especially that part of it which touches on the Florida coast. Even if many HPC students are not able to make the trip to Florida, it won't be because they wouldn't like to.

Here are just a few of the plans being made for the Easter holidays by HPC students: Linda Roberts will be spending her time in New York visiting her parents. Also in New York will be Joe Silver, who will be "just goofing off." Judy Burks and DeeDee DeCarion are planning by returning safely.

We Are Proud To Announce

Cindernelm Work Hard Place In Meets

By Dick Slissone

On March 29, High Point College held its first track meet with Atlantic Christian College of Greenville, S.C. While this meet was 84-46 in favor of the Panthers at the start of the meet, it was obvious that no records would be set this day since gusty winds and poor track and field conditions prevailed, causing a lesser degree of quality in the performances of the participants. At most this meet was a good warm-up for the Panthers' triangular meet with Lenoir Rhyne and Catawba the following Friday. Atlantic Christian fell hard to High Point, the latter team gaining most of the first places and many of the second and third.

On Friday, March 29, High Point met Lenoir Rhyne and Catawba. This triangular took place under a very warm sun and on a green track on the field. The number of interested spectators was better than expected and the meet was an overall success. Lenoir Rhyne's fine weather made the preliminary runs and relays faster than ever. The top running was probably the 220-yard dash, which was also run in L.R.'s third man and High Point's four; upon finishing the hand-off, he sprinted around the track and in a scintillating run until the L.R. man edge out a previously tuned Panther. The same scenario here and it should be said that High Point would no doubt have won two more events of equal point worthy.

It takes more than just a few stars to win meets and credit should be given to young men on the team for their part in the team no matter how small.

Coach Hartman chats with undergraduates Harold Moore and Ray Greenwood.

Hartman Key Figure In This Baseball Story

This is the first chapter in the story about the 1963 High Point College Purple Panther baseball squad and the man who calls the plays. This squad consists of some veterans and some "rookies," and the man behind the organization is Coach Chuck Hartman. Any good story needs in introduction, so here we find it to introduce our leading character.

A native of Gastonia, Coach Hartman began his baseball career early. He played third base for his high school team and was chosen on the All-State team. Upon graduation from high school he accepted a scholarship to the University of North Carolina, where he received top caliber coaching from Coach Walter Brown. As a sophomore at U.N.C., Chuck fought his way into a starting position and finished the season with a 313 batting average. The next year, as a junior, he took over the little Tar Heel sec- ond baseman's job and got 20 hits. This he did in winning the first game of the season and handed off to Grif Balthis.

In the two-mile run, Rhyne's man edge out a previously tuned Panther. The same scenario here and it should be said that High Point would no doubt have won two more events of equal point worthy.

It takes more than just a few stars to win meets and credit should be given to young men on the team for their part in the team no matter how small.

PARIS...for study's sake

Veterans Jack Wagner, Mike Sabino, and newcomer Grif Balthis accentuated the High Point College cause. Wagner took first in the 100, 200, and the 880, mile, and two-mile run. He was also on the L.R. winning mile relay and he placed third in the hurdles events with flying colors.

Little's Little By
Don Little

Here I sit, trying to think of something to write—think of anything to say. I have come to the conclusion that perhaps my mind has become a little immobilized by the frustration floating across the campus from the furor generated in the lounge. I'll de-emphasize the columns of this couple of subjects. Just as my mind, by my reading in the last issue was somewhat confounded by the "powers-that-be" who have laid the periodic rule and the limited space, we were unable to put subtleties in the article.

Exams and Assembly
Nobody knows what has happened about the nightmare which the fast-approaching exams will bring. The last exam period should be uncluttered by meetings which require a presentation of the academic calendar for the coming year. I will begin this paper with a brief statement about explanation was that because of excess verbiage and facted space, we were unable to put subtleties in the article.

Strike Three—You're Out
We are here at HPC with three strikes against us for being a student at the moment. First, the academic calendar for the coming year should be uncluttered by presentations and meetings which require a presentation of the academic calendar for the coming year. I will begin this paper with a brief statement about explanation was that because of excess verbiage and facted space, we were unable to put subtleties in the article.

Apogee Makes Three
There's no question that I'd like to pass my opinion concerning this new literary publication. It is an excellent publication, and I feel that it is one of the better literary publications. I believe that the "powers-that-be" who have laid the periodic rule and the limited space, we were unable to put subtleties in the article.

Patton Named To Advisory Committee
Dr. Wendell Patton, Jr., president of High Point College, has been named to the educational advisory committee of the North Carolina Education Department for the current fiscal year. The committee is to advise the office of the state superintendent of public instruction concerning the development and improvement of state educational programs and services.

It's warming up a bit. By the way, don't forget to vote today for the homecoming candidates.

Don Little was elected secretary of the SGA Legisla-
ture at a called meeting on Tuesday, April 9. The meeting was attended by all SGA officers and the following students were elected as officers for the 1963-64 school year: President—Bob Clark; Secretary—Charles Nesbitt; Treasurer—Amick George; and Vice President—Pam Fletcher.

Across The Desk

BIG BUSINESS

The past two years have witnessed some highly encouraging changes in the Business Department. The curriculum has been updated and expanded, and the quality of instruction has improved greatly. Those responsible for the renaissance in Robert's T.R.P. consider the rights and needs of its present students and should "devote to the gratification of tastes and feelings."

Many have found that courses taken earlier as requirements are no longer needed for graduation and that their major in Business is only a part of their total education. This is a liberal arts college. T.R.P.

Mrs. Austin Is

New Social Director, Dorm Mother

By Janet Hess

Mrs. Paul Austin has recently been appointed as the new social director and advisor for the dormitory, counselor for women by Dr. W. R. Austin, new dorm mother. A former elementary school teacher, Mrs. Austin received her education at Appalachian State Teacher's College, the University of North Carolina, and Eastern Carolina College. Mrs. Austin feels that this past teaching experience in addition to her having guided three children in school provided invaluable training for the position which she now holds.

Expressing her anticipation of working with the students, Mrs. Austin urges them to call on her at any time for consultation.

Mr. Charles Nesbitt

Mr. Charles Nesbitt, our new S.G.A. president, could be termed "veteran" without the slightest doubt. Hailing from Ashevile, North Carolina, he is the son of Mr. and Mrs. M. H. Nesbitt. He is a member of Theta Chi fraternity and a teaching position at South Asheville High School. Among his other activities, Charles also found a place in school to help organize a literary magazine. For additional ideas they asked for a copy of the literary magazine which they were planning to publish. They were looking for ideas to help organize a literary magazine. If the student body would do their part in improving and assisting in our growth process.

Spotlight On Mr. Davidson

By Breggie Baxter

When Coach Bobby Davidson joined the High Point College Health and Physical Education Department in the fall of 1963, he brought with him four of the most important years of his life. Born in Cambridge City, Indiana, thirty-four years ago. As a student at Lincoln High School, Davidson developed his love for sports as he was standout for his local team. He was a multi-talented and all-conference in basketball, an all-conference shortstop and a 400 hitter for the baseball team. He also ran the low hurdles for the track team and jumped for the track team. He was elected as Best All Around Athlete at Lincoln High School, and due to his achievements, was chosen to WHO'S WHO. Coach Davidson was a member of the Sigma Phi fraternity, and was a member of the NDM 20.

Davidson returned to his alma mater, High Point College and an outstanding member of the track and baseball teams. Now after seven years of high school coaching behind him, Mr. Davidson returned to his alma mater as a physical education instructor and coach.

Robert Donald Davidson was born in Cambridge City, Indiana, thirty-four years ago. As a student at Lincoln High School, Davidson developed his love for sports as he was standout for his local team. He was a multi-talented and all-conference in basketball, an all-conference shortstop and a 400 hitter for the baseball team. He also ran the low hurdles for the track team and jumped for the track team. He was elected as Best All Around Athlete at Lincoln High School, and due to his achievements, was chosen to WHO'S WHO. Coach Davidson was a member of the Sigma Phi fraternity, and was a member of the NDM 20.

Davidson returned to his alma mater, High Point College and an outstanding member of the track and baseball teams. Now after seven years of high school coaching behind him, Mr. Davidson returned to his alma mater as a physical education instructor and coach.

This personable young Hoosier has built up interest and enthusiasm on the track team, something which has been lacking in previous years. At present, the team has topped three first places and one second place in meets. In Coach Davidson’s words, ‘I have been very much encouraged by the results of the track team.

Intramurals

In intramural track Theta Chi fraternity won the meet with Delta Sigma Phi placing a close second. An independent group, the Hot Dogs, placed third. On April 25, intramural basketball started and the results from this competition will be announced in the next paper.

Intramural Tennis

 Singles:  
1. Joe Blevins–Theta Chi  
2. Tom Arnett–Theta Chi  
3. Barrow Mollino–Delta Sigma Phi  
4. Dick Freeman–Lambda Chi

Doubles:

1. Steve Minnigale, Fred Winters–Theta Chi  
2. Herb Thomas, Joe Nicklaus–Alpha Phi Omega  
3. Mike Shaw, Dick Olson–Theta Chi

Team Point Standings

 Theta Chi 94
 Delta Sigma Phi 29
 Lambda Chi Alpha 22
 Alpha Phi Omega 18
 Phi Kappa Alpha –4

Overall All Points

 Theta Chi 107
 Delta Sigma Phi 207
 Lambda Chi Alpha 239
 Phi Kappa Alpha 187-1/3
 Sigma Phi Epsilon 150-1/2
 Alpha Phi Omega 149-1/3

Scholarships Available

Five scholarships will be available next year for students enrolled at the Communications Center at High Point College, the result of a scholarship grant by the national organization of the Federation of Sorority for Print Technology. The grant was made in recognition of the excellent work being done in the Industrial Coatings Center as part of the College.

Preceding the grant, two national officials made a special trip to inspect the facilities of the Industrial Coatings Center at the College and to investigate the coatings industry and college relations in this area. They were impressed with the work being done at the Center and with the co-operation between the coatings industry and the college.

The Piedmont Section of the Federation has co-operated closely with the college since the Section was

Coach Bobby Davidson

The main functions for sororities and fraternities were to operate a process plant and sell their products at the College. The K-D’s White Rose Ball is to be held May 4 at the I.T. Mann. The Phi Mu’s held their Spring Banquet on April 6 at the Elk’s Lodge in High Point. A Sunday “after party” was held at Linda Holton Uger’s at High Rock Lake.

On April 8, the following boys were initiated into the Phi Kappa Alpha fraternity: Tony Parsons, Tom Blake, Bob Harris, Bill Herring, Tony Keogger, Jim Ryan, and Mike Hockaday. The Delta Sig’s have planned their initiation for pledges for May 9, Kenny Deal, Ray Alley, Bill Herndon, Ray Davis, Charles Kerr, Bill King, Mike Coulter, and Kirk Jones will be initiated.

Scority hours given by Zeta Tau Alpha for 1962-63 were:

Outstanding Sister: Dorothy Pegg: Outstanding Senior, Ellen Johnston: Scholarship, Donna Lawrence: Outstanding Junior, Jean McCollum. These given by Phi Mu. Outstanding Coach: Ranking were: Outstanding Pledge, Mary McRae, Outstanding Boy: Beta, Pat Brackett.

Among the seniors this month were the Delta Sigma Phi serenade for Annette Young, Alpha Chi, and Thomas, and the Lambda Chi Alpha serenade for Lou Richards and John Ward. Roger Carmichael, Lambda Chi, is planned to Miss Linda Strickland of Lexington, Kentucky. Ann Surratt, Sigma Chi, is engaged to Ken Sullivan of Marion, Virginia. Suzanne Bullard, Phi Mu, is engaged to Carter “Bud” Gardner, the student who attended Wofford College, Spartanburg, South Carolina. Ann Orgar, Zeta is engaged to Jimmy Arthur. Dot Durden, Zeta Orgar, was married to Jett Franklin Eaton on April 6, at S. Parh Bennefield, Georgia. The Zeta’s also held a shower for Cheryl Smith April 21. Phi Mu’s welcome back Louise Stokes Lewin, who is visiting from Albuquerque, New Mexico among the furnishings market.

The Alpha Gam’s celebrated International Reunion Day with sisters from Queens College of the University of North Carolina on April 21 at the Forth Building.

The Phi Mu District Convention was held April 4-5 at the University of Tennessee. The chapter’s delegate was Judy Hayes. Others attending were Linda Ferran, Carolyn Menchen, alum advisor, and Jane Safritger, a lum pres-student.

On April 22, the Sig Ep’s celebrated their Founder’s Day with a dinner in Greensboro, which was also attended by the Sigma Chi Grand President and the President of the Alumni Association.

The sisters of Zeta Tau Alpha entertained their pledges at a spaghetti dinner on April 19. On April 26, the Delta Sig’s plan to have a ski party at the Ponderosa cabin at Badin Lake.

Across From Blair Park Golf Course
Prior to the Easter holidays, the High Point College track team won its track meet with Elon and Guilford. This meet was a runaway for the Panthers. They scored 86½ points over the nearest competitor. Guilford who scored 40 points with Elon bringing up the rear with a distant 29 points for third place. High Point obtained seven first places, 40 second places, seven third places, and four fourth places in their sweep to victory.

While most of us were on vacation, a group of track events made their way to The Furman Relays for the annual all college competition. The delegation team from High Point managed to cope a third place in the distance medley relay as well as the mile relay. The distance medley relay was an open class event in which High Point ran against large colleges and universities as well as schools of her own size and caliber. Jack Wagner, Bob Brennen, Grif Balthis, and Mike Sabino represented High Point in this event. The Mile relay was for small colleges. Placing third in this event credit is due Bob Brennen, Grif Balthis, Tony Hughes, and Jack Wagner for their respective efforts. The precedence of running against larger schools was no doubt invaluable and this along with Greensville, South Carolina can be counted as a success.

During last week, High Point successfully encountered Guilford College in a duel meet. The score of this meet was 76 to 10 in favor of the Panthers. High Point was missing some of its valuable athletes at this meet including Jack Wagner who was plagued with a leg injury and unable to participate in the entire meet. Outstanding performances were achieved by Grif Balthis, who was high point scorer with 11 points; Dave Young, who placed first in the high jump with a height of 6 ft. 4 ½ in; Bob Brennen, who placed first in the 440 yard run with a time of 52.8; Ken Rich, who placed first in the broad jump with a distance of 19 ft. 11 ½ in; and Bob Beaver who placed first in the javelin with a hurl of 167 ft. 1 in. Congratulations to all the members of the team for a fine job.

**SUMMER OPPORTUNITY**

This year Collier's Vacation Earnings Program offers College Students more prizes and awards than ever before in the history of the Company.

Students can earn in excess of $150.00 per week while working for prizes, trips, scholarships, and awards such as:

- All expense paid trip to Madrid, Spain
- Fifteen $1 Cash Scholarships
- Valuable Merchandise awards each week

Students accepted for summer will have an opportunity to work in location of their choice:

- Asheville, N. C.
- Raleigh, N. C.
- Myrtle Beach, S. C.
- Charlotte, N. C.
- Fayetteville, N. C.
- Greensville, S. C.
- Winston Salem, N. C.
- Wilmington, N. C.
- Spartanburg, S. C.
- Durham, N. C.
- Greensboro, N. C.
- Columbus, S. C.

Qualified previous Employees would have opportunity for Management. All who would be interested should fill in the next few lines and mail promptly in order to receive first consideration.

**Tennis Team Looks Forward To Tournament At Pfeiffer**

Mike Rosenmarrke is the Number three man and Larry Amico is the fourth. The team play well at their singles positions, and supply a fine Number two doubles team. This possibly be the key to the team's over-all success.

The Number five man on the squad is Tracy McCarthy, the team's most colorful player. Tracy combines a hot forehand and a blazing serve to supply an explosive fifth man. Coach Quinn is quite pleased with the team spirit and hustle despite their losses to date. The coach feels that better days are ahead.

After trips to Pfeiffer and Western Carolina, the netters wrap up the regular season with three home matches; Guilford, May 3, Atlantic Christian, May 7, and Campbell, May 9.

The tennis team and Coach Quinn would like very much for any and all students to attend the home matches which are played at Blair Park.

Little's Bit
By Don Little

Greetings to all ye fellow obstacles referred to as exams, disastrous results of these ombreers who are already or less? After all, with the tuition to hang around a few extra semesters to more fully enjoy the process of getting a degree. Let's dismiss this trivial matter and focus on more important things—like the date.

Date Due May 8, 1963

It seems somewhat questionable to me that all library books must have been turned in by Wednesday, May 8. Books should be kept full and its business to express their opinions happy to see that many HPC publicities. Perhaps this issue is our student body. Perhaps Dr. Patton who has been sent pictures of the five contestants. Sure is a member of the SNA on campus.

Mrs. Griffiths, a resident of High Point, came to her job here last fall. She was selected for the tribute by the Zenith staff which annually makes a special tribute to some member of the college staff, other than a faculty member.

Presentations of the awards were made by members of the Zenith staff, which included Dot Barrick Eaton and Ann Surratt, 1963 co-editors.

HPC Concert Band To Present Performance

The Concert Band of High Point College will present its annual concert in Memorial Auditorium on May 15, 1963. The program will be divided into two parts, the first will be devoted to music of Bach, including such works as the "Inomo.Young," a "Memory," and "II Pasticio" (Lam- binson). During the evening there will be solos by David Costas and Dan Walter. The evening has been enthusiastically received by high school students from the surrounding area and has been attended by over 500 people. The program will be televised and broadcast over radio station WSPF.

Ted Brazzell Chosen "Man of the Year"

Ted Brazzell has been chosen as the "Man of the Year" for 1962-1963. Ted, a brother and past president of Alpha Gamma Delta sorority, has been active as advisor to the IFC, a member of the Department of Education, and a member of the Student National Education Association chapter.

The award is given to the representative of the IFC for the year. This is an annual award given by the IFC to the student who has contributed most to Greek life on this campus.

The Alpha Gamma Delta sorority also presented its annual awards, which consist of a specially designed silver metal, and a year's subscription to the fraternity's magazine, The Greek Lamp. The award was selected by a vote of the faculty and the Business Department.

Dr. Dan Cooke was presented with the "Man of the Year" award for his contributions to the College.

The award is given to the representative of the IFC for the year. This is an annual award given by the IFC to the student who has contributed most to Greek life on this campus.

The award is given to Dr. Cooke because of his understanding and patience with his students, and his kindly attitude towards all students. Dr. Cooke has also had the honor of being named as the "Man of the Year" for his contributions to the college.

Dear Editor:

Anybody for making a mountain out of a molehill? There seems to me to have been something amiss when the students and the administration, I believe an administration, made a demotion by a sincere student to help remedy our position. The student (apparent for a long time, known not only to the students but also the faculty.  

Men do not become leaders or live up to their title, a leader, by silence or by being passive, but only when they speak, act, and fight for what they believe, and what happens when someone shows leadership.  

The article on assemblies showed courage, not a lack of craft, demonstrated responsibility to willing to accept the consequences for something he or she believed, and the majority of the students body feel is a problem.  

The article was written not to promote "misunderstandings," but to enlighten. No action or demonstration was ever intended, because situations which might have warranted were worked out and it seemed in very bad taste to bring up the hour's lecture to the subject.  

Dr. Patton's call for a vote of confidence would have been much more appropriate if the demonstration was nothing personal. The reason no hands went up was a for- 

midable one — four of "re- 

presentatives" to the assembly and it seemed in very bad taste. Dr. Patton has sat in our hour's lecture to the subject.  

As a student I am proud of 

the HI-PO, and know it will be there for some participants. Few students feel they could afford to be absent from their careers. The fact that no hands went up is an indication of the students are in accord with assembly programs or any- 

thing else.  

In this school that extols leadership, the students are afraid to be followers, much less leaders, and until the reasons for these fears are abol- 

ished, there can be no real leadership. As a student I do not have the backing of the majority of the students including myself. And if the students are in accord with assembly programs or any- 

thing else.  

I feel the article was in- 

tended to be of value, not to discredit the school or assemblies themselves. I don't feel the author would want to be placed above "lowlives" or write merely for "attention."  

As a student I am proud of the HI-PO, I respect, its progress, its admin- 

istration. I believe an administration, made a demotion by a sincere student to help remedy our position.  

I did not and do not feel the need for the necessity of assemblies every week. I support this with several reasons. Many of you help too much of an obligation on those people who plan the assemblies. They must have a planned assembly every week and are faced with the responsibility of obtaining an ac- 

ceptable degree in the fulfillment of a promise. I believe the promise is the most valu- 

able gift with which you could be given.  

"A sigh numbis" — no, you students are not numb, neither ac- 

quaint with the of an assembly, nor without recognition, for you have left heritage, a precious living, a symbol of yourselves to endure
by the majority of non-Greek does not possess the unity it or feeling of belonging found ing the Greek organizations. This col- normal. We have on our does not possess the great loy- larger colleges and universi- United States, it has had occa- of our assembly system. My suggestion is not to do are compelled to go to them. does the HI-PO truly become the "Voice of the Students." Our readers, take the trouble to express your ideas in writing to express its thanks to those readers who have taken the time to

I feel, secondly, that we, the students, do have a right to interesting assemblies if we are compelled to go to them. My suggestion is not to do away with the assembly program, but rather re-establish it in a meaningful form.

As the reader of this ques- if there may be any at all, may surmise, I am not in favor of the total abolition of assem- bly program is one of the most important functions of our assembly system. Assembly programs have for many years been a means of disseminating important information to students and of providing opportunities for students to assemble and discuss issues of mutual concern. Any suggestion to replace assembly programs with other forms of student organization would be considered a significant deviation from this purpose.

The average student of High Point College is likely to feel that at his disposal by which he can find information about the college and help his school by getting involved with the assembly program, is already good for the school and what is not. It is difficult to imagine that the abolition of assemblies is a crime of the so-called criminal class. Most murders are committed in sudden anger, desperation, or in- sanity. Can fear of death prevent these crimes? Murder is not committed by people who cannot afford a top-grade lawyer; rather, it is committed by people who have been deprived of rights they were entitled to, and who are not given a chance to defend themselves properly. The abolition of assemblies is not a crime and should not be considered as such.

Every single assembly has been an opportunity to assemble and talk about issues of mutual concern. Both intentions for our speaker on May 8th de- the assemblies of the year. The administration has tried to improve the assembly program by re- Orgs are involved because they want the best I can get from it. I might continue to make a top grade all the way through. I might even get a chance to be a better writer, to be a better speaker. But what I want the best for is that I want the best for the administration, both in the interest of the school and in the interest of the students. I feel that the administration has not done enough to improve the assembly program. I have told them that I would like to see more consideration to their desires, and I would like to see more cooperation from the administration. I have told them that I would like to see more cooperation from the administration and that I would like to see more cooperation from the administration. I have told them that I would like to see more cooperation from the administration.

Many occasions in the assem- ments in the assembly program have been well-planned and executed. The administration has tried to improve the assembly program by re- Orgs are involved because they want the best I can get from it. I might continue to make a top grade all the way through. I might even get a chance to be a better writer, to be a better speaker. But what I want the best for is that I want the best for the administration, both in the interest of the school and in the interest of the students. I feel that the administration has not done enough to improve the assembly program. I have told them that I would like to see more consideration to their desires, and I would like to see more cooperation from the administration. I have told them that I would like to see more cooperation from the administration and that I would like to see more cooperation from the administration. I have told them that I would like to see more cooperation from the administration.

Assembly programs have for many years been a means of disseminating important information to students and of providing opportunities for students to assemble and discuss issues of mutual concern. Any suggestion to replace assembly programs with other forms of student organization would be considered a significant deviation from this purpose.
New Phi Mu Award

A new award has been added to the list of awards given each year at this time to deserving individuals and organizations. This award, given by Phi Mu, is for outstanding social service in community and on campus by a social fraternity or sorority. The recipient of this award is Lambda Chi Alpha. The purpose of this award is to give recognition to the members of Lambda Chi Alpha for their fraternities and sororities across the country. It is a recognition of their efforts to contribute to their communities.

Honorary Degrees

HPC hosted its annual Honorary Degrees ceremony, where three honorary degrees will be awarded at High Point College for forthcoming graduation ceremonies in May 28, according to the college's president, Dr. Christopher Wilson.

One of the South's Great Stores

Across from the Elwood Barber Shop, a nice atmosphere and a large variety of goods are available. The store is located on the corner of Market and Main Streets.

New Hi Phi Mu Award

The new Phi Mu Award recognizes those who have made outstanding contributions to the community. The award is given to the person or group that has demonstrated excellence in service to the community and has shown leadership qualities.

Many Traditional and New Awards Given Today

Many worthwhile projects were carried out by the other organizations mentioned. The Phi Mu's held a winning beer to mood clothes for the American Friends Committee to send to African refugees. At Christmas, Greeks found everywhere spreading Christmas cheer—Big Eta and Zeta went caroling at the Rockingham Home, the Xi's gave a party for the children at the day center, and Sig Eps gave a party for the Kappa Kappa Gamma's at their Home in Thomasville. The Phi Mu's donated food and toys to a needy family. The Heart Fund, Carolina Blood, and Blood Drive were supported by nearly all organizations. The list is too long to be mentioned, but each fraternity and sorority is doing their part to contribute to the fine services they have rendered in this year to college and community.

Sig Ep Award

The Sigma Epilson Award was given to the Sigma Epilson "Inter-University Program". This award was presented to the Sigma Epilson for their outstanding service to the College.

APO Awards

Alpha Phi Omega, National Service Fraternity, presented an award today in assembly to a group of Alpha Phi Omega members. The award was presented to the Alpha Phi Omega chapter for their outstanding service to the college.

Vera McNilis Chosen Apogee Editor At Dinner Meeting

The staff of the APOGEE held a dinner meeting on the campus today, April 26, for the purpose of electing officers and to start the new school year. The APOGEE staff presented a slate of candidates drawn up by an executive committee and unanimously adopted and the slate for next year's APOGEE are: Vera McNilis, Editor; Linda Craven, Associate Editor; Helen Bailey, Business Manager; and Marcia Wechter, Managing Editor.

HPC Studies Features Varied Research Works

The High Point College Studies, which is published annually, is the result of contributing to members of the faculty. The College is in the Fine Arts Department, and Dr. Cole is Chairman of the Department of Fine Arts. The College is the responsibility of the Department of Fine Arts.

Charles K. Mounts, and "A Theoretical Approach to the Study of the Elite" by Carroll B. Hornmachen.

Camp Weekend Called Success

The family camping week end, which was held on the 4th and 5th of May, was reported by Dean Jesse L. Taylor as being very successful. A total of 200 people participated, including 43 families from five states. There were not as many people present as there were for the last camping week end, but there was more participation in the overall program.

Comments made by some of the participants this year were to the effect that they felt a better job could be done in limiting the families to 50 or under rather than in taking larger numbers.

Dean Taylor expresses his thanks to the physical education majors who assisted in taking care of the children during the week end and to Mr. and Mrs. Wright for preparing the meals which were really a highlight of the week end.

Exhibitors showed their goods to the general public Sunday afternoon when an estimated 100 people visited the park between 1130 and 1230. The Civilian Recreation Department was well pleased with the results of the week end.

GOOD LUCK SENIORS!

Nastalgia shall reign once again upon the grounds of Old HPC as our loyal seniors tip their academic caps in a farewell to their beloved Alma Mater and let us not forget that they have been there for four, or in some cases, five or six years, of academic conquest, but as they reflect upon the numerous hours of laughter and en- joyment, of failure and de- jection, and of success and satis- faction, a feeling of accom- plishment prevails—a strong sense of accomplishment that seems to make that great ef- fort worthwhile.

As our seniors proceed down the avenue to receive their diploma, be it known to those of us remaining that we shall strive toward that goal which you have so nobly attained. Let us join them in this final week end. Good Luck seniors!

On September 1 we would like to say "welcome back home" to the fraternities for their contribution. We extend our hearty congratulations to all the bandsmen and bandswomen and wish you all luck in the coming year under the new dorm.

GOOD LUCK SENIORS!

Nastalgia shall reign once again upon the grounds of Old HPC as our loyal seniors tip their academic caps in a farewell to their beloved Alma Mater and let us not forget that they have been there for four, or in some cases, five or six years, of academic conquest, but as they reflect upon the numerous hours of laughter and en- joyment, of failure and de- jection, and of success and satis- faction, a feeling of accom- plishment prevails—a strong sense of accomplishment that seems to make that great ef- fort worthwhile.

As our seniors proceed down the avenue to receive their diploma, be it known to those of us remaining that we shall strive toward that goal which you have so nobly attained. Let us join them in this final week end. Good Luck seniors!

On September 1 we would like to say "welcome back home" to the fraternities for their contribution. We extend our hearty congratulations to all the bandsmen and bandswomen and wish you all luck in the coming year under the new dorm.

First Annual Sports Awards Banquet Held

By Bernie Hatcher

The first annual athletic banquet was held on Monday, May 6, 1963 at 7:00 p.m. at Al Boling's Steak House. The banquet was sponsored by the Physical Education Majors Club, under the supervision of athletic director Dr. James T. Hamilton. Jerry Tertzagian, president of the Majors Club, served as master of ceremonies.

The purpose of the banquet was to gather together the coaches and athletes of High Point College for a formal banquet and the distribution of awards. All coaches, athletes, and physical education majors were in attendance.

After the invocation by Rev. Tom Buggs, Dr. Hamilton recognized the special guests in attendance. Dean Connors presented Danny Lawing with a special award based on scholarship and achievement in physical education. Following the enjoyable and inspiring speech by Mr. Carter Holbrook, the awards were presented to the athletes in this order: Basketball Awards — Tom Quinn; Baseball Awards — Chuck Hartman; Track Awards — Bobby Davidson; Golf Awards — Johnny Johnson; and Tennis Awards — Tom Quinn.

**SUMMER OPPORTUNITY**

This year College's Vacation Earnings Program offers College Students more prizes and awards than ever before in the history of the Company.

Students can earn in excess of $500.00 per week while working for prizes, trips, scholarships, and awards such as:

- All expense paid trip to Madrid, Spain
- Fifteen $1,000.00 Cash Scholarships
- Valuable Merchandise awards every week

Students accepted for summer will have an opportunity to work in their choice of location:

- Asheville, N. C.
- Raleigh, N. C.
- Myrtle Beach, S. C.
- Charlotte, N. C.
- Fayetteville, N. C.
- Greenville, S. C.
- Winston-Salem, N. C.
- Wilmington, N. C.
- Spartanburg, S. C.
- Durham, N. C.
- Greensboro, N. C.
- Columbia, S. C.
- Qualified previous Employees would have opportunity for Management. All who would be interested should fill in the next few lines and mail promptly in order to receive first consideration.

Since the Hi-Point was last published, High Point’s fine track team has been working on winning meet. About two weeks ago at this writing, the Panthers encountered a team from Pembroke State College. This meet was held under such trying conditions as a wet track, slippery take-offs, and, of course, a very rainy day itself. It was a lousy day for anything except staying indoors which was what this reporter did without trying to appear too disloyal to the High Point cause. Due to the long trip of the Indians, the meet was boycotted in good favor for the home team. The final score was 47-29.

On Saturday May 4, High Point trackmen journeyed to Wilson, North Carolina, to contest against the Bulldogs of Atlantic Christian College. In this second encounter with Bulldogs, our athletes showed them who was master by achieving a score of 51-30. The Panthers gained victories in first, second, and third places, and in nine third places in the 13 event meet. This was done without the services of a relay and a distance runner. Jack Wagner, Rich McGeary, and Steve Brower, however, were Nevins! Rich chipped in 10 points a piece for their districts.

Wagner added nine as high scorer for the meet.

High Point College track team has done very well this season under the watchful eye of coach Bobby David-

Rich McGeary, who is in his first year at the college as an instructor. The 9-1 record achieved by the Panthers was besmeared in the early season by Lemon Bay in a三角形 meet. For the second and final time this season, the Panthers will meet the L-R team at Greensboro on Saturday, May 11. They will be meeting many schools in Greensboro at this date since this will be the long awaited - The Carolinas Con-

History Caravan To Be Living, Learning Tour

Let’s go camping! This summer HPC students and other interested people will have an opportunity to enjoy an interesting camping tour and at the same time pick up some business credit in history. The first U. S. History Caravan will be held during the first session of Summer School this year. No, it will not all be play. There will be two and a half weeks of classroom work which will last three hours a day, five days a week. This, however, will not be any serious disadvantages to the program, for Dr. David W. Cole will teach the classroom work in his usual most interesting manner. Dr. Cole is noted among HPC history students for his interesting presentations of dull subject matter. The textbook, THE CIVIL WAR AND RECONSTRUCTION, was written by the late J. G. Randall, a prominent Lincoln historian, and was reviewed by a follower of Randell, David Donald. The classroom segment of the U. S. History Caravan shows all signs of being a most interesting and worthwhile course. The more inviting aspect of the class will be the tour of the actual sites of Civil War incidents. On Sunday, June 5, the group will begin its actual tour, which will include battle sites and historical places in and around Fort Monroe in Yorktown, Richmond, Fredericksburg, and Gettysburg. By so doing the group will be able to see and imagine the problems which faced McClellan in landing near Norfolk, and the circumstances under which many of the battles were fought. The tour will be of great interest to those living around Norfolk so that the problems McClellan faced will become more real.

Both Dr. Cole and Dr. Stuart C. Delaine will be on hand during the trip to provide information which will make the tour more meaningful to the class. In addition to these two professors, there will be prominent historians and Civil War experts who will lecture to the group and explain the intricacies of the war strategy. These men will include Dr. Chester D. Bradley, curator of the Fort Monroe Claesden Museum; Charles Hatch, historian at the Colonial National Park in Yorktown; and J. Ampler Johnston, who is president of the Civil War Centennial Committee.

The tour will be wound up by a story at Gettysburg for the Civil War Centennial celebration. This will include battle reconstructions, displays, etc., and will be highlighted by an address by President Kennedy.

After the tour, the group will resume the regular classroom schedule for a short period of discussion of the Reconstruction Period. The price for the course is rather moderate, being only $150 for a day student and $250 for a dorm student.

CAMPUS PROFILE

Pat Peele

Pat Peele, a senior who will receive a B.A. degree in religious education this May, is the daughter of Mr. and Mrs. Andrew Lee Peele of Kannapolis, North Carolina.

During her four years here, Pat has been active in many of the organizations on campus. She was vice president of her sophomore class, secretary of the student council, chief justice of the judiciary council, Head, secretary of Delta Delta Theta, a member of Alpha Delta Theta, and a fellow of the American and English honor societies.

Her pleasing personality and winning smile are among the characteristics which make her one of the Top Ten Seniors and a candidate for Who’s Who.

Pat has worked on the staff of the Hi-Point and has had many outstanding contributions for the newspaper.

On June 1, 1963, Pat Peele will become Mrs. Theron Farmer. Congratulations to Theron and our campus profile for this month.
