Celebrity Ball to perform at Homecoming

Edmonds and Curley -- comedy team

Audiences throughout the Southeast will agree that Celebrity Ball is one of the hardest working units on the road today. Every performance is presented with the accent on quality and showmanship. There is definitely a logical reason why this group continually presents shows to standing ovations. Unlike most contemporary groups, Celebrity Ball is not made up of one front man and some back up musicians. Over half of the members have the ability and talent to qualify as stars in their own right.

Today's sophisticated audiences are quick to appreciate this seldom found wealth of artistic talent. Effortlessly moving from rock to soul to blues or disco, Celebrity Ball has built an enthusiastic following on campuses and the better clubs. Proof of their lasting appeal lies in the countless repeat dates they play wherever they appear.

Celebrity Ball is a seven piece group consisting of:

- Bobby McCrary, vocals, saxophone, flute
- Jimmy McCrary, vocals, valve trombone
- Benny McCrary, vocals, alto saxophone
- Cary Shob, vocals, guitar
- Doug Duke, keyboard, background vocals
- Ernest Hike, drums
- Jimmy Gibbs, bass, background vocals

They will be playing for the "Homecoming Dance" this Friday, February 4, at 8:30 p.m., at the Holiday Inn Airport. Cost is $5.00 per couple & $3.00 stag.

continued on page 8

Homecoming nominees

High Point College will present Friday a Homecoming Court unmatched by the Miss American pageant. Girls will be representing everything from fraternities, classes and organizations to Mom's apple pie.

Inspite of only one girl being chosen Homecoming Queen and the others coming in second, no one will be a loser least of all the observers.

The seniors are represented by Jennifer Stone, a Human Relations major from Bassett, Virginia. Jennifer is Secretary of the Student Government, Junior Marshall and a usual member of the Dean's List. The other senior contestant is Mary Spaulding, an Elementary Education major from Potomac, Maryland and is Student Government Vice-President and a Who's Who in American Colleges.

The junior court consists of Susie Galup and Nanette Falls. Miss Galup is a P.E. major and is an intramurals Director, Miss Falls is a Theatre major and a major member of the Tower Players.

The sophomore class is represented by Nancy Lewis, a Human Relations major from Greensboro and Jill Beam also a Human Relations major from Rockville, Maryland.

The freshmen are represented by Nancy Lewis, a Human Relations major from Greensboro and Jill Beam also a Human Relations major from Rockville, Maryland.

Chapin, Edmonds, and Curley to appear in Sunday concert

Writer-performer Tom Chapin and the Comedy team of Edmonds & Curley will appear in concert next Sunday night (Feb. 6) at High Point College, Memorial Auditorium, at 7 p.m.

Advance tickets are available from Gerry's Record Shop, Marty's Record Shop, or through the College telephone switchboard. Tickets are $1.00 for H.P.C. students, $2 in advance and $3 at the door.

Chapin's career began during high school in Brooklyn when he played in a band known as The Chapin Brothers, which included Steve, Harry, and their father, Jim. Later, the brothers Tom and Steve formed The Chapins and were called by Rock Magazine one of the best bands of 1971.

Tom Chapin has also played and sung lead with Mt. Airy and since 1973, has pursued his solo career.

His credits include the score for "Blue Water, White Death," "The Sea People", "Up With People", and "Make a Wish."

The Comedy team of Edmonds and Curley has been seen on the Carson, Douglas, and Griffin TV shows. In concerts, they have performed as the opening acts for Dionne Warwick, B.B. King, John Denver, Harry Chapin, Don McLean and many others. They have made outstanding appearances in night clubs from Atlanta to New York to Los Angeles.

During the past five years they have appeared at over eight hundred college performances in forty states and Canada.
Changes for spring semester

by Arnold Hendrix

With this being the first of the spring semester, the Hi-Po would like to bid a hearty welcome to all students, faculty, and administrative personnel returning to campus.

Also, we would like to announce some of the changes for the upcoming issues. First of all, we plan to extend our use of pictures, and our coverage of sports. The sports pages will consist of men's sports, women's sports, intramurals, and administrative personnel.

While presenting students plan for what High Point College could be, again welcome back, grads!

Thoughts ...

by Brent Johnson

The following are just a few thoughts that have come to me over the past few years. Some of them you may agree with, while others you may not like at all. Read them if you will and see what you think.

---

--All the world lives in a dream.

--He who loves, cannot, in the end, fail as one who never loved.

--Freedom is better defined... hope.

--Men go to war in search of glory, strange, for there is more glory in peace.

--To say something in which you don't believe, need not be said at all.

--When you get older they call you eccentric, what they mean is selfish.

--A joke is a joke only as long as the fun is not directed at the expense of others. This becomes the test between morality, "I'm not so immoral."" Love... something, nothing, and everything.

--American justice is like giving a choice of apples or oranges to a dieing man, only to learn he can't eat fruit.

--American Bicentennial... much ado about nothing.

---

---Men who move mountains, start with a shovel.

---The world is one thing, learning wisdom is quite something else.

---Pessimism is realism.

---Bury your heart in romance only if you can accept the loss of it.

---The teacher speaks not a word, the class is involved in thought. How silent is learning wisdom to those who know.

---I need a literature class that doesn't conflict with skiing.

---Live in a changing world

by Malon Baucom

Change...it's constant. We live in a changing world. Scientific information is almost doubling every seven years. Our lives are characterized by change; and, for some of us, there have been some drastic changes. A loved one has died, a boyfriend has been lost, a friendship has begun, and a new President has been elected.

The weather changes day after day; and, our surroundings have changed. The dead of winter has changed the dry autumn leaves. We await eagerly the dawn of spring; for, spring brings new life. Life is a continual change from the old to the new.

As General Douglas McArthur says: "Life is a lively process of becoming. If you haven't added to your interest during the past year: if you are thinking the same thoughts, relating the same personal experiences, having the same predictable reactions -- rigor mortis of the personality has set in."

Carlyle, in his Essays, says: "Today is not yesterday: we ourselves change; how can our works and thoughts, if they are always to be the finest, continue always the same?"

Karl Marx's dictum of Communism states: "The philosophers have only interpreted the world in various ways; the point however is to change it. Most people agree that the world needs changing, but how?" Social theorists tell us we must begin with the structures of society and work for change. One bad effect of always applying this theory, was that we took prayer and God out of the public schools and caused our entire educational process to flounder. As long as we honored God, as long as we upheld the fact that God matters, that morality means something -- it seemed to have a wholesome effect. As former Ambassador George Kennan says: "The decisive threat of evil...is not in social and political institutions...but simply in the weakness and imperfection of the human soul itself."

We have seen in our lifetime that this is true concerning our institutions of government and the leaders we have elected. The word "Watergate" pictures better memories of the imperfection of a human leader; and, the aftermath of this memory pictures our system of government at work.

Jesus saw the weakness and imperfection of the human soul; but He also saw its potential.

A new year is upon us. The question is: "A NEW LEAF OR A NEW LIFE?" Most people resolve to turn over a new leaf in their book of life; but leaves fade with the passing of time. Jesus came to give a new life that is abundant and eternal. Things have changed, but God says in the Bible that He doesn't change. He offers His love; "for God so loved the world that He gave His only Son; that whosoever believes in Him should not perish, but have eternal life."

The message of Christianity is that God loves you and sent His Son into the world for you. You may want the gift of God's love and follow the Giver.
Dr. DeLeeuw selected to teach at convention

Dr. William L. DeLeeuw, assistant professor of English at High Point College, has been selected to participate in the program for the twenty-second Convention of the International Reading Association at Miami Beach, Florida, in the spring (May 2-6, 1977).

The professional association is concerned largely with the teaching of reading skills at all age levels. DeLeeuw's one hour presentation will center on the teaching of reading and study techniques in math, social studies, and science.

Dr. DeLeeuw selected to teach at convention

His discussion will cover the reading skills teachers should engender in their students, how teachers may diagnose reading problems, and how to make games and materials from the classroom texts in order to individualize reading instruction for all ability and interest levels.

The International Reading Association is recognized worldwide as the authority in current trends in reading techniques and materials.

For the past two summers, DeLeeuw has taught an intensive four-week program for college-bound high school students and others who need to improve their reading ability. He has utilized reading kits, cassette tapes, SRA and EDL reading programs, and a variety of testing materials.

His experience is the program plus in-service workshops he conducted for Guilford county elementary school teachers led to his topic for the Association.

DeLeeuw came to High Point College in 1972 after earning degrees from Berry College (1964) and Auburn University (1972). He was a teaching instructor at Auburn University prior to receiving his Ph.D. degree. He has also done extensive work in medical literature and linguistics.

Science department gets new apparatus and items

A NEW ERA BEGAN IN the physical sciences during the Christmas holiday when the College received a trackload of equipment and apparatus from the R.J. Reynolds Tobacco Company.

A Varian A-60A Nucleus Magnetic Resonance Spectrometer (NMR), a Beckman Model DK Direct Transmittance Recording Spectrometer, a portable freeze-dry apparatus and several other items will make the chemistry program equal in equipment to what a student would normally expect to find only in a much larger university.

Dr. E. Roy Epperson, chairman of the Department of Physical Science, said the NMR would be "ideal" for quality education. Students will now have "hands-on" experience to support classroom theory, he said. Major chemical industries equip their labs with an NMR. Epperson said, and having the equipment at the College means our students will be fully acquainted with the apparatus when they go into a commercial lab or graduate school lab.

Before the gifts arrived, Dr. Epperson said, students at High Point College could only be told that such equipment existed. They were taught how an NMR works and how it was to be operated. Now, they will be able to use the NMR in both teaching and research projects. One of the first projects will be undertaken by Dave Friday, senior chemistry major from High Point, with Dr. Gray Bowman as advisor.

The NMR is used to determine the structure of organic compounds. A small amount of the compound under study is placed in the magnetic field; the resonating produce a spectrum which the operator interprets to determine the structure of the compound. From this information, the chemical structure cannot be performed manually. The analysis could be computed and deduced but not demonstrated. The device came into widespread use a little more than a decade ago but has now filled such a need in modern laboratories that a chemist "wouldn't know what to do without it," according to Epperson.

The Beckman Model DK Direct Transmittance Recording Spectrometer also relates to structure analysis of chemical compounds; it measures absorption in the visible ultra-violet region.

The College is extremely grateful to the R.J. Reynolds Tobacco Company for the gifts. The additions have made the chemistry program far more advanced in its capabilities than undergraduates would ordinarily expect to find on the campus of a liberal arts college the size of High Point College.

Science department gets new apparatus and items

High Point College students, staff, and faculty will see how long they can dance, starting February 18 at 5 p.m. in Harrison Hall in a marathon to benefit the Epilepsy Foundation of America.

Music will be furnished until midnight on Saturday by the Gran Falocon, local music group, and by Gerry's Record Shop.

Sponsors will be accepted with contributions aiding the Foundation's public educational program and for providing low-cost drugs, job placement assistance, and other services to families with a victim of epilepsy.

The marathon is open to any member of the student, body, staff, or faculty. Couples who sign up by February 10 in the Campus will receive official sponsor sheets and will request sponsors to promise at least ten cents an hour for as long as the couple can dance. Registration for participating couples is $1.00 in advance.

The public will be requested to phone in pledges while the marathon is in progress.

A local chapter of the national Epilepsy Foundation is being organized in High Point. Among the leaders of the organization are Mrs. Nora Griffin, project director, and Mrs. Mary Stephens, chief. Mrs. Stephens is a technician at High Point Memorial Hospital.

Merriam receives approval to Republican committee

The production is cultural credit and cost is $1.50/students, $2.50/adults.

Scopes trial to be reenacted

For those students who were interviewed by WXII's Camera Twelve yesterday, the show was taped for later playback. Interviews will be aired on Saturday at 6 p.m., at 11 p.m., on Monday and Tuesday on channel 12 starting at 6 a.m., and on a mid-morning show on Monday and Tuesday beginning at 9 a.m.

Dave Plyler of Channel 12 said that students would be put on the air and they should be "prepared to tell us what's on their minds."

Merriam serves as chairman of the High Point College Republican club, and was youth chairman for the President Ford Committee during the 1976 elections. He is a resident of South Miami, Florida.

The campaign committee will be involved in encouraging qualified candidates to seek office in the 1977 municipal elections and the 1978 general elections. The committee will also assist the lobbying efforts of the Federation in the current session of the North Carolina General Assembly.
Red Heads defeat men faculty

Only their hairdresser knows for sure. But it’s hard to believe there are so many talented red headed females in this country. Actually it all started as prank. When “Ole” Olson, the originator and exponent of back hand passing, organized the team in 1936, there were only two natural red heads. Ole’s wife ran a chain of beauty shops in the Ozark area of Missouri. Once the team had decided they needed a more striking appearance it was a simple matter to arrange for the rest of the team to join the original two red heads.

In the forty years the players have changed, but the prank continued to become a legend. Since 1950, playing in the U.S., Canada, Mexico and the Philippines, the women have consistently scored winning seasons against men under men’s rules. The players, all of whom are in their early twenties, are playing to win. The Harlem Globe Trotters have a team that travels with them and so they play the same team each time, knowing they will win. By contrast the All American Red Heads play a different team each game never knowing how good their competition will be. Therefore the fancy moves are second, and winning the game is paramount, according to one of the players.

The Red Heads come from a variety of backgrounds, some straight from high school basketball, others from college teams. All have one thing in common, none are married, so there is no problem with being left in the living room by home or taking kids on the road with them. Some have been National AAU Stars of All America, it is because of them that the team name was changed from the Missouri Red Heads to the All American Red Heads.

Against all these odds, the men’s faculty team bit the dust of defeat and the Red Heads took their legacy to yet another town.

Panthers gain winning record

by Randy Ledbetter

High Point used a hot shooting second half to defeat the visiting Campbell College Camels 64-60. Ray Coble’s 17 points topped the Panther attack which shot at an amazing 76 percent from the floor in the second half. John O’Brien, Pearlee Shaw and Dennis West balanced the Panther offense with 10 points apiece. The Panther’s manager to build a seven point lead once in each half. Both were erased. High Point’s Ray Coble scored with 2:30 remaining in the game to put the Panthers ahead for good. Campbell, who was led by Sam Stagg’s 18 pts., are now 13-4 on the season. The Panthers are now 10-9 overall.

The Panther’s victory over Campbell upped their season record to above .500 for the first time since December. The Panthers’ five game skid of losses, which started in late November, finally ended during the holidays. The Panther win in the opening round of the Gardener-Webb Tournament started the team on a mild up swing. During Christmas and January the Panthers have won 6 of 10 games.

Current CC standings are:

Nationally ranked Gardner-Webb handed the Panthers two of their four losses up in Boiling Springs. Conference leading Guilford dealt the Panthers their only conference loss during January by defeating us on our home court. Important Conference wins came in Alumni Gym over Elon and Catawba upping our conference record to 2-3. Important conference clash this week are featured on our conference record to 2-3. Important conference clash this week are featured on our conference record to 2-3. Important conference clash this week are featured on our conference record to 2-3.

Lady Panthers are undefeated

The Lady Panthers are off to a strong start this season. So far they are undefeated in games including winning the First Carolina Christmas Classic in Chapel Hill.

In the Carolina Christmas Classic, the Panthers defeated Western Carolina 92-63, Appalachian State 95-71 and UNC-CH 74-72 to win the championships. Leading the way for High Point were all tournament selections Wanda Wilson and Germaine McAuley. Wanda scored 47 points and pulled down 26 rebounds in the three games and Germaine came off the bench to score 18 points in the championship game against Carolina.

The Lady Panthers have not had very much trouble with any of their opponents thus far, with the exception of Carolina. The regular starters this season have been Wanda Wilson, Dawn Alfreed, Gracie Simmons, Ethel White and Robyn Cooper. Coach Alley has made it a policy to play nearly everyone in every game and has gotten excellent results from her bench.

In games up to date, the Panthers have beaten Elon twice 86-37 and 95-56, Atlantic Christian 103-53, Appalachian State 94-60, Shaw University 85-54, and UNCG 85-54. It looks like a good year is ahead for the Lady Panthers.

Hartman is coach of the year

Chuck Hartman, the highly successful baseball coach at High Point College, has been named Area VII Baseball Coach of the Year by the NAIA. Hartman received the award in Miami Jan. 4 at the annual convention of the National Association of College Baseball Coaches. He is one of eight area winners from which the NAIA Coach of the Year will be selected.

The High Point College baseball program has been in the capable hands of Chuck Hartman since 1960. He has turned a struggling program into a national power, having won over 30 games a year for the past seven seasons. This record is capped by his best year, 1975, when the Panthers were 42-6 and rated 9th in the national polls.

Since Hartman took over the reins, High Point has won eight conference championships, four District 26 titles, two Area VII banners and competed in the NAIA national tournament on two occasions. His last five teams have been ranked nationally, the highest being 5th in 1972 and 1974. His 1975 team was ranked second in the nation for most of the season.

Prior to this Hartman had won numerous other Coach of the Year honors, his highest being selected the North Carolina Coach of the Year by the professional baseball organizations in 1972.
**HPC selected as site for women's tourney**

High Point College has been selected as the site of the 1977 NCAA women's basketball tournaments for Division II teams in North Carolina. Ms. Jennifer Alley, head basketball coach at High Point and Tournament Director, made the announcement Sunday.

The dates for the tournament have been set for February 23, 24, 25, and 26 in High Point's Alumni Gym. There are twelve teams eligible to participate in the tournament, making it the largest of North Carolina's four Divisional tournaments. The schools are equally divided into three districts. The Eastern District is composed of Duke, Shaw, North Carolina Central and Campbell; the Central District is High Point, Elon, Pfeiffer and Wake Forest; and the Western District has Catawba, Davidson, Mars Hill and Western Carolina.

The basic format for the tournament has not been set as yet. There is still some uncertainty as to how many of the teams will compete in the tournament. Once that is determined, starting times of the games and the pairings will be announced.

Ms. Alley commented, "We're certainly excited about having the tournament at High Point this year. We're looking forward to having a great turnout of people who will see some of the best women's basketball from around the state. I know we are going to put every effort into having as good a tournament as possible."

The winner of the Division II state tournament will go to the Regional tournament which is scheduled to be held at Francis Marion, S.C. the second week in March.

Coach Alley's Panthers are the defending champions of the tournament and finished third in the regionals last year, compiling a 24-1 record.

---

**Men who score B-ball championships decided**

The men's 1976-77 Intramural Basketball season was highly successful both in player and spectator participation. This year 23 teams signed up to play. The teams were split into two leagues: A and B.

In the A league, the top eight teams were: Oreos, Brothers, GHG-A, GHG-B, Squirts, Theta Chi-A, Zax, Delta Sigma-A. In the first round, the Oreos defeated Delta Sig-A, Brothers over Zaxs, GHG-A over Theta Chi-A, and GHG-B defeated Squirts. In the second round the Oreos defeated GHG-B and the Brothers defeated GHG-A. The finals show the Oreos as champions winning over the Brothers. The Oreos kept their first place position throughout the entire season. The surprising factor in the A league competition was that the top teams in the last few rounds were all GDI teams.

In the B league, four teams competed. Unlike the A league competition, the B team did not play for points. The Hackers, Bombers, AAA and Tennis Elbows competed. The results showed the Tennis Elbows defeating the Hackers, and the Bombers defeating AAA. The finals ended with the Tennis Elbows winning over the Bombers. Notice should be given to the Tennis Elbows for rising from their fourth place position to champions.

Mike Ludvigson would like to give special thanks to all of his officials. Eleven men officiated twenty games each. Also congratulations to the winners and a thank you to all participants. A very special thank you goes to Dr. Murphy Osborne and the maintenance department for renovating Harrison Hall before the Intramural games began.

Intramural Bowling has started. Keep your ears open for the swimming intramurals.
High Point College has instituted new majors in communications, music, and general music education. Dr. Wendell M. Patton, president of the liberal arts college, made the announcement following a recent faculty meeting.

Dr. Patton said the new programs were initiated to meet the changing needs of students as they look forward to after-college employment and to expand the curriculum of the liberal arts college, view of a prospective career.

The basic music major centers on the performing ability of the student in applied music while the music education major looks toward a career in teaching.

Dr. James Elson, chairman of the fine arts department, will be the advisor for students entering the music programs.

### Major Requirements

**ENGLISH**
- Literature -- English, World, American Shakespeare, literary criticism, Southern American, Modern fiction, etc.
- English Language studies (316) or advanced grammar and composition
- Editorial and advertising journalism (342-343)
- TV and radio communications (340)

**FINE ARTS**
- Principles of design (Fine Arts 105) or Graphic Design (203) or Drawing and Painting (206)
- Introduction to Theatre (Theatre 101)
- Stagecraft (Theatre 106)
- Directing (Theatre 302)
- Interpersonal Communications (Speech 203)

**SCIP**
- Student Career Intern Program (English 417)

### Required Supporting Courses

From Macroeconomics (Economics 207); Microeconomics (208); Written Communications (Bus. Ad. 351); Principles of Accounting (B. Ad. 201); Personnel Management (B. Ad. 324)

From General Sociology (201); Social Problems (204); or Introduction to General Psychology (102)

From World Civilization (Hist. 101, 102) or Government (Political Science 201, 202)

### REQUIRED SUPPORTING COURSES

From Macroeconomics (Economics 207); Microeconomics (208); Written Communications (Bus. Ad. 351); Principles of Accounting (B. Ad. 201); Personnel Management (B. Ad. 324)

From General Sociology (201); Social Problems (204); or Introduction to General Psychology (102)

From World Civilization (Hist. 101, 102) or Government (Political Science 201, 202)

Remaining hours required for graduation are electives. For more information, contact Dr. William L. Deloeuw or Mr. David Christovich High Point College High Point, N.C. 27262

Voice and Diction (Speech 204)

### Alumni will gather during Homecoming

High Point College alumni are expecting to gather on the campus Saturday for the annual reunion of classmates and former students, and a full day of activities.

Events for the day include a memorial service for alumni, class reunions, a religious symposium, and the homecoming banquet to be followed by a basketball contest with the crowning of the homecoming queen.

Selection of the homecoming queen will be completed this week by students of the College. Nearly two dozen young women were nominated by classes and organizations for the honor. The winner will not know of her selection until halftime of the basketball game in Alumni Gym.

Alumni who want to get an early start on the weekend may attend a dance at the Airport Holiday Inn on Friday evening at 8:30 p.m. Tickets will be sold at the door.

The executive committee of the Alumni Association will begin Saturday's schedule with a breakfast meeting in the private dining room, Holt McPherson Campus Center. At 9:30 a.m. Lyles Kearns is president of the Association. Registration for alumni will begin at 11:30 a.m. in the Campus Center Lobby and continue through the day. Tickets to the Lenor-Rhyme -- High Point College basketball game will be available.

### Courses offered

Gulford Technical Institute will be offering Adult Enrichment classes on the HPC campus beginning February 6, 1977. Contingent upon a minimum of fifteen registrations, the classes will meet for six consecutive weeks from 6:30 until 9:30 p.m. one night per week for a total of 18 hours. The registration fee will be $35.00 per course, payable upon registration.

There will be classes in business, radio, photography fundamentals, knitting & crochet, macrame, cake decoration, house plants and patchwork quilts.

Registration will be in the Student Activities Office on the second floor of the campus center. Deadline for registration will be February 4, 1977.

### Courses offered

Gulford Technical Institute will be offering Adult Enrichment classes on the HPC campus beginning February 6, 1977. Contingent upon a minimum of fifteen registrations, the classes will meet for six consecutive weeks from 6:30 until 9:30 p.m. one night per week for a total of 18 hours. The registration fee will be $35.00 per course, payable upon registration.

There will be classes in business, radio, photography fundamentals, knitting & crochet, macrame, cake decoration, house plants and patchwork quilts.

Registration will be in the Student Activities Office on the second floor of the campus center. Deadline for registration will be February 4, 1977.
Drama preview

Cast of forty to begin play production tonight

by Bethe Latta

In 1925, a man named Scopes talked of Darwin's theory of evolution to his high school histology class. A few days later, he was arrested and the now-famous "Scopes Monkey Trials" took place in Dayton, Tennessee. The well-known William Jennings Bryan, three-time candidate for the presidency was lawyer for the prosecution, with Clarence Darrow defending Scopes.

Fifty-two years later, the High Point College Tower Players present "Inherit The Wind"; a play written by Jerome Laurence and Robert E. Lee. The play was written from the events surrounding the original trial. Senior Rick Hines plays Matthew Harrison Brady, prosecutor, with alumnus John Adams portraying the notorious defense lawyer Henry Drummond.

The courtroom of "Heavenly Hillsboro," where the play trial takes place, turns into a war field. The question must be asked, what exactly is on trial? Darwin vs. the Bible or Brady vs. Drummond? Drummond, in a final desperate attempt to savage his case and his client's future, calls Brady to the stand as an expert on the Bible. Drummond's crafty questioning serves as a chisel on Brady's composure, leaving him a confused and broken man.

Mr. A. Lynn Lockrow, director of "Inherit The Wind" is working with a cast of approximately forty; three-fourths of whom are court-room and townspeople extras. The main worry and focus of attention connected with the play in the past few weeks has been finding a live monkey to appear in opening scenes. One has been finally located in Winston-Salem along with his master who will portray an organ grinder. Lockrow says, "I am in hopes for a good solid production that will offer a fulfilling evening of theatre to all members of the audience. I think the messages the show has to offer will provide some good, creditable food for thought."

Assistant director and stage manager Karen Adams comments, "For a cast of this size, there is a great unity. We have quite a variety of people including students, alumni, townspeople, and faculty members, and it's surprising how close we've all become."

The play will be held in the Memorial Auditorium on February 9 thru the 12, at 8:00 each evening. Cost is $1.00 for students, $2.00 for adults. The play is a cultural credit.

1977 Homecoming Queen, Jennifer Stone, after coronation

Miss Jennifer Stone has been crowned the new 1977 Homecoming Queen. She was sponsored by the Sr. Class and escorted by her brother Gregge.

The senior Human Relations major from Bassett, Va., said she was overjoyed, thrilled, and surprised, this past Saturday night as she was crowned 1977 Homecoming Queen.

Many honors have been bestowed upon this young lady in the last few weeks. She was recently invited into the Order of the Light of the Lamp, is editor of the American Humanities "yearbook" the Toech, and a member of Kappa Delta Pi fraternity.

Our queen plans to go on to grad school at Wake Forest University, and become a counselor on the college level or a Y.M.C.A.

The Homecoming Court consisted of Miss Stone, Cindy Gates, 1st runner-up, and Martha Campbell, 2nd runner-up. The Hi-Po sincerely congratulates these young ladies and looks forward to their reign.

Synthesis meeting is today; Fares do or die situation

by Brent Johnson

The Writers Club has for the last few years published the school's only literary magazine, the Synthesis. First semester saw the club grow in membership, but only about the year before a small bit. By the time exams rolled around, all of the work load fell on one or two people. It was decided at a meeting last Wednesday, that this was not fair, and a vote should be taken to see if there was enough interest to keep the organization going. This is an appeal to the students of High Point College: if you want a Synthesis or a Writers' Club, then it is time to make your voice heard. The purpose of the club has been to help its members grow as writers in what ever their field, be it poetry, prose, or other forms of writing. All this in addition to publishing the Synthesis. If the students here are willing to save this magazine, then they must be able to put out something they can be proud of. In the past the issues have been good, but as in anything improvements could be made. The Writers' Club needs proof-readers, typists and anyone who has a desire to write. There will be a meeting this afternoon at two o'clock, for those who care enough to give some of their time and effort to save this worthwhile organization. It will be held in the publications room of the Student Center. The Writers' Club urges those who can help to come. Help it to be a great meeting instead of the last one.
Authoritative campus

With the return of alumni to this campus, memories of the "old day" were recalled when today's alumni were students. As these alumni trudged in their old footsteps, and relived memories, conversations ranged from the building additions to memories of a cute little cheerleader who unknowingly acquired a large audience as she met her boyfriend each week in a certain parking space - behind Beth dormitory.

However, echoing the probably exaggerated tales and reflecting on changes made, one finds except for the building additions there has been very few changes made. The fact is that this college is under a very conservative authoritative system which is good for the college budget but not for student liberty.

Under an authoritative system there are a lot of rules and regulations as far as students are concerned. Oh yes, student participation in organizations and clubs are encouraged, but rarely can students take any initiative unless there is prior approval from some committee and final approval from the college president. Maybe students are too apathetic to shake the administrative personnel in authority. There is a student government association and a student publication which provide outlets for personel in authority. There is a student government but we can try to change such things as interim course changes proposed. All that needs to be considered is the validity of the changes made. If there is an area in which changes need to be made, then valid changes need to be made, and students should have a voice in them.

by Brent Johnson

Ever since the article on goody-goody's, I have been approached by people wanting to know just what a goody-goody was. It was apparent that they did not define it well enough. Therefore, after much thought I came to a few more conclusions on the subject.

The best one word definition of goody-goody is hypocrisy. Most people, I believe are hypocrites about one thing or another, these are hypocrites born-again in the area of religion. Not so much because they live by their "religion", but more so because they don't live by Christianity. Even more hard to live with is their expression of what they think is Christian. If a man is willing to live the Christian life, he does not go out of his way to force others into living it also. Christ took the message to those who would hear it, not forcing anyone to follow Him. Thus, His religion was a personal thing, not a group endeavor. What some of these people do with their "I found it" campaigns and "Jesus Saves" crusades is to degrade and lower something personal into a mass produc- ed, dehumanized, shell of what could be religion. Johann Wolfgang von Goethe said, "There is nothing more frightful than ignorance in action." That is what we have here. All humans are people not all people are human. All humans make mistakes, self-righteousness is one of them. There are those who say I should overlook these "religious folk" because they make mistakes, I don't, because they are human. Soren Kiekegourd said, "In an impermissible and unlawful way people have become knowing about Christ, the only permissible way is to be believing". There are people here who believe without reading, act without knowledge, and worship or praise something that has never been written or said by the one they call God. Those who use the Living Bible are not the only offenders of this rule. George Bernard Shaw remarked, that "No sooner had Jesus knocked over the dragon of superstition than Paul boldly set it on it's legs again, in the name of Jesus." The writings of Paul are often quoted by this group so we might say that he was the first goody-goody. But they span the ages. Thomas Jefferson once wrote, "The religion builders have so distorted and deformed the doctrines of Jesus, so muffling them in mysteries, fancies, and falsehoods. One might then remark, come to me and say that you have "found it" and nothing proves more that you have lost it forever. A final argument against the goody-goody's, in an effort to define them, is their attitude. You see their friendliness only as long as they don't know your religious feelings. If your ideas are unique, different, individualistic, or human, your relationship with them will no doubt be stormy. Religion is an individual thing that you can share with others, but there is just one way. "Seek and ye shall find." Sure these people are human and I believe they have made a mistake. They will call this a judgement on them. These arguments don't apply to any group as a whole, but some are found in all goody-goody's. Others may see this for what it is, an expression of what they are. You can blame the church only so much, then you have to let it rest with these people who accept it as it is. Perhaps the greatest American writer once remarked, "If Christ were here now, there is one thing he would not be - a Christian." Mark Twain was no fool.

Entertainment at its finest with music by Granfalloon. Celebrity educators appearing as panel judges. A must for all organizations. See next weeks issue for details. Sponsored by the Theta Chi Fraternity.

There will be an introductory meeting of all students interested in the Communications major on Wednesday, February 16, at 11:15 in the Writing Lab, Cooke Hall 22.

Two students were cited by a state beverage agent outside of the Jamestown ABC store. One student who was under age, charged with possession of liquor, the other with buying the alcohol for a person under the legal age. The two were spotted by an agent across the street from the store who watched them with binoculars. Therefore, it is warned. If you ask another person to make a purchase for you give them the money before you leave here and do not pass the bottle between you until you are safely back at good of HPC.

Weekly ugly: Do you recognize this?
Life with a capital L

An old story told again

By Malan Bacoan

No one said it better than Harry Emerson Fosdick: "Vital religion is like good music. It needs no defense, only rendition. A wrangling controversy in support of religion is as if the members of the orchestra should beat the folks over the head with their violins to prove that the music is beautiful." This writer hopes that anyone reading this column may realize that it is not my intent to pressure you into believing as I do. Rather, my intent is to present the message of Christianity in such a way that it is relevant to our day to day lives and our day to day thinking. Thus, I promise not to beat anyone over the head to prove the wonderful message of truth that Christianity has to offer for us in the twentieth century.

Our generation is characterized, like other generations before us, by its search for truth. Socrates said to "Know thyself" in discovering of truth. Pontius Pilate asked Jesus Christ, "'What is truth?'" Jesus himself claimed to be "the way, the Truth, and the Life." Not only is our generation characterized by its search for truth, it also seems to demand proof for any truth. A scientist was once confronted with an exclamation of one of his students: "If you could only put God into a test tube and analyze His being just as we do unknowns in the chemistry lab, then maybe I could have faith in God's existence. "How many times has not the searching mind of man extended a similar challenge? "If God truly exists, and if He can be known in a real and personal way, prove it to me scientifically, and then perhaps I can believe." Science can investigate and discover the possible answers as to the what, when, where, who, and how of life; but scientists tell us that there are limitations in the scientific method. The "why" of life is not answered. Why are we alive? What is the meaning and purpose of our existence? Who am I? Where did I come from? Where am I going?

Dr. Wernher von Braun, the guiding spirit in the development of our great space rockets, has said, "The materialists of the sixteenth century and the Marxist heirs of the twentieth tried to tell us that as science yields more knowledge about the creation, it makes us able to live without faith in a Creator. Yet so far, with every new answer we have discovered new questions. The better we understand the intricacies of the atomic structure, the nature of life and the master plan for the galaxies, the more reason we have found to marvel at the wonder of God's creation. But our need for God is not based on awe alone. Man needs faith just as he needs food, water, and air. With all the science in the world, we need faith in God. "The Bible says: "Now faith is the assurance of things hoped for, the conviction of things not seen. For by it the worlds were prepared by the word of God, so that what is seen was not made out of things which are visible. And without faith it is impossible to please God: for whoever comes to God must believe that He exists, and that He is a rewarder of those who seek Him." in his book The Magnificent Defeat. Fred Buechner comments: "We all want to be certain, we all want proof, but the kind of proof we tend to want -- scientifically or philosophically demonstrable proof that would silence all doubts once and for all -- would not in the long run, answer the fearful depths of our need at all. For what we need to know is not just that God exists, but that God is right here in the thick of our day to day lives. It is not objective proof of God's existence that we want but, continued on page 4.

Men's basketball team split games

Lenoir Rhyne spoiled High Point's homecoming by handing the Panthers their tenth loss of the season. The Bears held on to win 82-79 Saturday. Over 3,000 fans went home disappointed as they watched their Panthers come from behind only to lose in the final seconds. Panther hopes were riding high when center John O'Brien scored to give HPC the lead 79-76 with 2:47 left on the clock. A Panther rebound after a missed Bear shot seemed to give the Panthers the game. But a bad pass gave the Bears another chance to regain the lead which they did on Rocky Copla's lay up. The Panthers had an opportunity to retake the lead but failed to convert from the free throw line. The Panthers last chance for victory came and went in the last seconds of the game. With only a one point lead, Lenoir Rhyne missed two free throws but was able to regain the ball on the rebound. Rocky Costa was fouled and sank both free throws for the Bears with only 4 seconds left giving the Bears a three point win. Costa led all scorers with 26 points. The Panthers were led by Dennis West with 20 points and Danny Anderson and Joey Yow chipped in 14 and 13 points respectively. West was the main reason High Point was able to recover from the Bears big first half lead since the usually potent front court tandem of Coble, Shaw and O'Brien were held to a combined total of 20 points.

Earlier in the week High Point tounced conference for Atlantic Christian 78-59. This evened our conference record to 3-3. The Panthers, led by Danny Anderson's 20 points, led all throughout the contest. ACC, down by 12 at halftime closed the margin to six during the second half but the Panthers surged up to a 25 point advantage. Ray Coble and John O'Brien followed Anderson in scoring with 18 and 16 respectively. Randy Hammel led ACC with 13 points.

This week the Panthers face three conference foes in important contests. The Panthers visit Pfeiffer (11-6) and second in the conference standings) Monday. A visit to Atlantic Christian comes Wednesday with a possibly important visit to conference leading Catawba on Saturday. Other important conference games are Pfeiffer at Catawba Wednesday and Elon at Pfeiffer. High Point could move to the top of the conference with a perfect week (3-0).

Randy Ledbetter continued from page 3

whether we use religious language for it or not, the experience of God's presence. That is the miracle that we are really after and also the miracle we really get. "It is impossible to analyze the love of God or determine the validity of the Christian faith in a test tube; but why not discover for yourself by reading the Bible and learning of God and His love for you? In your search for truth, why not listen to One who claimed to be the Truth?"

Fifteen students selected in Order of the Lighted Lamp

Fifteen students have just recently been selected to the Order of the Lighted Lamp. This society, founded in 1935, is a scholastic honorary organization.

Seniors selected include: Colleen Brennan, Martha Campbell, Steven Feinberg, Sharon Glover, Karen Roelseh, Wayne Kreeger, Michael Ludwigson, Daniel O'Toole, Jennifer Stone, Paul Walters, Marilyn Wilson, and Victoria Young. The three juniors elected include Judy Ash, Edward Grandpre and James VanHorn.

Qualifications for membership are a 1.75 average over five consecutive semesters preceding election, proven leadership, service to the college, and excellence of character. Candidates for membership of the society are nominated by an unanimous vote of the society who are in residence at the college. The faculty then selects members from these nominees.

Present members of the society in residence at the colleges include Hal Hughes, Barbara Rankin, and Carol Paulding.

Pipe organ moved to chapel

15 students selected in Order of the Lighted Lamp

Fifteen students have just recently been selected to the Order of the Lighted Lamp. This society, founded in 1935, is a scholastic honorary organization.

Present members of the society in residence at the colleges include Hal Hughes, Barbara Rankin, and Carol Paulding.

Junior Marshalls are announced

Junior Marshalls for the 1976-77 year have been announced. They are: Gary Alan Deal (co-chief), Sybil Ray Richardson (co-chief), Kathy Elizabeth Avery, Cynthia Bellinger Carroll, Barbara Jean Bolton, Louis Bruce McGraw, Myra Von Faulkemberry, Pamela Ann Paveo, Gerald Andrew Plots, Andrew Michael Wubbernhorst, Jill Walker Dorsett, Janet Susan Hinkle, Lucretia Jane Penny, David Robert Hatt, Vivian Lynn Massie, Patricia Suzanne Niven, and Patricia Ann Rusenko.

Mr. Holt, registrar, said that the only requirement used in selecting the Junior Marshalls is that each student must have completed 57 hours of classes by the end of their sophomore year. Therefore, many students in their third year at HPC with a 2.7 or 2.6 average were not selected because they did not have the 57 hours needed to be classified as a junior by the end of their sophomore year.

Through the efforts of Dr. James Elson and Rev. Bob Lowdermilk, Hayworth Chapel recently obtained a pipe organ.

The organ, prior to being moved to the chapel, was kept in the basement of the Music Building. Music dept. head Elson, upon learning that Lowdermilk wished to have an organ for the chapel, informed Lowdermilk of the pipe organ.

After inspecting the organ, the men learned that the organ had not been used for the past few years. The reason cited was that someone noticed smoke coming from the organ three or four years ago and unplugged it, fearing that a fire would start otherwise. Upon examination by an organ professor from Greensboro College, it was found that the organ could be repaired for a nominal cost. The benefits the organ would provide outweighed the repair costs, according to Lowdermilk.

Repairing and moving the organ took place over Christmas Break. The organ was disassembled, and all the pieces were cleaned. Any faulty materials were replaced. No major repairs were needed, thus it is still not known where the smoke was coming from. Lowdermilk stated. However, the blowers may have been dirty, or there was an electical short which may have caused the smoke, he added.

Estimated to be twenty years old, the organ was manufactured by the Moller Organ Company. Although the organ originally cost between $2,000 and $3,000, a comparable model today would range from $12,000 to $15,000.

In addition to being used for Sunday Chapel services, the organ will be used by music students for practice, and for weddings and small recitals, Lowdermilk concluded.

Common calendar kills interim

After a series of conferences with President Patton and Dean Cole, the Hi-Po learned that there will only be one more year of interim. Starting with the 1978-79 academic year, High Point College will be on a common calendar with three other Methodist Colleges - Greensboro, Brevard, and Pfeiffer.

Both President Patton and Dean Cole said that the move to a common calendar was a result of the Western Conference of the United Methodist Church mandating that the four Methodist funded colleges go to a standard schedule whereby there could be an interchange of courses. In other words, using a hypothetical example, a student at Brevard College majoring in Business Administration may take only the introductory courses at Brevard, then through an interchange program, he may transfer to one of the other three colleges which has set up a School of Business Administration. In this way faculty costs will be cut because it eliminates the necessity of offering a major at two or more colleges.

Both President Patton and Dean Cole said that the main factor in the decision to drop interim was that the other three colleges could not be talked into holding a interim period. When asked why the other three colleges didn’t approve of an interim period such as the one used by HPC, Dean Cole replied that they simply could not afford the expense of interim.

Therefore, the common calendar will consist of a 5-5 academic schedule, instead of the presently used 4-1-5 schedule.

Mathew Brady [Rick Hines] suffers from heart attack in play production.
No one in his right mind could say High Point College is not innovative. Where else could one go and find partially ‘open’ dorms and no alcoholic beverages on the same campus. But HPC really got innovative when it invented “the Interim.”

What is the Interim. Our illustrious college runs on a 4-1-4 calendar system where for three weeks in January a student runs the rigors of only one class. According to the catalog “the Interim offers a varied program of unusual, innovative programs.” High Point is one of the few innovative schools in the state. Wake Forest University doesn’t require Interim, NC State and UNC and most others don’t even have it. Being a loner (or an innovator) is a sure sign of being a leader or an idiot.

When the Interim costs a student almost one out of every five dollars spent one must take time to question the value of the Interim. When parents dote out money for college, they want education for their kids, not innovation. What does a parent say when their child tells them all that money is spent on “Pots and Planting” or “Silent Film Comedy” or “Preparation and Use of Audio-Visual Materials”? For the price that is paid, is that innovation or education?

According to Dean Cole and President Patton the next year will be the last year for the Interim. They say that if students are interested enough, the Interim could be continued, improbable, but not impossible. There are courses offered during the Interim that stand out as examples of the value of such time spent.

Once again the question comes up, “What exactly is the Interim supposed to accomplish.” The Interim could be valuable in picking up some of the Area Requirements, Arts and Literature, Math and Science, etc. It could be of use in gaining hours in your major. Some English, Foreign Language or Religion courses could be taken for Basic Requirements.

Instructors refuse to let their classes fill needed requirements during the Interim because the same material could not be driven into the brain in three weeks that could be in three months. In other words, the Interim is not worth three hours credit. Interim hours are non-transferable to other colleges. The Interim costs a student 12 hours (during four years) that could usefully be spent on 24 hours credit of courses in my own major.

And one would be turned away from “Career Studies” or “Cooperative Work Experience” unless one were a HR major or Business major.

For some students a grade is an important point in deciding what to take during the Interim. “Folk Music in American History,” “Personal Finance,” “The U.S. Supreme Court,” among many, many others are offered only pass/fail. Pass/fail does nothing for one’s Grade-Point Average. Even tell one how well he passed it or poorly he flunked it.

These Interims “are the times that try men’s souls.” They do nothing for one’s GPA, requirements needs, pocketbook or education. According to the criteria set above each Department has received a grade for its ability to perform a service to the education of each student. The criteria are 1) usefulness in filling area requirements 2) usefulness in filling major requirements 3) cost involved 4) prerequisites required 5) pass/fail grading system.

No Department received a superior (a) grade, but several did get above average grades (b) for their ability to cope with the problems of the average student. Check with the nearby chart to see the value of each course. The Physical Education Department got a B plus mainly on the merit of offering courses that fulfill the area requirement. The English Department earned a B for presenting graded courses and area requirement fillers. “Silent Film Comedy,” a totally useless course, pulled the Departments grade down. The History Department was given a B minus solely because of the ever-popular “Unknown Episodes” course - a gem in the Interim. The Math Department also earned a B with its graded, area requirement filling courses.

The Sociology Department earned a C with its innovative course “Sex and Sexophobia”. The Business Department got a C plus mainly on the merit of offering courses that are not innovative but are useful in filling area requirements. The Foreign Language Department also earned a D since non-majors can take only a few of its courses. The Biology Department got a D since none of its interesting courses did anything but take up three hours credit.

The Education Department received a D minus since its courses all have prerequisites. Finally, the Human Relations Department earned, literally earned, a flat F since majors could take its no-expense-paid trip. The Theatre and Fine Arts Department also got their F with trips to New York, Europe and the nursery for “Pots and Planting.”

If the Interim is to be truly innovative it must innovate new ways of appealing to the majority of students in a majority of the courses. If three hours credit is to be given for a class it must be of value offered during the regular semester. The greatest innovation would be to make the Interim work. The question of college is not innovation but education. The Interim can work and should work if the administration will educate rather than innovate its tuition paying students. For HPC...quality rather than identity; education rather than innovation.

NOTE: Opinions are just like noses—everybody’s got one. The Hi-Po will print all the news or views that air fit to print.
Life with a capital L

Love letter needs to be read

by Malon Baucom

Today, Valentine’s Day is two years old. Historically, the celebration of this day spanned a period of more than two days and dates back to at least the Middle Ages. It seems that the human quest for love and acceptance is as old as man itself.

Psychiatrists tell us that most people are starved for love. Young people talk a lot about love and most of their songs are about love. “The supreme happiness of life,” Victor Hugo said long ago, “is the conviction that we are loved.”

Indeed, we need to know that we are loved. Nothing else matters so much in life greater than our need to be loved. The great commandments outlined in the Bible are to love “God with all our heart, soul, mind, and strength,” and “our neighbor as ourselves.”

How are we to love? We are to love as God loves us...we are to show acceptance and appreciation...to accept with ALL as God accepts us. How does God accept us? No matter who we are, He accepts us unconditionally for who we are—His creation...

Someone once asked the worker of a blue butterfly ring, “Why do you wear that ring all the time?” The person replied, “To help me love people.” “How does it do that?” the person inquired. “Well,” she answered, “it reminds me that beautiful butterflies begin in ugly cocoons.

When I meet someone who is not particularly loveable, I try to think of them as being in the cocoon stage. Then I remind myself there is a butterfly developing inside that cocoon, and...handle...gently.”

There is a love better than all we need to read concerning every day including Valentine’s Day. It says, “God, your Creator doesn’t make junk. I made you to be loveable...to give and receive love. Today could be the first day of real living in your life. Cherish it and learn from it.”

Recent “theological” trends sweeping across our nation have become contagious assimilators for fledgling Christians. The most recent of these trends is the “I Found It” campaign, presently rampant among conservatives in our “bible belt” city.

While it isheartening to see people looking for new and different expressions of their faith, it is discouraging to see such aspiring persons succumb to these obviously trite and gimmicky movements.

Underlying this current movement is a more basic difference which has plagued our nation for the past century. That difference can best be expressed as the “Revivalist-Evangelist” conflict. A look at what these represent will help to clarify this present movement.

In its most basic dress “Revivalism” is always an attempt to go backwards to re-establish what once existed. The past (history) is seen as the “Ideal” to be recaptured. Revivalists, of whom Billy Graham is the epitome, attempt to drive people back to the old ways, the old ideas, the old truth.

The status quo is to be maintained, because the appeal is ultimately to “heaven” for salvation. It is always personalistic and individualistic, and hence, populist.

On the flip side of the coin is Evangelism. In its most basic dress “Evangelism” is always a move forward. It looks to history to see what needs to be changed. The view taken of history does not conclude in an “Ideal” state to be sought, but in seeing it as reality. The “Ideal” for Evangelism lies in the future. Evangelism’s attempt is always to move there. Because of this forward-moving thrust, a necessary part of Evangelism is “Word in Deed”...that is, social action in the world!

Conservatives and Evangelists agree that what is most wanted by the Revivalist. As such, the present world is neglected even to the extent of withdrawal. In such instances, Karl Marx was correct in judging Religion to be the “opiate of the people.”

But Evangelism, in its purest form, seeks change in the world as it proceeds toward that vision of the promised Kingdom of God. As we engage in the pursuit toward the promised vision of God’s coming Kingdom, the vision becomes reality. Indeed, as the process of working toward Shalom (justice, equality, the well-being of all persons, freedom, liberation, etc.) is begun, the Kingdom comes in its participants. And thus, that which is promised provides both hope for “thy Kingdom to come” and strength for God’s “will to be done on earth as in heaven.”

Thus, the “I Found It” campaign (with a profound heresy contained in the implication of its slogan) is to be examined carefully and seen for what it is...a Revivalist Trend to be put aside as quickly as it is encountered. The Christian faith is no “easy road.” It is that which those who seek refuge from the crisis of our world. In its purest form, Christianity immerses us headlong into the struggles of our world, causing us to abandon the trivialities, the slogans, and the neat packages of “salvation” contained in Spiritual Laws. It demands that we be Evangelists in Word and deed.

Respect, equal votes needed

by Brent Johnson

The administration vs. the students. This is a question of authority. It is also a matter of what is proper, moral, and correct. One might also ask if it is not almost an issue of money in addition to the others. I wonder if it has ever occurred to those that run the school who pay their meal ticket through life. In a capitalist society, the one who holds the money, usually holds the power as well. In the case at hand, the students have the money, but not the power. The administration, therefore has a warped sense of values.

It does not mean that the student should have disrespect for the administrator of the school, neither should it be be revere. In other words, both should have respect for the other, at all times.

It has been brought to my attention that certain members of the administration and certain students have not followed this policy. As the former had “power over the latter, he was removed from our student body. Now we come to the question of justice, and it if does indeed exist here, how it should be carried out.

It should be understood that neither of the parties involved should be able to make the final decision. One way, would be to let it fall on a mixed group of students and administrators with equal vote. There should be no exception to a rule once it is properly set down. All people do make mistakes and this being understood, attitudes in this direction would be a nice start. If both work together, then you have an effective student body, and an effective school.

However, if they don’t go together, no one benefits, and almost always, the student is the one who looses.

There is a certain level of freedom that all people living in the United States should be able to exercise, private property, or not. Neither party can control the other and have a workable level of progress.

The duty of the administrator is to serve the students to the best of his ability and the duty of the student is to respect the judgement of the administration in affairs that concern the body as a whole. It should be a partnership, not a dictatorial, submissive, and unjust rule of one over the other. And at all times the rights of the individual should be respected.

Laurels and darts
by Arnold Hendrix

In sports today, the emphasis is placed on winning. If a team is a consistent loser, soon even the most loyal fan will become disenchanted and turn their support to another team.

However, at High Point College there is no lack of winners. If you too read the fall sports roundups presented in the past two issues, one can readily see that each team had a winning record, most won championships of some kind, and many players received honors. Also a quick glance at the two basketball teams show that presently they both have winning records with the Lady Panthers sporting an undefeated record. Therefore, it is safe to say that this college doesn't suffer from lack of winning teams for sure.

Ironically, the college suffers from lack of support for these teams. It seems that even though there is such a demand put on coaches to produce winners, it doesn't necessarily mean that they will receive the full support of students, faculty, and administration if they succeed.

Only two times has there been a good turnout for the home basketball games so far, and one of them was homecoming. However, even at the homecoming game a contest had to be held to drum up the spirit of the crowd. The cheerleaders who have the job of initiating the spirit at games, cannot be blamed for they have improved their squad and their cheers almost one hundred percent over last year. Yet, when it comes to getting the student body off its feet at games to cheer, the result has been the same -- failure. It seems that we -- as students -- have lost the stand up and cheer spirit we held in high school. Maybe we've grown up or maybe we're just embarrassed to stand up in front of our peers.

Whatever the reason, one alternative to induce spirit would be to create a college pep band. By creating a college pep band the cheerleaders could perform dances to the songs and students could clap to the rhythm. (Much so as one sees in ACC basketball telecasts on TV) If these students can stand up and clap to the music, then we certainly be so grown up or embarrassed to do likewise.

The point is that, this college has some quality sports teams. A pep band, in my opinion, would go a long way in creating the intensity of support, especially for the Lady Panthers in the upcoming women's district basketball tournament, for they have a quality team and judging by their undefeated record they've been turning in quality performances. Therefore, it is up to us, the students, faculty, and administration to give them quality support.

The Lady Panthers ran their overall record to 17-0 with wins over Catawba, Wake Forest, Pfeiffer, Mars Hill, Western Carolina, and Campbell.

In the Campbell game, the Lady Panthers rolled to an easy 109-40 win over the Indians. Leading the way with 20 points was Gracie Simmons, followed by Ethel White with 16, Denise Washington with 13, and Germaine McAuley with 12.

On Tuesday of last week, the Lady Panthers surprised a strong Mars Hill team and came away with a 90-55 win at Mars Hill. Gracie Simmons scored 20 points and pulled down a career high of 18 rebounds in the win. Also leading the Panthers win were Ethel White and Denise Washington with 12 points apiece, and Dawn Allred, Wanda Wilson, and Sylvia Chambers with 10 points apiece.

In the other games in the past two weeks the Lady Panthers downed Wake Forest 98-47, and Western Carolina 70-54, Pfeiffer 73-66, and Campbell 87-79.

Tourneys to start here soon

High Point will host two tournaments this month. On the 17-19 the girl's basketball team will host Atlantic Christian. Catawba, Elon, Guilford, Pfeiffer, and Pembroke in the Carolinas Conference tournament. Thursday's games are at 4, 6, and 8 p.m.; Friday's games at 6 and 8; and the finalists will take the court at 8 p.m. on Saturday. Admission is a dollar for students and $2.50 for adults.

The second tournament will start on the 23 of this month and will decide the state contest. Visiting teams include Campbell, Shaw, Duke, N.C. Central, Pfeiffer, Wake Forest, Elon, Western Carolina, Mars Hill, and Davidson. Times are as follows: Wednesday at 4, 6, & 8; Thursday at 2, 4, & 6; Friday at 6, 9, & 8; and Saturday at 6 & 8. The admission will be the same as for the Carolinas Conference games.
A torrent of records has been loosed during the past few years. This and World War II, or the Roman maxim (while buying. The season now is for quasi rock, farming and record buying. The season now is for buying. But let's not forget the Roman maxim (while we're into quoting) -- "Let the buyer beware."

QUEEN "A Day at the Races" (Elektra 6E-101) -- This British glitter group should claim its share of a resurgent rock market with a primo release, which should pick up a lot of new followers if the group does mark the big commercial breakthrough on the heels of their strong first album.

JOAN BAEZ "Gulf Winds" (A&M SP-4603) -- Sorry to relate that song-writing cannot be added to Joan's considerable talents as a pure singer, yet her becoming an interpreter of songs and highly competent guitarist. This new offering, with all of the songs on it authored by her, gives ample proof of her promise seems to have been a literary piecrust - made to be broken. Her pitfall was in tackling one of the most difficult forms for any writer or poet or songwriter, the highly personalized autobiographical mode. The failure is that the songs are solely about her, they fail to touch that universality which might make us relate to them. I can't see much of it will be relevant to anybody else's situation.

VARIOUS ARTISTS "All This and World War II" (20th Century F-9518) -- It, like most of the civilized world, you're into disco you might as well go with some of the better practitioners of the sound. Formed by Donald Eyrd (he is not with the group), founder of the School of Jazz Studies at Howard University, the Blackbyrds is the outgrowth of his efforts to give his students practical experience. From this nightclub circuit 0JT, the group went on to become one of the premiere aggregations of the past few years.

Dance-a-thon reaches goal

Flyer

The National Epilepsy Foundation sponsored the Dance-a-thon here on Friday and Saturday through the Pan-Hellenic Council and the Inter-Fraternity Council. Many organizations and individual people had a helping hand in sponsoring this well organized successful Dance-a-thon.

The dancers were sponsored by pledges from students, faculty and local individuals. Additional money was raised from a furniture Auction Saturday afternoon and door tickets to spectators. In all the Dance more than reached its goal of $1,000.00 by raising nearly $1,700.00 for the Epilepsy Foundation. Of all the dancers that started only 2 couples completed the entire 24 hours of Dancing. Buffy Nordon and her partner Dean Welch came in first place raising $205.00. Marilyn Wilson and her partner Scott Daeschner came in second raising approximately $100.00.

Many thanks are in order to the individuals, organizations and local merchants who made the dance-a-thon a success. Special thanks to Mrs. Tanya McLamb, a community leader, Dave Painter (IFC), Sue Wertheimer (P.H.) and the following for their time and contributions:

Apogee deadline is extended

For those freshmen on campus, the Apogee is the annual literary magazine, in which the best literary works are submitted for publication. Poems, essays, short stories and any other creative writing may be submitted. Jenny Spencer, editor, also expressed hopes that art works will also be submitted to bring a more rounded perspective to the Apogee.

Godbold named to staff of United Methodist Church

Anne Godbold, a senior pre-ministerial student has joined the staff of St. John's United Methodist Church, Greensboro, as Associate Minister (Intern).

Ms. Godbold will assist the Rev. Jack Kaylor in the overall ministry of the church, including visitation of members, administrative work, Christian education, and in the conduct of worship.

She is the daughter of Mr. and Mrs. D.H. Godbold, of Deland, Florida, and a graduate of Deland Senior High. She attended Young Harris Junior College before transferring here. She will graduate in June and has been accepted at United Theological Seminary, Dayton, Ohio, for graduate work.

She is a member of the Fellowship of Christian Athletes, the Christian Action Now group, is manager and trainer of hockey team, and treasurer of the Recreation Association.

She has also worked in the tutorial program for socially deprived youngsters and has visited numerous Methodist churches as consultant and youth advisor.

Dean Hansen appointed to job

Diane Hanson, associate dean of students has been appointed Director of Career Planning and Placement in addition to her current assignment.

Miss Hanson will assist students in making career decisions by administering vocational interest tests. She will act as liaison between graduating seniors and alumni and prospective employers.

To aid students in preparation for employment, she will give them training in writing resumes and in being interviewed by an employer.

Dean Hansen appointed to job

She will also supervise the visits of employers to the campus and arrange for students to meet representatives of business and industry.

Miss Hanson came here two years ago after being Dean of Students at Brenau College where she was responsible for vocational and career counseling. She received her undergraduate degree and master's degree from the University of Alabama and has done additional graduate work at the University of Georgia.

SGA to hold Spring Week

By Sid Baker

The Student Government Association is again sponsoring it's annual Spring Weekend '77 for prospective students. High school students from the eastern part of the United States will be on campus Thursday night, Friday, and part of Saturday to gain a better insight into the academic and social life of HPC. The date for the weekend has not been chosen.

A 50's dance, sponsored by Alpha Phi Omega, is planned for Friday night with proceeds going to Muscular Dystrophy. Also planned is a big brother/big sister orientation session for Friday afternoon.

Other activities scheduled include: two baseball games, two tennis matches, an opportunity for the prospective students to visit classes, sports auditions, and various other activities.

If you have any friends in high school who are interested in High Point College, please let any member of the SGA know about them as soon as possible. We'll notify them and send them a registration form and brochure. There will be several students who will be staying on campus on Thursday and Friday nights. We would sincerely appreciate any help that you can give us with places in your dorm for them to stay.

If you are willing to help us with Spring Weekend '77 in any capacity, drop us a note in the campus mail, Box #3024.
The common man

Groups receive support over individual students

By Brent Johnson

This is an editorial and expresses the opinions of the author, which should not be taken too personally.

Groupism is a word that comes from the word group and means an assemblage of related organisms. A one word definition of High Point College is groupism.

It seems that everyone here must belong to a group either of his own will or not. If you do not belong to an organized body, then you are an independent, and they are all lumped into the same pell-mell bag together as a group.

While there are advantages belonging to a group, I believe there are further advantages out number all other reasons. The main reason being that when any person belongs to an organization they lose a part of themselves to it. In this way they become less of an individual, less able to know their own being, and less able to see truth, if it exists.

It should be every person’s desire to seek the truth in his own way. Immanuel Kant said, “Nobody can compel me to be happy in my own way. Paternalism is the greatest despotism.” How can one be happy or seek truth in groups that try to regulate your daily lifestyle?

These groups are here at High Point and have been for years. They stand out like a sore thumb if you have been here long enough. They sleep on the same hall or in the same dorm, they eat together, wear the same clothes, break in line at the cafeteria together, etc. They show signs of thinking alike and in other words, every aspect of their life is this group.

The maturity of such a thing reminds one of high school, not college. What makes it worse is that the administration seems to support these groups when it should be concerned with preparing students for their life’s work.

How do these bodies or organizations aid one in the “real world”? Is a man free once he joins his soul to a group? The more he becomes a part of that group, the further he grows from himself. The English writer Aldous Huxley said, “You can produce plenty of goods without much freedom, but the whole creative life of man is ultimately impossible without a considerable measure of individual freedom, of initiative, or creativity.”

Perhaps then the message to educators would be insure the freedom of the individuals before that of any group. Some organizations in and of themselves are not all bad, it is the people in them that make them the snob-ridden things that we see.

College should strive to develop the individual as a human being, not the individual as a part of a group. In other words, all people are not created equal, but that does not mean that they should not be treated as equals, they should. No human being is better than another, so how is it that some members of certain groups get special advantages over the rest of us.

For example, one member of a well known school group was in the cafeteria line just before me, an hour later there were fifteen members of that group in front of me.

What gave them the right? I am told that there are advantages with the administration to those who join certain groups and how just is this? It is not an easy thing to endeavor to be an individual here, as you are likely to feel-shunned by just about everyone. As students, they do not, in most cases, desire to stay in their small groups, but are forced to because no one else cares to even speak with them.

In short, nearly everybody belongs to a group here. Some of them are so extreme that they make the rest of us feel inferior, without cause. These groups have no place in human society, but do exist here. They are a haven for weak people who need protection from the real world.

The worst of it all is the support of the college in these groups, thus promoting the group above the individual. Who among us will stand up, act his age, and be willing to learn what he came here to learn, apart from this groupism?

Life with a capital L

Accept the challenges of life

By Malon Baucom

Edward Dalberg, the writer...observed, “At nineteen, I was a stranger to myself. At forty, I asked who am I? At fifty, I concluded I would never know.”

This question ‘Who am I?’ puzzles each person every time, she looks in the mirror. Ninety-two percent of all Canadian university students, according to June Callwood (the Toronto sociologist), don’t really know who they are. A person wants to know, “What makes me tick?”

A big question of life is, “What motivates us?” Quite a lot of us have trouble in motivating ourselves to study. Some people think that everything they do in life is a failure and some even consider themselves a total failure in life.

Let’s pose a question. “What happens when you know everything you do in life seems to be a failure? You may make good grades, seem to yourself to be a successful person, but you really don’t feel like you are a successful human being in your experiences of living life.”

This writer believes that each person must look for the positive qualities of character, leadership, talents, and other qualities that characterize worthwhile goals in life. Not only should a person look for these qualities, but also should seek to develop these qualities because these are the best of one’s ability and strive to do one’s best in all circumstances of life to the best of one’s ability and strive to do one’s best in all circumstances of life for personal satisfactions of having continued on page three
Girls remain undefeated; win conference tournament

The Lady Panthers remained unbeaten at 20-0 as they swept through the Second Annual Carolinas Conference Tournament with wins over Pembroke and Elon.

The Pembroke game proved to be no contest for the Panthers. The closest Pembroke ever came was at 12-0 early in the game. The Lady Panthers lead by the score of 46-16 at the half and then came out in the second half and burned the nets for 62 points as they came away with a 102-33 win over Pembroke.

The Panthers, who placed four players in double digits, were led by Dawn Allred with 16 points as they came away with the victory. The Lady Panthers extended their lead to the final margin of 26. The Panthers were led in the Lady Panthers shot 54 percent from the field and bettered the Lady Panthers by the final margin of 26. The Panthers were led in the scoring by Wanda Wilson with 21, Dawn Allred with 12 and Ethel White with 10.

The Panthers placed four on the All-tournament team. Wanda Wilson, Dawn Allred, Gracie Simmons, and Ethel White were all given this honor at the end of the game. In addition, Wanda Wilson was named the tournament Most Valuable Player.

This week, High Point will host the 11-team NCAIAW Division II Tournament which begins Wednesday.

Due to changes in second semester staff schedules, the Hi-Po has adopted new office hours. On Monday, Wednesday, and Friday the office will be open from 2 p.m. - 5 p.m. The office will also be open during the staff meetings on Mondays 11 a.m. - 12 noon and during layout on Monday nights from 6 p.m. - 11 p.m.

Today could be the first day of the rest of your life. Have you discovered life in all its fullness?

Every person is a combination of both successes and failures, disappointments and satisfactions, and frustrations and hopes. Do you believe you matter as a person?

People are always talking about why someone doesn't do something to make government, our world, and many other things better than they are. An anonymous saying reflects: "I wondered why someone didn't do something. Then I realized that I was somebody."

Until a person believes that he is somebody--a unique creation of God--he has refused to accept one of the greatest challenges of life by responding to life and the Creator or Giver of life. A person has not really begun to live life unless he has accepted the challenges of life.

Do you ever get the emptiness, a longing to be fulfilled, a deep spiritual hunger. As Alfred North Whitehead, a philosopher and scientist, says: "There are three stages through which man goes through in his religious experience. These are from God the void, to God the enemy, and finally to God the companion." As Saint Augustine says: "Thou God hast made us for Thee, and our hearts are restless until we find rest in Thee."

Who am I and what makes me tick? The Bible reflects that man is an immortal soul, a living personality. When God made man in the first place, He created him and "breathed into his nostrils the breathe of life; and man became a living soul." (Genesis 2:7)

Today could be the first day of the rest of your life. Have you discovered life in all its fullness?
Theta chi’s present bong show

Theta Chi Fraternity will be sponsoring THE BONG SHOW this April 1st, 7:30-9:30 p.m. in Wrenn Memorial Auditorium.

Modelled after a talent show, entering participants will be judged by a select panel of judges - Dean Guy, Mrs. Rawley, Mr. Holt and Dr. Graist.

Based on their decisions, first place will receive $25 and second place $10. Various door prizes will be awarded based on ticket stub numbers. Refreshments will be available during intermission.

Ten percent of the proceeds will go to the High Point College Museum. There is no entry fee and the only restrictions are adhering to basic High Point College rules and keeping the act relatively short. Slack acts will be BONGED!!

Those wishing to enter should contact Bob O’Brian – 7-1623, Doug Wincher RA Mills 5-5105 or Gilbert Jones 9-2166 for an application form. Registration ends March 18th and there will be at least one rehearsal before showtime to iron the bugs out.

The support of all the organizations and students is needed to make this show a success. Tickets will go on sale soon for a modest price of $1.

Prudential interviews

Mr. Kim Ketchum, Development Manager of The Prudential Insurance Company will be on campus, WEDNESDAY, March 2, from 10 a.m. to 3 p.m. and wants to interview graduating seniors interested in discussing employment opportunities with The Prudential. Interviews will be scheduled during lunch. Mr. Ketchum will be in meeting Room #2, Campus Center.

PLEASE HAVE A RESUME OR DATA SHEET WHEN YOU GO FOR THIS INTERVIEW.

You may sign-up for an interview in the Placement Office, Student Personnel, or with Dr. Bennington.

Help needed immediately

AT THE JANUS THEATRE IV GREENSBORO

STARTS FRIDAY FEBRUARY 25

CALL THEATRE FOR SHOW TIMES
Financial aid programs are being revised, however, they will have little short term impact on monies available to students here. The long range impact on student aid programs is hard to access, range the impact on student aid monies available will have little short term impact. Carter requested the money dropped to $16 for FY78-79 if Carter's plan passes the Congress. A majority of the parents will culturally enrich the parents with a variety of performing arts in the Chapel. Sunday morning all parents are invited to pray for the College with Chaplain Lowdermilk at 11:30 in the Chapel. March 5 is also the weekend of the ACC Basketball Tournament, so parents are urged to have hotel reservations prior to the reading of this story.

Keith Berger to perform here

Parents Day planned for weekend

Parent's Day is coming March 5 with some exciting features for both parents and students to find out exactly what is going on at HPC. That Saturday parents will hear President Patton speak, informal meetings with Faculty, a faculty panel discussion and Fine Arts performing.

Dr. Patton will speak before the full Chapel on the "State of the College", describing its past, present and future goals as well as its financial status. Cultural credit is not offered for this 10:15 address.

Later, at 11:00, the faculty will be put of the spot to discuss with parents their son's or daughter's progress. A majority of the faculty will be present.

The high point of the Parent's Weekend is a panel discussion by department heads of the topic "Everything You Always Wanted to Know About the High Point College Academic Program But Were Afraid to Ask". Although they are not discussing sex, the discussion should be entertaining and informative. Dr. Bennington, Epperson, Weatherly and Mr. Cope are the panelists with Dr. Cole, Dean of Students as moderator of this discussion to be held in Hayworth Lecture Room 2 at 2:00.

President and Mrs. Patton will afterwards host a reception in the Campus Center. At 8:00 Dr. James Elson head of the Fine Arts Department will culturally enrich the parents with a variety of performing arts in the Chapel. Weekend includes varieties of performing arts including mime, dance, and other prominent locations. Carter Berger will be present. The Ford budget allowed funding to the present $1,400, the Carter to $1,600. Under expanded eligibility requirements families in the $13-17,000 incomes range would qualify, opening the program to another half-million students, according to HEW background paper.

Keith Berger, America's outstanding mime, will give a concert at the auditorium on March 9 at 8 p.m. Berger studied and performed as an actor, clown, and dancer before turning to mime. He taught himself the elements of classical French pantomime and other movements and acting disciplines, including kung-fu.

He became famous as a street mime in New York City, performing at the request of the New York Department of Parks. He drew crowds on Fifth Avenue, Washington Square, the Plaza Fountain and other prominent locations. He has been seen pulling cars with imaginary ropes, directing traffic, building walls and then opening the door for cars to come through, bull-fighting cars, and occasionally hanging himself in front of them, especially police squad cars.

When he showcased before the National Entertainment Conference, the world's largest organization for booking performing artists on college campuses, he received four standing ovations. His popularity caused the NEC to add the category of mime to the performing arts.

He has appeared at the Mercer Arts Center, Queens College, the Cathedral of St. John the Divine, Lincoln Center, and on other notable stages.

Tickets will be sold at the door with the cost to students being fifty cents.

Lady Panthers win! See pages four and five.
Dear Editor: It’s about time someone around here had the guts to print “beer” in the newspaper. The advertisement containing that dread word which appeared in last week’s issue is a credit to you. Let’s have more of it. It won’t hurt, beer, beer, beer, beer, beer, beer, See? No lightening. Beer, beer, beer, we are all still alive. Again, brave!

NAME WITHHELD BY REQUEST

Dear Editor: This afternoon I had the disappointing experience of reading the most recent issue of the Hi-Po. Now, I realize that the campus community at High Point College is not exactly the ultimate in journalistic stimulation, but honestly, if this paper is an attempt to depict and record the essence of campus life, then we have some serious problems.

Judging from the paper, I must conclude that HPC is now affiliated with one of two main problems, or both.

One problem, assuming campus life is adequate, is the totally inapt ability of the newspaper, its staff, and advisors, to sufficiently reflect the spirit and activities of the students, faculty and administration, and to provide them with a viable means of intracampus communication.

While reading the paper today I felt like screaming of frustration. As I see it the paper is an attempt to show a copy can you find three pizza coupons so close together?

The other possible problem is much more grave. Assuming the efforts of the newspaper staff is not at fault, the thing that every effort is made by them to secure and print good material, then I must conclude that the life on the campus at HPC must be exceedingly dull, uneventful and boring, and the quality of the college press is in direct proportion with the quality of life here at HPC.

Aside from classes and meals there seems to be no place on campus for socialization on a casual basis. Granted there are fraternities, sororities, clubs and groups, but I feel that the most elementary aspect of any community is blatantly missing — cross - group socialization. I’m sorry to mention it but since there’s no place on campus there has been no place that students can go at night to see other students and socialize under casual conditions. The absence of a meeting place on campus is deplorable. Formal social activities are available but only rarely and often when we must travel great distances from campus to have social activities that meet the social needs and demands of the student. Why the college hierarchy may be nothing less than the absence of the students development is totally beyond my comprehension. I think the college community should be a model for attempts at educating students through academics as well as social experiences. In the area of social development, HPC fails the community. Concerning these two main problems, the saddest possibility would be that both were true. I hesitate, but most insist that both problems not only exist here but are rapidly complementing each other in advancing the eventual decline of the quality of life here on campus at High Point College.

I insist that each student critically evaluate both his life here and the newspaper that records that life. Please, for my sake and yours, refuse to continue to accept such stagnating mediocrity. I’m sorry if I offended any students who are satisfied with the paper, the campus, and your life, (“With a Capital L”), but don’t be mad, because as Malon Baucom says, “Today may be the first day of the rest of your life.” —Lord help us all.

Gary Reston

Locked doors are nuisance

By David Bobbitt

Problems exist out of the inactivity, or activity of people or of their policy. The students at HPC, visitors, faculty and staff are constantly meeting ‘problem closed doors’. No, not administration doors, they’re always open. These closed doors are locked. They are the Right-hand door to the student center, the third floor door of that center, and the ground floor stair-well door. As well as the doors to the post-office.

Really, is this inconvenience necessary? Already students coming from Bell North and Yadkin dorms must walk around the entire student center and post office to face a locked door, and find yet another walk is necessary. If by chance one gets into the entrance door of the campus center, pity him who’d like to go into the lobby, the third floor door is locked too! Locked doors into public buildings are a nuisance, an inconvenience to all, a health hazard on rainy days, and a fire hazard, to all concerned. Locked doors are bad policy anywhere, especially on college campuses where are supposedly open to all during hours and encourage students to use their facilities. Okay door lockers and those few fortunate that have keys. Open up or pass out keys. Locked doors, anywhere, mean trouble. In that either the users of these locked doors have keys, or, there is something behind these doors that shouldn’t be seen...

HUFF - PUFF and open these locked doors, or keys to them. Thank the students, staff visitors, parents ... individuals who want to get in, etc. etc. etc.
Life with a capital L

Solving all problems isn’t necessary

Historians may well call our age the "age of anxiety." We tend to be worry-warts in trying to find a solution to every problem; and, if we don’t find the answer, we just throw up our hands in despair — aiming never to try again.

Often, it is easier in life to ask questions rather than to receive answers. Even if we have the answers to a particular situation, one doesn’t have to live in a bemoaning condition of despair. We often cannot change the circumstances of life, but we can adapt our attitudes to deal with the circumstances and live with them.

Some get up-tight if they don’t have the answer to their particular situation "right now." Others, convinced that their way is the only way to solve the human dilemma, burn with fury and self-righteousness if their answer is not readily accepted as the most popular answer over all other answers. Some people don’t feel secure unless they have a pre-packaged answer for everything.

In our lives we are often sent down the pre-packaged assembly line of automation stuffed with knowledge which is considered to be the best merchandise on the market. Each individual is given the cold, depersonalizing stamp of approval known as, 'ready for shipment' — prepared to know everything already that can be ever known.

We, as human beings, must take into account that each person has his own experiences and particular background; and, we cannot speak all the problems we confront in life except from our own experience. We should not condemn other people for their viewpoints. We may agree or disagree with their viewpoints; but, we can always put the stamp of approval known as "love" in confronting each other in our encounters and relationships.

Our knowledge of the universe is growing continually; and, hopefully, our understanding of God and ourselves is growing also. We may never discover all the answers to the questions that continually perplex us, but each of us can be part of the answer rather than being part of the problem. Some of us may even come to the realization that we are somebody and make up our minds that we are going to contribute our very lives into solving some problems, alleviating some pain, and living the kind of life that will bring happiness rather than hardship to others.

Victor Frankel in his book MAN'S SEARCH FOR MEANING, describes the reaction of two brothers with the same heredity, the same environment, in the same concentration camp under the Nazis. One became a saint, the other a criminal. It was the reason why he says: "Each person has within him the power to choose how he applies himself to any given situation."

Some would disagree that mankind has the power of choice and would hold for the option that man is "living under pure determinism or predestination." I believe that sometimes we do not wish to accept the responsibility for our actions, but rather choose to blame social, the environment, the schools, or our circumstances.

In a Peanut's comic strip, Lucy is chasing Charlie Brown and she says: "I'll get you Charlie Brown; I'll knock your block off." Charlie Brown responds: "Wait a minute. Hold everything. We can't carry on like this. The world is filled with people hurting other people — people not understanding or seeking to understand one another. God children can't solve what are relatively minor problems, how can we ever expect...?" Lucy responds with a fist and says: "Gee whiz Charlie Brown, you hit him quick... he was beginning to make sense."

I believe, as Martin Luther, that "every person has within him something new, something that never existed before, something original and unique." Sartre said, "There is no exit from the same dilemma of the person who wants to cease being human?"

As Helen Keller said, "Life is either a daring adventure or nothing. We face a better job market than people prepared in home economics in secondary schools. Likewise, those with a background in early childhood development will face a better job market than women prepared in home management and equipment.

Conversely, areas in which professionals of both sexes are scarce, such as business administration, engineering, and medicine, produce a particularly favorable atmosphere for female employment. The influence of equal opportunity or affirmative action programs is more likely here than in areas where women are already well-represented.

The overall share of female college graduates by 1980 in the region is not expected to show radical change from the 1973 proportions: 45 percent for bachelor's degrees, 46 percent for master's degrees, 39 percent for doctorates. While no major shifts in female choices of studies are projected by that time, there will be some shifts by the time the graduates enter the workforce as employment pressures increase and occupational attitudes change.
Lady Panthers sweep
NCAIAW Division II

by Jay Gammon

The High Point College Lady Panthers swept through the NCAIAW Division II tournament with wins over Wake Forest, Mars Hill and Western Carolina and ran their overall record to 24 wins and no losses.

The Wake Forest game proved to be no contest as the lady Panthers routed the Deacons 121-58. At the half the Panthers led by the score of 64-24 and totally dominated all phases of the game. For the game the Panthers pulled down 65 rebounds as opposed to 25 for Wake Forest. They also totaled 20 assists for the game. This point total was the second highest in H.P.C. history to a 128-55 routing of Elon last year. The Panthers were led in this game by Ethel White who tallied 20 points, 19 in the first half, while Gracie Simmons added 18 points and 15 rebounds and Marie Riley totaled 16 points and 11 rebounds.

In the Mars Hill game, the Panthers had a little tougher time getting their 23rd win. The first half was close all the way until Jody Westmoreland came off the bench to hit three shots from downtown High Point, to help stake the Panthers to a 46-37 halftime advantage. In the second half, the Panthers came out ice cold and Mars Hill took the lead 48-47 on a jumper by Raelene Spencer. The lead changed hands five times until Germaine McAuley hit a jump shot with about eight minutes to play to give the Panthers the lead for good at 66-64. Mars Hill ran into foul trouble in the late stages of the game and the lady Panthers iced away the win at the free throw line. Gracie Simmons led the scoring with 19 points followed by Ethel White with 18.

The Western Carolina game was really all High Point. In the first half, the Pantherettes jockeyed between loads of seven and ten points and lead 32-21 at the half. In the second half, the defensive steals of Ethel White and the shooting of Wanda Wilson and Gracie Simmons proved to be too much for Western as the Pantherettes coasted to a 81-62 victory to win the championship. Wanda Wilson led the way with 23 points and 16 rebounds. Gracie Simmons and Ethel White added 10 apiece. Also, Wilson, White and Simmons were named to the six-player all-tournament team.
Lady Panthers All-Tournament team; Wilson, Simmons, White, with Coach Alley
German psycho-horror film and insanity are not sharply boundar­ies between sanity in an asylum; but the view by an insane man unfolds a vision of the world. The Audio-Visual Room of the 1920 German expres­sionistic psychological horror film, The Cabinet of Dr. Caligari, will be shown on Monday evening, March 7, from 7-8 p.m., in the Roberts Hall. The film is being shown as a brief explanation after the showing is open to all students and faculty. Dr. DeLeeuw will present a making of the film. Many artists collaborated in the making of the film. Conrad Veidt, the famous star of German stage, plays Cesare the somnambulist who is controlled by a carnival hypnotist. The direction of Robert Wiene in the film set the German film mind in motion for the next decade.

The sets were designed by leading German expression­istic painters of the period. Alfred Hitchcock, as a beginning novice, witnessed the actual filming and used many of the same techniques in his later films. Ironically, the rich ambi­guity of the film were not deliberately formed but stemmed from the unintentional carelessness of the director and the conflict between the writers, who conceived one kind of story, and the director Wiene, who filmed another story.

The film is being shown as part of the English 220, Film Making, class; but the showing is open to all students and faculty. Dr. DeLeeuw will present a brief explanation after the film.

There will be a showing of the 1920 German expres­sionistic psychological horror film, The Cabinet of Dr. Caligari in Monday evening, March 7, from 7-8 p.m., in the Audio-Visual Room of Roberts Hall. Containing a story within a story within a story, the film unfolds a vision of the world as viewed by an insane man in an asylum; but the boundaries between sanity and insanity are not sharply defined.

Many artists collaborated in the making of the film. Conrad Veidt, the famous star of German stage, plays Cesare the somnambulist who is controlled by a carnival hypnotist. The direction of Robert Wiene in the film set the German film mind in motion for the next decade.

Nothing without divine approval

by Malon Baucom

Perhaps a lot of students and faculty alike of the High Point College community have wondered about the significance of the school’s seal which is stamped on stationery, composition notebooks, and the like.

According to Dr. William R. Locke, former professor of sociology and religion at HPC and author of a sociological history of High Point College entitled No Easy Talk, the college seal is symbolic of the college’s objectives and character of providing a quality education. Entitling his book from the concept “to build a college is no easy task,” Dr. Locke records the history of the development of a college seal in his manner: “To give the new college identity, the trustees chose colors, a motto, and a seal.

There are three main divisions of the seal. First, there is the motto of the college, ‘Nil sine Numine,’ translated, ‘Nothing without Divine Approval.’ The second part of the seal is its symbolism, which has three divisions: First, there is a book representing the accumulated wisdom of the ages. On this book rests the lamp of learning, in the light of which the content of this knowledge is to be discerned. It is significant that it represents the hope that the college will never allow the lamp of learning to be extinguished.

Behind the lamp of learning and the book is lifted the cross, and from it rays of light are streaming. It represents the necessary toil for scholastic triumph, but more significant is its Christian, or religious meaning.

The third part of the seal is the hand which encircles it and on which is inscribed: ‘High Point College, Founded 1924.’ This encircling band portrays the philosophy and purpose of the college in that it holds within its firm control wisdom, light, and the cross, and with the willing submission that all things are to be accomplished as our motto says, ‘With Divine Approval.’ The encircling band is a belt; and intentionally, the buckle on the belt is not fastened. A close observer will notice that, although the belt is buckled, yet the free end is not confined by the loop. According to Mr. Harrison, this signifies that even with the gaining of knowledge and Christian zeal, yet human life can never completely reach an absolute state of perfection. The lamp of learning crowns the top of Roberts Hall tower. This symbol and the motto calling for Divine approval have focused the program and purpose of High Point College through all the changes of students and faculty from the beginning under Dr. Andrews to the present administration.

A world without sunlight, shadows of paint.
Camp provides summer jobs

Summer job analyses indicate that the prospects for college student employment for the summer of 1977 look promising. National parks throughout the nation will once again staff their facilities with college student summertime help. Opportunities appear to be expanding into many support accommodations and facilities surrounding the park areas. State parks also indicate a high demand for temporary summer employment by college students. Some national parks will hire as many as 3,000 college students for the summer period.

Several hundred private camps throughout the nation will once again be seeking college student summer employees in varied capacities as counselors, swimming instructors, music directors, and general activities, maintenance, cooking, etc. Students with special talents in the area of entertainment or horse handling abilities should investigate these opportunities.

Once again it is emphasized that students desiring summer employment in the various recreational areas throughout the nation should apply early. Students interested in obtaining additional detailed information may request a free brochure by sending a self-addressed stamped envelope to Opportunities Research, Dept. SJO, Lock Box 4000, Kalispell, MT 59901.

Radio station is nearing completion

by W.L. DeLeeuw

Work on the radio station is nearing completion. The license application is now at the FCC office in Washington for final approval which has been tentatively set for the middle of the spring.

In the meantime, the following schedule dates have been set for completion of facilities in the tower of Roberta Hall. By the end of March, all carpentry and painting should be completed. By the end of April, equipment and wiring will be finished in the production room. Maintenance is currently working on installing electricity and air conditioning. Over the summer, the final engineering details will be completed (installation of transmitter, test runs), and programming material will be compiled. Thus, full operation is expected by the beginning of fall semester, 1977.

In order to expedite this work, the Radio Station has moved its meetings to the station itself every Tuesday evening from 7-9 p.m. Any student interested in helping is welcome to drop by. No prior experience is needed since the General Manager or one of the advisors will be present to supervise work. In fact, all areas of expertise are needed, from carpentry skills, to typing, to recording. The Communications majors are especially encouraged to participate.

Any student wishing to broadcast for the station, however, must first acquire his Third Class License (including Element Nine).

For further information or volunteer work, contact Jeff Nesbitt, General Manager, or one of the advisors: Dr. DeLeeuw, Mr. Cope, or Rev. Lowdermilk.

The Lambda Chi Alpha will rent a Technics stereo with CLS 1000 speakers to any organization on the H.P.C. campus. This stereo can be used for disco parties, dances, etc. If interested, contact Martin Slater.

Theta Chi Fraternity will be sponsoring THE BONG SHOW this April 1st, 7:30-9:30 p.m. in Memorial Auditorium.

Panthers end season

by Jay Gammon

The Purple Panthers Men’s Basketball team ended their season last Saturday night with a 77-79 loss to Catawba in the semi-finals of the Carolinas Conference Tournament.

In the first half of the game, the Panthers shot 71 percent and led by as many as 15 points. It looked like it might have become a High Point rout. Pearlee Shaw put 16 points in the first half to lead the Panthers to a 49-41 score at intermission. But the second half was yet to come.

In the second half, the Panthers led most of the way but saw their lead vanish with about eight minutes to play when Catawba’s Jerry Moore put them ahead by 20 points. A jump shot which bounded off and Tommy Dennard tipped in the rebound to win the game. The Panthers were led by seniors Pearlee Shaw and Ray Coble with 29 and 16 respectively. Freshman John O’Brian also collected 20 points.

Catawba’s Jeff Carrie put Catawba up by three. Some missed free throws and baskets by Ray Coble and Scott Richardson put the Panthers up by one with about a minute and a half to play. But Richardson then fouled Jeff Carrie, and he hit both ends of the one-in-one to put Catawba ahead. Pearlee Shaw then hit on a 18-foot jumper to put High Point up with less than a minute to play. Catawba stalled the ball until two seconds were left and Jerry Moore shot a jump shyot which bounded off and Tommy Dennard tipped in the rebound to win the game. The Panthers were led by seniors Pearlee Shaw and Ray Coble with 29 and 16 respectively. Freshman John O’Brian also collected 20 points.

Job seekers apply early

An estimated 12,000 summer job opportunities at summer camps will be available for college students for the summer of 1977. There are numerous camps for children of all ages located throughout the entire nation. The heaviest concentration of summer camps are in mountainous and recreational areas.

Summer job opportunities include counselors, swimming instructors, riding instructors, cooks and helpers and general maintenance. In most opportunities these jobs include board and room. In many cases summer camp employment for college students will also provide additional credits. Student job seekers are encouraged to apply early. Over 30,000 additional job opportunities for summer employment exist at national parks, guest resorts and recreational areas. Students interested in obtaining additional details on student assistance may request a free brochure by sending a self-addressed stamped envelope to Opportunity Research, Department SJO, Box Lock 4000, Kalispell, MT 59901.

The Student Legislature is creating an ordeal with their proposed parking bill, according to Brock Potter. Potter, along with many other students, gave his views on the five page bill at a public hearing Thursday. The hearing, held in the Campus Center, was scheduled to permit students to voice their opinions on the bill.

The parking bill, proposed by the Day Student Organization during the fall semester, does not meet the approval of many day students, Rhonda Banther, DSO Representative said. With the passage of the bill, each dormitory, excluding Belk Dorm, will have one parking lot located near the dorm where residents will be able to park, for a $10 fee. Belk Dorm will have two $10 lots. Another one or two lots will be located a short distance from the dormitory. These parking stickers will cost $6. Day students, for a $5 charge, will have a choice of three lots.

Stickers for each parking area will be letter coded and students will be able to park in the one specific area they are assigned. Failure to comply with these rules will result in a $5 fine. The parking stickers will be sold on a first come, first serve basis.

To prevent students on orientation from buying stickers prior to the arrival of the entire student body, a bill will be written stating specifically when stickers can first be purchased, according to Dale Williams. Williams is the parking committee chairperson.

The parking bill passed the Legislature on Feb. 15, but was vetoed by SGA President Sid Baker later that week. Baker vetoed the bill, citing line 98 as the reason. Line 98 states that cars must be parked forward in the space.

The parking bill came up for discussion by the legislature of Tuesday's meeting. If the parking bill passed with a 2/3 majority, it will become effective Fall 1977.

College calendar is set

This year's sophomore class will be the first class to graduate under the new calendar system. In 1978 HPC will join the other Western Methodist-supported schools in a 5-5 calendar year. Five courses will be taken in the fall semester and five in the spring semester.

This new calendar will put High Point graduates out into the job market on May 6, 1979, somewhat ahead of most major colleges. In 1978 school will begin on the 31st of August for registration. There will be a fall break October 16-18 and a Thanksgiving break the 22-24. Exams will end on December 19th.

Without Interim, school will begin late and end early as second semester begins Monday January 15, a mid-term break March 2-11 and the last day of exams on April 30th.

The reason for the change was the common calendar adopted by the other Methodist schools. Dean Cole pointed out that the common calendar could save money. Colleges could exchange faculty, students and other valuables in an attempt to cut costs which the Methodist church is becoming more unwilling to pay.

HPC still has one more year of Interim and then in 1979 students will either leave school on April 30 or graduate on May 6.

In compliance with Title IX

APO to admit women beginning next fall

by Wallace Shealy

A.P.O. became the first fraternity of this college to amend its by-laws to admit women into the brotherhood on March 8.

After several hours of debate the brothers voted that in the best interest of the fraternity and the college they would allow women to pledge beginning with the next pledge class in the fall of 1977.

The reason for this position of A.P.O. is Title IX which requires colleges to give equal rights to women. Title IX states that, "No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving Federal financial assistance."

Dr. Osborne, HPC's compliance officer, further stated that since A.P.O is a service fraternity rather than a social fraternity, which are exempted organizations, APO would have to come into compliance with Title IX or be dissolved as an organization of H.P.C.

This ruling left APO with a question that they had been voluntarily considering for several years. It was the feeling of the brotherhood that although as individuals many were opposed to the issue that in order to remain on campus and for the campus to maintain federal funding that they had no choice but to go coed.

The effect of a vote to remain a single-sex organization would not only have affected APO but it would have affected every student at HPC. Since the school receives federal funds for both its buildings and for student aid. This move to admit women will allow the school to continue to have an APO chapter and not lose any federal funds.

Another advantage the new ruling will offer is the opportunity for women to become members of the nation's largest fraternal organization. APO will continue to serve the college, youth and our country as they welcome women into the brotherhood of Alpha Phi Omega.

American Dream Disco to perform at dance tonight

The American Dream Disco Company will be supplying the music for the dance tonight in the cafeteria from 8:00 p.m. - 12:00.

Says Master D.J., Steve C., disco which features recordings rather than live bands is what you might call a portable party.

The dance is free to all students and their dates. I.D.'s will be required for admission.
Women don’t make good brothers

by Dave Bobbitt
Recently I had the audacious nonforgettable gassy experience to sit through and break the arm/portion/participation vote. The Alpha Phi Omega Service Fraternity voted for; was forced to accept; had no alternative to; letting women pledge and become ‘brothers’ in their fraternity.

In have nothing against the female sex, I often associate with them and enjoy it immensely. It is possible that they (women) could add greatly to the workings of the organization, but I seriously doubt any woman could make a good brother by anyone’s standards.

I’m sorry to say that evidently our law-makers, who are supposed to be so intelligent as to be capable of representing all the people and making fair and just laws, overlooked the fact that a woman can not be a brother! And I seriously say that I, a male, can not be a sister.

In all fairness, can our federal government force a group of men who are gathered for the purpose of service, friendship, and leadership; to accept women into their organization.

Yes, I’m afraid so. Perplexing, isn’t it? Title IX is itself a farce. A good idea but a bad way to go about it. I love my freedom, I love my ability to choose who I associate with, when, and where. At one time I loved my country for offering me a chance to join groups of men only, and of sexually mixed groups. I’m disappointed that this choice has been taken away from the citizens of America. Land of the FREE???

Parking hearing

Recently a public hearing was held by the student legislature concerning the proposed parking bill. Out of this meeting came failure, a new concept, and a good concept.

The failure dealt with the bill itself. It seems that the bill was designed to satisfy the 57% of students who stated in a survey earlier in the year that there was a problem on campus. However, since seemingly none of those 57% showed up to back their contention the parking problem gave way to a problem of parking inconvenience. The inconvenience arises from the fact that while there are 900 parking spaces on campus and only 660 registered cars, most of these spaces are located at Cooke Hall and behind Hayworth Hall. Therefore, it was decided by those students at the meeting that they would rather have the inconvenience rather than pay the extra money for the various stickers and try to enforce the proposed rules as stated on the bill.

The new concern involves the security on campus or rather the lack of security on campus. This problem was voiced by the students on campus and only 660 registered cars, most of these spaces the lack of security on campus. This problem was voiced by the students on campus and only 660 registered cars, most of these spaces

SGA doesn’t tell all students

opinion by
Jim Merriam
Is it still going?
Last week an ‘opening meeting’ of the Student legislature to discuss parking regulations and a vote on an amendment to the SGA Constitution were scheduled. By chance both were planned the one week this semester the Hi-Po was not published. Nostalgia buffs will recall last year when SGA elections were held, by coincidence, the week SGA money to support the Hi-Po dried up.

Reports have been offered and suggestions made on the parking situation for a couple of years. Nothing had been done. Then suddenly it is imperative that the parking bill be held without announcing it in the Hi-Po, with no posters on campus, the only notice being a couple of very limited announcements in the cafeteria. The problem with making invitations to meeting and elections only in the eatery, is that one third of students - about 400 are Day Students and so do not eat in the cafeteria. That is not taking into account the dorm students not in the cafeteria during the announcement.

At least we are consistent. Last year homecoming court nominations and elections were held without trying to announce it in the Hi-Po. Perhaps the SGA has not done themselves with this parking bill. While they have not been able to keep the library open extra hours during exams, or keep soft drink machines working they are competent civil engineers and cost analysts. They almost B.A.

Perhaps the SGA has out done themselves with this parking bill. While they have not been able to keep the library open extra hours during exams, or keep soft drink machines working they are competent civil engineers and cost analysers. They almost B.A.

SGA steps out of line

by Brent Johnson
The Common Man is an editorial and should not be taken too personally.

Rejean Dierall, a prime minister in Great Britain during Queen Victoria’s reign, said, “The greatest of all evils is a weak government.” There is a group of students here at this college that call themselves a “Student Government.” If they don’t watch they will break their arm, patting themselves on the back. In other words, it is a compliment to say that we, the students, possess a government of any kind at all.

What we do have is a weak bunch of individuals who think they have some power over the school. If there is any power to be had at this place it rests with the board of trustees or the administration, not with any student group.

Now “our government,” has decided to meddle with the parking situation here on the school grounds. In the first place it is not clear that a great number of students want anything changed from the way it is now.

Secondly, at this stage it is understood that more money will be requested for those students wanting a ‘good’ parking place. Doesn’t the school and the “government” get their hands on enough cash as it is? If a better parking situation is desired, then why not build another lot closer to the dorms?

Finally, there is always the solution that some other schools have arrived at, namely to limit those who can have a car on campus.

Chapel Hill did this with the freshmen. Granted, this is a poor answer, but perhaps it is better than making the students who are here now pay more money.

Until now the ‘student government’ has seen fit to stay out of the students business, at least as far as I know. While they do belong involved in the affairs of the students, if they can’t do a good job of it, they should keep their noses out.

Half baked plans about issues that have more than one solution should not be assumed by a body that has no power to change anything anyway. They have clearly stepped out of line and should quickly be brought back into line by the student legislature. We the students have elected them in the first place. It is better for them to know their place now before it is too late.
Changes in national student aid proposed

by Jim Merriam with Dave Bobbitt

Funding for federal aid to higher education will be substantively changed under President Carter's revised Fiscal year 1978 budget. Among the proposals are a cut in spending for National Direct Student Loans (NDSL), an increase in the Basic Education Opportunity Grant (BEOG), static funding for the Supplemental Education Opportunity Grant (SEOG) and the College Work-Study.

Also requested was the removal of ‘trigger’ mechanism which requires funding of certain programs once spending has reached a set amount without debate as to the programs’ merits. Controversy has engulfed the NDSL program. Media reports two weeks ago concluded that the NDSL was being totally eliminated. Not so. March 1 an appropriation subcommittee of the House Appropriation Committee decided to recommend funding NDSL at $300.8 million for fiscal year 1978. According to Nick Cacacocchi, Staff Assistant to the committee the proposal was to be submitted to the full committee last week, if it passed then to the floor of the House this week.

Pat Bario, assistant press secretary to Carter, aware of the confusion in news dispatches about the continuation of the program said it would have been continued even without the $300 million additional funding. Bario noted that $270 million will be available from repayment of earlier loans, enough according to White House estimates to aid a half-million students.

Opponents of Carter’s proposal point out that since colleges can only loan money out as quickly as it is repaid from earlier loans, schools with enrollments from areas harder hit during the recession may have less money available. That, they claim, is unfair.

Further, Carl Perkins (D-Ky) chairman of the House Labor and Education Committee stated that $800 million is needed to meet existing loan requests. Perkins stated prior to the subcommittee action “we are going to restore it!” To restore the program would mean funding it at this year’s level, $323 million.

Hamish Murray, budget specialist with the same committee believes the committee supports funding the program at $320 million. Both Carter’s and President Ford’s budget included $815 million for the NDSL to cancel loans made to students in areas of public employment such as teaching in Head Start. Regardless of the amount of funding available in 1978 and later, next year’s students will not be affected.

The College Republican National Committee (CRNC) has estimated that if Carter’s NDSL program is passed as proposed 40% of students applying for loans in 1978-79 will have to request and receive a statutory waiver on funding $276 million or be $200 shy of the authorized level. Carter also requested funding for expanded eligibility requirements which would open the program to a half million students from families in the $13-$17,000 income range, according to a HEW background paper.

Under the Carter proposal a total of 2.5 million students would be able to participate in the program. The revised Carter budget revised SEOG, a program Ford had provided no funds for. Carter requested that spending be continued at the current level of $240 million. The HEW paper reports that SEOG’s averaging $550 will be awarded to 200,000 undergraduates and $150 to graduate students. The new awards averaging $500 would go to 246,000 students.

College Work-Study would also be maintained at the current level under the Carter spending guide. Ford had requested a reduction to $250 million. However the revised budget retains $390 million. The increased money would raise the average award from $525 to $845 and the number of awards to 852,000 compared with 587,000 under the Ford budget.

Under the College Work-Study program an educational or non-profit institution employs undergraduates, graduates, and professional study students paying 20 percent of their wages with the Federal Government funding 80 percent.

Both the Ford and Carter budgets request the removal of ‘trigger’ mechanism which require automatic cutbacks in particular programs. Under the Educational Amendment of 1976 when funding for Basic and Supplemental Grants, Work-Study, and NDSL exceeded $250 million, as it will in fiscal year 1978, then three institutional aid programs must be automatically supported.

For every dollar above 2.8 billion, 50 cents must be committed to University Community Service, construction of academic facilities and graduate fellowships and Pell grants. Likewise, the Educational Amendment of 1972 require that if Basic Grants are funded, then funds must be provided for SEOG, Work-Study, and NDSL.
Summer School Brochures are now available in the cafeteria, from advisors, and in Mr. Holt's office. In addition to the regular two week session, there are these a three week session and a six week night session for better flexibility for students who are limited by work schedules or the number of weeks they can attend summer school. Please discuss with your advisor at pre-registration the possibility of attending summer school in order to graduate early, fulfill area and general requirements, or increase your quality point average.

Three schedule changes should be noted, however. The following time schedule and description is the current one for Mrs. Burton's course in dyeing and weaving:

Art. 228S, Dyeing and Weaving Workshop, 9:30-11:30 a.m. and 1-3:45 p.m.

The student will learn to dye yarn using seasonal flowers, leaves, and bark for use in the exploration of tapestry, Inkle loom, and basketry techniques. Credit, three semester hours.

There are two time changes for two courses in the second five week session. English 302S, American Literature, begins June 27. Present, taught by Dr. Piacentino, will be offered first period, 8:30-11 a.m. Psychology 390S, Behavioral Modification, taught by Ms. Cholet, will be offered first period, 8-9:30 a.m.

Also, the listing under Room and Board in the summer school brochure of $100 for a room for each five week term includes only the cost of the room. Meals are available from the College Cafeteria on an a la carte basis. Cost will range from $5 to $6 per day.

Announcing

APO Bloodmobile drive

by Robert Gillis

The Alpha Phi Omega Service fraternity sponsored the Bloodmobile visit here this past Wednesday. A total of 130 pints of blood were donated, for which the A.P.O. brothers express their sincere appreciation to all those who gave blood.

Several people received their One Gallon Fins at the Bloodmobile. They are: Mrs. Kay Farlow, Dale Williams, Terry Linbo, Gary L. Barns, Joe Ransbotham, Donnie Everhart and Pamela Stovach. Also Michael Coltrane received his two gallon pin.

Special congratulations go to these people and all those who gave the blood drive a success.

SGA doesn't tell all students

Continued from page 2

drink machines working they are (CPS) — Like the western frontier, at least one of their counterparts in the class of 1958 had a slightly better chance of finding desirable work. The result is that fewer and fewer graduates are finding desirable work. For instance, about one out of every three male members of our class of 1972 held nonprofessional, non-management jobs in the early 1970s. Their counterparts in the class of 1958 had better luck, with only one out of ten taking nonprofessional or non-management jobs.

But finding desirable work probably seems a small problem to the growing number of graduates unable to find work at all. Nine times as many 1972 grads were unemployed as 1958 graduates. Even high school graduates had a slightly better chance of being employed than college graduates during 1972. T. J. Stovach and Freeman conclude that in the years between 1958 and 1974, the "college job market has gone from a major boom to a major bust.

The analysts predict that students intending to wait out the job drought by staying in college may have a long wait ahead of them. Their study states that these recent developments for college graduates "represent a major break from the past and are not simply cyclical or temporary phenomena."

Closing the college frontier

(Computer Science) — Like the western frontier, education has long been the key to a new life in America, allowing children to escape the social and financial status of their parents. That golden age has come to an end, according to a report by two Massachusetts Institute of Technology (MIT) analysts.

College graduates are no longer getting the kinds of management jobs they thought they were training for back in school. An economy that has absorbed all the management personnel it has room for. The market is glutted, forcing grads into lower status jobs. And the differences between the pay a college grad and a high school graduate pull in is diminishing every year.

The social implications are serious, the analysts say. Americans could begin to feel trapped in the social class they were born into. The escape valve that education provided could be closed to most people, and social class lines could become more sharply drawn.

Many people may end up receiving less education than their parents for the first time in American history. And another first may be that instead of children finding a higher social niche than their parents, they may end up with lower status jobs.

The problem, according to Harvard Associate Professor Richard Freeman and MIT Professor J. Herbert Hollo-
Comedy play to be staged this week

"The Real Inspector Hound", a one-act comedy involving mistaken identity, a corpse, and other spoofs on Sherlock Holmes, will be staged here on March 17, 18 and 19 in Memorial Auditorium as a studio production. Curtain time is 8:15 p.m.

Nan Stephenson, a new member of the fine arts faculty at High Point College, is director. Nan has previously appeared in two college productions in minor roles, but in both productions she had essential backstage responsibilities.

"Inspector Hound" has a cast of nine players, including Rick Hines, Dale Hiatt, Jan Kieckner, Mark Norwine, Margaret Mareotes, Tom Vails, Mike Lyda, and Marta Grady.

The hour-long play is set in an English drawing room where a murder has taken place. The investigation of the murder gets into other unlikely questions, such as the identity of the police inspector named Hound.

Sylvia Petrea is assistant director. Derrick Morgan is technical director, and Lynn Lockrow is set designer.

Art majors exhibiting work at student center this month

Thomas Ball, Diane Zapotosky, and Margaret Myers, senior Art Majors are exhibiting their work in the foyer of the Campus Center during March.

Miss Myers, who is from Virginia Beach, Va., hopes to enter the field of Interior Design in the Virginia Beach area after graduation. Her work includes pen and ink drawings, woodcuts, silkscreens, etchings, and potteries.

Miss Zapotosky, who will receive her degree in Art Education, came to High Point from Taipei, Taiwan. She plans to make her home in N.C. and continue her studies in art and work with handicapped children. Graphics, macrame, drawings, and clay work are her major interests.

Tom Ball, an art major with a minor in history, is from Maryland. His primary interest lies in Commercial Art and museum work. After graduation he will live and work in High Point. Mr. Ball has worked at the High Point Historical Museum where some of his drawings can be seen. His work consists of paintings, woodcuts, etchings, silkscreen, and drawings done with brush, felt-tip pen, pencil and India ink.

Peer counseling program...

During this year a group of students have been involved in a peer counseling program. For eight weeks they attended training sessions in which counseling skills were taught. Emphasis was placed on the students participating in the process of learning helping skills through role-playing, mini-counseling sessions, and small group work.

The peer counselors for spring semester are Warren Sweeney, Paul McNell, Tim Tysinger, Marilyn Wilson, Kathy Avery, Steve Sharman, Paul Walter, Dan O'Toole, Barbara Rankin, and Donna Welsh. They are interested in helping students with personal and academic concerns.

A training program is being formed to train peer counselors for full semester. Any student who is interested in participating in the peer counseling program should apply in the Student Personnel Office by Friday, March 18. The selection will be based on the individual's ability to relate with peers, academic achievement, and commitment to the peer counseling program.
Lady Panthers on way to national tournament

Teamwork, spirit, and excellence are rare qualities that most athletic teams strive for but rarely achieve. When you combine these three allusive attributes, the results spell High Point College Women's Basketball.

Prior to AIAW Southern Region II small college basketball tournament held this past week in Florence, S.C., it was often stated by many sources that HPC had a good basketball team but their regular season schedule consisted of week conference opponents with few real opportunities to really test them. Well, I believe it is safe to assume that the women's basketball team is a definitely no fluke especially after this week's regional competition.

In the first round, HPC handily defeated Virginia State champion, Bridgewater College by a score of 93-66. Through only 4 points separated the two teams at halftime, 46-41 High Point, the outcome of the game was hardly in question as the second half got underway with High Point employing a man-to-man defense to break the game open. Using a total of thirteen players throughout the game, the Panthers simply wore Bridgewater down dominating all phases of this contest with their usual display of fast-breaking, hard working brand of basketball.

The semi-finals against South Carolina's College of Charleston proved to be a different situation as the outcome of this game wasn't decided until the last minute of play. Relying heavily upon the inside play of 6'2" center Janie Lee and guard Sister Greene, College of Charleston jumped out to an 8 point lead but the Panthers never lost their composure. First half action showed momentary flashes of High Point's fast breaking offense that resulted in few baskets but several College of Charleston fouls which were to play an instrumental part in deciding the outcome of this contest. Strong outside shooting by guard Dawn Allred combined with excellent bench performances by Denise Washington and Germaine McAuley stymied several Charleston rallies in the first half.

The second half began like the opening, with High Point generating momentum as the game progressed. Aggressive defensive play by reserve center Sylvia Chambers forced Charleston's Lee to the bench with foul trouble several times. With Allred and High Point leading 73-72, reserve guard Denise Washington went to work as she scored with 2 inside jumpers from excellent feeds from Wanda Wilson and Allred and then both ends of a one and one situation. College of Charleston made a vain attempt to recapture the lead with 2 inside drives but time had run out. High scoring honors went to Dawn Allred with 21 followed by Wilson (14), White (13), McAuley (12) and Washington (10).

Strong bench play and possibly the thought of sweet revenge proved to be the deciding factor in the championship game. It was only 1st in the game in the regional semi-finals at Northern Kentucky State that High Point College fell one shot short of defeating this very same Francis Marion College of S.C. Prior to the championship game, Francis Marion standout Pearl Moore was averaging an awesome 40+ points a game. This was the same Moore who not only scored over 46 points in last year's regional final but also the winning lay up.

The game's first 5 minutes looked like the Gracie Simmons-Pearl Moore show, as both girls displayed excellent shooting ability accounting for the first 10 points of their respective teams.

March 16, 1977 - High Point College's Hi-Po...

Lady Panthers on way to national tournament

Track team could challenge

As Coach Bob Davidson begins his 14th season as head track coach at High Point College, he is faced with the prospect of having another outstanding season. If several question marks come through.

One of the biggest questions is, sophomore sprinter Dennis West who is scheduled to run the 100, 200 and long jump events. West ran a 9.6 hundred in high school two years ago but sat out last year with a back injury. Another key question is how well the new field event people will compete. Freshman Tracy Lyons, the North Carolina high school pole vault champion last year, will give the Panthers a legitimate challenger in that department for the first time in quite a while. Transfer Lance Sorchic will throw the javelin and, according to Davidson, has the potential to break the school record in that event.

The middle and long distance events will again be the strength of the Panthers. In the 880 Mark Hamlett, Mark Hunter and Randy Lazardere will compete while Hamlett and Hunter will also hang in the mile. Steve Dunham and Randy Prunty will represent the Panthers in the three and six mile events. A strong returner will be All-Conference selection Chip Wilson who will run in the 440 and 880.

Ray Cole competed in the nationals last year in the 120 high hurdles and should be strong again in that event along with the high jump. Wilson will also compete in the Intermediate Hurdles along with newcomer Robert Martin.

Davidson feels that this year the team should again challenge for the conference title which they have won seven of the last ten years. But it will different as there will be no injuries for the Panthers to win once again.

The lead changed at least 12 times in the first half before Francis Marion broke away for a 3 point lead at the half.

Second half play by High Point probably exhibited the greatest display of defensive excellence ever witnessed in regional or regular season play by the Panthers as they completely shut down Francis Marion's offense for eight full minutes. In the meantime, the Panthers built a 42-31 lead behind an array of jump shots and twisting fast breaks by Robin Cooper, Gracie Simmons and Wanda Wilson. With 11:52, Pearl Moore brought the Francis Marion crowd to its feet by hitting a 25 ft. jump shot to finally break their offensive drought but a spectacular full court layup by Germaine McAuley with passing assists from Allred and Simmons immediately silenced the home crowd.

With a little less than 9 minutes remaining, Francis Marion began to rally but successive jump shots by Marie Riley and McAuley and fine defensive coverage by Robin Cooper on high scoring Moore never allowed the Patriots of Francis

Panther's pitching key to team success

Although Chuck Hartman’s High Point College Panthers are off to a 2-2 start, he feels it is still too early to tell about his season. After a double header win over Susquehanna College Monday (5-0) (6-4), the Panthers traveled South to Clemson and suffered two setbacks by 10-1 and 10-0 scores.

Thus far the hitting, which was a little suspect going into the season, has been light. Says Hartman “We’ll have to fight for our runs this year. We definitely won’t be a big inning club like we were last past two years. Usually three or four runs will be good production for us. Our pitching is our strong point and we’ll need strong pitching every game.”

Returning for the Panthers on the mound are senior Billy Sorrell and junior Dirk Gurley. Sorrell, winner of 29 games over the past three years, had an 11-3 record last season while Gurley was 7-3 and won two big games in the playoffs for the Panthers. A largely inexperienced staff of freshmen with transfer Kevin Keene rounding out the staff.

In the infield Hartman returns only veteran Jim Mugele from last year although senior Paul Walter, who sat out last season, has returned, and will play a valuable leadership role for High Point. Jeff Kennedy, an improved hitter will handle the chores at first base while speed merchant John Grocki will hold down second. Mugele and Walter will cover shortstop and third, respectively.

In the outfield Joel Swope and Joe Garbarino will cover two positions while Gerald Culler, last year’s designated hitter at times, will play the third position. Swope contributed some timely hits last year, one a three-run homer in the season’s last game to wrap up the regular season conference title. Garbarino was voted to the all-outstanding team in District 26 play after regular leftfielder Brad Loweks was injured.

Catching is a well-stocked position for the Panthers. Returning starter Danny Wilbur performed well behind the plate last season and his hitting improved greatly throughout the year. Senior transfer Bob Aikens will provide much needed power hitting and can work behind the plate also.

Hartman feels that the overall team strengths lie in pitching and defense. “We probably have a better defensive infield than last year’s but they don’t have as much experience. Their speed and quickness should help us cut down on infield hits and with their fielding ability, we should be able to stay away from those unearned runs.”

“Of course, I’ve already mentioned the pitching but that will be a real key to our season. I feel we have the type of pitching you need in a tournament situation. We have several pitchers that will have a chance to prove what they can do.”

“Overall team speed is a big asset with us. We may be able to make some team nervous once we get on the base paths but we have to get there first. Once we get on the bases, we will run.”

After eight straight 30-win seasons, Hartman has his work cut out for him. But those who know the Panther mentor, who enters his 18th season as head coach, know that the Panthers will be a factor in the conference and district races.

Tennis team off to good start

by Skip Harris

The High Point College tennis team is well on its way to another successful season. They boast a record of 8-1.

The season started out with a win over neighboring UNC-G by the score of 9-0. Coach Goff's Panthers then stopped the tough Virginia Tech team 6-3. Unfortunately the parents who came down for Parent's Day saw a below par Panther squad fall to Appalachian State 2-2. That Sunday the Purple and White rebounded to take West Chester State who went down 6-3.

Coach Goff is still moving players around in the six singles matches and, with the exception of the Fitzmaurice/Purhiss doubles team, he is still experimenting in the three doubles teams. The tennis team's matches are at 2:00 and the dates are at the cafeteria.

The tennis team goes to NC State Friday against the predicted ACC champions.

Soccer club gets charter

There’s a new club on campus. The Sunset Soccer Club has recently had its charter approved and is now open to all HPC students, staff and faculty interested in the sport of soccer.

The club exists, according to the charter, “to provide recreation in the form of soccer so that all members can equally enjoy the sport.” These goals are met in the sport of soccer as a sport in the club, the club may contact them or receive a club shirt, membership, recreational memberships, competitive memberships, monthly meeting.

The Club’s advisors are the soccer team’s coach Ken Charrier and Dr. James Stitt of the history department. Anyone interested in joining the club may contact them or any club member.

Golf team finishes 8th

by Mike Wallace

The golf team participated in the North Carolina Collegiate Invitational Tournament held at Pawtucket Country Club in Charlotte this past week. High Point finished 8th out of the 19 teams present with a two day total of 621.

French Bolen and Paul Rapley led the Panthers with totals of 152 and 154 respectively. Bill Wall, Perry Sheen, Jim Petraglia, and Jeff Hall rounded out High Point’s entries.

The tournament, dominated by NCAA schools was won by NC State with a score of 597. Nevertheless three NAIA schools finished in the top 5. Campbell finished second with a 598, Elon third with a 601, and Gardner Webb fifth with a 602.

The next golf match is the Temple Owls who left on the short end of a 6-3 count. Campbell provided an easy 8-1 victory for the Panthers. Concluding this six game winning streak was West Chester State who went down 6-3.

Coach Goff is still moving players around in the six singles matches and, with the exception of the Fitzmaurice/Purhiss doubles team, he is still experimenting in the three doubles teams. The tennis team's matches are at 2:00 and the dates are at the cafeteria.

The tennis team goes to NC State Friday against the predicted ACC champions.
Shrink, politician, others talk next week

Dr. Robert Coles, called the "most influential psychiatrist living in the U.S." by Time magazine in 1972, will speak at the college on March 30 at 1:30 p.m. in Hayworth Hall.

Dr. Coles' special interest is field work in social psychiatry but he is best known for his publications including 25 books and 500 articles for periodicals, newspapers, and anthologies. His books include Children of Crisis, The Middle Americans, Farewell to the South, Iroy in the Mind's Life, and Dead End School. He won the Pulitzer Prize in 1972.

Dr. Cole is a Research Psychiatrist for the Harvard University Health Services. He held a variety of posts before going to Harvard including being on the staff of Massachusetts General Hospital, Metropolitan State Hospital, Harvard Medical School, and at Keesler Air Force Base Hospital, Biloxi, Mississippi.

During the 1960's he was research psychiatrist to the southern Regional Council on the psychiatric aspect of desegregation in the South and has been consultant to the Council since that time. He has been consultant to the Appalachian Volunteers since 1965 and has served with the National Advisory Committee on Farm Labor and the National Sharecropper's Fund.

John H. Clarke and Regina A. Perry will address students on African and Afro-American topics next week.

Monday March 28 at 9 a.m. in room 106 of the science building Clarke will speak on "Harlem past and present."

Perry will give two talks Tuesday March 29, one at 9 a.m. entitled "Classical styles in African sculpture," the other at 1 p.m. on "Sources and styles of Afro-American art." Both of Perry's lectures will be held in the band room of the Fine Arts Building.

Clare's presentation and Perry's 1 p.m. address will be Cultural Credit.

Dr. Robert Coles is Professor of African Studies at Hunter College of City University of New York.

Perry, from Virginia Commonwealth University, is a History of Art professor.

Sir George Catlin an early protagonist of Atlantic Union and the Atlantic Community will speak here Monday March 28 at 11 a.m. in room 106 Hayworth Hall.

Catlin was the one who delivered the request for fifty old destroyers, in 1940, to the Republican Presidential candidate, whose advisor he was.

He also had direct influence, according to Federal Union, Inc., in changing part of the American Constitution -- the repeal of the 18th (Prohibition) Amendment.

"The Aces", nationally known Professional Frisbee Team from Chicago, and "The Loco-Motion Circus" will perform at Spring Open-House Weekend on Saturday March 26. During the day workshops will be held from 11:00 a.m. to 12 noon and from 1:00 p.m. to 2:00 p.m. on the soccer field. A performance by each group will be held that night at 7:00 p.m. in Alumni Gymnasium.

"The Aces" received national recognition in 1975 when they started the first independent U.S. Pro Frisbee Tour. Since then, they have made over 200 appearances throughout the U.S. and abroad, performing at schools, colleges, shopping centers, state fairs, conventions and major sports events. The members of "The Aces", who average over 13 years experience each, have gained numerous awards and honors in national and international Frisbee competition. These include World Class Frisbee Master, 1971-72-73 International "Guts Frisbee" Champions, 1975 Men's World Frisbee Champion, and 1976 Men's World Distance Champion. "The Aces" are an independent group of professionals, earning money by performing a variety of Frisbee services for their clients. "The Aces" work closely with Wham-O Mfg. Co., producers of the Frisbee flying disc. "The Loco-Motion Circus" is an exhilarating multi-faceted display of human performance in the style of the comedy vaudeville era. Together, they perform to the rhythm and creativity of the music of the times.

The show on Saturday March 26 is being sponsored by the Student Union and there is no admission charge. In case of bad weather, the workshops will be held in Harrison Hall. For more information, call the Student Activities office at ext. 67.
College life is easier to criticize than praise

What’s wrong with High Point College? This question has been jostled around by everybody and his brother from the President to the janitor. According to the HI-PO editorialists, nothing is right. Everything from locked doors in the Student Center to the College calendar has been destroyed by the editorial staff. There has been very little good said about this college by the HI-PO to criticize.

Everybody talks about certain teachers as being unfit for anywhere but the nuthouse. There are some noisy students who will go to any length to destroy a faculty member because of a personality conflict. Sure there are some poor faculty, even ones that will not try to get better, but there are a much greater number who are excellent, caring teachers.

Most faculty would give the shirts off their backs if they thought it would expand one student’s view of the world.

Inspite of all the criticism, there are excellent teachers and students who do learn something. Every once in a while a student shows up riveted with mind. If you learn nothing else from college it should be that life will not be easy for you and that everyone doesn’t say “how high” when you tell them to jump. In college one should learn to cope with varying situations, and those who can’t do it in college, will be left to sit in the corner, cry and suck their thumb in life.

There are more complaints about the food at High Point than there are hairs on a St. Bernard. Maybe the variety is not that great; maybe the roast beef does taste like shoe leather. But maybe those who complain should go to NC State. They don’t even have a cafeteria and the students either eat in their rooms or really pay for it by eating in downtown Raleigh. It is sure is easy to complain between mouthfuls of food you didn’t cook, dishes you didn’t wash, groceries you didn’t buy and dollars you didn’t spend eating pizza five days-a-week.

You don’t see files on the bread or people dropping out of their seats holding their stomachs. It’s not La Chateau and anyone who thinks it should be, should be sent to the padded cell. The food is nourishing as there are no cases of rickets or their seats holding their stomachs. It’s not La Chateau and.

There are more complaints about the entertainment. The mark of an intelligent man is his ability to entertain himself. There are more things to do than there are weekends when this student plans absolutely nothing for students to do. There are weekends when you plan absolutely nothing for you to do. High Point is in the business of education, not entertainment. The mark of an intelligent man is his ability to entertain himself. There are more things to do than there is time to do and if you don’t find something, then it’s because you’re too lazy to do anything but complain. Do something. Read a book, get drunk, go to a movie, go home, but don’t complain about this college because YOU can’t find something for YOU to do.

Without beating a dead horse, why doesn’t everyone look for a chance to praise High Point College. You capture half of your free will and pay your 360 pieces of silver. Don’t show your ignorance by criticizing your own choice. It doesn’t take any talent, brains, or character to complain. If there was one idea of constructive criticism for every 20 complaints this school could be perfect. Remember, a day without praise is like a day without air. Without it, the reverse psychology will get things done that complaining never will.

Correction

In last week’s editorial we told the story about the student whose car was vandalized and thus promptly woke up at 3:00 in the morning. However, since that time additional information has come to our attention that the security cop tried to stop the vandals before proceeding to wake up the student.

Letter to the editor

Executive Council blasts HI-PO

From the Executive Council of the HI-PO.

It is about time that someone used the HI-PO to report the facts! Previous issues of your publication have brought to light three facts regarding the HI-PO staff. Generally, they DO NOT KNOW THE FACTS. Sadly, they DO NOT CARE TO PRINT THE FACTS. Finally, and most appalling, they are PROVEN BY THE FACTS TO BE IRRESPONSIBLE, INCOMPETENT, AND DESELICIT.

We feel that this publication was directed at the students by presenting the truth. We are opposed to the continuing efforts of the HI-PO to subvert the students by attempting to formulate and instigate self-defeas- stroy efforts to gain new rights and opportunities for students. Because the HI-PO is incapable of responsible journalism, we will proceed with the facts and the truth.

1. The SGA does not work for the Coca-Cola Bottling Co. of High Point. If the machines don’t work, call Coca-Cola in the Old National Bank Building.

2. Nostalgia buff only seem to remember what they choose. Historians WILL RECALL that last year the HI-PO overspent its budget. The SGA will be reduced to the tune of $750 by the SGA.

3. YES, 400 students do not eat in the cafeteria; they are day students. All are invited to participate in the activities of the Student Organization, which distributed information about the hearing and the constitutional amendments. The SGA is incapable of responsible journalism. We will proceed with the facts and the truth.

4. The HI-PO claims to be concerned about informing the students. They should be; they are supposedly a modern and functional student publication. The SGA regrets that it does not have a News Staff. The HI-PO: The HI-PO is not, and apparently cannot do its job. HOLD IT! Here comes the "double whammy." Not only does the HI-PO refuse to work for the students, it clearly and actively works against the student’s best interests.

A. The students strongly supported the Interim Term. The 5-5 calendar proposed by the Methodist Conference has eliminated it; yet, many trustees, administrators, and faculty at HPC opposed the church's proposal. Knowing this, the SGA asked the HI-PO to devote an issue to this dilemma, to gather student support for the Interim, and to defeat the 5-5 formula. The HI-PO refused! They chose instead to wait until the issue was mute, and then presented us with an editorial which only alienated the administrators and faculty who had supported the student cause.

B. Several hundred thousands of dollars will be needed for a new library, a consultant has been employed, the trustees and administration are moving rapidly with the proposal, and a student/faculty committee has been formed. The SGA asked the HI-PO to survey the students and do the belt-tightening things. This is most perversely used for a student publication.

The SGA asked the HI-PO to survey the students and do the belt-tightening things. This is most perversely used for a student publication.

ATTENTION HI-PO STAFF! SHAPE-UP OR SHIP-OUT!!!

The Executive Council of High Point College, President, Baker; Speaker of the Legislature, Chris Ware, Chairman of Student Union.

Calendar Correction

Dear Editor:

I would like to correct one error found in the article entitled "College Calendar is Set" in the March 16, 1977 issue of the HI-PO. The first day of exams is not "Day Before" but "Day Before exams" will be April 30, 1979. The final day of exams as now scheduled will be May 4, 1979.

David W. Cole
Dean of the College
The Real Inspector Hound receives good review

Always, a play within a play tends to be confusing. Tom Stoppard's "The Real Inspector Hound" is impossible! Directed by Mr. Nan Stephenson, The Tower Players presented "Hound" March 17 thru 19 as a studio play in the Memorial Auditorium. Opening the show were two excellent veteran actors, Tom Cope and Rick Hines. Both gave interesting and effective performances to the packed-house audience. Cope played critic Moon and Hines, also Pockeridge, another critic and Albert, Lady Cynthia Muldune's long lost husband. Lady Muldune was portrayed by Jan Keichinger, an avid and funny actress. Margaret Marson was Felicity Cunningham, Cynthia's house guest. Marson's performance was passable, though somewhat lacking in energy. And of course there was Mrs. Drudge (Martha Grady), the 'help'. Mrs. Drudge and her cockney accent were wonderful.

Costuming by Melissa Patton was effective and Myra Williams is to be commended for props. The set was elaborately simple, designed by A. Lynn Lockrow, it provided a perfect working area for the cast. All in all, the play was a success. Oh - the dead body? Mark Norwine played the role, the body having belonged to Higgs. Or was it McKay? or maybe...

Oriental art to be shown

A collection of original Oriental art will be on display in the foyer of the Holt McPherson Campus Center, High Point College, on Wednesday, March 23. The show is open to the public without charge.

Approximately 500 pieces from Japan, China, India, Tibet, Nepal, and Thailand will be exhibited with works by contemporary artists including Saito, Azechi, Mori, Katsuda, and Maki. The oldest prints date to the 18th and 19th Century and include Chinese woodcuts, Indian miniature paintings and manuscripts. The modern works include woodcuts, etchings, lithographs, serigraphy and mezzotints. The collection has been assembled by Marson Ltd. of Baltimore. A representative from the gallery will manage the exhibit.
Oh Coward presented Cabaret style

The theatre arts will present Oh Coward!, a musical comedy, on March 29 - April 2 in the Empty Space Theatre.

Mr. Hagen stated al-

Students cause poor postal conditions

The Postal office here is in poor condition due to student carelessness, and, in some cases, vandalism, said W. Derald Hagen, Assistant Business Manager.

In a recent interview Mr. Hagen noted that all supplies for repairing the postal boxes for this year have been used up. No more boxes will be repaired this year. Mr. Hagen said that students whose boxes have been damaged may pick up their mail in the office during the posted hours.

Mr. Hagen stated although the post office here is not under US Postal Regulations it is very reliable and that Inner-Campus mail is very efficiently handled. The campus post office has been a personal project of his since he came here, said Mr. Hagen. Last summer the post office was completely restored with new locks, new glass in the boxes, and was in complete working order in September of '76. But within about 3 weeks things were beginning to fall apart, due partly to age, but mostly to student carelessness, said Mr. Hagen.

This post office will again be completely restored this summer with new boxes and new locks. There will be approximately 500 boxes in working condition in September '77. Until then, Mr. Hagen said the campus mail system is very reliable as it is and as efficient as postal office.

Track Schedule

Saturday March 26
Atlantic Coast Conference Relays
Saturday March 29
Lynchburg-Guilford-Lenoir-Rhyme
Saturday April 2
Western Carolina Relays
Saturday April 9

Tuesday April 30
East Coast Invitational
Tuesday May 3
Carolinas Conference Meet
Tuesday May 21
North Carolina-Virginia Meet
Thursday May 26-29
Nationsals

Coach: Bob Davidson

Men's tennis suffers setbacks, women win

The men's tennis team suffered three setbacks to strong teams, including nationally-ranked NC State. George Washington University came down and left with a 5-4 decision. Notre Dame visited the following day. The Irish needed all of their proverbial luck to escape with a 6-3 win. The Panther's first match away from the friendly confines of High Point resulted in a 0-9 loss to the predicted ACC champs. The postal system is very efficient as postal office.

Help stop O'Haire

by Bob Lowdermilk

Madalyn Murray O'Hair, whose efforts successfully eliminated the use of Bible reading and prayer from public schools, has been granted a federal hearing in Washington, D.C. on the subject of Religion and Airwaves by the Federal Communications Commission. The petition (#2493) would ultimately pave the way to eliminate the proclamation of the Gospel via Airways of America. She took her petitions bearing 27,000 signatures to back her stand. If she is successful, all Sunday worship services currently being broadcast either by radio or television would cease. Her petition also protests the decisions of the astronauts to read the Bible as a Christian message to the world from their spacecraft while orbiting the moon in 1968. YOU CAN HELP STOP HER THIS TIME. We need 1,000,000 signed letters commending the astronauts for their faith in God. This would defeat her and show her there are still many Christians alive and well in our great country. Please send a letter immediately.

RE: PETITION NUMBER 2493

Gentlemen:

I personally appreciate and wholeheartedly support the Sunday Worship Service and other Religious Programming that are broadcast over radio and television. Many sick, elderly people and shut-ins depend on radio and television to fulfill their worship needs. I urge you to see that such programming continues to protect their rights. I also sincerely commend the astronauts for their faith in God. Thank you for your consideration.

Gentlemen:

I personally appreciate and wholeheartedly support the Sunday Worship Service and other Religious Programming that are broadcast over radio and television. Many sick, elderly people and shut-ins depend on radio and television to fulfill their worship needs. I urge you to see that such programming continues to protect their rights. I also sincerely commend the astronauts for their faith in God. Thank you for your consideration.

Lady Panthers’ dream shattered; end season with 29-2 record

The Lady Panthers basketball team left the familiar confines of HPC, in order to make a dream come true by venturing out to California to play in the AIAW Small College basketball playoffs. After winning to opening match by routing Salisbury State 114-50, the Lady Panthers dreams were shattered by Southeastern Louisiana 112-85. Three factors plagued the Lady Panthers in their quest to overcome Southeast, who were considered the strong-est team in the field. One factor was the superior height of the Lady Lions as they sported a front line of 6’7, 6’5 and 6’1, backed up by a couple of able 5’8 girls. A second factor was the absence of the Lady Panthers top defensive player, Robyn Cooper. Robyn had sprained her ankle early in the game against Salisbury State.

Yet, they came back to defeat West Georgia, the No. 1 seed, that night 92-76. A chance to compete in the finals of the consolation bracket was ended when Cal. Poly-Pomona defeated High Point by a one point margin of 72-71. Leading the Lady Panthers in scoring during the tournament (minus West Georgia game stats) was Ethel White with 45 points. She was followed by Wanda Wilson with 42 points and Gracie Simmons with 35 points. Several players scored in the twenties including Marie Riley with 29, Dawn Allred 28, Denise Washington 27, and Sylvia Chambers with 22. Connie Dickens scored a total of 13, Germaine McAuley, 19, Jody Westmorland 8, and Robyn Cooper 2, before spraining her ankle.

Thus the Lady Panthers finish their season with an impressive record of 29-2. Even though their dream didn’t come true, they still can be considered winners because playing in the nationals is a once in a lifetime experience for most girls teams and only a dream for others. Also it must be remembered that the girls were conference champions, state champions, and region champions; and, it can safely be added that they are champions in the heart of every student at HPC, for they had the support of every student and were a team we could truly be proud of.

The thirty-six contributors to the volume include some of the nation’s leading biologists. Dr. Ward graduated from the College in 1963 and received his master’s degree from Wake Forest University. After earning his Ph.D. degree at the University of South Carolina he returned to his Alma Mater to teach.

Dr. John E. Ward Jr., associate professor of biology at High Point College, has contributed a chapter to a new book published recently by the University Press of Virginia. Dr. Ward’s work is an ecological study of fungi present in the soils of South Carolina. The entire book is a resource and reference work for the study of algae and fungi in the southeastern United States, entitled “Distributional History of the Biota of the Southern Appalachians, Part IV, Algae and Fungi - Biogeography, Systematics, and Ecology.”

Mr. Faizi

Mr. Faizi has received support of the North Carolina College Republicans (CRs) in his bid to be allowed to remain in this country. As things stand now Faizi will be required to leave the U.S. at the end of this semester. It is his desire however to remain in this country and to continue to teach. The College Republicans are supporting him in his struggle to do that.

One thing that concerns the CRs is that Pakastan has demonstrated its displeasure with Faizi by freezing his bank accounts so that he can not withdrawn money. The CRs fear that if Faizi returns to his native country he will be persecuted.

Whereas, the visa of business Professor Faizi of High Point College has expired, its renewal has been denied, and deportation proceedings are under way, and

Whereas, his competency in the business department and his popularity with the students has been demonstrated by the significant unfavorable response of the students in light of the potential deportation, and

Whereas, his native Pakistani government has demonstrated hostility toward him.

Therefore, be it resolved by this convention of the North Carolina Federation of College Republicans assembled, that we urge North Carolina’s representatives, to the U.S. Congress to support a bill for the granting of citizenship to Professor Faizi of High Point College.

Don Wright, Nannette Falls, and Jorge Langerolle practices for opening night of Oh Coward play. It will be showing the rest of the week.
Powerless students can contribute nationally

Often times our efforts to change, speak out on, or act upon issues that we feel strongly about seem futile. Did you ever have the feeling that you were powerless, merely a puppet, of the mass society in which we live? Did you ever feel strongly on an issue but not know who you should express your feelings to?

Right now the students at HPC have the ability to make major contributions in important decisions being made in Congress and the Senate. In last week's issue there was a form letter to Madlyn Murray O'Hair which was forwarded to us by Rev. Lowdermilk. Merely filling out this letter and mailing it in could stop her in her endeavor to eliminate the Gospel via the airway and the astronauts from their public stand on their mission.

This week Mr. Faizi, a HPC professor, needs your support by writing to your local senator and expressing your wishes to let him remain in the U.S. Also, this week you can help lower postal rates and help solve the nation's dissatisfaction with the postal service. Presently a third step is being proposed for the postal department. The first was the delivery areas (zones). The second improvement was the ZIP code (Zone Improvement Plan) and now the final stop, logically, is to code the individual address. This would increase accuracy and speed in the dispatch and delivery of the mail. Also, this coding could reduce cost of the postal system by 50%. This reduction means lower operating postal rates to the consumer.

But this proposal will never be recognized unless there is some public expression of it. Need. If the public wants lower postal rates, accuracy and speed in the dispatch and delivery to the address then it appears the public must write to their Congressman to get the desired results. This means a simple letter impressing upon your Congressman his responsibility to act on your behalf in helping initiate this proposal. Believe it or not - it works.

We, the HI-Po, strongly impress upon you the need for you to write your congressman or senator if you have any strong feelings on these subjects.

Your voice, through your designated representatives, could help make major decisions affecting us all. This is your opportunity to be recognized as an important individual in the Democratic System.

Letter to the editor

Student likes positive editorial

To the Editor of the HI-Po:

Congratulations! "College life is easier to criticize than praise," an editorial which appeared in the HI-PO last week (3-23-77), is right on target. It is great to see the HI-PO takes a positive and forceful stand on this matter of student perspective.

We should all look around at us all those things which we have going for us at High Point College. It is also more productive to view our needs and shortcomings as opportunities and challenges for change or improvement.

This is an approach which creates, encourages, and produces results!

It is this very perspective which the Executive Council is seeking to expand and make functional through such programs as THE GAME OF STUDENT ACTIVISM: How To Win It At HPC. I am happy to add that this program turned out more than twenty (20) different student organizations interested in improving their effectiveness in dealing with the faculty and administration.

With strong encouragement, such as that expressed in your editorial, these organizations and others will be certain to use their good offices to effect responsible and needed student rights and freedoms for the benefit of all in our college community.

Attorney General

Cafeteria food used as weapon

by Brent Johnson

The Common Man is an editorial and should not be taken too personally.

The Russian politician Maxim Litvinov once said, "food is a weapon." At High Point College it seems to be a weapon they are using against us.

First let me say that I feel the food here is good for an institution, and that while the quality at times leaves something to be desired, the meals are generally cooked well. To put it like the man with the sick mule, they do well with what they have. The pomp then is not the food itself, but rather the use of it.

Any time a student does not go to a meal, he loses money. There is no refund, no tally onto next semester, and in no form is there compensation for his loss.

The school really does not want the student to go home for a weekend, or at least likes to save that money. Why it cannot be changed if the students want it is beyond me.

I would assume that everyone likes more money, or at least likes to save that which he has. Food is a weapon here, but it could be a tool.

Women’s tennis team improved; have hopes of conference title

by Steve Bisbing

Women’s athletics are enjoying the most prosperous and satisfying season in the history of the college and tennis is no exception.

After a dismal season last year, 4-10 and 4th in a conference of five teams, the lady netters jumped to an impressive 3-0 record. Several factors have led to this sudden turn around. First and probably foremost is the fine recruiting job done by Coach Kitty Steele and the vast improvement displayed by returning veteran’s.

Playing either the number one or number two singles will be freshmen Marie Riley from Long Island, N.Y. and Sally Tessler, from Chesire, Conn. for Marie in the No. 1 singles slot and filling in presently for the No. 5 singles spot, but has the ability to move up at any time. Described by her coach as a real mover and hard worker, Sally displays a gutsy style of play that never gives up a shot.

Veteran Temma Allen, from Alexandria, Va., currently holds down the number 3 slot. Last year’s MVP, Temma combines strength and consistency to make her one of the teams most winning players. Earlier in the fall, Temma brought home the No. 5 singles title and No. 1 doubles title with Marie Riley at the Methodist College Invitational Tournament.

Currently at the No. 4 position is junior transfer, Charlene Luscier. Having played as high as the No. 2 position, Charlene stifles opponents with a strong array of ground strokes and a “heads up” style of play. “Senior Susie Winchester of Erie, Penn., is playing the No. 5 singles spot, but has the ability to move up at any time. Described by her coach as a real mover and hard worker, Susie displays an ‘all out’ type of game that could make her one of the most successful players on the team. At the No. 6 singles spot is last year’s No. 1 player, Becky Brown of Newark, Del. Although having a slow start in the beginning of this season, Becky is continually showing added consistency and confidence with each match.

Both Carol Labosky of Winston-Salem and Jean Richardson of Crockett, Va. are rising freshmen that have already shown a good deal of promise by having filled in for two of the regulars during matches with Lenoir Rhyne and Western Carolina.

Rounding out the team are freshman Jean Bedmarick of Dover, Del. and Jody Westmorland of Thomasville. Both girls are working hard to break into the top 6 and could see action in doubles play later in the season.

Though the team’s doubles combinations appear to be a bit shaky at this time, the depth shown in the singles play have proven to pick up more than the slack. With consecutive wins over Averitt College, Va. (9-0), Lenoir Rhyne (8-1), and most recently Western Carolina (7-2) the lady netters have high hopes of a possible conference title.

Duke scholar speaks here

Dr. Henry, Professor of American Christianity at Duke University, conducted the 1977 Finch Lectures here this past Sunday and Monday. Dr. Henry’s Sunday evening Lecture in the conference room was very informal, consisting of a short lecture and a time for students to ask questions. His main topic of discussion was the relationship of the modern literature to today’s religion.

The general consensus of the group was that everyone can get something different out of literature. In other words what you read may not be exactly what the author is saying.

The Monday lectures were centered around “Religion and Literature” and their relationship to today. “We relate in very special ways to particular ideas,” “Our literature very much reflects our way of life,” said Dr. Henry.

SGA vote fails; petitions out

Petitions for the SGA Executive Council and Class Officers will be available through April 6 in Student Personnel.

Any student wishing to run for an office must secure a petition, complete it, and return it to Student Personnel by 5:00 p.m., April 6. There are four Executive Council positions available (President, Vice-president, Secretary and Treasurer), and eight positions in each of the four classes (President, Vice-President, Secretary, Treasurer, three Legislators, and one Judicial Representation).

Candidates must have an overall “C” average, be taking a minimum of 12 hours, and have paid the student activity fee.

General elections will be April 27.

With a final vote of 143-87, the proposed S.G.A. constitutional amendment to establish a campus-wide dorm court failed on March 22.

The amendment was proposed by Legislature Speaker Ed Grandpre and Speaker Pro-tem Ken Roach on November 16, 1976. The Legislature passed the amendment and it would have become a constitutional amendment had it been ratified by a 2/3 majority vote of the student body voting. However, sixty-two percent voted against the amendment.

Passage of the amendment would have added a dorm court to Article VII of the S.G.A. Constitution. Article VII includes the duties, powers, and membership of the Judicial Committee Traffic Court and Supreme Court.

Had the amendment been ratified, a centralized dorm court would have tried all violations of the dorm rules of each dormitory. In addition, the dorm court would have enforced dorm rule violation penalties. Any of the decisions handed down by the dorm court could have been appealed to the Supreme Court within 48 hours.

Due to its failure, the present system of each individual dorm council trying any violations will be maintained.

Art of living is least learned

By Malon Beacom

In E. Stanley Jones’ book THE ART OF MASTERING LIFE, he states that “the art of living is the least learned of all arts.”

Mankind has learned the art of existing, of getting by somehow with the demands of life, of escaping into half answers; but he knows little about the art of living, about being able to walk up to life, with all its demands, humbly conscious that he has within him a mastery that is able to face this business of living with adequacy. That is life’s central lack.

The modern man knows everything about life except how to live it! It has been a writer’s observation that people seem to spend more time learning how to make a living rather than concentrating on what it means to live and how one should live life and love living. Using the title of Francis Schaeffer’s book HOW THEN SHOULD WE LIVE?, how should we truly live in this business of living?

Some will undoubtedly say, “My mind is made up.” Don’t confuse me with the facts." There was one wise soul who said, “There is none so blind as he who will not see.”

All the answers to life are not ours; but the question is, “Have we claimed life as ours?” Are we truly living or merely existing? In life a blash and only a dull, monotonous round of dreary duties and mechanical responsibilities that we perform programmed robotic.

What is the purpose of our living and human existence? Our answer to such questions will depend on the quality of our faith and will determine the quality of our living. To live without purpose is the unhappiest experience of all.

Human hearts are amazingly alike. They desire a deep sense of satisfaction, of fulfillment, of love, of acceptance, and mostly purpose in one’s existence.

Unfortunately, even though we have eyes, we often fail to see the beauty of life and to realize that life is wonderful; and, despite the suffering and hardships of life, there is still beauty.

God made enough sunshine for all of us to share. Why cloud the horizons of life with human unhappiness, disillusion, and continuing nihilism?

G.O.P. to meet here

A national GOP gathering will occur here this weekend. The College Republican National Committee (CRNC) is holding a training session which will bring the nation’s top College Republicans (CRs) to High Point.

Known as a Student Fieldman School the program will cover all aspects of how to organize a political campaign. Included will be everything from raising the money, to press relations and to the end result of turning the voters out on election day.

There will also be selections on how to organize and run a local CR club and on the operation of special youth campaigns.

Among those expected on campus are Karl Rove, Chairman and Kelly Sinclair, the Executive Director of the CRNC.

The school convives at 6 p.m. Friday and concludes late Sunday afternoon.
To teach "How to relax"

Teplitz to bring program to HPC

NEVER HAVE ANOTHER HEADACHE! Never suffer through another hangover! Jerry Teplitz, author of the book How To Relax & Enjoy, will teach you to cure your own (and friends') headaches and hangovers in just 2 minutes. He will also teach you fast, easy ways to totally relax before an exam, to fall asleep the night before an exam or interview, and to energize yourself for less painful all-nighters! All of this will take place on Wednesday, April 20 at 7:30 p.m., when Jerry presents his program, "How To Relax and Enjoy Being a Student/Passing Your Exams."

Jerry will teach basic techniques of Shiatsu (Japanese pressure-point massage), deep breathing, meditation, and yoga -- techniques you can use to easily and quickly relax. The Shiatsu techniques will also include treatments for sore throats and sinus colds.

"This isn't mysticism or magic," explains Jerry, who is an attorney as well as a Master Teacher of Hatha Yoga. "These are healthy things to do for your body, and there are sensible reasons why they work. For instance, the headache and hangover cure is a Shiatsu technique. It involves pressing certain points on the head and neck. This greatly increases blood circulation to the head, which means there's more oxygen and more nutrients going to the head. Plus, when you put pressure on tense muscles, they respond by unwinding and relaxing; that's a basic physics principle."

Jerry is so confident of his methods that he offers $5.00 to anyone who is not more relaxed after the program. "I've made this offer to hundreds of students in the past year, and not one person has claimed the money," he reports. During his many tours of college campuses, he has taught thousands of people "How to Relax."

Participants always report feelings of "complete relaxation...happiness...more energy...peace." In addition, Jerry frequently gets letters with statements like: "Since your program a year ago, I have not had a headache."..."I have been meditating regularly since your program, and the changes in my life are amazing. I am more energetic, more self-confident. I get a lot more done...I need less sleep!..."Your sore throat treatment (Shiatsu) really got rid of my sore throat!"

The program is sponsored by the Student Union and will be held on the Second Floor of the Campus Center on Wednesday April 20 at 7:30 p.m.
Pack up early and be ready to leave

Want to have a party Friday night before you leave for

S P R I N G  B R E A K? Want to have a couple hours after your

last class to visit and say goodbye to the friends with whom

you live? NOT ON THIS CAMPUS! The dorms close exactly

two hours after the last class scheduled on Friday. For those

who have labs, we certainly hope you can get an

administrative cut!

Seriously, is the administration so afraid that one might

have a few friends over for 'coke and cookies' after that long

trudge of the first half of the semester that it must close it's
doors so early as to rush it's occupants out. We're afraid it

always has been, and unless students speak out, it always

will be, that the dorms are closed immediately after class and

students are rushed to the highway to make the best for

themselves until their plane leaves, their parents arrive, or

they get their bags packed and are ready to go. Of course,
you do have an option. If you would like to stay until

Saturday you can go to a meeting Friday afternoon and hear

the lectures that are intended for those staying the entire

weekend.

As it stands now you better pack up while you should be

staying and be ready to leave right after that Friday

afternoon class. And don't forget to say goodbye to your

friends on Thursday night (when you should be studying)

because you won't see them on Friday.

We want to take this opportunity to tell all our friends -

Have a safe and happy holiday, and look for the next issue

coming April 27.

Editorial Policy

The editorial is a weekly column about subjects pertaining to

students at High Point College. Any student, faculty, or

staff who would like to contribute in writing should send

contributions to Hi-Po, Box 3038 (Campus Mail). All

contributions must be signed; names will be withheld upon

request. The Hi-Po will gladly provide space for opposing

views.

Hi-Po Women

Best at National Tourney?

by S. Bishing

Everyone knows that the 1977 AIAW Small College

Women's Basketball Tournament is now history with the

Lady Panthers emerging as the 7th best small college

basketball team in the nation, but I believe there are quite a

few notable points of information that the record

book doesn't show.

There were rumors, talk among players, and a brief

mention of High Point's demise in game 2 against

eventual champiion S.E. Louisianas and the final 4 minute

hour in game 4 with host Cal-Poly (Calif.) on the

television and in the Greensboro Daily News

following these contests. But when Greensboro's Pat

Moore was brought to face some very interesting and

"unfortunate" incidents that surrounded these two
defeats, I felt the Lady Panthers deserved a bit more

credit than a "7th" place finish renders them.

Of the 16 teams participating in this year's tourname-

ment, the 4 best teams, defending champion Berry

College of Georgia, host Cal-Poly, eventual champion S.E.

Louisiana and the only undefeated team High Point,

were all placed in the same bracket. Instead of (hope-

fully) assuring the best teams a place in the finals as a

balanced seeding system would allow, the top teams simply

knocked each other off, allowing much weaker

teams to advance into the finals in the other bracket.

We, the Hi-Po, strongly urge the administrators who are

responsible for this to reconsider and at least give the

students at High Point an opportunity to compete.

We want to take this opportunity to tell all our friends -

Have a safe and happy holiday, and look for the next issue

coming April 27.

by Malon Baucom

In a ZIGGY comic strip by

Tom Wilson there is a very

revealing conversation.

Ziggy says: "Ever noticed

how when you see people

you know you say...Hi...How are you?

But do they really care how

you are? No...they never

even stop long enough for you
to tell them how you are!!"

Within the next moment, one of Ziggy's friends

walks by and says: "Hi Zig...How are you?"

"Well," Zig replies, "not so

good actually...you see I...

"Great Zig!! See ya around." Zigzy resigns in

despair, "I rest my case!!"

The question most people

want to know inevitably is:

"Do people really care; and if

so, is there love genuine?"

It is an interesting

sociological observation that

the High Point College

campus community is cha-

rmed by the friendly

group of people. It may be

the small college atmosphere

when people walk up to you

whom you hardly know and

say in a very unique and

friendly way "Hi!!"

However, it could be a

sign of a genuine spirit of

love and concern for each

other. This is a reality only in

the minds and hearts of those

who make it so.

Let's look at that word

'love.' Wrapped up in it is

so much: unselfishness, good

will, and kindness. No

person can live unto himself.

The reaction of other people

in so many ways determines

what our own lives will turn

out to be. And love toward

others is always the best way

to follow.

The Bible tells us: "Be

you kind one to another, as

the Lord has called you of

a loving heart, forgiving one

another, as God for Christ's

sake has forgiven you." Love

is an essential element in our

existence.

As Albert Camus reflects

in The Plague: "He knew...

what the old man was

thinking as his tears flowed,

and he, Rieux, thought it

too: that a loveless world is a

dead world, and always

there comes an hour when

one is weary of prisons, of

one's work, and of devotion
to duty, and all one craves

for is a loved face, the

warmth and wonder of a

loving heart.

The prisons that bind us

are often of our own making.

We get so uptight and lock

ourselves in our private

prisons and demand that the

general public free us and

give us our rights. People

complain about their govern-

ment and high taxes, but

then we remember the man

without a country who hasn't

been allowed to be a citizen

anywhere.

When Jesus wanted peo-

ple to understand what God

is like, he told them of a

father who welcomed home

his runaway son and refused
to shut him out. Love is the

opposite of being shut out.

Love is acceptance by

another, giving a sense of

belonging, and showing a

genuine concern.
Men's Tennis win two - lose two

by Skip Harris

The tennis team slumped as it lost two matches, then turned around and won two more. East Stroudsburg traveled to High Point and left with a 1-8 victory. The next day Coach Goff led his Panthers away from the courts at Montlieu U. to battle his alma mater, Appalachian State. For the third time in three away matches, the Purple Raquetteers went down 0-9. Later in the week, the Panthers stopped their slide by trouncing MIT by a tally of 7-2. Pfeiffer was the next victim of the HPC men as the team rose their record to 12-7. Under threatening skies, Atlantic Christian College stopped Goff's players 2-7.

Coach Goff said that the team has not played well as a team since the March 11 win over Temple by the score of 6-3. He feels the number of matches is tiring the team mentally. All of the remaining matches are a tune-up for the District 26 Tournament and the Carolina Conference Tournament. Goff added that Elon, Guilford, Pfeiffer, and St. Augustine will have to be beaten to win District 26 contest. To win the Carolina Conference, Atlantic Christian will have to be stopped.

The tennis team is a young one and suffers from a lack of leadership. One senior can't lead the team said the P.E. coach, William DeGroot, who is lost to the Panthers due to a knee injury, Kendall Handy, and Tom Fitzmaurice have been impressive in their improvement. Jeff Apperson has recovered from an Achilles tendon injury which hampered his serve and volley game.

Lady Netters are 4-1

by S. Bissing

The Lady Panthers found the women of Wake Forest University to be too much to handle as they dropped their first match of the season 8-1. Though most of the scores weren't even close, Coach Kitty Steele was fairly pleased with the play of her women, especially veteran Temma Allen, who saved High Point from a complete washout by devasting her opponent 6-0 and 6-2 with her usual display of power and strength.

With an away match against Catawba rescheduled for April 20th because of inclement weather, the lady netters had an added day of rest before their match against Atlantic Christian. Rebounding like real winners, the High Point literally blew ACC off the court, 9-0. Marie Riley (#3), Charline Luscler (#4), Temma Allen (#5), and Becky Brown (#6) all trounced their opponents by scores of 6-0 and no more than 6-3. Probably the most satisfying and easily the most exciting match was number 1 Sally Tessier's three set victory over undefeated Joan Adam, 4-6, 6-4, 6-4. Joan Adam was not only undefeated in over 12 matches thus far, but ACC's #1 for the past four years and the number one singles champion in the 1976 Methodist Invitational Tournament. Relying on superior physical conditioning, a "never say die" attitude and her usual all out "hustling style, Sally simply wore her opponent down physically and psychologically. Doubles were much like the 3 through 6 singles play, as Marie Riley and veteran Susie Winchester combined to waste ACC's number 2 double duo 6-0 and 6-1. Sophomore Temma Allen and freshman Jean Richardson proved to be too much for their opponents as they scored a 6-0, 6-1 victory also.

On Monday, the tennis team takes on defending conference champions, Pfeiffer College. Little is known about Pfeiffer's record this year, but Coach Kitty Steele feels they definitely will not be a pushover, as they have their entire team back from last year.

On Thursday, the Lady Panthers will travel to Danville, Va. to play Averitt College whom they soundly defeated earlier this year, 9-0.

The following Wednesday (April 13) will begin the first annual North Carolina State Small College Tennis Tournament to be held in Wilson, North Carolina. Sixteen teams will be competing with Methodist College of Fayetteville, probably the team to beat. High Point should be in close contention for the title, as they finished runner-up to Methodist in the Methodist Invitational earlier this fall.

Panthers up record to 15-4

by Randy Ledbetter

High Point's Baseball team raised their record to 15-4 with a perfect 4-0 weekend. High Point defeated Wake Forest twice, Catawba and Lenoir Rhyme. Standouts during the week were Tony Waite, Dan Wilbur, Paul Walter and Joel Swope. Waite was 4 for 5 in Friday's game against Lenoir Rhyme and Saturday against Wake.

High Point's Baseball team raised their record to 15-4 with a perfect 4-0 weekend. High Point defeated Wake Forest twice, Catawba and Lenoir Rhyme. Standouts during the week were Tony Waite, Dan Wilbur, Paul Walter and Joel Swope. Waite was 4 for 5 in Friday's game against Lenoir Rhyme and Saturday against Wake.

Joel Swope is congratulated by Bob Aikens [21], Joe Garbarino and Tim Reid [with jacket on] after hitting home run.

Dr. Cole lectures on new South

Dr. Robert Coles, a noted expert on social psychiatry, spoke to High Point College students Tuesday, March 29 in Haworth Chapel. His topic was the "New South".

Coles, a Boston native, has published some 25 books. He has been on many major hospital staffs and is currently on staff at Harvard University and Medical School.

Time Magazine featured him a 1972 cover issue.

They described him as the "most influential psychiatrist living in the U.S." According to Coles, he decided to come to the South to understand the racial attitudes that existed during the 1950s and 1960s. He did not come to try to change the South, but to observe.

In order to understand the people, he studied the children who first led the way into the South's segregated schools.

Coles learned through the study that these children had to undergo very frightening experiences. The experiences were "sweet pain" to them because their had been forced to live with fear all their lives, Coles observed.

He sees the future South taking on many of the Northern characteristics: By doing so, Coles believes the South will gain in terms of racial equality but will lose a certain dignity possessed by the South.

Republicans blame Democrats

"The Democrats were right," declared Karl Rove, Chairman of the College Republican National Committee, speaking here this past weekend.

"They told us that if we voted for Ford we would have higher prices, higher unemployment, and more (national) debt. They were right. We voted for Ford and look what we've gotten, higher unemployment, higher inflation and more debt."

Rove's comments were made at the conclusion of a three day workshop on campaigning held in the Campus Center.

On hand for the event were College Republicans (CRs) from Alabama, Georgia, Kentucky, Tennessee, Virginia, Pennsylvania, the District of Columbia and North Carolina.

Also blasted this weekend was Federal Government harassment of high education. It was noted that the U.S. is dictating to colleges that fraternities must except women and that sororities must except men.

Uncle Sam also tries to influence the hiring of faculty and admissions procedures. CRs were told that these areas the Feds have no business in.

Jim Merriam, chairman of the High Point College Republicans noted that many of the visitors to campus expressed compliments toward the cafeteria's food, the courtesy of the food service staff. They also commented on the excellent meeting facilities in the campus center.

Republicans noted that many of the students were working toward accumulation of first library which he did so by bringing books from others who had good libraries to his home. He went on to say that often times these men who had these good libraries did not use them, so he often kept such books that they did not seem to miss.

A reminder to each student that spring break will begin this Friday, April 8, with dorms closing at 4 p.m.

Only students who have signed up and have been given permission from Student Personnel will be allowed to stay in the dorms during the break. There will be a meeting of all students who will be staying on campus during the break in the conference room of the Campus Center at 4 p.m. on Thursday, April 7. All students remaining on campus are expected to be present.

The last day to borrow from the Fun Fund will be Wednesday, April 6.

Fall registration schedules will be available on Tuesday, April 19. Registration will begin on Monday, April 25.

Jim Roberts, who is a scout executive, will be interviewing students interested in Scouting Positions and Youth Agency Positions on April 19 in meeting room II of the Campus Center from 9:00 a.m. - 10:30 p.m. and 11:30 a.m. - 4:00 p.m. Sign up for interviews in the Student Personnel Office.

The immediate available position is District Scouting and Exploring executive. The starting salary is $2920 plus benefits including an automobile. The person must be interested in sales, administration, and management. Having a scouting background is not essential.

Several of the following items have been placed in the Lost and Found drawer of Student Personnel - Stop by and see if you can identify any of the following: a pair of sun glasses with case, prescription sun glasses, glasses case only, gold bracelet, matching ring, spooning, two gold pins, assortment of keys, and an engraved ball point pen.

Cultural Credit cards must bear the name of the student if credit is desired. The Registrar's Office has received a number of cards recently without a name on them and there is no way to trace who turned in the card.

The Registrar's Office requests you to check each cultural credit card handed in for your name. If your name is not typed or computer-printed, you should write your name in the correct space. No credit can be given unless the name of the student appears on the card.

The High Point Chamber of Commerce small business committee and the High Point Area Chapter of Score will be holding a business seminar for an insight into some basics for better management of a small business on Wednesday, April 27 and Thursday, April 28.

Persons interested in attending must register in advance for the seminar. More information can be obtained by going to Student Personnel and picking up a brochure.
Elections for the Student Government Association and Class officers will be held today in the Campus Center. Polling will take place in the cafeterias from 11:30-1:00 and from 4:45-6:15 and in the lobby of first floor from 1:00-4:45. All students are eligible to vote.

In the elections for the four offices of the SGA, there are a total of eight candidates. Running for President are Ed Grandpre and Dale Williams; Vice-president, Jim Van Horn and Karen Siverthorne; Secretary, Christie Carroll and Cathy Groom; and Treasurer, Sherri Jones and Bobby Ziglar.

The following information is from interviews of the candidates.

Presidential Candidates:
Ed Grandpre is a junior majoring in Human Relations. He is a member of the APO service fraternity, in which he was President of this past fall semester, and he has been involved with the Apogee this year and is member of the Order of the Lighted Lamp.

His experience in student government includes two years on the student judicial committee, one year of representation in the legislature in which he was a parliamentarian, two years on the orientation committee, and chairman of the spring weekend committee for one year. Grandpre stated that the main reason he was running for president is that by being speaker of the senate this past year, he can see many improvements in the student government that are needed and he would like to change them.

Part of his platform includes more student representatives on faculty committees, better communications between the SGA and the organizations they fund, continued use of the public hearings and surveys, to get all four classes meeting regularly in some way, to help all organizations get more for their money by working with them on eliminating wasteful spending and to have all SGA appointed offices be filled by applications such as the orientation committee is now done.

Dale Williams: Dale Williams is a junior and a Biology pre-med major. He is also a member of the APO service fraternity in which he was a chairman of the APO Book Exchange, and he is also the student delegate of the Alpha Chi Honorary Society Convention.

His previous experience in the SGA includes holding the office of Treasurer, being an ex-officio member of the student legislature, and

SGA passes $4000 act

The Student Legislature has passed an act to establish funding for a faculty development and enrichment program, construction of new library facilities, and expansion of recreational usage of the tennis courts.

The bill, proposed by the SGA Executive Council, would take about $4,000 from the SGA Contingency Fund to put these programs into effect.

Fifteen hundred dollars ($1,500) would be used to fund a two-day faculty development program in conjunction with the Center for Creative Leadership. The bill states that this program is to be accomplished by January 1, 1978.

A total of five hundred dollars would be designated to establish an endowed Faculty Enrichment Fund.

HPC costs $140 more

North and Yadkin -- 1,512.50
Mills -- 1,522.50
Belk -- 1,557.50
Houses -- 1,512.50

Students who have private rooms in the dormitories will pay an additional $50 per semester.

North Carolina students who want the State Legislatively Tuition grant are required by law to complete an application for the grant. The business office has applications.

Get Zenith next week

The 1977 edition of the Zenith will arrive next week scheduled to be given out on Honors Day. This year's Zenith will show vast improvements over past editions. This year the staff started off fresh with a new publisher, Josten's/American Yearbook Company. It was a rebuilding year, consisting of a large staff of 20, but with a limited budget -- the staff could not account for all the year's activities. Layout and photography have improved considerably with creative ideas from the staff.

Plans for next year's Zenith have already begun. If the budget is accepted as proposed, the Zenith will consist of an estimated 210 pages. This will mean more activities and color pages that would be included. The book represents the college administration, faculty, staff and student. It should be looked at as an outlet for public relations, student involvement, and a collection of college life/history for that particular year. All people interested of keeping the Zenith "alive" should attend an orientation meeting, Wed. night at 7:00 p.m. in the Publications Room, Campus Center.
HI-PO Supports Carter for SGA President

The Hi-Po is taking an unusual stand. The editors of this publication are supporting a write in candidate - Allen Carter for SGA President. His hat in the ring presents a fresh face from the other candidates who have served already on the SGA. Allen feels that the platforms of the other candidates are presenting mute issues. The issue of the Radio Station’s existence has already been settled by the SGA vote this year and the SGA legislature has solved the security problem. Allen feels these so called “burning issues” have already been solved and that the other candidates are attempting to gain votes of support of a non-issue.

Allen is a well qualified organizer and leader who was asked to run for this office. He has started no campaign for himself but has now a campaign for the student body as a whole. His lack of experience, the Hi-Po feela, will be made himself but has now a campaign for the student body as a whole. His lack of experience, the HI-PO feela, will be made up by his character. His innocence and candor could open up the somewhat secretive SGA. His dedication and fairness can make the SGA a student organization. The Hi-Po staff urges all students to write in Allen Carter, not just check off another.

Other recreational ideas

Lighting the tennis courts is a great idea! The student legislature has a bill before it to allocate $1,000 from the Contingency Fund to finance the project. The only question can is it going far enough? For sure it is a positive step forward for athletics on campus, if the same sort of step were made each year the campus would be much better off. Yet while we are making improvements this year there are other rather simple steps that could be taken to upgrade facilities.

One would be outdoor basketball “courts.” There is already an unused basketball pole, backboard and hoop behind the maintenance storage area. Placed next to a parking lot, after adding a net, it would provide a half court sunshine filled game. Placed next to the parking area and a street light, but not too close to a dorm, and one has an instant 24 hour gym, in the warm weather months.

Another, more difficult project would be to find an unused room that is at least vaguely the dimensions of a hand ball court and convert it to make a shift hand ball court.

Busy lives paralyze real knowledge

by Malon Baucom

“We live but a fraction of our lives.” What did Henry Thoreau mean when he made this observation of life? Perhaps he meant what another writer named Richard Cookson meant when he said: “We who live such busy lives filled with so many occupations may become strangers to ourselves. We who fuss our heads with so many facts and figures may become paralyzed to real knowledge. We who involve ourselves with so many people on a superficial level may become unable to have a friend. We who spend so much time exploring the world we see may become unaware of the fearful and wonderful world within. We who long for better lives searching for more power greater than we may become unaccustomed to God who is all around.”

This business of living involves an effort of communication and understanding on our part. Reach out? To communicate is the beginning of understanding. In order to grow to maturity as an adult in a world of generations, one must make growth as his goal.

In reflecting on your life, keep in mind that growth is out? To communicate is the beginning of understanding. In order to grow to maturity as an adult in a world of generations, one must make growth as his goal.

Eight SGA candidates running in all

being chairman of the parking committee this past year.

Williams stated that the main reason that he was running for president is that by being a member of the Executive Council for the past year, he was a part of a "productive year in which many programs and projects were initiated that were not simply projects that end, but were projects that are carried into future years, and I feel that he has been able to continue these projects and see them through in the best possible manner.

His platform includes four main points: 1) see the radio station (now in its fifth year) to completion and on the air, 2) reorganize the North Carolina Student Legislature delegation (which secured the $200 grant for N.C. residents) to rectify the slacking of this group into a functioning, efficient group, 3) to seek a better working relationship between the Student Union, SGA Executive Council, SGA Legislature, and the Hi-Po because there is a need to let students know what is happening, and 4) to work getting a better campus security and parking situation.

Vice-presidential Candidates
Karen Silverthorne, SGA Vice-presidential candidate, Karen Silverthorne, is a junior majoring in Human Relations. She is a member of the American Humanities Student Association, serving as program chairman.

Karen was active in both Freshmen Orientation 1976 and Spring Weekend 1977. In addition, she was on UNC-Charlotte's planning committee for the orientation in 1974.

Due to her orientation experience on two campuses, Karen feels that she has the insight needed to help freshmen and transfers adjust to HPC. She also wants to become involved more in campus activities.

Jim Van Horn, SGA Vice-presidential candidate, is from Lutherville, Maryland. Jim is the junior whose major is accounting. He is a member of Fr Kappa Alpha fraternity, holding the office of Treasurer last year and president this year.

Jim was a member of the Orientation committee in 1975 and 1976, serving as a core committeeman last year. He is also a member of SAM, Order of the Lighted Lamp, Delta Mu Delta Honorary Business Fraternity) and IPC, which he serves as Vice-President. Jim feels his good rapport with both students and administrators makes him most qualified for the position of Orientation Chairman.

Secretary Candidates
Christie Carroll
Christie Carroll is a junior majoring in Biology, Spanish, and pre-med. Her previous experience in student government includes holding the position as Secretary of the Legislature for the past year. She has also been an officer in the Spanish Club.

Christie claims that the main reason that she is running is that she had never run any office before, but that she enjoyed the experience as Secretary of the Legislature and feels that she can do a better job in improving the performance of the office.

Christi went on to say, "Since I am a day student and had not met only the people in my class and legislature up to now, I am enjoying this campaign greatly just for the new friends I've made! If you don't know me, I can guarantee my dedication and a fair point of view."

Cathy Groom
Cathy Groom is a sophomore majoring in International Relations. She has had secretarial experience in various organizations on campus and in high school.

Cathy stated the reasons she ran for the office of Secretary was that she had been involved and wanted to get more involved in organizations; that she thinks she can do a good job, and is really interested in it.

Cathy also believes that the office of Secretary is what you make it in that she not only wants to perform the duties of a secretary responsibly and efficiently, but she wants to get involved in other aspects of student government as well.

Cathy went on to say, "I know I can do a good job, I know I can see things done, and I'm really enthusiastic about it and would like to see students get involved."
Men's Tennis 19-6,
Women 3rd in State

The tennis team ran their record to 16-9 with wins over Catawba, Guilford, and Pfeiffer and losing to East Tenn. State.

Before Spring Break the team traveled to Salisbury to defeat Catawba in a 9-0 shutout. This was the second road win for the Panthers, who earlier downed East Carolina. After break, Coach Goff's men dropped Guilford 6-3, then turned around and stopped Pfeiffer 6-3 in another road victory. Despite the women's success on Saturday, their male counterparts lost to a strong, undefeated East Tenn. State, 2-7. East's No. 1 player is ranked third in Arkansas behind Vilas.

With the season drawing to a close, Coach Goff and his squad are looking to the districts on April 29-30 and the Carolina Conference Tournament May 5-7. The team is hampered by nagging injuries and William Hembree is recovering from knee surgery.

In women's tennis the Panthers finished third last week in the NCAAW state tournament held at Atlantic Christian. Individually fresh- man Marie Riley was defeated in the championship finals at the No. 2 position by Virginia Lancaster, 6-1, 5-7, 6-3. In the consolation round Tema Allen won the No. 3 singles, defeating Kelly Erickson of Guilford while Susie Winchester and Riley won the consolation doubles.

High Point's total of 11 points placed them well back of victorious Peace College (31 1/2) but the Panthers did lead all other Carolina Conference teams.

Baseballers 6-0 in conference

The High Point College baseball team, ranked 12th nationally in recent NAIA ratings, upped their Carolina Conference record to 6-0 last week with an easy 17-2 win over Pfeiffer and a hard-fought 13-inning victory over arch-rival Guilford by a 3-2 score. In non-competition action the Panthers dropped a 6-4 decision to Virginia Tech, who avenged an earlier defeat, and split a doubleheader with Lynchburg losing the opener 6-3 and winning the nightcap 7-0.

In the Guilford game righthander Kevin Keene went the distance, picking up his third win of the season. Keene allowed just seven hits, shutting out the Quakers over the last ten innings of the contest. High Point's Paul Walter hit a one-out homer over the right field fence to win the game. First baseman Tony White continues to lead the Panthers in hitting while Senior Righthander Billy Sorrell lost his first game of the year against Lynchburg after six wins.

Netters host conference tournament

High Point College will once again host the Carolina Conference Women's Tennis Tournament Friday and Saturday, April 22-23. Action is scheduled to begin at 9:00 a.m. Friday. All rounds in singles and doubles will be played Friday with the finals scheduled to begin at 9:00 a.m. Saturday.

Defending champion Pfeiffer is considered a strong favorite along with Guilford and host High Point. Pfeiffer's strength is depth last year as they won the No. 2-5 singles and the No. 2 and 3 doubles. May Kinnicle of Guilford won the individual championship she won the No. 1 single title.

Four HPC men's tennis players are considered as front-runners for All-Conference honors.

Bureau to aid teachers in finding job positions

The Educational Placement Bureau announces a service to aid qualified teachers in obtaining a position in their chosen field.

The bureau director says, "It is amazing how many prospective teachers are being trained each year and are unable to find a position. Educational Placement Bureau was founded to help these teachers. We have extended our coverage to include elementary, secondary and college level placements. One of the biggest problems is simply informing teachers that we do exist and are available to help them.

The Bureau offers its services to educators by being a resource center for credentials, supplying names of schools with vacancies and guidance as to how to apply for same.

For more details on this service qualified teachers may write:

SGA, class officers elected; run-offs to be held Thursday

President Patton inducts the new SGA Executive Council

Class and S.G.A. Office elections were held April 27 in the Student Center. More than one-third of the student body voted.

Obtaining more than fifty-four per cent of the vote, Allen Carter was elected President of the S.G.A. Carter, a junior, was a write-in candidate. The other S.G.A. Officers are: Jim VanHorn, Vice-President; Cathy Groom, Secretary; and Sherri Jones, Treasurer.

The S.G.A. Officers were sworn into office by President Patton on April 29.

The new class officers include Sabrina Pearson, Vice-President; Cindy Briggs, Secretary; Fred Patterson and Wally Shealy, Legislators; and Chip Aldridge Judiciary rep.

A run-off election will be held for the offices of Treasurer and one Legislative. Donna Luff and Malon Baucom are candidates for Treasurer. Nancy Heines and Sarah Amos are Legislative candidates.

Junior Class Officers are: Jorge Lagueruela, President; Sandy Rittenhouse, Vice-President; Sandy Spaulding, Secretary; Kathy Garner, Treasurer; Steve Moss, Jackie Swing, and Norris Woody, Legislators; and Matt Dunton, Judiciary Representative.

The Sophomore Class Officers include Sabrina Pearson, Vice-President; Andy Wubbenhorst, Legislative; and Steve Busing, Judiciary Representative.

There will be run-offs for the offices of President, Treasurer, and one Legislative. Donna Adams, Danny Elkins and Randy Prunter are candidates for the position of President; Mark Poore, Scarlet Roland, and Cheryl Vernon are candidates for Treasurer; and Donna Fiorvanti and Terese Nowak are running for a Legislative position.

The Sophomore Class Officers were sworn into office on May 3rd at the Legislative meeting.

Run-offs will be held Thursday, May 5, in the cafeteria during meals.

Carter plans to put slogan in effect

SGA President, Allen Carter, in conference with Patton

Allen Carter, the new president of the SGA, won on a campaign slogan of a "fair, receptive candidate with a campaign for the students."

Now as President, Carter states that his main effort will be to incorporate student ideas and opinions into action. "I want to consult students and be open to their gripes and suggestions in hope that the SGA can act on these comments that will either produce changes and improvements."

Allen, an accounting major, has been a member of SAM, the Society for Advancement of Management, for three years. The last two years he has been President of SAM.

Relating his experience as President of SAM, Alan stated that he believes that being President of SAM has given him a sense of responsibility and made him see the need for dedication in the higher offices on campus. He went on to say, "An elected officer should give the job your best and that's the way I plan to be as SGA president."

Some of the major ideas that he plans to put in effect include: 1) Maintenance of an open door policy in which people can see him either at his office or in his room. "I want to be available at all times for this is not just a 9-5 job."

2) Knowing I can't meet everybody on campus, he would like to institute a program as a sounding board for ideas that would involve cooperation between club and organizations heads on campus in which they would work with members in coming up with a list of suggestions and ideas for the SGA to look into.

3) To open more meetings for students and to publicize all meetings at least a week in advance. Also, this program would include the making of a report of the meeting available to students.

4) Having the hours posted in which the athletic teams use Harrison Gym, Alumni Gym, the tennis courts, and other recreational facilities so that the students can know off hand when they can use the facilities. 5) Work for more student representation on the faculty committees that directly involve students.

6) Having more participation from minorities on student government.

Carter concluded, "Even though I lack experience in student government, if I have the support of students, administration, and the legislature, I believe we can accomplish our goals."

Extra Hours

The library and Campus Center will probably be open extra hours this weekend and next week. At press time the library was uncertain as to which hours they would stay open because of a man power shortage. However, it will probably open at 9 a.m. on Saturday (instead of 12:45), and may also stay open extra hours during exam week. The library will post notices on bulletin boards when a decision has been reached as to hours. Additionally, the first floor conference room of the Campus Center will remain open 24 hours a day from Sunday through next Thursday night.
Welcome program, sports, congratulations, final issue

The Hi-Po would like to remind all freshmen students who received the campus welcome coupon booklet at the beginning of the year, to please use all the coupons you may have left. Many of the coupons are not dated and many include nice discounts of meals and other things, so it will work to your benefit to take advantage of the coupons. Also, if the program is to be continued next year, it is contingent on how well the freshman students respond this year. The program is a valuable one as it allows the various businesses to get to know students and students to familiarize themselves with the various businesses. So, let's make an effort to see it continued.

************

Also, the Hi-Po would like to congratulate the election winners of last Wednesday. We hope that each winner will responsibly fulfill their duties to the best of their capabilities. Commendation should go to the other candidates as well for their continued existence.

The challenge of Jesus is a challenge in life that we respond to or fail to respond to. It is impossible for anyone to tell another just what Jesus can or will mean to him. That is a matter of personal experience involving the secret depths of the individual's mind and heart. This is in part what Albert Schweitzer expressed so well when he wrote: "He comes to us as One unknown, without a name, as of old, by the lake-side, He came to those who knew Him not. He speaks to us the same word: 'Follow though me!' and sets us to the tasks which He has to fulfill for our time ... And as an ineffable mystery, they shall learn in their own experience who Christ is."

We all must live our own individual lives; others can't live our lives for us. We may get encouragement, advice, and inspiration from our friends in responding to life, but we must make our own decisions as to what we will believe and how we will live our lives. Dear friends, we are sea and land.

It is not our purpose to become each other — it is to recognize each other — to learn to see the other for what he or she is — each the other's opposite and complement. As Pierre Chardin says: "To overcome every obstacle, to unite our beings without loss or individual personality. There is a single force which nothing can replace and nothing destroy, a force which urges us forward and draws us upward: THIS IS THE FORCE OF LOVE."

Is it possible in everyday living to reach a common ground of thinking to unite the human race and end our cliques and divisions? All things are possible if we believe, are less difficult if we hope, and more easy if we love. The Bible says that God made man in His image. To say that I am made in the image of God is to say that love is the reason for my existence, for God is love. Thank you, members of the High Point College campus, for your support and understanding in making LIFE WITH A CAPITAL L possible. Suggestions for next year's columns are most appreciated and can be addressed to P.O. Box 3082.

I hope that by sharing our experiences in mass media we may begin to love living and live loving.
Library surveys available today

by Jim Merriman
Planning for a new library is moving forward. The ad hoc committee, chairperson Dr. Stitt hopes to have completed a report with recommendations to the Board of Trustees by the end of the summer.

Today, through Friday a survey will be given to students asking their opinion as to which facilities should be included in the new building.

Day students will be able to pick up a copy of the questionnaire in the lobby of the Campus Center and also in the snack bar. Dorn students will be given the same survey in the cafeteria.

The survey will cover such areas as whether or not students desire smoking and non-smoking areas, whether they want vending machines available, and the relative importance of these and other items.

Although it has not been decided for sure, it seems most likely that a totally new building will be built instead of enlarging the present Wrenn Library. One question in the survey will deal with possible locations for the new building.

Choices range from constructing it in place of or alongside the old library, between the Campus Center and Robert’s Hall, in place of the present smoke stacks and steam plant, on the site of the old Harrington Hall, or between Cooke Hall and Harrison Hall where there are now woods.

While the committee is making fast progress, there is still much to do before things are decided. Most of the planning, however, will have been completed by September. Thus, students who wish to express ideas about new structure need to do it before leaving campus this semester.

One way to do that is to write ideas not covered in the survey on the back of the survey.

Gramer ain’t nothin to sneeze at

by Sylvia Welborn
Let School-masters puzzle their brain with grammar, and nonsense, and learning; Good liquor, I stoutly maintain Gives genius a better discourse.

Oliver Goldsmith
She Stoops to Conquer

Probably 98 per cent of the freshmen at High Point College would agree with this finidist’s observation on grammar. The usual reaction to grammar is abhorrence. Yet grammar is still a necessity in the curriculum of any school.

First, grammar is an undeniable fact of our language system. If all the grammar courses in the English-speaking world were dropped, still grammar would be grammar. If all the grammar books were burned, there would still be grammar.

Second, grammar is a set of rules which are needed to memorize; grammar is the structure we accept for reading and writing and speaking. Through grammar, the student develops relationships of meaning. Usually his grammatical structures have been previously acquired by the student through his own contact with language apart from school.

Appraoching grammar this way, a student is usually surprised at the knowledge he has of grammar.

Third, grammar is a fact of thinking. For many years, the standard excuse for teaching grammar was that it would improve student writing. This idea is now dismissed as invalid. There is more to writing than grammar; logical thought is also needed.

Fourth, grammar is important to Rocky's story of the 30-year-old club fighter in Philadelphia. He is going nowhere as a fighter and supports himself as a strong-arm man for a loan shark. Then comes his chance - a world heavyweight champion, Apollo Creed, to emphasize the idea of the U.S. as a land of opportunity, decides to give an unknown a shot at the title in his Bicentennial boxing match. Seeing Rocky's image and his fighting name, the "Italian Stallion", he chooses him as his opponent.

Sylvester Stallone makes a brilliant acting debut in the title role. He gives Rocky a real humaneness that saves him from becoming a fairy-tale type hero. His lines are clean and crisp. Rarely do his sentences exceed five or six words, but those few words say it all. His loveliness is sometimes extreme, but Stallone is so honest in his portrayal that he can't help but be loved.

Talia Shire, as Rocky's girlfriend, gives an excellent performance as a woman experiencing love for the first time. Her timidity is emphasized by Rocky's reaction to the female top of determination, and the two characters complement each other perfectly.

The camera work is not gimmicky or flashy, but it's what the film needs. The extreme close-up face shots helped convey the deep emotions experienced by the characters. The low-angle shots during the fight were sometimes too close for comfort. But these shots, along with the excellent shots of the city of Philadelphia (the entire film was shot on location), enhanced the honesty of "Rocky", which seemed to be the main quality of the film.

The editing was more or less cut-and-dried in most of the film. But the quick paced editing during Rocky's training period, especially his run-up into the streets of Philadelphia, was excellent. By shortening the entire training period into such a short sequence, the editor stressed how short-lived Rocky's experience of the big time would actually be. Then again, the fact that this really didn't matter to Rocky was evident in the shot of him during the Art Museum steps. The use of slow motion along with repetitive editing showed perfectly Rocky's feeling of being stuck. When this finally reached his manhood by accomplishing something worthwhile.

This shot seemed to be one of the focal points of the film.

"Rocky" is an honest film about honest people. Avidsen used what ingredients he had and made a film which could have fallen flat. But the actors and the technical elements all clicked, and what emerged is what the audience was cheering about - the story of "Rocky."
New FA Director appointed

Three-week reading course offered

High Point College will offer an intensive three-week course in reading and study skills starting June 27 for upper-level high school students and prospective college students. The course, ending July 15, is designed to assist students in improving vocabulary, comprehension, and reading rate. Classes will meet Monday-Friday 10 a.m. to noon daily, in Cooke Hall, room 26.

Miss Nan Stephenson, instructor in communications, will teach the course, open to high school sophomores, juniors, and seniors. She has had wide experience in improving the communication skills of students who have difficulty with school work.

Students will learn how comprehension of material depends on detecting the main idea in a paragraph. The methods of the course will include use of reference works, understanding textbook arrangement, how to take notes, and how to prepare for examinations.

Yeats submits research paper

Dr. Fred Yeats, Associate Professor of Biology, presented a research paper to the North Carolina Academy of Science at its annual meeting which was held at North Carolina A&T State University on April 22 and 23. The title of his paper was "Ovule and megagametophyte development in selected species of Smilax L."

At the same meeting, Dr. John Ward, Associate Professor of Biology, was elected Chairman of the Botany Section of the Academy for the coming academic year.
Judge Alexander to speak at graduation

Judge Eleta M. Alexander, District Court Judge of the 18th Judicial District of North Carolina, will be the speaker at High Point College's commencement on May 15 at 3 p.m. in Alumni Gymnasium.

The College will award Bachelor's degrees to 210 graduating seniors. Dr. Wendell M. Patton, president, will officiate during the ceremonies.

Judge Alexander was the first Negro woman elected a Judge in the United States and, in 1968, the only Republican elected. She was re-elected again in 1972, leading the ticket with more than 50,000 votes in Guilford County. She was re-elected again in 1976 without opposition.

Judge Alexander has been widely acclaimed for her rehabilitative, innovative, and meaningful judicial programs for youths and other offenders.

Before becoming a judge she was in the general practice of law in Greensboro, appearing as a trial attorney in thousands of civil and criminal cases and in numerous administrative procedures. She was a senior partner in an integrated law firm.

She was the first Negro woman to try a case in North Carolina Supreme Court; she won the case.

She was licensed to practice law in New York State and in North Carolina and was admitted to practice before the U.S. Supreme Court. She is a member of the American Bar Association and has been a member of several professional associations.

Judge Alexander was awarded the Brotherhood Citation from the Greensboro Chapter of the National Conference of Christians and Jews in 1976.

She has been active in a number of civic, educational, and cultural organizations, including membership on the boards of the Governor's School, Hayes-Taylor Y.M.C.A., Kendall Center, Eastern Music Festival, N.C. Symphony Society, and boards of visitors of Appalachian State University and Guilford College.

Before receiving her law degree from Columbia University, she taught in the public schools of North Carolina and South Carolina. She served briefly as an assistant librarian at A&T State University, where she earned her bachelor's degree. She is a graduate of James B. Dudley High School, Greensboro.

Hollingsworth to speak at banquet

Dr. L.H. Hollingsworth, pastor of Emerywood Baptist Church, will speak at the Alumni-Senior Banquet on May 15 at the Top of the Mart.

The annual dinner, honoring the graduating seniors, will begin at 7 p.m. Reservations for the dinner will be accepted by the Alumni Office at the College before May 3.

Dr. Hollingsworth came to High Point in 1970 after 10 years as chaplain of Wake Forest University.

Honorary degrees to be awarded at Commencement

High Point College will award honorary degrees to Richard A. Short, executive director of The Presbyterian Home, Inc., and to the Rev. George P. Robinson, superintendent of the High Point Methodist District, at commencement on May 15.

Short is being recognized for his outstanding service to the aging on both the local and national level. He received the Award of Honor from the American Association of Homes for the Aging at its annual meeting last fall.

Robinson became superintendent of the District in 1976. He has held a wide range of leadership responsibilities in the church and community.

The degree recipients were selected by the trustees. Dr. Wendell M. Patton, president of High Point College, will make the presentations during ceremonies in the Alumni Gymnasium beginning at 3 p.m.

Short has been with The Presbyterian Home since 1951. He was president of the American Association of Homes for the Aging (AAHA) from 1973-75.

The Association's top award saluted his leadership in providing care and services for older Americans. The AAHA represents over 1,400 non-profit homes across the nation.

As a community leader, he has completed several years' service on the North Carolina Board of Examiners for the Licensure of Nursing Home Administrators including two years as vice chairman.

He is an elder in the First Presbyterian Church and a director of the Red Cross.

He is past president of the N.C. Association of Homes for the Aging, the Presbyterian Association of Homes for the Aging, and past chairman of the Association of Specialized Ministries of the Presbyterian Church, U.S.

Short is a member of the Commission on the Minister and His Work, Orange Presbytery, and of the Synod's Ministry Group in Care and Development of Church Professionals.

He graduated from High Point College and, following military service in World War II, returned to his alma mater as a member of the administrative staff.

He joined The Presbyterian Home at its founding in 1951. During his leadership of the Home, the number of residents has grown from 25 to 250.

Mr. Robinson became district superintendent last year after serving four congregations in the Western North Carolina Conference including Aldersgate, Charlotte; Milford Hills, Salisbury; St. Andrews, Charlotte; and First United, Hendersonville.

In the Western Conference, he has been on the managerial boards of the Methodist Home, Charlotte, the Triad Methodist Home, and the Duke Pastors' School and Duke Convocation. He has served on the Conference's boards of the Ordained Ministry, Planning and Research, and the Bi-Conference Committee to study Campbell Ministry.

His previous responsibilities include the Conference's Board of the Ministry, Board of Missions, and Board of Higher Education.

Mr. Robinson is a member of the newly-formed Board of Visitors of High Point College, and is on the Development Committee of Pfeiffer College.

He received his undergraduate degree from Duke University and his master's degree from the Divinity School. He has had additional graduate study at UNC-Chapel Hill and Western Carolina University.
CR's take trip, find home

College Republicans have been active with a beach trip, elections of new officers, and setting up of a permanent office in which they will meet. This Saturday, members are invited to a dinner with U.S. Senators Jesse Helms (R-N.C.) and Strom Thurmond (R-S.C.).

The weekend of the beach trip the College Republicans (CRs) spent Friday night at East Carolina University where ECU CRs hosted a party. On Saturday, the High Pointers attended a North Carolina Federation of College Republicans Executive Committee meeting at ECU and then drove to Topsail Beach. At Topsail the CRs stayed in a private ocean front house, then returned to school on Sunday.

Selection of officers produced the following people to lead the GOP group next year: John Caldwell, Chairman; Brian Borgino, Vice-Chairman; Tripper Thomas, Special Events Chairman; Anthony Wall, Treasurer.

Room Five in the basement of Harrison will be home to the CRs. This week work is to start on cleaning, furnishing and moving in supplies to the new room. Next year, the room will serve as a meeting place for small groups, as storage areas for supplies, and as a house for research materials. Members will be able to call upon these materials when doing research for term papers on matters relating to government.

This Saturday, May 7, members will attend a dinner in Gastonia in honor of Sen. Helms, which will also be attended by Sen. Thurmond.

Next week's exams forced the CRs to turn down an offer from CR groups in Louisville, Kentucky, to attend the Kentucky Derby and several parties the Kentucky Republicans had hoped our students could attend.

Four accepted to grad school

High Point College is again making inroads to some of the South's finest universities. Graduates from High Point have continually been accepted to graduate schools across the nation. This year the Biology Department is no exception.

Ray Coble, All-Conference in basketball and a track team member, has unpublished talents. Next year he will attend Clemson University to study Animal Science, after graduation from Dr. Weeks' Biology Department. Gary Burns, another senior, has also been accepted to Clemson in Animal Science. However, his first preference is Auburn University.

Two other students bear special mention. Mariana Haleim, a foreign student from Jordan, has been accepted at UNC-Greensboro to take graduate studies in Biology. David Lawrence majored in Biology at High Point and plans to attend Emory University in Atlanta as a member of the Seminary School. Pre-Ministerial students can major in any field and diverse backgrounds help make Seminary what it is.

In the Chemistry school, Wayne Beggerly has been accepted to the UNC Chapel Hill Medical School. David Friday and Jim Baunchaulk are planning to further their educations, although their plans are not definite. One choice is Chemical Engineering at a major Virginia university.

These students, among many others, have singled themselves out as dedicated ambitious individuals. Their achievements help keep High Point College known as an excellent school of baccalaureate education.

Editors and advisors are chosen

All editors and advisors were interviewed by the Publications Committee concerning any questions they had about their duties and the new Publications Guidelines. Each editor has the minimum qualifications for service: sophomore standing, one year of experience on a publication, and a 1.0 G.P.A.

Each outgoing editor this year has already submitted a budget to the SGA for the coming year; final allocations by the SGA will still be subject to administrative approval.

With the new set of guidelines and the evident enthusiasm and creative ideas of the newly appointed editors and advisors, the publications for the coming year should become an even more vital part of the college community.

The Publications Committee would like to thank all editors and advisors who served this year to make publications meaningful and relevant. Particular recognition goes to the staff of the Apogee and the staff of the Radio Station.

Any students or faculty members wishing to contribute to or work on publications for the next year should contact the new editors and advisors.

Upon the recommendations of the Publications and Communications Committee, Dr. Patton has appointed the following editors and advisors for publications for 1977-1978:

<table>
<thead>
<tr>
<th>Publication</th>
<th>Editor(s)</th>
<th>Advisor(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Apogee Hi-Po</td>
<td>Kathy Wolfe</td>
<td>Dr. Moehlmann</td>
</tr>
<tr>
<td></td>
<td>Arnold Hendrix</td>
<td>Dr. Petrea</td>
</tr>
<tr>
<td>Radio Station</td>
<td>Jeff Nesbit</td>
<td>Dr. DeLeeuw</td>
</tr>
<tr>
<td></td>
<td>Caryn Reinhart</td>
<td>Mrs. Rawley</td>
</tr>
<tr>
<td></td>
<td>Zeath</td>
<td>Rev. Lowdermilk</td>

</table>

Senior is awarded fellowship

Sylvia Wellborn, a Senior English major, has been awarded a Hillon A. Smith Fellowship from the University of Tennessee. In addition to tuition and fees, Miss Wellborn will receive a small stipend for her graduate studies. The University of Tennessee is located in Knoxville, Tennessee.
Swatters swipe championship

Senior Billy Sorrell hurl the Panthers to a 32-10 season. Billy finished the season 9-1 and is HPC’s all-time winningest pitcher. The right-handed ace from High Point turned down football scholarships from Alabama and UNC to pitch for HPC. Chances are that he will not turn down the pro contract offered by the big leagues, who have watch him since high school.

Men’s tennis team in nationals

by Skip Harris

High Point’s men’s tennis team ended the season with wins over Catawba and Elon. Coming off this winning streak, coach Goff’s squad then captured the District 26 title to earn a place in the Nationals in Kansas City.

The Catawba team visited HPC and was welcomed by a strong Panther team who beat the visitors by the score of 9-0. The previous meeting in Salisbury had similar Panthers den and were clawed again by the 6-1 tally. These wins boosted the record to 19-9.

Tennis coach Jim Goff said that “this season was a great year for such a young team.”

The schedule was challenging and tough. He also commented on the loss of Willem DeGroot and Jeff Apperson and its effect on some close matches. Goff called the trip to the Nationals the “ultimate” and hopes to finish in the Top Ten. The trip, which at the end of the month, will be good exposure and experience.

To earn the right to represent District 26, the Panthers had to defeat many teams they challenged during the season. In addition to taking the District title Coach Goff also saw Phil Parrish down Chris Hohnhold of St. Augustine, 6-3, 6-1 for the individual title. Then Phil teamed up with Tom Fitzmaurice to stop Bill Johnston and Mark Solomon of Guilford 6-3 7-5 for the doubles crown. The Panthers will have to rely on their depth at the Nationals because of the loss of Apperson and DeGroot.

Mike Wallace

High Point College’s spring athletic program offers the Central Carolinas conference and NAIA District 26 fine competition every year. The golf and track teams are no exception.

The golf team, led by coach Woody Gibson, went 17-8 overall in this year’s matches, with a 10-3 conference showing. On April 25-26, the team finished fourth in both the conference and district. In the district, the Panthers, finished behind Gardner-Webb, defending NAIA champion Elon, Pembroke, and Guilford. French Bolen and Bill Wall were cited by Gibson for their efforts all season long.

Coach Bob Davidson’s track team squared off May 3 the conference meet held at HPC. Deadlines did not permit coverage of the meet, but High Point, who finished fourth in the district, was expected to do well even though Pembroke was the favorite going in to the competition.

Outstanding track performances to date according to Davidson are: Mark Hunter in the 880 (1:53.5), Randy Prunty in the Mile (4:14.9), Mark Hamlett in the three mile (14:46), Ray Coble in the 120 yard high hurdles (14.5), Dennis West in the 440 (49.1), 220 (22.6), and the long jump (22’11”). Team depth in the Javelin with Lance Sorchik (223’5”), and Ron Byrne (183’5”) along with pole vaulters Tracy Lyons (14”) John Roberts (13’6”), and Norris Woody (12’6”), should provide High Point with valuable points in the meet on Tuesday. High Point’s latest victory came at the hands of Elon and Catawba held April 27. Lyons, Sorchik, and Prunty’s performances have already turned school records this year.

************

STUDENT FILM SHOWING

There will be a showing of student films made in English 220, Film Making, at 7-8 p.m. on Tuesday, May 10 in the Old Student Center. Admission is free. All students who participated or acted in the films should attend to view their film debuts.
THE CLASS OF "82"

Library

Surveys

Cont. from page 3

program which is tailored to meeting the needs of professors and students.

One different item in the new library will be rare book room. It will house copies of old and scarce books, plus old Zeniths, Hi-Po's, and other memorabilia of HPC.

Until plans are completed, a figure cannot be picked as to the cost of the new library. However, costs will probably be around $2 million. Most of that money will come from private individuals and foundations.

It is also possible that a portion of the funds would come from the Federal government, either in the form of grants and/or loans. However, the cost of using Federal money might raise the price of the building by 20% because of increasing costs in paperwork and providing extra facilities required by the Feds.

Has Kitty Steele had too much juice?

Sport's Banquet honors participants

The 1976-77 Athletic year concluded last Thursday night with the Annual Athletic Banquet held in the Cafeteria. The banquet is held each year to honor all participants in the Fall and Spring Athletic programs.

At this year's banquet, all Athletes who earned letters were called up in their respective sports and most valuable players awards were given out in all sports except baseball, track and men's tennis. Those persons who earned Most Valuable Player awards were:

Soccer: Gary Downing; Volleyball: Wanda Wilson; Field Hockey: Debra Weber; Cross Country: Mark Hamlett; Men's Basketball: Ray Coble; Women's Basketball: Wanda Wilson; Tennis: Sally Tessler; Golf: French Bolen; Cheerleader: Jennifer Bull; PE Majors Award: Sharon Glover.

There were three special awards given at this year's banquet. Barbara Rankin was recognized for her services as statistician in Basketball and her help with soccer and baseball over the last four years. Also recognized were William H. Lee for his contributions to the athletic program and Germaine McAuley for her singing of the National anthem at home basketball games.

Has Kitty Steele had too much juice?
