PRESIDENT'S INAUGURATION

Acceptances from "several hundred" universities and colleges across the nation have been received for the February 6 inauguration of Dr. Wendell M. Patton as fourth president of High Point College.

Dr. Dennis H. Cooke, chairman of the inaugural committee at the Methodist co-educational college, said today that response to the 2,000 invitations mailed to schools across the nation "has been very good and there will be a large delegation from other schools attending the inauguration."

Dr. Patton assumed his duties at the beginning of the current semester, but will not officially become head of the liberal arts institution until he is inaugurated in the upcoming ceremonies.

Affirmative replies have already been received from schools including Auburn, Boston University, Bradley, C.C.N.Y., Dartmouth, M.I.T., Millsaps, Morningside, Ohio Northern, Rutgers, Union Theological Seminary, Baltimore, Western Illinois, Wesley Theological Seminary, Wittenburg, Yale, Kansas State, Purdue and Randolph Macon.

Organizations such as the American Collegiate Registrars, American Philological Society, National School Boards Association, North Carolina Congress of Parent-Teachers Associations and the American Sociological Association will also be represented.

(Continued from Page One)

In addition, Dr. Cooke announced, all North Carolina colleges and universities will have official delegates attending.

A full day of activities has been scheduled for the inauguration, which will be held in connection with the college's Homecoming Day.

The featured speaker for the event will be Dr. Arthur S. Flemming, Secretary of the U. S. Department of Health, Education and Welfare.

Dr. Patton received his education at the University of Georgia and at Purdue University, where he was awarded a doctorate in the field of Psychology.

He served as assistant registrar and admissions officer at the University of Georgia; as business manager and head of the education and psychology department of Lander College; and as an instructor at Purdue University following the completion of his formal schooling.

He then became psychologist for Bruce Payne Associates Inc., a New York management consultant firm, and was assistant to the president of Shuford Mills in Hickory when chosen for the High Point College presidency.

In his seven years as an industrialist, Patton kept in contact with the field of education by serving as a guest lecturer at Harvard, Colgate and North Carolina State College.

The father of three young children, the new president has maintained a constant interest in young people and their educational institutions.

"In accepting the presidency," he said, "I feel strongly that the future of our educational system, in terms of moral concepts, depends upon the small, Christian college."

MISS H. P. C. OF 1960

Miss Jerri Martin, a freshman from High Point, was crowned the new "Miss High Point College" for the year of 1960 in the annual Miss High Point College Pageant held on Dec. 9. She was sponsored by Theta Chi Fraternity.

First Runner-up in the event was Sandra Parnell, a junior, also from High Point. Sandra was sponsored by the Concert Choir. The remaining finalists were, in order, Wini Stuart, sponsored by the Senior Class; Dee Stone, sponsored by the Junior Class; and Eunice Young, sponsored by Alpha Gamma Delta Sorority.

The remaining contestants and their sponsors were: Donna Blue, chosen "Miss Congenialty," sponsored by the Chapel Choir; Jane Crowson, MSF; Jane Honeycutt, Kappa Chi; Carol Howard, Tau Kappa Epsilon; Jane Lloyd, Lambda Chi Alpha; Alyce Ratliff, Phi Mu; Jean Thomas, Pi Kappa Alpha; and Yvonne Vaughn, Delta Sigma Phi.

The theme for this year's pageant was "Winter Wonderland" which was introduced with a song by Miss Julie Young, Miss HPC of 1959.

Mr. Jimmy Capps, from Raleigh, served as the Master of Ceremonies for the event. Miss N. C., Miss Judy Lynn Klipfel was presented and participated in the Pageant.

KANNAPOLIS-CONCORD AREA ALUMNI ORGANIZE

A group of High Point College Alumni met at Trinity Methodist Church, Kannapolis, on Thursday evening, January 7 to make plans for organizing a chapter of the Alumni Association in that area.

Porter A. Hauser, president of the Alumni Association, discussed the organization of a chapter and its purposes. Stan C. Broadway, Executive Secretary of the Alumni Association and Field Representative of the College, told the group of events to take place this year and along with Louise Adams urged the group to attend Homecoming February 6.

The following chapter officers were elected by the group: Mrs. Hildreth Gabriel Jordon, President; Mrs. Fran Jackson Boone, Vice-President; Gwen Tyson, Secretary; Jo Anne Beamer, Reporter; and Cliff Evans, Treasurer.

The group discussed plans for a dinner meeting to be held in the spring.

Inaugural Luncheon — Harrison Hall. Reservations will be accepted, by the Alumni Office, in the order in which the price of the luncheon (\$1.00) is received by mail until all the spaces are exhausted.

FLEMMING SPEAKER FOR INAUGURATION

Dr. Arthur S. Flemming, Secretary of the United States Department of Health, Education and Welfare, has been named principal speaker for the February 6 inauguration of Dr. Wendell M. Patton as the fourth president of High Point College.

He was invited to give the principal address because of his prominence in the field of higher education. Before becoming active in government work, he twice served as president of Wesleyan University.

Flemming, who created a recent controversy over a cancer-causing spray used in treating cranberry crops, has been head of the government agency since August of 1958, when Mrs. Oveta Culp Hobby, his predecessor, resigned.

The Rev. R. M. Andrews, D.D., served as the first president of High Point College. Dr. Andrews had served as field agent in the original campaign for funds to begin the college, and was a former president of the North Carolina Methodist Protestant Annual Conference. Dr. Andrews resigned from the presidency in 1930.

The Board of Trustees selected the Rev. Gideon I. Humphreys, A.M., D.D., LL.D. to fill the vacancy. Dr. Humphreys was a former president of the Maryland Annual Conference of the Methodist Protestant Church and resigned as president of the General Board of Education of Christian Education to assume the presidency of High Point College.

Dr. Dennis H. Cooke became the third president of the College in 1949. He holds the A.B. and M.Ed. degrees from Duke University and the Ph.D. degree from George Peabody College. Dr. Cooke resigned in 1959 and is now serving as head of the College's department of teacher education.

LINDLEY MEMORIAL SCHOLARSHIP NEEDS EXPRESSED IN LETTER TO ALUMNI OFFICE

I wish that every alumnus of High Point College could have had the personal experience which was ours recently in meeting and having dinner with six very fine students from whom we could select only two to receive Lindley Memorial Scholarships for the academic year 1959-1960. It would have been wonderful if we could have awarded each candidate a scholarship.

We all appreciate, I am sure, what a difference a little financial encouragement can make to a student. The opportunity to make an investment in young men and women through the Lindley Memorial Scholarship should challenge each alumnus, and I know that many who have had the advantage of attending High Point College will want to have a continuing part in this important phase of our Alumni Association's work. Since these scholarships can be awarded only to the extent that we make it possible through our gifts, I hope that the form carried in the Alumni Bulletin will be a continuing reminder of this need.

Enclosed is a contribution for Agnes Louise and myself, and I hope we will be able to continue making a similar gift each year.

Paul S. Owen

(Members of the Alumni scholarship committee are Paul S. Owen, Ruth M. Surratt, Stan C. Broadway and Louise Adams).

HOMECOMING QUEEN

One of the highlights of the Homecoming activities, February 6, will be the crowning of the 1960 Homecoming Queen during the half-time ceremonies at the High Point-Catawba basketball game. Porter Hauser, president of the Alumni Association, will crown the queen.

The Homecoming Queen is selected by the student body from candidates sponsored by the members of the basketball team. The basketball team sponsored the following candidates this year: Donna Blue, Betty Foshee, Jane Honeycutt, Carol Howard, Bookie Kearns, Jerri Martin, Peggy Shoaf, Anne Starr, Anne Surratt, Yvonne Vaughn, Shelby Williams and Julie Young.

Dr. Wendell M. Patton, who left a position as assistant to the president of Shuford Mills, will be inaugurated as the fourth president of High Point College following Dr. Flemming's address. Dr. Patton holds B.S. and M.S. degrees from the University of Georgia and the Ph.D. degree from Purdue University.

EVENING CLASSES SECOND SEMESTER

Dr. Harold E. Conrad, Dean of High Point College, announced this week the establishment of evening classes to be offered at High Point College beginning on February 1. This move will greatly broaden the overall course offerings of the College and make it possible for those desiring to broaden their education as well as receive credit toward a degree to do so.

The courses to be offered during the second semester for evening classes include: ART 301 (Methods of Teaching Art in the Elementary Schools) and will be taught by Mr. Raiford Porter, instructor in art at the college; a course in Introductory Astronomy to be taught by Dr. Albert H. Woollett; and a course in Children's Literature to be taught by Miss Vera Idol.

All the above listed courses carry a full three hours college credit. The Art course will be taught on Tuesday evenings at 7:00 in Room 4 of the Fine Arts Building; the astronomy course will meet on Tuesday and Wednesday evenings at 7:00 in Room 9 of the Science Building; and the literature course will meet on Monday and Thursday evenings at 7:00 in Room 20 of Roberts Hall. Registration for these courses will take place on Monday, February 1 at 7:00 P. M. in the individual classrooms of the different courses.

The registration fees are \$33.00 per course plus a \$15.00 general fee. Laboratory fees in the Art and Astronomy courses are \$5.00 each.

For further information regarding the courses for evening classes, write or phone Dean Harold E. Conrad at High Point College.

FINCH FOUNDATION ESTABLISHES ENDOWMENT

Dr. Wendell M. Patton, President of High Point College, announced this week the establishment at the college of the Charles F. Finch Endowment for Religious Activities.

The Charles F. Finch Foundation established an endowment fund to support more adequately the religious functions at High Point College. The income from the \$18,000 fund will be used to improve the quality of instruction and in general serve the special needs of the Department of Religion. Recommendations for the year's expenditures will be made by the Head of the Department of Religion, subject to the approval of the President of the College and the Board of Trustees.

DAVIDSON COUNTY ALUMNI ORGANIZE

A number of High Point Alumni living in Davidson County held a dinner meeting at Claude's Restaurant, Lexington, N. C., December 10, 1959.

Dr. Wendell M. Patton, president of the College, was the principal speaker. He discussed the development program that he hoped to carry out at High Point College for their ideas as to how this could be done.

Louise Adams told the group about the prospects of the 1959-1960 basketball team and predicted that the "Purple Panthers" would be at Lexington for the last game of the tournament February 27, 1960.

Porter A. Hauser, president of the Alumni Association, presided at the business session and the group elected the following officers: President, Jerry D. Paschall; Vice-president, Dedrick Samuels; Corresponding Secretary, Mrs. Dot Stone Cook; Treasurer, Bob Johnson; and Corresponding Secretary, Billie Leatherman.

The members of the Junior Panhellenic Council are guided by Edna Rose Duncan who was chosen by the College Panhellenic Council to be their advisor.

The Junior Panhellenic Council has two delegates from each of the four pledge classes; one representative and the pledge class president. The sorority that holds the presidency of Junior Panhellenic has one more delegate so that the president will have no voice.

The members are: Vicki Smith and Margaret Hester, Kappa Delta; Alice Hobsin, Alpha Gam; Ellen Johnston, Zeta; Kay Thompson, Phi Mu.

HOMECOMING AND INAUGURATION OF THE PRESIDENT

The inauguration of Dr. Wendell M. Patton, the fourth president of High Point College, and the 1960 Homecoming was one of the most memorable days in the history of High Point College. Even the weatherman cooperated by missing his forecast of rain for the day.

The events of the day began at 10:00 A. M., with the processional march of the official delegates for the inauguration and the faculty from Wrenn Memorial Library to Memorial Auditorium, where the inaugural program was held. Highlights of the program were an address by Dr. Arthur S. Flemming, Secretary, Department of Health, Education and Welfare, the inauguration of Dr. Wendell M. Patton as the fourth president of High Point College and the inaugural address by Dr. Patton.

At 1:00 P. M. a luncheon was held in Harrison Hall for the official delegates, trustees, faculty, executive committee for the Alumni Association and other invited guests.

Dr. and Mrs. Patton held open house for the alumni and friends of the College from 3:00 until 5:00 P. M. in the Student Center.

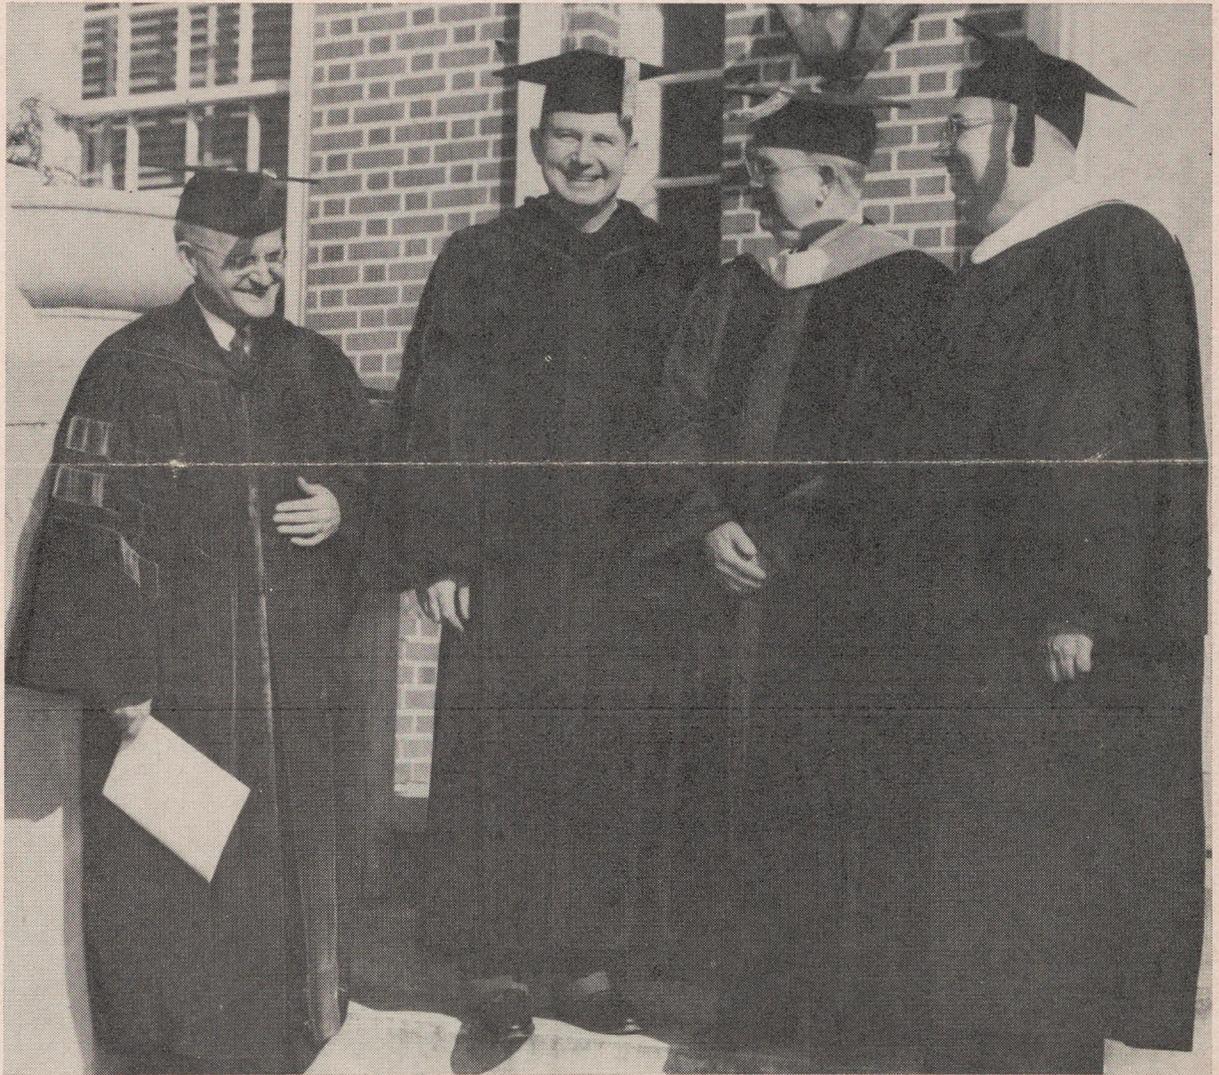

At the dinner for the alumni, held in Harrison Hall at 6:00 P. M., the presidents of the alumni chapters were recognized and Dr. Patton spoke to the group.

During an evening at the Alumni Gymnasium, an overflow crowd watched the Panthers beat the Catawba Indians in a thrilling basketball game and the crowning of the Homecoming Queen, Yvonne Vaughn, by Porter A. Hauser, president of the Alumni Association.

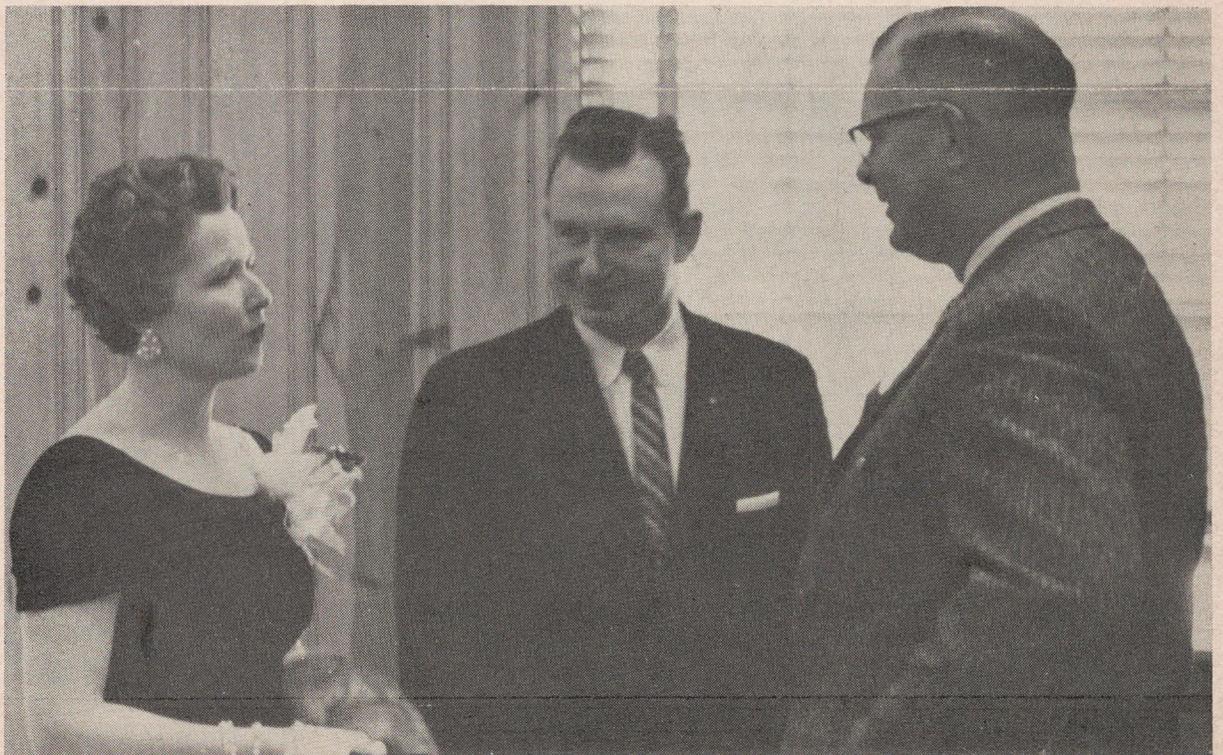

The greatest number of alumni ever to return for Homecoming were on the campus for the events of the day and they said, "This has been a great day. We'll be back for the 1961 Homecoming."

ALUMNUS PRESIDENT OF KENTUCKY WESLEYAN COLLEGE

At a recent meeting of the Board of Trustees of Kentucky Wesleyan College in Owensboro, Kentucky, Harold P. Hamilton '47 was elected president of the college. Hamilton, formerly of Thomasville, graduated from High Point College in 1947. He received his B. D. and Ph.D. degrees from Duke University.

President Wendell M. Patton, Bishop Paul N. Garber and Holt McPherson, Chairman of Board of Trustees, discuss last-minute details of the inaugural procession with Dr. Dennis H. Cooke, chairman of the Inaugural Committee.

Dr. and Mrs. Wendell M. Patton greet alumnus T. G. Shelton at their open house for Alumni and friends of the College.

Porter A. Hauser, president of the Alumni Association, crowns Homecoming Queen Yvonne Vaughn during half-time at the H.P.C.-Catawba basketball game.

MANAGEMENT DEVELOPMENT PROGRAM FOR INDUSTRY AT H.P.C.

High Point College initiated a Management Development Program for industry this spring in order to extend its services to wider areas in the community.

The course bears a standard college number, 101 Management Review. It is taught at the College, but no college students attend the classes. The enrollment is limited to men who have had practical experience in a supervisory capacity. The program will consist of fourteen weekly sessions on the basic principles, skills and tools of management conducted by recognized leaders in the business and academic world.

A prime purpose of the course, according to Dr. Wendell M. Patton, President of the College, is to strengthen the College's position in High Point's community life. "The role High Point College plays in the life and growth of the community is an important one," Dr. Patton explained. "In addition to preparing students for their future, the College should also look for ways to benefit the

community by going beyond the students' college life to the position they will hold in business."

Actual management cases and experiences are being used as topics of discussion, with the class as a whole using their own experiences as a guide toward solving supervisory problems. Classes are to be kept small to insure the most effective utilization of each person's capabilities and experience. Class sessions of two hours each consist of a one-hour lecture by one of the program's highly qualified leaders followed by an hour of group discussion under the direction of one of the three program coordinators.

Dr. Wendell M. Patton heads the team of coordinators and is assisted by Zalph Rochelle, personnel director of Tomlinson of High Point and Bill C. Tadlock of the Business Administration Department of High Point College.

The principles and practices being taught in this Management Development Program will help develop the managerial abilities of supervisory personnel thus making them a stronger asset to the companies they represent. As their skills develop, so do the companies they represent.

SUMMER WORKSHOP IN SCHOOL HEALTH TO BE OFFERED

The state's first summer workshop in school health to offer undergraduate credit will be established at High Point College this summer.

Teachers, nurses, administrators and education students from all over the state will participate, according to Dr. Gilman Hertz, director of health and physical education at the College.

The workshop will start June 13 and continue through July 8. Sessions will be held daily, Monday through Friday, at 1:00 p.m. and 4:30 p.m. Registration will be June 6 through 13.

Purpose of the workshop, according to Dr. Hertz, will be three-fold:

1. To provide working experience for selected teachers, administrators and nurses for improvement of health education instruction in schools;
2. To help the participants gain new ideas, information, concepts and understanding concerning health and health teaching;
3. To produce a written health teaching guide for on-the-job use by health teachers.

Participants in the workshop will be given an opportunity to design health teaching plans in cooperation with other school and health personnel.

State and national authorities in education, nutrition, mental health, safety, communicable diseases, basic physiology and medicine will be available to help participants assimilate information into teaching plans.

An extensive library of health materials of all types will be available to participants for their immediate use and for examination with an eye toward possible use in their own classrooms.

Four hours of undergraduate credit will be given for the workshop.

No other college in North Carolina offers a summer course in health education at the undergraduate level, although the University of North Carolina's School of Public Health offers such a course at the graduate level.

The workshop, according to Hertz, will also offer teachers a means of retaining or renewing their certificates and an opportunity to assist in building better health education curricula.

In addition to teachers, nurses and administrators, some junior and senior education students will be accepted as workshop participants, as will a few other persons interested in health education.

SUMMER SESSION TO BEGIN LATER

Dr. Harold Conrad, Dean of High Point College and Director of Summer School, has announced a delay in the beginning of summer school. This delay is due to the time lost in the city school systems of High Point and surrounding communities by the snow during March.

The first session of summer school at High Point College was scheduled to begin on June 6, but has been re-scheduled for June 10 and 11. Registration for the first term will take place on Friday and Saturday, June 10 and 11.

The second term will begin on July 16 with commencement taking place on August 20. The days lost from the original schedule will be made up by having Saturday classes.

ALUMNUS OF THE YEAR

It's time to select the ALUMNUS OF THE YEAR. Send your selection and a brief resume of this person's qualifications to — Alumnus of the Year Committee, Alumni Office, High Point College, High Point, N. C.

W. ALLEN HASTINGS

We were saddened to hear of the death of Allen "Skip" Hastings '32 March 9, 1960 in Seaford, Delaware. He is survived by his wife and three daughters.

HENDERSON WILL SPEAK TO SENIORS

Each year the Executive Committee of the Alumni Association selects an outstanding alumnus to address the seniors at one of the senior assemblies. William R. Henderson '43 has been selected to address the 1960 seniors at the assembly program May 4, 1960.

Henderson received his B.S. degree in Business Administration in a special ceremony, a few days before the regular graduation exercises in the spring of 1943 because of orders to report to the U. S. Marine Corps. While a student at High Point College "Bill" proved that he was a most industrious and capable person. Throughout the greater part of his college career he held a part time job down town as well as one on the campus and in addition to this found time to take part in many campus activities. During his senior year he was president of the student body and was elected to membership in Who's Who in American Colleges and Universities.

He served almost four years on active duty with the U. S. Marine Corps, more than half of which was in the Pacific Theater. While on active duty he served as Battalion Operations Officer and later as Regimental Operations Officer with direct responsibility of the training of troops and their deployment in combat. He was released to inactive duty in 1946 and presently holds the rank of major in the Marine Corps Reserve.

It took Henderson only a few years after returning to civilian life to establish himself as a successful businessman with varied interests in Reidsville, Burlington, High Point and Mount Airy. He has been very active in the work of the Junior Chamber of Commerce, serving as N. C. State President 1954-1955 and as Education Chairman of the U. S. Junior

He attends Hayes Barton Methodist Church in Raleigh where he is a member of the Official Board and teacher of the Young Adult Class.

Henderson has been with the North Carolina state government since 1956. His father, the Rev. M. C. Henderson, says in jest, "Bill got his start at the State prisons." His first job with the State was as industrial consultant to the Prison Department and he was made assistant director in September 1956. In 1957 Governor Luther Hodges appointed him head of the Division of Purchase and Contracts for the State. Since September 1959, Henderson has been with the Department of Conservation and Development as Industrial Administrator. This promotion gives him the job of co-ordinating the work of the State's industry hunters with the needs of the N. C. communities and helping these communities create the most favorable industrial climates for new industry.

H. P. C. DINNER AT WESTERN N. C. METHODIST CONFERENCE

The High Point College dinner at the Western North Carolina Methodist Conference will be held Thursday, June 9, at 5:30 P.M. in the Waynesville High School Cafeteria. Dr. Wendell M. Patton, president of High Point College, will speak to alumni and friends of the College.

DR. HINSHAW, MRS. PERRY TO RETIRE AT YEAR'S END

Two veteran High Point College faculty and staff members will retire at the close of the current academic year.

One is Dr. C. R. Hinshaw, former dean of instruction and summer school director, now a professor of psychology. The other is Mrs. Betty S. Perry, counselor of women.

Both were honored at a faculty retirement dinner at 7 P.M. Tuesday, May 10, on the college campus.

Dr. Hinshaw, a native of Randolph County, has been a member of the faculty since 1927. He holds an A.B. degree from Guilford College, an A.M. from the University of North Carolina, an M.A. from Columbia University and a Litt.D. from Western Maryland.

He has done additional work at the University of North Carolina and Duke University.

When he arrived at High Point College in 1927, there were only four buildings housing the three-year-old school. The campus he recalls was "quite bleak — very few trees or shrubs."

Since his arrival, he has seen the student body grow from 344 to more than 1,000 and the faculty increase from 23 to 59. He has also seen a summer school program that he started a year after his arrival grow to its present status as one of the largest in the state.

Dr. Hinshaw was also a leader in organizing the High Point College athletic program and in forming the North State Intercollegiate Athletic Conference. He has held every office in the conference and is now its commissioner, a post he has held for many years.

Among the many positions he has filled at the college are those of registrar, which he held during World War II; and dean of instruction, which he held from 1938 to 1955.

"I've been nearly everything here except dean of women and house mother," he recently remarked with a smile.

For 28 years he has been chairman of the academic ceremonies committee. He has presided at most formal college occasions, including the inauguration of Dr. G. I. Humphreys as president of the college in 1930. He extended invitations to the inauguration of Dr. Dennis H. Cooke as president in 1950 and presided at some of the ceremonies.

A nationally-known educator, Dr. Hinshaw is listed in "Who's Who in America." He is in constant demand as a high school commencement speaker.

Before organizing the summer school, he had been a professor of education at summer sessions of Woman's College in Greensboro. He started the summer program at High Point College almost single-handedly and remained as its director until 1955.

Mrs. Betty Perry has been a member of the staff since 1945 when she became counselor for women in Penny Hall, a dormitory for girls at Five Points. Later she became counselor of Woman's and Susanna Wesley Halls. She is well-known throughout the state as a Methodist church leader, having been the wife of the late Rev. George Perry.

EMERITUS PROFESSORS TO BE HONORED

Three professors who will go on emeritus status next year and one who went on emeritus status last year were honored by their fellow workers Tuesday, May 10.

All four were guests of honor at a dinner in Harrison Hall. Also honored at this dinner were a retiring professor and a retiring counselor.

The new emeritus professors are Prof. Arthur S. Withers, Dr. Lincoln Lorenz and Mrs. Alta T. Berry. Dr. Helen Bartlett, the fourth emeritus professor, went on emeritus status last year.

The retiring staff members are Mrs. Betty S. Perry, counselor of women, and Dr. C. R. Hinshaw, professor of psychology.

The dinner was served at 7:00 P.M. in Harrison Hall following a social hour in the Student Center. Members of the faculty and staff along with their wives and husbands attended.

Professor J. Hobart Allred of the Modern Language Department and a former dean of students, acted as master of ceremonies. N. P. Yarborough, registrar and long-time associate of the people being honored, presented gifts to retiring members from their associates.

Dr. Wendell M. Patton, president of the College, spoke and recounted the contributions made by the guests of honor.

Prof. Withers, who came to the college in 1942, has acquired a reputation as the "Southern gentleman" of the campus. A mainstay of the English department, he is known to his students for his insistence on thorough mastery of English grammar and literature.

Dr. Lorenz, head of the English department, has been at the college since 1948. He is the author of several books and is still writing. He is nationally known as an authority on the "poet of the South," Sidney Lanier.

Mrs. Berry has been with the college since 1938. A member of the business department faculty, she teaches typing and shorthand.

Dr. Bartlett, a professor of history, came to the college in 1939 as an associate professor of history and social science. She attained the rank of full professor in 1943 and ran the department single-handedly during World War II.

RUSSELL COMMENCEMENT SPEAKER

Dr. Donald S. Russell, a former Assistant Secretary of State and former president of the University of South Carolina, will be the Commencement speaker May 29.

A native of Lafayette Springs, Mississippi, Russell has lived in South Carolina the greater part of his life. He entered the University of South Carolina when he was 15 and four years later received a bachelor of arts degree. In 1928 after three more years of study he received his bachelor of laws degree from the same institution. He has done graduate work in law at the University of Michigan and in 1952 received his LL.D. from Wofford College, Spartanburg, South Carolina.

In 1930 he became associated with James F. Byrnes in the law firm of Nichols, Wyche and Burns.

Russell was an assistant to Byrnes, both as Director of Economic Stabilization and as Director of War Mobilization. After Byrnes's retirement Russell entered the Army as a Major and served in Europe with SHAEF.

In January 1945, he was appointed deputy director of the Office of War Mobilization Reconversion, serving under Byrnes and Fred M. Vinson. In July of the same year, he was appointed Assistant Secretary of State under President Harry S. Truman and held that office until January 1947, when he returned to the practice of law.

Russell was elected president of the University of South Carolina in 1951 and served for six years before resigning in 1957.

LOVELACE CO-AUTHOR OF BOOK

A. C. Lovelace '39, who is Associate Professor of Music at Garrett Biblical Institute and Minister of Music at the First Methodist Church in Evanston, Illinois and William C. Rise, chairman of the Division of Fine Arts and Head of the Department of Music at Baker University in Baldwin, Kansas, have recently published a book, "Music and Worship in the Church."

Lovelace has a doctor's degree from Louisville Theological Seminary. He has served as Director of Music at Trinity Episcopal Church, Lincoln, Nebraska; as Minister of Music, the First Presbyterian Church, Greensboro, North Carolina and has been on the Music faculty of Queens College, Charlotte, North Carolina. He is widely known as an organist and as a lover of sacred music.

SENIORS TO PRESENT PORTRAIT OF PRESIDENT PATTON

George D. Hoffman has been commissioned by the Senior Class to paint a portrait of Dr. Wendell M. Patton. John Davis, president of the class, announced that this will be the 1960 Senior Class gift to the College.

The portrait will be hung in the library along with the other portraits of all the presidents of High Point College. It is the hope of the class that this will become a tradition for the senior class graduating at the end of the first year of a new president's term. In the past the portraits have been done in various ways and there is no definite plan for continuing this tradition. Davis emphasized the desire that future classes carry out this tradition.

Hoffman was to begin work on the portrait early in May. Plans are being made to have the finished portrait unveiled at graduation.

George D. Hoffman is a nationally known portrait artist from New York. Among his subjects has been the head of the Atomic Energy Commission.

WASHINGTON CHAPTER MEETING

The Washington, D. C. area chapter of the High Point College Alumni held their annual spring dinner meeting Saturday, April 30, at 7:00 P.M. in the Georgetown Room of the Marriot Key Bridge Hotel with approximately 140 attending.

The combined efforts of Jake Steele, chapter president, and the general planning committee headed by Mike Fleming made this meeting a highly successful and most enjoyable event.

Dr. Wendell M. Patton, president of High Point College, and Congressman Carl T. Durham, Representative of the 6th North Carolina District, spoke to the group.

Other guests from High Point and vicinity were Mrs. Wendell M. Patton, Mr. and Mrs. Porter A. Hauser, Mr. and Mrs. Stan C. Broadway, Louise Adams, Virgil Yow and Wayland Linthicum.

GREETINGS FROM THE ALUMNI

(The following greetings from the Alumni were given Dr. Wendell M. Patton at his inauguration by Porter A. Hauser, President of the Alumni Association.)

It is with deep emotions that I bring you greetings from the Alumni of High Point College. We are 7,000 strong and our feelings are motivated by many things. To reminisce leaves us with a feeling of deep appreciation and gratitude for the institution that gave us so much. What we received on this campus enabled us to prepare ourselves for the challenge of life.

Sometimes we did not absorb all that was offered. However, many of us gained something that was not listed in the catalog or taught in the classroom. I have often wondered how many other couples met at High Point College.

As the College passes this important milestone, we are in a unique position. We can look back with pride and forward with great zeal. We heartily approve of this step and pledge to Dr. Patton the unfailing loyalty of the Alumni Association. We will be satisfied with our contribution only when we are in "step" as High Point College marches forward.

SCHOLASTIC HONOR SOCIETY ELECTS NEW MEMBERS

The High Point College Scholastic Honor Society held its annual banquet May 12 on the campus in Harrison Hall. Fourteen new members were initiated into the society. These new members are: Mr. N. P. GREETINGS FROM THE FACULTY TO DR. WENDELL M. PATTON DURING HIS INAUGURATION

Mr. J. Hobart Allred, Professor
of Modern Languages

Dr. Patton: Your coming to this College brings a new chapter to its history. Historians will have to name this era, because your faculty does not yet know all the things you plan to do. Whatever your program may be, I can assure you that you will be supported by devoted men and women who serve under you. I urge you to make full use of your servants. They are well trained in their fields and techniques of teaching. It is their duty and privilege to assist you in many important decisions by devoting careful thought to your proposals. Spontaneous ideas worked out in a single session of the faculty may not be feasible. Professors just do not make up their minds that fast.

Just as you are supported by your faculty, the faculty in turn is backed by a heritage perhaps unique in American colleges. To me this heritage is significant. In just thirty-six years of rapid growth professors have had to adjust to three periods of changes in the development of the College. Some of these changes were accepted slowly. This is natural, for with college professors tradition dies hard. However, history shows complete acceptance by the faculty, as evidenced by the fact that High Point College is still alive and doing well.

The history of the College should be divided into three chapters: From 1924 to 1940, the struggle for existence; from 1940 to 1949, the beginning of maturity; from 1949 to 1959, physical expansion and improvement of standards. The success of these stages in so short a time ought to serve as an inspiration and a challenge to you and your faculty.

The period of the struggle for existence was the most difficult and to me very significant. Can you imagine trying to start the operation of a college with a heavy debt just five years before the beginning of the most awful depression in history? Built and supported by a denomination of fewer than thirty thousand members and by the good people of High Point, little money was available for retirement of debt and operating funds. The result, more indebtedness and sacrifices. Sacrifice by poor people who had already given for buildings and

grounds; sacrifice by the students, faculty and trustees. With the exception of the teachers no one was sure that the College could live. Faculty and staff never gave up. It was rumored that the campus was to be converted into a hosiery mill. Shortly afterwards the trustees met but did nothing, which perhaps was their finest hour. If they ever meet again and do nothing, they have a precedent.

What, then, saved our College? It was the love, devotion, faith and sacrifice of men and women like Andrews, Humphreys, Yarbrough, Mourane, Idol, White, Hinshaw, Harrison, Kennett, Lindley, and all the names in the catalogues between 1924 and 1940. Naturally, they made mistakes, but what would anybody have done? One by one the services of these people are coming to an end. The present faculty and staff "owe to history the will to win."

Of all the qualities which this heritage provides, one stands out. It is love. Love for students, trustees, alumni, and the friends of the College. Is there a place in your faculty's teaching for love?

FINCH LECTURES DELIVERED BY DR. LISTON POPE

Dr. Liston Pope, Dean of Yale University Divinity School, delivered the first series of the Finch Lectures at High Point College November 1 and 2.

The lecture series, new to the campus this year, was made possible by the Charles F. Finch endowment for religious activities set up by the Finch family of Thomasville.

Dr. Pope was born in Thomasville and spent his early years there. His appearance in High Point marked his return to the city where he began his work as a minister. After he graduated from Duke University Divinity School he became assistant pastor and director of Christian Education at Wesley Memorial Methodist Church in High Point. In 1938 he accepted a position on the Yale University faculty. Two years later he received his Ph.D. from Yale. Now, in addition to being dean of the University's Divinity School, he is Gilbert L. Stark professor of social ethics at Yale and a fellow at Saybrook College there.

The first lecture was Tuesday evening, November 1 at 7:30 P. M. in the Student Center on the topic "Christian Faith and Higher Education." A reception honoring the speaker was held by the students after this lecture.

At the Assembly hour Wednesday, November 2, Dr. Pope discussed "The Christian Responsibility for the Community." He concluded the series Wednesday evening at 8:00 in Memorial Auditorium with a lecture on "Democracy in America Today."

COMMITTEE FROM N.C.A.T.E. VISITS CAMPUS

A committee representing the National Council for the Accreditation of Teachers has completed a study which will determine if the College is to become a member of the organization. A team of five educators visited the campus for three days the first week of November evaluating the teacher education program, inspecting the College facilities and interviewing the faculty and students.

The final report on the College's application for accreditation is expected by the end of the 1960-1961 school year in May. Only a few North Carolina institutions of

NEW ORGAN FOR AUDITORIUM

This fall saw the arrival of a new organ for Memorial Auditorium and the Fine Arts Department. The new organ has replaced the M. P. Moller organ which has served the auditorium and the Fine Arts Department since 1956. This new organ is an Allen transistor organ with tones produced electrically. There are five speakers for the organ and four have been placed in the walls on the sides of the stage, leaving the fifth to be used wherever needed on the stage.

The old Moller organ has been moved to the choir room, where it will serve as a practice organ for organ students. The consoles of both organs are on "dollies" so that they can be moved about whenever necessary.

The Music Department plans to present several recitals during the year, using the Allen organ.

JUNIOR MARSHALS ARE NAMED

Dean Harold E. Conrad announced recently the names of the members of the Junior class who have been selected to serve during the coming year as marshals of the College.

These juniors, so honored, will serve at all formal events at the College during the 1960-1961 year. Their election to this position was based on their academic standing and leadership ability.

BASKETBALL 1960-1961

Coach Virgil Yow introduced the eighteen members of the 1960-1961 basketball squad in assembly recently and talked about the 1960-1961 season.

Coach, faced with the task of trying to fill the big shoes of All-American Danny Sewell, who has graduated, is attempting to work out a starting line-up from the nucleus of eight returning lettermen. Seven of these lettermen are back from last year's squad, while the eighth, Chalmous Sechrist, a former star at Fair Grove High School, performed as a freshman for the Panthers two years ago.

Yow and assistant coach Frank Hassell have been stressing defense in workouts, knowing that the graduation of Sewell is bound to leave the team with some offensive shortcomings. The Panther staff are working very hard to develop a superior defensive club.

Coach Yow says, "We will be going after that ball all the time this year."

Lettermen in addition to Sechrist who are back include guards Jack Short, Gene Buchanan, and Zane Daniel, centers Wolfy Unger and Larry Nolan and forwards Joe Guzinski and Tommy Skidmore.

Yow plans to go with his double post offense again this year, but the Panthers will be ready to make offensive switches if the need arises. The probable starting line-up, as of this date, would have Sechrist and Short in the back court, Unger and Nolan in the pivot positions and Guzinski in a corner slot.

The first game of the season is to be at Guilford College December 1 and the Panthers will open their home season at Alumni Gymnasium December 1, meeting Belmont Abbey's Crusaders in a non-conference contest.

TOWER PLAYERS TO
PRESENT GREAT PLAY

High Point College—Friday and Saturday evenings, November 18 and 19, are two dates you as alumni of High Point College will want to circle as important. On these two evenings, The Tower Players, campus dramatic group, will present productions of John Patrick's TEAHOUSE OF THE AUGUST MOON. This play has already taken its well deserved place among the greats of all times, even though its premiere performance was only some seven years ago. Teahouse is one of those light, humorous type of plays that has a terrific amount of good, common sense appropriately woven into the plot.

The characters are unforgettable in the portrayal of Sakini, the native oriental who provides much of the comedy in the play; Capt. Fisby, the Army captain who turns native and in a very interesting manner shows the natives of Okinawa "American get-up-and-go"; Col. Purdy, the area commander, who, along with Sakini, provides many a laugh for the audience; and Miss Higa Jiga, who heads the Women's League for Democratic Action in the village Tobigi. These along with the many other colorful characters will be portrayed in the campus production by an all-student cast.

TEAHOUSE OF THE AUGUST MOON has won many theatrical awards, included among which are: The Pulitzer Prize, N. Y. Drama Critics' Award, The Theatre Club Award and many others.

For an evening that you will not easily forget, make your plans now to attend the High Point College production of TEAHOUSE OF THE AUGUST MOON on either Friday, November 18 or Saturday, November 19. Advance tickets may be obtained by contacting or writing to the Drama Department at the College.

GENE COLTRANE

(A reprint of an editorial by Editor Holt McPherson appearing in The High Point Enterprise the day after the death of Dr. Coltrane.)

A tireless supporter of the cause of education was E. J. Coltrane. In a half century of active devotion to school administration, in which he never forgot or forsook the role of individual teaching, he wrote his name high in cause of improved schools.

Native of a Randolph which has produced many quality educators, Dr. Coltrane held three school superintendencies before punctuating that with two years as a field representative of the National Committee of Education by Radio.

It was following that, in the depression years, that he accepted a call to the presidency of Brevard College.

No man could have worked harder than did Dr. Coltrane in developing that institution, winning for it accreditation and stature. He so poured himself and his substance into the institution that others were inspired to come to its support and the school, under his leadership, flourished. He relinquished that helm in 1950.

For the next few years he devoted his energy and enthusiasm to the upbuilding of High Point College, but impositions he had placed upon that wiry frame necessitated his going into retirement about three years ago. He had lived with his family at Jamestown, maintaining to the end that fierce interest in public matters and education which characterized an active life.

Few men are privileged to serve with the selflessness which characterized Gene Coltrane's career. Schools were his life; he wanted nothing more than to make them consistently better.

For you we'll always fight,
We want the right
To uphold the standards high;
To give the best we have to thee
Memories of you we will cherish

We sing these words often, but do we realize what the words say?

Alumni, students, faculty and friends of High Point College have the highest praise for the leadership of President Wendell M. Patton and believe that High Point College has a great future under his administration.

We are challenged "to uphold the standards high and give the best we have to H.P.C." It is the opinion of many Alumni that we should do more for our College and they are asking—what can we do to help H.P.C. "attain the fame that to it is due?"

There are many areas in which more Alumni participation would be most helpful—

Knowing and supporting the over-all program of the College.

Attending events on the campus whenever possible.

Serving on committees whenever the opportunity arises.

Recruiting good students from our local communities because we know more about the type of student H.P.C. should have than anyone else.

Contributing to our Alumni funds. If, in 1961, we all contribute something, however small, we would render our college a great service.

Many foundations and corporations determine how much they will give a College by the per cent of its alumni that support the College. Each foundation has its own formula but each uses Alumni participation as a key factor.

Your Alumni Association asks that each and every alumnus consider this challenge. The need is great and the cause is most worthy.

WHICKER HEADS GUIDANCE AND COUNSELING DEPARTMENT

This year marks the first year that High Point College has had a separate counseling department. Grady Whicker has returned to the College, after two years of study at the University of North Carolina, to head this department.

The first step in counseling is to understand and know the student in general; his likes and dislikes along with his areas of strength and weakness. All freshman and transfer students were given a battery of tests during the week of orientation. The general purpose of these tests was to get information about the student which would enable the guidance department to be of the most help to him.

This year four tests were given. The tests include: (1) The California Study Methods Survey, which measures organization and planning, mechanics of study and the attitude toward academic endeavor, (2) the California Personal Inventory, which checks social and personal adjustment, (3) The Kuder Preference Record, which shows interests, (4) The American Council on Education Psychological Examination, which reveals general abilities.

After the assembling of the information is completed, Whicker plans to give each person an evaluation of his or her abilities and interests. He hopes that this information will aid the student. However, Whicker made clear that no one test indicates what a person can or cannot do. A test is only an indication of what a person does on that particular test, at that particular time, and under those particular conditions.

FACULTY-STUDENT TEA

The faculty and student body of the College held a tea on Friday afternoon, November 18, from 3:30 to 5:00. This was the first afternoon social event of this type to be held on the campus during the 1960-1961 school year where the faculty and students met on a non-classroom basis. Mrs. James T. Warren, social director for the College, was in charge of the tea.

The Department of Fine Arts provided entertainment for the event with a string quartet. Playing in the ensemble were William Barnes, violin; Alice McIlvaine, violin; Dr. Lew Lewis, viola; and George Beam, double bass. The quartet played from 4:00 to 4:30.

MISS H. P. C. 1961

The annual Miss High Point College pageant was held Tuesday, December 6. The first event was a parade through downtown High Point and this was followed by a tea and dinner for the final contestants, the judges, Miss North Carolina, and Miss High Point College 1960.

The pageant opened at 8:00 p.m. with Frank Smith acting as Master of Ceremonies. The gen-

eral presentation of the contestants was followed by the talent portion of the pageant. Later the contestants were presented in evening dresses.
